October 15, 2026

This Addendum is issued to provide a response to a question received regarding the Request for Proposals (RFP). The RFP is unchanged except as expressly stated in this Addendum.

Question 1: Would OLAG consider a relevant engineering bachelor's degree combined with substantial technical and project leadership experience in place of the team-lead graduate-degree requirement?

If the current requirement does not allow equivalent experience, would OLAG consider an amendment?

Answer to Question 1: No. OLAG will not consider a relevant engineering bachelor's degree combined with substantial technical and project leadership experience as an equivalent to the team-lead graduate-degree requirement. OLAG intends to keep the RFP requirements as currently stated and does not plan to issue an amendment regarding the team lead graduate-degree requirement.
