3 **LONG TITLE**

4 **General Description:**

5 This bill requires the State Board of Education to create model policies on the use of
6 technology and artificial intelligence in a public school classroom.

7 **Highlighted Provisions:**

8 This bill:

- 9 ▶ defines terms;
- 10 ▶ requires the State Board of Education (state board) to include certain technology
- 11 standards in core education standards;
- 12 ▶ creates certain requirements for a local education agency (LEA) related to the use of
- 13 technology in the classroom;
- 14 ▶ requires the state board to create a model policy on:

- 15 • the balanced use of technology in the classroom; and
- 16 • the use of artificial intelligence in the classroom;
- 17 ▸ creates certain requirements for specific grade levels when using technology in the
- 18 classroom;
- 19 ▸ exempts certain groups from the grade level requirements when using technology in the
- 20 classroom;
- 21 ▸ creates a reporting requirement;
- 22 ▸ gives authority to the state board to create rules;
- 23 ▸ requires LEAs to provide additional resources to certain students; and
- 24 ▸ allows public high schools to create and offer a sandbox artificial intelligence course.

25 **Money Appropriated in this Bill:**

26 None

27 **Other Special Clauses:**

28 This bill provides a special effective date.

29 **Utah Code Sections Affected:**

30 AMENDS:

31 **53E-4-202 (Effective 07/01/26) (Partially Repealed 01/01/28)**, as last amended by Laws
32 of Utah 2024, Third Special Session, Chapter 5

33 ENACTS:

34 **53G-7-228 (Effective 07/01/26)**, Utah Code Annotated 1953

35 **53G-7-229 (Effective 07/01/26)**, Utah Code Annotated 1953

36 **53G-7-1401 (Effective 07/01/26)**, Utah Code Annotated 1953

37 **53G-7-1402 (Effective 07/01/26)**, Utah Code Annotated 1953

38 **53G-7-1403 (Effective 07/01/26)**, Utah Code Annotated 1953

39
40 *Be it enacted by the Legislature of the state of Utah:*

41 Section 1. Section **53E-4-202** is amended to read:

42 **53E-4-202 (Effective 07/01/26) (Partially Repealed 01/01/28). Core standards for**
43 **Utah public schools -- Notice and hearing requirements.**

44 (1)(a) In establishing minimum standards related to curriculum and instruction
45 requirements under Section 53E-3-501, the state board shall, in consultation with
46 local school boards, school superintendents, teachers, employers, and parents
47 implement core standards for Utah public schools that will enable students to, among
48 other objectives:

- 49 (i) communicate effectively, both verbally and through written communication;
50 (ii) apply mathematics; and
51 (iii) access, analyze, and apply information.
- 52 (b) Except as provided in this public education code, the state board may recommend
53 but may not require a local school board or charter school governing board to use:
54 (i) a particular curriculum or instructional material; or
55 (ii) a model curriculum or instructional material.
- 56 (2) The state board shall, in establishing the core standards for Utah public schools:
57 (a) identify the basic knowledge, skills, and competencies each student is expected to
58 acquire or master as the student advances through the public education system;
59 (b) include artificial intelligence standards in core computer science standards that
60 educate a student on:
61 (i) artificial intelligence generally; and
62 (ii) the appropriate use of artificial intelligence as a tool;
63 (c) adopt computer science standards and objectives that address:
64 (i) digital skills concepts;
65 (ii) age-appropriate social media literacy and healthy usage strategies, including
66 recognition of social media's impact on mental health and civic discourse;
67 (iii) artificial intelligence awareness and ethical interaction, including understanding
68 artificial intelligence's role in information filtering and decision-making;
69 (iv) screen-time management and mental health considerations in digital
70 environments;
71 (v) technology that relates to digital responsibility, privacy, and security; and
72 (vi) critical evaluation of digital information sources and media literacy skills
73 necessary for informed digital responsibility; and
- 74 [(b)] (d) align with each other the core standards for Utah public schools and the
75 assessments described in Section 53E-4-303.
- 76 (3) The basic knowledge, skills, and competencies identified [~~pursuant to~~] in accordance
77 with Subsection (2)(a) shall increase in depth and complexity from year to year and
78 focus on consistent and continual progress within and between grade levels and courses
79 in the basic academic areas of:
80 (a) English, including explicit phonics, spelling, grammar, reading, writing, vocabulary,
81 speech, and listening; and
82 (b) mathematics, including basic computational skills.

- 83 (4) Before adopting core standards for Utah public schools, the state board shall:
- 84 (a) publicize draft core standards for Utah public schools for the state, as a class A
- 85 notice under Section 63G-30-102, for at least 90 days;
- 86 (b) invite public comment on the draft core standards for Utah public schools for a
- 87 period of not less than 90 days; and
- 88 (c) conduct three public hearings that are held in different regions of the state on the
- 89 draft core standards for Utah public schools.
- 90 (5) LEA governing boards shall design their school programs, that are supported by
- 91 generally accepted scientific standards of evidence, to focus on the core standards for
- 92 Utah public schools with the expectation that each program will enhance or help achieve
- 93 mastery of the core standards for Utah public schools.
- 94 (6) Except as provided in Sections 53G-10-103 and 53G-10-402, each school may select
- 95 instructional materials and methods of teaching, that are supported by generally accepted
- 96 scientific standards of evidence, that the school considers most appropriate to meet the
- 97 core standards for Utah public schools.
- 98 (7) The state may exit any agreement, contract, memorandum of understanding, or
- 99 consortium that cedes control of the core standards for Utah public schools to any other
- 100 entity, including a federal agency or consortium, for any reason, including:
- 101 (a) the cost of developing or implementing the core standards for Utah public schools;
- 102 (b) the proposed core standards for Utah public schools are inconsistent with community
- 103 values; or
- 104 (c) the agreement, contract, memorandum of understanding, or consortium:
- 105 (i) was entered into in violation of Chapter 3, Part 8, Implementing Federal or
- 106 National Education Programs, or Title 63J, Chapter 5, Federal Funds Procedures
- 107 Act;
- 108 (ii) conflicts with Utah law;
- 109 (iii) requires Utah student data to be included in a national or multi-state database;
- 110 (iv) requires records of teacher performance to be included in a national or multi-state
- 111 database; or
- 112 (v) imposes curriculum, assessment, or data tracking requirements on home school or
- 113 private school students.
- 114 (8) The state board shall:
- 115 (a) submit a report in accordance with Section 53E-1-203 on the development and
- 116 implementation of the core standards for Utah public schools, including the time line

117 established for the review of the core standards for Utah public schools; and
118 (b) ensure that the report described in Subsection (8)(a) includes the time line
119 established for the review of the core standards for Utah public schools by a
120 standards review committee and the recommendations of a standards review
121 committee established under Section 53E-4-203.

122 Section 2. Section **53G-7-228** is enacted to read:

123 **53G-7-228 (Effective 07/01/26). Classroom technology requirements -- Model**
124 **policy on balanced technology.**

125 (1) As used in this section:

126 (a) "Instructional technology" means technology an LEA issues to a student in
127 connection with the student's public education, including:

128 (i) an electronic device;

129 (ii) a digital tool; or

130 (iii) a digital application.

131 (b) "Public school" means a school under the control of:

132 (i) a school district;

133 (ii) a charter school; or

134 (iii) the Utah Schools for the Deaf and the Blind.

135 (c)(i) "Screen-time" means the time a student spends using an electronic device with
136 a screen in a classroom setting when the use of the electronic device does not
137 involve instruction, guidance, or interaction with:

138 (A) a teacher;

139 (B) an instructor; or

140 (C) other designated educational personnel.

141 (ii) "Screen-time" does not include school work or instruction for an online student as
142 that term is defined in Section 53G-6-705.

143 (2)(a) Before an LEA allows a public school to use an instructional technology in the
144 classroom, the LEA shall ensure that instructional technology is:

145 (i) demonstrated to have significant educational value;

146 (ii) absent of design features that:

147 (A) interfere with learning;

148 (B) distract from instruction; or

149 (C) reduce academic focus;

150 (iii) supported by evidence, data, or demonstrated educational value appropriate to

- 151 the grade level;
- 152 (iv) safe for a student's physical, cognitive, and emotional development;
- 153 (v) effective in supporting student learning outcomes;
- 154 (vi) not used as a substitute for instruction;
- 155 (vii) intentionally integrated into instruction to enhance student learning outcomes;
- 156 and
- 157 (viii) compliant with state standards and law, including:
- 158 (A) Section 53G-10-103, Sensitive instructional materials; and
- 159 (B) Title 53E, Chapter 9, Student Privacy and Data Protection.
- 160 (b) An LEA shall select, deploy, and monitor instructional technology in accordance
- 161 with the requirements of Subsection (2)(a).
- 162 (3) An LEA shall:
- 163 (a) minimize non-essential screen-time;
- 164 (b) prioritize purposeful engagement with instructional technology that directly supports
- 165 instructional goals;
- 166 (c) adopt internal monitoring and accountability policies to ensure compliance with the
- 167 requirements of this section;
- 168 (d) provide training to faculty and staff on the requirements of this section;
- 169 (e) before July 1, 2027:
- 170 (i) adopt the model policy described in Subsection (5)(a); or
- 171 (ii) adopt an amended version of the model policy described in Subsection (5)(a), that
- 172 includes:
- 173 (A) a balanced instructional technology use policy that is safe, lawful, effective,
- 174 intentional, and compliant with Title 53E, Chapter 9, Student Privacy and Data
- 175 Protection, and Section 53G-10-103;
- 176 (B) a resource plan for students who demonstrate a pattern of difficulty learning
- 177 through technology-based instruction, in accordance with Section 53G-7-229;
- 178 (C) a requirement of transparency with parents regarding instructional technology
- 179 use;
- 180 (D) an artificial intelligence use policy with a structure similar to the structure of
- 181 the model artificial intelligence use policy described in Section 53G-7-1402;
- 182 and
- 183 (E) a grade-level framework with a structure similar to the grade-level framework
- 184 described in Subsection (5)(d);

- 185 (f) for the policy the LEA adopts in accordance with Subsection (3)(e), submit to the
186 state board:
- 187 (i) the finalized policy; and
188 (ii) a statement confirming the LEA held a public meeting in accordance with
189 Subsection (4).
- 190 (4) Before an LEA adopts a policy in accordance with Subsection (3)(e), an LEA governing
191 board shall hold a public meeting to discuss the proposed policy that:
- 192 (a) allows for public comment; and
193 (b) complies with the requirements of Title 52, Chapter 4, Open and Public Meetings
194 Act.
- 195 (5) The state board shall:
- 196 (a) create a model policy on balanced technology use in the classroom that:
- 197 (i) prioritizes developmental appropriateness and age-based limits on screen exposure;
198 (ii) requires transparency with parents regarding instructional technology use;
199 (iii) prohibits instructional technology practices that undermine student safety,
200 privacy, or wellbeing;
- 201 (iv) requires regular review of instructional technology to ensure compliance with the
202 requirements listed in Subsection (2)(a);
- 203 (v) promotes educator modeling of appropriate and responsible technology use; and
204 (vi) emphasizes the use of adaptive technologies to support competency-based
205 instruction;
- 206 (b) include, as part of the model policy described in Subsection (5)(a), the model
207 artificial intelligence use policy described in Section 53G-7-1402;
- 208 (c) post the model policy described in Subsection (5)(a) on the state board's website
209 before December 1, 2026;
- 210 (d) include in the model policy described in Subsection (5)(a) the following grade-level
211 frameworks:
- 212 (i) for grades kindergarten through 3:
- 213 (A) prohibiting a student from taking home school-owned instructional
214 technology;
- 215 (B) prohibiting a required ratio of one electronic device to one student;
216 (C) prohibiting all screen-time in the classroom except for introduction of state
217 kindergarten through grade 5 computer science standards and preparation for,
218 and administration of, a standards assessment;

- 219 (D) emphasizing hands-on, print-based, and developmentally appropriate learning
220 exercises; and
- 221 (E) prohibiting homework that requires access to the internet or instructional
222 technology;
- 223 (ii) for grades 4 through 6 in an elementary school:
- 224 (A) prohibiting a student from taking home school-owned instructional
225 technology;
- 226 (B) prohibiting a required ratio of one electronic device to one student;
- 227 (C) balancing the use of an instructional technology with instruction through
228 teacher-led, print-based, and analog methods;
- 229 (D) limiting the use of instructional technology to only instances with direct
230 teacher supervision for a defined academic purpose;
- 231 (E) prohibiting a public school from sending instructional technology home with a
232 student;
- 233 (F) prohibiting homework requiring access to the internet or instructional
234 technology; and
- 235 (G) limiting access to the internet through filters consistent with age-appropriate
236 standards;
- 237 (iii) for middle or junior high school:
- 238 (A) allowing a student to take home a school issued device for school work or an
239 academic program that the LEA approves, only when a parent opts-in through
240 written consent;
- 241 (B) balancing the use of an instructional technology with instruction through
242 teacher-led, print-based, and analog methods; and
- 243 (C) limiting access to the internet through filters consistent with age-appropriate
244 standards; and
- 245 (iv) for high school:
- 246 (A) allowing a student to take an instructional technology home, provided a parent
247 does not choose to opt the parent's student out;
- 248 (B) balancing the use of an instructional technology with instruction through
249 teacher-led, print-based, and analog methods; and
- 250 (C) limiting access to the internet through filters consistent with age-appropriate
251 standards;
- 252 (e) for an LEA that fails to adopt or create a policy in accordance with Subsection (3)(e),

- 253 declare the model policy described in Subsection (5)(a) as the default policy for that
254 LEA; and
- 255 (f) adopt a method for evaluating and measuring the effectiveness of the requirements
256 listed in Subsection (2)(a).
- 257 (6) The frameworks described in Subsection (5)(d) do not apply to:
- 258 (a) a course where instructional technology is integral to the subject matter of the course
259 or specialty class;
- 260 (b) instruction or equipment related to:
- 261 (i) online district and charter schools; and
- 262 (ii) the Statewide Online Education Program created in Section 53F-4-502;
- 263 (c) a course or instruction designed to meet core technology standards the state board
264 creates under Section 53E-4-202;
- 265 (d) an AI sandbox course as that term is defined in Section 53G-7-1401;
- 266 (e) a public school located within the boundaries of a tribal nation where the LEA is the
267 internet service provider; or
- 268 (f) instructional technology use consistent with a student's IEP or 504 plan.
- 269 (7)(a) Upon the adoption of the policy required under Subsection (3)(e)(i) or (3)(e)(ii),
270 an LEA shall submit a report to the state board detailing the specifics of the policy
271 the LEA adopts.
- 272 (b) An LEA that changes the policy after submitting the report described in Subsection
273 (7)(a) shall submit the updated policy to the state board.
- 274 (8)(a) As a condition of receiving state funds allocated for digital literacy, computer
275 science, or educational technology programs described in Section 53F-2-510, an LEA
276 shall certify to the state board that the LEA has adopted and is implementing:
- 277 (i) a policy on balanced technology use in the classroom in accordance with this
278 section;
- 279 (ii) a resource program for students demonstrating a pattern of difficulty with
280 technology-related learning in accordance with Section 53G-7-229; and
- 281 (iii) an artificial intelligence use policy consistent with the model artificial
282 intelligence use policy described in Section 53G-7-1402.
- 283 (b) The state board may withhold or delay the distribution of funds described in
284 Subsection (8)(a) to an LEA that fails to meet the requirements of this section until
285 the LEA demonstrates compliance.
- 286 (9) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the

287 state board shall make rules to implement the provisions of this section.

288 Section 3. Section **53G-7-229** is enacted to read:

289 **53G-7-229 (Effective 07/01/26). Resources for a student with a**
 290 **technology-related learning difficulty.**

291 (1) As used in this section:

292 (a) "Instructional technology" means the same as that term is defined in Section
 293 53G-7-228.

294 (b)(i) "Technology-related learning difficulty" means a condition where a student
 295 experiences a pattern of difficulty learning through the use of instructional
 296 technology.

297 (ii) "Technology-related learning difficulty" does not include a temporary or
 298 situational difficulty with technology use that is unrelated to a learning need that
 299 is:

300 (A) diagnosed; or

301 (B) identifiable.

302 (2) An LEA shall create a resource plan on how to accommodate a student that
 303 demonstrates a technology-related learning difficulty.

304 (3) An LEA may:

305 (a) provide additional resources and accommodations to a student that demonstrates a
 306 technology-related learning difficulty, including:

307 (i) access to printed materials;

308 (ii) alternative assignment formats;

309 (iii) access to a technology resource center;

310 (iv) access to an educational professional with expertise in technology and
 311 technology-related learning difficulties; and

312 (v) extra time for technology-based tasks; and

313 (b) provide a student with a technology-related learning difficulty access to alternative
 314 learning pathways, including:

315 (i) hands-on, project-based learning;

316 (ii) book-based curriculum; and

317 (iii) verbal instruction.

318 Section 4. Section **53G-7-1401** is enacted to read:

319 **Part 14. Artificial Intelligence**

320 **53G-7-1401 (Effective 07/01/26). General provisions -- Definitions.**

321 As used in this part:

322 (1) "Artificial intelligence" means the same as that term is defined in Section 13-72-101.

323 (2) "Artificial intelligence sandbox course" or "AI sandbox course" means a high school
324 course offered to a student enrolled in an LEA focused on artificial intelligence
325 technologies that:

326 (a) operates within a secure and controlled digital environment; and

327 (b) provides a student with supervised opportunities to apply artificial intelligence
328 technologies through hands-on:

329 (i) learning;

330 (ii) experimentation; and

331 (iii) application of the instructional material.

332 (3) "Artificial intelligence tool" or "AI tool" means software or a system that generates
333 outputs, predictions, or recommendations through:

334 (a) machine learning;

335 (b) natural language processing; or

336 (c) other artificial intelligence techniques.

337 (4) "Generative artificial intelligence" means the same as that term is defined in Section
338 13-77-101.

339 Section 5. Section **53G-7-1402** is enacted to read:

340 **53G-7-1402 (Effective 07/01/26). Model artificial intelligence use policy.**

341 (1) As used in this section "high-stakes determination" means a decision regarding a
342 student's:

343 (a) placement;

344 (b) discipline;

345 (c) academic progression; or

346 (d) eligibility for a program or service.

347 (2) The state board shall publish and maintain a model artificial intelligence use policy that:

348 (a) encourages and supports educator instruction through the use of AI tools;

349 (b) complies with the requirements of the model policy on balanced technology use in
350 the classroom described in Section 53G-7-228;

351 (c) encourages a reduction in student and educator workload through the use of AI tools;

352 (d) requires educators to only use student facing AI tools an LEA approves;

353 (e) requires educators to retain professional judgment and instructional responsibility
354 when using AI tools in the educator's classroom;

- 355 (f) prohibits educators from using generative artificial intelligence to independently
356 grade student work or issue high-stakes determinations;
- 357 (g) requires a student to produce work that reflects the student's:
358 (i) knowledge;
359 (ii) skill; and
360 (iii) understanding;
- 361 (h) prohibits a student from using generative artificial intelligence to complete academic
362 work unless an educator authorizes the use for a specific instructional purpose;
- 363 (i) ensures that all AI tools available to a student meet developmental expectations and
364 align with digital literacy standards for each grade level;
- 365 (j) when the school or an educator uses generative artificial intelligence for instruction,
366 assessment, or activities in the classroom, requires the school or educator to:
367 (i) notify the student's parent in writing; and
368 (ii) in the notification described in Subsection (2)(j)(i), provide a link to the LEA's
369 metadata dictionary as described in Section 53E-9-303;
- 370 (k) identifies the purpose of each approved AI tool and describes to a student how to use
371 the AI tool;
- 372 (l) ensures that AI tools do not expose a student to content that is:
373 (i) harmful;
374 (ii) manipulative; or
375 (iii) inappropriate;
- 376 (m) prohibits the use of AI tools for any practice that threatens student safety or
377 wellbeing, including:
378 (i) biometric surveillance; or
379 (ii) psychological profiling;
- 380 (n) provides a student's parent with clear expectations regarding allowed and prohibited
381 uses of AI tools in the classroom; and
- 382 (o) requires educators to communicate assignment-specific guidance on the expectations
383 regarding the use of AI tools.
- 384 (3)(a) An LEA shall produce and adopt an artificial intelligence use policy based on the
385 model policy described in Subsection (2).
- 386 (b) After adopting the policy described in Subsection (3)(a), an LEA shall:
387 (i) submit the adopted policy to the state board;
388 (ii) provide training to educators and staff on the policy;

- 389 (iii) ensure compliance to the policy at each school within the LEA;
390 (iv) review the policy at least once every two years; and
391 (v) update the policy as needed.
- 392 (c) To inform the policy an LEA adopts under Subsection (3)(a), an LEA may create and
393 distribute the following artificial intelligence resources:
- 394 (i) a vision or guidance document;
395 (ii) an artificial intelligence framework; or
396 (iii) artificial intelligence best practices.
- 397 (4) The state board shall:
- 398 (a) declare the model policy described in Subsection (2) as the default policy for an LEA
399 that fails to adopt a policy in accordance with Subsection (3)(a); and
- 400 (b) make rules in accordance with Title 63G, Chapter 3, Utah Administrative
401 Rulemaking Act, to establish:
- 402 (i) standards for LEA compliance under this section;
403 (ii) timelines and procedures for LEA policy submission; and
404 (iii) guidance for LEA implementation and educator training.
- 405 Section 6. Section **53G-7-1403** is enacted to read:
- 406 **53G-7-1403 (Effective 07/01/26). Artificial intelligence -- Sandbox course.**
- 407 (1) An LEA may offer an AI sandbox course to a student in grades 9 through 12 to provide
408 instructional opportunities aligned with workforce development needs in emerging
409 fields, including:
- 410 (a) artificial intelligence;
411 (b) data science;
412 (c) digital design; and
413 (d) other related disciplines.
- 414 (2) An LEA shall:
- 415 (a) limit the delivery of an AI sandbox course to career and technical education courses
416 or focused campuses;
- 417 (b) ensure that all activities related to the teaching of an AI sandbox course incorporate
418 safeguards to protect students, including:
- 419 (i) compliance with federal data privacy laws;
420 (ii) compliance with Title 53E, Chapter 9, Student Privacy and Data Protection;
421 (iii) compliance with Section 53G-10-103; and
422 (iv) ethical use guidelines the state board establishes;

423 (c) notify the parent of a student enrolled in an AI sandbox course of the nature of the AI
424 sandbox course; and

425 (d) obtain written consent from a student's parent before allowing a student to participate
426 in an AI sandbox course.

427 (3) An LEA may not require a student to participate in an AI sandbox course.

428 (4) In accordance with Subsection (2)(b)(iv), the state board shall establish ethical use
429 guidelines for an LEA to use during the AI sandbox course's:

430 (a) creation;

431 (b) implementation; and

432 (c) delivery.

433 Section 7. **Effective Date.**

434 This bill takes effect on July 1, 2026.
