

VEHICLE TO PULL OFF HIGHWAY

2008 GENERAL SESSION

STATE OF UTAH

Chief Sponsor: Fred R. Hunsaker

Senate Sponsor: Dan R. Eastman

LONG TITLE

General Description:

This bill modifies the Motor Vehicle Code by establishing vehicle operator passing requirements and responsibilities on certain highways.

Highlighted Provisions:

This bill:

► requires an operator of a vehicle causing a line of five or more vehicles behind the operator's vehicle to:

- turn off the highway where a safe turn-out exists; and
- permit the following vehicles to pass;

► provides that the operator of a commercial vehicle is exempt from the requirement to turn off the roadway and permit the vehicles following behind the operator's vehicle to pass; and

► makes technical changes.

Monies Appropriated in this Bill:

None

Other Special Clauses:

None

Be it enacted by the Legislature of the state of Utah:

Section 1. Section **41-6a-704** is amended to read:

41-6a-704. Overtaking and passing vehicles proceeding in same direction.

(1) As used in this section "slow moving vehicle" means a vehicle that is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

~~[(1)]~~ (2) On any highway:

(a) the operator of a vehicle overtaking another vehicle proceeding in the same direction shall:

(i) except as provided under Section 41-6a-705, promptly pass the overtaken vehicle on the left at a safe distance; and

(ii) enter a right-hand lane or the right side of the roadway only when safely clear of the overtaken vehicle; and

(b) the operator of an overtaken vehicle:

(i) shall give way to the right in favor of the overtaking vehicle; and

(ii) may not increase the speed of the vehicle until completely passed by the overtaking vehicle.

(3) (a) Except as provided in Subsection (3)(b), on a highway with one lane in each direction, the operator of a slow moving vehicle that is causing a line of five or more vehicles to form directly behind the operator's slow moving vehicle shall:

(i) turn off the roadway wherever sufficient area for a safe turn-out exists; and

(ii) permit the vehicles following behind the operator's slow moving vehicle to pass before proceeding.

(b) The operator of a commercial vehicle as defined in Section 72-9-102 is exempt from the requirement under Subsection (3)(a) to turn off the roadway and permit the vehicles following behind the operator's vehicle to pass.

~~[(2)]~~ (4) On a highway having more than one lane in the same direction, the operator of a vehicle traveling in the left general purpose lane:

(a) shall, upon being overtaken by another vehicle in the same lane, yield to the overtaking vehicle by moving safely to a lane to the right; and

(b) may not impede the movement or free flow of traffic in the left general purpose

59 lane.

60 ~~[(3)]~~ (5) An operator of a vehicle traveling in the left general purpose lane that has a
61 vehicle following directly behind the operator's vehicle at a distance so that less than two
62 seconds elapse before reaching the location of the operator's vehicle when space is available for
63 the operator to yield to the overtaking vehicle by traveling in the right-hand lane is prima facie
64 evidence that the operator is violating Subsection ~~[(2)]~~ (4).

65 ~~[(4)]~~ (6) The provisions of Subsection ~~[(2)]~~ (4) do not apply to an operator of a vehicle
66 traveling in the left general purpose lane when:

67 (a) overtaking and passing another vehicle proceeding in the same direction in
68 accordance with Subsection ~~[(1)]~~ (2)(a);

69 (b) preparing to turn left or taking a different highway or an exit on the left;

70 (c) responding to emergency conditions;

71 (d) avoiding actual or potential traffic moving onto the highway from an acceleration
72 or merging lane; or

73 (e) following the direction of a traffic-control device that directs the use of a designated
74 lane.
