145 (iii) a list of the factors that will be considered by the political subdivision in the award

170 **63A-5-208. Definitions -- Certain public construction bids to list subcontractors --**
171 **Changing subcontractors -- Bidders as subcontractors -- Dispute resolution process --**
172 **Penalties.**

173 (1) As used in this section:

174 (a) "First-tier subcontractor" means a subcontractor who contracts directly with the
175 prime contractor.

176 (b) "Subcontractor" means any person or entity under contract with a contractor or
177 another subcontractor to provide services or labor for the construction, installation, or repair of
178 an improvement to real property.

179 (c) "Subcontractor" includes a trade contractor or specialty contractor.

180 (d) "Subcontractor" does not include suppliers who provide only materials, equipment,
181 or supplies to a contractor or subcontractor.

182 (2) The director shall apply the provisions of this section to achieve fair and

183 competitive bidding and to discourage bid-shopping by contractors.

184 (3) (a) (i) (A) On each public construction project, the director shall require the
185 apparent lowest three bidders to submit a list of their first-tier subcontractors indicating each
186 subcontractor's name, bid amount, and other information required by rule.

187 (B) Other bidders who are not one of the apparent lowest three bidders may also
188 submit a list of their first-tier subcontractors containing the information required by this
189 Subsection (3).

190 (C) The director may not consider any bid submitted by a bidder if the bidder fails to
191 submit a subcontractor list meeting the requirements of this section.

192 (ii) On projects where the contractor's total bid is less than \$500,000, subcontractors
193 whose bid is less than \$20,000 need not be listed.

194 (iii) On projects where the contractor's total bid is \$500,000 or more, subcontractors
195 whose bid is less than \$35,000 need not be listed.

196 (b) (i) The bidders shall submit this list within 24 hours after the bid opening time, not
197 including Saturdays, Sundays, and state holidays.

198 (ii) This list does not limit the director's right to authorize a change in the listing of any
199 subcontractor.

200 (c) The bidders shall verify that all subcontractors listed as part of their bids are
201 licensed as required by state law.

202 (d) Twenty-four hours after the bid opening, the contractor may change the contractor's
203 subcontractors only after:

204 (i) receiving permission from the director; and

205 (ii) establishing that:

206 (A) the change is in the best interest of the state; and

207 (B) the contractor establishes reasons for the change that meet the standards established
208 by the State Building Board.

209 (e) If the director approves any changes in subcontractors that result in a net lower
210 contract price for subcontracted work, the total of the prime contract may be reduced to reflect
211 the changes.

212 (4) (a) A bidder may list himself as a subcontractor when the bidder is currently
213 licensed to perform the portion of the work for which the bidder lists himself as a subcontractor

214 and:

215 (i) the bidder intends to perform the work of a subcontractor himself; or

216 (ii) the bidder intends to obtain a subcontractor to perform the work at a later date

217 because the bidder was unable to:

218 (A) obtain a bid from a qualified subcontractor; or

219 (B) obtain a bid from a qualified subcontractor at a cost that the bidder considers to be
220 reasonable.

221 (b) (i) When the bidder intends to perform the work of a subcontractor himself, the
222 director may, by written request, require that the bidder provide the director with information
223 indicating the bidder's:

224 (A) previous experience in the type of work to be performed; and

225 (B) qualifications for performing the work.

226 (ii) The bidder must respond in writing within five business days of receiving the
227 director's written request.

228 (iii) If the bidder's submitted information causes the director to reasonably believe that
229 self-performance of the portion of the work by the bidder is likely to yield a substandard
230 finished product, the director shall:

231 (A) require the bidder to use a subcontractor for the portion of the work in question and
232 obtain the subcontractor bid under the supervision of the director; or

233 (B) reject the bidder's bid.

234 (c) (i) When the bidder intends to obtain a subcontractor to perform the work at a later
235 date, the bidder shall provide documentation with the subcontractor list describing:

236 (A) the bidder's efforts to obtain a bid of a qualified subcontractor at a reasonable cost;

237 and

238 (B) why the bidder was unable to obtain a qualified subcontractor bid.

239 (ii) If the bidder who intends to obtain a subcontractor to perform the work at a later
240 date is awarded a contract, the director shall supervise the bidder's efforts to obtain a qualified
241 subcontractor bid.

242 (iii) The director may not adjust the amount of the contract awarded in order to reflect
243 the actual amount of the subcontractor's bid.

244 (5) The division may not disclose any subcontractor bid amounts obtained under this

245 section until the division has awarded the project to a contractor.

246 (6) (a) The director shall, in consultation with the State Building Board, prepare draft
247 rules establishing a process for resolving disputes involved with contracts under the division's
248 procurement authority.

249 (b) The draft rules shall be presented to the Government Operations Interim Committee
250 for review, comment, and recommendations before August 31, 2004.

251 (c) The director shall consider, and the rules may include:

252 (i) requirements regarding preliminary resolution efforts between the parties directly
253 involved with the dispute;

254 (ii) requirements for the filing of claims, including notification, timeframes, and
255 documentation;

256 (iii) identification of the types of costs eligible for allocation and a method for
257 allocating costs among the parties to the dispute;

258 (iv) required time periods, not to exceed 60 days, for the resolution of the claim;

259 (v) provision for an independent hearing officer, panel, or arbitrator to extend the time
260 period for resolution of the claim by not to exceed 60 additional days for good cause;

261 (vi) provision for the extension of required time periods if the claimant agrees;

262 (vii) requirements that decisions be issued in writing;

263 (viii) provisions for administrative appeals of the decision;

264 (ix) provisions for the timely payment of claims after resolution of the dispute,
265 including any appeals;

266 (x) a requirement that the final determination resulting from the dispute resolution
267 process provided for in the rules is a final agency action subject to judicial review as provided
268 in Sections 63G-4-401 and 63G-4-402;

269 (xi) a requirement that a claim or dispute that does not include a monetary claim
270 against the division or its agents is not limited to the dispute resolution process provided for in
271 this Subsection (6);

272 (xii) requirements for claims and disputes to be eligible for this dispute resolution
273 process;

274 (xiii) the use of an independent hearing officer, panel, arbitration, or mediation; and

275 (xiv) the circumstances under which a subcontractor may file a claim directly with the

276 division.

277 (d) Persons pursuing claims under the process required by this Subsection (6):

278 (i) are bound by the decision reached under this process unless the decision is properly
279 appealed; and

280 (ii) may not pursue claims or disputes under the dispute resolution process established
281 in [~~Sections 63G-6-805 through 63G-6-814~~] Title 63G, Chapter 6, Part 8, Legal and
282 Contractual Remedies.

283 (7) In addition to all other reasons allowed by law or rule, the director may reject all
284 bids if none of the bidders whose bid is within the budget of the project submit a subcontractor
285 list that meets the requirements of this section.

286 (8) Any violation of this section, or any fraudulent misrepresentation by a contractor,
287 subcontractor, or supplier, may be grounds for:

288 (a) the contractor, subcontractor, or supplier to be suspended or debarred by the
289 director; or

290 (b) the contractor or subcontractor to be disciplined by the Division of Professional and
