Foreword

This report is submitted in compliance with Utah Code Annotated 36-12-13(2)(j), which requires the Legislative Fiscal Analyst “to prepare, after each session of the Legislature, a summary showing the effect of the final legislative program on the financial condition of the state.”

Detailed information on individual state programs is available in the Compendium of Budget Information (COBI). The COBI can be accessed on the internet at cobi.utah.gov and includes a summary for each appropriations subcommittee of the Legislature.

Guide to Tables

Each chapter of this report represents an appropriations subcommittee of the Legislature. Within each chapter, you will find a narrative summary of budget actions taken by the Legislature and a series of tables. These tables are organized as follows:

Performance

The Performance Measure Table includes a summary of all performance metrics approved by the Legislature and included in an appropriations act (most commonly the base budget bill). The table for each subcommittee provides the *Performance Measure Name and Target* and the *Bill and Item* number where the full performance measure language can be found.

Executive Appropriations Committee

Subcommittee Tables

The first set of budget tables details the budget at the subcommittee level. All agencies under the authority of the subcommittee are summed together. The tables show *Sources of Finance, Recipient Entities (Agencies)*, and other *Input Measures* such as number of vehicles and employees. The tables show budget data for two fiscal years, namely, the current year and the budget year. The first table in the series details the “Operating and Capital” budget for the respective agencies and includes Expendable Funds and Accounts. Subsequent tables may detail Internal Service Funds, Restricted Fund and Account Transfers, Business-like Activities, Fiduciary Funds, and Transfers to Unrestricted Funds.

A & B Tables

The final series of tables (A1, A2, A3, B1, and B2) detail how the Legislature funded agency line item budgets through specific bills during the general session.

A1 & B1 – Summary of Appropriation Bills

These tables show which bills (identified in the column headings) contributed to agency line item budgets in each appropriations subcommittee. The A1 table shows the budget year (FY 2023) and the B1 table shows the current year (FY 2022 Supplemental) appropriations. The table provides the amounts appropriated for each **Agency Line Item** and each **Appropriations Act**.

STATEWIDE SUMMARY

STATEWIDE SUMMARY

Utah lawmakers described budgeting in the 2024 General Session as going from “boom to balance.” Following two years of unobligated revenue in the \$3 billion to \$5 billion range, this year appropriators had a respectable \$978 million. They employed budget cuts and reallocations to continue historic investments in education and infrastructure while at the same time reducing income taxes for a third year in a row.

By the end of the 2024 General Session, Utah legislators had revised FY 2024 spending from all sources to \$28.7 billion and authorized \$29.4 billion in spending from all sources for FY 2025. These total spending amounts reflect General and Income Tax Fund appropriations of \$13.7 billion for FY 2024 and \$12.9 billion for FY 2025. Legislators cut taxes by nearly \$170 million ongoing beginning in FY 2025.

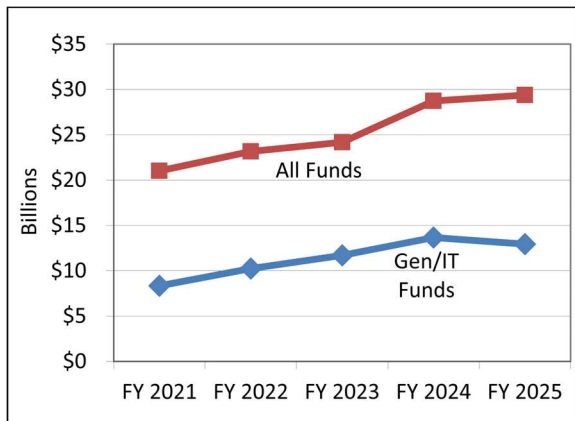

Figure 1 – State of Utah Budget History

REVENUES

The State’s two discretionary sources of finance are the sales tax supported General Fund and the aptly named Income Tax Fund. Other major sources are federal funds, the gas tax driven Transportation Fund, sales tax devoted to transportation, local revenue for education, and dedicated credits (fee for service revenue). Figure 2 shows how these sources constitute the total operating and capital budget.

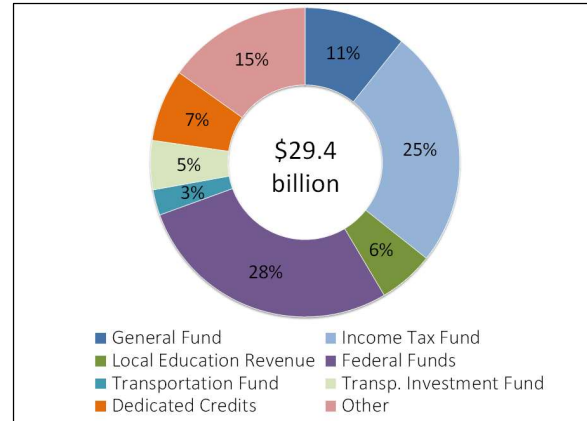

Figure 2 – Operating and Capital Budget Plus Expendable Accounts and Funds from All Sources by Source of Finance, FY 2025

REVENUE FORECASTING

Utah employs a consensus revenue estimating process for the General and Income Tax Funds, as well as the Transportation Fund, sales tax earmarks, and Federal Mineral Lease money. Economists from the legislative and the executive branches agree upon a single set of revenue targets. Both branches then use those targets for budgeting. Each December and February the consensus team releases updated estimates for the current fiscal year and projections for the next fiscal year. Final targets – including changes associated with legislation – usually come out in May. The Legislature’s Executive Appropriations Committee (EAC) typically adopts these estimates.

On May 14, 2024, EAC adopted consensus ongoing FY 2025 General and Income Tax Fund revenue estimates of \$11.6 billion. That is 1.2 percent more than the Revised FY 2024 estimate of \$11.5 billion and includes bills impacting revenue passed in the 2024 General Session. See Table 7 for more detail on revenue estimates, Table 8 for changes due to legislation passed in the 2024 General Session, and Table 9 for appropriated transfers into the General and Income Tax Funds. In total, legislators had at their disposal \$13.7 billion in FY 2024 and \$12.9 billion in FY 2025 (see Table 11).

BILLS IMPACTING REVENUE

Lawmakers passed several bills that are expected to impact General and Income Tax Fund revenue estimates. A select few are listed below. A full list is shown in Table 8.

S.B. 69 “Income Tax Amendments” Reduces state income tax rates from 4.65% to 4.55% for both individuals and corporations. (\$201.4 million)

S.B. 156 “Tax Modifications” Creates a new tax rate for certain types of radioactive waste and includes revenue from such waste in the calculation of a taxpayer’s High Cost Infrastructure Development Tax Credit. (foregone revenue of \$46.5 thousand per \$1 million in gross receipts)

S.B. 272 “Capital City Revitalization Zone” Authorizes cities of the first class in counties of the first class to impose an additional 0.5% local sales tax and to use revenue raised for the creation or improvement of infrastructure within a designated revitalization zone. (\$83 million local revenue increase if imposed)

H.B. 52 “Industrial Hemp Amendments” Exempts the sale of cannabinoid products from sales and use tax, enacts the Cannabinoid Product Licensing and Tax Act, and requires 47% of the revenue from the Cannabinoid Product Tax to be deposited into the General Fund. (\$176 thousand)

H.B. 78 “Motion Picture Incentives Amendments” Authorizes the issuance of an additional amount of tax credit incentives each fiscal year for rural film productions. (\$12 million)

H.B. 89 “Tax Refund Amendments” Limits the total amount of interest that may be paid each year to taxpayers with a tax overpayment. (\$165 thousand increase)

H.B. 124 “Energy Infrastructure Amendments” Expands the High Cost Infrastructure Development Tax Credit to include certain emissions reduction projects, mineral processing projects, water purification projects, and water resource forecasting projects. (foregone revenue \$3 million to \$113 million per project)

H.B. 153 “Child Care Revisions” Raises the maximum age of a child dependent for whom an individual taxpayer may claim a child tax credit from four years old to five years old. (\$2.3 million beginning in FY 26)

H.B. 373 “Environmental Quality Amendments”

Exempts the sale of pollution control equipment from sales and use tax. (\$485 thousand per \$10 million in applicable purchases)

H.B. 548 “Alcohol Amendments” Enacts numerous changes related to the provisions for the licensing and sale of alcoholic beverages including an increase to the Liquor Profits markup. (\$771 thousand)

H.B. 562 “Utah Fairpark Area Investment and Restoration District” Creates the Utah Fairpark Area Investment and Restoration District and authorizes the district to levy several additional local taxes within the boundaries of the district; exempts materials used in the construction of a stadium within the district from sales tax (aggregate foregone revenue of \$52.4 million during construction); requires lease payments from a major league sports team to be paid to the state. (\$1.8 million increase ongoing if leased)

APPROPRIATIONS

In total, the Legislature approved \$36.3 billion in appropriations from all sources for all purposes in FY 2025. As shown in Table 1, that total includes transactions not typically considered “the budget” – things like higher education accounts, account deposits, loan and other enterprise funds, internal service funds, fiduciary funds, and capital projects appropriations. Adjusting for those appropriations, Utah’s operating, and capital budget – including appropriations to expendable funds and accounts – is \$29.4 billion in FY 2025 (see Table 2 and Figure 3).

Figure 3 – Operating and Capital Budget Plus Expendable Accounts and Funds from All Sources by Use, FY 2025.

AUTHORIZED EXPENDITURES

Utah’s \$29.4 billion FY 2025 budget is 2.2 percent more than revised FY 2024 estimates of \$28.7 billion, and 0.1 percent less than the \$29.4 billion FY 2024 original budget.

Utah’s current year estimated FY 2024 budget from all sources decreased during the 2024 General Session from \$29.4 billion to \$28.7 billion (-2.3 percent). Most of this change stems from three factors: Medicaid disenrollment at the close of the COVID medical emergency, elimination of a contingent appropriation for buildings, and shifting transportation spending from FY 2024 to FY 2025.

In total, legislators appropriated \$12.9 billion from the General, Income Tax, and Uniform School Funds in FY 2025, a decrease of 5.3 percent from the revised FY 2024 budget of \$13.7 billion and 11.3 percent less than the \$14.6 billion original FY 2024 budget. These decreases are largely due to the elimination of one-time FY 2024 appropriations.

Figure 4 – General, Income Tax, and Uniform School Funds by Use, FY 2025

Figure 4 shows General, Income Tax, and Uniform School Fund spending by area of expenditure. Detailed presentations of the budget can be found in Tables 1 through 6 at the end of this chapter.

In all, legislators allocated \$2.7 billion of new money as shown in Figure 5. For the fourth year in a row, Transportation topped the list of allocations.

Figure 5 – Allocation of New Discretionary Funds, 2024 General Session

APPROPRIATIONS LIMITATION

Utah’s appropriations limit was established by UCA 63J-3-102 and adopted in 1989. Its purpose is to provide a cap on state government spending. The State Appropriations and Tax Limitation Act restricts non-exempt General Fund and Income Tax Fund appropriations to a formula amount based on inflation back to FY 1985 and population to FY 1983; both adjusted for today’s growth in inflation and population. Certain appropriations such as public education, capital development, transportation, debt service, rainy-day deposits, and fire suppression are exempted from the limit. The limit can be increased or decreased to capture programs transferred to or from other levels of government (federal, local, etc.).

The limits for FY 2024 and FY 2025 are as follows:

(Dollars in Millions)	FY 2024	FY 2025
Appropriations Limit	\$5,587	\$5,556
Non-exempt Approps.	\$5,505	\$5,261
Under/(Over) Limit	\$82	\$295

LONG-TERM FISCAL HEALTH

The Utah Legislature prioritizes preparing for, predicting, and managing inevitable economic downturns. It does so using a three-year cycle of

volatility analysis, long-term budgeting, and budget stress testing. These analyses then inform policy on reserves, short-term risks, and long-term liabilities.

RESERVE FUNDS

Under statutory deposit rules, the Division of Finance automatically deposits 25 percent of year-end General and Income Tax Fund revenue surpluses, after certain other set-asides, into Utah’s reserve accounts. These transfers cease once fund balances reach thresholds equaling nine percent of total General Fund appropriations for the General Fund Budget Reserve Account (otherwise known as the general rainy-day fund) and 11 percent of total Income Tax Fund appropriations for the Income Tax Fund Budget Reserve Account (the education rainy-day fund).

The General Fund Budget Reserve Account began FY 2023 with a balance of \$330.3 million. The Income Tax Fund Budget Reserve Account began FY 2023 with a balance of \$856.3 million. The Legislature did not appropriate additional funds into either account. Both the General Fund and the Income Tax Fund ended FY 2023 with small revenue deficits that were addressed using spending-side contingencies, thus no transfers were made into or out of rainy day fund in FY 2023. Both accounts began FY 2024 with the same respective balances as FY 2023.

Individually, projected rainy-day balances will equal about 6.2 percent of FY 2024 General Fund appropriations and 10.2 percent of FY 2024 Income Tax and Uniform School Fund appropriations. Taken together, total projected FY 2024 balances of \$1.2 billion represent about 8.7 percent of combined FY 2024 General, Income Tax, and Uniform School Fund appropriations.

The Medicaid Growth Stabilization Account has a balance of \$113.9 million and did not receive transfers at the end of FY 2023. \$10 Million was appropriated from The Disaster Recovery Account to fund flood mitigation, reducing the account balance to \$79.5 million at the close of FY 2023. Additionally, the Legislature appropriated \$2 million to the Industrial Assistance Account

TEMPORAL BALANCE

Temporal balance is a short-term measure of structural balance. It compares budget year resources with budget year commitments to determine whether recurring revenue equals or exceeds recurring appropriations. Coming into the 2024 General Session, before accounting for growth in either costs or revenues, Utah had a temporal surplus of \$26.6 million – meaning ongoing resources exceeded ongoing commitments by that amount. At the end of the 2024 General Session, Utah’s budget had a \$7.5 million temporal surplus.

DEBT

The State will pay down principal of \$336.9 million in outstanding General Obligation Bonds in FY 2024, and \$366.8 million in FY 2025. The timing and terms of future bond issuances will affect total debt outstanding and debt service payments.

During the 2024 General Session, the Legislature appropriated \$100.0 million one-time as Higher Education General Obligation bonds in **H.B. 3, Item 169**. The bill specifies that the appropriations are to be used by the State Agency Capital Development Fund in FY 2025 after certain conditions have been met. Additionally, the legislature distributed the

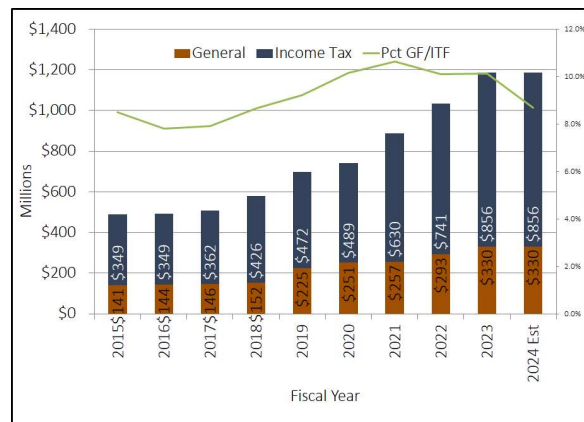

Figure 6 – Rainy Day Fund Status

\$335.0 million ongoing and \$440.0 million one-time set aside last year to various projects and programs.

The Legislature also passed **S.B. 241, “State Funding Amendments,”** which allows the University of Utah to increase their bonding authority for the West Valley Health and Community Center from \$400.0 million to \$800.0 million.

Debt Service for the revenue bonds will be determined by the timing and terms of the bond issuances.

SESSION REVIEW

In the year since the last publication of this report, the Legislature met in the 2024 General Session and 2024 Third Special Session. We describe items pertaining to the state budget below, and we include only budget areas with notable changes. If we do not indicate otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund, Income Tax Fund, or Uniform School Fund.

2024 GENERAL SESSION

Budget Highlights

The following highlights provide some detail of major funding and policy initiatives enacted by the Legislature during the 2024 General Session. For a more complete listing of legislative actions, please see the chapter for each appropriations subcommittee following this summary. If we do not indicate otherwise, the Legislature made appropriations ongoing and from the General Fund, Income Tax Fund, or Uniform School Fund.

- \$1.3 million ongoing and \$1.6 million one-time for district court and juvenile court judgeships and related staff; and
- \$0.5 million ongoing and \$0.3 million one-time for officers on the new West Davis Corridor.

General Government and Economic Development

- \$20.0 million one-time for a loan to replace the San Juan Hospital Building;
- \$12.0 million per year for two years for rural film incentives;
- \$10.0 million one-time from the Sovereign Lands Management Account for water leasing and other strategies to restore the Great Salt Lake;
- \$8.5 million one-time, plus \$5.0 million one-time from the Wildlife Resources Restricted Account; and \$5.0 million one-time from the State Park Fees Restricted Account to purchase land for Wildlife Resources in Morgan County;
- \$9.0 million one-time for Kane County Water District and Washington County Water Conservancy District to construct a reservoir;
- \$5.0 million one-time from the American Rescue Plan Act to replace a water transmission line in Ogden Canyon;
- \$5.3 million one-time for the Rural Communities Opportunities Grant;
- \$3.4 million one-time to provide bonuses to personnel who choose to join or stay with the National Guard; and
- \$3.0 million one-time to purchase open space to protect the mission of Camp Williams.

Employee Compensation

Legislators provided funding for increased employee compensation as follows:

- \$119.3 million from all sources (including \$76.1 million GF/ITF) for a three percent compensation increase in state agencies and higher education;

- \$19.1 million from the General and Income Tax Funds for performance-based salary increases for state employees;
- \$14.1 million from all sources (including \$13.4 million GF/ITF) for a 7.2 percent health insurance increase and 0.9 percent dental insurance increase in state agencies;
- \$1.5 million from the Income Tax Fund for Utah Schools for the Deaf and the Blind steps and lanes increase;
- \$5.7 million one-time for 401k matching; and
- \$2.5 million for public safety/firefighter retirement enhancements.

The Legislature provided an additional 0.7 percent, or \$3.2 million, as a salary increase for state agency employees on the Tier II retirement system. Employees who elected a Tier II hybrid retirement plan (pension and 401k combined) receive up to 10% of their gross pay towards their pension liability, which is paid by the employer. If the amount required to fund the pension exceeds 10 percent, an employee is required to cover the additional cost. In FY 2025, for the first time, the contribution rate will exceed 10 percent (10.7 percent). This 0.7 percent salary increase will cover the additional amount required from the employee, and will result in minimal impact on net salary from pension contributions. The pay increase is intended to facilitate a soft landing for state agency employees. Additional increases in the future would be covered by the employee.

Line-Item Vetoes

The Governor vetoed the following items originally contained in **House Bill 3, “Appropriations Adjustments”**:

- Item 33, lines 400-405 and Item 221, lines 1934-1940, as **Senate Bill 275, “Medical Preauthorization Amendments,”** did not pass.
- Item 185, lines 1615-1621, as **House Bill 152, “Residential Construction Amendments,”** was vetoed.
- Item 201, lines 1720-1726, as **Senate Bill 251, “Life Coaching Requirements,”** did not pass.
- Item 272, lines 2466-2472, as **Senate Bill 267, “Respite Care Amendments,”** carried its own appropriation.
- Item 336, lines 2982-2988, and Item 342, lines 3021-3027, as **House Joint Resolution 30, “Joint Rules Resolution - Interim Subcommittee Amendments,”** did not pass.

In **House Bill 2, “New Fiscal year Supplemental Appropriations Act”**, the Governor vetoed:

- Item 3, lines 90-03, as the underlying line item does not contain appropriations from the General Fund and therefore cannot be reduced. This appropriation was intended to be a transfer from non-lapsing program balances. The transfer can be completed next General Session.
- Item 49, lines 865-870, as **“Senate Bill 176, Child Care Services Amendments,”** did not pass.

2024 THIRD SPECIAL SESSION

Policymakers passed [H.B. 3001 "Public Lands Funding Amendments"](#) which swept \$10.9 million in nonlapsing program balances into the newly repurposed "Federal Overreach Restricted Account." Appropriations from the new account require greater accountability to the Executive Appropriations Committee. Legislators then appropriated \$2.1 million from the new account to the Department of Natural Resources to fund a public outreach campaign on public land use in Utah. They also re-appropriated \$1.5 million to the Public Lands Policy Coordinating Office and \$1.7 million to the Attorney General for previously authorized projects and programs. The bill resulted in a net spending reduction of \$157,500 ongoing from the General Fund.

End Notes to Table 19a & 19b:

1. FY 2017 Transportation Fund revenue increases available for appropriation resulted from fuel tax increases in H.B. 362 (2015 G.S.)
2. The Education Special Revenue financing source has increased since FY 2016 as several legislative initiatives have been implemented, including property tax increases for equalization and appropriations to the Teacher and Student Success Account. Three restricted accounts make up the majority of funding: EFR-Minimum Basic Growth Account, EFR-Local Levy Growth Account, and EFR-Teacher and Student Success Account.
3. In FY 2017 state fund amounts were corrected in a revised report in June 2017. Adjustments were made to correct an overstatement of appropriations from the Education Fund by \$21,111,400 and an understatement of appropriations from the General Fund by the same amount. House Bill 325, "Office of Rehabilitation Service Amendments," 2016 General Session, moved the Utah State Office of Rehabilitation from the State Board of Education to the Department of Workforce Services. The bill included a reduction of appropriations from the Education Fund of \$21,111,400 and a like increase in appropriations from the General Fund. The original May 2017 publication of this report did not reflect that change in funding sources.
4. The Legislature passed H.B. 357, "Public Education Funding Equalization" (2021 General Session) which changed certain appropriations for public education. Beginning in FY 2022, state-fund appropriations supporting the Minimum School Program are made from the Uniform School Fund and not the Income Tax Fund (formerly the Education Fund). This change can be seen in Table 19a beginning in FY 2022.
5. Funding increases for the Transportation funding area beginning in FY 2021 in table 19b reflect increased legislative prioritization of transportation infrastructure.
6. The decrease in funding amounts for the "Soc Svcs - Youth Corrections" program area beginning in FY 2023 in table 19b is in conjunction with Health and Human Services reorganization beginning in FY 2023. Funding for certain line items/programs were recategorized into other general program areas including "Soc Svcs - Health & Human Svcs" and reflect a corresponding increase the amount. This recategorization is a net neutral impact.

SUBCOMMITTEE OVERVIEW

The Business, Economic Development, and Labor Appropriations Subcommittee (BEDL) oversees budgets for nine areas of state government:

- Department of Alcoholic Beverage Services;
- Department of Commerce;
- Department of Financial Institutions;
- Department of Cultural and Community Engagement;
- Department of Insurance;
- Governor’s Office of Economic Opportunity;
- Labor Commission;
- Public Service Commission; and
- Utah State Tax Commission.

The Legislature appropriated a total of \$631.8 million in FY 2025 from all sources to operating and capital budgets and expendable funds and accounts within the BEDL Subcommittee, which was a decrease of 11.3 percent from the FY 2024 Revised budget. This includes \$229.5 million in FY 2025 from the General Fund and Income Tax Fund, which was a decrease of 25.0 percent from the FY 2024 Revised budget.

Operating & Capital Budgets and Expendable Funds & Accounts

DEPARTMENT OF CULTURAL AND COMMUNITY ENGAGEMENT

The Department of Cultural and Community Engagement is responsible for enhancing the quality of life for the people of Utah by planning, promoting, and preserving community and cultural infrastructure. This includes administering and

coordinating state and federal grant programs that support relevant entities.

GOVERNOR’S OFFICE OF ECONOMIC OPPORTUNITY

The Governor’s Office of Economic Opportunity (GOEO) recruits, grows, and retains businesses. Additionally, the office oversees film production and tourism development.

UTAH STATE TAX COMMISSION

The Utah Tax Commission processes tax collections and returns from resident and non-resident individual income taxpayers and from in-state and out-of-state businesses.

The commission administers the revenue collection from about 40 taxes, surcharges, and fees; registers automobiles; regulates the automobile dealer industry; and provides direction and support to the local property tax process.

DEPARTMENT OF ALCOHOLIC BEVERAGE SERVICES

The Department of Alcoholic Beverage Services (DABS) regulates the manufacture, sale, and use of alcoholic beverages by licensing on-premises businesses, manufacturers, wholesalers, warehouses, importers, and liquor representatives. Utah is one of 17 liquor control states and one of two completely state-run systems. The department operates 52 state stores with additional stores under construction and over 100 package agencies, which are the exclusive retailers of liquor and wine. The department operates as a public business and generates revenue for state and local governments.

DEPARTMENT OF COMMERCE

The Department of Commerce:

- Registers businesses;
- Licenses professionals;
- Conducts consumer protection and education;
- Oversees areas of public utilities;
- Regulates real estate businesses; and
- Regulates securities industries.

Fee and fine revenue paid to the Commerce Service Fund represent most of the department's funds. Collections in excess of appropriations from the Commerce Service Fund go to the General Fund.

DEPARTMENT OF FINANCIAL INSTITUTIONS

The Department of Financial Institutions regulates state-chartered depository and non-depository institutions.

Depository institutions include:

- Commercial banks;
- Credit unions; and
- Industrial loan corporations.

Non-depository institutions include:

- Depository institution holding companies;
- Trust companies;
- Check cashers;
- Money transmitters;
- Independent escrow companies; and
- Residential first mortgage loan services.

All funding for the department comes from the Financial Institutions Account. Account revenue is derived primarily through assessments on institutions regulated by the department. Funds not spent by the department by end of the fiscal year lapse to the restricted account.

INSURANCE DEPARTMENT

The Insurance Department regulates the State's insurance industry to protect consumers and provide a stable and competitive marketplace. It also oversees the title insurance industry and the Bail Bond Surety Program.

LABOR COMMISSION

The Labor Commission protects the health, safety, and economic well-being of employees and employers, and administers state and federal fair housing programs and policies related to workers' compensation insurance.

PUBLIC SERVICE COMMISSION

The Public Service Commission ensures safe, reliable, and adequate utility service. The commission's goals for regulation are efficient, reliable, reasonably priced utility service for customers and maintenance of financially healthy utility companies.

Funding for the commission comes from the Public Utility Regulatory Restricted Account and dedicated credits. Account revenue is primarily from fees assessed on public utilities.

EXECUTIVE OFFICES & CRIMINAL JUSTICE

Includes Budgets for:

Attorney General, State Auditor, & State Treasurer

Board of Pardons and Parole

Department of Corrections

Department of Public Safety

Governor's Office

Juvenile Justice Services

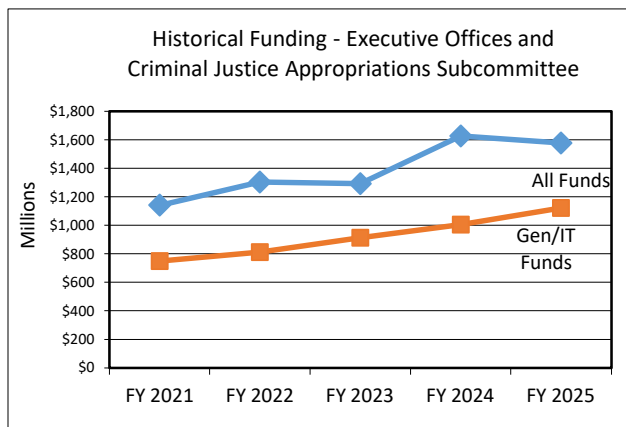

Utah Courts

SUBCOMMITTEE OVERVIEW

The Executive Offices and Criminal Justice (EOCJ) Appropriations Subcommittee reviews and makes budget recommendations for the following executive branch elected offices and agencies, which comprise the State's public safety and criminal and civil justice system as well as elected executive offices:

- Governor;
- State Auditor;
- State Treasurer;
- Attorney General;
- State Courts (Judicial Branch);
- Guardian ad Litem;
- Department of Public Safety;
- Department of Corrections;
- Board of Pardons and Parole;
- Division of Juvenile Justice and Youth Services; and
- Utah Communications Authority.

The Legislature appropriated an FY 2025 operating and capital budget of \$1.58 billion from all sources for the subcommittee, which is a 3.2 percent decrease from the FY 2024 Revised budget of \$1.63 billion. The FY 2025 total includes \$1.1 billion from the General Fund and Income Tax Fund, which is an increase of 11.8 percent from the FY 2024 revised amount of \$1.0 billion.

Operating & Capital Budgets and Expendable Funds & Accounts

ATTORNEY GENERAL

The Attorney General is the constitutional legal adviser to state officers. The Office of the Attorney General (OAG) prosecutes and defends all cases in which the

State or a state agency is a party. The agency's six line items are:

- Attorney General;
- Attorney General Internal Service Fund;
- Children’s Justice Centers;
- Contract Attorneys;
- Prosecution Council; and
- State Settlement Agreements.

GOVERNOR’S OFFICE

The Governor’s Office includes the Governor’s appointed staff and other statewide functions. By the close of the 2024 General Session, the office consists of 9 line items:

- CCJJ Factual Innocence Payments;
- CCJJ Jail Reimbursement;
- Colorado River Authority of Utah;
- Commission on Criminal and Juvenile Justice (CCJJ);
- Governor’s Emergency Fund;
- Governor’s Office;
- Governor’s Office of Planning and Budget (GOPB);
- Indigent Defense Commission; and
- Suicide Prevention.

BOARD OF PARDONS AND PAROLE

The Board of Pardons and Parole is the release authority for inmates in the state. The Board reviews an inmate’s performance and determines under what conditions the inmate may be released after serving the minimum sentence required by law.

In addition, the board reviews violations of release conditions to determine whether an inmate should be sent back to prison. The board may also pardon, terminate, or commute offender sentences.

CORRECTIONS

The Department of Corrections operates Utah’s adult correctional system, with responsibilities including public safety and the rehabilitation of offenders. Specifically, UCA §64-13-6 outlines that the Department is to “protect the public through institutional care and confinement, and supervision in the community of offenders” and “provide program opportunities for offenders,” including sex offense, substance abuse, and mental health treatment. Most state inmates are housed at the Utah

State Correctional Facility (USCF) in Salt Lake City or the Central Utah Correctional Facility (CUCF) in Gunnison. Other state inmates are housed within county jails as part of contracting agreements with specific counties or in other states as part of an inmate exchange program with those respective states.

The Adult Probation and Parole Division is responsible for individuals released from prison or sentenced to probation. The Division operates facilities throughout the State to supervise assigned parolees and probationers as they transition into the community.

In FY 2024, the Department of Corrections began coordinating with the Department of Health and Human Services to provide medical services to inmates throughout the state. Previously, this had been the sole responsibility of the Department of Corrections.

COURTS (JUDICIAL BRANCH)

The Utah State Courts constitute the judicial branch of State government. The Courts' mission is to "provide the people of Utah with an open, fair, efficient, and independent system for the advancement of justice under the law."

The Utah State Constitution establishes governance of the judicial branch and authorizes the Judicial Council to oversee this branch. The Administrative Office of the Courts performs managerial functions for the Judicial Council. The Courts are divided in the following line items:

- Administration;
- Contracts and Leases;
- Grand Jury;
- Guardian ad Litem (GAL); and
- Jury and Witness Fees.

The Administration line item is the Courts main line item and consists of the following primary operations:

- Utah Supreme Court;
- Utah Court of Appeals;
- District Courts; and
- Juvenile Courts.

The Judicial Council also oversees the locally-funded and operated justice court system. The Courts budget includes funding for the contracts and leases of court facilities. These facilities are not managed by the Division of Facilities Construction and Management (DFCM).

OFFICE OF THE GUARDIAN AD LITEM

The Courts budget includes the Office of the Guardian ad Litem (GAL), which operates independently of the Courts. The GAL reports to the Guardian ad Litem Oversight Committee. According to statute, the program provides state-funded attorneys to represent the best interests of minors in Juvenile Court when there is an allegation of abuse, neglect, or dependency. The Administrative Office of the Courts provides finance, accounting, and budgeting assistance to the GAL.

A juvenile court judge may appoint a GAL attorney in a child protective order, emancipation, or delinquency case. A judge may appoint a GAL attorney to represent minors when allegations of abuse or neglect arise in district court cases during divorce or custody proceedings or in a criminal case when the victim is a child.

DIVISION OF JUVENILE JUSTICE AND YOUTH SERVICES

The Division of Juvenile Justice and Youth Services (JJYS) is a division within the Department of Health and Human Services (HHS). HHS is responsible for all youth offenders committed by the State's Juvenile Court for secure confinement or supervision and treatment in the community. JJS operates receiving centers, youth services centers, detention centers, and diversion services for non-custodial and/or non-adjudicated youth.

PUBLIC SAFETY

The Department of Public Safety (DPS) protects and promotes the safety and well-being of Utah citizens through emergency services and homeland security, fire services, investigative services, law enforcement, licensing and regulatory services, police support services, safer highways, and specialized training and education.

The department has 13 line items:

- Alcoholic Beverage Control Enforcement;
- Bureau of Criminal Identification;
- Division of Homeland Security - Emergency Services;

- Driver License Division;
- Emergency Management;
- Emergency Management - National Guard Response;
- Fire Academy Support Account;
- Firefighter Trust and Agency Fund;
- Highway Safety;
- Local Government Emergency Response Fund;
- Peace Officers' Standards and Training;
- Post Disaster Mitigation Fund; and
- Public Safety Programs and Operations.

STATE TREASURER

The State Treasurer manages all state funds, controls the receipt and deposit of money, manages banking relationships, invests all funds, and provides liquidity for all state disbursements.

STATE AUDITOR

The State Auditor, an elected and independent official, aims to ensure the financial integrity and accountability of state and local government.

UTAH COMMUNICATIONS AUTHORITY

The Utah Communications Authority (UCA) is an independent state-created entity. Its responsibilities include operating the 800 and 150 MHz radio networks and related infrastructure, ensuring statewide interoperability of the statewide emergency communication system, managing the 911 program, and establishing a statewide, high speed, wireless broadband network dedicated to public safety use.

HIGHER EDUCATION

Includes Budgets for:

Board of Higher Education

Commissioner's Office

Degree Granting Universities and Colleges

Technical Colleges

SUBCOMMITTEE OVERVIEW

The Higher Education Appropriations Subcommittee reviews and approves budgets for public, post-secondary education institutions. The Legislature appropriated a total of \$3.08 billion in operating and capital budgets to these institutions in FY 2025, which is a five percent increase from the FY 2024 Revised budget. The Legislature appropriated \$1.81 billion from the General Fund and Income Tax Fund in FY 2025, which is a decrease of 1.7 percent from the FY 2024 Revised budget.

Operating & Capital Budgets and Expendable Funds & Accounts

UTAH SYSTEM OF HIGHER EDUCATION

The Utah System of Higher Education (USHE) includes the Utah Board of Higher Education, eight degree-granting universities and colleges, and eight technical colleges. Instructional and related expenses comprise most expenditures for USHE. During the 2024 General Session, the Legislature restructured the appropriations for the 16 colleges and universities to provide greater transparency, accountability, and insight into the budgets of the higher education institutions.

Higher Education appropriations now consist of two primary sections: Operating and Capital Budgets and Higher Education Budget Reporting. The Operating and Capital Budgets section contains the funding historically appropriated by the Legislature: this consists primarily of General and Income Tax Fund appropriations as well as Dedicated Credits Revenue appropriations which reflect tuition collections.

Funding levels to this section did not change beyond the standard appropriation process.

Within the Operating and Capital Budget section, the Legislature reorganized the line items and appropriation units for the 16 higher education institutions. Each institution now has two primary line items, Education and General and Special Projects, as well as a few institution-specific line items based on the mission of the institution. The Education and General line item consists of the bulk of appropriations and accounts for the primary function of the institutions. The Legislature created the Special Projects line item to track appropriations to special offices, divisions, and initiatives over time, all of which exist as appropriation units within the Special Projects line item. Some of these units will remain indefinitely in Special Projects (such as institution run museums), whereas others will be tracked over several years until they reach maturity and then either rolled into Education and General or phased out.

The Legislature created a standardized set of appropriation units within the Education and General line item at each institution. These units reflect the reporting structure that accredited institutions are required to utilize when reporting to the federal government to reduce duplication of effort at institutional budget offices. These are: Academic Support, Auxiliary Enterprises, Custom Fit (Technical Colleges only), Depreciation, Hospital Services (University of Utah only), Independent Operations, Institutional Support, Instruction, Operations and Maintenance, Other Expenses and Deductions, Public Service, Research, Scholarships and Fellowships, and Student Services.

The Legislature created the Higher Education Budget Reporting section beginning in FY 2025 as an informational only section that estimates the total budgets of higher education institutions, including all funding received from grants, contracts, awards, and businesslike activities conducted on campuses. The line item and appropriation unit structure mirrors the Operating and Capital section and gives a more

complete picture of the total budget for higher education in the State. In this view of the budget, state General Fund or Income Tax Fund appropriations are totaled and reported as State Appropriations and tie to the appropriated amounts from these sources in the Operating and Capital Budget section.

UTAH BOARD OF HIGHER EDUCATION

The Utah Board of Higher Education (the Board) is the governing body for USHE. Its responsibilities include selecting and evaluating a commissioner of higher education to execute the board's policies and programs, selecting and evaluating institutions' presidents, approving institutions' missions, setting policy, reviewing programs and degrees, and submitting a unified higher education budget request to the Governor and Legislature. The board has 10 members who are appointed by the Governor, one of whom is a student.

The Board's line items include:

- Administration;
- Student Assistance;
- Student Support; and
- Talent Ready Utah.

DEGREE-GRANTING INSTITUTIONS

Each of the State's degree-granting institutions is overseen by a board of trustees that works with the institution president to develop the institution's strategic plan, identify workforce needs, develop board goals and metrics, and define the institution's role, mission, and distinctiveness. All must align with the goals and vision set by the Board. Degree-granting institutions and the location of their main campus or administrative headquarters are:

- Salt Lake Community College (SLCC) - Taylorsville;
- Snow College - Ephraim;
- Southern Utah University (SUU) - Cedar City;
- University of Utah (UU) - Salt Lake City;
- Utah State University (USU) - Logan;
- Utah Tech University (UTU) - St. George;
- Utah Valley University (UVU) - Orem; and

- Weber State University (WSU) - Ogden.

TECHNICAL COLLEGES

Each of the State's technical colleges have a similar board of trustees/president structure to the degree-granting institutions but are tasked with developing a strategic plan for delivering the State's technical education program. Technical colleges work closely with the degree-granting institutions in their region to ensure coherency, transferability, and access to all students seeking higher education. Colleges and the location of their main campus or administrative headquarters are:

- Bridgerland Technical College - Logan;
- Davis Technical College - Kaysville;
- Dixie Technical College - St. George;
- Mountainland Technical College - Lehi;
- Ogden-Weber Technical College - Ogden;
- Southwest Technical College - Cedar City;
- Tooele Technical College - Tooele; and
- Uintah Basin Technical College - Roosevelt.

Hereafter we drop "technical college" when referencing these institutions.

SESSION REVIEW

This report contains budgetary action the Legislature took during the 2024 General Session. We describe items pertaining to Higher Education below, and we include only budget areas with notable changes. If we do not indicate otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund or Income Tax Fund.

2024 GENERAL SESSION

During the 2024 General Session, the Legislature provided funding for a 3 percent labor market increase, an average 7.2 percent increase in health insurance benefit rates, and a 0.9 percent increase in dental insurance benefit rates.

The Legislature made specific appropriations to higher education in six general categories: general reductions, performance funding, student success, technical college specific funding, systemwide

initiatives, and institutional initiatives. The breakdown of these categories is as follows:

General Reductions

\$20,728,200 ongoing reduction backfilled one-time in FY 2025 which equates to a 1.5 percent reduction for universities, and a 0.5 percent reduction for community and technical colleges and the Board.

This breaks down as follows:

- Bridgerland: \$113,200;
- Davis: \$133,800;
- Dixie: \$64,500;
- Mountainland: \$145,000;
- Ogden-Weber: \$119,300;
- Salt Lake Community College: \$702,800;
- Snow College: \$223,900;
- Southern Utah University: \$1,088,200;
- Southwest: \$44,500;
- Tooele: \$44,500;
- Uintah Basin: \$66,100;
- University of Utah: \$7,174,900;
- The Board: \$393,900;
- Utah State University: \$4,579,300;
- Utah Tech University: \$969,600;
- Utah Valley University: \$2,747,800; and
- Weber State University: \$1,936,900.

Performance Funding

As part of the revised method of appropriating performance funding in **S.B. 192, “Higher Education Amendments”**, \$20.0 million was appropriated to the Performance Funding Restricted Account, of which \$9,710,400 was allocated to institutions based on earned performance. The remaining \$10,289,600 was swept one-time and the ongoing held in reserve within the account for institutions to earn back in future years as they meet performance goals. The allocation breaks down as follows:

- Bridgerland: \$336,000;
- Davis: \$234,600;
- Dixie: \$255,800;
- Mountainland: \$198,100;
- Ogden-Weber: \$402,100;
- Salt Lake Community College: \$539,500;
- Snow College: \$396,600;

- Southern Utah University: \$699,600;
- Southwest: \$61,200;
- Tooele: \$53,400;
- Uintah Basin: \$137,200;
- University of Utah: \$3,404,600;
- Utah State University: \$1,048,800;
- Utah Tech University: \$279,500;
- Utah Valley University: \$829,100; and
- Weber State University: \$834,300.

Student Success

The Board of Higher Education received \$140,000 ongoing and \$280,000 one-time for **H.B. 261, “Equal Opportunity Initiatives”** to oversee the implementation of student success initiatives and offices at the colleges and universities. The Legislature also moved funding for student success at the institutions as a revenue neutral transfer from Education and General to a new Student Success appropriation unit within the Special Projects line item to assist in this oversight.

Technical College Specific Funding

The technical colleges in Utah have experienced measurable growth in recent years. To support this growth and the technical colleges in general, the Legislature provided targeted funding to technical colleges in four areas: Technical College Equipment, Technical Colleges Attorney General, Technical Colleges Growth, and Northstar Enterprise System.

- Technical College Equipment -- \$5 million one-time funding to assist the technical colleges in purchasing needed equipment to support education programs. The Legislature appropriated this funding to the Board and instructed the Board to distribute the funding equitably.
- Technical Colleges Attorney General -- \$255,600 to allow the system to pay for an additional attorney general dedicated to working with the technical colleges. The technical colleges currently share one attorney amongst all eight colleges, this would provide for two which reflects the enrollment growth technical colleges have been experiencing.

- Technical Colleges Growth -- \$6,657,000 to support growth in five of the technical colleges. The Board of Higher Education uses a formula to calculate growth funding requests which comes from a year-over-year increase in 100 or more full-time equivalent students. This funding is designed to support program growth and additional needs encountered by institutions related to enrollment growth. The breakdown by institution is as follows:
 - Davis: \$741,000
 - Dixie: \$969,000
 - Mountainland: \$2,882,000
 - Ogden-Weber: \$988,000
 - Southwest: \$1,077,000; and
- Northstar Enterprise System -- \$1.5 million one-time in FY 2024 to redevelop the Northstar Enterprise System which is the tracking software that all the technical colleges use to track all services for students, including registrar, financials, enrollment data, and graduation progress.

Systemwide Priorities

Every year, the Legislature appropriates funding to the Board of Higher Education for systemwide initiatives and has the Board to develop distribution criteria for this funding which allows the Board to oversee the programs and ensure their success. This year, the Legislature funded eight such initiatives for a total of \$8,850,000 one-time and \$2,668,000 ongoing from the Income Tax Fund and an additional \$15 million one-time from the Utah Capital Investment Restricted Account. The items and total amounts are as follows:

- Higher Education Course, Abuse Defense: \$168,000;
- Life Sciences Workforce Initiative: \$2 million one-time and \$2 million ongoing;
- PRIME Expansions: \$2.5 million one-time;
- Talent Ready Connections: \$1 million one-time;
- USHE Commercialization Shared Services: \$1,750,000 one-time and \$500,000 ongoing;
- USHE Marine Sciences Laboratory Partnership: \$1.5 million one-time;

- Utah Innovation Lab: \$15 million one-time from the Utah Capital Investment Restricted Account; and
- Western Heritage Sustainability: \$100,000 one-time.

Institutional Initiatives

The Legislature primarily funds institutional initiatives through performance funding by giving institutions flexibility in spending performance funding as they best see fit, but the certain initiatives or projects each year receive direct appropriations to ensure their viability. All projects funded with ongoing amounts are included as new appropriation units within the Special Projects line item at each institution. During the 2024 General Session, the Legislature funded special projects at 9 of the 16 institutions in the following amounts (some institutions might have had multiple initiatives funded; for a breakdown of each institution, please see the A3 and B2 tables):

- Dixie: \$170,000 one-time;
- Salt Lake Community College: \$250,000;
- Snow College: \$500,000 one-time;
- Southern Utah University: \$350,000 one-time;
- University of Utah: \$800,000 one-time and \$12.5 million one-time in FY 2024;
- Utah State University: \$1,389,000 one-time and \$2,865,000 ongoing;
- Utah Tech University: \$150,000 one-time and \$100,000 ongoing;

INFRASTRUCTURE & GENERAL GOVERNMENT

Includes Budgets for:

Capital Budget & Debt Service
Career Service Review Office
Department of Government Operations
Utah Department of Transportation
Utah Education and Telehealth Network

SUBCOMMITTEE OVERVIEW

The Infrastructure and General Government (IGG) Appropriations Subcommittee oversees the budgets for the Department of Government Operations (DGO), Department of Transportation (DOT), Career Service Review Office (CSRO), Utah Education and Telehealth Network (UETN), Capital Budget, and Debt Service.

As of the 2024 General Session, the Legislature appropriated to IGG’s entities an FY 2025 operating and capital budget of \$4.2 billion, including \$612.9 million from the General Fund and Income Tax Fund. This total is 5.0 percent less than the FY 2024 Revised budget of \$4.4 billion.

Operating & Capital Budgets and Expendable Funds & Accounts

DEPARTMENT OF GOVERNMENT OPERATIONS

The Department of Government Operations (DGO) provides centralized services to other state agencies and governmental entities in the following areas: accounting; archiving and managing records; facilities management; mailing; fleet and travel; printing; liability, property, auto, and workers compensation coverage; administrative rule filing and publication; purchasing; employee recruitment, training, and classification; compensation system management; and information technology programs and resources.

The Division of Finance administers certain funding under the Finance - Mandated category, which may

impact multiple agencies, address issues that may not apply to any specific agency, or that may pose conflicts of interest if appropriated to other agencies.

The Legislature has also included the following entities within DGO’s budget:

- Office of the Inspector General of Medicaid Services;
- Judicial Conduct Commission;
- Executive Branch Ethics Commission; and
- Political Subdivisions Ethics Review Commission.

However, the department does not direct, supervise, or control these programs.

DEPARTMENT OF TRANSPORTATION

The Department of Transportation (DOT) builds and maintains highways, provides transportation service on state-owned aircraft, administers certain transportation-related programs, and passes through funds to local governments for aeronautics and class B and class C roads. DOT’s line items include:

- Aeronautics;
- Amusement Ride Safety;
- B and C Roads;
- Cooperative Agreements;
- Engineering Services;
- Highway System Construction;
- Operations/Maintenance Management;
- Pass-Through;
- Railroad Crossing Safety;
- Region Management;
- Safe Sidewalk Construction;
- Share the Road;
- Support Services;
- Transit Transportation Investment;
- Transportation Investment Capacity Program; and
- Transportation Safety Program.

CAREER SERVICE REVIEW OFFICE

The Career Service Review Office is a quasi-judicial body that administers the grievance and appeals process for the State’s employees.

UTAH EDUCATION AND TELEHEALTH NETWORK

Utah Education and Telehealth Network (UETN) delivers education statewide using technology, including public television station KUEN-9, interactive video conferencing (IVC), and internet connections for schools. UETN leverages state appropriations with other grants and E-rate discounts (federal reimbursements) to perform its mission.

CAPITAL BUDGET

The Capital Budget pertains to the State's buildings and associated infrastructure. It funds:

- Capital development, which typically includes new construction or major remodeling;
- Capital improvements, which include alterations, repairs, other improvements, and roofing and paving projects; and
- Real estate acquisition.

DEBT SERVICE BUDGET

Debt service consists of interest and principal due on general obligation and revenue bonds.

REVENUE AND RESTRICTED ACCOUNT TRANSFERS

Revenue and restricted account transfers are line-item appropriations that authorize the Division of Finance to move resources from one fund or account to another. The Legislature may then reappropriate from the recipient fund or account to another program or activity. These transactions are shown separately to avoid double-counting them in budget roll-ups.

SESSION REVIEW

This report contains budgetary action the Legislature took during the 2024 General Session. We describe items pertaining to the Infrastructure and General Government budgets below, and we include only budget areas with notable changes. If we do not indicate otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund or Income Tax Fund.

- Infrastructure -- \$775.0 million one-time and \$330.0 million ongoing; and
- Wildlife Accident Prevention -- \$1.0 million one-time in FY 2024.

The Legislature passed the following legislation:

- **H.B. 50, “State Highway Designation Amendments,”** which added 15.6 miles to the state highway system and removed 0.2 mile from the state highway system;
- **H.B. 430, “Local Government Transportation Services Amendments,”** which allowed certain local option sales and use tax revenue and the Transit Transportation Investment Fund to be used for public transit innovation grants, required the department and the Transportation Commission to coordinate grant proposals for public transit innovation and administer certain grants, and required the Utah Transit Authority to provide a report to each municipality regarding expenditures, transit service, and ridership utilized by residents;
- **H.B. 488, “Transportation Funding Modifications,”** which allowed certain local option sales and use taxes revenue to be used for public safety purposes, appropriated \$400,000 ongoing from the Cottonwood Canyons Transportation Investment Fund to the Operations/Maintenance Management line item within the department, appropriated \$11.0 million one-time from the Rail Transportation Restricted Account to the City of Vineyard for the 12th Overpass, appropriated \$1.0 million one-time from the Rail Transportation Restricted Account to the City of Orem for the Center Street Railroad Crossing, appropriated \$42.9 million one-time from the County of the First Class Highway Projects Fund for 18 projects

specified in the bill, created the Commuter Rail Subaccount, and decreased funding to the Transportation Investment Fund of 2005 and increased funding to the newly created Commuter Rail Subaccount by \$44.8 million one-time in FY 2025 and \$46.9 million ongoing beginning in FY 2026;

- **S.B. 135, “Advanced Air Mobility and Aeronautics Amendments,”** which required roadable aircraft to be registered as both a motor vehicle and as an aircraft;
- **S.B. 179, “Transportation Amendments,”** which allowed the department to use up to \$500,000 from the Transportation Investment Fund of 2005 beginning in FY 2024 for a public transit study; and
- **S.B. 235, “Railroad Amendments,”** which created a railroad ombudsman, delayed implementation of the Office of Rail Safety and related regulations to May 7, 2025, and appropriated \$800,000 from the Rail Transportation Restricted Account to the Operations/Maintenance Management line item.

The Legislature approved intent language directing that:

UDOT use \$1,050,000 from the County of the First Class Highway Projects Fund to South Jordan to support construction of a new TRAX station in Daybreak near Mountain View Corridor. (S.B. 6, Item 39)

Once UDOT takes possession of a new King Air airplane purchased with the funds appropriated in the 2023 G.S., the department will keep the existing Model 200 King Air and will transfer the existing Model 90 King Air to Utah Valley University (UVU). UDOT and UVU are to report to EAC by December 1, 2024. (S.B. 3, Item 44)

UDOT use Transportation Fund, not otherwise appropriated, to maximize participation with the federal government for federally designated

highways and to construct, rehabilitate, and preserve state highways. (S.B. 3, Item 45)

UDOT use a portion of proceeds from the sale of surplus property to help mitigate traffic impact associated with the Taylorsville State Office Building if the department determines that land it owns near the Calvin L. Rampton Complex is surplus to its needs. (S.B. 3, Item 45)

UDOT use a portion of funding available from the Transportation Investment Fund along with matching and other funds to help mitigate traffic impact associated with the Taylorsville State Office Building. (S.B. 3, Item 51)

UDOT use maintenance funds previously used on state highways that now qualify for Transportation Investment Fund to address maintenance and preservation issues on other state highways. (S.B. 3, Item 47)

Use Transportation Fund appropriated for pedestrian safety projects to correct pedestrian hazards on state highways with local participation in the program be on a 75 percent state and 25 percent local match basis. (S.B. 3, Item 49)

Use Transportation Investment Fund of 2005, not otherwise appropriated, to construct, rehabilitate, and preserve state and federal highways in Utah. (S.B. 3, Item 51)

UDOT use \$5.0 million appropriated to the Engineering Services line item to distribute proportionally to counties the amount of severance tax revenue generated by each county. (H.B. 3, Item 173)

UDOT use \$16.0 million of the Transit Transportation Investment Fund for the Sharp-Tintic Railroad realignment project in Utah County. The appropriation may not be used to satisfy the local match requirement for Transit Transportation Investment Fund projects required by statute. (H.B. 3, Item 393)

UDOT use \$50.0 million for a transit stop at the Point of the Mountain if revenue collections for FY 2024 and revised revenue projections for FY 2025 be sufficient to support all existing appropriations from the General and Income Tax Funds for those years with the exception of that for Higher Education Debt Service. (H.B. 3, Item 393)

Utah Education and Telehealth Network

The Legislature made the following changes:

- Education Software -- \$4.0 million one-time from the Income Tax Fund for licensing Utah's Online Library and Creative Content/Media Development, Production and Editing Suite for K-12.

Capital Budget

The Legislature approved the following major funding items:

- Capital Improvements -- \$20.0 million one-time and \$31,980,900 ongoing for the 1.5 percent of the current replacement value of buildings and infrastructure;
- Capital Development - Higher Education -- total of \$148,280,000, including:
 - Ogden-Weber Technical College Pathway Building -- \$64,860,200 from the Income Tax Fund (Additional Amount) and \$19,310,300 from the Technical Colleges Capital Projects Fund (Dedicated Amount),
 - Snow College Social Science Classroom & Lab -- \$19,424,500 from the Income Tax Fund (Additional Amount) and \$21,562,500 from the Higher Education Capital Projects Fund (Dedicated Amount),
 - SUU Land Bank - Highway 56 Phoenix Plaza -- \$4,635,000 from the Higher Education Capital Projects Fund,
 - USU Veterinary School Building -- \$9.0 million from the Higher Education Capital Projects Fund,
 - Utah State University Human Resources Building -- \$4,991,300 from the Higher Education Capital Projects Fund, and

- Utah Valley University Student Athlete Academic Building -- \$3.5 million from the Higher Education Capital Projects Fund;
- Capital Development - Other State Government -- \$10.0 million one-time for the construction of the Salt Lake Veterans Home;
- Family Promise of Ogden Building -- \$1.1 million one-time; and
- Huntsman Cancer Institute Vineyard Cancer Research -- \$75.0 million one-time.

The Legislature approved intent language directing that:

Utah Valley University use \$3.5 million of its dedicated allocation from the Higher Education Capital Projects Fund for the design of the Student Athlete Academic Building in FY 2025. (H.B. 2, Item 249)

DFCM use \$800,000 from the DFCM Capital Projects Fund for the Manti Courthouse Juvenile Courtroom Build-out in FY 2025. (H.B. 3, Item 386)

DFCM use \$10.0 million from the DFCM Capital Projects Fund provided in "New Fiscal Year Supplemental Appropriations Act" (House Bill 2, 2024 General Session), Item 48, for the Salt Lake Veterans Home Construction in FY 2025. (H.B. 3, Item 386)

If the United States Treasury approves both the San Juan County Hospital in Monticello and the University of Utah Hospital clinic on Redwood Road, \$25.0 million will be split between the two projects. If only one project is approved, the projects will split the funding. If neither project is approved, the funds may be used for broadband infrastructure. (S.B. 3, Item 41)

DFCM pass through \$25.0 million to the Wasatch Canyons Behavioral Health Campus. (H.B. 3, Item 21)

DFCM to pass through \$250,000 to the City of Huntsville. (H.B. 3, Item 168)

DFCM to pass through \$75.0 million to the Huntsman Cancer Institute for the Huntsman Cancer Institute Vineyard Cancer Research Center. (H.B. 2, Item 50)

DFCM to pass through \$1.1 million to the Family Promise of Ogden for their new building. (H.B. 2, Item 50)

Appropriations for Olympic Park Improvement may be used for improvements at the Utah Olympic Park, Utah Olympic Oval, or Soldier Hollow Nordic Center. (S.B. 3, Item 41)

Before commencing construction of a capital development project funded for an institution of higher education during the 2022 General Session, the Division of Facilities Construction and Management (DFCM) and the institution shall report to the IGG and the Higher Education Appropriations Subcommittee on the status and cost of the project, and that DFCM and the institution shall seek feedback from the committees before committing funds for demolition or construction; and that prior to committing funds for construction that DFCM, the institution, and the Board of Higher Education shall certify to the committees that the institution has developed a plan that will utilize each classroom space in the building an average of 33.75 hours of instruction per week for spring and fall semesters with 66.7 percent seat occupancy and will work to increase utilization of classroom space during the summer, and has presented a plan to implement space utilization of non-classroom areas as per industry standards. (H.B. 2, Item 47)

DFCM use up to \$100,000 to secure access to Range Creek. (H.B. 3, Item 167)

Debt Service Budget

The Legislature appropriated \$100.0 million to be used by the State Agency Capital Development Fund after certain conditions have been met (see intent language for details on this funding item).

The Legislature also passed **S.B. 241, "State Funding Amendments,"** which allows The University of Utah to increase their bonding authority for the West Valley Health and Community Center from \$400.0 million to \$800.0 million.

The Legislature approved intent language directing that:

If revenue collections for FY 2024 and revised revenue projections for FY 2025 be sufficient to support all existing appropriations from the General and Income Tax Funds for those years, the Legislative Fiscal Analyst shall, when drafting the base budget bills for the 2025 Legislative General Session, rescind this \$100.0 million appropriation from the Income Tax Fund, and apply these funds to the State Agency Capital Development Fund base budget bill one-time in fiscal year 2025. The Legislature intends that the state Board of Bonding Commissioners shall not commit, encumber, or expend this appropriation until after the tenth day of the 2025 Legislative Session. (H.B. 3, Item 169)

If sequestration or other federal action reduces the anticipated Build America Bond subsidy payments that are deposited into the Debt Service line item as federal funds, the Division of Finance, acting on behalf of the State Bonding Commission, shall reduce the appropriated transfer from Nonlapsing Balances Debt Service to the General Fund, onetime proportionally to the reduction in subsidy payment received, thus holding the Debt Service line item harmless. (S.B. 3, Item 43)

If amounts appropriated from the Transportation Investment Fund of 2005 and the County of the First Class Highway Projects Fund to debt service exceed the amounts needed to cover payments on the debt, the Division of Finance transfer from these funds only the amounts needed for debt service. (S.B. 3, Item 43)

2024 THIRD SPECIAL SESSION

The Legislature passed **H.B. 3002, “Public Lands Funding Amendments,”** which reduced the Beginning Nonlapsing Balances to the Finance Mandated by \$3.0 million one-time in FY 2024.

NATURAL RESOURCES, AGRICULTURE, & ENVIRONMENTAL QUALITY

Includes Budgets for:

Department of Agriculture
Department of Environmental Quality
Department of Natural Resources
School and Institutional Trust Lands Administration

SUBCOMMITTEE OVERVIEW

The Natural Resources, Agriculture, and Environmental Quality Appropriations Subcommittee (NRAEQ) considers budgetary issues related to Utah’s natural resources, agriculture, and environment. These budget issues often provide the framework for policy decisions for the use and preservation of water, land, wildlife, and air in Utah.

The subcommittee reviews and approves the budgets for the following entities:

- Department of Agriculture and Food (UDAF);
- Department of Environmental Quality (DEQ);
- Department of Natural Resources (DNR); and
- School and Institutional Trust Lands Administration (SITLA).

During the 2024 General Session, the Legislature appropriated an operating and capital budget for FY 2025 of \$1.2 billion, including \$178.8 million from the General Fund and Income Tax Fund. This represents a 30.3 percent overall increase from the FY 2024 Revised budget of \$935.4 million, and a 46.8 percent decrease in state funds from the FY 2024 Revised budget of \$336.1 million. The main reason for the increased budget in FY 2025 is the carryover state funds appropriated during the 2023 General Session, which are reflected as beginning nonlapsing balances. The budget surplus in FY 2024 provided above-trend appropriations, most of which could not be spent in a single fiscal year.

Operating & Capital Budgets and Expendable Funds & Accounts

Department of Agriculture and Food

The Department of Agriculture and Food is responsible for the administration of Utah’s agricultural laws, which mandate a wide variety of activities including inspection, rulemaking, loan issuance, pest and disease control, improving the economic position of agriculture, and consumer protection. Though not a part of the department, the State Fair Park Authority is included as a line item in the department’s budget.

Department of Environmental Quality

The mission of the Department of Environmental Quality is to safeguard and improve Utah’s air, land, and water through balanced regulation. DEQ considers the impacts to public health, economic development, land, wildlife, tourism, agriculture, forests, and the costs to the public and to industry.

Department of Natural Resources

The Department of Natural Resources serves as an umbrella organization, bringing together several entities of state government that affect the State’s natural resources, including wildlife, water, public and sovereign lands, energy, parks, and outdoor recreation.

School and Institutional Trust Lands Administration

The School and Institutional Trust Lands Administration is charged with managing a portfolio of land assets, originally granted by Congress, with the goal of obtaining the highest return for the benefit of Utah’s public schools, hospitals, teaching colleges, and public universities.

SESSION REVIEW

This report contains budgetary action the Legislature took during the 2024 General Session and 2024 Third Special Session. We describe items pertaining to NRAEQ budgets below, and we include only budget areas with notable changes. If we do not indicate otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund or Income Tax Fund.

PUBLIC EDUCATION

Includes Budgets for:

Minimum School Program
School Building Program
School and Institutional Trust Fund Office
Utah State Board of Education
Utah Schools for the Deaf and the Blind

SUBCOMMITTEE OVERVIEW

The Public Education (PED) Appropriations Subcommittee reviews and approves budget programs that support the operation of Utah's public schools. Local education agencies (LEAs) oversee the public schools' direct operation and maintenance, including 41 school districts and 115 charter schools. The subcommittee also examines funding for agencies supporting the statewide administration and public education system.

The Legislature appropriated \$8.4 billion in operating and capital budgets for public education in FY 2025. This is an increase of \$713.4 million, or 9.1 percent, from the FY 2024 Revised appropriation.

Of the total \$8.4 billion appropriated in FY 2025, \$5.9 billion comes from the General, Income Tax, Uniform School Funds, and selected state-restricted funds. This is an increase of \$670.8 million, or 12.9 percent, over the FY 2024 Revised appropriation of \$5.2 billion. These amounts include changes in state-restricted accounts: Public Education Economic Stabilization, Local Levy Growth, Minimum Basic Growth, and Teacher and Student Success.

Due to changes made in H.B. 357, "Public Education Funding Stabilization" (2020 General Session), the Legislature appropriates state funds supporting the Minimum School Program from the Uniform School Fund, with the remainder coming from the Income Tax Fund. The funding source for funding items is noted below.

Operating & Capital Budgets and Expendable Funds & Accounts from General, Education, and Uniform School Funds only. The state restricted funds mentioned above are not included in this chart.

DEMOGRAPHICS

Student Enrollment¹

Utah’s public schools enrolled 673,773 students in fall 2023 (FY 2024). This enrollment is down 1,887 students from fall 2022. Projections indicate that student enrollment will continue to decline over the next decade. In fall 2023, student enrollment was projected at 669,881, down an additional 3,892 students or 0.58 percent.

School Personnel²

In FY 2023, LEAs employed 68,373 full-time equivalent (FTE) employees in the following categories:

- Classroom teachers – 31,088;
- Other Licensed Educators (counselors, teacher leaders, librarians, school and LEA level administrators, etc.) – 8,260; and
- District- and school-level unlicensed employees (administrators, support staff, paraprofessionals, transportation. personnel, food service, school nurses, etc.) – 29,125.

These numbers do not include state-level FTEs the State Board of Education employs. State FTE counts are available in the budget detail tables following this summary.

MINIMUM SCHOOL PROGRAM

The Minimum School Program (MSP) is the largest budget program annually appropriated by the Legislature. Appropriated funding supports the operation of all public schools in Utah and provides the primary source of revenue for Utah's school districts and charter schools. Program appropriations support educational activities from pre-kindergarten through the 12th grade.

Categorical programs within the MSP determine the cost to the state for each program and provide for the equitable distribution of state revenues. As an equalization program, the MSP adjusts state funding for LEAs to partially balance differences in local property tax collections. As outlined in statute, LEAs receive state funding based on program qualification requirements.

The Weighted Pupil Unit (WPU) is the primary method used to determine program costs and distribute appropriated state funding to LEAs. The WPU forms the foundation for each program in the Basic School Program. Generally, the WPU represents one pupil in Average Daily Membership (ADM). LEAs generate WPUs based on qualifications outlined in statute for each program. For example, students enrolled in kindergarten generate 0.55 WPUs, whereas students enrolled in a Special Education program may generate more than one WPU.

The MSP is divided into three main programs with several categorical programs within each: (1) Basic School Program (WPU programs), (2) Related to Basic School Program, and (3) Voted and Board Local Levy Programs. The Legislature appropriated \$6.9 billion to the MSP for FY 2025, of which approximately \$5.1 billion comes from state Income Tax and Uniform School Fund revenue sources.

The MSP also receives appropriations from five state-fund restricted sources:

- Uniform School Fund Restricted – Trust Distribution Account;
- Income Tax Fund Restricted – Minimum Basic Growth Account;

- Income Tax Fund Restricted – Charter School Levy Account;
- Income Tax Fund Restricted – Teacher and Student Success Account; and
- Income Tax Fund Restricted – Local Levy Growth Account.

Information in each restricted account can be found in the summary of Restricted State Funding section later in the chapter.

Approximately 75 percent of MSP revenue comes from state sources, with the other 25 percent generated through local school district property taxes. The state does not collect this property tax revenue, but the amount generated by a local school district may be factored into certain state formulas. Because of this, the local revenue amount used to distribute state funds is included in the appropriated budget.

SCHOOL BUILDING PROGRAM

The School Building Program (SBP) includes two programs: (1) Capital Outlay Foundation Program and (2) Capital Outlay Enrollment Growth Program. The programs assist qualifying school districts on a formula basis with the construction, renovation, or debt service of school facilities.

The program is funded with state funds from the Income Tax Fund and the Income Tax Fund Restricted – Minimum Basic Growth Account. The Legislature appropriated nearly \$33.3 million to the SBP for FY 2025. Capital construction in the LEAs is primarily funded through local property tax revenues.

The Legislature did not make any changes to the SBP budgets during the 2024 General Session.

STATE BOARD OF EDUCATION

The Utah Constitution states that “the general control and supervision of the public education system shall be vested in a State Board of Education.” The Utah State Board of Education (USBE) and its appointed Superintendent administer the various operating programs and divisions

supporting Utah’s public education system. USBE contains several line items, many of which were renamed and reorganized during the 2022 General Session to reflect the responsibilities of divisions more accurately in each line item and maintain budgetary transparency. The line items under the State Board of Education include:

- Charter School Revolving Account;
- Child Nutrition Programs;
- Educator Licensing;
- Fine Arts Outreach;
- Hospitality and Tourism Management Education Account;
- Contracted Initiatives and Grants;
- MSP Categorical Program Administration;
- Regional Education Service Agencies;
- School Building Revolving Account;
- Science Outreach;
- Policy, Communication, & Oversight;
- System Standards & Accountability;
- State Charter School Board;
- Utah Charter School Finance Authority;
- Utah Schools for the Deaf and the Blind
- Statewide Online Education Program Coordination;
- Charter School Closure Reserve Account;
- State Board and Administrative Operations; and
- Public Education Capital Projects.

The State Board of Education oversees eighteen programs financed through a combination of federal and state funds drawn from various courses such as the General Fund, Income Tax Fund, Dedicated Credits, Uniform School Fund, Liquor Tax, Public Education Economic Stabilization Restricted Account, alongside other restricted accounts.

The Legislature allocated over \$1.4 billion to the State Board of Education for FY 2025. Highlights of major operating divisions include:

State Board and Administrative Operations; Policy, Communication, & Oversight; and System Standards & Accountability

The primary budget for the State Board of Education is contained in three line items: State Board and Administrative Operations; Policy, Communication, and Oversight; and System Standards and Accountability. These line items fund the operating divisions and programs that help the board fulfill its constitutional role of “general control and supervision” of a statewide public education system. Divisions that oversee operations include financial operations, information technology, data and statistics, and law and policy functions. In addition, these line items include divisions overseeing special education services and student support services.

MSP Categorical Program Administration

This line item contains the funding for the costs associated with executing several MSP formula or grant programs, including Adult Education, the Beverly Taylor Sorenson Arts Learning program, Career and Technical Education Comprehensive Guidance, Digital Teaching and Learning, Dual Immersion, At-Risk Students, Early Intervention, and Special Education State Programs.

Utah Schools for the Deaf and the Blind

The Utah Schools for the Deaf and the Blind (USDB) help children with hearing and visual impairments become competent, caring, and contributing citizens. The schools operate an educational resource center that supplies educational materials to other agencies serving sensory-impaired children (Utah State Instructional Materials Center). USDB’s three major educational programs include a residential program, self-contained classrooms, and a student consultant program.

Contracted Initiatives and Grants

Over several years, the Legislature has established new programs in the education budget designed to meet the needs of certain student populations, introduce innovation, or provide funding for pilot programs. Appropriated funds are distributed to public or private entities on a contractual basis and,

to provide oversight, are included within the Utah State Board of Education's budget and this line item.

Fine Arts Outreach

The Fine Arts Outreach program enables Utah's non-profit professional arts organizations to provide expertise and resources in the teaching of the state's fine arts core curriculum. Participating organizations support and enhance the state curriculum by providing educational services such as demonstrations, performances, presentations, teacher professional development, and activities in the public schools. The Fine Arts Outreach Program contains three operating programs that collectively provide educational opportunities in public schools.

Science Outreach

The Science Outreach program enables Utah's non-profit professional science organizations to provide expertise and resources in teaching the state's science core curriculum. Participating organizations support and enhance the state curriculum by providing educational services such as demonstrations, presentations, teacher professional development, and activities in the public schools. The Science Outreach Program contains four programs that collectively offer educational opportunities in public schools.

State Charter School Board

The State Charter School Board authorizes and supports charter schools. This support includes oversight of school governance, finances, and student achievement. The board also provides start-up grants to new schools and implements statewide improvement programs for charter schools. Finally, the Charter School Board advises the State Board of Education on charter school issues.

Educator Licensing

The Educator Licensing line item handles all procedures and mechanisms used in issuing new Utah educator licenses, adding new credentials to existing licenses, and renewing of Utah educator licenses. Additionally, the section implements background checks as required by Utah law,

oversees the STEM Endorsement, oversees investigations into educator misconduct, and oversees the National Board-Certified Teachers program.

Regional Education Service Agencies

The four Regional Education Service Agencies (RESAs) support Utah's rural and charter school districts. Support may include professional development, technology support, administration, and student services. The RESAs are funded with state funds and contributions from member LEAs.

Statewide Online Education Program Coordination

The line item contains funding for the Statewide Online Education Program (SOEP) for students in home and private school settings. This separate line item allows for increased budget transparency due to the significant program growth over the last few years.

SCHOOL AND INSTITUTIONAL TRUST FUND OFFICE

The School and Institutional Trust Fund Office is an independent state agency within the executive branch that manages the investment of the Permanent School Fund. The trust fund includes money from the sale or use of land granted to the State or revenue and assets referred to in the Utah Constitution.

The Legislature appropriated \$4.3 million to operate SITFO in FY 2025. All appropriations to the line item come from the School and Institutional Trust Fund Management Account.

SESSION REVIEW

This report contains budgetary actions the Legislature took during the 2024 General Session. The following sections describe items about the public education budget, and we include only budget areas with notable changes. If we do not indicate otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund, Income Tax Fund, or Uniform School Fund.

2024 GENERAL SESSION

During the 2024 General Session, the Legislature reallocated nonlapsing balances, increased the WPU value, and made appropriations to various programs.

General Reductions

The Legislature reallocated nonlapsing balances totaling \$154,881,00 to the Income Tax Fund, comprising \$41,813,400 and \$113,067,600 one-time. These funds supported the At-Risk Student WPU Weighting and other associated programs. See tables A3 and B2.

Restricted State Funds

The Legislature appropriates revenue from the General Fund and Income Tax Fund into multiple restricted accounts each year. These restricted accounts support specific programs or purposes within the public education budget. Appropriators transferred a total of \$924.9 million into restricted accounts in FY 2025. The following summarize each of these accounts:

- **Minimum Basic Growth Account** -- \$75.0 million to support equalization programs in the Minimum School Program and the School Building Program created in S.B. 97, "Property Tax Equalization Amendments" (2015 General Session);
- **Local Levy Growth Account** -- \$127.6 million in FY 2025 to support property tax equalization efforts in the Minimum School Program – Voted and Board Local Levy Programs created in H.B. 293, "Tax Rebalancing Provisions" (2018 General Session) and S.B. 83, "Public Education Funding Equalization" (2023 General Session).
 - For FY 2025, the Legislature delayed the effective date for a required deposit into the account tied to a discretionary increase in the WPU Value avoiding a deposit of \$19.1 million;
- **Teacher and Student Success Account** -- \$197.0 million including \$167.8 million base and an additional \$29.2 million appropriated in FY 2025 to support the Teacher and Student Success Program created in S.B. 149, "Teacher and Student Success Act" (2019 General Session)

(the Legislature created the restricted account in H.B. 293, "Tax Rebalancing Provisions" (2018 General Session));

- **Underage Drinking Prevention Program Restricted Account** -- \$1.75 million to support the underage drinking prevention program administered by the State Board of Education; and
- **Public Education Economic Stabilization Restricted Account** -- \$440.6 million, with a beginning nonlapsing balance of \$84.6 million for a total of \$523.5 million for FY 2025. The account balance is used to make one-time appropriations to the public education system and designated in this report as appropriated from the restricted account. Ongoing funding will be used to fund future enrollment growth inflationary adjustment and maintain funding levels in an economic downturn.
 - The Legislature reversed \$82.9 million of a \$160.0 million appropriation made to the Permanent School Fund in FY 2024 to expend the funds in FY 2025.

Approximately \$380.5 million of the "Income Tax Restricted Accounts" amount is generated through an increase in local property tax revenue supporting the Minimum School Program – Basic School Program, which supports WPU. The above amount includes the Minimum Basic Growth Account amounts, a portion of the amounts in the Local Levy Growth Account, and the Teacher and Student Success Account. This funding is generated through the statewide Basic Rate (a property tax rate assessed by all school districts) to generate additional revenue for the Basic School Program. The increase in local revenue reduces the amount of state revenue required to fund program WPU. The difference in state funds is transferred to the restricted accounts highlighted above.

Minimum School Program

Budget Changes

The table titled "Minimum School Program and School Building Program – Budget Detail Tables: 2024 General Session" shows the FY 2024

Supplemental and FY 2025 Appropriated funding levels for each categorical program in the MSP.

The Legislature enacted major funding and policy initiatives as described below.

Public Education Funding Framework

During the 2024 General Session, the Legislature fully funded student enrollment growth costs and increased the WPU Value with an inflationary adjustment of 3.8 percent and a discretionary adjustment of 1.2 percent as provided in the public education funding framework established in statute.

Since FY 2022, the Legislature appropriates state funding for categorical programs in the Minimum School Program from the Uniform School Fund rather than the Income Tax Fund. The Legislature continues to fund programs out of the Income Tax Fund for the State Board of Education line items, as noted in the sections below.

Enrollment Growth

The number of students anticipated to enroll in Utah's public schools in the next fiscal year is lower than the number funded by the Legislature in FY 2024. The FY 2024 budget was based on an original enrollment estimate of 675,750 students in fall 2023. Actual enrollment was less at 673,773, 1,977 fewer than estimated and funded. Projections for fall 2024 (FY 2025) indicate 3,892 fewer students over the fall 2023 enrollment, for a total of 669,881.

Over the next several years, projections indicate that Utah's school-age population will likely decline. As a result, the cost of student enrollment growth will fluctuate based on actual growth, changes in how enrollment impacts weighted pupil unit (WPU) calculations, and amounts appropriated in prior fiscal years. For example, the estimated fall 2024 enrollment is still fewer than the total count funded for FY 2024, resulting in a net decline in student enrollment growth costs.

Local property tax revenue supporting student enrollment, specifically WPUs, increased by \$23.5

million from the Basic Property Tax Rate. In addition, local revenue supported by the State Guarantee through the Voted & Board Local Levy Programs decreased by \$9.3 million. The State does not collect these local property tax revenues but since they factor into state allocation formulas, the revenue is included in the state-appropriated budget.

Although the number of students is expected to decline from FY 2024 to FY 2025, the number of WPUs generated by students is expected to increase. Student enrollment growth and related formula adjustments increased state costs by \$9,122,900 one-time in FY 2024 and \$24,795,200 in FY 2025. These WPU and related formula changes are detailed below.

The following bullets detail enrollment growth changes in FY 2024 and FY 2025:

- Basic School Program – WPU costs increased by \$16,037,300 in FY 2025. The amount generated through the Basic Property Tax Rate is anticipated to increase by \$23,454,600 in FY 2025, resulting in a net state fund savings of (\$7,417,300) in the program.

As mentioned earlier, local property tax supporting the Basic School Program increased by \$23,454,600 (local funds included in the Grades 1-12 Program). Because local school districts contribute more to the cost of their WPUs through increased property tax revenues, the state obligation decreases by a like amount.

The following adjustments detail the WPU and cost changes to categorical programs within the Basic School Program. In total, WPUs increased by 3,747 over FY 2024 levels largely due to increases in WPUS for special education students and Students At-Risk. The following detail the funding and WPU changes for each program:

- Kindergarten – (\$3,573,800) and (835) WPUs;

- Grades 1-12 – (\$14,860,200) and (3,472) WPU;
 - Foreign Exchange Students – \$30,000 and 7 WPU;
 - Professional Staff – \$1,451,000 and 339 WPU;
 - Special Education – Add-on -- \$33,259,900 and 7,771 WPU;
 - Special Education – Self-Contained -- \$1,087,100 and 254 WPU;
 - Students At-Risk – WPU Add-on -- \$975,800 and 228 WPU;
 - Necessarily Existent Small Schools – (\$201,100) and (47) WPU;
 - Special Education – Preschool – (\$282,500) and (66) WPU;
 - Special Education – Extended Year Program -- (\$12,800) and (3);
 - Special Education – Impact Aid (\$51,400) and (12);
 - Career & Technical Education – (\$727,600) and (170) WPU;
 - Class Size Reduction -- (\$1,057,100) and (247) WPU; and
 - One categorical program did not receive enrollment growth changes for FY 2025 in the base budget:
 - Special Education – Extended Year for Special Educators.
 - Related to Basic School Program -- \$9,122,900 one-time in FY 2024, \$32,212,500 ongoing in FY 2025. Of this amount, \$9,122,900 in FY 2024 and \$32,212,500 in FY 2025 come from the Income Tax or Uniform School Funds; and \$4,341,900 ongoing in FY 2025 from the Income Tax Fund Restricted – Charter School Levy Account to support enrollment growth in the following programs:
 - Concurrent Enrollment -- \$1,969,100;
 - Charter School Local Replacement -- \$15,935,100, with \$11,593,200 from state funds and \$4,341,900 in anticipated revenue from the Charter School Levy Restricted Account FY 2025;
 - Educator Salary Adjustments -- \$9,122,900 one-time in FY 2024 and \$17,219,600 in FY 2025; and,
 - Several categorical programs that traditionally receive an enrollment growth adjustments did not due to the lack of increase in students from the FY 2023 funding level;
 - Pupil Transportation;
 - Enhancement for At-Risk Students – Gang Prevention;
 - Youth-in-Custody;
 - Adult Education;
 - Enhancement for Accelerated Students;
 - Dual Immersion;
 - Charter School Funding Base; and,
 - Teacher Salary Supplement.
 - The enrollment growth cost estimate includes adjustments to two programs within the State Board of Education line items as follows:
 - Statewide Online Education Program -- \$1,030,600; and
 - Carson Smith Special Needs Scholarship Program -- \$400,000 from the General Fund to adjust funding pursuant to a statutory formula.
 - Voted and Board Local Levy Programs – No change in total appropriations due to enrollment growth. Local revenue estimated did change, with revenues in the Voted Local Levy Program expected to decline by \$15.5 million and increase in the Board Local Levy by \$6.1 million.

Total Weighted Pupil Units

With enrollment growth and other changes, the Legislature funded 943,655 WPU in FY 2025, an increase of 9,240 WPU over FY 2024. This increase is the sum of the 3,747 WPU increased due to enrollment growth changes (detailed above) and 5,493 WPU associated with increasing the student-based weightings for the Students At-Risk – WPU Add-on program as detailed below.

Weighted Pupil Unit Value

Legislators appropriated approximately \$211,714,100 to increase the WPU Value (the amount paid for each WPU) by 5.0 percent, changing the WPU Value from \$4,280 in FY 2023 to \$4,494 in FY 2025. This increase was done in two increments, with \$161,256,600 providing for a 3.8 percent inflationary adjustment and \$50,457,500 for a 1.2 percent discretionary adjustment. These increases include the following program amounts:

- Basic School Program -- \$200,766,900 to increase for all WPU programs as follows:
 - Kindergarten -- \$8,392,400;
 - Grades 1-12 -- \$130,107,400;
 - Foreign Exchange -- \$86,700;
 - Necessarily Existent Small Schools -- \$2,281,400;
 - Professional Staff -- \$12,295,800;
 - Special Education – Add-on -- \$21,689,000;
 - Special Education – Self-Contained -- \$2,479,900;
 - Special Education – Preschool -- \$2,419,500;
 - Special Education – Extended Year Program -- \$97,800;
 - Special Education – Impact Aid -- \$440,900;
 - Special Education – Extended Year for Special Educators -- \$194,600;
 - Students At-Risk – WPU Add-on -- \$4,992,600;
 - Career and Technical Education Add-on -- \$6,224,500; and
 - Class Size Reduction -- \$9,064,400.
- Related to Basic School Program -- \$10,468,900
- to increase funding programs historically adjusted for changes in the WPU Value:
 - Pupil Transportation -- \$6,281,500;
 - Enhancement for At-Risk Students – Gang Prevention -- \$90,500;
 - Youth-in-Custody -- \$1,587,100;
 - Adult Education -- \$892,000;
 - Concurrent Enrollment -- \$992,800;
 - Enhancement for Accelerated Students -- \$345,100; and
 - Dual Immersion -- \$279,900.
- Statewide Online Education Program -- \$478,300 to increase funding to allow students

attending home, private, and small high schools to participate in the program.

Constitutional Amendment Set-Aside

- FY 2025 WPU Increase Adjustment -- \$3,023,700 from the Uniform School Fund to increase the ongoing \$79.6 million set aside by the Legislature during the 2023 General Session to fund a two percent increase to the WPU Value if the constitutional amendment related to the use of Income Tax passes in fall 2024.

Students At-Risk – WPU Add-On Program

- WPU Weighting Phase-in -- \$27.9 million from the Uniform School Fund, to increase student-based weightings that generate additional WPUs to provide needs-based services to promote equitable education opportunities.
 - Add-on WPU weightings for FY 2025 change from 0.10 to 0.125 for economically disadvantaged students and 0.040 to 0.0475 for English Language Learners.

Program Eliminations and Reallocations

- During the 2023 Interim and 2024 General Session, legislators studied several programs in the Minimum School Program – Related to Basic School Program. During the session, the Legislature opted to discontinue or move certain programs. The following programs were discontinued, and the ongoing funding that supported them was used to fund the WPU weighting increases for the Students At-Risk WPU Add-on Program:
 - (\$2,381,200) -- At-Risk Students – Gang Prevention and Intervention;
 - (\$90,500) -- At-Risk Students – Gang Prevention and Intervention WPU Value Increase Adjustment;
 - (\$801,000) -- Effective Teachers in High Poverty Schools which was replaced with \$801,000 one-time in FY 2025;
 - (\$2,100,000) -- Elementary School Counselor Program;
 - (\$300,000) -- Title I Schools Paraeducator Program; and

- (\$14,550,000) -- Early Literacy Program.
- Funding for the following programs was reallocated within the Public Education budget:
 - \$1.0 million -- Rural School District Transportation Grants eliminated, and funding moved to the Necessarily Existent Small Schools program;
 - \$500,000 -- Rural Transportation Rural School Reimbursement program retained but moved to the State Board of Education – Contracted Initiatives and Grants line item; and
 - (\$2,000,000) -- Pupil Transportation – To and From School reduction to the ongoing Uniform School Fund appropriation and replaced with \$2.0 million from the Automobile Driver Education Tax Account.

Charter School Funding Programs

- Charter School Local Replacement -- \$15.9 million including \$11.6 million from the Uniform School Fund and \$4.3 million from the Charter School Local Levy (local property tax funds) to provide the Charter School Local Replacement rate for each student enrolled in a charter school to replace local property tax revenue the school cannot collect;
 - The Local Replacement Rate increases from \$3,125 in FY 2024 to \$3,317 in FY 2025. The rate changes each year depending on the local revenue collected in the school districts in a prior year. The FY 2025 rate amount is based on FY 2023 school district revenue collections and includes the \$3,267 per student rate as calculated by the formula plus an additional \$50 to distribute \$4.0 million appropriated beginning in FY 2024 to reduce the two-year formula lag by one-year.
- Charter School Levy Account -- the Legislature created the Income Tax Fund Restricted – Charter School Levy Account when it passed S.B. 38, “School Funding Amendments” (2016 General Session). The account holds certain property tax revenues generated by school districts to support the local replacement. The

Legislature appropriated \$39.5 million from the account in FY 2025, an increase of \$4.3 million; and

- Charter School Funding Base -- \$3.6 million one-time from the Public Education Economic Stabilization Restricted Account to add to the \$7.9 million to provide a minimum amount of funding to cover administrative costs for charter schools enrolling fewer than 2,000 students. One-time funds can be used to maintain funding for charter schools regardless of enrollment as outlined in statute.

Teacher Support

The Legislature appropriated the following amounts in addition to base funding during the 2024 General Session to help support teachers in the classroom. Not all programs were funded as part of the Minimum School Program, but they are included here to consolidate all teacher support programs.

- Educator Professional Time -- \$74.0 million one-time from the Public Education Economic Stabilization Restricted account to provide up to 32 hours of additional contract time for educators,
- **S.B. 173, “Market Informed Compensation for Teachers”** -- \$150.0 million one-time from the Public Education Economic Stabilization Restricted Account to provide grants to qualified educators through the Excellence in Education and Leadership Supplement program,
- **H.B. 221, “Stipends for Future Educators”** -- \$8.8 million from the Uniform School Fund to create stipends for student teachers.
- **H.B. 431, “Teacher Retention”** -- \$3.8 million one-time from the Public Education Economic Stabilization Restricted account to create a two-year pilot program to provide opportunities for mastery and mentoring,
- Teacher Salary Supplement -- \$2.0 million from the Uniform School Fund to increase funding for the program that provides incentivized teacher compensation for select teachers in secondary math and science.

- **S.B. 173, “Market Informed Compensation for Teachers”** modifies the Teacher Salary Supplement Program beginning in FY 2025,
- **H.B. 105, “Educator Expense Modifications”** -- \$8.8 million one-time from the Public Education Economic Stabilization Fund to provide reimbursement for teacher supplies and materials at a rate of \$500 in teacher supplies and materials for primary and \$100 for secondary school teachers; and
- **S.B. 52, “Educator Salary Amendments”** -- \$139,300 to provide the educator salary adjustment for qualifying employees of the Regional Education Service Agencies.

Other Adjustments

The Legislature appropriated the following amounts in addition to base funding for the program it appropriated during the 2024 General Session and other modifications to the budget. Please see the table titled “Minimum School Program and School Building Program – Budget Detail Tables” for total funding amounts:

- Teacher and Student Success Program -- \$27,113,600 from the Income Tax Fund Restricted -Teacher and Student Success Account to increase allocations to local education agencies through the program,
- Gang Prevention and Intervention -- \$2.4 million one-time from the Uniform School Fund to continue the program in FY 2025 under the modified statutory provisions outlined in **H.B. 362, "Juvenile Justice Revisions"**; and
- Beverley Taylor Sorenson Arts Learning Program Expansion -- \$1.0 million one-time from the Public Education Economic Stabilization Restricted Account to expand access to the program for additional schools and maintain current participating schools.

The Legislature included intent language and codified or un-codified statutory language governing certain MSP programs that:

Clarified the application of the prior-year plus growth hold harmless provision used when calculating weighted pupil units and limits the hold harmless for

enrollment loss due to factors beyond the control of a local education agency. (H.B. 1, Section 1 and 3)

Amended the statute for the Beverley Taylor Sorenson Elementary Arts Learning Program to establish a uniform state amount paid for each participating educator and outlines how the State Board of Education may request future funding. (H.B. 1, Section 4)

Delayed implementation of a statute requiring a deposit into the Local Levy Growth Account when funding a discretionary increase in the WPU Value to the 2026 fiscal year. (S.B. 2, Section 3)

Expanded the use of the Automobile Driver Education Tax Account to include expenditures on pupil transportation and other expenditures as designated by the Legislature. (S.B. 2, Section 6)

Intent language directing local governing boards to use funds received through the At-Risk Students – WPU Add-on program to fund software licenses for English language learners if they opt to provide software learning tools for these students. (S.B. 2, Section 16)

Requested that the State Board of Education conduct a review of administrative and base funding for charter schools and consider cost impacts associated with enrolling fewer than 2,000 students, and how factors such as size, scale, and location impact operational costs. (S.B. 2, Section 17)

Provided authority to the State Board of Education to use up to \$85,000 one-time in nonlapsing balances to support student mental health screenings. (S.B. 2, Item 17)

School Building Program

The School Building Program (SBP) received deposits totaling \$4.3 million from earnings of the trust fund for FY 2025. The Legislature made no budgetary changes during the 2024 General Session.

State Board of Education

Budget Changes

The Legislature enacted major funding and policy initiatives and passed bills described below. Unless otherwise noted, all appropriations come from the Income Tax Fund.

State Board and Administrative Operations

- K-12 School Property Insurance -- \$100.1 million one-time from the Public Education Economic Stabilization Restricted account to restructure the K-12 property insurance premiums. Funding creates a captive insurance pool to insure public schools, saving school districts and charter schools approximately 60 percent in insurance premium increases; and
- **H.B. 415, "School Fees Amendments"** -- \$35.5 million one-time from the Public Education Economic Stabilization Restricted Account to allow LEAs a step-down period of three years from FY 2026-2029 to stop charging curricular fees.

System Standards and Accountability

- PRIME Expansions -- \$3.5 million one-time to increase the number of eligible schools, provide scholarships, and expand course offerings.

Contracted Initiatives and Grants

- Anti-bullying programs in Utah schools -- \$300,000 one-time from the Public Education Economic Stabilization Restricted Account to provide training programs to address suicide awareness, mental health, and anti-bullying issues in Utah schools;
- Research Supported Social Skill Development Program -- \$1.2 million one-time from the Income Tax Fund to allow continued expansion to the program;
- K-12 Computer Science for Utah Grant Program -- \$1.0 million from the Income Tax Fund and \$6.0 million one-time from the Public Education Economic Stabilization Restricted Account to provide grants to local education agencies for improving computer science learning outcomes and course offerings;

- Assessment to Achievement -- \$5.0 million one-time from the Public Education Economic Stabilization Restricted Account to provide schools outside consulting for turnaround.
- Student Credential Account (SCA) Statewide Usage -- \$3.5 million one-time from the Public Education Economic Stabilization Restricted Account for training, professional development, and support for educators, counselors, and administrators to assess student aptitudes;
- High School Service Pilot Program -- \$3.0 million one-time from the Income Tax Fund to conduct a four-year pilot program that expands access to the benefits of service to all high school aged students;
- **H.B. 84, "School Safety Requirements"** -- \$2.1 million from the Income Tax Fund and \$100.0 million one-time from the Public Education Economic Stabilization Restricted Account for school safety and security equipment, personnel, and training; and
- **Utah Fits All Scholarship Program** -- \$40.0 million ongoing from the Income Tax Fund to increase the number of scholarships.

Public Education Capital Projects

- Small/Rural District Capital Needs -- \$30.0 million one-time made up of \$15.0 million from the Public Education Economic Stabilization Restricted Account and \$15.0 million from the Uniform School Fund to provide grants to support capital development in small school districts.

State Charter School Board

- New School Start-Up Funding – Reduction of 1.0 million due to unused balances accrued as the number of applicants for funding has been consistently lower than anticipated.

Statewide Online Education Program Subsidy

- **H.B. 247, "Statewide Online Education Program Amendments"** -- \$280,000 and \$624,000 one-time from the Income Tax Fund to implement an academic counselor and data management.

The Legislature included intent language that:

Specified grant amounts for each recipient organization participating in the Fine Arts Outreach – Professional Outreach Programs in the Schools (POPS). (S.B. 2, Item 20)

Provided that the Board of Education use funds appropriated for the K12 Computer Science for Utah Grant Program to provide grants to implement the Utah Computer Science Master Plan and that local education agencies use funds to improve computer science outcomes and course offerings. (S.B. 2, Item 21)

Specified grant amounts for each recipient organization participating in the Science Outreach – Informal Science Education Enhancement Program (ISEE) (S.B. 2, Item 23)

Directed the Board of Education to use up to \$200,000 in ongoing funding appropriated to the Center for the School of the Future at Utah State University to support innovation and improvement in educator supply and retention. (H.B. 3, Item 325)

Directed the Board of Education to develop procedures to report all data needed to calculate annual budget adjustments for student enrollment growth and WPU Value increases by October 15 of each year. (H.B. 3, Item 331)

School and Institutional Trust Fund Office (SITFO)

Budget Changes

- SITFO Market Adjustments -- \$990,900 from the School and Institutional Trust Fund Management Account to increase employee compensation ranges to maintain alignment with market rates and fund an increase office lease rates; and
- 2023 Deposit to the Permanent State School Fund -- (\$82,895,200) reduced the one-time transfer of \$160.9 million to the permanent fund made in FY 2023 from the Public Education Economic Stabilization Restricted Account.

Minimum School Program - Budget Detail Tables
2024 General Session
Notes on Appropriated Budget

1. Administrative funding for certain MSP categorical programs can be found in the "MSP Categorical Program Administration" line item in the State Board of Education's budget. Adding program and administration funding will provide the full-cost for the program.
2. One-time funding appropriated by the Legislature in FY24 or FY25, as follows:
 - a). 2024 - Small District Base (Part of NESS) - \$3.6 m , Enrollment Growth Contingency - \$19.1 m, and Students At-Risk Add-on - 586,500, Pupil Transportation - \$6.0 m, Educator Salary Adjustments - \$9.1 m, Charter School Funding Base - \$1.9 m, Grow Your Own Teacher and Counselor Program - \$7.2 m, Beverley Taylor Sorenson Ele. Arts - \$2.5 m, Educator Professional Time - \$64.0 m, English Language Learner Software - \$5.0 m, and Flexible Funding WPU Distribution to 4th-6th Class County Schools - \$30.0 m.
 - b). 2025 - Beverley Taylor Sorenson Elementary Arts - \$1.0 m, Charter School Funding Base - \$3.6 m, Educator Professional Time - \$74.0 m, Effective Teachers in High Poverty Schools - \$801,000, At-Risk Students - Gang Prevention and Intervention - \$2.4 m, Teacher Supplies and Materials - \$8.4 m.
 - c). Uniform School Funds transferred one-time from the Voted & Board Local Levy Programs to the Grades 1-12 program to manage anticipated nonlapsing balances in the programs at the end of FY24. If this transfer is too high relative to the final state-cost of the guarantee for FY24, under 53F-2-205(3) the State Board of Education can transfer funding from the Basic School Program to balance. If a nonlapsing balance still remains in the programs at the close of FY24, under 53F-2-601(6) the State Board of Education may distribute the balance to qualifying school districts. In FY24, the Board distributed \$12,661,000 in balances to qualifying school districts.
3. Includes approximately \$4.3 million in funding for student transportation at the Utah Schools for the Deaf and the Blind.
4. Local school districts levy a tax rate for their contribution to the Charter School Local Replacement program. The revenue generated from the tax is deposited into the Education Fund Restricted - Charter School Levy Account and appropriated to the program.
5. Income Tax Fund Restricted accounts created by the Legislature funded from state fund "savings" generated through increased property tax revenues collected by various tax rates that are part of the Basic Levy. When local school districts pay more of the cost of WPU's from the property tax, less state revenue is required. This state revenue is transferred to the restricted funds to support other education programs.
6. The State Guarantee Rate is set by the State Board of Education in their Legislative Estimates allocations after calculating the state guarantee rate based on funding appropriated by the Legislature. The state guarantee rate is calculated each year by the State Board of Education based on appropriated amounts.
7. The revised year includes the expenditure of anticipated nonlapsing balances remaining from the prior school year as provided in 53F-2-304(10).
8. Includes an additional \$126.0 million in anticipated collections above the budgeted estimate in FY23. This amount increases the anticipated closing nonlapsing balances for the basic school program due to local revenues contributing more to the cost of WPU's than estimated, requiring less funding from the Uniform School Fund. The Legislature transferred this balance back to the Income Tax Fund in FY24.
9. The Legislature increases the total number of WPU's appropriated to the following programs: Students At-Risk WPU Add-on - An additional 5,493 WPU's to increase the Economically Disadvantaged (ED) and English Language Learner (ELL) student factors based on a 10-year phase-in (one 10-year increment). The WPU weightings increase as follows: ED from 0.1 to 0.125 and ELL from 0.04 to 0.0475. The statutory rates at full implementation are set as follows: ED at 0.3 and ELL at 0.1.
10. Includes the calculated Charter School Local Replacement rate for FY25 at \$3,267 per student plus \$50 per student add-on amount to distribute \$4.0 million to reduce the two-year lag in data used in the CSLR rate calculation. This funding was first appropriated ongoing in FY23 (2022 GS).
11. Nonlapsing balances are adjusted each year based on prior-year close out. In a given year, the Legislature may also transfer unobligated balances back to the Income Tax Fund for re-appropriation through the budget process. Please refer to the Compendium of Budget Information (COBI) detail online at budget.utah.gov for details.
12. The Legislature eliminated categorical funding for the following programs: Title I Schools in Improvement - Paraeducators at \$300,000, Early Literacy Program at \$14,550,000, Elementary School Counseling Program at \$2,100,000, and the ongoing funding for Effective Teachers in High Poverty Schools at \$801,000 and Students At-Risk - Gang Gang Prevention and Intervention at \$2,381,200. These funds were reallocated to increase WPU weightings for the Students At-Risk WPU Add-on Program outlined in Note 9. One-time funding was provided in FY 2025 for the Effective Teachers in High Poverty Schools and Gang Prevention and Intervention programs, program funding reductions will take effect in FY 2026 unless additional funds are appropriated by the Legislature.
13. The Legislature reallocated funding for the Pupil Transportation - Rural Transportation Grants to the Necessarily Existent Small Schools Program and the Pupil Transportation - Rural School Reimbursement Program to the State Board of Education - Contracted Initiatives and Grants Line Item.
14. USF Restricted - Automobile Driver Education Tax Account - Legislators expanded the use of the account to include expenditures on pupil transportation and other items appropriated by the Legislature. They appropriated \$2.0 m from the account to the Pupil Transportation To & From Program and reduced the ongoing Uniform School Fund appropriation by a like amount.
15. Enrollment Growth Contingency - ongoing funding to fund WPU's in excess of the appropriated number for Kindergarten students. As LEAs transition to full WPU weighting over-time, these funds can be accessed by the State Board each year to balance projected to actual WPU's.
16. In FY 2026, this program the Teacher Salary Supplement program will convert to a new program named "Salary Supplement for Highly Needed Educators" as outlined in S.B. 173, Market Informed Compensation for Teachers (2024 GS). Local Education Agencies will determine qualifying teachers based on statutory provisions instead of certain state-determined qualifying teacher categories.

SESSION REVIEW

This report contains budgetary action the Legislature took during the 2024 General Session. The following sections describe items pertaining to the Social Services Appropriations Subcommittee, and we include only budget areas with notable changes. If we do not indicate otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund or Income Tax Fund.

2024 GENERAL SESSION

The Legislature made the following significant, multi-agency budget changes:

- Balance Between Funding Sources -- \$689,996,000 one-time shift from the General Fund to the Income Tax Fund in FY 2025;
- **S.B. 27, “Behavioral Health System Amendments”** -- \$169,200 to support the costs related to the creation of the Utah Behavioral Health Commission;
- **H.B. 501, “Expanded Medicaid Coverage for Inmates”** -- (\$7,830,000) ongoing total funds and (\$4,437,500) one-time total funds in FY 2025 with (\$25,000) ongoing and \$899,200 one-time General Fund and \$49,400 ongoing and (\$568,500) one-time Medicaid Expansion Fund and (\$3,600,000) one-time total funds in FY 2024 with (\$900,000) one-time General Fund and (\$110,000) one-time Medicaid Expansion Fund for (1) an increase in health claim collections, (2) to provide certain benefits to 3,600 Medicaid-eligible clients, (3) funding to counties to reduce their contributions for the nonfederal share of Medicaid expenditures for substance abuse and mental health, and (4) to increase primary care provider rates in Medicaid by 2.12%; and
- **S.B. 223, “Youth Fee Waiver Amendments”** -- \$4,800 one-time in 2024 and \$28,600 ongoing in FY 2025 for costs related to waiving certain fees for individuals under the age of 26 who are foster children, former foster children or experiencing homelessness.

The Legislature approved intent language directing all entities within the subcommittee’s jurisdiction to:

The Departments of Workforce Services and Health and Human Services report on recommendations as well as potential costs and benefits of expanding automation of Medicaid eligibility reviews by June 1, 2024 to the Social Services Appropriations Subcommittee. The report shall include lessons learned from the automation efforts for ex-parte renewals. (H.B. 7 Items 6 and 96)

Report by opioid funding recipients on outcomes achieved and the advisability of continuing funding. (H.B. 2, Items 111 and 113, S.B. 3, Item 104)

Department of Health and Human Services

The Legislature made the following changes that affected multiple line items:

- Placement & Services for DCFS & JJYS High Acuity Clients -- \$4,430,400 ongoing in FY 2025 and \$2,430,800 one-time in FY 2024 to increase the reimbursement rates for children and youth in the care of Child and Family Services (DCFS) who are of medium or high-acuity needs;
- Behavioral Health Internships for Social Services Agencies -- \$2,333,300 one-time to support behavioral health internships for social services agencies;
- Medicaid Consensus -- (\$123,784,100) ongoing and (\$5,769,800) one-time total funds in FY 2025 with (\$57,062,800) ongoing and (\$9,000,000) one-time General Fund and (\$78,034,200) one-time total funds in FY 2024 with (\$79,800,000) one-time General Fund for annual changes to Medicaid caseload, inflation, and federal program mandates;
- **H.B. 38, “Psychotropic Medication Oversight Pilot Program Amendments”** -- \$12,263,000

ongoing total fund with \$1,597,000 ongoing General Fund in FY 2025 and \$85,200 one-time total funds with \$42,600 one-time General Fund in FY 2024 for costs related to paying for outpatient behavioral health services for foster children and JJYS clients at a rate no lower than the standard Medicaid schedule.

- **S.B. 181, “Native American Health Amendments”** -- \$5,248,600 ongoing and (\$5,244,600) one-time total funds in FY 2025 with \$44,800 ongoing and (\$42,800) one-time from the General Fund to serve 1,100 Native American Medicaid clients with traditional healing services;
- Delay for Autism Coverage Amendments -- (\$154,000) one-time total fund in FY 2024 with (\$46,100) one-time from the General Fund for a delay in submitting fee-for-service claims because beginning July 2023 Utah provides Medicaid coverage of autism treatment services for around 325 adults; and
- Delay for Postpartum Medicaid Coverage Amendments -- (\$61,600) one-time General Fund and (\$137,400) one-time from federal funds in FY 2024 from one-time delay of submitting fee-for-service claims.

Operations

The Legislature made the following budget changes:

- **S.B. 42 “Health and Human Services Reporting Requirements”** -- (\$7,500);
- Rural Alzheimer’s Disease and Related Dementias Awareness Campaign -- \$40,000 one-time in both FY 2024 and FY 2025 for a public awareness campaign to educate and encourage communication between adults, their friends, families, and healthcare providers regarding their brain health in rural Utah;
- **H.B. 561, “Communication Awareness Pilot Program”** -- \$250,000 one-time in FY 2025 to create the Communication Habits to reduce Adolescent Threats, or CHAT, Pilot Program;
- Vital Records Special Characters -- (\$18,400) one-time savings in FY 2024 due to lower-than-expected expenditures;
- Medication for Inmates -- (\$19,300) one-time in FY 2024 and ongoing in FY 2025 for reduced costs to provide certain medications to inmates of the Department of Corrections;
- Hemp Extract Amendments Reduction, 2016 H.B. 58 -- (\$20,000) for study costs no longer needed;
- Department of Health and Human Services Fleet Reduction -- (\$60,000) for savings related to overall vehicle fleet reduction;
- Department of Health and Human Services Space Utilization Savings -- (\$317,900) for savings related to overall workspace footprint and cost reductions;
- Health and Human Services Comprehensive Rate Review Study -- \$250,000 one-time;
- Prolife Utah Support Life Program -- \$200,000 for pregnancy support services;
- Utah Pregnancy Resource Center Support Life program -- \$200,000 for pregnancy support services; and
- Bereaved Youth Resources -- \$400,000 one-time in FY 2025 for services to children who have lost parents or caregivers.

Clinical Services

The Legislature made the following budget changes:

- Community Clinic Funding -- \$100,000 one-time to help fund the Doctors Volunteer Clinic that serves the low-income population of Southern Utah;
- Recycled Medical Device Assistance Expansion -- \$493,400 one-time to provide medical devices to low-income, isolated, marginalized, or low resource communities throughout Utah;
- Bleeding Disorder Nonlapsing Balance -- (\$50,000) one-time in FY 2024 because the agency has had a \$50,000 nonlapsing balance for assistance to people with bleeding disorders that has retained annually since FY 2016 at \$50,000;
- Maliheh Free Clinic Nonlapsing Balance -- (\$50,000) one-time in FY 2024 because the agency spent 100% of the \$200,000 ongoing

appropriation for the Maliheh Free Clinic and also retained \$50,000 as nonlapsing funds;

- Medical Residency Grants or Forensic Psychiatric Fellowship Grant – (\$2,050,000) one-time in FY 2024 because two programs, Medical Residency Grants or Forensic Psychiatric Fellowship Grant, were moved to the Department of Health and Human Services during FY 2023, but no money was spent. This reduces an amount equal to one year of ongoing funds; and
- PKU Delays and Nonlapsing Balance – (\$112,500) one-time in FY 2024 to remove the \$50,000 in funds not likely to be spent in the current year and another \$62,500 equal to the amount of nonlapsing funds retained.

Department Oversight

The Legislature made the following budget change:

- **H.B. 451, “Foster Care Amendments”** -- (\$117,500) for reduced foster care licensing costs.

Health Care Administration

The Legislature made the following budget changes:

- Hiring Delays for Medicaid Staff – (\$87,200) one-time General Fund and (\$536,500) one-time from federal funds in FY 2024 to remove funding through April 2024 for eight positions that have been vacant from 14 to 31 months through the end of 2023;
- Hiring Delays for Medically Complex Children – (\$19,700) one-time General Fund and (\$59,100) one-time from federal funds in FY 2024 to remove funding through April 2024 for new funding for 2.4 FTEs who had not been hired as of December 2023; and
- Service Array and Cost Study Funding Reduction – (\$200,000) one-time General Fund and (\$200,000) one-time from federal funds in FY 2024 has not been utilized and the agency has identified federal funds to conduct this study.

The Legislature approved intent language directing the division to:

Report on potential changes to disproportionate share payments to hospitals. (H.B. 2, Item 110)

Report on Anti-Obesity Medications in the Medicaid program. (H.B. 2, Item 110)

Report on analysis of provider preventable conditions reports. (H.B. 7, Item 6)

Report on quality-based auto-assignment options for Medicaid managed care clients who do not select a health plan. (H.B. 7, Item 6)

Report on the feasibility of primary care health homes focusing on Advancing Care for Exceptional (ACE) kids in Medicaid. (H.B. 7, Item 6)

Enhance the State’s Medicaid graduate medical education program. (S.B. 3, Item 103)

Integrated Health Care Services

The Legislature made the following budget changes:

- Behavioral Health Service Codes for Medicaid Reimbursement -- (\$10,000) one-time reduction in FY 2024 due to lower-than-expected costs for implementation of program;
- State Hospital Caseworker - (\$51,800) one-time in FY 2024 for a position that will not be filled;
- State Hospital Wing Opening Delay - (\$520,900) one-time in FY 2024 for savings related to the delayed full opening of a new wing at the State Hospital;

The Legislature approved intent language directing the division to:

The \$1,725,000 provided in the Department of Workforce Services - Operation and Policy Line Item for the NewGen: Youth Homelessness Solutions and Preventions funding item from Temporary Assistance for Needy Families (TANF) federal funds: (1) is dependent upon the availability of TANF federal funds and the qualification of the "Youth Futures Utah" funding item to receive TANF federal funds;

and (2) be spent over the following years in the following amounts: FY 2025 - \$575,000; FY 2026 - \$575,000; FY 2027 - \$575,000. (H.B. 2, Item 103)

Notwithstanding the intent language passed on lines 1832-1841 in Item 103 in House Bill 2, New Fiscal Year Supplemental Appropriations Act, 2023 General Session the Legislature intends that the following intent language supersedes the language found in House Bill 2: "The Legislature intends that the \$1,725,000 provided in the Department of Workforce Services - Operation and Policy Line Item for the NewGen: Youth Homelessness Solutions and Preventions funding item from Temporary Assistance for Needy Families (TANF) federal funds: (1) is dependent upon the availability of TANF federal funds and the qualification of the NewGen: Youth Homelessness Solutions and Preventions funding item to receive TANF federal funds; and (2) be spent over the following years in the following amounts: FY 2025 - \$575,000; FY 2026 - \$575,000; FY 2027 - \$575,000." (H.B. 3, Item 238)

The \$3,000,000 provided in the Department of Workforce Services - Operation and Policy Line Item for the Neighborhood House from Temporary Assistance for Needy Families (TANF) federal funds: (1) is dependent upon the availability of TANF federal funds and the qualification of Neighborhood House to receive TANF federal funds; and (2) be spent over the following years in the following amounts: FY 2025 - \$1,000,000; FY 2026 - \$1,000,000; FY 2027 - \$1,000,000. (H.B. 2, Item 103)

The \$150,000 provided in the Department of Workforce Services - Operation and Policy Line Item for the Social Skills Building – Students with Disabilities from Temporary Assistance for Needy Families (TANF) federal funds: (1) is dependent upon the availability of TANF federal funds and the qualification of Social Skills Building - Students with Disabilities to receive TANF federal funds; and (2) be spent over the following years in the following amounts: FY 2025 - \$50,000; FY 2026 - \$50,000; FY 2027 - \$50,000. (H.B. 2, Item 103)

That \$2,575,400 of the Unemployment Compensation Fund appropriation provided for the Operations and Policy line item is limited to one-time projects associated with Unemployment Insurance modernization. (H.B. 2, Item 103)

The Legislature authorizes the Department of Workforce Services to spend all available money, as authorized by the Department of Health and Human Services, in the Medicaid Expansion Fund for FY 2024 regardless of the amount appropriated as allowed by the Fund's authorizing statute.(H.B. 2, Item 103)

Unemployment Insurance

The Legislature made the following budget change:

- Unemployment Insurance – (\$217,900) one-time in FY 2024 which comprises Unemployment Insurance base budget from the General Fund that was unspent at the end of FY 2023 and was carried into FY 2024.

EXECUTIVE APPROPRIATIONS

Includes Budgets for:
Utah National Guard
Veterans and Military Affairs
Capitol Preservation Board
Legislature

COMMITTEE OVERVIEW

The Executive Appropriations Committee (EAC) organizes and implements the appropriations process and coordinates the activities of the seven subcommittees of the Joint Appropriations Committee (which includes all legislators).

The Legislature appropriated a total of \$232.1 million in FY 2025 in Operating and Capital Budgets and Expendable Funds and Accounts for agencies overseen directly by the EAC, which is 13.4 percent more than the FY 2024 Revised appropriation of \$204.7 million, and 2.5 percent less than the original FY 2024 budget of \$238.0 million. Total FY 2025 General/Income Tax Fund appropriations of \$82.9 million represent a 4.5 percent decrease compared to FY 2024 Revised General/Income Tax Fund appropriations of \$86.8 million, and a 4.5 percent decrease over original FY 2024 appropriations of \$86.8 million.

Operating & Capital Budgets and Expendable Funds & Accounts (excludes Restricted Fund & Account Transfers)

While most state agencies report to an appropriations subcommittee, the following agencies and entities report directly to the Executive Appropriations Committee:

- Capitol Preservation Board;
- Legislature;
- Utah National Guard;
- Veterans and Military Affairs; and
- Firefighters Retirement Account Trust and Agency Fund.

CAPITOL PRESERVATION BOARD

The Capitol Preservation Board (CPB) manages all functions associated with Capitol Hill facilities and grounds, including maintenance, furnishings, occupancy, public usage, tours, and long-range master planning. The board manages the day-to-day operations of the Capitol building, the Senate and House buildings, the North Building (under construction), the Daughters of Utah Pioneers Museum, the Travel Council Building, and the White Chapel. The Division of Facilities Construction and Management (DFCM) provides grounds maintenance and facility management through contract.

The board receives General Fund appropriations for most of its operations, but also raises money through private contributions (expendable receipts), fees (dedicated credits) and any money received from the federal government.

LEGISLATURE

The Utah Constitution assigns legislative power to a part-time citizen Legislature that meets in general session each year, beginning on the Tuesday after the third Monday in January and ending 45 days later (not including holidays). The 104 elected officials in the Utah State Senate and House of Representatives together comprise the Legislature of the State of Utah, which establishes Utah’s laws and sets the State’s budget. Staff offices assist the Legislature. Every ten years, per Article IX, Section 1 of the Utah Constitution, the Legislature redraws congressional, legislative, and state school board district boundaries based on the results of the most recent population data from the U.S. Census Bureau.

Senate

The Senate has 29 members. Senators are elected to four-year terms; every two years, approximately half of the Senators are up for election. On average, each Senator represents about 113,000 constituents.

House of Representatives

The House of Representatives has 75 members. Representatives are elected to two-year terms. On

average, each House member represents about 44,000 constituents.

Legislative Auditor General

The mission of the Office of the Legislative Auditor General (OLAG) is to serve the Utah Legislature and the citizens of Utah by providing objective and credible information, in-depth analysis, findings, and conclusions that help legislators and other decision makers:

- Improve programs;
- Reduce costs; and
- Promote accountability.

By legislative rule, OLAG reviews, and if necessary, follows up on targeted efficiency evaluations. To achieve its mission, the office completes in-depth audits and special projects requested by the Legislature.

Legislative Fiscal Analyst

The Office of the Legislative Fiscal Analyst (LFA) has a mission to find sound financial solutions that make Utah better. LFA assists elected officials in managing the State's long-term fiscal health by monitoring obligations, measuring risk, and planning contingencies. Staff helps legislators establish a balanced budget by forecasting revenue, staffing appropriations subcommittees, drafting appropriations bills, and documenting legislative budgetary actions. LFA estimates budget impacts and regulatory burdens for all proposed legislation. LFA regularly monitors and reports on program implementation, performance, and management.

Legislative Research and General Counsel

The Office of Legislative Research and General Counsel (LRGC) is responsible for drafting and processing all legislation, performing policy research and analysis, providing legal counsel, and staffing legislative committees. LRGC is led by two managers—the director and the legislative general counsel. The director supervises the powers, functions, and duties of LRGC, while (pursuant to the Utah Constitution) the legislative general counsel

provides and controls all legal services for the Legislature unless otherwise provided by statute.

Legislative Services

The Legislative Services Office centrally accounts for certain shared enterprise-level overhead expenses among legislative organizations. The office consists of two separate functions: Operations (Finance, Human Resources, Printing, and the Bill Room) and Information Technology. The staff directors of each legislative office form the Legislative Services Management Council which provides direction to Legislative Services.

UTAH NATIONAL GUARD

The Utah National Guard (UNG) consists of Army National Guard, Air Force National Guard, and the Utah State Defense Force. The Governor is the Commander-in-Chief of the UNG and may employ personnel and equipment to respond to natural or other disasters, civil emergencies, civil defense needs, or any other mission allowed by law. The President of the United States may assign UNG units to perform federal military missions for which the UNG is organized, trained, and equipped. Throughout Utah, 24 communities contain UNG units, and these units can respond to needs throughout the world.

In recent years, the Legislature has appropriated funds to preserve critical land surrounding Camp Williams in order to protect the camp's mission and neighboring communities.

UNG Morale, Welfare, and Recreation Fund

The UNG Morale, Welfare, and Recreation (MWR) Fund is an expendable special revenue fund to pay for MWR program operations. All revenues to the fund come in the form of dedicated credits from fees for services. The program began operations on January 1, 2015.

UNG Death Benefits Account

The purpose of the Death Benefits Account is to make funds available to pay death benefits in the

event a member of the National Guard is killed while on State active duty.

VETERANS AND MILITARY AFFAIRS

The Department of Veterans and Military Affairs (DVMA) is the agency responsible for Utah's approximately 133,000 veterans. The agency has a three-part mission:

1. Advocate for and honor veterans for their unique contributions;
2. Connect veterans, family members, community groups, service organizations, military installations, support groups, and other stakeholders to each other and external resources; and
3. Grow military missions and associated military installation workloads, consistent with national security.

Veterans Nursing Home Fund

The DVMA administers the Utah Veterans Nursing Home Fund for the benefit of the residents of the four Utah veterans nursing homes. The homes are in Salt Lake City, Ogden, Payson, and Ivins and are almost entirely federally funded.

FIREFIGHTERS RETIREMENT TRUST AND AGENCY FUND

By statute, certain "firefighter service employees" who are employed by a participating employer may qualify for the Firefighters' Retirement System. In addition to receiving funding from the Firefighters' Retirement System, firefighters may receive funding from the Firefighters' Retirement Trust & Agency Fund.

SESSION REVIEW

The items described below pertain to the EAC for the 2024 General Session and 2024 Third Special Session. We include only budget areas with notable changes. If not indicated otherwise, the Legislature made appropriations in FY 2025, ongoing, and from the General Fund or Income Tax Fund.

2024 GENERAL SESSION

- Utah Golf Foundation Veterans on Course -- \$40,000 one-time to provide free instruction and playing opportunities to military personnel of active or veteran status.

The Legislature approved intent language directing that:

\$1,150,000 for Advanced Air Mobility Center of Excellence be used by 47G (the Utah Aerospace and

Defense Association) to support the state's air mobility efforts and foster growth through services to companies competing in this space in partnership with the Utah Department of Transportation, Governor's Office of Economic Opportunity, Utah Inland Port Authority, and private business, and that 47G use the funds to assist in matchmaking with larger defense contractors and work in coordination with the Utah Innovation Lab to develop an investment ecosystem of venture capital and private equity investors and work with Talent Ready Utah to support workforce needs. (House Bill 3, Item 349)

\$500,000 for Best Defense Foundation be used to provide programs and services that benefit veterans who are Utah residents, or veteran events held in Utah. (House Bill 3, Item 349)

The Division of Finance shall not disburse the funding provided for Best Defense Foundation until a comprehensive financial audit of past expenditures of state funds has been presented to and reviewed by the Executive Appropriations Committee, and shall only be paid on a reimbursement basis, with all requested documentation related to reimbursement free of redaction. (House Bill 2, Item 211)

DVMA Veterans Nursing Home Fund

- Salt Lake Veterans Home Rebuild -- (\$32,666,200) one-time federal funds in FY 2024 and \$32,666,200 one-time federal funds in FY 2025 for reimbursement expected from the United States Veterans Administration.

Firefighters Retirement Trust and Agency Fund

- Firefighters Retirement Trust and Agency Fund - (\$7,000,000) reduction because liabilities have not grown as quickly as expected.

2024 THIRD SPECIAL SESSION

During the Special Session, the Legislature passed **House Bill 3002, "Public Lands Funding Amendments"** which consolidated appropriations into the repurposed "Federal Overreach Restricted Account." From the Legislative Services - Pass Through program, the bill moved nonlapsing balances of \$490,000 to the Overreach Account. Further, the bill reduced \$157,500 General Fund ongoing previously appropriated in the Pass Through program.

GLOSSARY

Glossary of Terms

Administrative Rules - The detailed procedures established by state agencies to implement statute and programs.

Agency - A unit of accounting, typically associated with a department, division, board, council, committee, institution, office, bureau, or other similar administrative unit of state government, that includes line items and programs.

Allocation - The division of an appropriation into parts and the designation of each part for expenditure by specific units or for specific purposes.

Appropriation - A legislative authorization to make expenditures and incur obligations.

Backfill - The use of one-time funds (state or federal) to replace reductions in ongoing programmatic funding for one year.

Bill - A proposed law or statute presented to the Legislature for their consideration.

Bill of Bills (Appropriations Adjustments) - A bill which contains funding for legislation that has fiscal impact and funding for other legislative action. It covers two fiscal years: the current fiscal year and the next.

Bond - A certificate of indebtedness issued by a government entity as evidence of money borrowed. It is a written promise to pay a specified sum at a specified date or dates together with specific periodic interest at a specified rate. The primary bonds used by the State are General Obligation Bonds, Lease Revenue Bonds, and Revenue Bonds.

Budget - An itemized summary of estimated or intended expenditures for a fiscal year along with estimated revenues.

Budget Execution Plan - A proposal submitted by an administrative unit of state government to the Division of Finance enumerating expected revenues and authorized expenditures within line items and among programs.

Building Blocks - Funding increases or decreases to existing programs.

Calendar Year - The year beginning January 1 and ending December 31.

Capital Outlay - Expenditures which result in the acquisition or replacement of fixed assets other than computers and related hardware.

Current Expense - An expenditure category which includes general operational expenses of the programs including consultants, contracts, building maintenance, small office supplies, etc.

Data Processing Current Expense (DP Current Expense) - An expenditure category which includes costs incurred to operate information technology systems such as Local Area Network (LAN) connections, software under \$5,000, and supplies.

Data Processing Capital (DP Capital) - The expenditure category that includes computer hardware, support equipment, systems, and software over \$5,000.

Debt (General Obligation) - Debt backed by the full faith and credit of the State. Property taxes secure general obligation debt and general tax revenue pays for the debt service.

Debt (Revenue) - A bond that does not carry the full faith and credit of the State but rather pledges a revenue or lease stream to pay for debt service.

Debt Limit (Constitutional) - Caps total general obligation debt at 1.5 percent of total fair market value of taxable property.

Debt Limit (Statutory) - UCA 63J-3-402 limits general obligation debt to 45 percent of the allowable spending limit from the General Fund, Uniform School Fund, and Transportation Fund, less debt service. A two-thirds vote of the Legislature is necessary to exceed this limit.

Debt Service - The money required to pay the current outstanding principal and interest payments on existing obligations according to the terms of the obligations.

Dedicated Credits Revenue - Money that is paid to an agency by other agencies or the public for services or goods. The agency usually uses these dedicated funds to pay for its expenses.

Education Fund (EF) - The main funding source for public and higher education. The Education Fund receives all revenues from taxes on intangible property or from income tax.

Encumbrance - An obligation in the form of purchase orders, contracts, or salary commitments which an agency charges to an appropriation and for which the agency reserves a portion of its appropriation.

Enterprise Fund - A fund established by a governmental unit which operates like a business. Used by governmental units that cover most or all operating costs through user charges.

Expendable Receipts - Money that is paid to an agency for expenditures that are limited by a nonstate entity that provides the funds. Expendable receipts may include grants, state matches for federal revenues paid by a nonstate entity; and rebates, including pharmacy rebates, that have similar restrictions on expenditures as the original program.

Expenditures - Expense categories for personnel, goods, and services needed by state programs. These include: personnel services, travel, current expense, DP current expense, DP capital, capital outlay, pass-through, and other.

Federal Funds - Money made available to the State by an act of the Federal Congress. The Governor may accept, on behalf of the State, any federal assistance funds for programs that are consistent with the needs and goals of the State and its citizens and that are not prohibited by law. Generally, money comes to the State from the federal government with specific requirements. In many cases the State must provide a match in state funds or in-kind services.

Fiscal Note - The estimate by the Legislative Fiscal Analyst of the amount of present or future revenue and/or expenditures resulting from the passage of a given bill.

Fiscal Year (FY) - An accounting period of 12 months at the end of which the organization ascertains its financial conditions. The state fiscal year (FY) runs from July 1 through June 30. The federal fiscal year (FFY) is from October 1 through September 30.

Fee - A fixed charge for a good or service, usually recorded as Dedicated Credit revenue.

Fixed Assets - Long-term assets which will normally last in excess of one year such as land, buildings, machinery, furniture, etc.

Free Revenue - Collections that are required by law to be deposited in the General Fund, the Education Fund, the Uniform School Fund; or the Transportation Fund; or collections that are not otherwise designated by law or that are not externally restricted.

Full Time Equivalent (FTE) - FTE is the abbreviation for “Full Time Equivalent” position or employee. It is a method of standardizing the personnel count. One person working 40 hours per week for one year is equal to one FTE. Two people working 20 hours each per week are equal to one FTE. One FTE is any combination of hours that equals a full-time, 40-hour a week employee.

Full Faith and Credit - A pledge of the general taxing power of the government for the payment of a debt obligation.

Fund - An independent fiscal and accounting entity with a self-balancing set of accounts.

General Fund (GF) - A major revenue source for the State. The Legislature can appropriate these funds at its discretion as the Constitution allows. The primary source of this revenue is the sales tax, although there are several other taxes and fees that contribute to the General Fund.

General Obligation Bonds (G.O.) - The full faith and credit of the State is the security for G.O. debt. The state Constitution and statute limit the level of G.O. debt that may be issued. G.O. debt is the least expensive tool available to the State for long-term borrowing and is usually issued for six-year terms (buildings) or 15-year terms (highways).

Grant - A contribution by one entity to another without expectation of repayment. This is usually made in support of some specified function or goal.

Indirect Charges (also called Overhead Shared Expenses) - Charges which cannot be exactly identified to a specific product or service that are often allocated rather than computed.

Initiative - A procedure by which citizens can propose a law and ensure its submission to the electorate.

Intent Language - A statement added to appropriations bills to explain or put conditions on the use of line item appropriations. These statements are part of an appropriations act, but expire at the end of the fiscal year. Intent language cannot replace or supersede current statutes.

Interim - The period between regular sessions of the Legislature.

Internal Service Fund - A fund established by a governmental unit to provide goods and services, primarily to other governmental agencies. User charges usually finance these funds.

Item of Appropriation - An authorization of expenditure contained in legislation that appropriates funds and includes the name of the agency and line item to which authorization is granted, and sources of finance from which authorization is granted and associated amounts authorized. It may also include a schedule of programs, intent language, approved full-time equivalent employment, authorized capital outlay; and other conditions of appropriation. Each appropriated sum has an item number in an appropriations bill.

Lapse - The automatic termination of an appropriation and the return of the unexpended funds to the base fund.

Lapsing Funds - Unspent money remaining at the end of the year reverts (or lapses) back to the base fund unless otherwise designated.

Lease Revenue Bonds - The State Building Ownership Authority issues lease revenue bonds as the official owner of state facilities. Debt service (usually paid over 20 years) comes from rents collected from user agencies and carries an interest rate slightly higher than general obligation debt.

Legislative Oversight - The responsibility of the Legislature to review operations of executive and judicial agencies.

Legislative Rule - The precise method or procedure of action to govern as determined by each house or both houses.

Line Item - A unit of accounting, typically representing an administrative unit of state government within an agency, that contains one or more programs. Each line item appropriation may have several programs. Once the appropriation becomes law an agency may move funds from program to program within the line item, but not from one line item to another.

Nonlapsing Funds - The Legislature can authorize an agency, via statute or intent language, to keep unused funds at the end of a fiscal year. Otherwise, unexpended funds return (lapse) to their account of origin.

Obligations - Required amounts that a governmental unit must pay out of its resources.

One-time vs. Ongoing Funding - Both revenue and expenditures may be one-time (a short, distinct period) or ongoing (lasting from year to year).

Operating Expenses - Those costs which are necessary to the operations of an agency and its program(s).

Operating surplus - The amount by which annual revenues exceed outlays.

Operations and Maintenance (O&M) - Expenses to clean and maintain facilities on a regular basis.

Pass-through - An expenditure category for funds collected by one program or agency and "passed-through" to another group for services or expenditure.

Per Diem - Literally, per day, daily expense money rendered to legislators and state personnel.

Personnel Services - An expenditure category which includes all personnel costs including salary and benefits.

Program - A unit of accounting included on a schedule of programs within a line item used to track budget authorizations, collections, and expenditures on specific purposes or functions.

Rate - A fixed charge for services provided by Internal Service Funds.

Referendum - A popular vote of the electorate on a measure adopted by the Legislature.

Regulation - A rule or order of an agency promulgated under the authority of a statute.

Restricted Funds (GFR, USFR, Transportation Fund Restricted) - These accounts restrict revenue for specific purposes or programs.

Retained Earnings - The accumulated earnings of an Internal Service Fund (ISF) or Enterprise Fund (EF) still in the fund and not reserved for any specific purpose.

Revenue - The yield of taxes and other sources of income that the State collects.

Revenue Bonds - Debt issued by the State and backed by the revenue from a specific project rather than general taxes or lease payments. Revenue sources typically include sales revenue such as at state liquor stores or from auxiliary functions such as student housing and parking at institutions of higher education. Revenue bonds usually carry an interest rate slightly higher than general obligation debt.

Revenue Surplus - The amount by which annual collections exceed forecasted revenue. The Legislature uses this in the context of Rainy Day Fund deposits.

Shared Revenue - Revenue levied by one governmental unit and distributed to one or more other governmental units.

Short-term Debt - Debt of less than one year.

Statute - A written law enacted by a duly organized and constituted legislative body and approved by the Governor.

Supplemental Appropriation - The adjustment of funds allocated over/under the original appropriation. Generally, an increase in current year appropriations above the original legislative appropriation.

Surety Bond - A written commitment to pay damages for losses caused by the parties named due to non-performance or default.

Tax - A compulsory charge or contribution levied by the government on persons or organizations for financial support.

Transfers - Movement of money from one governmental unit account to another governmental unit account. (Usually reflects the exchange of funds between line items.)

Transportation Fund - Funding primarily from the gasoline tax. The Constitution restricts this revenue to road and highway-related issues.

Travel, In-state and Out-of-state - An expenditure category which includes funding for program travel and supportive services (e.g., airline tickets, rental cars, hotels, meals, etc.)

Uniform School Fund (USF) - A source of revenue for purposes of public education. The Uniform School Fund is a special revenue fund within the Education Fund.

Veto - An official action of the Governor to nullify legislative action. The Legislature may override the action by a constitutional two-thirds vote of each house if still in session or if called back into a veto override session.

Glossary of Federal Budget Terms

Appropriation - An appropriation is an act of Congress that generally provides legal authority for federal agencies to incur obligations and spend money for specific purposes, usually through the enactment of 13 separate appropriation bills.

Authorization - An authorization is an act of Congress that establishes or continues a federal program or agency and sets forth the guidelines to which it must adhere.

Balanced Budget - A balanced budget occurs when total revenues equal total outlays for a fiscal year.

Budget Authority (BA) - Budget authority is what the law authorizes, or allows, the federal government to obligate funds for programs, projects, or activities. Budget Authority usually comes from an appropriation but may come by other means.

Budget Control Act of 2011 - Legislation intended to resolve a federal debt ceiling crisis, involving several complex mechanisms such as debt ceiling increases, discretionary spending caps, creation of a Joint Select Committee on Deficit Reduction (failed to reach agreement), and across the board spending cuts ("sequestration"). Sequestration may reduce non-exempt federal programs by eight to nine percent and could impact federal funds to the states.

Budget Resolution - The budget resolution is the annual framework within which Congress makes its decisions about spending and taxes. This framework includes targets for total spending, total revenues, and the deficit or surplus, as well as allocations, within the spending target, for discretionary and mandatory spending.

Cap - A budget cap is a legal limit on total annual discretionary spending. A program cap usually limits the availability of an entitlement.

Deficit - The deficit is the difference produced when spending exceeds revenues in a fiscal year.

Discretionary Spending - Discretionary spending refers to outlays controllable through the congressional appropriations process. Examples include money for such activities as all federal agencies, Congress, the White House, highway construction, defense and foreign aid. Approximately one-third of all federal spending is discretionary.

Entitlement - An entitlement is a program that legally obligates the federal government to make payments to any person, institution, or government which meets the legal criteria for eligibility unless and until Congress changes the law. Examples include Social Security, Medicare, Medicaid, unemployment benefits, food stamps, and federal pensions.

Excise Taxes - Taxes on the sale of various products including alcohol, tobacco, transportation fuels, and telephone service.

Federal Debt - Two categories of gross federal debt: debt held by the public and debt the government owes itself. Another federal debt term, "debt subject to legal limit" (roughly the same as gross federal debt), is the maximum amount of federal securities that may be legally outstanding at any time. The President and Congress must enact a law to increase the debt limit.

Debt Held by the Public - Debt held by the public is the total of all federal deficits, minus surpluses, over the years. This is the cumulative amount of money the federal government has borrowed from the public, through the sale of notes and bonds of varying sizes and time periods. This includes debt held by the Federal Reserve.

Debt the Government Owes Itself - Debt the government owes itself is the total of all trust fund surpluses over the years, like the Social Security surpluses. Federal securities are the required investment option for trust fund surpluses.

Fiscal Year - The fiscal year is the federal government's accounting period. It begins October 1 and ends September 30.

Gross Domestic Product (GDP) - GDP is the standard measurement of the size of the economy. It is the total production of goods and services within the United States.

Mandatory Spending - Permanent law authorizes mandatory spending. Examples of mandatory spending are Social Security, Medicaid, Medicare, and interest paid to holders of federal debt. Congress can change the law to change the level of spending on mandatory programs. Mandatory spending accounts for two-thirds of all federal spending.

Off-Budget - Congress defines some programs as off-budget, and their accounting is separate from the budget totals. Social Security and the Postal Service are off-budget.

Outlays - Outlays are the amount of money the government spends in a given fiscal year. It is a synonym for spending or expenditure.

Pay-As-You-Go (PAYGO) - Pay-as-you-go requires that new spending proposals on entitlements or tax cuts pay for themselves by cuts in other entitlements or by other tax increases to ensure that their enactment does not cause the deficit to rise.

Reconciliation - The process by which Congress amends tax laws and spending programs to meet outlay and revenue targets set in the congressional budget resolution.

Rescission - The legislative cancellation of previously-appropriated budget authority. A rescission bill is an appropriation bill.

Revenue - Revenue is money collected by the federal government.

Sequester - The cancellation of spending authority or to constrain spending to preset budget caps. Appropriations exceeding the caps will trigger a sequester that will cut all budget authority not exempted or partially protected by the amount of the excess. A tax cut or entitlement expansion that are not offset under PAYGO rules will also trigger a sequester of nonexempt entitlement programs.

Social Insurance Payroll Taxes - This tax category includes Social Security taxes, Medicare taxes, unemployment insurance taxes, and federal employee retirement payments.

Special Funds - Special funds are government accounts, as set forth by law as special funds, for revenues and spending designated for specific purposes. In general, the federal government does not invest the special fund balances.

Surplus - A surplus is the amount by which annual revenues exceed outlays.

Trust Funds - Trust funds are government accounts, set forth by law as trust funds, for revenues and spending designated for specific purposes. The federal government invests the trust fund balances in special U.S. Treasury securities.

Unified Budget - The unified budget is the consolidated federal budget showing revenues from all sources and outlays to all activities.
