ENACTS:

53A-17a-135.1, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section **11-13-302** is amended to read:

11-13-302. Payment of fee in lieu of ad valorem property tax by certain energy suppliers -- Method of calculating -- Collection -- Extent of tax lien.

(1) (a) Each project entity created under this chapter that owns a project and that sells any capacity, service, or other benefit from it to an energy supplier or suppliers whose tangible property is not exempted by Utah Constitution Article XIII, Section 3, from the payment of ad valorem property tax, shall pay an annual fee in lieu of ad valorem property tax as provided in this section to each taxing jurisdiction within which the project or any part of it is located.

(b) For purposes of this section, "annual fee" means the annual fee described in Subsection (1)(a) that is in lieu of ad valorem property tax.

(c) The requirement to pay an annual fee shall commence:

(i) with respect to each taxing jurisdiction that is a candidate receiving the benefit of impact alleviation payments under contracts or determination orders provided for in Sections 11-13-305 and 11-13-306, with the fiscal year of the candidate following the fiscal year of the

SB0097S01 compared with SB0097

candidate in which the date of commercial operation of the last generating unit, other than any generating unit providing additional project capacity, of the project occurs, or, in the case of any facilities providing additional project capacity, with the fiscal year of the candidate following the fiscal year of the candidate in which the date of commercial operation of the generating unit providing the additional project capacity occurs; and

(ii) with respect to any taxing jurisdiction other than a taxing jurisdiction described in Subsection (1)(c)(i), with the fiscal year of the taxing jurisdiction in which construction of the project commences, or, in the case of facilities providing additional project capacity, with the fiscal year of the taxing jurisdiction in which construction of those facilities commences.

(d) The requirement to pay an annual fee shall continue for the period of the useful life of the project or facilities.

(2) (a) The annual fees due a school district shall be as provided in Subsection (2)(b) because the ad valorem property tax imposed by a school district and authorized by the Legislature represents both:

(i) a levy mandated by the state for the state minimum school program under Section 53A-17a-135; and

(ii) local levies for capital outlay and other purposes under Sections 53A-16-113, 53A-17a-133, and 53A-17a-164.

(b) The annual fees due a school district shall be as follows:

(i) the project entity shall pay to the school district an annual fee for the state minimum school program at the rate imposed by the school district and authorized by the Legislature under [Subsection] Section 53A-17a-135[~~(+)~~]; and

(ii) for all other local property tax levies authorized to be imposed by a school district, the project entity shall pay to the school district either:

(A) an annual fee; or

(B) impact alleviation payments under contracts or determination orders provided for in Sections 11-13-305 and 11-13-306.

(3) (a) An annual fee due a taxing jurisdiction for a particular year shall be calculated by multiplying the tax rate or rates of the jurisdiction for that year by the product obtained by multiplying the fee base or value determined in accordance with Subsection (4) for that year of the portion of the project located within the jurisdiction by the percentage of the project which

SB0097S01 compared with SB0097

is used to produce the capacity, service, or other benefit sold to the energy supplier or suppliers.

(b) As used in this section, "tax rate," when applied in respect to a school district, includes any assessment to be made by the school district under Subsection (2) or Section 63M-5-302.

(c) There is to be credited against the annual fee due a taxing jurisdiction for each year, an amount equal to the debt service, if any, payable in that year by the project entity on bonds, the proceeds of which were used to provide public facilities and services for impact alleviation in the taxing jurisdiction in accordance with Sections 11-13-305 and 11-13-306.

(d) The tax rate for the taxing jurisdiction for that year shall be computed so as to:

(i) take into account the fee base or value of the percentage of the project located within the taxing jurisdiction determined in accordance with Subsection (4) used to produce the capacity, service, or other benefit sold to the supplier or suppliers; and

(ii) reflect any credit to be given in that year.

(4) (a) Except as otherwise provided in this section, the annual fees required by this section shall be paid, collected, and distributed to the taxing jurisdiction as if:

(i) the annual fees were ad valorem property taxes; and

(ii) the project were assessed at the same rate and upon the same measure of value as taxable property in the state.

(b) (i) Notwithstanding Subsection (4)(a), for purposes of an annual fee required by this section, the fee base of a project may be determined in accordance with an agreement among:

(A) the project entity; and

(B) any county that:

(I) is due an annual fee from the project entity; and

(II) agrees to have the fee base of the project determined in accordance with the agreement described in this Subsection (4).

(ii) The agreement described in Subsection (4)(b)(i):

(A) shall specify each year for which the fee base determined by the agreement shall be used for purposes of an annual fee; and

(B) may not modify any provision of this chapter except the method by which the fee base of a project is determined for purposes of an annual fee.

SB0097S01 compared with SB0097

(iii) For purposes of an annual fee imposed by a taxing jurisdiction within a county described in Subsection (4)(b)(i)(B), the fee base determined by the agreement described in Subsection (4)(b)(i) shall be used for purposes of an annual fee imposed by that taxing jurisdiction.

(iv) (A) If there is not agreement as to the fee base of a portion of a project for any year, for purposes of an annual fee, the State Tax Commission shall determine the value of that portion of the project for which there is not an agreement:

(I) for that year; and

(II) using the same measure of value as is used for taxable property in the state.

(B) The valuation required by Subsection (4)(b)(iv)(A) shall be made by the State Tax Commission in accordance with rules made by the State Tax Commission.

(c) Payments of the annual fees shall be made from:

(i) the proceeds of bonds issued for the project; and

(ii) revenues derived by the project entity from the project.

(d) (i) The contracts of the project entity with the purchasers of the capacity, service, or other benefits of the project whose tangible property is not exempted by Utah Constitution Article XIII, Section 3, from the payment of ad valorem property tax shall require each purchaser, whether or not located in the state, to pay, to the extent not otherwise provided for, its share, determined in accordance with the terms of the contract, of these fees.

(ii) It is the responsibility of the project entity to enforce the obligations of the purchasers.

(5) (a) The responsibility of the project entity to make payment of the annual fees is limited to the extent that there is legally available to the project entity, from bond proceeds or revenues, money to make these payments, and the obligation to make payments of the annual fees is not otherwise a general obligation or liability of the project entity.

(b) No tax lien may attach upon any property or money of the project entity by virtue of any failure to pay all or any part of an annual fee.

(c) The project entity or any purchaser may contest the validity of an annual fee to the same extent as if the payment was a payment of the ad valorem property tax itself.

(d) The payments of an annual fee shall be reduced to the extent that any contest is successful.

SB0097S01 compared with SB0097

(6) (a) The annual fee described in Subsection (1):

(i) shall be paid by a public agency that:

(A) is not a project entity; and

(B) owns an interest in a facility providing additional project capacity if the interest is otherwise exempt from taxation pursuant to Utah Constitution, Article XIII, Section 3; and

(ii) for a public agency described in Subsection (6)(a)(i), shall be calculated in accordance with Subsection (6)(b).

(b) The annual fee required under Subsection (6)(a) shall be an amount equal to the tax rate or rates of the applicable taxing jurisdiction multiplied by the product of the following:

(i) the fee base or value of the facility providing additional project capacity located within the jurisdiction;

(ii) the percentage of the ownership interest of the public agency in the facility; and

(iii) the portion, expressed as a percentage, of the public agency's ownership interest that is attributable to the capacity, service, or other benefit from the facility that is sold by the public agency to an energy supplier or suppliers whose tangible property is not exempted by Utah Constitution, Article XIII, Section 3, from the payment of ad valorem property tax.

(c) A public agency paying the annual fee pursuant to Subsection (6)(a) shall have the obligations, credits, rights, and protections set forth in Subsections (1) through (5) with respect to its ownership interest as though it were a project entity.

Section 3. Section 53A-17a-133 is amended to read:

53A-17a-133. State-supported voted local levy authorized -- Election requirements -- State guarantee -- Reconsideration of the program.

(1) As used in this section, "voted and board local levy funding balance" means the

SB0097S01 compared with SB0097

difference between:

(a) the amount appropriated for the voted and board local levy program in a fiscal year;
and

(b) the amount necessary to provide the state guarantee per weighted pupil unit as determined under this section and Section 53A-17a-164 in the same fiscal year.

(2) An election to consider adoption or modification of a voted local levy is required if initiative petitions signed by 10% of the number of electors who voted at the last preceding general election are presented to the local school board or by action of the board.

(3) (a) (i) To impose a voted local levy, a majority of the electors of a district voting at an election in the manner set forth in Subsections (9) and (10) must vote in favor of a special tax.

(ii) The tax rate may not exceed .002 per dollar of taxable value.

(b) Except as provided in Subsection (3)(c), in order to receive state support the first year, a district must receive voter approval no later than December 1 of the year prior to implementation.

(c) Beginning on or after January 1, 2012, a school district may receive state support in accordance with Subsection (4) without complying with the requirements of Subsection (3)(b) if the local school board imposed a tax in accordance with this section during the taxable year beginning on January 1, 2011 and ending on December 31, 2011.

(4) (a) In addition to the revenue a school district collects from the imposition of a levy pursuant to this section, the state shall contribute an amount sufficient to guarantee [~~\$27.36~~ \$33.27] per weighted pupil unit for each .0001 of the first .0016 per dollar of taxable value.

(b) The same dollar amount guarantee per weighted pupil unit for the .0016 per dollar of taxable value under Subsection (4)(a) shall apply to the portion of the board local levy authorized in Section 53A-17a-164, so that the guarantee shall apply up to a total of .002 per dollar of taxable value if a school district levies a tax rate under both programs.

(c) (i) Beginning July 1, [~~2014~~ 2015], the [~~\$27.36~~ \$33.27] guarantee under Subsections (4)(a) and (b) shall be indexed each year to the value of the weighted pupil unit for the grades 1 through 12 program by making the value of the guarantee equal to [~~.00963~~ .011194] times the value of the prior year's weighted pupil unit for the grades 1 through 12 program.

(ii) The guarantee shall increase by .0005 times the value of the prior year's weighted

SB0097S01 compared with SB0097

pupil unit for the grades 1 through 12 program for each succeeding year subject to the Legislature appropriating funds for an increase in the guarantee.

(d) (i) The amount of state guarantee money to which a school district would otherwise be entitled to receive under this Subsection (4) may not be reduced for the sole reason that the district's levy is reduced as a consequence of changes in the certified tax rate under Section 59-2-924 pursuant to changes in property valuation.

(ii) Subsection (4)(d)(i) applies for a period of five years following any such change in the certified tax rate.

(e) The guarantee provided under this section does not apply to the portion of a voted local levy rate that exceeds the voted local levy rate that was in effect for the previous fiscal year, unless an increase in the voted local levy rate was authorized in an election conducted on or after July 1 of the previous fiscal year and before December 2 of the previous fiscal year.

(f) (i) If a voted and board local levy funding balance exists for the prior fiscal year, the State Board of Education shall:

(A) use the voted and board local levy funding balance to increase the value of the state guarantee per weighted pupil unit described in Subsection (4)(c) in the current fiscal year; and

(B) distribute the state contribution to the voted and board local levy programs to school districts based on the increased value of the state guarantee per weighted pupil unit described in Subsection (4)(f)(i)(A).

(ii) The State Board of Education shall report action taken under this Subsection (4)(f) to the Office of the Legislative Fiscal Analyst and the Governor's Office of Planning and Budget.

(5) (a) An election to modify an existing voted local levy is not a reconsideration of the existing authority unless the proposition submitted to the electors expressly so states.

(b) A majority vote opposing a modification does not deprive the district of authority to continue the levy.

(c) If adoption of a voted local levy is contingent upon an offset reducing other local school board levies, the board must allow the electors, in an election, to consider modifying or discontinuing the imposition of the levy prior to a subsequent increase in other levies that would increase the total local school board levy.

(d) Nothing contained in this section terminates, without an election, the authority of a

SB0097S01 compared with SB0097

school district to continue imposing an existing voted local levy previously authorized by the voters as a voted leeway program.

(6) Notwithstanding Section 59-2-919, a school district may budget an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section in addition to revenue from new growth as defined in Subsection 59-2-924(4), without having to comply with the notice requirements of Section 59-2-919, if:

(a) the voted local levy is approved:

(i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(ii) within the four-year period immediately preceding the year in which the school district seeks to budget an increased amount of ad valorem property tax revenue derived from the voted local levy; and

(b) for a voted local levy approved or modified in accordance with this section on or after January 1, 2009, the school district complies with the requirements of Subsection (8).

(7) Notwithstanding Section 59-2-919, a school district may levy a tax rate under this section that exceeds the certified tax rate without having to comply with the notice requirements of Section 59-2-919 if:

(a) the levy exceeds the certified tax rate as the result of a school district budgeting an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section;

(b) the voted local levy was approved:

(i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(ii) within the four-year period immediately preceding the year in which the school district seeks to budget an increased amount of ad valorem property tax revenue derived from the voted local levy; and

(c) for a voted local levy approved or modified in accordance with this section on or after January 1, 2009, the school district complies with requirements of Subsection (8).

(8) For purposes of Subsection (6)(b) or (7)(c), the proposition submitted to the electors regarding the adoption or modification of a voted local levy shall contain the following statement:

"A vote in favor of this tax means that (name of the school district) may increase revenue from this property tax without advertising the increase for the next five years."

SB0097S01 compared with SB0097

(9) (a) Before imposing a property tax levy pursuant to this section, a school district shall submit an opinion question to the school district's registered voters voting on the imposition of the tax rate so that each registered voter has the opportunity to express the registered voter's opinion on whether the tax rate should be imposed.

(b) The election required by this Subsection (9) shall be held:

(i) at a regular general election conducted in accordance with the procedures and requirements of Title 20A, Election Code, governing regular elections;

(ii) at a municipal general election conducted in accordance with the procedures and requirements of Section 20A-1-202; or

(iii) at a local special election conducted in accordance with the procedures and requirements of Section 20A-1-203.

(c) Notwithstanding the requirements of Subsections (9)(a) and (b), beginning on or after January 1, 2012, a school district may levy a tax rate in accordance with this section without complying with the requirements of Subsections (9)(a) and (b) if the school district imposed a tax in accordance with this section at any time during the taxable year beginning on January 1, 2011, and ending on December 31, 2011.

(10) If a school district determines that a majority of the school district's registered voters voting on the imposition of the tax rate have voted in favor of the imposition of the tax rate in accordance with Subsection (9), the school district may impose the tax rate.
