127 reports of birth, death, fetal death, induced termination of pregnancy, marriage, divorce,  
128 dissolution of marriage, or annulment.

129 Section 2. Section 26-2-17 is amended to read:

130 **26-2-17. Certificate of death -- Registration prerequisite to interment --**

131 **Burial-transit permits -- Procedure where body donated under anatomical gift law --**

132 **Permit for disinterment.**

133 (1) (a) A dead body or dead fetus may not be interred or otherwise disposed of or  
134 removed from the registration district in which death or fetal death occurred or the remains are  
135 found until a certificate of death is registered.

136 (b) Subsection (1)(a) does not apply to fetal remains for a fetus that is less than 20  
137 weeks in gestational age.

138 (2) (a) For deaths or fetal deaths which occur in this state, no burial-transit permit is  
139 required for final disposition of the remains if:

140 [~~(a)~~] (i) disposition occurs in the state and is performed by a funeral service director; or

141 [~~(b)~~] (ii) the disposition takes place with authorization of the next of kin and in:

142 (A) a general acute hospital[;] as that term is defined in Section 26-21-2, that is  
143 licensed by the department[;]; or

144 (B) in a pathology laboratory operated under contract with a general acute hospital  
145 licensed by the department.

146 (b) For an abortion or miscarriage that occurs at a health care facility, no burial-transit  
147 permit is required for final disposition of the fetal remains if:

148 (i) disposition occurs in the state and is performed by a funeral service director; or

149 (ii) the disposition takes place:

150 (A) with authorization of the parent of a miscarried fetus or the pregnant woman for an  
151 aborted fetus; and

152 (B) in a general acute hospital as that term is defined in Section 26-21-2, or a pathology  
153 laboratory operated under contract with a general acute hospital.

154 (3) (a) A burial-transit permit shall be issued by the local registrar of the district where  
155 the certificate of death or fetal death is registered:

156 ~~[(a)]~~ (i) ~~for [dead bodies or fetuses]~~ a dead body or a dead fetus to be transported out of  
157 the state for final disposition; or

158 ~~[(b)]~~ (ii) when disposition of the dead body or dead fetus is made by a person other  
159 than a funeral service director.

160 (b) For fetal remains that are less than 20 weeks in gestational age, a burial-transit  
161 permit shall be issued by the local registrar of the district where the health care facility that is in  
162 possession of the fetal remains is located:

163 (i) for the fetal remains to be transported out of the state for final disposition; or

164 (ii) when disposition of the fetal remains is made by a person other than a funeral  
165 service director.

166 (c) A local registrar issuing a burial-transit permit issued under Subsection (3)(b):

167 (i) may not require an individual to designate a name for the fetal remains; and

168 (ii) may leave the space for a name on the burial-transit permit blank; and

169 (d) shall redact from any public records maintained under this chapter any information:

170 (i) that is submitted under Subsection (3)(c); and

171 (ii) that may be used to identify the parent or pregnant woman.

172 (4) A burial-transit permit issued under the law of another state which accompanies a  
173 dead body ~~[or]~~, dead fetus, or fetal remains brought into this state is authority for final  
174 disposition of the dead body ~~[or]~~, dead fetus, or fetal remains in this state.

175 (5) When a dead body or dead fetus or any part of the dead body or dead fetus has been  
176 donated under the Revised Uniform Anatomical Gift Act or similar laws of another state and  
177 the preservation of the gift requires the immediate transportation of the dead body, dead fetus,  
178 or any part of the body or fetus outside of the registration district in which death occurs or the  
179 remains are found, or into this state from another state, the dead body or dead fetus or any part  
180 of the body or fetus may be transported and the burial-transit permit required by this section

181 obtained within a reasonable time after transportation.

182 (6) A permit for disinterment and reinterment is required prior to disinterment of a  
183 dead body [ør], dead fetus, or fetal remains, except as otherwise provided by statute or  
184 department rule.

185 Section 3. Section **26-2-18** is amended to read:

186 **26-2-18. Interments -- Duties of sexton or person in charge -- Record of**  
187 **interments -- Information filed with local registrar.**

188 (1) (a) A sexton or person in charge of any premises in which interments are made may  
189 not inter or permit the interment of any dead body [ør], dead fetus, or fetal remains unless the  
190 interment is made by a funeral service director or by a person holding a burial-transit permit.

191 (b) The right and duty to control the disposition of a deceased person shall be governed  
192 by Sections [58-9-601](#) through [58-9-604](#).

193 (2) (a) The sexton or the person in charge of any premises where interments are made  
194 shall keep a record of all interments made in the premises under [his] their charge, stating the  
195 name of the decedent, place of death, date of burial, and name and address of the funeral  
196 service director or other person making the interment.

197 (b) The record described in this Subsection (2) shall be open to public inspection.

198 (c) A city or county clerk may, at the clerk's option, maintain the interment records  
199 described in this Subsection (2) on behalf of the sexton or person in charge of any premises in  
200 which interments are made.

201 (3) (a) Not later than the tenth day of each month, the sexton, person in charge of the  
202 premises, or city or county clerk who maintains the interment records shall send to the local  
203 registrar and the department a list of all interments made in the premises during the preceding  
204 month.

205 (b) The list described in Subsection (3)(a) shall be in the form prescribed by the state  
206 registrar.

207 Section 4. Section **26-21-33** is enacted to read:

208 **26-21-33. Treatment of aborted remains.**

209 (1) As used in this section, "aborted fetus" means a product of human conception,  
210 regardless of gestational age, that has died from an abortion as that term is defined in Section  
211 [76-7-301](#).

212 (2) (a) A health care facility having possession of an aborted fetus shall provide for the  
 213 final disposition of the aborted fetus through:

214 (i) cremation as that term is defined in Section 58-9-102; or

215 (ii) interment.

216 (b) Within 120 business days after the day on which an abortion is performed, a health  
 217 care facility possessing an aborted fetus shall:

218 (i) conduct the final disposition of the aborted fetus in accordance with this section; or

219 (ii) ensure that the aborted fetus is preserved until final disposition.

220 (c) A health care facility shall conduct the final disposition under this section in  
 221 accordance with applicable state and federal law.

222 (3) Before performing an abortion, a health care facility shall:

223 (a) provide the pregnant woman with the information described in Subsection  
 224 76-7-305(2)(d)(ix) through:

225 (i) a form approved by the department;

226 (ii) an in-person consultation with a physician; or

227 (iii) an in-person consultation with a mental health therapist as defined in Section  
 228 58-60-102; and

229 (b) document the pregnant woman's decision under Subsection (4)(b) in the pregnant  
 230 woman's medical record.

231 (4) A pregnant woman who has an abortion:

232 (a) except as provided in Subsection (6), has the right to control the final disposition of  
 233 the aborted fetus;

234 (b) ~~Ŝ~~→ **if the pregnant woman has a preference for disposition of the aborted fetus,** ←~~Ŝ~~  
 234a shall inform the health care facility of the pregnant woman's decision for final  
 235 disposition of the aborted fetus;

236 (c) is responsible for the costs related to the final disposition of the aborted fetus at the  
 237 chosen location if the pregnant woman chooses a method or location for the final disposition of  
 238 the aborted fetus that is different from the method or location that is usual and customary for  
 239 the health care facility; and

240 (d) for a medication-induced abortion, shall be permitted to return the aborted fetus to  
 241 the health care facility in a sealed container for disposition by the health care facility in  
 242 accordance with this section.

243 (5) The form described in Subsection (3)(a)(i) shall include the following information:  
244 "You have the right to decide what you would like to do with the aborted fetus. You  
245 may decide for the provider to be responsible for disposition of the fetus. If you are having a  
246 medication-induced abortion, you also have the right to bring the aborted fetus back to this  
247 provider for disposition after the fetus is expelled. The provider may dispose of the aborted  
248 fetus by burial or cremation. You can ask the provider if you want to know the specific method  
249 for disposition."

250 (6) If the pregnant woman is a minor, the health care facility shall obtain parental  
251 consent for the disposition of the aborted fetus unless the minor is granted a court order under  
252 Subsection 76-7-304(1)(b).

253 (7) (a) A health care facility may not include fetal remains with other biological,  
254 infectious, or pathological waste.

255 (b) Notwithstanding Subsection 58-9-610(4), an aborted fetus may be cremated by  
256 simultaneous cremation.

257 (c) Fetal tissue that is submitted to a pathology or genetic laboratory for the purpose of  
258 conducting an examination of the fetal tissue is not subject to the requirements of this section.

259 (d) (i) A health care facility is responsible for maintaining a record to demonstrate to  
260 the department that the health care facility has complied with the provisions of this section.

261 (ii) The records described in Subsection (7)(d)(i) shall be:

262 (A) maintained for at least two years; and

263 (B) made available to the department for inspection upon request by the department.

264 Section 5. Section **26-21-34** is enacted to read:

265 **26-21-34. Treatment of miscarried remains.**

266 (1) As used in this section, "miscarried fetus" means a product of human conception,  
267 regardless of gestational age, that has died from a spontaneous or accidental death before  
268 expulsion or extraction from the mother, regardless of the duration of the pregnancy.

269 (2) (a) A health care facility having possession of a miscarried fetus shall provide for  
270 the final disposition of the miscarried fetus through:

271 (i) cremation as that term is defined in Section 58-9-102; or

272 (ii) interment.

273 (b) Within 120 business days after the day on which a miscarriage occurs, a health care

274 facility possessing miscarried remains shall:

275 (i) conduct the final disposition of the miscarried remains in accordance with this

276 section; or

277 (ii) ensure that the miscarried remains are preserved until final disposition.

278 (c) A health care facility shall conduct the final disposition under this section in

279 accordance with applicable state and federal law.

280 (3) (a) No more than 24 hours after a woman has her miscarried fetus expelled or

281 extracted in a health care facility, the health care facility shall provide information to the parent

282 or parents of the miscarried fetus regarding:

283 (i) the parents' right to determine the final disposition of the miscarried fetus;

284 (ii) the available options for disposition of the miscarried fetus; and

285 (iii) counseling that may be available concerning the death of the miscarried fetus.

286 (b) A health care facility shall:

287 (i) provide the information described in Subsection (3)(a) through:

288 (A) a form approved by the department;

289 (B) an in-person consultation with a physician; or

290 (C) an in-person consultation with a mental health therapist as defined in Section

291 [58-60-102](#); and

292 (ii) document the parent's decision under Subsection (4)(b) in the parent's medical

293 record.

294 (4) The parents of a miscarried fetus:

295 (a) have the right to control the final disposition of the miscarried fetus;

296 (b) ~~§~~ **if the parents have a preference for disposition of the miscarried fetus,** ~~§~~ shall

296a inform the health care facility of the parents' decision for final disposition of

297 the miscarried fetus; and

298 (c) are responsible for the costs related to the final disposition of the miscarried fetus at

299 the chosen location if the parents choose a method or location for the final disposition of the

300 miscarried fetus that is different from the method or location that is usual and customary for the

301 health care facility.

302 (5) The form described in Subsection (3)(b)(i) shall include the following information:

303 "You have the right to decide what you would like to do with the miscarried fetus. You

304 may decide for the provider to be responsible for disposition of the fetus. The provider may

305 dispose of the miscarried fetus by burial or cremation. You can ask the provider if you want to  
306 know the specific method for disposition."

307 (6) (a) A health care facility may not include miscarried fetus with other biological,  
308 infectious, or pathological waste.

309 (b) Notwithstanding Subsection 58-9-610(4), a miscarried fetus may be cremated by  
310 simultaneous cremation.

311 (c) Fetal tissue that is submitted to a pathology or genetic laboratory for the purpose of  
312 conducting an examination of the fetal tissue is not subject to the requirements of this section.

313 (d) (i) A health care facility is responsible for maintaining a record to demonstrate to  
314 the department that the health care facility has complied with the provisions of this section.

315 (ii) The records described in Subsection (6)(d)(i) shall be:

316 (A) maintained for at least two years; and

317 (B) made available to the department for inspection upon request by the department.

318 Section 6. Section 58-9-607 is amended to read:

319 **58-9-607. Authorization to cremate -- Penalties for removal of items from human**  
320 **remains.**

321 (1) Except as otherwise provided in this section and Section 58-9-619, a funeral service  
322 establishment may not cremate human remains until it has received:

323 (a) a cremation authorization form signed by an authorizing agent;

324 (b) a completed and executed burial transit permit or similar document, as provided by  
325 state law, indicating that human remains are to be cremated; and

326 (c) any other documentation required by the state, county, or municipality.

327 (2) (a) The cremation authorization form shall contain, at a minimum, the following  
328 information:

329 (i) the identity of the human remains and the time and date of death, including a signed  
330 declaration of visual identification of the deceased or refusal to visually identify the deceased;

331 (ii) the name of the funeral director and funeral service establishment that obtained the  
332 cremation authorization;

333 (iii) notification as to whether the death occurred from a disease declared by the  
334 department of health to be infectious, contagious, communicable, or dangerous to the public  
335 health;

336 (iv) the name of the authorizing agent and the relationship between the authorizing  
337 agent and the decedent;

338 (v) a representation that the authorizing agent has the right to authorize the cremation  
339 of the decedent and that the authorizing agent is not aware of any living person with a superior  
340 or equal priority right to that of the authorizing agent, except that if there is another living  
341 person with a superior or equal priority right, the form shall contain a representation that the  
342 authorizing agent has:

343 (A) made reasonable efforts to contact that person;

344 (B) been unable to do so; and

345 (C) no reason to believe that the person would object to the cremation of the decedent;

346 (vi) authorization for the funeral service establishment to cremate the human remains;

347 (vii) a representation that the human remains do not contain a pacemaker or other  
348 material or implant that may be potentially hazardous or cause damage to the cremation  
349 chamber or the person performing the cremation;

350 (viii) the name of the person authorized to receive the cremated remains from the  
351 funeral service establishment;

352 (ix) the manner in which the final disposition of the cremated remains is to take place,  
353 if known;

354 (x) a listing of each item of value to be delivered to the funeral service establishment  
355 along with the human remains, and instructions as to how each item should be handled;

356 (xi) the signature of the authorizing agent, attesting to the accuracy of all  
357 representations contained on the authorization form;

358 (xii) if the cremation authorization form is being executed on a preneed basis, the form  
359 shall contain the disclosure required for preneed programs under this chapter; and

360 (xiii) except for a preneed cremation authorization, the signature of the funeral director  
361 of the funeral service establishment that obtained the cremation authorization.

362 (b) (i) The individual [~~referred to~~] described in Subsection (2)(a)(xiii) shall execute the  
363 funeral authorization form as a witness and is not responsible for any of the representations  
364 made by the authorizing agent.

365 (ii) The funeral director or the funeral service establishment shall warrant to the  
366 crematory that the human remains delivered to the funeral service establishment have been

367 positively identified as the decedent listed on the cremation authorization form by the  
368 authorizing agent or a designated representative of the authorizing agent.

369 (iii) The authorizing agent or the agent's designee may make the identification referred  
370 to in Subsection (2)(b)(ii) in person or by photograph.

371 (3) (a) [A] Except as provided in Section 58-9-619, a funeral service establishment  
372 may not accept unidentified human remains for cremation.

373 (b) If a funeral service establishment takes custody of a cremation container subsequent  
374 to the human remains being placed within the container, it can rely on the identification made  
375 before the remains were placed in the container.

376 (c) The funeral service establishment shall place appropriate identification on the  
377 exterior of the cremation container based on the prior identification.

378 (4) (a) A person who removes or possesses dental gold or silver, jewelry, or mementos  
379 from human remains:

380 (i) with purpose to deprive another over control of the property is guilty of an offense  
381 and subject to the punishments provided in Section 76-6-412;

382 (ii) with purpose to exercise unauthorized control and with intent to temporarily  
383 deprive another of control over the property is guilty of an offense and subject to the  
384 punishments provided in Section 76-6-404.5; and

385 (iii) under circumstances not amounting to Subsection (4)(a)(i) or (ii) and without  
386 specific written permission of the individual who has the right to control those remains is guilty  
387 of a class B misdemeanor.

388 (b) The fact that residue or any unavoidable dental gold or dental silver or other  
389 precious metals remain in a cremation chamber or other equipment or a container used in a  
390 prior cremation is not a violation of Subsection (4)(a).

391 Section 7. Section 58-9-619 is enacted to read:

392 **58-9-619. Exception for disposition of fetal remains.**

393 (1) As used in this section, "fetal remains" means the same as that term is defined in  
394 Section 26-2-2.

395 (2) Notwithstanding any other provision in this part, a funeral service establishment:

396 (a) is exempt from any requirement to name the miscarried fetus or the aborted fetus:

397 (i) for the purpose of identifying the fetal remains; or

398 (ii) for any record keeping requirements under this chapter; and  
399 (b) is not required to obtain a death certificate or fetal death certificate for the  
400 cremation or disposition of fetal remains that are less than 20 weeks in gestational age.

401 Section 8. Section **76-7-305** is amended to read:

402 **76-7-305. Informed consent requirements for abortion -- 72-hour wait mandatory**  
403 **-- Exceptions.**

404 (1) A person may not perform an abortion, unless, before performing the abortion, the  
405 physician who will perform the abortion obtains from the woman on whom the abortion is to  
406 be performed a voluntary and informed written consent that is consistent with:

407 (a) Section 8.08 of the American Medical Association's Code of Medical Ethics,  
408 Current Opinions; and

409 (b) the provisions of this section.

410 (2) Except as provided in Subsection (8), consent to an abortion is voluntary and  
411 informed only if, at least 72 hours before the abortion:

412 (a) a staff member of an abortion clinic or hospital, physician, registered nurse, nurse  
413 practitioner, advanced practice registered nurse, certified nurse midwife, genetic counselor, or  
414 physician's assistant presents the information module to the pregnant woman;

415 (b) the pregnant woman views the entire information module and presents evidence to  
416 the individual described in Subsection (2)(a) that the pregnant woman viewed the entire  
417 information module;

418 (c) after receiving the evidence described in Subsection (2)(b), the individual described  
419 in Subsection (2)(a):

420 (i) documents that the pregnant woman viewed the entire information module;

421 (ii) gives the pregnant woman, upon her request, a copy of the documentation  
422 described in Subsection (2)(c)(i); and

423 (iii) provides a copy of the statement described in Subsection (2)(c)(i) to the physician  
424 who is to perform the abortion, upon request of that physician or the pregnant woman;

425 (d) after the pregnant woman views the entire information module, the physician who  
426 is to perform the abortion, the referring physician, a physician, a registered nurse, nurse  
427 practitioner, advanced practice registered nurse, certified nurse midwife, genetic counselor, or  
428 physician's assistant, in a face-to-face consultation in any location in the state, orally informs

429 the woman of:

430 (i) the nature of the proposed abortion procedure;

431 (ii) specifically how the procedure described in Subsection (2)(d)(i) will affect the  
432 fetus;

433 (iii) the risks and alternatives to the abortion procedure or treatment;

434 (iv) the options and consequences of aborting a medication-induced abortion, if the  
435 proposed abortion procedure is a medication-induced abortion;

436 (v) the probable gestational age and a description of the development of the unborn  
437 child at the time the abortion would be performed;

438 (vi) the medical risks associated with carrying her child to term;

439 (vii) the right to view an ultrasound of the unborn child, at no expense to the pregnant  
440 woman, upon her request; and

441 (viii) when the result of a prenatal screening or diagnostic test indicates that the unborn  
442 child has or may have Down syndrome, the Department of Health website containing the  
443 information described in Section 26-10-14, including the information on the informational  
444 support sheet; and

445 (e) after the pregnant woman views the entire information module, a staff member of  
446 the abortion clinic or hospital provides to the pregnant woman:

447 (i) on a document that the pregnant woman may take home:

448 (A) the address for the department's website described in Section 76-7-305.5; and

449 (B) a statement that the woman may request, from a staff member of the abortion clinic  
450 or hospital where the woman viewed the information module, a printed copy of the material on  
451 the department's website; [~~and~~]

452 (ii) a printed copy of the material on the department's website described in Section  
453 76-7-305.5, if requested by the pregnant woman[-]; and

454 (iii) a copy of the form described in Subsection 26-21-33(3)(a)(i) regarding the  
455 disposition of the aborted fetus.

456 (3) Before performing an abortion, the physician who is to perform the abortion shall:

457 (a) in a face-to-face consultation, provide the information described in Subsection

458 (2)(d), unless the attending physician or referring physician is the individual who provided the  
459 information required under Subsection (2)(d); and

460 (b) (i) obtain from the pregnant woman a written certification that the information  
 461 required to be provided under Subsection (2) and this Subsection (3) was provided in  
 462 accordance with the requirements of Subsection (2) and this Subsection (3);~~and]~~

463 (ii) obtain a copy of the statement described in Subsection (2)(c)(i)~~[-]; and~~

464 (iii) ensure that  $\hat{S} \rightarrow [s]$  :

464a (A)  $\leftarrow \hat{S}$  in accordance with Subsections [26-21-33\(3\)](#) and (4), the woman has  
 465 received information  $\hat{S} \rightarrow$  ;  $\leftarrow \hat{S}$  and

465a  $\hat{S} \rightarrow$  (B) if the woman has a preference for the disposition of the aborted fetus , the woman  
 465b has informed the health care facility of the woman's  $\leftarrow \hat{S}$   $\hat{S} \rightarrow$  ~~made a~~  $\leftarrow \hat{S}$  decision regarding  
 465c the disposition of the aborted fetus.

466 (4) When a serious medical emergency compels the performance of an abortion, the  
 467 physician shall inform the woman prior to the abortion, if possible, of the medical indications  
 468 supporting the physician's judgment that an abortion is necessary.

469 (5) If an ultrasound is performed on a woman before an abortion is performed, the  
 470 individual who performs the ultrasound, or another qualified individual, shall:

471 (a) inform the woman that the ultrasound images will be simultaneously displayed in a  
 472 manner to permit her to:

473 (i) view the images, if she chooses to view the images; or

474 (ii) not view the images, if she chooses not to view the images;

475 (b) simultaneously display the ultrasound images in order to permit the woman to:

476 (i) view the images, if she chooses to view the images; or

477 (ii) not view the images, if she chooses not to view the images;

478 (c) inform the woman that, if she desires, the person performing the ultrasound, or  
 479 another qualified person shall provide a detailed description of the ultrasound images,  
 480 including:

481 (i) the dimensions of the unborn child;

482 (ii) the presence of cardiac activity in the unborn child, if present and viewable; and

483 (iii) the presence of external body parts or internal organs, if present and viewable; and

484 (d) provide the detailed description described in Subsection (5)(c), if the woman  
 485 requests it.

486 (6) The information described in Subsections (2), (3), and (5) is not required to be  
 487 provided to a pregnant woman under this section if the abortion is performed for a reason  
 488 described in:

489 (a) Subsection [76-7-302\(3\)\(b\)\(i\)](#), if the treating physician and one other physician  
 490 concur, in writing, that the abortion is necessary to avert:

491 (i) the death of the woman on whom the abortion is performed; or  
492 (ii) a serious risk of substantial and irreversible impairment of a major bodily function  
493 of the woman on whom the abortion is performed; or  
494 (b) Subsection 76-7-302(3)(b)(ii).  
495 (7) In addition to the criminal penalties described in this part, a physician who violates  
496 the provisions of this section:  
497 (a) is guilty of unprofessional conduct as defined in Section 58-67-102 or 58-68-102;  
498 and  
499 (b) shall be subject to:  
500 (i) suspension or revocation of the physician's license for the practice of medicine and  
501 surgery in accordance with Section 58-67-401 or 58-68-401; and  
502 (ii) administrative penalties in accordance with Section 58-67-402 or 58-68-402.  
503 (8) A physician is not guilty of violating this section for failure to furnish any of the  
504 information described in Subsection (2) or (3), or for failing to comply with Subsection (5), if:  
505 (a) the physician can demonstrate by a preponderance of the evidence that the  
506 physician reasonably believed that furnishing the information would have resulted in a severely  
507 adverse effect on the physical or mental health of the pregnant woman;  
508 (b) in the physician's professional judgment, the abortion was necessary to avert:  
509 (i) the death of the woman on whom the abortion is performed; or  
510 (ii) a serious risk of substantial and irreversible impairment of a major bodily function  
511 of the woman on whom the abortion is performed;  
512 (c) the pregnancy was the result of rape or rape of a child, as defined in Sections  
513 76-5-402 and 76-5-402.1;  
514 (d) the pregnancy was the result of incest, as defined in Subsection 76-5-406(2)(j) and  
515 Section 76-7-102; or  
516 (e) at the time of the abortion, the pregnant woman was 14 years of age or younger.  
517 (9) A physician who complies with the provisions of this section and Section  
518 76-7-304.5 may not be held civilly liable to the physician's patient for failure to obtain  
519 informed consent under Section 78B-3-406.  
520 (10) (a) The department shall provide an ultrasound, in accordance with the provisions  
521 of Subsection (5)(b), at no expense to the pregnant woman.

522 (b) A local health department shall refer a pregnant woman who requests an ultrasound  
523 described in Subsection (10)(a) to the department.

524 (11) A physician is not guilty of violating this section if:

525 (a) the information described in Subsection (2) is provided less than 72 hours before  
526 the physician performs the abortion; and

527 (b) in the physician's professional judgment, the abortion was necessary in a case  
528 where:

529 (i) a ruptured membrane, documented by the attending or referring physician, will  
530 cause a serious infection; or

531 (ii) a serious infection, documented by the attending or referring physician, will cause a  
532 ruptured membrane.

533 Section 9. Section **76-7-305.5** is amended to read:

534 **76-7-305.5. Requirements for information module and website.**

535 (1) In order to ensure that a woman's consent to an abortion is truly an informed  
536 consent, the department shall, in accordance with the requirements of this section, develop an  
537 information module and maintain a public website.

538 (2) The information module and public website described in Subsection (1) shall:

565 Office of Recovery Services, within the Department of Human Services, to establish and  
566 collect the support described in Subsection (2)(j);
- 567 (l) state that private adoption is legal;
- 568 (m) describe and depict, with pictures or video segments, the probable anatomical and  
569 physiological characteristics of an unborn child at two-week gestational increments from  
570 fertilization to full term, including:
  - 571 (i) brain and heart function;
  - 572 (ii) the presence and development of external members and internal organs; and
  - 573 (iii) the dimensions of the fetus;
- 574 (n) show an ultrasound of the heartbeat of an unborn child at:
  - 575 (i) four weeks from conception;
  - 576 (ii) six to eight weeks from conception; and
  - 577 (iii) each month after 10 weeks gestational age, up to 14 weeks gestational age;
- 578 (o) describe abortion procedures used in current medical practice at the various stages  
579 of growth of the unborn child, including:
  - 580 (i) the medical risks associated with each procedure;
  - 581 (ii) the risk related to subsequent childbearing that are associated with each procedure;
  - 582 and
  - 583 (iii) the consequences of each procedure to the unborn child at various stages of fetal

584 development;

585 (p) describe the possible detrimental psychological effects of abortion;

586 (q) describe the medical risks associated with carrying a child to term;

587 (r) include relevant information on the possibility of an unborn child's survival at the

588 two-week gestational increments described in Subsection (2)(m);

589 (s) except as provided in Subsection (5), include:

590 (i) information regarding substantial medical evidence from studies concluding that an  
591 unborn child who is at least 20 weeks gestational age may be capable of experiencing pain

592 during an abortion procedure; and

593 (ii) the measures that will be taken in accordance with Section 76-7-308.5;

594 (t) explain the options and consequences of aborting a medication-induced abortion;

595 (u) include the following statement regarding a medication-induced abortion,

596 "Research indicates that mifepristone alone is not always effective in ending a pregnancy. You  
597 may still have a viable pregnancy after taking mifepristone. If you have taken mifepristone but  
598 have not yet taken the second drug and have questions regarding the health of your fetus or are  
599 questioning your decision to terminate your pregnancy, you should consult a physician  
600 immediately.";

601 (v) inform a pregnant woman that she has the right to view an ultrasound of the unborn  
602 child, at no expense to her, upon her request; [~~and~~]

603 (w) inform a pregnant woman that she has the right to:

604 (i) determine the final disposition of the remains of the aborted fetus;

605 (ii) receive information about options for disposition of the aborted fetus, including the  
606 method of disposition that is usual and customary for a health care facility; and

607 (iii) for a medication-induced abortion, return the aborted fetus to the health care  
608 facility for disposition; ~~and~~

608a (x) provide a digital copy of the form described in Section 26-21-33(3)(a)(i); and ~~and~~

610 (3) The information module and website described in Subsection (1) may include a  
611 toll-free 24-hour telephone number that may be called in order to obtain, orally, a list and  
612 description of services, agencies, and adoption attorneys in the locality of the caller.

613 (4) The department may develop a version of the information module and website that  
614 omits the information in Subsections (2)(j) and (k) for a viewer who is pregnant as the result of

615 rape.

616 (5) The department may develop a version of the information module and website that  
617 omits the information described in Subsection (2)(s) for a viewer who will have an abortion  
618 performed:

619 (a) on an unborn child who is less than 20 weeks gestational age at the time of the  
620 abortion; or

621 (b) on an unborn child who is at least 20 weeks gestational age at the time of the  
622 abortion, if:

623 (i) the abortion is being performed for a reason described in Subsection  
624 [76-7-302\(3\)\(b\)\(i\)](#) or (ii); and

625 (ii) due to a serious medical emergency, time does not permit compliance with the  
626 requirement to provide the information described in Subsection (2)(s).

627 (6) The department and each local health department shall make the information  
628 module and the website described in Subsection (1) available at no cost to any person.

629 (7) The department shall make the website described in Subsection (1) available for  
630 viewing on the department's website by clicking on a conspicuous link on the home page of the  
631 website.

632 (8) The department shall ensure that the information module is:

633 (a) available to be viewed at all facilities where an abortion may be performed;

634 (b) interactive for the individual viewing the module, including the provision of  
635 opportunities to answer questions and manually engage with the module before the module  
636 transitions from one substantive section to the next;

637 (c) produced in English and may include subtitles in Spanish or another language; and

638 (d) capable of being viewed on a tablet or other portable device.

639 ~~[(9) The department shall present the information module to the Health and Human  
640 Services Interim Committee for the committee's review and recommendation before November  
641 1, 2018.]~~

642 ~~[(10) The department shall release the information module, for the use described in  
643 Section [76-7-305](#), before January 1, 2019.]~~

644 ~~[(H)]~~ (9) After the department releases the initial version of the information module,  
645 for the use described in Section [76-7-305](#), the department shall:

- 646 (a) update the information module, as required by law; and
- 647 (b) present an updated version of the information module to the Health and Human
- 648 Services Interim Committee for the committee's review and recommendation before releasing
- 649 the updated version for the use described in Section [76-7-305](#).
