Section 1. Section 72-2-108 is amended to read:**72-2-108. Apportionment of funds available for use on class B and class C roads -- Bonds.**

- (1) For purposes of this section:
- (a) "Graveled road" means a road:
- (i) that is:
- (A) graded; and
- (B) drained by transverse drainage systems to prevent serious impairment of the road by surface water;
- (ii) that has an improved surface; and
- (iii) that has a wearing surface made of:
- (A) gravel;
- (B) broken stone;
- (C) slag;
- (D) iron ore;
- (E) shale; or
- (F) other material that is:

(I) similar to a material described in Subsection (1)(a)(iii)(A) through (E); and

(II) coarser than sand.

(b) "Paved road" includes a graveled road with a chip seal surface.

(c) "Road mile" means a one-mile length of road, regardless of:

(i) the width of the road; or

(ii) the number of lanes into which the road is divided.

(d) "Weighted mileage" means the sum of the following:

(i) paved road miles multiplied by five; and

(ii) all other road type road miles multiplied by two.

(2) Subject to the provisions of Subsections (3) through (5), funds in the class B and class C roads account shall be apportioned among counties and municipalities in the following manner:

(a) 50% in the ratio that the class B roads weighted mileage within each county and class C roads weighted mileage within each municipality bear to the total class B and class C roads weighted mileage within the state; and

(b) 50% in the ratio that the population of a county or municipality bears to the total population of the state as of the last official federal census or the United States Bureau of Census estimate, whichever is most recent, except that if population estimates are not available from the United States Bureau of Census, population figures shall be derived from the estimate from the Utah Population Estimates Committee.

(3) For purposes of Subsection (2)(b), "the population of a county" means:

(a) the population of a county outside the corporate limits of municipalities in that county, if the population of the county outside the corporate limits of municipalities in that county is not less than 14% of the total population of that county, including municipalities; and

(b) if the population of a county outside the corporate limits of municipalities in the county is less than 14% of the total population:

(i) the aggregate percentage of the population apportioned to municipalities in that county shall be reduced by an amount equal to the difference between:

(A) 14%; and

(B) the actual percentage of population outside the corporate limits of municipalities in that county; and

(ii) the population apportioned to the county shall be 14% of the total population of that county, including incorporated municipalities.

(4) (a) If an apportionment under Subsection (2) [~~for~~] made in fiscal year [~~2014~~] 2013-14 to a county

or municipality with a population of less than 14,000 is less than 120% of the amount apportioned to the county or municipality from the class B and class C roads account [~~for~~] in fiscal year 1996-97, the department shall:

(i) reapportion the funds under Subsection (2) to ensure that the county or municipality receives an amount equal to:

(B) the amount apportioned to the county or municipality from the class B and class C roads account in fiscal year 1996-97 multiplied by the percentage increase in the class B and class C roads account from fiscal year 1996-97 to the most recently completed fiscal year; and

(ii) decrease proportionately as provided in Subsection (4)(b) the apportionments to counties and municipalities for which the reapportionment under Subsection (4)(a)(i) does not apply.

(b) The aggregate amount of the funds that the department shall decrease proportionately from the apportionments under Subsection (4)(a)(ii) is an amount equal to the aggregate amount reapportioned to counties and municipalities under Subsection (4)(a)(i).

(5) (a) In addition to the apportionment adjustments made under Subsection (4), a county or municipality that qualifies for reapportioned money under Subsection (4)(a)(i) shall receive the percentage change in the class B and class C roads account compounded annually beginning in fiscal year 2006-07.

(b) The adjustment under Subsection (5)(a) shall be made in the same way as provided in Subsection (4)(a)(ii) and (b).

ENACTS UNCODIFIED MATERIAL

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 53A-17a-133 is amended to read:

53A-17a-133. State-supported voted local levy authorized -- Election requirements -- State guarantee -- Reconsideration of the program.

(1) As used in this section, "voted and board local levy funding balance" means the difference between:

(a) the amount appropriated for the voted and board local levy program in a fiscal year; and

(b) the amount necessary to provide the state guarantee per weighted pupil unit as determined under this section and Section 53A-17a-164 in the same fiscal year.

(2) An election to consider adoption or modification of a voted local levy is required if initiative petitions signed by 10% of the number of electors who voted at the last preceding general election are presented to the local school board or by action of the board.

(3) (a) (i) To impose a voted local levy, a majority of the electors of a district voting at an election in the manner set forth in Subsections (9) and (10) must vote in favor of a special tax.

(ii) The tax rate may not exceed .002 per dollar of taxable value.

(b) Except as provided in Subsection (3)(c), in order to receive state support the first year, a district must receive voter approval no later than December 1 of the year prior to implementation.

(c) Beginning on or after January 1, 2012, a school district may receive state support in accordance with Subsection (4) without complying with the requirements of Subsection (3)(b) if the local school board imposed a tax in accordance with this section during the taxable year beginning on January 1, 2011, and ending on December 31, 2011.

(4) (a) In addition to the revenue a school district collects from the imposition of a levy pursuant to this section, the state shall contribute an amount sufficient to guarantee ~~[\$33.27]~~ \$35.55 per weighted pupil unit for each .0001 of the first .0016 per dollar of taxable value.

(b) The same dollar amount guarantee per weighted pupil unit for the .0016 per dollar of taxable value under Subsection (4)(a) shall apply to the portion of the board local levy authorized in

Section 53A-17a-164, so that the guarantee shall apply up to a total of .002 per dollar of taxable value if a school district levies a tax rate under both programs.

(c) (i) Beginning July 1, 2015, the ~~[\$33.27]~~ \$35.55 guarantee under Subsections (4)(a) and (b) shall be indexed each year to the value of the weighted pupil unit for the grades 1 through 12 program by making the value of the guarantee equal to ~~[.01194]~~ .011962 times the value of the prior year's weighted pupil unit for the grades 1 through 12 program.

(ii) The guarantee shall increase by .0005 times the value of the prior year's weighted pupil unit for the grades 1 through 12 program for each succeeding year subject to the Legislature appropriating funds for an increase in the guarantee.

(d) (i) The amount of state guarantee money to which a school district would otherwise be entitled to receive under this Subsection (4) may not be reduced for the sole reason that the district's levy is reduced as a consequence of changes in the certified tax rate under Section 59-2-924 pursuant to changes in property valuation.

(ii) Subsection (4)(d)(i) applies for a period of five years following any such change in the certified tax rate.

(e) The guarantee provided under this section does not apply to the portion of a voted local levy rate that exceeds the voted local levy rate that was in effect for the previous fiscal year, unless an increase in the voted local levy rate was authorized in an election conducted on or after July 1 of the previous fiscal year and before December 2 of the previous fiscal year.

(f) (i) If a voted and board local levy funding balance exists for the prior fiscal year, the State Board of Education shall:

(A) use the voted and board local levy funding balance to increase the value of the state guarantee per weighted pupil unit described in Subsection (4)(c) in the current fiscal year; and

(B) distribute the state contribution to the voted and board local levy programs to school districts based on the increased value of the state guarantee per weighted pupil unit described in Subsection (4)(f)(i)(A).

(ii) The State Board of Education shall report action taken under this Subsection (4)(f) to the Office of ~~the~~ Legislative Fiscal Analyst and the Governor's Office of ~~Planning~~ Management and Budget.

(5) (a) An election to modify an existing voted local levy is not a reconsideration of the existing authority unless the proposition submitted to the electors expressly so states.

(b) A majority vote opposing a modification does not deprive the district of authority to continue the levy.

(c) If adoption of a voted local levy is contingent upon an offset reducing other local school board levies, the board must allow the electors, in an election, to consider modifying or discontinuing the imposition of the levy prior to a subsequent increase in other levies that would increase the total local school board levy.

(d) Nothing contained in this section terminates, without an election, the authority of a school district to continue imposing an existing voted local levy previously authorized by the voters as a voted leeway program.

(6) Notwithstanding Section 59-2-919, a school district may budget an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section in addition to revenue from new growth as defined in Subsection 59-2-924(4), without having to comply with the notice requirements of Section 59-2-919, if:

(a) the voted local levy is approved:

(i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(ii) within the four-year period immediately preceding the year in which the school district seeks to budget an increased amount of ad valorem property tax revenue derived from the voted local levy; and

(b) for a voted local levy approved or modified in accordance with this section on or after January 1, 2009, the school district complies with the requirements of Subsection (8).

(7) Notwithstanding Section 59-2-919, a school district may levy a tax rate under this section that exceeds the certified tax rate without having to comply with the notice requirements of Section 59-2-919 if:

(a) the levy exceeds the certified tax rate as the result of a school district budgeting an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section;

(b) the voted local levy was approved:

(i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(ii) within the four-year period immediately preceding the year in which the school district seeks to budget an increased amount of ad valorem property tax revenue derived from the voted local levy; and

(c) for a voted local levy approved or modified in accordance with this section on or after January 1, 2009, the school district complies with requirements of Subsection (8).

(8) For purposes of Subsection (6)(b) or (7)(c), the proposition submitted to the electors regarding the adoption or modification of a voted local levy shall contain the following statement:

"A vote in favor of this tax means that (name of the school district) may increase revenue from this property tax without advertising the increase for the next five years."

(9) (a) Before imposing a property tax levy pursuant to this section, a school district shall submit an opinion question to the school district's registered voters voting on the imposition of the tax rate so that each registered voter has the opportunity to express the registered voter's opinion on whether the tax rate should be imposed.

(b) The election required by this Subsection (9) shall be held:

(i) at a regular general election conducted in accordance with the procedures and requirements of Title 20A, Election Code, governing regular elections;

(ii) at a municipal general election conducted in accordance with the procedures and requirements of Section 20A-1-202; or

(iii) at a local special election conducted in accordance with the procedures and requirements of Section 20A-1-203.

(c) Notwithstanding the requirements of Subsections (9)(a) and (b), beginning on or after January 1, 2012, a school district may levy a tax rate in accordance with this section without complying with the requirements of Subsections (9)(a) and (b) if the school district imposed a tax in accordance with this section at any time during the taxable year beginning on January 1, 2011, and ending on December 31, 2011.

(10) If a school district determines that a majority of the school district's registered voters voting on the imposition of the tax rate have voted in favor of the imposition of the tax rate in accordance with Subsection (9), the school district may impose the tax rate.

Section 2. Section 53A-17a-135 is amended to read:

53A-17a-135. Minimum basic tax rate -- Certified revenue levy.

(1) As used in this section, "basic levy increment rate" means a tax rate that will generate an amount of revenue equal to \$75,000,000.

(2) (a) In order to qualify for receipt of the state contribution toward the basic program and as its contribution toward its costs of the basic program, each school district shall impose a minimum basic tax rate per dollar of taxable value that generates [~~\$380,172,300~~] \$392,266,800 in revenues statewide.

(b) The preliminary estimate for the [~~2015-16~~] 2016-17 minimum basic tax rate is [~~.001764~~] .001695.

(c) The State Tax Commission shall certify on or before June 22 the rate that generates [~~\$380,172,300~~] \$392,266,800 in revenues statewide.

(d) [~~For the calendar year beginning on January 1, 2016, if~~] If the minimum basic tax rate exceeds the certified revenue levy as defined in Section 53A-17a-103, the state is subject to the notice requirements of Section 59-2-926.

(3) (a) The state shall contribute to each district toward the cost of the basic program in the district that portion which exceeds the proceeds of the difference between:

(i) the minimum basic tax rate to be imposed under Subsection (2); and

(ii) the basic levy increment rate.

(b) In accordance with the state strategic plan for public education and to fulfill its responsibility for the development and implementation of that plan, the Legislature instructs the State Board of Education, the governor, and the Office of Legislative Fiscal Analyst in each of the coming five years to develop budgets that will fully fund student enrollment growth.

(4) (a) If the difference described in Subsection (3)(a) equals or exceeds the cost of the basic program in a school district, no state contribution shall be made to the basic program.

(b) The proceeds of the difference described in Subsection (3)(a) that exceed the cost of the basic program shall be paid into the Uniform School Fund as provided by law.

(5) The State Board of Education shall:

(a) deduct from state funds that a school district is authorized to receive under this chapter an amount equal to the proceeds generated within the school district by the basic levy increment rate; and

(b) deposit the money described in Subsection (5)(a) into the Minimum Basic Growth Account created in Section 53A-17a-135.1.

This reduction assumes that the Department of Workforce Services can double its current fraud collection efforts starting in FY 2018 with a 50% increase in collections in FY 2017. Current efforts from 2010 to 2014 have ranged from collections of a low of \$1.2 million total funds (\$0.2 million General Fund) in 2010 to a high of \$2.0 million total funds (\$0.3 million General Fund). Benefits received in 2014 were \$317 million for 90,570 households for a fraud collection rate of 0.6 (less than one) percent. Any collections higher/lower than anticipated would impact the General Fund where the collections are deposited.

(ii) the employee has an impairment or combination of impairments that reasonably limit the employee's ability to do basic work activities;

(iii) the industrial or occupationally caused impairment or combination of impairments prevent the employee from performing the essential functions of the work activities for which the employee has been qualified until the time of the industrial accident or occupational disease that is the basis for the employee's permanent total disability claim; and

(iv) the employee cannot perform other work reasonably available, taking into consideration the employee's:

- (A) age;
- (B) education;
- (C) past work experience;
- (D) medical capacity; and
- (E) residual functional capacity.

(d) Evidence of an employee's entitlement to disability benefits other than those provided under this chapter and Chapter 3, Utah Occupational Disease Act, if relevant:

- (i) may be presented to the commission;
- (ii) is not binding; and

(iii) creates no presumption of an entitlement under this chapter and Chapter 3, Utah Occupational Disease Act.

(e) In determining under Subsections (1)(b) and (c) whether an employee cannot perform other work reasonably available, the following may not be considered:

(i) whether the employee is incarcerated in a facility operated by or contracting with a federal, state, county, or municipal government to house a criminal offender in either a secure or nonsecure setting; or

(ii) whether the employee is not legally eligible to be employed because of a reason unrelated to the impairment or combination of impairments.

(2) For permanent total disability compensation during the initial 312-week entitlement, compensation is 66-2/3% of the employee's average weekly wage at the time of the injury, limited as follows:

(a) compensation per week may not be more than 85% of the state average weekly wage at the time of the injury;

(b) (i) subject to Subsection (2)(b)(ii), compensation per week may not be less than the sum of \$45 per week and:

- (A) \$5 for a dependent spouse; and

(B) \$5 for each dependent child under the age of 18 years, up to a maximum of four dependent minor children; and

(ii) the amount calculated under Subsection (2)(b)(i) may not exceed:

(A) the maximum established in Subsection (2)(a); or

(B) the average weekly wage of the employee at the time of the injury; and

(c) after the initial 312 weeks, the minimum weekly compensation rate under Subsection (2)(b) is 36% of the current state average weekly wage, rounded to the nearest dollar.

(3) This Subsection (3) applies to claims resulting from an accident or disease arising out of and in the course of the employee's employment on or before June 30, 1994.

(a) The employer or [its] the employer's insurance carrier is liable for the initial 312 weeks of permanent total disability compensation except as outlined in Section 34A-2-703 as in effect on the date of injury.

(b) The employer or [its] the employer's insurance carrier may not be required to pay compensation for any combination of disabilities of any kind, as provided in this section and Sections 34A-2-410 through 34A-2-412 and Part 5, Industrial Noise, in excess of the amount of compensation payable over the initial 312 weeks at the applicable permanent total disability compensation rate under Subsection (2).

(c) The Employers' Reinsurance Fund shall for an overpayment of compensation described in Subsection (3)(b), reimburse the overpayment:

(i) to the employer or [its] the employer's insurance carrier; and

(ii) out of the Employers' Reinsurance Fund's liability to the employee.

(d) After an employee receives compensation from the employee's employer, [its] the employer's insurance carrier, or the Employers' Reinsurance Fund for any combination of disabilities amounting to 312 weeks of compensation at the applicable permanent total disability compensation rate, the Employers' Reinsurance Fund shall pay all remaining permanent total disability compensation.

(e) Employers' Reinsurance Fund payments shall commence immediately after the employer or [its] the employer's insurance carrier satisfies its liability under this Subsection (3) or Section 34A-2-703.

(4) This Subsection (4) applies to claims resulting from an accident or disease arising out of and in the course of the employee's employment on or after July 1, 1994.

(a) The employer or [its] the employer's insurance carrier is liable for permanent total disability compensation.

(b) The employer or [its] the employer's insurance carrier may not be required to pay compensation for any combination of disabilities of any kind, as provided in this section and Sections 34A-2-410 through 34A-2-412 and Part 5, Industrial Noise, in excess of the amount of compensation payable over

the initial 312 weeks at the applicable permanent total disability compensation rate under Subsection (2).

(c) The employer or [its] the employer's insurance carrier may recoup the overpayment of compensation described in Subsection (4) by reasonably offsetting the overpayment against future liability paid before or after the initial 312 weeks.

(5) (a) A finding by the commission of permanent total disability is not final, unless otherwise agreed to by the parties, until:

(i) an administrative law judge reviews a summary of reemployment activities undertaken pursuant to Section 34A-2-413.5;

(ii) the employer or [its] the employer's insurance carrier submits to the administrative law judge:

(A) a reemployment plan as prepared by a qualified rehabilitation provider reasonably designed to return the employee to gainful employment; or

(B) notice that the employer or [its] the employer's insurance carrier will not submit a plan; and

(iii) the administrative law judge, after notice to the parties, holds a hearing, unless otherwise stipulated, to:

(A) consider evidence regarding rehabilitation; and

(B) review any reemployment plan submitted by the employer or [its] the employer's insurance carrier under Subsection (5)(a)(ii).

(b) Before commencing the procedure required by Subsection (5)(a), the administrative law judge shall order:

(i) the initiation of permanent total disability compensation payments to provide for the employee's subsistence; and

(ii) the payment of any undisputed disability or medical benefits due the employee.

(c) Notwithstanding Subsection (5)(a), an order for payment of benefits described in Subsection (5)(b) is considered a final order for purposes of Section 34A-2-212.

(d) The employer or [its] the employer's insurance carrier shall be given credit for any disability payments made under Subsection (5)(b) against its ultimate disability compensation liability under this chapter or Chapter 3, Utah Occupational Disease Act.

(e) An employer or [its] the employer's insurance carrier may not be ordered to submit a reemployment plan. If the employer or [its] the employer's insurance carrier voluntarily submits a plan, the plan is subject to Subsections (5)(e)(i) through (iii).

(i) The plan may include, but not require an employee to pay for:

- (A) retraining;
- (B) education;
- (C) medical and disability compensation benefits;
- (D) job placement services; or
- (E) incentives calculated to facilitate reemployment.

(ii) The plan shall include payment of reasonable disability compensation to provide for the employee's subsistence during the rehabilitation process.

(iii) The employer or [its] the employer's insurance carrier shall diligently pursue the reemployment plan. The employer's or insurance carrier's failure to diligently pursue the reemployment plan is cause for the administrative law judge on the administrative law judge's own motion to make a final decision of permanent total disability.

(f) If a preponderance of the evidence shows that successful rehabilitation is not possible, the administrative law judge shall order that the employee be paid weekly permanent total disability compensation benefits.

(g) If a preponderance of the evidence shows that pursuant to a reemployment plan, as prepared by a qualified rehabilitation provider and presented under Subsection (5)(e), an employee could immediately or without unreasonable delay return to work but for the following, an administrative law judge shall order that the employee be denied the payment of weekly permanent total disability compensation benefits:

- (i) incarceration in a facility operated by or contracting with a federal, state, county, or municipal government to house a criminal offender in either a secure or nonsecure setting; or
- (ii) not being legally eligible to be employed because of a reason unrelated to the impairment or combination of impairments.

(6) (a) The period of benefits commences on the date the employee acquired the permanent, total disability, as determined by a final order of the commission based on the facts and evidence, and ends:

- (i) with the death of the employee; or
 - (ii) when the employee is capable of returning to regular, steady work.
- (b) An employer or [its] the employer's insurance carrier may provide or locate for a permanently totally disabled employee reasonable, medically appropriate, part-time work in a job earning at least minimum wage, except that the employee may not be required to accept the work to the extent that it would disqualify the employee from social security disability benefits.

(c) An employee shall:

- (i) fully cooperate in the placement and employment process; and

(ii) accept the reasonable, medically appropriate, part-time work.

(d) In a consecutive four-week period when an employee's gross income from the work provided under Subsection (6)(b) exceeds \$500, the employer or insurance carrier may reduce the employee's permanent total disability compensation by 50% of the employee's income in excess of \$500.

(e) If a work opportunity is not provided by the employer or [its] the employer's insurance carrier, an employee with a permanent, total disability may obtain medically appropriate, part-time work subject to the offset provisions of Subsection (6)(d).

(f) (i) The commission shall establish rules regarding the part-time work and offset.

(ii) The adjudication of disputes arising under this Subsection (6) is governed by Part 8, Adjudication.

(g) The employer or [its] the employer's insurance carrier has the burden of proof to show that medically appropriate part-time work is available.

(h) The administrative law judge may:

(i) excuse an employee from participation in any work:

(A) that would require the employee to undertake work exceeding the employee's:

- (I) medical capacity; or
- (II) residual functional capacity; or
- (B) for good cause; or

(ii) allow the employer or [its] the employer's insurance carrier to reduce permanent total disability benefits as provided in Subsection (6)(d) when reasonable, medically appropriate, part-time work is offered, but the employee fails to fully cooperate.

(7) When an employee is rehabilitated or the employee's rehabilitation is possible but the employee has some loss of bodily function, the award shall be for permanent partial disability.

(8) As determined by an administrative law judge, an employee is not entitled to disability compensation, unless the employee fully cooperates with any evaluation or reemployment plan under this chapter or Chapter 3, Utah Occupational Disease Act. The administrative law judge shall dismiss without prejudice the claim for benefits of an employee if the administrative law judge finds that the employee fails to fully cooperate, unless the administrative law judge states specific findings on the record justifying dismissal with prejudice.

(9) (a) The loss or permanent and complete loss of the use of the following constitutes total and permanent disability that is compensated according to this section:

- (i) both hands;
- (ii) both arms;
- (iii) both feet;

- (iv) both legs;
- (v) both eyes; or
- (vi) any combination of two body members described in this Subsection (9)(a).

(b) A finding of permanent total disability pursuant to Subsection (9)(a) is final.

(10) (a) An insurer or self-insured employer may periodically reexamine a permanent total disability claim, except those based on Subsection (9), for which the insurer or self-insured employer had or has payment responsibility to determine whether the employee continues to have a permanent, total disability.

(b) Reexamination may be conducted no more than once every three years after an award is final, unless good cause is shown by the employer or [its] the employer's insurance carrier to allow more frequent reexaminations.

(c) The reexamination may include:

- (i) the review of medical records;
- (ii) employee submission to one or more reasonable medical evaluations;
- (iii) employee submission to one or more reasonable rehabilitation evaluations and retraining efforts;

(iv) employee disclosure of Federal Income Tax Returns;

(v) employee certification of compliance with Section 34A-2-110; and

(vi) employee completion of one or more sworn affidavits or questionnaires approved by the division.

(d) The insurer or self-insured employer shall pay for the cost of a reexamination with appropriate employee reimbursement pursuant to rule for reasonable travel allowance and per diem as well as reasonable expert witness fees incurred by the employee in supporting the employee's claim for permanent total disability benefits at the time of reexamination.

(e) If an employee fails to fully cooperate in the reasonable reexamination of a permanent total disability finding, an administrative law judge may order the suspension of the employee's permanent total disability benefits until the employee cooperates with the reexamination.

(f) (i) If the reexamination of a permanent total disability finding reveals evidence that reasonably raises the issue of an employee's continued entitlement to permanent total disability compensation benefits, an insurer or self-insured employer may petition the Division of Adjudication for a rehearing on that issue. The insurer or self-insured employer shall include with the petition, documentation supporting the insurer's or self-insured employer's belief that the employee no longer has a permanent, total disability.

(ii) If the petition under Subsection (10)(f)(i) demonstrates good cause, as determined by the Division of Adjudication, an administrative law judge shall adjudicate the issue at a hearing.

(iii) Evidence of an employee's participation in medically appropriate, part-time work may not be the sole basis for termination of an employee's permanent total disability entitlement, but the evidence of the employee's participation in medically appropriate, part-time work under Subsection (6) may be considered in the reexamination or hearing with other evidence relating to the employee's status and condition.

(g) In accordance with Section 34A-1-309, the administrative law judge may award reasonable attorney fees to an attorney retained by an employee to represent the employee's interests with respect to reexamination of the permanent total disability finding, except if the employee does not prevail, the attorney fees shall be set at \$1,000. The attorney fees awarded shall be paid by the employer or [its] the employer's insurance carrier in addition to the permanent total disability compensation benefits due.

(h) During the period of reexamination or adjudication, if the employee fully cooperates, each insurer, self-insured employer, or the Employers' Reinsurance Fund shall continue to pay the permanent total disability compensation benefits due the employee.

(11) If any provision of this section, or the application of any provision to any person or circumstance, is held invalid, the remainder of this section is given effect without the invalid provision or application.

(ii) a water company regulated by the Public Service Commission; or

(iii) any other owner of a community water system.

(2) (a) Except as provided in Subsection (2)(b) or (e), when an appropriator or the appropriator's successor in interest abandons or ceases to use all or a portion of a water right for a period of seven years, the water right or the unused portion of that water right is subject to forfeiture in accordance with Subsection (2)(c).

(b) (i) An appropriator or the appropriator's successor in interest may file an application for nonuse with the state engineer.

(ii) If a person described in Subsection (2)(b)(i) files and receives approval on a nonuse application, nonuse of the water right subject to the application is not counted toward a seven-year period described in Subsection (2)(a) during the period of time beginning on the day on which the person files the application and ending on the day on which the application expires without being renewed.

(iii) If a person described in Subsection (2)(b)(i) files and receives approval on successive, overlapping nonuse applications, nonuse of the water right subject to the applications is not counted toward a seven-year period described in

Subsection (2)(a) during the period of time beginning on the day on which the person files the first application and ending on the day on which the last application expires without being renewed.

(iv) Approval of [a] one or more nonuse [application] applications, or successive overlapping nonuse applications, does not protect a water right that is already subject to forfeiture under Subsection (2)(a) for full or partial nonuse of the water right, nor does the approval of one or more nonuse applications constitute beneficial use of the water for purposes of calculating the 15-year period in Subsection (2)(c)(i).

(v) A nonuse application may be filed on all or a portion of the water right, including water rights held by a water company.

(vi) After giving written notice to the water company, a shareholder may file a nonuse application with the state engineer on the water represented by the stock.

(c) (i) Except as provided in Subsection (2)(c)(ii), a water right or a portion of the water right may not be forfeited unless a judicial action to declare the right forfeited is commenced within 15 years from the end of the latest period of nonuse of at least seven years.

(ii) (A) The state engineer, in a proposed determination of rights prepared in accordance with Section 73-4-11, may not assert that a water right was forfeited unless a period of nonuse of seven years ends or occurs during the 15 years immediately preceding the day on which the state engineer files the proposed determination of rights with the court.

(B) After the day on which a proposed determination of rights is filed with the court a person may not assert that a water right subject to that determination was forfeited during the 15-year period described in Subsection (2)(c)(ii)(A), unless the state engineer asserts forfeiture in the proposed determination, or a person makes, in accordance with Section 73-4-11, an objection to the proposed determination that asserts forfeiture.

(iii) A water right, found to be valid in a decree entered in an action for general determination of rights under Chapter 4, Determination of Water Rights, is subject to a claim of forfeiture based on a seven-year period of nonuse that begins after the day on which the state engineer filed the related proposed determination of rights with the court, unless the decree provides otherwise.

(iv) If in a judicial action a court declares a water right forfeited, on the date on which the water right is forfeited:

(A) the right to use the water reverts to the public; and

(B) the water made available by the forfeiture:

(I) first, satisfies other water rights in the hydrologic system in order of priority date; and

(II) second, may be appropriated as provided in this title.

(d) Except as provided in Subsection (2)(e), this section applies whether the unused or abandoned water or a portion of the water is:

(i) permitted to run to waste; or

(ii) used by others without right with the knowledge of the water right holder.

(e) This section does not apply to:

(i) the use of water according to a lease or other agreement with the appropriator or the appropriator's successor in interest;

(ii) a water right if its place of use is contracted under an approved state agreement or federal conservation following program;

(iii) those periods of time when a surface water or groundwater source fails to yield sufficient water to satisfy the water right;

(iv) a water right when water is unavailable because of the water right's priority date;

(v) a water right to store water in a surface reservoir or an aquifer, in accordance with Title 73, Chapter 3b, Groundwater Recharge and Recovery Act, if:

(A) the water is stored for present or future use; or

(B) storage is limited by a safety, regulatory, or engineering restraint that the appropriator or the appropriator's successor in interest cannot reasonably correct;

(vi) a water right if a water user has beneficially used substantially all of the water right within a seven-year period, provided that this exemption does not apply to the adjudication of a water right in a general determination of water rights under Chapter 4, Determination of Water Rights;

(vii) except as provided by Subsection (2)(g), a water right:

(A) (I) owned by a public water supplier;

(II) represented by a public water supplier's ownership interest in a water company; or

(III) to which a public water supplier owns the right of use; and

(B) conserved or held for the reasonable future water requirement of the public, which is determined according to Subsection (2)(f);

(viii) a supplemental water right during a period of time when another water right available to the appropriator or the appropriator's successor in interest provides sufficient water so as to not require use of the supplemental water right; or

(ix) a period of nonuse of a water right during the time the water right is subject to an approved change application where the applicant is diligently pursuing certification.

(f) (i) The reasonable future water requirement of the public is the amount of water needed in the next 40 years by:

(A) the persons within the public water supplier's reasonably anticipated service area based on reasonably anticipated population growth; or

(B) other water use demand.

(ii) For purposes of Subsection (2)(f)(i), a community water system's reasonably anticipated service area:

(A) is the area served by the community water system's distribution facilities; and

(B) expands as the community water system expands the distribution facilities in accordance with Title 19, Chapter 4, Safe Drinking Water Act.

(g) For a water right acquired by a public water supplier on or after May 5, 2008, Subsection (2)(e)(vii) applies if:

(i) the public water supplier submits a change application under Section 73-3-3; and

(ii) the state engineer approves the change application.

(3) (a) The state engineer shall furnish a nonuse application form requiring the following information:

(i) the name and address of the applicant;

(ii) a description of the water right or a portion of the water right, including the point of diversion, place of use, and priority;

(iii) the quantity of water;

(iv) the period of use;

(v) the extension of time applied for;

(vi) a statement of the reason for the nonuse of the water; and

(vii) any other information that the state engineer requires.

(b) (i) Upon receipt of the application, the state engineer shall publish a notice of the application once a week for two successive weeks:

(A) in a newspaper of general circulation in the county in which the source of the water supply is located and where the water is to be used; and

(B) as required in Section 45-1-101.

(ii) The notice shall:

(A) state that an application has been made; and

(B) specify where the interested party may obtain additional information relating to the application.

(c) Any interested person may file a written protest with the state engineer against the granting of the application:

(i) within 20 days after the notice is published, if the adjudicative proceeding is informal; and

(ii) within 30 days after the notice is published, if the adjudicative proceeding is formal.

(d) In any proceedings to determine whether the nonuse application should be approved or rejected,

the state engineer shall follow the procedures and requirements of Title 63G, Chapter 4, Administrative Procedures Act.

(e) After further investigation, the state engineer may approve or reject the application.

(4) (a) The state engineer shall grant a nonuse application on all or a portion of a water right for a period of time not exceeding seven years if the applicant shows a reasonable cause for nonuse.

(b) A reasonable cause for nonuse includes:

(i) a demonstrable financial hardship or economic depression;

(ii) physical causes or changes that render use beyond the reasonable control of the water right owner so long as the water right owner acts with reasonable diligence to resume or restore the use;

(iii) the initiation of water conservation or efficiency practices, or the operation of a groundwater recharge recovery program approved by the state engineer;

(iv) operation of legal proceedings;

(v) the holding of a water right or stock in a mutual water company without use by any water supply entity to meet the reasonable future requirements of the public;

(vi) situations where, in the opinion of the state engineer, the nonuse would assist in implementing an existing, approved water management plan; or

(vii) the loss of capacity caused by deterioration of the water supply or delivery equipment if the applicant submits, with the application, a specific plan to resume full use of the water right by replacing, restoring, or improving the equipment.

(5) (a) Sixty days before the expiration of a nonuse application, the state engineer shall notify the applicant by mail or by any form of electronic communication through which receipt is verifiable, of the date when the nonuse application will expire.

(b) An applicant may file a subsequent nonuse application in accordance with this section.

ENACTS UNCODIFIED MATERIAL

Be it enacted by the Legislature of the state of Utah:

Section 1. Study regarding personal injury damages claims that exceed the statutory limit.

(1) Utah Code Section 63G-7-604 currently contains a limit on the amount that an individual may claim against a governmental entity for damages for personal injury, and a limit on the aggregate amount of individual awards that may be awarded in relation to a single occurrence.

(2) If an individual's claim against a governmental entity for damages for personal injury exceeds the amount of that statutory limit, the individual cannot recover the amount of damages that exceed the statutory limit, or the individual has the option of seeking recovery of some or all of that amount through a process before the state Board of Examiners. Likewise, if multiple individuals' claims against a governmental entity for damages for personal injury arising from the same occurrence exceed the aggregate limit, those individuals cannot recover the amount of damages that exceed the statutory limit, or those individuals have the option of seeking recovery of some or all of that amount through a process before the state Board of Examiners.

(3) Some have expressed an interest in exploring possible alternatives to the current system in order to enable those with legitimate claims for personal injury damages that exceed the statutory limits to

recover their damages while still protecting taxpayer money against large personal injury damage claims.

(4) This issue is very complex, and formulating a workable alternative to the current system will require the thoughtful participation of a number of stakeholders.

(5) The Legislature encourages the formation of a voluntary, informal working group or task force:

(a) to study possible options to the current statutory system for dealing with legitimate, large individual and aggregate personal injury damage claims, while still protecting taxpayer money and limited government resources; and

(b) with representation from:

(i) the Division of Risk Management;

(ii) the Insurance Department;

(iii) state agencies covered under the Risk Management Fund;

(iv) local governments, including counties, cities, towns, local districts, special service districts, school districts, and other political subdivisions of the state;

(v) the Office of the Attorney General;

(vi) trial lawyers representing personal injury plaintiffs;

(vii) the insurance industry;

(viii) the Utah Public Risk Manager's Association; and

(ix) other groups, associations, or entities with an interest in the issue described in Subsection (3).

(6) The working group or task force should seek and receive input from affected or interested parties, including private individuals who regularly use public facilities and private individuals or companies that perform services for public agencies.

(7) Among other things, the working group or task force might consider studying:

(a) the effectiveness of the process of presenting a claim before the state Board of Examiners and any options for improving the process or replacing it with a better process;

(b) the feasibility of creating a fund or risk pool, with participation from state agencies and local government entities, to provide money or insurance coverage or both for individual and aggregate personal injury damage claims that exceed the statutory limit;

(c) the modification of the statutory limit on personal injury individual and aggregate damages; and

(d) any other alternatives the working group or task force considers appropriate to address the issues described in this section.

(8) The working group or task force should present its findings and conclusions and prepare a

recommendation, with a conceptual outline of any suggested legislation, to the Legislature before the 2017 General Session.

individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action it shall promptly notify the home state and the Commission.

E. If an individual's license in any home state is restricted or suspended, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

F. If an individual's privilege to practice in any remote state is restricted, suspended, or revoked the individual shall not be eligible to practice in any remote state until the individual's privilege to practice is restored.

Member states shall consider a veteran, active military service member, and member of the National Guard and Reserves separating from an active duty tour, and a spouse thereof, who holds a current valid and unrestricted NREMT certification at or above the level of the state license being sought as satisfying the minimum training and examination requirements for such licensure.

F. A home state's EMS authority shall investigate and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.

G. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the member state's laws. Member states must require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

SECTION 9. ADDITIONAL POWERS INVESTED IN A MEMBER STATE'S EMS AUTHORITY

A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:

The issuing state EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

2. Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

SECTION 10. ESTABLISHMENT OF THE INTERSTATE COMMISSION FOR EMS PERSONNEL PRACTICE

1. The Commission is a body politic and an instrumentality of the Compact states.

The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

B. Membership, Voting, and Meetings

1. Each member state shall have and be limited to one (1) delegate. The responsible official of the state EMS authority or his designee shall be the delegate to this Compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. 2. Each delegate shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

4. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Section XII.

5. The Commission may convene in a closed, non-public meeting if the Commission must discuss:

g. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

h. Disclosure of investigatory records compiled for law enforcement purposes;

i. Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the Commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

j. Matters specifically exempted from disclosure by federal or member state statute.

6. If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

C. The Commission shall, by a majority vote of the delegates, prescribe bylaws and/or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to:

1. Establishing the fiscal year of the Commission;

2. Providing reasonable standards and procedures:

a. for the establishment and meetings of other committees; and

b. governing any general or specific delegation of any authority or function of the Commission;

3. Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the membership votes to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;

4. Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the Commission;

5. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the Commission;

6. Promulgating a code of ethics to address permissible and prohibited activities of Commission members and employees;

7. Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of the Compact after the payment and/or reserving of all of its debts and obligations;

8. The Commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any.

9. The Commission shall maintain its financial records in accordance with the bylaws.

10. The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the bylaws.

D. The Commission shall have the following powers:

1. The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all member states;

2. To bring and prosecute legal proceedings or actions in the name of the Commission, provided that the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law shall not be affected;

3. To purchase and maintain insurance and bonds;

4. To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a member state;

5. To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the Commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

6. To accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the Commission shall strive to avoid any appearance of impropriety and/or conflict of interest;

7. To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, real, personal or mixed; provided that at all times the Commission shall strive to avoid any appearance of impropriety;

8. To sell convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property real, personal, or mixed;

9. To establish a budget and make expenditures;

10. To borrow money;

11. To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

12. To provide and receive information from, and to cooperate with, law enforcement agencies;

13. To adopt and use an official seal; and

14. To perform such other functions as may be necessary or appropriate to achieve the purposes of this Compact consistent with the state regulation of EMS personnel licensure and practice.

E. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The Commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by

the Commission, which shall promulgate a rule binding upon all member states.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

F. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The Commission shall defend any member, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the

intentional or willful or wanton misconduct of that person.

SECTION 11. COORDINATED DATABASE

A. The Commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the Commission, including:

1. Identifying information;
2. Licensure data;
3. Significant investigatory information;
4. Adverse actions against an individual's license;
5. An indicator that an individual's privilege to practice is restricted, suspended or revoked;
6. Non-confidential information related to alternative program participation;
7. Any denial of application for licensure, and the reason(s) for such denial; and
8. Other information that may facilitate the administration of this Compact, as determined by the rules of the Commission.

C. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

D. Member states contributing information to the coordinated database may designate information that may not be shared with the public without the express permission of the contributing state.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

SECTION 12. RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the

Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission; and

2. On the website of each member state EMS authority or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five (25) persons;

2. A governmental subdivision or agency; or

3. An association having at least twenty-five (25) members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or member state funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

SECTION 13. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state

pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the Commission shall attempt to resolve disputes

related to the compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 14. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR EMS PERSONNEL PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a

non-member state that does not conflict with the provisions of this compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 15. CONSTRUCTION
AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.

(a) the accuracy, reliability, and comparability of the evidence presented by the owner or the county assessor;

(b) if submitted, the sales price of relevant property that was under contract for sale as of the lien date but sold after the lien date;

(c) if submitted, the sales offering price of property that was offered for sale as of the lien date but did not sell, including considering and weighing the amount of time for which, and manner in which, the property was offered for sale; and

(f) If no evidence is presented before the county board of equalization, it will be presumed that the equalization issue has been met.

(g) (i) If the fair market value of the property that is the subject of the appeal deviates plus or minus 5% from the assessed value of comparable properties, the valuation of the appealed property shall be adjusted to reflect a value equalized with the assessed value of comparable properties.

(ii) Subject to Sections 59-2-301.1, 59-2-301.2, 59-2-301.3, and 59-2-301.4, equalized value established under Subsection (5)(g)(i) shall be the assessed value for property tax purposes until the county assessor is able to evaluate and equalize the assessed value of all comparable properties to bring them all into conformity with full fair market value.

(6) If any taxpayer is dissatisfied with the decision of the county board of equalization, the taxpayer may file an appeal with the commission as prescribed in Section 59-2-1006.

(b) A prior conviction used for a penalty enhancement under Subsection (2) shall be a conviction that is:

(i) from a separate criminal episode than the current charge; and

(b) In a prosecution alleging violation of this section regarding peyote as defined in Subsection 58-37-4(2)(a)(iii)(V), it is an affirmative defense that the peyote was used, possessed, or transported by an Indian for bona fide traditional ceremonial purposes in connection with the practice of a traditional Indian religion.

(c) (i) The defendant shall provide written notice of intent to claim an affirmative defense under this

Subsection (12) as soon as practicable, but not later than 10 days prior to trial.

(13) (a) It is an affirmative defense that the person produced, possessed, or administered a controlled substance listed in Section 58-37-4.2 if the person:

(i) was engaged in medical research; and

(ii) was a holder of a valid license to possess controlled substances under Section 58-37-6.

(14) It is an affirmative defense that the person possessed, in the person's body, a controlled substance listed in Section 58-37-4.2 if:

(a) the person was the subject of medical research conducted by a holder of a valid license to possess controlled substances under Section 58-37-6; and

(b) the substance was administered to the person by the medical researcher.

(15) The application of any increase in penalty under this section to a violation of Subsection (2)(a)(i) may not result in any greater penalty than a second degree felony. This Subsection (15) takes precedence over any conflicting provision of this section.

(16) (a) It is an affirmative defense to an allegation of the commission of an offense listed in Subsection (16)(b) that the person:

(i) reasonably believes that the person or another person is experiencing an overdose event due to the ingestion, injection, inhalation, or other introduction into the human body of a controlled substance or other substance;

(ii) reports in good faith the overdose event to a medical provider, an emergency medical service provider as defined in Section 26-8a-102, a law enforcement officer, a 911 emergency call system, or an emergency dispatch system, or the person is the subject of a report made under this Subsection (16);

(c) As used in this Subsection (16) and in Section 76-3-203.11, "good faith" does not include seeking medical assistance under this section during the course of a law enforcement agency's execution of a search warrant, execution of an arrest warrant, or other lawful search.

(17) If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of this chapter shall be given effect without the invalid provision or application.

(18) A legislative body of a political subdivision may not enact an ordinance that is less restrictive than any provision of this chapter.

(19) (a) If a minor who is under 18 years of age is found by a court to have violated this section and the violation is the minor's first violation of this section, the court may:

(i) order the minor to complete a screening as defined in Section 41-6a-501;

(3) Printed copies of the maps referenced in Subsection (2) shall be available for inspection by the public at the offices of the Utah Association of Counties.

(4) The state finds with respect to the grazing zones described in Subsection (2) that:

(a) agricultural livestock industry on the lands comprising these zones has provided a significant contribution to the history, customs, culture, economy, welfare, and other values of each area for more than 100 years;

(b) the potential for abundant natural and vegetative resources exists within these zones if managed properly, that will support and expand continued, responsible agricultural livestock activities and wildlife habitat;

(c) agricultural livestock activities in these zones and the associated historic resources, human history, shaping of human endeavors, variety of cultural resources, landmarks, structures, and other objects of historic or scientific interest are worthy of recognition, preservation, and protection;

(d) (i) the highest management priority for lands within these zones is the preservation, restoration, and enhancement of watershed and rangeland health to sustain and expand forage production for both livestock grazing and wildlife habitat, and the restoration and development of historic, existing, and future livestock grazing and wildlife habitat resources in order to provide protection for the resources, objects, customs, culture, and values identified above; and

(ii) notwithstanding Subsection (4)(d)(i), if part or all of any zone lies within a sage grouse management area, then the management priorities for such part shall be consistent with the management priorities set forth in Subsection (4)(d)(i) to the maximum extent consistent with the management priorities of the sage grouse management area;

(e) subject to Subsection (4)(d)(ii), responsible development of any deposits of energy and mineral resources, including oil, natural gas, oil shale, oil sands, coal, phosphate, gold, uranium, and copper, as well as areas with wind and solar energy

potential, that may exist in these zones is compatible with the management priorities of Subsection (4)(d)(i) in these zones; and

(f) subject to Subsection (4)(d)(ii), responsible development of any recreation resources, including roads, campgrounds, water resources, trails, OHV use, sightseeing, canyoneering, hunting, fishing, trapping, and hiking resources that may exist in these grazing zones is compatible with the management priorities of Subsection (4)(d)(i) in these grazing zones.

(5) The state finds with respect to the zones described in Subsection (2) that the historic levels of livestock grazing activity and other values identified in Subsection (4) in each zone have greatly diminished, or are under other serious threat, due to:

(a) unreasonable, arbitrary, and unlawfully restrictive federal management policies, including:

(i) de facto managing for wilderness in nonwilderness areas and non-WSAs;

(ii) ignoring the chiefly valuable for grazing designation of the Secretary of the Interior applicable to each of these zones; and

(iii) the arbitrary administrative reductions in animal unit months of permitted forage;

(b) inflexible federal grazing practices that disallow grazing at different times each year proven to be most effective for maintaining and enhancing rangeland conditions;

(c) mismanagement of wild horses and burros resulting in competition for forage by excess and mismanaged populations of wild horses and burros in Beaver and Emery counties;

(d) improper management of vegetation resulting in the overgrowth of pinion, invasive species, and juniper, and other woody vegetation that:

(i) compromise watershed and rangeland health;

(ii) crowd out grazing forage;

(iii) degrade habitat and limit wildlife populations;

(iv) reduce water yield; and

(v) heighten the risk of catastrophic wildfire; and

(e) other practices that degrade overall rangeland health.

(6) To protect and preserve against the threats described in Subsection (5), the state supports the following with respect to the zones described in Subsection (2):

(a) efficient and sustained policies, programs, and practices directed at preserving, restoring, and enhancing watershed and rangeland health to maximize:

(i) all permitted forage production for livestock grazing and other compatible uses, including

flexible grazing on and off dates adaptive to yearly climate and range conditions; and

(ii) forage for fish and wildlife;

(b) a cooperative management approach by federal agencies, the state, and local government agencies to achieve broadly supported management plans for the full development of:

(i) forage resources for grazing livestock and wildlife; and

(ii) other uses compatible with livestock grazing and wildlife utilization;

(c) effective and responsible management of wild horses and burros to eliminate excess populations; and

(d) effective and responsible management of wildlife habitat.

(7) The state requests that the federal agencies that administer lands within each grazing zone:

(a) fully cooperate and coordinate with the state and the respective counties within which each grazing zone is situated to develop, amend, and implement land and resource management plans, and implement management decisions that are consistent with the purposes, goals, and policies described in this section to the maximum extent allowed under federal law;

(b) expedite the processing, granting, and streamlining of grazing permits, range improvements, and applications to enhance and otherwise develop all existing and permitted grazing resources located within each grazing zone, including renewable vegetative resources;

(c) allow continued maintenance and increased development of roads, power lines, pipeline infrastructure, and other utilities necessary to achieve the goals, purposes, and policies described in this section and consistent with multiple use and sustained yield principles;

(d) refrain from any planning decisions and management actions that will undermine, restrict, or diminish the goals, purposes, and policies for each grazing zone as stated in this section;

(e) subject to Subsection (4)(d)(ii), refrain from implementing a policy that is contrary to the goals and purposes described within this section; and

(f) refrain from implementing utilization standards less than 50%, unless:

(i) implementing a standard of less than 50% utilization on a temporary basis is necessary to resolve site-specific concerns; and

(ii) the federal agency consults, coordinates, and cooperates fully with local governments.

(8) (a) If a grazing zone described in Subsection (2) is managed or neglected in such a way as to increase the risk of catastrophic wildfire, and if the chief executive officer of a county or a county sheriff finds that the catastrophic wildfire risk adversely affects the health, safety, and welfare of the people

of the political subdivision and that increased livestock grazing in part or all of the grazing zone would substantially reduce that adverse effect:

(i) Subsections 11-51-103(1)(a) and (b) shall govern and apply to the chief executive officer and the county sheriff with respect to making increased livestock grazing available in the grazing zone; and

(ii) Subsection 11-51-103(1)(b) shall govern and apply to the attorney general with respect to making increased livestock grazing available in the grazing zone.

(b) If a grazing zone described in Subsection (2) is managed or neglected in such a way as to increase the risk of catastrophic wildfire, and if the chief executive officer of a county or a county sheriff finds that the catastrophic wildfire risk constitutes an imminent threat to the health, safety, and welfare of the people of the political subdivision and that increased livestock grazing in part or all of the grazing zone would substantially reduce that imminent threat:

(i) Subsections 11-51-103(2) and (3) shall govern and apply to the chief executive officer and the county sheriff with respect to making increased livestock grazing available in the grazing zone; and
