

1. Line 435 through 438:

435        (v) does not contain a cannabinoid.

436        (b) "Non-nicotine inhalation product" → [ { ~~does not include a product that is designed,~~ } ]  
←

437        → [ { ~~marketed, sold, and intended solely for aromatherapy~~ } ] does not include a

437a       product that the manufacturer did not design to be placed directly on an individual's

437b       mouth to simulate smoking ←

438        [(10)](11) (a) "Nontherapeutic nicotine device" means a device that:
