540	
541	Be it enacted by the Legislature of the state of Utah:

544	Part 10. Clinics and Programs
545	[53A-3-402.10]. <u>53B-17-1001.</u> Reading clinics Purpose.
546	(1) The Legislature recognizes the critical importance of identifying, assessing, and
547	assisting students with reading difficulties at an early age in order for them to have successful
548	and productive school and life experiences.
549	(2) In order to help accomplish this, there is established a reading clinic, hereafter
550	referred to as the "clinic," based at the University of Utah, College of Education, to assist
551	educators and parents of students statewide in:

552	(a) assessing elementary school students who do not demonstrate satisfactory progress
553	in reading;
554	(b) providing instructional intervention to enable the students to overcome reading
555	difficulties; and
556	(c) becoming better prepared to help all students become successful readers by
557	providing them with professional development programs in reading that are based on best
558	practices and the most current, scientific research available through nationally and
559	internationally recognized reading researchers and instructional specialists.
560	(3) (a) The clinic shall focus primarily on students in grades 1 through 3 since research
561	shows the need for students to become successful readers by the end of grade 3.
562	(b) The clinic shall make assessment and instructional intervention services available
563	to public education students of all ages.
564	(4) The clinic shall provide these services at a base site in Salt Lake County and
565	through remote access interactive technology to reach educators, parents, and students
566	throughout the state.
567	(5) The clinic shall provide:
568	(a) instruction to teachers in the use of technology and blended learning in providing
569	individualized reading instruction and reading remediation; and
570	(b) access to students for reading remediation and instruction services through distance
571	learning technology if a student is unable to regularly access a reading clinic location.
572	(6) The clinic shall integrate both the usage of and instruction on the use of
573	technology-based reading assessment tools as part of the clinic's services.
574	Section 2. Section 53E-1-101 is enacted to read:

Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. 2480	modifications to address the needs of incoming students with disabilities, subject to an existing
2481	504 or Title II Plan, to provide the student with equal access to education. This does not
2482	preclude the school in the receiving state from performing subsequent evaluations to ensure
2483	appropriate placement of the student.
2484	(4) Local education agency administrative officials shall have flexibility in waiving
2485	course or program prerequisites, or other preconditions for placement, in courses or programs

- (2) States shall accept:

- (a) exit or end-of-course exams required for graduation from the sending state;
- 2524 (b) national norm-referenced achievement tests; or
 - (c) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in the student's Senior year, then the provisions of Subsection (3) shall apply.
 - (3) Should a military student transferring at the beginning or during the student's Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to

2535	facilitate the on-time graduation of the student in accordance with Subsections (1) and (2).

- (7) Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. All documents considered in connection with an action shall be identified in the minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission.

- (10) Create a process that permits military officials, education officials, and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section may not be construed to create a private right of action against the Interstate Commission or any member state.

5257	(1) The states party to this compact, desiring by common action to improve their	
5258	respective school systems by utilizing the teacher or other professional educational person	
5259	wherever educated, declare that it is the policy of each of them, on the basis of cooperation	
5260	with one another, to take advantage of the preparation and experience of such persons wherever	
5261	gained, thereby serving the best interests of society, of education, and of the teaching	

profession. It is the purpose of this compact to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

- (2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

No contract made pursuant to this compact shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5324	(5) The certification or other acceptance of a person who has been accepted pursuant to
5325	the terms of a contract shall not be revoked or otherwise impaired because the contract has

5342	program of educational preparation shall be in accordance with such procedures and
5343	requirements as may be provided in the applicable contract.
