II. RFP GENERAL INFORMATION

1. In 2017, the Utah Legislature, with the concurrence of the governor, passed H.C.R. 1, Concurrent Resolution to Secure the Perpetual Health and Vitality of Utah's Public Lands and its Status as a Premier Public Lands State. H.C.R. 1 recognizes the state's commitment to remaining a public lands state and encourages the pursuit of action supporting the retention and optimal management of public lands within the state. H.C.R. 1 also strongly urges coordination between members of the state's federal delegation and Utah's legislative leadership and the COMMISSION to draft and pass federal legislation creating a framework to ensure the retention of Utah's public lands in public ownership and to provide for greater state management responsibility over certain public lands.
2. In 2019, the Utah Legislature, with the concurrence of the governor, passed S.C.R. 13, Concurrent Resolution on Public Lands Strategy. S.C.R. 13 declares that state officials should be involved in both the creation and implementation of public lands policies. Recognizing that gridlock on public land management issues does not serve anyone's interests, S.C.R. 13 states that challenges in public lands management can be overcome by strengthening partnerships with federal agencies and exploring practical changes to federal law and regulations. S.C.R. 13 expresses a willingness to work with federal agencies to manage the state's public lands and directs state legislative bodies and

agencies to work with federal legislative bodies and agencies and other like-minded states to pursue strategies consistent with the state's laws, principles, values, and priorities with respect to federally controlled public lands in Utah.

3. The work required to effectively coordinate with federal level policy makers and advocate for the state's interests in the management of federally controlled public lands in Utah exceeds the capacity of Utah's part-time legislators. The COMMISSION and the Utah Legislature need a representative who can speak and advocate for the COMMISSION and the Utah Legislature before federal officials regarding federally controlled public lands and focus efforts on the objectives relating to federally controlled public land in Utah, including increasing PILT payments and expanding state management of land that is currently managed by the federal government. The COMMISSION seeks to fulfill those needs by engaging a consultant to provide CONSULTING SERVICES through this RFP.
4. The purpose of this RFP is to solicit proposals from qualified individuals or firms or groups of individuals or firms to enter into a contract to provide CONSULTING SERVICES to the COMMISSION and on behalf of the Utah Legislature.
5. This RFP is designed to provide basic information sufficient to solicit proposals from qualified individuals or firms or groups of individuals or firms, but (except to the extent expressly provided otherwise) is not intended to limit a proposal's content or exclude any relevant, important, or essential information.
6. The COMMISSION reserves the right, in its sole discretion, to award the contract to more than one RESPONDER and to receive CONSULTING SERVICES under more than one contract.
