Part 1. Utah State Senate

36-1-101. Utah State Senate -- District boundaries.

(1) The Utah State Senate shall consist of 29 members, with one member to be elected from each Utah State Senate district.

(2) (a) The Legislature adopts the official census population figures and maps of the Bureau of the Census of the United States Department of Commerce developed in connection with the taking of the 2000 national decennial census as the official data for establishing Senate district boundaries.

(b) The numbers and boundaries of the Senate districts are designated and established by the maps attached to the bill that enacts this section.

Section 2. Section **36-1-102** is enacted to read:

36-1-102. Election of senators -- Staggered terms.

(1) Unless otherwise provided by law, each senator elected from Senate Districts 1, 6, 8, 10, 13, 14, 16, 19, 20, 23, 24, 25, 27, and 29 at the 2000 General Election shall serve out the term of office for which he or she was elected and shall represent the realigned district if he or she resides in that district.

(2) At the general election to be held in 2002, senators elected from Senate Districts 2, 3, 4, 5, 7, 9, 11, 12, 15, 17, 18, 21, 22, 26, and 28 shall be elected to serve a term of office of four years.

(3) (a) Each county clerk shall obtain copies of the official maps for the clerk's county from the lieutenant governor's office.

(b) Each county clerk shall establish voting precincts and polling places within each Senate district according to the procedures and requirements of Section 20A-5-303.

(4) Maps identifying the boundaries for Senate districts may be viewed on the Internet at the lieutenant governor's website.

Section 4. Section **36-1-104** is enacted to read:

36-1-104. Omissions from maps -- How resolved.

(1) If any area of the state is omitted from a Utah State Senate district in the maps enacted by the Legislature, the county clerk of the affected county, upon discovery of the omission, shall attach the area to the appropriate Senate district according to the requirements of Subsections (2) and (3).

(2) If the area is surrounded by a Senate district, the area shall be attached to that district.

(3) If the area is contiguous to two districts, the area shall be attached to the district that has the least population, as determined by the census population figures and maps of the Bureau of the Census of the United States Department of Commerce developed in connection with the taking of the 2000 national decennial census.

(4) Any attachment made under Subsection (1) shall be certified in writing and filed with the lieutenant governor.

36-1-105. Uncertain boundaries -- How resolved.

(1) As used in this section, "affected party" means:

(b) a candidate for senator whose Senate district boundary is uncertain because the identifying feature used to establish the district boundary has been removed, modified, or is unable to be identified or who is uncertain about whether or not he or another person resides in a particular Senate district; or

(c) a person who is uncertain about which Senate district contains the person's residence because the identifying feature used to establish the district boundary has been removed, modified, or is unable to be identified.

(2) (a) An affected party may file a written request petitioning the lieutenant governor to determine:

(i) the precise location of the Senate district boundary;

(ii) the number of the Senate district in which a person resides; or

(iii) both Subsections (2)(a)(i) and (ii).

(b) In order to make the determination required by Subsection (2)(a), the lieutenant governor shall review the official maps and obtain and review other relevant data such as census block and tract descriptions, aerial photographs, aerial maps, or other data about the area.

(c) Within five days of receipt of the request, the lieutenant governor shall review the maps, obtain and review any relevant data, and make a determination.

(d) When the lieutenant governor determines the location of the Senate district boundary, the lieutenant governor shall:

(i) prepare a certification identifying the appropriate boundary and attaching a map, if necessary; and

(ii) send a copy of the certification to the affected party and the county clerk of the affected county.

(e) If the lieutenant governor determines the number of the Senate district in which a particular person resides, the lieutenant governor shall send a letter identifying that district by number to:

(i) the person;

(ii) the affected party who filed the petition, if different than the person whose Senate district number was identified; and

(iii) the county clerk of the affected county.
