52 (ii) If a peace officer requests more than one test, refusal by an individual to take one  
53 or more requested tests, even if the individual submits to another requested test or

95 choice administer a chemical test in addition to the test or tests administered at the  
96 direction of a peace officer.

97 (b) The failure or inability to obtain the additional test does not affect admissibility of

98 the results of the test or tests taken at the direction of a peace officer, or preclude or  
99 delay the test or tests to be taken at the direction of a peace officer.

100 (c) The additional test shall be ~~[subsequent to]~~ after the test or tests administered at the  
101 direction of a peace officer.

110 individual believes there is insufficient probable cause to justify a search warrant  
111 authorizing a chemical test described in Subsection (1)(a), the peace officer shall review  
112 the facts with a senior officer to confirm that no impairment is suspected and probable  
113 cause for a chemical test does not exist.
