47 credits while qualifying to take advanced placement examinations for college credit.

48 (2) The delivery system and curriculum program shall be designed and implemented to  
49 take full advantage of the most current available educational technology.

50 (3) The State Board of Regents shall adopt rules to ensure the following:

51 (a) early high school graduates who are academically prepared and meet college  
52 admission requirements may be enrolled in one of the state's institutions of higher education;

54 placement programs by college or university faculty or public school educators under the  
55 following conditions:

56 (i) to ensure that students are prepared for college level work, an appropriate  
57 assessment is given:
