*Be it enacted by the Legislature of the state of Utah:*

Section 1. Section **26B-7-408.5** is enacted to read:

**26B-7-408.5 . Directed blood product transfusion.**

(1) As used in this section, "blood product" means the same as that term is defined in

Section 26B-7-408.

(2)(a) Except as provided in Subsection (2)(b), health care provider or health care

facility may not prohibit a patient from providing, through a blood establishment

30 complying with all federal requirements for the collection of blood product, the  
31 patient's own blood product or the blood product of the patient's directed donor for  
32 any potential transfusion related to the patient's health care.

33 (b) Subsection (2)(a) does not apply if:

34 (i) the donation or transfusion of the blood product would be detrimental to the donor  
35 or patient;

36 (ii) insufficient time exists prior to the surgery or procedure to coordinate and arrange  
37 the patient's provision of the blood product;

38 (iii) the surgery or medical procedure is for emergency medical services; or

39 (iv) the health care facility where the surgery or procedure is performed offers a  
40 process for the patient to provide the patient's own blood product or the blood  
41 product of the patient's directed donor.

42 (3) A health care provider or facility operating within the scope of the provider's or  
43 facility's license is immune from liability for injury, damages, or death occurring as a  
44 result of using the blood product provided by the patient under Subsection (2)(a), unless  
45 the provider's or facility's gross negligence regarding the blood product or transfusion  
46 contributed to the injury, damages, or death.

47 (4) Nothing in this section shall be construed to conflict with federal law governing the  
48 collection, donation, sale, or use of a blood product.

49 **Section 2. Effective Date.**

50 This bill takes effect on May 6, 2026.
