It is the intent of the Legislature that any unexpended Ground water Permit Administration fees are nonlapsing and authorized for use in the Groundwater Permit Administration Program in the following fiscal year to reduce the fees charged.

It is the intent of the Legislature that funds appropriated for the purpose of addressing high level nuclear waste be nonlapsing.

The motion includes the Federal Funds schedule and the fee schedule found in Attachment One to these minutes. The motion passed unanimously with Rep. Cox absent for the vote.

Department of Transportation

MOTION: Sen. Waddoups moved to adopt the FY 2006 budget for the Department of Transportation operating budgets at \$537,606,900 including the following intent language:

It is the intent of the Legislature that funds appropriated from the Federal Mineral Lease Account shall be used for improvement or reconstruction of highways that have been heavily impacted by energy development. It is also the intent of the Legislature that private industries engaged in developing the State's natural resources be encouraged to participate in the construction of highways leading to their facilities. The funds appropriated for improvement or reconstruction of energy impacted highways are nonlapsing.

It is the intent of the Legislature that funds appropriated from the Transportation Fund for pedestrian safety projects be used specifically to correct pedestrian hazards on State highways. It is also the intent of the Legislature that local authorities be encouraged to participate in the construction of pedestrian safety devices. The appropriated funds are to be used according to the criteria set forth in Section 72-8-104, Utah Code Annotated, 1953. The funds appropriated for sidewalk construction shall not lapse. If local governments cannot use their allocation of Sidewalk Safety Funds in two years, these funds will be available for other governmental entities which are prepared to use the resources. It is the intent of the Legislature that local participation in the Sidewalk Construction Program be on a 75% state and 25% local match basis.

It is the intent of the Legislature that any and all collections or cash income from the sale or salvage of land and buildings are to be lapsed to the Transportation Fund.

The motion also included the recommendation that previously included intent language concerning Engineering Services be put in a letter from the committee chairs to DOT. The motion includes the Centennial Highway Fund Projects Feb 05 Status sheet including the previously approved \$95,000,000 and excluding a provision for possible litigation. The motion also includes the schedule of fees found in Attachment Two to these minutes. The motion passed unanimously with Rep. Cox absent for the vote.

John Njord, Executive Director of the Department of Transportation, explained the efforts of the DOT to make sure that the funds appropriated by the Federal Government for the 2002 Olympics remain in the state since much of the work done for the Olympics was actually done with state funds. In order to use the allocated Federal funds they have to be applied to the Centennial Highway Fund Program. An equal share of state resources can then be taken from the CHF and applied to STIP projects throughout the state. The Department of Transportation recommends the Legislature approve a transfer of \$12,162,400 from CHF to State Construction.

MOTION: Rep. Hardy moved that the committee authorize the DOT to transfer funds from CHF to State Construction as explained. The motion passed unanimously with Rep. Cox absent for the vote.

Chuck Larsen, Deputy Director of the Department of Transportation, answered questions as to how the Governor's recommendation for market adjustment in salaries affects their department.

MOTION: Sen. Jenkins moved to accept the Supplemental FTE Transfers for FY 2005 and 2006. The motion passed unanimously with Rep. Cox absent for the vote.

MOTION: Sen. Waddoups moved to accept the recommendation of the Capital Facilities Committee concerning the Vernal maintenance shed for \$1,457,000 from the Transportation Fund. The motion passed unanimously with Rep. Cox absent for the vote.

Michael Packard, private citizen, addressed the subject of the letter which the committee plans to send requesting a performance audit of the Utah Transit Authority. He expressed concern as to the reasonability of spending \$16 billion dollars for a .5% decrease in highway travel. He suggested new technologies may result in more efficient use of cars and highways. He pointed out potential savings to be made by eliminating empty buses.

Chuck Chappel, Executive Director Wasatch Front Regional Council, pointed out that the

percent of travel on public transit during peak travel periods is 5 to 10% as compared to 1 to 2% of the overall miles traveled. He also reminded that some inefficiencies in public transit occur because of Federal mandates.

MOTION: Sen. Jenkins moved to send a committee letter requesting an audit of the Utah Transit Authority. The motion passed unanimously with Rep. Cox absent for the vote.

Dianne Nielsen, Executive Director of the Department of Environmental Quality, addressed the need of appropriating \$2,000,000 to combat high level nuclear waste storage in Utah and committed that those funds would only be used for the stated purpose and would be given back if not used.

MOTION: Rep. Kiser moved to include the following intent language with the Maintenance Management and Construction Management budgets: The motion passed unanimously with Rep. Cox absent for the vote.

It is the intent of the Legislature that there is appropriated to the Department of Transportation from the Transportation Fund, not otherwise appropriated, a sum sufficient, but not more than the surplus of the Transportation Fund, to be used by the Department for the construction, rehabilitation, and preservation of State highways in Utah.

It is the intent of the Legislature that the appropriation fund first, a maximum participation with the federal government for the construction of federally designated highways, as provided by law; next the rehabilitation and preservation of State highways, as provided by law, and last, the construction of State highways, as funding permits.

It is also the intent of the Legislature that the FTEs for field crews may be adjusted to accommodate the increase or decrease in the Federal Construction Program. No portion of the money appropriated by this item shall be used either directly or indirectly to enhance or increase the appropriations otherwise made by this act to the Department of Transportation for other purposes.

MOTION: Sen. Waddoups moved to adjourn the meeting. The motion passed unanimously.

Rep. Ure adjourned the meeting at 4:22 p.m.
