2151 Health and Human Services' Health Care Administration  
2152 line item for state match to improve existing application

2158 item or a combination from both line items not to exceed  
2159 \$500,000 being retained as nonlapsing in Fiscal Year  
2160 2026.

2161           The Legislature intends the Department of  
2162 Health and Human Services (DHHS) pursue  
2163 implementation of a cost-based outlier payment coupled  
2164 with an All-Patient Refined Diagnosis Related Groups  
2165 (APR-DRG) inpatient hospital reimbursement  
2166 methodology for urban areas, including appropriate  
2167 policy adjusters (as defined by DHHS and in consultation  
2168 with the industry), with an effective date of July 1, 2028.  
2169 The hospital assessment and related intergovernmental  
2170 transfers from the University of Utah Hospitals and  
2171 Clinics will increase in the exact amount of the General  
2172 Fund budget reduction effective July 1, 2026. DHHS will

2173 use the hospital assessment increase that begins in FY  
2174 2027 to keep the Medicaid inpatient hospital base  
2175 payments (DRG base and outliers) effectively at the same  
2176 payment level as in SFY 2026. DHHS will not use the  
2177 increase to change the amount of directed payments.  
2178 Until July 1, 2028, DHHS will continue to rebase base  
2179 payments annually to offset for chargemaster growth.

2180 The Legislature intends that the Department  
2181 of Health and Human Services report by October 1, 2026

2185 radiology, lab testing, spinal cord injections, and some of  
2186 the most frequent outpatient surgeries and the  
2187 components of each payment on a subset of claims to  
2188 determine practicality of such a change given the  
2189 Ambulatory Payment Classification groupings and  
2190 payments within OPPS.
