Hazardous Waste Act; and
- 209 (b) the waste tire~~[is shredded; and]~~ :

SB0063S01 compared with SB0063S02

- 210 (i) is a shredded waste tire;
211 (ii) is separated from non-waste tire material in a cell or other landfill facility to ensure that the
shredded waste tire is in a clean and accessible condition; and
213 (iii) may be reasonably retrieved, recycled, or put to beneficial use at a future time.
214 [~~(e) the waste tire is stored in a segregated cell or other landfill facility that ensures that the disposed~~
~~shredded waste tire is in a clean and accessible condition so that the waste tire may be reasonably~~
~~retrieved and recycled at a future time.]~~
- 217 (2) The owner or operator of a landfill in a county of the third through sixth class may apply to the local health department having jurisdiction over the applicant's business address for reimbursement of \$20 per ton of waste tires placed in the landfill if:
- 220 (a) the waste tires are disposed in compliance with Subsection (1);
221 (b) the waste tires are generated from within the state; and
222 (c) the application includes:
223 (i) the site from which the waste tires are removed;
224 (ii) the landfill where the waste tires are disposed; and
225 (iii) the amount of shredded tires disposed.
- 226 (3) An application for reimbursement under this section is substantially the same as the application process required of recyclers applying for partial reimbursement under Section 19-6-813.
- 229 (4) A waste tire, for which reimbursement is paid under this section, is not eligible for additional reimbursement under another provision of this part.
