**73-10-1. State's policy -- Creation of revolving fund -- General construction of chapter.**

(1) (a) The Legislature of the state of Utah ~~having~~ has heretofore declared:

(i) by Section 73-1-1, Utah Code Annotated 1953, that, "All waters ~~of~~ in this state, whether above or under the ground, are hereby declared to be the property of the public, subject to all existing rights to the use thereof"; ~~and further,~~

(ii) by Section 73-1-3, Utah Code Annotated 1953, that "Beneficial use shall be the basis, the ~~measures~~ measure and the limit of all rights to the use of water in this state"; and ~~further,~~

(iii) by Section 17B-2a-1002 that the policy of the state is, to "[~~T~~o] obtain from water in [~~U~~tah] the state the highest duty for domestic uses and irrigation of lands in [~~U~~tah] the state within the terms of applicable interstate compacts ~~[or otherwise, now by this act]~~ and other law."

(b) The Legislature by this chapter reiterates and reaffirms such declaration of the public policy of the state of Utah.

(2) It is further declared to be the policy of this chapter and of the state of Utah, and the legislature recognizes:

(a) that by construction of projects based upon sound engineering the waters within the various counties of the state of Utah can be saved from waste and increased in efficiency of beneficial use by 25% to 100%;

(b) that because of well-known conditions such as low prices and lack of market for farm products, particularly the inefficiency of water supply because of lack of late season water and consequent lack of financial strength, water users in small communities have been unable to build projects that would provide full conservation and beneficial use for the limited water supply in this semiarid land;

(c) that water, as the property of the public, should be so managed by the public that it can be put to the highest use for public benefit;

(d) that Congress of the United States has provided for the building of larger water conservation projects throughout the semiarid states, payment of the capital costs without interest to be made by the water users upon the basis of a fair portion of crop returns;

(e) that the Congress of the United States has established in the department of interior and in the department of agriculture, various agencies having authority to develop, protect, and aid in putting to beneficial use the land and water resources of the United States and to cooperate with state agencies having similar authority;

(f) that the interests of the state of Utah require that means be provided for close cooperation between all state and federal agencies to the end that the underground waters and waters of the small streams of the state, and the lands thereunder, can be made to yield abundantly and increase the income and well-being of the citizens of the state;

(g) that it appears to be sound public policy for the state of Utah to provide a revolving fund, to be increased at each legislative session, to the end that every mountain stream and every water resource within the state can be made to render the highest beneficial service, such fund to be so administered that no project will be built except upon expert engineering, financial, and geological approval.

(3) All of the provisions of this chapter shall be liberally construed so as to carry out and put into force and effect the purposes and policies as hereinabove set forth.

(iii) award custody of the child in accordance with the child's best interest.

(c) Termination of a person's parental rights does not terminate the right of a relative of the parent to seek adoption of the child.

(3) Evidence considered at the custody hearing may include:

(a) evidence of psychological or emotional bonds that the child has formed with a third person, including the prospective adoptive parent; and

(b) any detriment that a change in custody may cause the child.

(4) If the court dismisses the adoption petition, the fact that a person relinquished a child for adoption or consented to the adoption may not be considered as evidence in a custody proceeding described in this section, or in any subsequent custody proceeding, that it is not in the child's best interest for custody to be awarded to such person or that:

(a) the person is unfit or incompetent to be a parent;

(b) the person has neglected or abandoned the child;

(ii) was served with notice of the adoption proceeding; or

(iii) executed a consent to the adoption or relinquishment for adoption.

(b) No person may contest an adoption after one year from the day on which the final decree of adoption is entered.

(c) The limitations on contesting an adoption action, described in this Subsection (7), apply to all attempts to contest an adoption:

(i) regardless of whether the adoption is contested directly or collaterally; and

(ii) regardless of the basis for contesting the adoption, including claims of fraud, duress, undue influence, lack of capacity or competency, mistake of law or fact, or lack of jurisdiction.

(d) The limitations on contesting an adoption action, described in this Subsection (7), do not prohibit a timely appeal of:

(i) a final decree of adoption; or

(ii) a decision in an action challenging an adoption, if the action was brought within the time limitations described in Subsections (7)(a) and (b).

(8) A court that has jurisdiction over a child for whom more than one petition for adoption is filed shall grant a hearing only under the following circumstances:

(A) was actively involved in the child's child welfare case with the division or the juvenile court while the child's parent engaged in reunification services; and

(B) filed a written statement with the court that includes the information described in Subsections (8)(a)(iii)(A) and (B) within 30 days after the day on which the court terminated reunification services; or

(b) if the child:

(i) has been in the current placement for less than 180 days before the day on which the petitioner files the petition for adoption; or

(ii) is placed with, or is in the custody or guardianship of, an individual who previously informed the division or the court that the individual is unwilling or unable to adopt the child.

(9) (a) If the court grants a hearing on more than one petition for adoption, there is a rebuttable presumption that it is in the best interest of a child to be placed for adoption with a petitioner:

(i) who has fulfilled the requirements described in Title 78B, Chapter 6, Part 1, Utah Adoption Act; and

(ii) (A) with whom the child has continuously resided for six months;

(B) who has filed a written statement with the court within 120 days after the day on which the shelter hearing is held, as described in Subsection (8)(a)(iii); or

(C) who is a relative described in Subsection (8)(a)(iv).

(b) The court may consider other factors relevant to the best interest of the child to determine whether the presumption is rebutted.

(c) The court shall weigh the best interest of the child uniformly between petitioners if more than one petitioner satisfies a rebuttable presumption condition described in Subsection (9)(a).

(10) Nothing in this section shall be construed to prevent the division or the child's guardian ad litem from appearing or participating in any proceeding for a petition for adoption.

(11) The division shall use best efforts to provide a known relative with timely information relating to the relative's rights or duties under this section.

(d) (i) "Voted and board local levy funding balance" means the difference between:

(A) the amount appropriated for the guaranteed local levy increments in a fiscal year; and

(B) the amount necessary to fund in the same fiscal year the guaranteed local levy increments as determined under this section.

(ii) "Voted and board local levy funding balance" does not include appropriations described in Subsection (2)(b)(i).

(e) "Voted local levy" means a local levy described in Section 53F-8-301.

(2) (a) (i) In addition to the revenue collected from the imposition of a voted local levy or a board local levy, the state shall guarantee that a school district receives, subject to Subsections (2)(b)(ii)(C) and (3)(a), for each guaranteed local levy increment, an amount sufficient to guarantee for a fiscal year that begins on July 1, 2018, \$43.10 per weighted pupil unit.

(ii) Except as provided in Subsection (2)(b)(ii), the number of local levy increments that are subject to the guarantee amount described in Subsection (2)(a)(i) are:

(A) for a board local levy, the first four local levy increments a local school board imposes under the board local levy; and

(B) for a voted local levy, the first 16 local levy increments a local school board imposes under the voted local levy.

(b) (i) Subject to future budget constraints and Subsection (2)(c), the Legislature shall annually appropriate money from the Local Levy Growth Account established in Section 53F-9-305 for purposes described in Subsection (2)(b)(ii).

(ii) The state board shall, for a fiscal year beginning on or after July 1, 2018, and subject to Subsection (2)(c), allocate funds appropriated under Subsection (2)(b)(i) in the following order of priority by increasing:

(A) by up to four increments the number of voted local levy guaranteed local levy increments above 16;

(B) by up to 16 increments the number of board local levy guaranteed local levy increments above four; and

(C) the guaranteed amount described in Subsection (2)(a)(i).

(c) The number of guaranteed local levy increments under this Subsection (2) for a school district may not exceed 20 guaranteed local levy increments, regardless of whether the guaranteed local levy increments are from the imposition of a voted local levy, a board local levy, or a combination of the two.

(d) (i) As used in this Subsection (2)(d), "cost for the guarantee" means the total cost for the guarantee described in this section, excluding the cost of the adjustments described in Subsection (2)(b)(ii).

(ii) In addition to an appropriation for the adjustment described in Subsection (2)(b)(ii), if the state cost for the guarantee for the upcoming fiscal year is less than the amount appropriated for the

cost for the guarantee for the current fiscal year, the Legislature may appropriate an additional amount to fund all or part of the difference.

(iii) The state board shall allocate an appropriation described in Subsection (2)(d)(ii) to increase the guarantee amount for each guaranteed local levy increment.

(3) (a) The guarantee described in Subsection (2)(a)(i) is indexed each year to the value of the weighted pupil unit by making the value of the guarantee equal to .011962 times the value of the prior year's weighted pupil unit.

(b) The guarantee shall increase by .0005 times the value of the prior year's weighted pupil unit for each year subject to the Legislature appropriating funds for an increase in the guarantee.

(4) (a) The amount of state guarantee money that a school district would otherwise be entitled to receive under this section may not be reduced for the sole reason that the school district's board local levy or voted local levy is reduced as a consequence of changes in the certified tax rate under Section 59-2-924 pursuant to changes in property valuation.

(b) Subsection (4)(a) applies for a period of five years following a change in the certified tax rate as described in Subsection (4)(a).

(5) The guarantee provided under this section does not apply to the portion of a voted local levy rate that exceeds the voted local levy rate that was in effect for the previous fiscal year, unless an increase in the voted local levy rate was authorized in an election conducted on or after July 1 of the previous fiscal year and before December 2 of the previous fiscal year.

(6) (a) If a voted and board local levy funding balance exists for the prior fiscal year, the state board shall:

(i) use the voted and board local levy funding balance to increase the value of the state guarantee per weighted pupil unit described in Subsection (3)(a) in the current fiscal year; and

(ii) distribute guaranteed local levy increment funds to school districts based on the increased value of the state guarantee per weighted pupil unit described in Subsection (6)(a)(i).

(b) The state board shall report action taken under Subsection (6)(a) to the Office of the Legislative Fiscal Analyst and the Governor's Office of Management and Budget.

(7) A local school board of a school district that receives funds described in this section shall budget and expend the funds for public education purposes.

(b) Options Two, Three, Four, Five, and Six are modifications of the Option One calculation.

(2) The Option One benefit is an allowance calculated as follows:

(a) If the retiree is at least 65 years of age or has accrued at least 30 years of service credit, the allowance is an amount equal to 2% of the retiree's final average monthly salary multiplied by the number of years of service credit accrued.

(b) If the retiree is less than 65 years of age, the allowance shall be reduced 3% for each year of retirement from age 60 to age 65, plus a full actuarial reduction for each year of retirement prior to age 60, unless the member has 30 or more years of accrued credit, in which event no reduction is made to the allowance.

(c) (i) Years of service include any fractions of years of service to which the retiree may be entitled.

(ii) At the time of retirement, if a retiree's combined years of actual, not purchased, service credit is within 1/10 of one year of the total years of service credit required for retirement, the retiree shall be considered to have the total years of service credit required for retirement.

(d) An Option One allowance is only payable to the member during the member's lifetime.

(3) The allowance payable under Options Two, Three, Four, Five, and Six is calculated by reducing an Option One benefit based on actuarial computations to provide the following:

(a) Option Two is a reduced allowance paid to and throughout the lifetime of the retiree, and, if the retiree receives less in annuity payments than the amount of the retiree's member contributions, the remaining balance of the retiree's member contributions shall be paid in accordance with Sections 49-11-609 and 49-11-610.

(b) Option Three is a reduced allowance paid to and throughout the lifetime of the retiree, and, upon the death of the retiree, the same reduced allowance paid to and throughout the lifetime of the retiree's lawful spouse at the time of retirement.

(c) Option Four is a reduced allowance paid to and throughout the lifetime of the retiree, and upon the death of the retiree, an amount equal to one-half of the retiree's allowance paid to and throughout the lifetime of the retiree's lawful spouse at the time of retirement.

(d) Option Five is a modification of Option Three so that if the lawful spouse at the time of retirement predeceases the retiree, an allowance equivalent to the amount payable at the time of initial retirement under Option One shall be paid to the retiree for the remainder of the retiree's life, beginning on the first day of the month following the month in which the:

(i) spouse died, if notification and supporting documentation for the death are received by the office within 90 days of the spouse's death; or

(ii) notification and supporting documentation for the death are received by the office, if the notification and supporting documentation are received by the office more than 90 days after the spouse's death.

(e) Option Six is a modification of Option Four so that if the lawful spouse at the time of retirement predeceases the retiree, an allowance equivalent to the amount payable at the time of initial retirement under Option One shall be paid to the retiree for the remainder of the retiree's life, beginning on the first day of the month following the month in which the:

(i) spouse died, if notification and supporting documentation for the death are received by the office within 90 days of the spouse's death; or

(ii) notification and supporting documentation for the death are received by the office, if the notification and supporting documentation are received by the office more than 90 days after the spouse's death.

(4) (a) (i) The final average salary is limited in the computation of that part of an allowance based on service rendered prior to July 1, 1967, during a period when the retiree received employer contributions on a portion of compensation from an educational institution toward the payment of the premium required on a retirement annuity contract with a public or private system, organization, or company designated by the [~~State Board of Regents~~] Utah Board of Higher Education to \$4,800.

(ii) This limitation is not applicable to retirees who elected to continue in the Public Employees' Contributory Retirement System by July 1, 1967.

(b) Periods of employment which are exempt from this system as permitted under Subsection 49-13-203(1)(b) may be purchased by the member for the purpose of retirement only if all benefits from a public or private system, organization, or company designated by the [~~State Board of Regents~~] Utah Board of Higher Education based on this period of employment are forfeited.

(5) (a) If a retiree under Option One dies within 90 days after the retiree's retirement date, the retirement is canceled and the death shall be considered as that of a member before retirement.

(b) Any payments made to the retiree shall be deducted from the amounts due to the beneficiary.

(6) (a) If a retiree retires under either Option Five or Six and subsequently divorces, the retiree may elect to convert the benefit to an Option One benefit at the time of divorce, if there is no court order filed in the matter.

(b) A conversion to an Option One benefit under this Subsection (6) begins on the first day of the month following the month in which the notification and supporting documentation for the divorce are received by the office.

(7) A retiree may not choose payment of an allowance under a retirement option described in this section that is not applicable to that retiree, including because the retiree did not make member contributions or does not have a lawful spouse at the time of retirement.

(7) A segment may not:

(a) transfer the segment's property or other assets to the segment's associated entity or to another segment established by the segment's associated entity if the transfer impairs the ability of the segment to pay the segment's debts that exist at the time of the transfer, unless the segment's associated entity or the other segment gives fair value for the property or asset; or

(b) assign a tax or other liability imposed against the segment to the segment's associated entity or to

another segment established by the segment's associated entity if the assignment impairs a creditor's ability to collect the amount due when owed.

(8) If a segment and a segment's associated entity or another segment established by the segment's associated entity are involved in a joint action or have a common interest in a facility, the segment's or the segment's associated entity's maintenance of records and accounts related to the joint action or common interest does not constitute a violation of Subsection (2)(b) or (c).

(9) Except as otherwise provided in this part or where clearly not applicable, the provisions of law that apply to a segment's associated entity also apply to the segment, including Subsection 11-13-205(5), as if the segment were a separate legal or administrative entity.

(10) (a) To the extent an associated entity is a taxpayer as defined in Section 59-8-103, the associated entity shall pay tax on the associated entity's gross receipts at the rate of tax that would apply if all gross receipts of the associated entity and the associated entity's segments, in the aggregate, were the gross receipts of a single taxpayer.

(b) Each segment of an associated entity that is a taxpayer as defined in Section 59-8-103 shall pay tax on the segment's gross receipts each period described in Subsection 59-8-105(1) at the same rate of tax as the rate of tax paid by the segment's associated entity for the same period.

(c) Notwithstanding Subsections (10)(a) and (b):

(i) an associated entity is not liable for the tax imposed on a segment; and

(ii) a segment of an associated entity is not liable for the tax imposed on the segment's associated entity or on another segment of the segment's associated entity.
