SENATE FLOOR AMENDMENTS

AMENDMENT 1 MARCH 2, 2004 4:44 PM

Senator **John L. Valentine** proposes the following amendments:

1. *Page 4, Lines 89 through 93:*

89 (c) The division shall provide a disclosure to a person who registers a contact point
90 under this section that reads: " **No solution is completely secure. The most effective way to protect**
children on the Internet is to supervise use and review all email messages and other
correspondence. Under law, theft of a contact point from the Child Protection
91 Registry is a Class B Felony. While every attempt will be made to secure the Child Protection
92 Registry, registrants and their guardians should be aware that their contact points may **be at a**
greater risk of
93 being misappropriated by marketers who choose to disobey the law."
