

3rd Sub. S.B. 242 Transportation Amendments

House Amendments

Amendment 4

March 04, 2026 12:16 PM

Representative **Melissa G. Ballard** proposes the following amendments:

1. *Line 717 through 724:*

717 (a) decreasing delays associated with requesting and dispatching a tow truck motor
718 carrier from an established tow rotation;

719 (b) increasing information, transparency, and data collection associated with tow
720 rotation operations **{ }**, **including dispatching, response time, completion, clearance, and**
721 **storage { }**; and

722 (c) increasing responder and traffic safety by reducing secondary crashes, responder
723 time on scene, and the impacts of traffic accidents on traffic flow and safety.

724 (4) A product or technology provided by a towing dispatch vendor may not require a tow
