31	perform a stem cell therapy that is not approved by the United States Food and Drug
32	Administration, if the health care provider provides the patient with the following written
33	notice before performing the therapy:
34	"THIS NOTICE MUST BE PROVIDED TO YOU UNDER UTAH LAW. This health
35	care practitioner performs one or more stem cell therapies that have not yet been approved by
36	the United States Food and Drug Administration. You are encouraged to consult with your
37	primary care provider before undergoing a stem cell therapy."
38	(b) A person may supply or provide human cells, tissues, or cellular or tissue-based
39	products to a health care provider if:
40	(i) the health care provider's scope of practice includes the use of stem cell therapy;
41	and
42	(ii) prior to supplying or providing the human cells, tissues, or cellular or tissue-based
43	products to the health care provider, the health care provider provides to the
44	person a written confirmation that the health care provider will provide the notice
45	under Subsection (2)(a) to each of the health care provider's patients whose stem
46	cell therapy will utilize the human cells, tissues, or cellular or tissue-based
47	products.
48	(3)(a) The written notice described in Subsection (2) shall be:
49	(i) on paper that is at least eight and one-half inches by eleven inches; and
50	(ii) written in no less than forty point type.
51	(b) The health care provider shall prominently display the written notice in the entrance
52	and in an area visible to patients in the health care provider's office.
53	(4)(a) A health care provider who is required to provide written notice under Subsection
54	(2) shall obtain a signed consent form before performing the therapy.
55	(b) The consent form shall:
56	(i) be signed by the patient, or, if the patient is legally not competent, the patient's
57	representative; and
58	(ii) state, in language the patient could reasonably be expected to understand:
59	(A) the nature and character of the proposed treatment, including the treatment's
60	United States Food and Drug Administration approval status;
