

2nd Sub. S.B. 132
Electric Utility Amendments

Senate Amendments

Amendment 1

March 03, 2025 08:35 AM

Senator **Scott D. Sandall** proposes the following amendments:

1. *Line 277 through 279:*

277 (d) provide curtailment provisions if the large load customer's demand exceeds the
278 real-time { ~~out put~~ **dispatch of the large-scale generation provider's resources under the large**
load contract, net of transmission losses.

279 (5) A large load contract with a large-scale generation provider that provides service

2. *Line 417 through 419:*

417 (2) Nothing in this section shall be construed to:

418 (a) conflict with or supersede any applicable federal law, { ~~or~~ } regulation, **or order** regarding
419 transmission cost allocation; or

3. *Line 522 through 524:*

522 resources identified in a large load contract pursuant to Subsection 54-26-301(3)(f)

523 were { ~~used~~ **dispatched** to serve large load customers;

524 (b) an identification of the timing, magnitude, and duration of:

4. *Line 526 through 531:*

526 (4)(a);

527 (ii) any periods in which **large load customers' loads** { ~~utilization by large load customers~~
} exceeded the **dispatch of** resources

528 described in Subsection (4)(a); and

529 (iii) any periods in which the **dispatch** resources described in Subsection (4)(a) exceeded the

530 { ~~utilization by large load customers~~ } **large load customers' loads**;

531 (c) the method by which costs for the provision of electric service from a qualified
