

SB0205 compared with SB0205S01

19 **Other Special Clauses:**

20 None

21 **Utah Code Sections Affected:**

22 AMENDS:

23 **53-25-901** , as enacted by Laws of Utah 2025, Chapter 330

24 **53-25-902** , as enacted by Laws of Utah 2025, Chapter 330

26 *Be it enacted by the Legislature of the state of Utah:*

27 Section 1. Section **53-25-901** is amended to read:

28 **53-25-901. Definitions.**

As used in this part:

29 (1) "Artificial intelligence" means a machine-based system that can, for a given set of human-
defined objectives, make predictions, recommendations, or decisions influencing real or virtual
environments.

32 ~~{(2) "Artificial intelligence technology" means a computer system, device, application, software,
hardware, algorithm, program, camera system, or similar product that uses artificial intelligence or
generative artificial intelligence.}~~

35 ~~{(2){1} {(3)}{}}~~ "Generative artificial intelligence" means artificial intelligence technology that is
capable of creating content such as text, audio, image, or video based on patterns learned from large
volumes of data rather than being explicitly programmed with rules.

36 (3) "Technology" means a computer system, device, application, software, hardware, algorithm,
program, camera system, or similar product.

38 Section 2. Section **53-25-902** is amended to read:

39 **53-25-902. Use of generative artificial intelligence by law enforcement -- Policy --
Requirements -- {Artificial} Generative artificial intelligence technology public posting.**

41 (1)

(a) A law enforcement agency shall have a policy concerning the use of generative artificial intelligence
{~~and artificial intelligence technology~~} by employees of the law enforcement agency in the course
and scope of the law enforcement agency's work.

44 (b) The policy described in Subsection (1)(a) shall:

45 (i) include the requirements described in Subsection (2); and

SB0205 compared with SB0205S01

- 46 (ii) provide employees of the law enforcement agency with information concerning the use of
generative artificial intelligence~~{-and artificial intelligence technology}~~, including:
- 49 (A) which generative artificial intelligence technologies the employees of the law enforcement agency
may use~~{;}~~, including which settings an employee may not disable, bypass, or turn off
- 51 ~~{(B)}~~ ~~which artificial intelligence technologies the employees of the law enforcement agency may use,~~
~~including which settings an employee may not disable, bypass, or turn off~~};
- 54 ~~{(B)}~~ ~~{(C)}~~ the uses and tasks for which generative artificial intelligence ~~{[is]} and artificial~~
~~intelligence technology are~~ permitted;
- 56 ~~{(C)}~~ ~~{(D)}~~ the importance of reviewing content generated by generative artificial intelligence~~{~~
~~and artificial intelligence technology}~~; and
- 58 ~~{(D)}~~ ~~{(E)}~~ an acknowledgment that a violation of the policy described in Subsection (1)(a) may
result in administrative disciplinary action by the head of the law enforcement agency.
- 61 (2) A written police report or other law enforcement record that was created wholly or partially by using
generative artificial intelligence ~~{or with an artificial intelligence technology}~~ shall:
- 64 (a) contain within the report or record a disclaimer that the report or record contains content generated
by artificial intelligence~~{-or an artificial intelligence technology}~~; and
- 66 (b) include a certification by the author of the report or record that the author has read and reviewed the
report or record for accuracy.
- 68 (3)
- (a) ~~{A}~~ Except as provided in Subsection (6), a law enforcement agency shall publicly post on the law
enforcement agency's website:
- 70 (i) the law enforcement agency's policy described in Subsection (1); and
- 71 (ii) the information described in Subsection (4).
- 72 (b) If a law enforcement agency does not have a public website, the law enforcement agency shall post
the information described in Subsection (3)(a) on the Utah Public Notice Website created in Section
63A-16-601.
- 75 (c) A law enforcement agency shall update a public posting required under this section no later than 30
days after the day on which any posted information has changed or is otherwise not current.
- 78 (4) A law enforcement agency shall provide the following information under Subsection (3)(a)(ii):
- 80 (a) subject to Subsection (5), the generative artificial intelligence ~~{technology}~~ technologies that the
law enforcement agency uses;

SB0205 compared with SB0205S01

- 82 (b) for each **generative** artificial intelligence technology described in Subsection (4)(a), the **generative**
artificial intelligence technology's available settings that address **generative** artificial intelligence
transparency, content safeguards, or human content oversight or verification, which may include:
- 86 (i) a setting that requires a minimum level of human editing before a report or other document can be
marked as complete;
- 88 (ii) a setting that includes an acknowledgment on a report or other document that the report or other
document was drafted by artificial intelligence;
- 90 (iii) a setting that inserts obvious errors into a draft report or other document; and
- 91 (iv) a setting that limits the types of crimes for which the **generative** artificial intelligence technology
may be used;
- 93 (c) for each setting disclosed under Subsection (4)(b), whether the law enforcement agency:
- 95 (i) requires the use of the setting;
- 96 (ii) does not use the setting; or
- 97 (iii) allows an employee to disable, bypass, or turn off the setting; and
- 98 (d) any other policies the law enforcement agency has that pertain to the use of {an} **a generative**
artificial intelligence technology described in Subsection (4)(a), (b), or (c).
- 100 (5) For purposes of Subsection (4)(a), {an} **a generative** artificial intelligence technology does not
include technology that uses artificial intelligence or generative artificial intelligence for an
administrative task that does not materially impact a law enforcement investigation, such as a
productivity or document management tool or a technology used to check spelling or grammar.
- 100 (6) **Subsection (3) does not apply to prison or jail security, safety, or management, including internal**
prison or jail monitoring.

102 Section 3. **Effective date.**

Effective Date.

This bill takes effect on May 6, 2026.
