(b) the person submitting the information has a greater interest in prohibiting access than the public in obtaining access; and

(c) the person submitting the information has provided the governmental entity with the information

specified in Section 63G-2-309;

(4) records the disclosure of which could cause commercial injury to, or confer a competitive advantage upon a potential or actual competitor of, a commercial project entity as defined in Subsection 11-13-103(4);

(5) test questions and answers to be used in future license, certification, registration, employment, or academic examinations;

(6) records the disclosure of which would impair governmental procurement proceedings or give an unfair advantage to any person proposing to enter into a contract or agreement with a governmental entity, except, subject to Subsections (1) and (2), that this Subsection (6) does not restrict the right of a person to have access to, once the contract or grant has been awarded, a bid, proposal, or application submitted to or by a governmental entity in response to:

(c) in the case of records that would identify property, potential sellers of the described property have already learned of the governmental entity's plans to acquire the property;

(b) when prepared by or on behalf of a governmental entity, appraisals or estimates of the value of the subject property have already been disclosed to persons not employed by or under a duty of confidentiality to

the entity;

(9) records created or maintained for civil, criminal, or administrative enforcement purposes or audit purposes, or for discipline, licensing, certification, or registration purposes, if release of the records:
