The (insert the name of the association of unit owners), the association for the project in which your unit is located, intends to foreclose upon your unit and allocated interest in the common areas and facilities for delinquent assessments using a procedure that will not require it to file a lawsuit or involve a court. This procedure is governed by Utah Code, Sections 57-8-46 and 57-8-47, and is being followed in order to enforce the association's lien against your unit and to collect the amount of an unpaid assessment against your unit, together with any applicable late fees and the costs, including attorney fees, associated with the foreclosure proceeding. This procedure cannot and will not be used to foreclose upon your unit for delinquent fines for a violation of the association of unit owners' governing documents. Alternatively, you have the right to demand that a foreclosure of your property for delinquent assessments be conducted in a lawsuit with the oversight of a judge. If you make this demand, the association of unit owners may also include a claim for delinquent fines for a violation of the association of unit owners' governing documents. Additionally, if you make this demand and the association prevails in the lawsuit, the costs and attorney fees associated with the lawsuit will likely be significantly higher than if a lawsuit were not required, and you may be responsible for paying those costs and attorney fees. If you want to make this demand, you must state in writing that 'I demand a judicial foreclosure proceeding upon my unit,' or words substantially to that effect. You must send this written demand by first class and certified U.S. mail, return receipt requested, within [15] 30 days after the [date of the postmark on the envelope in which] day on which this notice was [mailed] delivered to you. The address to which you must mail your demand is (insert the address of the association of unit owners for receipt of a demand)."; and

(iv) be sent to the unit owner by certified mail, return receipt requested; and

(b) may be included with other association correspondence to the unit owner.

(3) An association of unit owners may not use a nonjudicial foreclosure to enforce a lien if:

(a) the association of unit owners fails to provide notice in accordance with Subsection (1);

(b) the unit owner mails the association of unit owners a written demand for judicial foreclosure:

~~[(a)]~~ (i) by U.S. mail, certified with a return receipt requested;

~~[(b)]~~ (ii) to the address stated in the association of unit owners' notice under Subsection (1); and

~~[(e)]~~ (iii) within [15] 30 days after the [date of the postmark on the envelope of] day on which the return receipt described in Subsection (2)(a)(iv) shows the association of unit owners' notice under Subsection (1) is delivered;

(c) the lien includes a fine described in Subsection 57-8-44(1)(a)(iii); or

(d) unless the lien is on a time share estate as defined in Section 57-19-2, the lien does not include an assessment described in Subsection 57-8-44(1)(a)(i) that is delinquent more than 180 days after the day on which the assessment is due.

**"NOTICE OF NONJUDICIAL FORECLOSURE AND RIGHT TO DEMAND JUDICIAL FORECLOSURE**

The (insert the name of the association), the association for the project in which your lot is located, intends to foreclose upon your lot and allocated interest in the common areas for delinquent assessments using a procedure that will not require it to file a lawsuit or involve a court. This procedure is governed by Utah Code, Sections 57-8a-303 and 57-8a-304, and is being followed in order to enforce the association's lien against your lot and to collect the amount of an unpaid assessment against your lot, together with any applicable late fees and the costs, including attorney fees, associated with the foreclosure

proceeding. This procedure cannot and will not be used to foreclose upon your lot for delinquent fines for a violation of the association's governing documents. Alternatively, you have the right to demand that a foreclosure of your property for delinquent assessments be conducted in a lawsuit with the oversight of a judge. If you make this demand, the association may also include a claim for delinquent fines for a violation of the association's governing documents. Additionally, if you make this demand and the association prevails in the lawsuit, the costs and attorney fees associated with the lawsuit will likely be significantly higher than if a lawsuit were not required, and you may be responsible for paying those costs and attorney fees. If you want to make this demand, you must state in writing that 'I demand a judicial foreclosure proceeding upon my lot,' or words substantially to that effect. You must send this written demand by first class and certified U.S. mail, return receipt requested, within ~~[15]~~ 30 days after the ~~[date of the postmark on the envelope in which]~~ day on which this notice was ~~[mailed]~~ delivered to you. The address to which you must mail your demand is (insert the association's address for receipt of a demand)."; and

(iv) be sent to the lot owner by certified mail, return receipt requested; and

(b) may be included with other association correspondence to the lot owner.

(3) An association may not use a nonjudicial foreclosure to enforce a lien if:

(a) the association fails to provide notice in accordance with Subsection (1);

(b) the lot owner mails the association a written demand for judicial foreclosure:

~~[(a)]~~ (i) by U.S. mail, certified with a return receipt requested;

~~[(b)]~~ (ii) to the address stated in the association's notice under Subsection (1); and

~~[(c)]~~ (iii) within ~~[15]~~ 30 days after the ~~[date of the postmark on the envelope of]~~ day on which the return receipt described in Subsection (2)(a)(iv) shows the association's notice under Subsection (1) ~~is delivered;~~

(c) the lien includes a fine described in Subsection 57-8a-301(1)(a)(iii); or

(d) unless the lien is on a time share estate as defined in Section 57-19-2, the lien does not include an assessment described in Subsection 57-8a-301(1)(a)(i) that is delinquent more than 180 days after the day on which the assessment is due.

(ii) the officer’s failure to comply with the requirement of Section 77-7a-104 is reasonably likely to affect the outcome of the defendant’s trial.

(d) If a state agency does not initiate rulemaking proceedings in accordance with the time requirements in Subsection (14)(b), the state agency shall appear before the legislative Administrative Rules Review Committee and provide the reasons for the delay.

**Section 22. Section 59-12-701 is amended to read:**

**59-12-701. Purpose statement.**

The Utah Legislature finds and declares that:

(1) Recreational and zoological facilities and the botanical, cultural, and zoological organizations of the state of Utah enhance the quality of life of Utah's citizens, as well as the continuing growth of Utah's tourist, convention, and recreational industries.

(2) Utah was the first state in this nation to create and financially support a state arts agency, ~~now the Utah Arts Council, which is~~ and remains committed to the nurturing and growth of cultural pursuits.

(3) Utah has provided, and intends to continue, the financial support of recreational and zoological facilities and the botanical, cultural, and zoological organizations of this state.

(4) The state's support of its recreational and zoological facilities and its botanical, cultural, and zoological organizations has not been sufficient to assure the continuing existence and growth of these facilities and organizations, and the Legislature believes that local government may wish to play a greater role in the support of these organizations.

(5) Without jeopardizing the state's ongoing support of its recreational and zoological facilities and its botanical, cultural, and zoological organizations, the Legislature intends to permit the counties of the state of Utah to enhance public financial support of Utah's publicly owned or operated recreational and zoological facilities, and botanical, cultural, and zoological organizations owned or operated by institutions or private nonprofit organizations, through the imposition of a county sales and use tax.

(6) In a county of the first class, it is necessary and appropriate to allocate a tax imposed under this part in a manner that provides adequate predictable support to a fixed number of botanical and cultural organizations and that gives the county legislative body discretion to allocate the tax revenues to other botanical and cultural organizations.

**Section 23. Section 59-12-704 is amended to read:**

**59-12-704. Distribution of revenues -- Advisory board creation -- Determining operating expenses -- Administrative charge.**

(a) 30% of the revenue collected by the county under this section shall be distributed by the county legislative body to support cultural facilities and recreational facilities located within the county;

(b) (i) subject to Subsection (1)(b)(ii) and except as provided in Subsection (1)(b)(iii), 16% of the revenue collected by the county under this section shall be distributed by the county legislative body to support no more than three zoological facilities and zoological organizations located within the county, having average annual operating expenses of \$1,500,000 or more as determined under Subsection (3), with:

(A) 63.5% of that revenue being distributed to support a zoological organization having as its primary purpose the operation of a zoological park, or a zoological facility that is part of or integrated with a zoological park;

(B) 28.25% of that revenue being distributed to support a zoological organization having as its primary purpose the operation of an aquarium, or a zoological facility that is part of or integrated with an aquarium; and

(C) 8.25% of that revenue being distributed to support a zoological organization having as its primary purpose the operation of an aviary, or a zoological facility that is part of or integrated with an aviary;

(ii) if more than one zoological organization or zoological facility qualifies to receive the money described in Subsection (1)(b)(i)(A), (B), or (C), the county legislative body shall distribute the money described in the subsection for which more than one zoological organization or zoological facility qualifies to whichever zoological organization or zoological facility the county legislative body determines is most appropriate, except that a zoological organization or zoological facility may not receive money under more than one subsection under Subsection (1)(b)(i); and

(iii) if no zoological organization or zoological facility qualifies to receive money described in Subsection (1)(b)(i)(A), (B), or (C), the county legislative body shall distribute the money described in the subsection for which no zoological organization or zoological facility qualifies among the zoological organizations or zoological facilities qualifying for and receiving money under the other subsections in proportion to the zoological organizations' or zoological facilities' average annual operating expenses as determined under Subsection (3);

(c) (i) 45% of the revenue collected by the county under this section shall be distributed to no more than 22 botanical organizations and cultural organizations with average annual operating expenses of more than \$250,000 as determined under Subsection (3);

(ii) subject to Subsection (1)(c)(iii), the county legislative body shall distribute the money described in Subsection (1)(c)(i) among the botanical organizations and cultural organizations in proportion to their average annual operating expenses as determined under Subsection (3); and

(iii) the amount distributed to any botanical organization or cultural organization described in Subsection (1)(c)(i) may not exceed 35% of the botanical organization's or cultural organization's operating budget; and

(d) (i) 9% of the revenue collected by the county under this section shall be distributed to botanical organizations and cultural organizations that do not receive revenue under Subsection (1)(c)(i); and

(ii) the county legislative body shall determine how the money shall be distributed among the botanical organizations and cultural organizations described in Subsection (1)(d)(i).

(2) (a) The county legislative body of each county shall create an advisory board to advise the county legislative body on disbursement of funds to botanical organizations and cultural organizations under Subsection (1)(c)(i).

(b) (i) The advisory board under Subsection (2)(a) shall consist of seven members appointed by the county legislative body.

(ii) In a county of the first class, two of the seven members of the advisory board under Subsection (2)(a) shall be appointed ~~[from the Utah Arts Council]~~ by the Division of Arts and Museums created in Section 9-6-201.

(3) (a) Except as provided in Subsection (3)(b), to be eligible to receive money collected by the county under this part, a botanical organization, cultural organization, zoological organization, and zoological facility located within a county of the first class shall, every year:

(i) calculate its average annual operating expenses based upon audited operating expenses for three preceding fiscal years; and

(ii) submit to the appropriate county legislative body:

(A) a verified audit of annual operating expenses for each of those three preceding fiscal years; and

(B) the average annual operating expenses as calculated under Subsection (3)(a)(i).

(b) The county legislative body may waive the operating expenses reporting requirements under Subsection (3)(a) for organizations described in Subsection (1)(d)(i).

(4) When calculating average annual operating expenses as described in Subsection (3), each botanical organization, cultural organization, and zoological organization shall use the same three-year fiscal period as determined by the county legislative body.

(5) (a) By July 1 of each year, the county legislative body of a first class county may index the threshold amount in Subsections (1)(c) and (d).

(b) Any change under Subsection (5)(a) shall be rounded off to the nearest \$100.

(6) (a) In a county except for a county of the first class, the county legislative body shall by ordinance

provide for the distribution of the entire amount of the revenues generated by the tax imposed by this section:

(i) as provided in this Subsection (6); and

(ii) as stated in the opinion question described in Subsection 59-12-703(1).

(b) Pursuant to an interlocal agreement established in accordance with Title 11, Chapter 13, Interlocal Cooperation Act, a county described in Subsection (6)(a) may distribute to a city, town, or political subdivision within the county revenues generated by a tax under this part.

(c) The revenues distributed under Subsection (6)(a) or (b) shall be used for one or more organizations or facilities defined in Section 59-12-702 regardless of whether the revenues are distributed:

(i) directly by the county described in Subsection (6)(a) to be used for an organization or facility defined in Section 59-12-702; or

(ii) in accordance with an interlocal agreement described in Subsection (6)(b).

(7) A county legislative body may retain up to 1.5% of the proceeds from a tax under this part for the cost of administering this part.

(8) The commission shall retain and deposit an administrative charge in accordance with Section 59-1-306 from the revenues the commission collects from a tax under this part.

(1) (a) It shall be the duty of the state engineer to approve an application if there is reason to believe that:

- (i) for an application to appropriate, there is unappropriated water in the proposed source;
- (ii) the proposed use will not impair existing rights or interfere with the more beneficial use of the water;

(iii) the proposed plan:

(A) is physically and economically feasible, unless the application is filed by the United States Bureau of Reclamation; and

(B) would not prove detrimental to the public welfare;

(iv) the applicant has the financial ability to complete the proposed works;

(v) the application was filed in good faith and not for purposes of speculation or monopoly; and

(vi) if applicable, the application complies with a groundwater management plan adopted under Section 73-5-15.

(b) If the state engineer, because of information in the state engineer's possession obtained either by the state engineer's own investigation or otherwise, has reason to believe that an application will interfere with the water's more beneficial use for irrigation, municipal and industrial, domestic or culinary, stock watering, power or mining development, or manufacturing, or will unreasonably affect public recreation or the natural stream environment, or will prove detrimental to the public welfare, the state engineer shall withhold approval or rejection of the application until the state engineer has investigated the matter.

(c) If an application does not meet the requirements of this section, it shall be rejected.

(2) (a) An application to appropriate water for industrial, power, mining development, manufacturing purposes, agriculture, or municipal purposes may be approved for a specific and certain period from the time the water is placed to beneficial use under the application, but in no event may an application be granted for a period of time less than that ordinarily needed to satisfy the essential and primary purpose of the application or until the water is no longer available as determined by the state engineer.

(b) At the expiration of the period fixed by the state engineer the water shall revert to the public and is subject to appropriation as provided by this title.

(c) No later than 60 calendar days before the expiration date of the fixed time period, the state engineer shall send notice by mail or by any form of electronic communication through which receipt is verifiable, to the applicant of record.

(d) Except as provided by Subsection (2)(e), the state engineer may extend any limited water right upon a showing that:

(i) the essential purpose of the original application has not been satisfied;

(ii) the need for an extension is not the result of any default or neglect by the applicant; and

(iii) the water is still available.

(e) ~~[No extension shall]~~ An extension may not exceed the time necessary to satisfy the primary purpose of the original application.

(f) A request for extension of the fixed time period must be filed in writing in the office of the state engineer on or before the expiration date of the application.

(ii) deny the temporary change if the state engineer finds there is reason to believe ~~[it]~~ the temporary change would impair an existing right.

(5) (a) With respect to a change application for a permanent or fixed time change:

(i) the state engineer shall follow the same procedures provided in this title for approving an application to appropriate water; and

(ii) the rights and duties of a change applicant are the same as the rights and duties of a person who applies to appropriate water under this title.

(b) The state engineer may waive notice for a permanent or fixed time change application if the application only involves a change in point of diversion of 660 feet or less.

(c) The state engineer may condition approval of a change application to prevent an enlargement of the quantity of water depleted by the nature of the proposed use when compared with the nature of the currently approved use of water proposed to be changed.

(d) A condition described in Subsection (5)(c) may not include a reduction in the currently approved diversion rate of water under the water right identified in the change application solely to account for the difference in depletion under the nature of the proposed use when compared with the nature of the currently approved use.

(6) (a) Except as provided in Subsection (6)(b), the state engineer shall reject a permanent or fixed time change application if the person proposing to make the change is unable to meet the burden described in Subsection 73-3-3(5).

(b) If otherwise proper, the state engineer may approve a ~~[permanent or temporary]~~ change

application upon one or more of the following conditions:

- (i) for part of the water involved;
  - (ii) that the applicant acquire a conflicting right;
- or

(iii) that the applicant provide and implement a plan approved by the state engineer to mitigate impairment of an existing right.

(c) (i) There is a rebuttable presumption of quantity impairment, as defined in [Subsection 73-3-3(4)] Section 73-3-3, to the extent that, for a period of at least seven consecutive years, a portion of the right identified in a change application has not been:

(A) diverted from the approved point of diversion;

or

(B) beneficially used at the approved place of use.

(ii) The rebuttable presumption described in Subsection (6)(c)(i) does not apply if the beneficial use requirement is excused by:

(d) The state engineer may not consider quantity impairment based on the conditions described in Subsection (6)(c) unless the issue is raised in a:

(i) timely protest that identifies which of the protestant's existing rights the protestant reasonably believes will experience quantity impairment; or

(ii) written notice provided by the state engineer to the applicant within 90 days after the change application is filed.

(e) The written notice described in Subsection (6)(d)(ii) shall:

(i) specifically identify an existing right the state engineer reasonably believes may experience quantity impairment; and

(ii) be mailed to the owner of an identified right, as shown by the state engineer's records, if the owner has not protested the change application.

(f) The state engineer is not required to include all rights the state engineer believes may be impaired by the proposed change in the written notice described in Subsection (6)(d)(ii).

(g) The owner of a right who receives the written notice described in Subsection (6)(d)(ii) may not become a party to the administrative proceeding if the owner has not filed a timely protest.

(h) If a change applicant, [a]ll the protestants, and [a]ll the persons identified by the state engineer under Subsection (6)(d)(ii) come to a written

agreement regarding how the issue of quantity impairment shall be mitigated, the state engineer may incorporate the terms of the agreement into a change application approval.

**SECTION 1: PURPOSE**

The purpose of this Compact is to facilitate interstate practice of audiology and speech-language pathology with the goal of improving public access to audiology and speech-language pathology services. The practice of audiology and speech-language pathology occurs in the state where the patient/client/student is located at the time of the patient/client/student encounter. The Compact preserves the regulatory authority of states to protect public health and safety through the current system of state licensure.

This Compact is designed to achieve the following objectives:

2. Enhance the states' ability to protect the public's health and safety;
3. Encourage the cooperation of member states in regulating multistate audiology and speech-language pathology practice;
4. Support spouses of relocating active duty military personnel;
5. Enhance the exchange of licensure, investigative and disciplinary information between member states;
6. Allow a remote state to hold a provider of services with a compact privilege in that state accountable to that state's practice standards; and

#### SECTION 10. RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, the rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule shall be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

L. Upon determination that an emergency exists, the Commission may consider and adopt an

emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of litigation, including reasonable attorney's fees.

Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's audiology or speech-language pathology licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any audiology or speech-language pathology licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

#### SECTION 13. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected

thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

C. All lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

Senate Sponsor: Kirk A. Cullimore

Cosponsor: Jefferson Moss

**LONG TITLE**

**General Description:**

This concurrent resolution recognizes and commemorates the 250th anniversary, or semiquincentennial, of the United States of America.

**Highlighted Provisions:**

This resolution:

- ▶ recognizes the foundational, historical, and political significance of the signing of the Declaration of Independence by the Second Continental Congress on July 4, 1776; and
- ▶ requests that the Governor organize a commission to plan, encourage, develop, and coordinate a statewide effort commemorating and celebrating the 250th anniversary of the adoption of the Declaration of Independence.

**Special Clauses:**

None

*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

WHEREAS, the United States Declaration of Independence from Great Britain was adopted by the Second Continental Congress in Philadelphia on July 4, 1776; and

WHEREAS, the Declaration of Independence was drafted by a committee of five representatives that included John Adams, a leader in the push for independence, and Thomas Jefferson, who did most of the original drafting of the document; and

WHEREAS, the purpose of the Declaration of Independence was to announce formally that the 13 American colonies were at war with the Kingdom of Great Britain and would henceforth regard themselves as 13 independent, sovereign states, no longer subject to British rule; and

WHEREAS, the Declaration of Independence justified the independence of the United States by listing the colonial grievances against King George III and asserting certain natural and legal rights, including the right of revolution; and

WHEREAS, John Adams wrote to his wife Abigail after the Declaration of Independence's signing that he believed that Independence Day "will be celebrated, by succeeding Generations as the great anniversary Festival. It ought to be commemorated as the Day of Deliverance by solemn Acts of Devotion to God Almighty. It ought to be solemnized with Pomp and Parade, with shows, Games, Sports, Guns, Bells, Bonfires and Illuminations from one

End of this Continent to the other from this Time forward forever more"; and

WHEREAS, after ratifying the text on July 4, 1776, the Second Continental Congress issued the Declaration of Independence in several forms, sending a copy to each colony, King George III of England, and General George Washington and ordering an official copy, which was eventually placed on display at the National Archives in Washington, D.C. in February of 1924; and

WHEREAS, one of the original copies of the Declaration of Independence was displayed in the Utah State Capitol in February and March of 2002, as a centerpiece to the Cultural Olympiad of the 2002 Utah Winter Olympics, and viewed by over 40,000 people; and

WHEREAS, the Declaration of Independence contained principles that are of major significance in the national heritage of the United States, including individual liberty, representative government, and the attainment of equal and inalienable rights; and

WHEREAS, perhaps the most memorable sentence in the Declaration of Independence, a sentence that was especially significant to President Abraham Lincoln during the American Civil War, states: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty and the pursuit of Happiness"; and

WHEREAS, President Lincoln considered the Declaration of Independence to be the foundation of his political philosophy, calling it "a rebuke and stumbling block to tyranny and oppression," and explained that the Declaration of Independence is a statement of principles through which the United States Constitution should be interpreted; and

WHEREAS, the Declaration of Independence inspired many similar documents in other countries, including the Declaration of Flanders, issued during the Brabant Revolution in what is modern-day Belgium, and documents issued during other independence movements in Europe, Latin America, Africa, and New Zealand; and

WHEREAS, the lands that would become Utah were the homelands of Native American tribes, including the Utes, Shoshone, Paiute, Goshutes, and Diné at the time of the signing of the Declaration of Independence; and

WHEREAS, in the same year the Declaration of Independence was signed, the Spanish territory of New Spain sent two Franciscan priests, Atanasio Dominguez and Silvestre Velez de Escalante, to find an overland route from Santa Fe to central California, the two priests thereby becoming the first documented European explorers to travel through Utah; and

WHEREAS, all Utah citizens benefit from the principles espoused within the Declaration of Independence, as well as the United States Constitution and the Bill of Rights, and studies have found Utah is one of the most patriotic states in the nation; and

WHEREAS, the Utah Territory’s first governor, Brigham Young, stated regarding the Declaration: “We as a people have more reason to respect, honor, love and cherish the Government of the United States, and her Constitution and free institutions than any other people upon the face of the earth”; and

WHEREAS, Public Law 114–196, passed by the 114th United States Congress and signed by the President on July 22, 2016, establishes the United States Semiquincentennial Commission and encourages similar state and local efforts to coordinate with the national effort:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, recognizes the foundational, historical, and political significance of the signing of the Declaration of Independence and requests that the Governor organize a commission to celebrate the 250th anniversary of the adoption of the Declaration of Independence on July 4, 2026, to be staffed and administered by the Department of Heritage and Arts.

BE IT FURTHER RESOLVED that the commission shall be inclusive and composed of members with an interest in the celebration, expertise in related fields, and who represent broad demographic and geographic diversity.

**CONCURRENT RESOLUTION ENCOURAGING CONSIDERATION OF A LATER START TIME FOR HIGH SCHOOL**

Chief Sponsor: Suzanne Harrison  
Senate Sponsor: Ann Millner  
Cosponsors: Marsha Judkins  
Carol Spackman Moss  
Steve Waldrip

**LONG TITLE**

**General Description:**

This concurrent resolution encourages school districts and charter schools to consider the possible benefits and consequences of a later start to the school day for high schools.

**Highlighted Provisions:**

This resolution:

- ▶ encourages school districts, charter schools, and school community councils to consider the possible benefits and consequences of a later start to the school day for high schools.

**Special Clauses:**

None

*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

WHEREAS, the majority of adolescents are sleep deprived at school;

WHEREAS, research indicates that the natural biological rhythms of adolescents are a poor fit with early school start times and that most adolescents get their best sleep between the hours of 11:00 p.m. and 8:00 a.m.;

WHEREAS, only a few Utah high schools start the school day after 8:00 a.m.;

WHEREAS, the American Academy of Pediatrics, the American Medical Association, the Centers for Disease Control and Prevention, and over a dozen major medical organizations, including the American Psychological Association all recommend that high schools start no earlier than 8:30 a.m.;

WHEREAS, an average of only 10% of adolescents get the recommended 9.25 hours of sleep each night and the Center of Disease Control's 2017 Youth Risk Behavior Survey showed that 75.4% of U.S. high school students get fewer than 8 hours of sleep and 43% get less than 6 hours of sleep on school nights;

WHEREAS, environmental factors such as homework, extracurricular activities, social activities, part-time work, and technology exacerbate the tendency for adolescents to decrease sleep time;

WHEREAS, the National Sleep Foundation reports that 20 to 30% of high school students sleep at least once a week during class and 14% are tardy due to oversleeping;

WHEREAS, research identifies numerous consequences and impacts on adolescent brain development associated with sleep deprivation, including lack of attention to learning tasks, poor retention of information taught, low grades, increased risk of auto accidents, increased disciplinary problems, impaired judgment, increased suicidal thinking, increased levels of anxiety and depression, decreased motivation, increased substance abuse, and other negative consequences;

WHEREAS, sleep loss in adolescents has been associated with increased risk of obesity, eating disorders, and cardiovascular morbidity which are likely to lead to increasingly poor health as adolescents progress to adulthood;

WHEREAS, the need to start the high school day later is a public health concern;

WHEREAS, a comprehensive national study by the RAND Corporation on the economic impacts of delaying the start of school to at least 8:30 a.m. found that the benefits of a later start time far outweigh the immediate costs to implement later school start times and that a nation-wide delayed start time would generate an estimated economic gain of \$8.6 billion to the U.S. economy after just two years and potentially \$83 billion after just ten years resulting from improved academic performance and decreased mortality rates as a result of a decrease in the number of car crashes;

WHEREAS, research indicates that later school start times for high schools result in fewer car accidents, increased academic performance, fewer disciplinary referrals, improved mental health and athletic performance, reduced weekend oversleep, increased number of adolescents getting adequate sleep, and increased total sleep time;

WHEREAS, a major multi-state study conducted by researchers at the University of Minnesota and the U.S. Centers for Disease Control and Prevention linked later high school start times with significant decreases in adolescent substance abuse, depression, and consumption of caffeinated beverages;

WHEREAS, a study of secondary schools in Seattle found that delaying the school start time by an hour resulted in an increased daily median sleep time and an increase in the median grades among participating adolescents with a larger impact on adolescents from economically disadvantaged families;

WHEREAS, the Seattle study also found that later school start times resulted in increased punctuality and attendance, especially among economically disadvantaged students, and could have a significant impact on decreasing the learning gap between low and high socioeconomic groups;

WHEREAS, research indicates that later school start times have a minimal impact on participation rates by adolescents in extracurricular activities;

WHEREAS, the community can support parents and families to ensure that adolescents get appropriate sleep by adjusting school schedules;

WHEREAS, even small changes to the start time for high schools can result in significant improvements to the health and academic performance of adolescents; and

WHEREAS, the Legislature recognizes local control and that Utah's school districts and charter schools are responsible for school schedules and start times;

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, encourages school districts and charter schools, in consultation with their respective school community councils, to consider the possible benefits and consequences of a later start to the school day for high schools.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the State Board of Education, the State Charter School Board, and each school district and charter school in Utah that serves students in grades 9 through 12.

**CONCURRENT RESOLUTION  
 ENCOURAGING CONGRESSIONAL  
 ACTION ON PRESCRIPTION  
 DRUG PRICES**

Chief Sponsor: Suzanne Harrison

Senate Sponsor: Evan J. Vickers

**LONG TITLE**

**General Description:**

This concurrent resolution urges the United States Congress to address escalating prescription drug prices.

**Highlighted Provisions:**

This resolution:

- ▶ highlights the impacts of prescription drug prices on medication adherence and health outcomes;
- ▶ highlights the growth in prescription drug spending;
- ▶ highlights the difference between the prices paid for single-source brand name prescription drugs

in the United States and the prices paid for single-source brand name prescription drugs in other countries;

- ▶ highlights potential Medicare savings;
- ▶ highlights the inability of the secretary of the United States Department of Health and Human Services to influence Medicare prescription drug prices; and
- ▶ urges the United States Congress to promote innovative, market-based solutions and take specific steps to address escalating prescription drug prices.

**Special Clauses:**

None

*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

WHEREAS, at least 49% of Utah adults worry they won't be able to afford the prescription drugs they need;

WHEREAS, 29% of Utah adults do not fill a prescription, cut prescribed pills in half, or skip doses;

WHEREAS, non-adherence to prescribed drug treatments leads to increased morbidity, mortality, and health system costs;

WHEREAS, spending on prescription drugs nationwide has recently grown at more than 2.5 times the rate of inflation;

WHEREAS, prices paid for prescription drugs in the United States are often higher than prices paid for prescription drugs in other countries;

WHEREAS, one recent study of 79 single-source brand name drugs accounting for 40% of Medicare Part D spending showed that the pre-rebate prices charged in the United States are 1.3 to 70.1 times the amounts charged in Canada, the United Kingdom, and Japan;

WHEREAS, the study concluded that the overall, post-rebate cost of those 79 drugs was 3.2 to 4.1 times higher in the United States than the three other countries;

WHEREAS, the study concluded that manufacturer discounts would have to more than double, to 78% of the wholesale acquisition cost, to eliminate the price differential between the United States and the other three countries;

WHEREAS, if post-rebate prices paid for those 79 drugs in the United States were reduced to equal the average post-rebate cost in two or more of the other three countries, Medicare spending on those drugs would be reduced by 67%, or \$37.9 billion in 2018;

WHEREAS, in many countries other than the United States, the prices paid to drug manufacturers are based on the prices paid in other countries;

WHEREAS, the 2003 Medicare Modernization Act, which established the Medicare Part D drug benefit, allows Medicare prescription drug plans to

individually negotiate with drug manufacturers and pharmacies but prohibits the secretary of the United States Department of Health and Human Services from becoming involved in negotiations, establishing formularies, or instituting price structures;

WHEREAS, Congress is considering multiple bills that would enable the secretary to engage in meaningful negotiations with drug manufacturers; and

WHEREAS, at least one of those bills has the potential to reduce Medicare prescription drug spending, which totaled nearly \$130 billion in 2016, by nearly \$80 billion annually by 2027:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges the United States Congress to promote innovative, market-based solutions to escalating prescription drug prices.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge Congress to consider solutions like Civica Rx, a Utah-based nonprofit drug manufacturer providing a steady supply of generic drugs to over 1,200 hospitals nationwide at a fraction of the commercial cost.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge Congress to promote price transparency at all levels of the prescription drug supply chain, enact patent reform, safely accelerate the approval process for new drugs, promote competition, remove barriers to value-based purchasing, and provide Medicare with the policy tools necessary to negotiate significant reductions in the prices it pays for prescription drugs.

BE IT FURTHER RESOLVED that a copy of this resolution be provided to Utah's congressional delegation and the majority and minority leaders of the United States Senate and the United States House of Representatives.

**General Description:**

This concurrent resolution calls for the creation of a National Federalism Task Force for the purpose of convening a series of federalism summits.

**Highlighted Provisions:**

This resolution:

- ▶ highlights the framers of the United States Constitution's original intent regarding the different roles and responsibilities of state governments and the federal government;
- ▶ encourages the restoration and maintenance of clear, discernible divisions in the roles and responsibilities of state governments and the federal government; and
- ▶ calls for coordination in the creation of a National Federalism Task Force for the purpose of convening a series of federalism summits.

**Monies Appropriated in this Bill:**

None

**Other Special Clauses:**

None

*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

WHEREAS, our unique governing system in the United States was designed to federate diverse states and people for vital national concerns, while preserving to the American people the benefits of self-government - a form of government that is efficient, effective, and accountable - and amplifies their governing voice;

WHEREAS, to accomplish this objective, in the Federalist Papers No. 39, James Madison and the other framers of the constitution designed a new hybrid form of government that was part "national" (called the federal government today) and part "federal" (a federation of the states), with clear divisions in the roles and responsibilities assigned to the national government and to the state governments;

WHEREAS, in the Federalist Papers No. 51, James Madison specified that a clear division of governing responsibilities was essential to this new form of government to provide "a double security ... to the rights of the people," against overreach from either the state government or the federal government because "the different governments will control each other.";

WHEREAS, during the Pennsylvania Ratifying Convention of the United States Constitution, James Wilson marveled at "the accuracy with which the line is drawn between the powers of the general government and those of the particular state governments," observing "the powers are as minutely enumerated as was possible.";

WHEREAS, during the New York Ratifying Convention of the United States Constitution, Alexander Hamilton admonished that "this balance between the national and state governments ought to be dwelt on with peculiar attention, as it is of the utmost importance. It forms a double security to the people.";

WHEREAS, by all accounts, there is no clearly discernible division of roles and responsibilities between the federal government and the states today;

WHEREAS, many Americans feel frustrated that government is not efficient, effective, or

accountable, and sensing that something is wrong with our governing system, they increasingly disengage from government because they believe their voices do not matter anymore;

WHEREAS, in their joint dissent in *NFIB v. Sebelius*, Justices Kennedy, Scalia, Thomas, and Alito, warned of the consequences of allowing our system to atrophy, writing “the fragmentation of power produced by the structure of our Government is central to liberty, and when we destroy it, we place liberty at peril.”;

WHEREAS, in his farewell address, George Washington admonished all officers who are oath-bound under Article VI of the United States Constitution that “to preserve [this system of reciprocal checks] must be as important as to institute them.”;

WHEREAS, divisions, limits, and balance in the various governing roles and responsibilities, and the self-governing engagement of the people, are essential to the preservation of our system; and

WHEREAS, this singular system is the solution to securing the rights of the people to pursue their unique visions of happiness over an expansive and diverse nation:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, calls upon the National Conference of State Legislatures, the Council of State Governments, and the American Legislative Exchange Council to coordinate in the creation of a National Federalism Task Force for the purpose of convening a series of federalism summits to consider and develop plans for restoring and maintaining clearly discernible divisions in the roles and responsibilities of the national government and the states for the benefit and engagement of the American people.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the speaker of the House of Representatives, president of the Senate, and chairs of the federalism or federal-state relations committee in each state.

**LONG TITLE**

**General Description:**

This joint resolution calls on the United States Congress to make recommendations to vendors and distributors of applications and to leading technology companies.

This resolution:

- ▶ calls on the United States Congress to recommend that vendors and distributors of applications establish an independent application ratings board, comprised of industry representatives, child development, child protection, and internet safety subject matter experts to:

  - review application ratings and descriptions of the most downloaded applications and the downloadable content of those applications; and

**Special Clauses:**

*Be it resolved by the Legislature of the state of Utah:*

WHEREAS, internet-ready devices, and the applications that run on such devices, are used by millions of minors daily;

WHEREAS, some downloaded applications often include content that is not consistent with the age rating, content descriptors, interactive elements, or description of such applications;

WHEREAS, clarity on the rating of applications is a critical part of social responsibility on the part of vendors and distributors of applications when including applications in their database for their users to download;

WHEREAS, parents of minors deserve transparency and accuracy on the ratings of applications and the meaning behind those ratings;

WHEREAS, no third-party organization is holding vendors and distributors of applications accountable to ensure that application age ratings are consistent and accurate across devices and that application descriptions adequately explain the content and advertising available to minors in such applications;

WHEREAS, social media is increasingly used for sexual harassment and sexualized bullying, including sending unsolicited sexually explicit images, repeated requests for sexually explicit imagery, sexual images that are not consensually shared, and unwanted exposure to pornographic images;
