*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

28 WHEREAS, the Utah Legislature finds that the first principle of education, and  
29 therefore of education policymaking, is that parents are the primary educators of their children  
30 and should have decision making authority over elementary and secondary education in the  
31 state of Utah to the greatest extent possible;

32 WHEREAS, the Utah Legislature trusts that educators in Utah are better equipped than  
33 politicians or bureaucrats in Washington, D.C., to determine academic content for their  
34 students and to ensure the success of each child enrolled in a Utah public school;

35 WHEREAS, the Tenth Amendment to the United States Constitution declares that  
36 "The powers not delegated to the United States by the Constitution, nor prohibited by it to the  
37 States, are reserved to the States respectively, or to the people";

38 WHEREAS, the Tenth Amendment defines the scope of federal power as being that  
39 specifically granted by the United States Constitution and no more;

40 WHEREAS, the Tenth Amendment unequivocally sets forth that we, the people of the  
41 United States of America, and each state in the Union, now have, and have always had, powers  
42 that the federal government may not usurp;

43 WHEREAS, nowhere in the United States Constitution is the federal government  
44 delegated the power to regulate or fund elementary or secondary education;

45 WHEREAS, because education is not an enumerated power delegated to the federal  
46 government by the United States Constitution, it is reserved to the states or to the people;

47 WHEREAS, a federal role in education is a violation of the original intent of the United  
48 States Constitution and the Tenth Amendment; and

49 WHEREAS, the Utah Legislature, which is directly accountable to the citizens of Utah,  
50 is the appropriate body to empower parents and educators to determine academic content, free  
51 from any pressure, constraints, or directives from the United States Department of Education:

52 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
53 Governor concurring therein, urges the United States Congress to end all current and prohibit  
54 any further interference by the United States Department of Education with state decisions  
55 regarding academic content, standards, or assessments and repeal and prohibit all compulsory  
56 federal legislation that interferes with the state of Utah's constitutional authority over  
57 educational standards and materials through civil threat, sanctions, criminal penalty, or loss of  
58 federal funding distributed by allocations or grants.

59 BE IT FURTHER RESOLVED that the Legislature and the Governor demand the  
60 repeal and prohibition of federal programs that incentivize states to adopt certain academic  
61 standards or that require states to pass specific education legislation in order to maintain, apply  
62 for, or receive federal funding and assert that it is the duty of the Legislature to exercise its  
63 constitutional authority to resist and overturn any interference relating to Utah's academic  
64 standards, assessments, and educational materials by the United States Department of  
65 Education or the United States Congress.

66 BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of  
67 the United States, the Majority Leader of the United States Senate, the Speaker of the United  
68 States House of Representatives, and the members of Utah's congressional delegation.
