(ii) a new certificate of authority is issued to an insurer whose certificate of authority is revoked under Subsection (3).

(b) If a new certificate of authority is issued more than three years after the revocation of a similar certificate of authority, this Subsection (8) applies only to the fees that would have accrued during the three years immediately following the revocation.

Section 9. Section 31A-4-113 is amended to read:

31A-4-113. Annual statements.

(1) (a) Each authorized insurer shall annually, on or before March 1, file with the commissioner a true statement of its financial condition, transactions, and affairs as of December 31 of the preceding year. [~~This~~]

In the absence of a statute providing otherwise, the statement shall be prepared in accordance with the annual statement instructions and the Accounting Practices and Procedures Manual which is published by the National Association of Insurance Commissioners.~~]

[~~(3)~~] (2) The annual statement of an alien insurer shall:

(a) relate only to its transactions and affairs in the United States unless the commissioner requires otherwise[~~. The statement shall~~]; and

(b) be verified by:

(i) the insurer's United States manager; or [~~by its~~]

(ii) the insurer's authorized officers.

Section 10. Section 31A-5-211 is amended to read:

31A-5-211. Minimum capital or permanent surplus requirements.

(1) (a) Except as provided in Subsections (4) and (5), insurers being organized or operating under this chapter shall maintain minimum capital or

permanent surplus for a mutual, in amounts specified in Subsection (2).

(b) The certificate of authority issued under Section 31A-5-212 does not permit an insurer to transact types of insurance for which the insurer does not have the required minimum capital or permanent surplus for a mutual, in at least the amounts specified under Subsection (2).

(c) The types of insurance under this section are defined in Section 31A-1-301. Minimum capital and permanent surplus requirements under this section are based upon all types of insurance transacted by the insurer in any and all areas which it operates, whether or not only a portion of those types of insurance is or is to be transacted in this state.

(2) The minimum capital, or permanent surplus for a nonassessable mutual, is as follows for the indicated types of insurance:

(a) life, annuity, [~~disability~~] accident and health, or any combination of these $400,000

(b) subject to an aggregate maximum of $1,000,000 for more than one of the following types of coverages:

(i) property insurance 200,000

(ii) surety insurance 300,000

(iii) bail bonds insurance only 100,000

(iv) marine and transportation insurance 200,000

(v) vehicle liability insurance, residential dwelling liability insurance, or both 400,000

(vi) liability insurance 600,000

(vii) workers' compensation insurance 300,000

(c) title insurance 200,000

(d) professional liability insurance, excluding medical malpractice 700,000

(e) professional liability, including medical malpractice 1,000,000

(f) all types of insurance, except life, annuity, or title 2,000,000

(3) Prior to beginning operations, an insurer licensed under this chapter shall have total adjusted capital in excess of the company action level RBC as defined in Subsection 31A-17-601[~~(7)~~](8)(b).

(4) (a) Subject to Subsections (4)(b) and (4)(c), an insurer holding a valid certificate of authority to transact insurance in this state prior to July 1, 1986, continues to be authorized to transact the same kinds of insurance as permitted by that certificate of authority, if the insurer maintains not less than the amount of minimum capital or permanent surplus required for that authority under the laws of this state in force immediately prior to July 1, 1986.

(b) If, after July 1, 1986, an insurer ever has minimum capital or permanent surplus that meets or exceeds the requirements of Subsections (2) and (3), then Subsection (4)(a) is inapplicable to that insurer and it shall comply with Subsections (2) and (3).

(c) Any insurer satisfying the minimum capital or permanent surplus requirement through application of Subsection (4)(a) shall comply with Subsections (2) and (3) by July 1, 1990.

(d) Beginning July 1, 1987, former county mutuals shall comply with the capital and surplus requirements of this section.

(5) (a) An assessable mutual may be organized under this chapter, but it may not issue life insurance or annuities. An assessable mutual need not have a permanent surplus if the assessment liability of its policyholders is unlimited and all insurance policies clearly state that. If assessments are limited to a specified amount or a specified multiple of annual advance premiums, the minimum permanent surplus is the amount that would be required under Subsections (2) and (3) if the corporation were not assessable, reduced by an amount that reasonably reflects the value of the policyholders' assessment liability in satisfying the financial needs of the corporation. The liability of members in an assessable mutual is joint and several up to the limits provided by the articles of incorporation or this title.

(b) (i) Except as provided in Subsections (5)(c) and (d), no certificate of authority may be issued to an assessable mutual until it has at least 400 bona fide applications for insurance from not less than 400 separate applicants, on separate risks located in this state, in each of the classes of business upon which assessments may be separately levied. A full year's premium shall be paid with each application and the aggregate premium is at least $50,000 for each class.

(ii) If at any time while the corporation is an assessable mutual, the business plan is amended to include an additional class of business on which assessments may be separately levied, identical requirements of Subsection (5)(b)(i) are applicable to each additional class.

(c) Five or more employers may join in the formation of an assessable mutual to write only workers' compensation insurance if, instead of the requirements of Subsection (5)(b), policies are simultaneously put into effect that cover at least 1,500 employees, with no single employer having more than 1/5 of the employees insured by the assessable mutual. A full year's premium shall be paid by each employer, aggregating at least $200,000.

(d) The number and amount of required initial applications and premium payments may be reduced by substituting surplus for the applications or premium payments. The commissioner shall determine the reduction in required initial applications and premium payments that is

appropriate for a given amount of surplus. The insurer shall continue to be assessable until conversion under Subsection 31A-5-508(1) to a nonassessable mutual.

(6) The capital or permanent surplus requirements of Subsection (2) apply to persons seeking certificates of authority under this chapter to write reinsurance. This subsection may not be construed as requiring reinsurers to obtain a certificate of authority. However, Section 31A-17-404 imposes alternate safety prerequisites to reserve credit being granted for reinsurance ceded to a reinsurer without a certificate of authority.

Section 11. Section 31A-5-418 is amended to read:

31A-5-418. Dividends and other distributions.

(1) Subject to the requirements of Section 16-10a-842 and Subsection 31A-16-106(2), a stock corporation may make distributions under Section 16-10a-640 if all the following conditions are satisfied:

(a) A dividend may not be paid that would reduce the insurer's total adjusted capital below the insurer's company action level RBC as defined in Subsection 31A-17-601[~~(7)~~](8)(b).

(b) Except as to excess surplus, or unless the commissioner issues an order allowing otherwise, a dividend may not be paid that exceeds the insurer's net gain from operations or net income for the period ending December 31 of the preceding year.

(2) Title 67, Chapter 4a, Unclaimed Property Act, applies to unclaimed dividends and distributions in insurance corporations.

Section 12. Section 31A-5-703 is amended to read:

31A-5-703. Nonrenewals, cancellations, or revisions of ceded reinsurance agreements.

(1) (a) A nonrenewal, cancellation, or revision of ceded reinsurance agreements is not subject to the reporting requirements of Section 31A-5-701 if:

(i) the nonrenewal, cancellation, or revision is not material; or

(ii) with respect to a property and casualty business, the insurer's total ceded written premium [~~represents~~], on an annualized basis, is less than 10% of its total written premium for direct and assumed business; or

(iii) with respect to a life, annuity, and [~~disability~~] accident and health business, the total reserve credit taken for business ceded [~~represents~~], on an annualized basis, is less than 10% of the statutory reserve requirement prior to a cession.

(b) For purposes of this part, a material nonrenewal, cancellation, or revision is one that affects:

(A) an authorized reinsurer representing more than 10% of a total cession is replaced by one or more unauthorized reinsurers; or

(B) previously established collateral requirements have been reduced or waived as respects one or more unauthorized reinsurers representing collectively more than 10% of a total cession.

(2) (a) The following information is required to be disclosed in any report filed pursuant to Section 31A-5-701 of a material nonrenewal, cancellation, or revision of a ceded reinsurance agreement:

(i) the effective date of the nonrenewal, cancellation, or revision;

(ii) the description of the transaction with an identification of the initiator of the transaction;

(iii) the purpose of, or reason for the transaction; and

(iv) if applicable, the identity of the replacement reinsurers.

(b) (i) Insurers are required to report all material nonrenewals, cancellations, or revisions of ceded reinsurance agreements on a nonconsolidated basis unless the insurer:

(A) is part of a consolidated group of insurers that uses a pooling arrangement or 100% reinsurance agreement that affects the solvency and integrity of the insurer's reserves; and

(B) ceded substantially all of its direct and assumed business to the pool.

(ii) An insurer is considered to have ceded substantially all of its direct and assumed business to a pool if:

(A) the insurer has less than $1,000,000 total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement; and

(B) the net income of the business not subject to the pooling arrangement represents less than 5% of the insurer's capital and surplus.

31A-14-212. Changes in business plan.

(1) Within two years after the initial issuance of a certificate of authority to a foreign insurer by its domiciliary jurisdiction, the insurer may not substantially deviate from its business plan under Subsection 31A-14-201 [~~(12)~~] (2)(xii) unless notice of the proposed action is filed with the commissioner 30 days in advance of the proposed effective date.

(3) If the commissioner finds after a hearing that the application of the proposed change outside Utah would endanger the interests of insureds, creditors, or the public in Utah, the commissioner may revoke the insurer's certificate of authority unless the insurer agrees not to make the change.

Section 27. Section 31A-15-103 is amended to read:

31A-15-103. Surplus lines insurance -- Unauthorized insurers.

(1) Notwithstanding Section 31A-15-102, a foreign insurer that has not obtained a certificate of authority to do business in this state under Section 31A-14-202 may negotiate for and make insurance contracts with persons in this state and on risks located in this state, subject to the limitations and requirements of this section.

(2) For contracts made under this section, the insurer may, in this state, inspect the risks to be insured, collect premiums and adjust losses, and do all other acts reasonably incidental to the contract, through employees or through independent contractors.

(3) (a) Subsections (1) and (2) do not permit any person to solicit business in this state on behalf of an insurer that has no certificate of authority.

(b) Any insurance placed with a nonadmitted insurer shall be placed with a surplus lines broker licensed under Chapter 23.

(c) The commissioner may by rule prescribe how a surplus lines broker may:

(i) pay or permit the payment, commission, or other remuneration on insurance placed by the surplus lines broker under authority of the surplus lines broker's license to one holding a license to act as an insurance agent; and

(ii) advertise the availability of the surplus lines broker's services in procuring, on behalf of persons seeking insurance, contracts with nonadmitted insurers.

(4) For contracts made under this section, nonadmitted insurers are subject to Sections 31A-23-302 and 31A-26-303 and the rules adopted under those sections.

(5) A nonadmitted insurer may not issue workers' compensation insurance coverage to employers located in this state, except for stop loss coverages issued to employers securing workers' compensation under Subsection 34A-2-201(3).

(6) (a) The commissioner may by rule prohibit making contracts under Subsection (1) for a specified class of insurance if authorized insurers provide an established market for the class in this state that is adequate and reasonably competitive.

(b) The commissioner may by rule place restrictions and limitations on and create special procedures for making contracts under Subsection (1) for a specified class of insurance if there have

been abuses of placements in the class or if the policyholders in the class, because of limited financial resources, business experience, or knowledge, cannot protect their own interests adequately.

(c) The commissioner may prohibit an individual insurer from making any contract under Subsection (1) and all insurance agents and brokers from dealing with the insurer if:

(i) the insurer has willfully violated this section, Section 31A-4-102, 31A-23-302, or 31A-26-303, or any rule adopted under any of these sections;

(ii) the insurer has failed to pay the fees and taxes specified under Section 31A-3-301; or

(iii) the commissioner has reason to believe that the insurer is in an unsound condition or is operated in a fraudulent, dishonest, or incompetent manner or in violation of the law of its domicile.

(d) (i) The commissioner may issue lists of unauthorized foreign insurers whose solidity the commissioner doubts, or whose practices the commissioner considers objectionable.

(ii) The commissioner shall issue lists of unauthorized foreign insurers the commissioner considers to be reliable and solid. [~~The~~]

(iii) In addition to the lists described in Subsections (7)(d)(i) and (ii), the commissioner may [~~also~~] issue other relevant evaluations of unauthorized insurers. [~~No~~]

(iv) An action [~~lies~~] may not lie against the commissioner or any employee of the department for any written or oral communication made in, or in connection with the issuance of, [~~these~~] the lists or evaluations described in this Subsection (6)(d).

(e) A foreign unauthorized insurer shall be listed on the commissioner's "reliable" list only if the unauthorized insurer:

(i) has delivered a request to the commissioner to be on the list;

(ii) has established satisfactory evidence of good reputation and financial integrity;

(iii) has delivered to the commissioner a copy of its current annual statement certified by the insurer and continues each subsequent year to file its annual statements with the commissioner within 60 days of its filing with the insurance regulatory authority where it is domiciled; [~~and~~]

(iv) (A) is in substantial compliance with the solvency standards in Chapter 17, Part VI, Risk-Based Capital, or maintains capital and surplus of at least [~~$5,000,000~~] $15,000,000, whichever is greater, and maintains in the United States an irrevocable trust fund in either a national bank or a member of the Federal Reserve System, or maintains a deposit meeting the statutory deposit requirements for insurers in the state where it is made, which trust fund or deposit:

(I) shall be in an amount not less than [~~$1,500,000~~] $2,500,000 for the protection of all of the insurer's policyholders in the United States;

(II) may consist of cash, securities, or investments of substantially the same character and quality as those which are "qualified assets" under Section 31A-17-201; and

(III) may include as part of this trust arrangement a letter of credit that qualifies as acceptable security under Subsection 31A-17-404(3)(c)(iii)[~~.~~]; and

(v) for an alien insurer not domiciled in the United States or a territory of the United States, is listed on the Quarterly Listing of Alien Insurers maintained by the National Association of Insurance Commissioners International Insurers Department.

(7) A surplus lines broker may not, either knowingly or without reasonable investigation of the financial condition and general reputation of the insurer, place insurance under this section with financially unsound insurers or with insurers engaging in unfair practices, or with otherwise substandard insurers, unless the broker gives the applicant notice in writing of the known deficiencies of the insurer or the limitations on his investigation, and explains the need to place the business with that insurer. A copy of this notice shall be kept in the office of the broker for at least five years. To be financially sound, an insurer shall satisfy standards that are comparable to those applied under the laws of this state to authorized insurers. Insurers on the "doubtful or objectionable" list under Subsection (6)(d) and insurers not on the commissioner's "reliable" list under Subsection (6)[~~(d)~~](e) are presumed substandard.

(8) A policy issued under this section shall include a description of the subject of the insurance and indicate the coverage, conditions, and term of the insurance, the premium charged and premium taxes to be collected from the policyholder, and the name and address of the policyholder and insurer. If the direct risk is assumed by more than one insurer, the policy shall state the names and addresses of all insurers and the portion of the entire direct risk each has assumed. All policies issued under the authority of this section shall have attached or affixed to the policy the following

statement: "The insurer issuing this policy does not hold a certificate of authority to do business in this state and thus is not fully subject to regulation by the Utah insurance commissioner. This policy receives no protection from any of the guaranty associations created under Title 31A, Chapter 28."

(9) Upon placing a new or renewal coverage under this section, the broker shall promptly deliver to the policyholder or his agent evidence of the insurance consisting either of the policy as issued by the insurer or, if the policy is not then available, a certificate, cover note, or other confirmation of insurance complying with Subsection (8).

(10) If the commissioner finds it necessary to protect the interests of insureds and the public in this state, the commissioner may by rule subject policies issued under this section to as much of the regulation provided by this title as is required for comparable policies written by authorized foreign insurers.

(11) (a) Each surplus lines transaction in this state shall be examined to determine whether it complies with:

(i) the surplus lines tax levied under Chapter 3;

(ii) the solicitation limitations of Subsection (3);

(iii) the requirement of Subsection (3) that placement be through a surplus lines broker;

(iv) placement limitations imposed under Subsections (6)(a), (b), and (c); and

(v) the policy form requirements of Subsections (8) and (10).

(b) The examination described in Subsection (11)(a) shall take place as soon as practicable after the transaction. The surplus lines broker shall submit to the examiner information necessary to conduct the examination within a period specified by rule.

(c) The examination described in Subsection (11)(a) may be conducted by the commissioner or by an advisory organization created under Section 31A-15-111 and authorized by the commissioner to conduct these examinations. The commissioner is not required to authorize any additional advisory organizations to conduct examinations under this Subsection (11)(c). The commissioner's authorization of one or more advisory organizations to act as examiners under this subsection shall be by rule. In addition, the authorization shall be evidenced by a contract, on a form provided by the commissioner, between the authorized advisory organization and the department.

(d) The person conducting the examination described in Subsection (11)(a) shall collect a stamping fee of an amount not to exceed 1% of the policy premium payable in connection with the transaction. Stamping fees collected by the commissioner shall be deposited in the General Fund. The commissioner shall establish this fee by rule. Stamping fees collected by an advisory organization are the property of the advisory organization to be used in paying the expenses of the advisory organization. Liability for paying the stamping fee is as required under Subsection 31A-3-303(1) for taxes imposed under Section 31A-3-301. The commissioner shall adopt a rule dealing with the payment of stamping fees. If stamping fees are not paid when due, the commissioner or advisory organization may impose a penalty of 25% of the fee due, plus 1-1/2% per month from the time of default until full payment of the fee. Fees relative to policies covering risks located partially in this state shall be allocated in the same manner as under Subsection 31A-3-303(4).

(e) The commissioner, representatives of the department, advisory organizations, representatives and members of advisory organizations, authorized insurers, and surplus lines insurers are not liable for damages on account of statements, comments, or recommendations made in good faith in connection with their duties under this Subsection (11)(e) or under Section 31A-15-111.

(f) Examinations conducted under this Subsection (11) and the documents and materials related to the examinations are confidential.

Section 28. Section 31A-15-106 is amended to read:

31A-15-106. Servicing of contracts made out of state.

(1) A foreign insurer that does not have a certificate of authority to do business in this state under Section 31A-14-202 may, in this state, collect premiums and adjust losses and do all other acts reasonably incidental to contracts made outside this state without violating this chapter. Any premiums collected under this section are subject to Section 31A-3-301.

(2) Subsection (1) does not permit a renewal, extension, increase, or other substantial change in the terms of any contract under Subsection (1) unless:

(a) it is permitted under Section 31A-15-103;

(b) the contract is for life or [~~disability~~] accident and health insurance or annuities; or

(c) a rule adopted by the commissioner permits this action when the interests of the policyholder and the public appear to be sufficiently protected.

Section 29. Section 31A-17-201 is amended to read:

31A-17-201. Qualified assets.

(1) Except as provided under Subsections (3) and (4), only the qualified assets listed in Subsection (2) may be used in determining the financial condition of an insurer, except to the extent an insurer has shown to the commissioner that the insurer has excess surplus, as defined in Section 31A-1-301.

(2) For purposes of Subsection (1), "qualified assets" means:

[~~(a) investments, securities, properties, and loans acquired or held in accordance with Sections~~

~~31A-18-105 and 31A-18-106, and the income due and accrued on these;~~]

[~~(b) the net amount of uncollected and deferred premiums for a life insurer that carries the full annual mean tabular reserve liability;~~]

[~~(c) premiums in the course of collection, other than for life insurance, not more than 90 days past due, less commissions payable on the premiums, with the 90-day limitation being inapplicable to premiums payable directly or indirectly by the United States government or any of its instrumentalities;~~]

[~~(d) installment premiums, other than life insurance premiums, in accordance with:~~]

[~~(i) the rules adopted by the commissioner; or~~]

[~~(ii) in the absence of rules adopted by the commissioner, practices formulated or adopted by the National Association of Insurance Commissioners;~~]

[~~(e) notes and similar written obligations that are:~~]

[~~(i) not past due;~~]

[~~(ii) taken for premiums other than life insurance premiums;~~]

[~~(iii) on policies permitted to be issued on that basis; and~~]

[~~(iv) to the extent of the unearned premium reserves carried on the policies;~~]

[~~(f) amounts recoverable or receivable from reinsurers under a reinsurance contract that qualifies for reserve credit under Section 31A-17-404;~~]

[~~(g) electronic and mechanical machines constituting a data processing and accounting system, the cost of which is depreciated in full over a period of five years or less;~~]

[~~(i) cash or currency; and~~]

(a) assets as determined to be admitted in the Accounting Practices and Procedures Manual, published by the National Association of Insurance Commissioners; and

[~~(j)~~] (b) other assets authorized by rule.

(3) (a) Subject to Subsection (5) and even if they could not otherwise be counted under this chapter, assets acquired in the bona fide enforcement of creditors' rights may be counted for the purposes of Subsection (1) and Sections 31A-18-105 and 31A-18-106:

(i) for five years after their acquisition if they are real property; and

(ii) for one year if they are not real property.

(b) (i) The commissioner may allow reasonable extensions of the periods described in Subsection (3)(a), if disposal of the assets within the periods given is not possible without substantial loss.

(ii) Extensions under Subsection (3)(b)(i) may not, as to any particular asset, exceed a total of five years.

(4) Subject to Subsection (5), and even though under this chapter the assets could not otherwise be counted, assets acquired in connection with mergers, consolidations, or bulk reinsurance, or as a dividend or distribution of assets, may be counted for the same purposes, in the same manner, and for the same periods as assets acquired under Subsection (3).

(5) Assets described under Subsection (3) or (4) may not be counted for the purposes of Subsection (1), except to the extent they are counted as assets in determining insurer solvency under the laws of the state of domicile of the creditor or acquired insurer.

Section 30. Section 31A-17-401 is amended to read:

31A-17-401. Valuation of assets.

(1) The commissioner shall value the assets of insurers in accordance with then current insurance business practices, but not in a manner inconsistent with the provisions of this title. In valuing assets, the commissioner shall consider any method then current, formulated, or approved by the National Association of Insurance Commissioners.

(2) Assets that are not qualified assets under Subsection 31A-17-201(2) are considered to have no value in evaluating an insurer's compliance with Chapter 17, Part 6, Risk-Based Capital. Those assets may be used in evaluating the insurer's financial condition only to the extent the insurer has excess surplus.

(3) (a) Insurance subsidiaries are valued on the books of a parent insurer as follows:

(i) Except as provided under Subsections (3)(a)(iii) [~~through (vi)~~] and (iv), common stock of the subsidiary is valued on the basis of the parent insurer's percentage of ownership of the common stock multiplied by the total of the subsidiary's capital and surplus, less amounts needed to liquidate all claims to the capital and surplus which are senior to common stock. Subsection 31A-18-106(1)(k) provides applicable limitations on investments in subsidiaries.

(ii) The value of securities other than common stock issued by a subsidiary is the lesser of the present value of the future income to be derived under the securities or the amount the parent insurer would receive as a result of the securities if the subsidiary were liquidated and all creditors of the subsidiary and holders of the subsidiary's securities with senior priority were paid in full. The present value of future income derived from securities is determined by rule adopted by the commissioner. A parent insurer may attribute value to a security of its subsidiary only if the parent

insurer is being paid dividends or interest on the security, and only if the parent insurer can reasonably anticipate that dividends or interest will continue to be paid on the security.

(iii) Except as provided under [~~Subsections (3)(a)(iv) through (vi)~~] Subsection (3)(iv), any portion of the subsidiary's value permitted under Subsection (3)(a) that is represented by assets other than assets listed under Section 31A-17-201, may only be classified as excess surplus of the parent insurer, and then only to the extent the parent insurer has established that it has excess surplus under Section 31A-17-202.

(iv) For the purposes of Subsection (3)(a)(iii), assets of a newly acquired subsidiary that are the equivalent of qualified assets in the subsidiary's domiciliary state, are, for the first five years after the subsidiary's acquisition, considered to be qualified assets under Section 31A-17-201. This assumption stands even if the assets are not otherwise qualified assets under Section 31A-17-201.

[~~(v) Under a plan of merger approved by the commissioner, a newly-acquired insurance subsidiary may be valued initially at its cost to the parent insurer, or a greater or lesser value established by the commissioner. The amount in excess of the parent insurer's proportionate share of the subsidiary's capital and surplus shall be written off for regulatory purposes over a period specified by the commissioner in the commissioner's order approving the plan of merger. This period may not exceed five years. Once they are established by the commissioner, any amounts not yet written off may be counted as assets for the purposes specified under Chapter 17, Part 6, Risk-Based Capital.~~]

[~~(vi) Subject to Subsection 31A-18-106(1)(k), an insurance subsidiary that is acquired by another insurer, but not under an approved plan of merger, may be valued initially at the lesser of its cost to the parent insurer, or the parent insurer's proportionate share of the subsidiary's capital and surplus plus 10% of the parent insurer's capital and surplus. The amount in excess of the parent insurer's proportionate share of the subsidiary's capital and surplus shall be written off for regulatory purposes over a period specified by the commissioner in an order approving the acquisition. This period may not exceed ten years.~~]

[~~(vii) For subsidiaries valued under Subsection (3)(a)(v) or (3)(a)(vi), until the excess of the subsidiary's cost over the parent insurer's proportionate share of the subsidiary's capital and surplus is completely amortized, the commissioner shall semiannually review the actual performance of the subsidiary to determine whether the amortization schedule provided by the commissioner's order is reasonable, based on the subsidiary's actual performance. The commissioner may adjust the amortization schedule based on the findings of this semiannual review.~~]

(b) A subsidiary formed or acquired to hold or manage investments that the parent insurance company might hold or manage directly, shall be valued as if the assets of the subsidiary were owned directly by the insurer in a percentage equal to the insurer's percentage of ownership of the subsidiary. The subsidiary investment limitation of Subsection 31A-18-106(1)(k) does not apply to these subsidiaries.

(c) Subsidiaries other than those described in Subsections (3)(a) and (b) shall be valued in accordance with Subsection (1). The subsidiary investment limitation under Subsection 31A-18-106(1)(k) applies to these subsidiaries in the same manner as to subsidiaries described in Subsection (3)(a).

(d) In determining an insurer's financial condition, no value is given to:

(i) any interest held by the insurer in its own stock, including debts due the insurer that are secured by the insurer's own stock; or

(ii) any proportionate interest in the insurer's own stock, including debts that are secured by the insurer's own stock, which is held by any corporation, partnership, business unit, firm, or person owned in whole or in part by the insurer.

(4) The commissioner shall adopt rules to implement the provisions of this section.

Section 31. Section 31A-17-402 is amended to read:

31A-17-402. Valuation of liabilities.

The commissioner shall adopt rules specifying the liabilities required to be reported by insurers in financial statements submitted under Section 31A-2-202 and the methods of valuing them. For life insurance, those methods shall be consistent with Part 5 of this chapter, Standard Valuation Law. Title insurance reserves are provided for under Section 31A-17-408. In determining the financial condition of an insurer, liabilities include:

(l) the estimated amount necessary to pay all its unpaid losses and claims incurred on or prior to the date of statement, whether reported or unreported, together with the expense of adjustment or settlement of the loss or claim;

(d) any additional reserves which may be required by the commissioner by rule, or if no rule is applicable, then in a manner consistent with the practice formulated or approved by the National Association of Insurance Commissioners with respect to those types of insurance;

(3) for insurance other than life, [~~disability~~] accident and health, and title insurance, the amount of reserves equal to the unearned portions of the gross premiums charged on policies in force, computed on a daily or monthly pro rata basis or other basis approved by the commissioner; provided that after adopting any one of the methods for computing those reserves, an insurer may not change methods without the commissioner's written consent;

(4) for ocean marine and other transportation insurance, reserves equal to 50% of the amount of premiums upon risks covering not more than one trip or passage not terminated, and computed upon a pro rata basis or, with the commissioner's consent, in accordance with methods provided under Subsection (3); and

(5) its other liabilities, including taxes, expenses, and other obligations due or accrued at the date of statement.

Section 32. Section 31A-17-408 is amended to read:

31A-17-408. Title insurance reserves.

(1) In addition to an adequate reserve for outstanding losses, a title insurance company shall either:

(a) maintain and segregate an unearned premium reserve fund of not less than 10 cents for each $1,000 face amount of retained liability under each title insurance contract or policy on a single insurance risk issued[~~, except that during each of the 20 years following the year in which the title insurance policy or contract was issued, the reserve applicable to the contract may be reduced by 5% of the original amount of the reserve~~]; or

(b) have the commissioner review and approve a contract of reinsurance applicable to the title insurance company's policies, which contract adequately covers the exposure or risk which the unearned premium reserve would serve.

(2) The fund shall be maintained for the protection of policyholders and is not subject to the claims of stockholders or creditors other than policyholders.

The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of Subsection (1)(a) over Subsection (1)(b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the 19 year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(a) the value defined in Subsection (1)(a) being reduced by 15% of the amount of such excess first year premium[~~,~~];

Sec. 408, as amended~~] Section 408, Internal Revenue Code.

(2) Reserves according to the commissioner's annuity reserve method for benefits under annuity or pure endowment contracts, excluding any [~~disability~~] accident and health and accidental

death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. (b) If the commissioner requires a foreign insurer or health organization to file an RBC plan, the failure of the foreign insurer or health organization to file the RBC plan with the commissioner is grounds to order the insurer or health organization to cease and desist from writing new insurance business in this state.

(3) The commissioner may make application to the Third District Court for Salt Lake County permitted under Section 31A-27-401 with respect to the liquidation of property of a foreign [~~insurers~~] insurer or health organization found in this state if:

Section 51. Section 31A-19a-101 is amended to read:

31A-19a-101. Title -- Scope and purposes.

(1) This chapter is known as the "Utah Rate Regulation Act."

(2) (a) (i) Except as provided in Subsection (2)(a)(ii), this chapter applies to all kinds and lines of direct insurance written on risks or operations in this state by an insurer authorized to do business in this state.

(ii) This chapter does not apply to:

(A) life insurance other than credit life insurance;

(B) variable and fixed annuities;

(C) health and [~~disability~~] accident and health insurance other than credit [~~disability~~] accident and health insurance; and

(D) reinsurance.

(b) This chapter applies to all insurers authorized to do any line of business, except those specified in Subsection (2)(a)(ii).

(3) It is the purpose of this chapter to:

(a) protect policyholders and the public against the adverse effects of excessive, inadequate, or unfairly discriminatory rates;

(b) encourage independent action by and reasonable price competition among insurers so that rates are responsive to competitive market conditions;

(c) provide formal regulatory controls for use if independent action and price competition fail;

(d) provide regulatory procedures for the maintenance of appropriate data reporting systems;

(e) authorize cooperative action among insurers in the rate-making process, and regulate that cooperation to prevent practices that bring about a monopoly or lessen or destroy competition;

(f) encourage the most efficient and economic marketing practices; and

(g) regulate the business of insurance in a manner that, under the McCarran-Ferguson Act, 15 U.S.C. Secs. 1011 through 1015, will preclude application of federal antitrust laws.

(4) Rate filings made prior to July 1, 1986, under former Title 31, Chapter 18, are continued. Rate filings made after July 1, 1986, are subject to the requirements of this chapter.

Section 52. Section 31A-21-103 is amended to read:

31A-21-103. Capacity to contract.

Any person 16 years of age or older who is otherwise competent to contract under Utah law, and who is not subject to any legal disability, may contract for insurance. If there is a conservator appointed under Title 75, the conservator, rather than the person whose property is subject to the conservatorship, may contract for insurance to protect the property under conservatorship. In the case of a conservatorship over the person or property of a person under 16 years of age, the conservator may invest funds of the estate in life or [~~disability~~] accident and health insurance or annuity contracts, but only with the approval of the court having jurisdiction over the conservatorship.

Section 53. Section 31A-21-104 is amended to read:

31A-21-104. Insurable interest and consent.

(1) (a) An insurer may not knowingly provide insurance to a person who does not have or expect to have an insurable interest in the subject of the insurance.

(b) A person may not knowingly procure, directly, by assignment, or otherwise, an interest in the proceeds of an insurance policy unless he has or expects to have an insurable interest in the subject of the insurance.

(c) Except as provided in Subsections (6), (7), and (8), any insurance provided in violation of this subsection is subject to Subsection (5).

(2) As used in this chapter:

(a) "Insurable interest" in a person means, for persons closely related by blood or by law, a substantial interest engendered by love and affection, or in the case of other persons, a lawful and substantial interest in having the life, health, and bodily safety of the person insured continue. Policyholders in group insurance contracts need no insurable interest if certificate holders or persons other than group policyholders who are specified by the certificate holders are the recipients of the proceeds of the policies. Each person has an unlimited insurable interest in his own life and health. A shareholder or partner has an insurable interest in the life of other shareholders or partners for purposes of insurance contracts that are an integral part of a legitimate buy-sell agreement respecting shares or a partnership interest in the business.

(b) "Insurable interest" in property or liability means any lawful and substantial economic interest in the nonoccurrence of the event insured against.

(c) "Viatical settlement" means a written contract entered into by a person who is the policyholder of a life insurance policy insuring the life of a terminally ill person, under which the insured assigns, transfers ownership, irrevocably designates a specific person or otherwise alienates all control and right in the insurance policy to another person, when the proceeds of the contract is paid to the policyholder of the insurance policy or the policyholder's designee prior to the death of the subject.

(3) Except as provided in Subsection (4), an insurer may not knowingly issue an individual life or [~~disability~~] accident and health insurance policy to a person other than the one whose life or health is at risk unless that person, who is 18 years of age or older and not under guardianship under Title 75, Chapter 5, Protection of Persons Under Disability and Their Property, has given written consent to the issuance of the policy. The person shall express consent either by signing an application for the insurance with knowledge of the nature of the document, or in any other reasonable way. Any insurance provided in violation of this subsection is subject to Subsection (5).

(4) (a) A life or [~~disability~~] accident and health insurance policy may be taken out without consent in the following cases:

(i) A person may obtain insurance on a dependent who does not have legal capacity.

(ii) A creditor may, at the creditor's expense, obtain insurance on the debtor in an amount reasonably related to the amount of the debt.

(iii) A person may obtain life and [~~disability~~] accident and health insurance on immediate family members living with or dependent on the person.

(iv) A person may obtain [~~a disability~~] an accident and health insurance policy on others that would merely indemnify the policyholder against expenses he would be legally or morally obligated to pay.

(v) The commissioner may adopt rules permitting issuance of insurance for a limited term on the life or health of a person serving outside the continental United States who is in the public service of the United States, if the policyholder is related within the second degree by blood or by marriage to the person whose life or health is insured.

(b) Consent may be given by another in the following cases:

(i) A parent, a person having legal custody of a minor, or a guardian of the person under Title 75, Chapter 5, Protection of Persons Under Disability and Their Property, may consent to the issuance of a policy on a dependent child or on a person under guardianship under Title 75, Chapter 5, Protection of Persons Under Disability and Their Property.

(ii) A grandparent may consent to the issuance of life or [~~disability~~] accident and health insurance on a grandchild.

(iii) A court of general jurisdiction may give consent to the issuance of a life or [~~disability~~] accident and health insurance policy on an ex parte application showing facts the court considers sufficient to justify the issuance of that insurance.

(5) An insurance policy is not invalid because the policyholder lacks insurable interest or because consent has not been given, but a court with appropriate jurisdiction may order the proceeds to be paid to some person who is equitably entitled to them, other than the one to whom the policy is designated to be payable, or it may create a constructive trust in the proceeds or a part of them on behalf of such a person, subject to all the valid terms and conditions of the policy other than those relating to insurable interest or consent.

(6) This section does not prevent any organization described under 26 U.S.C. Sec. 501(c)(3), (e), or (f), as amended, and the regulations made under this section, and which is regulated under Title 13, Chapter 22, Charitable Solicitations Act, from soliciting and procuring, by assignment or designation as beneficiary, a gift or assignment of an interest in life insurance on the life of the donor or assignor or from enforcing payment of proceeds from that interest.

(7) This section does not prevent:

(a) any policyholder of life insurance, whether or not the policyholder is also the subject of the insurance, from entering into a viatical settlement;

(b) any person from soliciting a person to enter into a viatical settlement; or

(c) a person from enforcing payment of proceeds from the interest obtained under a viatical settlement.

(8) Notwithstanding Subsection (1), an insurer authorized under this title to issue a workers' compensation policy may issue a workers' compensation policy to a sole proprietorship, corporation, or partnership that elects not to include any owner, corporate officer, or partner as an employee under the policy even if at the time the policy is issued the sole proprietorship, corporation, or partnership has no employees.

Section 54. Section 31A-21-201 is amended to read:

31A-21-201. Filing and approval of forms.

(1) (a) A form subject to Subsection 31A-21-101(1), except as exempted under Subsections 31A-21-101(2) through (6), may not be used, sold, or offered for sale unless it has been filed with the commissioner.

(b) A form is considered filed with the commissioner when the commissioner receives:

(i) the form;

(ii) the applicable filing fee as prescribed under Section 31A-3-103; and

(iii) the applicable transmittal forms as required by the commissioner.

(2) In filing a form for use in this state the insurer is responsible for assuring that the form is in compliance with this title and rules adopted by the commissioner.

(3) (a) The commissioner may [~~disapprove~~] prohibit the use of a form at any time upon a finding that:

(i) it is:

(A) inequitable;

(B) unfairly discriminatory;

(C) misleading;

(D) deceptive;

(E) obscure;

(F) unfair;

(G) encourages misrepresentation; or

(H) not in the public interest;

(ii) it provides benefits or contains other provisions that endanger the solidity of the insurer;

(iii) in the case of the basic policy and the application for a basic policy, it fails to conspicuously, as defined by rule, provide:

(A) the exact name of the insurer [~~and~~];

(B) its state of domicile; and

(C) for life insurance and annuity policies only, the address of its administrative office.

(iv) it violates a statute or a rule adopted by the commissioner; or

(v) it is otherwise contrary to law.

(b) Subsection (3)(a)(iii) does not apply to riders and endorsements to a basic policy.

(c) (i) Whenever the commissioner [~~disapproves~~] prohibits the use of a form under Subsection (3)(a), the commissioner may order that, on or before a date not less than 15 days after the order, the use of the form be discontinued.

(ii) Once a form has been [~~disapproved~~] prohibited, it may not be used unless appropriate changes are filed with and [~~approved~~] reviewed by the commissioner.

(iii) Whenever the commissioner [~~disapproves~~] prohibits the use of a form under Subsection (3)(a), the commissioner may require the insurer to disclose contract deficiencies to existing policyholders.

(d) The commissioner's [~~disapproval~~] prohibition under this Subsection (3) shall:

(i) be in writing [~~and constitutes~~];

(ii) constitute an order[~~. The order shall~~]; and

(iii) state the reasons for [~~disapproval~~] the prohibition.

(4) (a) If, after a hearing, the commissioner determines that it is in the public interest, the commissioner may require by rule or order that certain forms be subject to the commissioner's approval prior to their use.

(b) The rule or order described in Subsection (4)(a) shall prescribe the filing procedures for the forms if different than stated in this section.

(c) The types of forms that may be addressed under Subsection (4)(a) include:

(i) forms for a particular class of insurance;

(ii) forms for a specific line of insurance;

(iii) a specific type of form; or

(iv) forms for a specific market segment.

Section 55. Section 31A-21-301 is amended to read:

31A-21-301. Clauses required to be in a prominent position.

(1) The following portions of insurance policies shall appear conspicuously in the policy:

(a) [~~the name and state of domicile of the insurer~~] as required by Subsection 31A-21-201 (3)(a)(iii)[~~,~~]:

(i) the exact name of the insurer;

(ii) the state of domicile of the insurer; and

(iii) for life insurance and annuity policies only, the address of the administrative office of the insurer;

(b) information that two or more insurers under Subsection (1)(a) undertake only several liability, as required by Section 31A-21-306;

(c) if a policy is assessable, a statement of that;

(d) a statement that benefits are variable, as required by Subsection 31A-22-411(1); however, the methods of calculation need not be in a prominent position;

(e) the right to return a life or [~~disability~~] accident and health insurance policy under Sections 31A-22-423 and 31A-22-606; and

(f) the beginning and ending dates of insurance protection.

(2) Each clause listed in Subsection (1) shall be displayed conspicuously and separately from any other clause.

Section 56. Section 31A-21-303 is amended to read:

31A-21-303. Termination of insurance policies by insurers.

(1) (a) Except as otherwise provided in this section, in other statutes, or by rule under Subsection (1)(c), this section applies to all policies of insurance other than life and [~~disability~~] accident and health insurance and annuities, if the policies of insurance are issued on forms that are subject to filing and approval under Subsection 31A-21-201(1).

(b) A policy may provide terms more favorable to insureds than this section requires.

(c) The commissioner may by rule totally or partially exempt from this section classes of insurance policies in which the insureds do not need protection against arbitrary or unannounced termination.

(d) The rights provided by this section are in addition to and do not prejudice any other rights the insureds may have at common law or under other statutes.

(2) (a) As used in this Subsection (2), "grounds" means:

(i) material misrepresentation;

(ii) substantial change in the risk assumed, unless the insurer should reasonably have foreseen the change or contemplated the risk when entering into the contract;

(iii) substantial breaches of contractual duties, conditions, or warranties;

(iv) attainment of the age specified as the terminal age for coverage, in which case the insurer may cancel by notice under Subsection (2)(c), accompanied by a tender of proportional return of premium; or

(v) in the case of automobile insurance, revocation or suspension of the driver's license of the named insured or any other person who customarily drives the car.

(b) (i) Except as provided in Subsection (2)(e) or unless the conditions of Subsection (2)(b)(ii) are met, an insurance policy may not be canceled by the insurer before the earlier of:

(A) the expiration of the agreed term; or

(B) one year from the effective date of the policy or renewal.

(ii) Notwithstanding Subsection (2)(b)(i), an insurance policy may be canceled by the insurer for:

(A) nonpayment of a premium when due; or

(B) on grounds defined in Subsection (2)(a).

(c) (i) The cancellation provided by Subsection (2)(b), except cancellation for nonpayment of premium, is effective no sooner than 30 days after the delivery or first-class mailing of a written notice to the policyholder.

(ii) Cancellation for nonpayment of premium is effective no sooner than ten days after delivery or first class mailing of a written notice to the policyholder.

(d) (i) Notice of cancellation for nonpayment of premium shall include a statement of the reason for cancellation.

(ii) Subsection (6) applies to the notice required for grounds of cancellation other than nonpayment of premium.

(e) (i) Subsections (2)(a) through (d) do not apply to any insurance contract that has not been previously renewed if the contract has been in effect less than 60 days when the written notice of cancellation is mailed or delivered.

(ii) A cancellation under this Subsection (2)(e) may not be effective until at least ten days after the delivery to the insured of a written notice of cancellation.

(iii) If the notice required by this Subsection (2)(e) is sent by first-class mail, postage prepaid, to the insured at the insured's last-known address, delivery is considered accomplished after the passing, since the mailing date, of the mailing time specified in the Utah Rules of Civil Procedure.

(iv) A policy cancellation subject to this Subsection (2)(e) is not subject to the procedures described in Subsection (6).

(3) A policy may be issued for a term longer than one year or for an indefinite term if the policy includes a clause providing for cancellation by the insurer by giving notice as provided in Subsection (4)(b)(i) 30 days prior to any anniversary date.

(4) (a) Subject to Subsections (2), (3), and (4)(b), a policyholder has a right to have the policy renewed:

(i) on the terms then being applied by the insurer to similar risks; and

(ii) (A) for an additional period of time equivalent to the expiring term if the agreed term is one year or less; or

(B) for one year if the agreed term is longer than one year.

(b) Except as provided in Subsection (4)(c), the right to renewal under Subsection (4)(a) is extinguished if:

(i) at least 30 days prior to the policy expiration or anniversary date a notice of intention not to renew the policy beyond the agreed expiration or anniversary date is delivered or sent by first-class mail by the insurer to the policyholder at the policyholder's last-known address;

(ii) not more than 45 nor less than 14 days prior to the due date of the renewal premium, the insurer delivers or sends by first-class mail a notice to the policyholder at the policyholder's last-known address, clearly stating:

(A) the renewal premium;

(B) how it may be paid; and

(C) that failure to pay the renewal premium by the due date extinguishes the policyholder's right to renewal;

(iii) the policyholder has:

(A) accepted replacement coverage; or

(B) requested or agreed to nonrenewal; or

(iv) the policy is expressly designated as nonrenewable.

(c) Unless the conditions of Subsection (4)(b)(iii) or (iv) apply, an insurer may not fail to renew an

insurance policy as a result of a telephone call or other inquiry that:

(i) references a policy coverage; and

(ii) does not result in a claim being filed or paid.

(5) (a) (i) Subject to Subsection (5)(b), if the insurer offers or purports to renew the policy, but on less favorable terms or at higher rates, the new terms or rates take effect on the renewal date if the insurer delivered or sent by first-class mail to the policyholder notice of the new terms or rates at least 30 days prior to the expiration date of the prior policy.

(ii) If the insurer did not give the prior notification described in Subsection (5)(a)(i) to the policyholder the new terms or rates do not take effect until 30 days after the notice is delivered or sent by first-class mail, in which case the policyholder may elect to cancel the renewal policy at any time during the 30-day period.

(iii) Return premiums or additional premium charges shall be calculated proportionately on the basis that the old rates apply.

(b) Subsection (5)(a) does not apply if the only change in terms that is adverse to the policyholder is:

(i) a rate increase generally applicable to the class of business to which the policy belongs;

(ii) a rate increase resulting from a classification change based on the altered nature or extent of the risk insured against; or

(iii) a policy form change made to make the form consistent with Utah law.

(6) (a) If a notice of cancellation or nonrenewal under Subsection (2)(c) does not state with reasonable precision the facts on which the insurer's decision is based, the insurer shall send by first-class mail or deliver that information within ten working days after receipt of a written request by the policyholder.

(b) A notice under Subsection (2)(c) is not effective unless it contains information about the policyholder's right to make the request.

(7) If a risk-sharing plan under Section 31A-2-214 exists for the kind of coverage provided by the insurance being cancelled or nonrenewed, a notice of cancellation or nonrenewal required under Subsection (2)(c) or (4)(b)(i) may not be effective unless it contains instructions to the policyholder for applying for insurance through the available risk-sharing plan.

(8) There is no liability on the part of, and no cause of action against, any insurer, its authorized representatives, agents, employees, or any other person furnishing to the insurer information relating to the reasons for cancellation or nonrenewal or for any statement made or information given by them in complying or enabling the insurer to comply with this section unless actual malice is proved by clear and convincing evidence.

(9) This section does not alter any common law right of contract rescission for material misrepresentation.

Section 57. Section 31A-21-307 is amended to read:

31A-21-307. Other insurance.

(1) When two or more policies promise to indemnify an insured against the same loss without intending cumulative coverage, no "other insurance" provisions of the policies may reduce the aggregate protection of the insured below the lesser of the actual insured loss suffered by the insured and the maximum indemnification promised by any policy without regard to any "other insurance" provision.

(2) Subject to Subsection (1), the policies may by their terms define the extent to which each insurance is primary and each is excess, but if the "other insurance" terms of the policies are inconsistent, there is joint and several liability to the insured on any coverage which overlaps and which has inconsistent terms. Subsequent settlement among the insurers does not alter any rights of the insured. The commissioner may adopt rules consistent with this section concerning "other insurance."

(3) This section does not apply to [~~disability~~] accident and health insurance policies. Refer to Section 31A-22-619 for the coordination of [~~disability~~] accident and health benefits.

Section 58. Section 31A-21-401 is amended to read:

31A-21-401. Scope and construction of part.

This part applies to all mass marketed life or [~~disability~~] accident and health insurance, notwithstanding Subsection 31A-1-103(3)[~~(h)~~]. This part may not be construed to limit the application of other provisions of this title to insurers effecting mass marketed life or [~~disability~~] accident and health insurance policies on persons in this state.

Section 59. Section 31A-21-402 is amended to read:

31A-21-402. Definitions.

As used in this part:

(1) "Direct response solicitation" means any offer by an insurer to persons in this state, either directly or through a third party, to effect life or [~~disability~~] accident and health insurance coverage which enables the individual to apply or enroll for the insurance on the basis of the offer. Direct response solicitation does not include solicitations for insurance through an employee benefit plan exempt from state regulation under preemptive federal law, nor does it include solicitations through the individual's creditor with respect to credit life or credit [~~disability~~] accident and health insurance.

(2) "Mass marketed life or [~~disability~~] accident and health insurance" means the insurance under any individual, franchise, group, or blanket policy of life or [~~disability~~] accident and health insurance

Section 60. Section 31A-21-403 is amended to read:

31A-21-403. Orders terminating effectiveness of policies.

Upon the commissioner's order, no mass marketed life or [~~disability~~] accident and health insurance issued by an insurer may continue to be effected on persons in this state. The commissioner may issue an order under this section only if he finds, after a hearing, that the total charges for the insurance to the persons insured are unreasonable in relation to the benefits provided. The commissioner's findings under this section must be in writing. Orders under this section may direct the insurer to cease effecting the insurance until the total charges for the insurance are found by the commissioner to be reasonable in relation to the benefits provided.

Section 61. Section 31A-21-404 is amended to read:

31A-21-404. Out-of-state insurers.

Any insurer extending mass marketed life or [~~disability~~] accident and health insurance under a group or blanket policy issued outside of this state to residents of this state shall, with respect to the mass marketed life or [~~disability~~] accident and health insurance policy:

(1) comply with Sections 31A-23-302 and 31A-23-303 and Part III of Chapter 26; and

(2) upon the commissioner's request, deliver to the commissioner a copy of any mass marketed life or [~~disability~~] accident and health insurance policy, certificates issued under these policies, and advertising material used in this state in connection with the policy.

This part applies to only life and [~~disability~~] accident and health insurance.

Section 64. Section 31A-21-503 is amended to read:

31A-21-503. Discrimination based on domestic violence or child abuse prohibited.

(1) Except as provided in Subsection (2), an insurer of life or [~~disability~~] accident and health insurance may not consider whether an insured or applicant is the subject of domestic abuse as a factor to:

(a) refuse to insure the applicant;

(b) refuse to continue to insure the insured;

(c) refuse to renew or reissue a policy to insure the insured or applicant;

(d) limit the amount, extent, or kind of coverage available to the insured or applicant;

(e) charge a different rate for coverage to the insured or applicant;

(f) exclude or limit benefits or coverage under an insurance policy or contract for losses incurred;

(g) deny a claim; or

(h) terminate coverage or fail to provide conversion privileges in violation of Sections 31A-22-612 and 31A-22-710 under a group [~~disability~~] accident and health policy for the insured because the coverage was issued in the name of the perpetrator of the domestic violence or abuse.

(2) (a) Notwithstanding Subsection (1), an insurer may underwrite based on the physical or mental condition of an insured or applicant if the underwriting is based on a determination that there is a correlation between the medical or mental condition and a material increase in insurance risk.

(b) For purposes of Subsection (2)(a), the fact that an insured or applicant is a subject of domestic abuse is not a mental or physical condition.

(c) The determination required by Subsection (2)(a) shall be made in conformance with sound actuarial principles.

(d) Within 30 days after receiving an oral or written request from an insured or applicant, an insurer shall disclose in writing:

(i) the basis of an action permitted under Subsection (2)(a); and

(ii) if the policy has been issued or modified, the extent the action taken will impact the amount, extent, or kind of coverage or benefits available to the insured.

Section 65. Section 31A-21-505 is amended to read:

31A-21-505. Limit on liability.

An insurer that issues a life or [~~disability~~] accident and health insurance policy to an individual who is the subject of domestic abuse is not liable civilly or criminally for the death of or any injuries to the insured as a result of domestic violence or child abuse beyond the obligations of the insurer under:

(1) the insurance policy; or

(2) this title.

Section 66. Section 31A-22-307 is amended to read:

31A-22-307. Personal injury protection coverages and benefits.

(1) Personal injury protection coverages and benefits include:

(a) the reasonable value of all expenses for necessary medical, surgical, X-ray, dental, rehabilitation, including prosthetic devices, ambulance, hospital, and nursing services, not to exceed a total of $3,000 per person;

(b) (i) the lesser of $250 per week or 85% of any loss of gross income and loss of earning capacity per person from inability to work, for a maximum of 52 consecutive weeks after the loss, except that this benefit need not be paid for the first three days of disability, unless the disability continues for longer than two consecutive weeks after the date of injury; and

(ii) a special damage allowance not exceeding $20 per day for a maximum of 365 days, for services actually rendered or expenses reasonably incurred for services that, but for the injury, the injured person would have performed for his household, except that this benefit need not be paid for the first three days after the date of injury unless the person's inability to perform these services continues for more than two consecutive weeks;

(c) funeral, burial, or cremation benefits not to exceed a total of $1,500 per person; and

(d) compensation on account of death of a person, payable to his heirs, in the total of $3,000.

(2) (a) To determine the reasonable value of the medical expenses provided for in Subsection (1) and under Subsection 31A-22-309 (1)(e), the commissioner shall conduct a relative value study of services and accommodations for the diagnosis, care, recovery, or rehabilitation of an injured person in the most populous county in the state to assign a unit value and determine the 75th percentile charge for each type of service and accommodation. The study shall be updated every other year. In conducting the study, the department may consult or contract with appropriate public and private medical and health agencies or other technical experts. The costs and expenses incurred in conducting, maintaining, and administering the relative value study shall be funded by the tax created under Section 59-9-105.

Upon completion of the study, the department shall prepare and publish a relative value study which sets forth the unit value and the 75th percentile charge assigned to each type of service and accommodation.

(b) The reasonable value of any service or accommodation is determined by applying the unit value and the 75th percentile charge assigned to the service or accommodation under the relative value study. If a service or accommodation is not assigned a unit value or the 75th percentile charge under the relative value study, the value of the service or accommodation shall equal the reasonable cost of the same or similar service or accommodation in the most populous county of this state.

(c) This Subsection (2) does not preclude the department from adopting a schedule already established or a schedule prepared by persons outside the department, if it meets the requirements of this Subsection (2).

(d) Every insurer shall report to the Commissioner of Insurance any patterns of overcharging, excessive treatment, or other improper actions by a health provider within 30 days after such insurer has knowledge of such pattern.

(e) (i) In disputed cases, a court on its own motion or on the motion of either party may designate an impartial medical panel of not more than three licensed physicians to examine the claimant and testify on the issue of the reasonable value of the claimant's medical services or expenses.

(ii) An impartial medical panel designated under Subsection (2)(e)(i) shall consist of a majority of health care professionals within the same license classification and specialty as the provider of the claimant's medical services or expenses.

(3) Medical expenses as provided for in Subsection (1)(a) and in Subsection 31A-22-309 (1)(e) include expenses for any nonmedical remedial care and treatment rendered in accordance with a recognized religious method of healing.

(4) The insured may waive for the named insured and the named insured's spouse only the loss of gross income benefits of Subsection (1)(b)(i) if the insured states in writing that:

(a) within 31 days of applying for coverage, neither the insured nor the insured's spouse received any earned income from regular employment; and

(b) for at least 180 days from the date of the writing and during the period of insurance, neither the insured nor the insured's spouse will receive earned income from regular employment.

(5) This section does not prohibit the issuance of policies of insurance providing coverages greater than the minimum coverage required under this chapter nor does it require the segregation of those minimum coverages from other coverages in the same policy.

(6) Deductibles are not permitted with respect to the insurance coverages required under this section.

Section 67. Section 31A-22-403 is amended to read:

31A-22-403. Incontestability.

(1) This section does not apply to group policies.

(2) Each life insurance policy is, and shall state that, after it has been in force during the lifetime of the insured for a period of two years from its date of issue, it is incontestable except for the following:

(a) The policy may be contested for nonpayment of premiums.

(b) The policy may be contested as to:

(i) provisions relating to [~~disability~~] accident and health benefits allowed under Section 31A-22-609[~~,~~]; and [~~as to~~]

(ii) additional benefits in the event of death by accident [~~or accidental means~~].

(c) If the policy allows the insured, after the policy's issuance and for an additional premium, to obtain a death benefit which is larger than when the policy was originally issued, then the payment of the additional increment of benefit is contestable until two years after the incremental increase of benefits, but the only ground of contest that may arise is in connection with the incremental increase.

(3) A reinstated life insurance policy or annuity contract may be contested for two years following reinstatement on the same basis as at original issuance, but only as to matters arising in connection with the reinstatement. Any grounds for contest available at original issuance continue to be available for contest until the policy has been in force for a total of two years during the lifetime of the insured.

(4) The limitations on incontestability under this section preclude only a contest of the validity of the policy, and do not preclude the good faith assertion at any time of defenses based upon provisions in the policy which exclude or qualify coverage, whether or not those qualifications or exclusions are specifically excepted in the policy's incontestability clause. Provisions on which the contestable period would normally run may not be reformulated as coverage exclusions or restrictions to take advantage of this Subsection (4).

Section 68. Section 31A-22-404 is amended to read:

31A-22-404. Suicide.

(1) (a) Suicide is not a defense to a claim under a life insurance policy that has been in force as to a policyholder or certificate holder for two years from the date [~~the coverage is effective~~] of issuance of the policy, whether:

(i) the suicide was voluntary or involuntary; or

(ii) the insured was sane or insane.

(b) If a suicide occurs within the two-year period described in Subsection (1)(a), the insurer shall pay to the beneficiary an amount not less than the premium paid for the life insurance policy.

(2) (a) If after a life insurance policy is in effect the policy allows the insured to obtain a death benefit that is larger than when the policy was originally effective for an additional premium, the payment of the additional increment of benefit may be limited in the event of a suicide within a two-year period beginning on the date the increment increase takes effect.

(b) If a suicide occurs within the two-year period described in Subsection (2)(a), the insurer shall pay to the beneficiary an amount not less than the additional premium paid for the additional increment of benefit.

(3) This section does not apply to:

(a) policies insuring against death by accident only; or

(b) the accident or double indemnity provisions of an insurance policy.

Section 69. Section 31A-22-415 is amended to read:

31A-22-415. Simultaneous death.

Section 75-2-702 applies to all policies of life and [~~disability~~] accident and health insurance.

Section 70. Section 31A-22-423 is amended to read:

31A-22-423. Policy and annuity examination period.

(1) (a) Except as provided under Subsection (2), all life insurance policies and annuities shall contain a notice prominently printed on or attached to the cover or front page stating that the policyholder has the right to return the policy for any reason on or before:

(i) ten days after delivery; or

(ii) in case of a replacement policy, 20 days after the replacement policy is delivered.

(b) For purposes of this section, "return" means a written statement on the policy or an accompanying writing that the policy is being returned for termination of coverage that is delivered to or mailed first class to the insurer or its agent.

(c) A policy returned under this section is void from the date of [~~return~~] issuance.

(d) A policyholder returning a policy is entitled to a refund of any premium paid[~~, except that the insurer may retain an amount not exceeding that determined by rule adopted by the commissioner~~].

(2) This section does not apply to:

(a) group policies; and

(b) other classes of life insurance policies that the commissioner specifies by rule after finding that a right to return those policies would be impracticable or unnecessary to protect the policyholder's interests.

Section 71. Section 31A-22-424 is enacted to read:

31A-22-424. Documents constituting entire life insurance policy.

(1) A life insurance policy shall contain a provision that defines the documents and agreements that constitute the entire contract between the parties.

(2) Except as permitted by Section 31A-21-106, all documents and agreements defined under Subsection (1) shall be attached to the policy.

Section 72. Section 31A-22-510 is amended to read:

31A-22-510. Requirements for group life insurance delivered in another jurisdiction.

(1) [~~No~~] A Utah resident may not be enrolled in a policy of group life insurance delivered in another jurisdiction in violation of Subsection (2) or (3), notwithstanding any contrary provision in Subsection 31A-1-103(3) [~~(h)~~].

(2) Unless specifically authorized by the commissioner under Section 31A-22-509, coverage under a group life insurance policy delivered in another jurisdiction may not be initially provided to any person unless the policy conforms substantially to one of the types of groups specified under Sections 31A-22-502 through 31A-22-508.

(3) [~~No coverage~~] Coverage may not be initially provided to any person in Utah under a group life policy issued in another jurisdiction by an insurer not authorized to engage in life insurance business in Utah unless the policyholder conforms substantially to the type of group specified under Section 31A-22-502, 31A-22-503, or 31A-22-504.

Section 73. Section 31A-22-517 is amended to read:

31A-22-517. Conversion on termination of eligibility.

(1) If any portion of the insurance on a person covered under the policy ceases because of termination of employment or of membership in the classes eligible for coverage, the person is entitled to be issued by the insurer, without evidence of insurability, an individual policy of life insurance without [~~disability~~] accident and health or other supplementary benefits, if an application for the individual policy is made and the first premium paid to the insurer within 31 days after the termination.

(2) The individual policy shall, at the option of the person entitled, be on any form then customarily issued by the insurer at the age and for the amount applied for, except that the group policy may exclude the option to elect term insurance.

(3) The individual policy shall be for an amount not in excess of the life insurance which ceases because of the termination, less the amount of any

life insurance for which the person is eligible because of the termination and within 30 days after it. (b) (i) An insurer that issues a specified disease policy, regardless of whether the basis of issuance is a detailed application form, a simplified application form, or an enrollment form, may not deny a claim for loss due to a preexisting condition which occurs more than six months after the effective date of coverage.

(ii) A specified disease policy may not define a preexisting condition more restrictively than a condition which first manifested itself within six months prior to the effective date of coverage or which was diagnosed by a physician at any time prior to the effective date of coverage.

(1) Every individual or franchise [~~disability~~] accident and health insurance policy shall contain clauses providing for a grace period of at least seven days for weekly premium policies, ten days for monthly premium policies and 30 days for all other policies, for each premium after the first. "REINSTATEMENT: If any renewal premium is not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept the premium, without also requiring an application for reinstatement, shall reinstate the policy. However, if the insurer or agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy shall be reinstated upon approval of this application from the insurer or, lacking this approval, upon the 45th day following the date of the conditional receipt, unless the insurer has previously notified the insured in writing of its disapproval of the application. The reinstated policy shall cover only loss resulting from

such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after that date. In all other respects the insured and insurer have the same rights under the reinstated policy as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed on or attached to this policy in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement."

(2) The last sentence of the provision set forth in Subsection (1) may be omitted from any policy [~~which~~] that the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age 50, or in the case of a policy issued after age 44, for at least five years from its date of issue.

(b) The insurer has the burden of proving fraud by clear and convincing evidence.

(c) The policy may provide for incontestability even for fraudulent misstatements.

(2) Except as otherwise provided under Subsection 31A-22-605(9), [~~no~~] a claim for loss incurred or disability commencing after two years from the date of issue of the policy may not be reduced or denied on the ground that a disease or physical condition existed prior to the effective date of coverage, unless the condition was excluded from coverage by name or specific description in a provision [~~which~~] that was in effect on the date of loss.

(2) (a) If any [~~disability~~] accident and health insurance policy provides coverage for any members of the policyholder's or certificate holder's family, the policy shall also provide that any health insurance benefits applicable to dependents of the insured are applicable on the same basis to a newly born child from the moment of birth, and to an adopted child:

(i) beginning from the moment of birth if placement for adoption occurs within 30 days of the child's birth; or

(ii) beginning from the date of placement if placement for adoption occurs 30 days or more after the child's birth.

(b) This coverage is not subject to any preexisting conditions, and includes any injury or sickness, including the necessary care and treatment of medically diagnosed congenital defects and birth abnormalities or prematurity.

(c) If the payment of a specific premium is required to provide coverage for a child of the policyholder or certificate holder, the policy may require that the insurer be notified of the birth or placement for the purpose of adoption, and that the required premium be paid within 30 days after the date of birth or placement for the purpose of adoption, in order to have the coverage extend beyond that 30-day period.

(3) The coverage required by Subsection (2) as to children placed for the purpose of adoption with a policyholder or certificate holder continues in the same manner as it would with respect to a child of the policyholder or certificate holder unless the placement is disrupted prior to legal adoption and the child is removed from placement. The coverage requirement ends if the child is removed from placement prior to being legally adopted.

(b) The cost of coverage for unmarried dependents 19 to 26 years of age shall be included in the premium on the same basis as other dependent coverage.

(2) The insurer may require proof of the incapacity and dependency be furnished by the person insured under the policy within 30 days of the date the child attains the limiting age, and at any time thereafter, except that the insurer may not require proof more often than annually after the two-year period immediately following attainment of the limiting age by the child.

(1) Any provision respecting change of occupation may provide only for a lower maximum benefit payment and for reduction of loss payments proportionate to the change in appropriate premium rates, if the change is to a higher rated

occupation, and this provision shall provide for retroactive reduction of premium rates from the date of change of occupation or the last policy anniversary date, whichever is the more recent, if the change is to a lower rated occupation.

(2) Section 31A-22-405 applies to misstatement of age in [~~disability~~] accident and health policies, with the appropriate modifications of terminology.

(3) Any policy which contains a provision establishing, as an age limit or otherwise, a date after which the coverage provided by the policy is not effective, and if that date falls within a period for which a premium is accepted by the insurer or if the insurer accepts a premium after that date, the coverage provided by the policy continues in force, subject to any right of cancellation, until the end of the period for which the premium was accepted. This Subsection (3) does not apply if the acceptance of premium would not have occurred but for a misstatement of age by the insured.

(4) Any provision dealing with preexisting conditions shall be consistent with Subsections 31A-22-605(9)(a) and 31A-22-609(2), and any applicable rule adopted by the commissioner.

(5) (a) If an insured is otherwise eligible for maternity benefits, a policy may not contain language which requires an insured to obtain any additional preauthorization or preapproval for customary and reasonable maternity care expenses or for the delivery of the child after an initial preauthorization or preapproval has been obtained from the insurer for prenatal care. A requirement for notice of admission for delivery is not a requirement for preauthorization or preapproval, however, the maternity benefit may not be denied or diminished for failure to provide admission notice. The policy may not require the provision of admission notice by only the insured patient.

(b) This Subsection (5) does not prohibit an insurer from:

(i) requiring a referral before maternity care can be obtained;

(ii) specifying a group of providers or a particular location from which an insured is required to obtain maternity care; or

(iii) limiting reimbursement for maternity expenses and benefits in accordance with the terms and conditions of the insurance contract so long as such terms do not conflict with Subsection (5)(a).

(6) An insurer may only represent that a policy:

(a) offers a vision benefit if the policy:

(i) charges a premium for the benefit; and

(ii) provides reimbursement for materials or services provided under the policy; and

(b) covers laser vision correction, whether photorefractive keratectomy, laser assisted in-situ keratomelusis, or related procedure, if the policy:

(i) charges a premium for the benefit; and

(ii) the procedure is at least a partially covered benefit.

(2) (a) Immediately after the effective date of this section, the commissioner shall appoint a Health Benefit Plan Committee.

(b) The committee shall be composed of representatives of carriers, employers, employees, health care providers, consumers, and producers.

(c) A member of the committee shall be appointed to a four-year term.

(d) Notwithstanding the requirements of Subsection (2)(c), the commissioner shall, at the time of appointment or reappointment, adjust the length of terms to ensure that the terms of committee members are staggered so that approximately half of the committee is appointed every two years.

(3) When a vacancy occurs in the membership for any reason, the replacement shall be appointed for the unexpired term.

(4) (a) Members shall receive no compensation or benefits for their services, but may receive per diem and expenses incurred in the performance of the member's official duties at the rates established by the Division of Finance under Sections 63A-3-106 and 63A-3-107.

(b) Members may decline to receive per diem and expenses for their service.

[~~(ii) concurrent review of health care services;~~]

[~~(iii) case management of health care services;~~]

[~~(iv) retrospective review of medical appropriateness;~~]

[~~(v) selective contracting with hospitals, physicians, and other health care providers to the extent permitted by law; and~~]

[~~(b) This section does not prohibit an insurer from refusing to insure, under any plan, a person or group. However, if the insurer offers any policy or contract to that person or group, the insurer shall offer the designated plans.~~]

[~~(7) The designated benefit plans, described in Subsection (5) are intended to facilitate price and value comparisons by consumers. The designated benefit plans are not minimum standards for health insurance policies. An insurer offering the designated benefit plans may offer policies that provide more or less coverage than the designated benefit plans.~~]

(c) (i) Before adoption of a plan under Subsection [~~(8)~~](6)(b), the commissioner shall submit the proposed Basic Health Care Plan to the Health and Human Services Interim Committee for review and recommendations.

(ii) After the commissioner adopts the Basic Health Care Plan, the Health and Human Services Interim Committee:

(A) shall provide legislative oversight of the Basic Health Care Plan; and

(B) may recommend legislation to modify the Basic Health Care Plan adopted by the commissioner.

(d) The committee's recommendations for the Basic Health Care Plan shall be advisory to the commissioner.

[~~(9)~~] (7) (a) The commissioner shall promote informed consumer behavior and responsible health insurance and health plans by requiring an insurer issuing health insurance policies or health maintenance organization contracts to provide to all enrollees, prior to enrollment in the health benefit plan or health insurance policy, written disclosure of:

(i) restrictions or limitations on prescription drugs and biologics including the use of a formulary and generic substitution; and

(ii) coverage limits under the plan.

(b) In addition to the requirements of Subsections [~~(9)~~] (7)(a) and (d), an insurer described in Subsection [~~(9)~~] (7)(a) shall submit the written disclosure required by this Subsection [~~(9)~~] (7) to the commissioner:

(i) [~~annually~~] upon commencement of operations in the state; and

(ii) anytime the insurer amends any of the following described in Subsection [~~(9)~~] (7)(a):

(A) treatment policies;

(B) practice standards;

(C) restrictions; or

(D) coverage limits of the insurer's health benefit plan or health insurance policy.

Section 94. Section 31A-22-614 is amended to read:

31A-22-614. Claims under accident and health policies.

(1) Section 31A-21-312 applies generally to claims under [~~disability~~] accident and health policies.

(2) (a) Subject to Subsection (1), [~~no disability~~] an accident and health insurance policy may not contain a claim notice requirement less favorable to the insured than one which requires written notice of the claim within 20 days after the occurrence or commencement of any loss covered by the policy. The policy shall specify to whom claim notices may be given.

(b) If a loss of time benefit under a policy may be paid for a period of at least two years, an insurer may require periodic notices that the insured continues to be disabled, unless the insured is legally incapacitated. The insured's delay in giving that notice does not impair the insured's or beneficiary's right to any indemnity which would otherwise have accrued during the six months preceding the date on which that notice is actually given.

(3) [~~No disability~~] An accident and health insurance policy may not contain a time limit on proof of loss which is more restrictive to the insured than a provision requiring written proof of loss, delivered to the insurer, within the following time:

(a) for a claim where periodic payments are contingent upon continuing loss, within 90 days after the termination of the period for which the insurer is liable;

(b) for any other claim, within 90 days after the date of the loss.

(4) (a) (i) Section 31A-26-301 applies generally to the payment of claims.

(ii) Indemnity for loss of life is paid in accordance with the beneficiary designation effective at the time of payment. If no valid beneficiary designation exists, the indemnity is paid to the insured's estate. Any other accrued indemnities unpaid at the insured's death are paid to the insured's estate.

(b) Reasonable facility of payment clauses, specified by the commissioner by rule or in approving the policy form, are permitted. Payment made in good faith and in accordance with those clauses discharges the insurer's obligation to pay those claims.

(c) All or a portion of any indemnities provided under [~~a disability~~] an accident and health policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option, be paid directly to the hospital or person rendering the services.

Section 95. Section 31A-22-617 is amended to read:

31A-22-617. Preferred provider contract provisions.

Health insurance policies may provide for insureds to receive services or reimbursement under the policies in accordance with preferred health care provider contracts as follows:

(1) Subject to restrictions under this section, any insurer or third party administrator may enter into contracts with health care providers as defined in Section 78-14-3 under which the health care providers agree to supply services, at prices specified in the contracts, to persons insured by an insurer. [~~The~~]

(a) A health care provider contract may require the health care provider to accept the specified payment as payment in full, relinquishing the right to collect additional amounts from the insured person.

(b) The insurance contract may reward the insured for selection of preferred health care providers by:

(i) reducing premium rates[,];

(ii) reducing deductibles[,];

(iii) coinsurance[, ~~or~~];

(iv) other copayments[,]; or

(v) in any other reasonable manner.

(c) If the insurer is a managed care organization, as defined in Subsection 31A-27-311.5(1)(f):

(i) the insurance contract and the health care provider contract shall provide that in the event the managed care organization becomes insolvent, the rehabilitator or liquidator may:

(A) require the health care provider to continue to provide health care services under the contract until the later of:

(I) 90 days from the date of the filing of a petition for rehabilitation or the petition for liquidation; or

(II) the date the term of the contract ends; and

(B) subject to Subsection (1)(c)(v), reduce the fees the provider is otherwise entitled to receive from the managed care organization during the time period described in Subsection (1)(c)(i)(A);

(ii) the provider is required to:

(A) accept the reduced payment under Subsection (1)(c)(i)(B) as payment in full; and

(B) relinquish the right to collect additional amounts from the insolvent managed care organization's enrollee, as defined in Section 31A-27-311.5(1)(b);

(iii) if the contract between the health care provider and the managed care organization has not been reduced to writing, or the contract fails to contain the language required by Subsection (1)(c)(i), the provider may not collect or attempt to collect from the enrollee:

(A) sums owed by the insolvent managed care organization; or

(B) the amount of the regular fee reduction authorized under Subsection (1)(c)(i)(B);

(iv) the following may not bill or maintain any action at law against an enrollee to collect sums owed by the insolvent managed care organization or the amount of the regular fee reduction authorized under Subsection (1)(c)(i)(B):

(A) a provider;

(B) an agent;

(C) a trustee; or

(D) an assignee of a person described in Subsections (1)(c)(iv)(A) through (C); and

(v) notwithstanding Subsection (1)(c)(i):

(A) a rehabilitator or liquidator may not reduce a fee by less than 75% of the provider's regular fee set forth in the contract; and

(B) the enrollee shall continue to pay the copayments, deductibles, and other payments for services received from the provider that the enrollee was required to pay before the filing of:

(I) a petition for rehabilitation; or

(II) a petition for liquidation.

(2) (a) Subject to Subsections (2)(b) through (2)(f), an insurer using preferred health care provider contracts shall pay for the services of health care providers not under the contract, unless the illnesses or injuries treated by the health care provider are not within the scope of the insurance contract. As used in this section, "class of health care providers" means all health care providers licensed or licensed and certified by the state within the same professional, trade, occupational, or facility licensure or licensure and certification category established pursuant to Titles 26 and 58.

(b) When the insured receives services from a health care provider not under contract, the insurer shall reimburse the insured for at least 75% of the average amount paid by the insurer for comparable services of preferred health care providers who are members of the same class of health care providers. The commissioner may adopt a rule dealing with the determination of what constitutes 75% of the average amount paid by the insurer for comparable services of preferred health care providers who are members of the same class of health care providers.

(c) When reimbursing for services of health care providers not under contract, the insurer may make direct payment to the insured.

(d) Notwithstanding Subsection (2)(b), an insurer using preferred health care provider contracts may impose a deductible on coverage of health care providers not under contract.

(e) When selecting health care providers with whom to contract under Subsection (1), an insurer may not unfairly discriminate between classes of health care providers, but may discriminate within a class of health care providers, subject to Subsection (7).

(f) For purposes of this section, unfair discrimination between classes of health care providers shall include:

(i) refusal to contract with class members in reasonable proportion to the number of insureds covered by the insurer and the expected demand for services from class members; and

(ii) refusal to cover procedures for one class of providers that are:

(A) commonly utilized by members of the class of health care providers for the treatment of illnesses, injuries, or conditions;

(B) otherwise covered by the insurer; and

(C) within the scope of practice of the class of health care providers.

(3) Before the insured consents to the insurance contract, the insurer shall fully disclose to the insured that it has entered into preferred health care provider contracts. The insurer shall provide sufficient detail on the preferred health care provider contracts to permit the insured to agree to the terms of the insurance contract. The insurer shall provide at least the following information:

(a) a list of the health care providers under contract and if requested their business locations and specialties;

(b) a description of the insured benefits, including any deductibles, coinsurance, or other copayments;

(c) a description of the quality assurance program required under Subsection (4); and

(d) a description of the grievance procedures required under Subsection (5).

(4) (a) An insurer using preferred health care provider contracts shall maintain a quality assurance program for assuring that the care provided by the health care providers under contract meets prevailing standards in the state.

(b) The commissioner in consultation with the executive director of the Department of Health may designate qualified persons to perform an audit of the quality assurance program. The auditors shall have full access to all records of the organization and its health care providers, including medical records of individual patients.

(c) The information contained in the medical records of individual patients shall remain confidential. All information, interviews, reports, statements, memoranda, or other data furnished for purposes of the audit and any findings or conclusions of the auditors are privileged. The information is not subject to discovery, use, or receipt in evidence in any legal proceeding except hearings before the commissioner concerning alleged violations of this section.

(5) An insurer using preferred health care provider contracts shall provide a reasonable procedure for resolving complaints and grievances initiated by the insureds and health care providers.

(6) An insurer may not contract with a health care provider for treatment of illness or injury unless the health care provider is licensed to perform that treatment.

(7) (a) [~~No~~] A health care provider or insurer may not discriminate against a preferred health care provider for agreeing to a contract under Subsection (1).

(b) Any health care provider licensed to treat any illness or injury within the scope of the health care provider's practice, who is willing and able to meet the terms and conditions established by the insurer for designation as a preferred health care provider, shall be able to apply for and receive the designation as a preferred health care provider. Contract terms and conditions may include reasonable limitations on the number of designated preferred health care providers based upon substantial objective and economic grounds, or expected use of particular services based upon prior provider-patient profiles.

(8) Upon the written request of a provider excluded from a provider contract, the commissioner may hold a hearing to determine if the insurer's exclusion of the provider is based on the criteria set forth in Subsection (7)(b).

(9) Insurers are subject to the provisions of Sections 31A-22-613.5, 31A-22-614.5, and 31A-22-618.

(10) Nothing in this section is to be construed as to require an insurer to offer a certain benefit or service as part of a health benefit plan.

(11) This section does not apply to catastrophic mental health coverage provided in accordance with Section 31A-22-625.

Section 96. Section 31A-22-619 is amended to read:

31A-22-619. Coordination of benefits.

(1) The commissioner shall adopt rules concerning the coordination of benefits between [~~disability~~] accident and health insurance policies.

(2) Rules adopted by the commissioner under Subsection (1):

(a) may not prohibit coordination of benefits with individual [~~disability~~] accident and health insurance policies; and

(b) shall apply equally to all [~~disability~~] accident and health insurance policies without regard to whether the policies are group or individual policies.

Section 97. Section 31A-22-620 is amended to read:

(f) "Medicare Supplement Policy" means a group or individual policy of disability insurance, other than a policy issued pursuant to a contract under Section 1876 of the federal Social Security Act, 42 U.S.C. Section 1395 et seq., or an issued policy under a demonstration project specified in 41 U.S.C. Section 1395ss(g)(1), that is advertised, marketed, or designed primarily as a supplement to reimbursements under Medicare for the hospital, medical, or surgical expenses of persons eligible for Medicare.

(g) "Policy Form" means the form on which the policy is delivered or issued for delivery by the issuer.

(2) (a) Except as otherwise specifically provided, this section applies to:

(b) This section does not apply to a policy of one or more employers or labor organizations, or of the trustees of a fund established by one or more employers or labor organizations, or a combination of employers and labor unions, for employees or former employees or a combination of employees and former employees, or for members or former members of the labor organizations, or a combination of members and former members of labor organizations.

(c) This section does not prohibit, nor does it apply to insurance policies or health care benefit plans, including group conversion policies, provided to Medicare eligible persons that are not marketed or held out to be Medicare supplement policies or benefit plans.

(3) (a) A Medicare supplement policy or certificate in force in the state may not contain benefits that duplicate benefits provided by Medicare.

(b) Notwithstanding any other provision of law of this state, a Medicare supplement policy or certificate may not exclude or limit benefits for loss incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than: "A condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage."

(c) The commissioner shall adopt rules to establish specific standards for policy provisions of Medicare supplement policies and certificates. The standards adopted shall be in addition to and in accordance with applicable laws of this state. A requirement of this title relating to minimum required policy benefits, other than the minimum standards contained in this section, may not apply to Medicare supplement policies and certificates. The standards may include:

(i) terms of renewability;

(4) Medicare supplement policies shall return to policyholders benefits that are reasonable in relation to the premium charged. The commissioner shall make rules to establish minimum standards for loss ratios of Medicare

supplement policies on the basis of incurred claims experience, or incurred health care expenses where coverage is provided by a health maintenance organization on a service basis rather than on a reimbursement basis, and earned premiums in accordance with accepted actuarial principles and practices.

(5) (a) To provide for full and fair disclosure in the sale of Medicare supplement policies, a Medicare supplement policy or certificate may not be delivered in this state unless an outline of coverage is delivered to the applicant at the time application is made.

(b) The commissioner shall prescribe the format and content of the outline of coverage required by Subsection (5)(a).

(c) For purposes of this section, "format" means style arrangements and overall appearance, including such items as the size, color, and prominence of type and arrangement of text and captions. The outline of coverage shall include:

(ii) designed to inform prospective insureds that particular insurance coverages are not Medicare supplement coverages, for all accident and health insurance policies sold to persons eligible for Medicare, other than:

(A) a medicare supplement policy; or

(B) a disability income policy.

[~~(d)~~] (e) The commissioner may prescribe by rule a standard form and the contents of an informational brochure for persons eligible for Medicare, that is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by rule that the informational brochure be provided concurrently with delivery of the outline of coverage to any prospective insureds eligible for Medicare. With respect to direct response insurance policies, the commissioner may require by rule that the prescribed brochure be provided upon request to any prospective insureds eligible for Medicare, but in no event later than the time of policy delivery.

[~~(e)~~] (f) The commissioner may adopt reasonable rules to govern the full and fair disclosure of the information in connection with the replacement of [~~disability~~] accident and health policies, subscriber contracts, or certificates by persons eligible for Medicare.

(6) Notwithstanding Subsection (1), Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate, or attached to the front page, stating in substance that the applicant has the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. (2) shall clearly state in literature explaining the policy the option available to female insureds under Subsection (1); and

(5) If the minimum loss ratio test produces a loss ratio that exceeds Subsection (4)'s minimum loss ratio standard by five percentage points or more, the insurer may file for approval and use rates that are higher than prima facie rates, if it can be expected that the use of those higher rates will continue to produce a loss ratio for the accounts to which they are applied that will satisfy the minimum loss ratio test.

(6) If the minimum loss ratio test produces a loss ratio that is lower than Subsection (4)'s minimum loss standard by five percentage points or more, the commissioner may require that the insurer file adjusted rates that can be expected to produce a loss ratio that will satisfy the minimum loss ratio test, or to submit reasons acceptable to the commissioner why the insurer should not be required to file these adjusted rates.

(B) The trustee shall abide by the terms of the agency agreement between the former agent and the issuing insurer, except that terms in those agreements terminating the agreement upon the death, disability, or license termination of the former agent do not bar the trustee from continuing to act under the agreement.

[~~(3)~~] (iii) (A) The commissioner shall set the trustee's compensation, which:

(I) may be stated in terms of a percentage of commissions[~~, but which is required to~~]; and

Section 145. Section 31A-23-302 is amended to read:

31A-23-302. Unfair marketing practices.

(1) (a) (i) [~~A person who is or should be licensed under this title, an employee or agent of that licensee or person who should be licensed, a person whose primary interest is as a competitor of a person licensed under this title, and a person on behalf of any of these persons~~] Any of the following may not make or cause to be made any communication that contains false or misleading information, relating to an insurance contract, any insurer, or other licensee under this title, including information that is false or misleading because it is incomplete[~~,~~]:

(A) a person who is or should be licensed under this title;

(B) an employee or agent of a person described in Subsection (1)(a)(i)(A);

(C) a person whose primary interest is as a competitor of a person licensed under this title; and

(D) a person on behalf of any of the persons listed in this Subsection (1)(a)(i).

(ii) As used in this Subsection (1), "false or misleading information" includes:

(A) assuring the nonobligatory payment of future dividends or refunds of unused premiums in any specific or approximate amounts, but reporting fully and accurately past experience is not false or misleading information; and

(B) with intent to deceive a person examining it, filing a report, making a false entry in a record, or wilfully refraining from making a proper entry in a record.

(iii) An insurer or other licensee under this title may not:

(A) use any business name, slogan, emblem, or related device that is misleading or likely to cause the insurer or other licensee to be mistaken for another insurer or other licensee already in business[~~,~~]; or

(B) use any advertisement or other insurance promotional material that would cause a reasonable person to mistakenly believe that a state or federal government agency:

(I) is responsible for the insurance sales activities of the person;

(II) stands behind the credit of the person;

(III) guarantees any returns on insurance products of or sold by the person; or

(IV) is a source of payment of any insurance obligation of or sold by the person.

(iv) A person who is not an insurer may not assume or use any name that deceptively implies or suggests that it is an insurer.

(v) A person other than persons licensed as health maintenance organizations under Chapter 8 may not use the term "Health Maintenance Organization" or "HMO" in referring to itself.

(b) If an insurance agent or third party administrator distributes cards or documents, exhibits a sign, or publishes an advertisement that violates Subsection (1) (a), with reference to a particular insurer that the agent represents, or for whom the third party administrator processes claims, and if the cards, documents, signs, or advertisements are supplied or approved by that insurer, the agent's or the third party administrator's violation creates a rebuttable presumption that the violation was also committed by the insurer.

(2) (a) (i) An [~~insurer~~or] insurer or licensee under this chapter, or an officer or employee of either may not induce any person to enter into or continue an insurance contract or to terminate an existing insurance contract by offering benefits not specified in the policy to be issued or continued, including premium or commission rebates.

(ii) An insurer may not make or knowingly allow any agreement of insurance that is not clearly expressed in the policy to be issued or renewed.

(iii) Subsection (2)(a) does not preclude:

(A) insurers from reducing premiums because of expense savings;

(B) the usual kinds of social courtesies not related to particular transactions; or

(C) an insurer from receiving premiums under an installment payment plan.

(b) An agent, broker, or insurer may not absorb the tax under Section 31A-3-301.

(c) (i) A title insurer or agent or any officer or employee of either may not pay, allow, give, or offer to pay, allow, or give, directly or indirectly, as an inducement to obtaining any title insurance business, any rebate, reduction, or abatement of any rate or charge made incident to the issuance of the insurance, any special favor or advantage not

generally available to others, or any money or other consideration or material inducement.

(ii) "Charge made incident to the issuance of the insurance" includes escrow, settlement, and closing charges, and any other services that are prescribed by the commissioner.

(iii) An insured or any other person connected, directly or indirectly, with the transaction, including a mortgage lender, real estate broker, builder, attorney, or any officer, employee, or agent of any of them, may not knowingly receive or accept, directly or indirectly, any benefit referred to in Subsection (2)(c)(i).

(3) (a) An insurer may not unfairly discriminate among policyholders by charging different premiums or by offering different terms of coverage, except on the basis of classifications related to the nature and the degree of the risk covered or the expenses involved.

(b) Rates are not unfairly discriminatory if they are averaged broadly among persons insured under a group, blanket, or franchise policy, and the terms of those policies are not unfairly discriminatory merely because they are more favorable than in similar individual policies.

(4) A person who is or should be licensed under this title, an employee or agent of that licensee or person who should be licensed, a person whose primary interest is as a competitor of a person licensed under this title, and one acting on behalf of any of these persons, may not commit or enter into any agreement to participate in any act of boycott, coercion, or intimidation that tends to produce an unreasonable restraint of the business of insurance or a monopoly in that business.

(5) (a) A person may not restrict in the choice of an insurer or insurance agent or broker, another person who is required to pay for insurance as a condition for the conclusion of a contract or other transaction or for the exercise of any right under a contract. The person requiring the coverage may, however, reserve the right to disapprove the insurer or the coverage selected on reasonable grounds.

(b) The form of corporate organization of an insurer authorized to do business in this state is not a reasonable ground for disapproval, and the commissioner may by rule specify additional grounds that are not reasonable. This Subsection (5) does not bar an insurer from declining an application for insurance.

(6) A person may not make any charge other than insurance premiums and premium financing charges for the protection of property or of a security interest in property, as a condition for obtaining, renewing, or continuing the financing of a purchase of the property or the lending of money on the security of an interest in the property.

(7) (a) An agent may not refuse or fail to return promptly all indicia of agency to the principal on demand.

(b) A licensee whose license is suspended, limited, or revoked under Section 31A-2-308, 31A-23-216, or 31A-23-217 may not refuse or fail to return the license to the commissioner on demand.

(8) A person may not engage in any other unfair method of competition or any other unfair or deceptive act or practice in the business of insurance, as defined by the commissioner by rule, after a finding that they are misleading, deceptive, unfairly discriminatory, provide an unfair inducement, or unreasonably restrain competition.

Section 146. Section 31A-23-303 is amended to read:

31A-23-303. Inherent unsuitability.

[~~In the event~~] (1) If the commissioner finds after a hearing that a certain type of [~~disability~~] accident and health insurance, life insurance, or annuity product is inherently unsuitable for persons of certain ages or in certain conditions of health, the commissioner shall [~~promulgate~~] make a rule declaring [~~this disability~~] the accident and health insurance, life insurance, or annuity product as inherently unsuitable for persons of certain ages or in certain conditions of health. [~~No disability~~]

(2) An accident and health insurance, life insurance, or annuity product that is subject to the rule may not be sold to a person for whom the product has been determined as inherently unsuitable unless that person purchasing the product signs a receipt acknowledging having received a statement [~~which~~] that expresses that the product has been determined by the commissioner to be inherently unsuitable for persons of certain ages or in certain conditions of health.

(3) Unless the insurer or its agent establishes that its sale of coverage [~~which~~] is inconsistent with the rule made under Subsection (1) is due to excusable neglect, the purchaser may treat the sale as voidable, if acted upon by the insured within a two-year period from the date of sale.

Section 147. Section 31A-23-307 is amended to read:

31A-23-307. Title insurance agents' business.

(iii) Earnings on funds held in escrow may be paid out of the escrow account to any person in accordance with the provisions of the escrow agreement if the agreement does not otherwise provide for payment of the earnings or any portion of the earnings on the escrow funds.

(iv) Funds held in escrow:

(A) are not subject to any debts of the agent; and

(B) may only be used to fulfill the terms of the individual escrow, settlement, or closing under which the funds were accepted. [~~None of the funds~~]

(v) Funds held in escrow may not be used until all conditions of the escrow, settlement, or closing have been met.

(i) reasonably preserve and protect the asset or property from loss, theft, or damages; and

(ii) otherwise comply with all general duties and responsibilities of a fiduciary or bailee.

(c) [~~No~~] A check may not be drawn, executed or dated, or funds otherwise disbursed unless the segregated escrow account from which funds are to be disbursed contains a sufficient credit balance consisting of collected or cleared funds at the time the check is drawn, executed or dated, or funds are otherwise disbursed.

31A-23-310. Trust obligation for funds collected.

(1) Every agent or broker is a trustee for all funds received or collected as an agent or broker for forwarding to insurers or to insureds. Except for amounts necessary to pay bank charges, and except for funds paid by insureds and belonging in part to the agent or broker as fees or commissions, an agent or broker may not commingle trust funds with the agent or broker's own funds or with funds held in any other capacity. Except as provided under Subsection (4), every agent or broker owes to insureds and insurers the fiduciary duties of a trustee with respect to money to be forwarded to insurers or insureds through the agent or broker. Unless the funds are sent to the appropriate payee by the close of the next business day after their receipt, the licensee shall deposit them in an account authorized under Subsection (2). Funds so deposited shall remain in an account authorized under Subsection (2) until sent to the appropriate payee.

(2) Funds required to be deposited under Subsection (1) shall be deposited:

(a) in a federally insured trust account with a financial institution located in this state; or

(b) in some other account, approved by the commissioner by rule or order, providing safety comparable to federally insured trust accounts.

(3) It is not a violation of Subsection (2)(a) if the amounts in the accounts exceed the amount of the federal insurance on the accounts.

(4) A trust account into which funds are deposited may be interest bearing. [~~Except as provided under Subsection 31A-23-307(2)(b), the~~] The interest accrued on the account may be paid to the agent or broker, so long as the agent or broker otherwise complies with this section and with the contract with the insurer.

(5) A financial institution or other organization holding trust funds under this section may not offset or impound trust account funds against debts and obligations incurred by the agent or broker.

(6) Any licensee who, not being lawfully entitled thereto, diverts or appropriates any portion of the funds held under Subsection (1) to the licensee's own use, is guilty of theft under Title 76, Chapter 6, Part 4. Section 76-6-412 applies in determining the classification of the offense. Sanctions under Section 31A-2-308 also apply.

Section 149. Section 31A-23-312 is amended to read:

(III) a record of all consumer complaints forwarded to the licensee by an insurance regulator;

[~~(b)~~] (B) if the licensee is a consultant, a record of each agreement outlining the work performed and the fee for the work; and

[~~(c)~~] (C) any additional information which:

(I) is customary for a similar business[~~,~~]; or [~~which~~]

(II) may reasonably be required by the commissioner by rule.

(3) Subsection (2) is satisfied if the books and records specified in [~~that~~] Subsection (2) can be obtained immediately from a central storage place or elsewhere by on-line computer terminals located at the registered address.

(4) An agent who represents only a single insurer satisfies Subsection (2) if the insurer maintains the books and records pursuant to Subsection (2) at a place satisfying Subsections (1) and (5).

(b) Discarding books and records after the applicable record retention period has expired does not place the licensee in violation of a later-adopted longer record retention period.

Section 150. Section 31A-23-317 is enacted to read:

31A-23-317. Financial services insurance activities regulation.

(1) It is the intent of the Legislature that the regulation of insurance activities of any person in this state be based on functional regulation principles established in the Gramm-Leach-Bliley Act of 1999, Pub. L. No. 106-102.

(2) The insurance activities of any person in this state shall be functionally regulated by the commissioner subject to Sections 104, 301-308, 501-507, and 509 of the Gramm-Leach-Bliley Act of 1999, Pub. L. No. 106-102.

No. 106-102, and the functional regulation of insurance activities of any person otherwise subject to the jurisdiction of the commissioner in this state described in Subsection (2).

(4) The commissioner shall consult and coordinate with the commissioner of the Department of Financial Institutions and the director of the Division of Securities for the purpose of assuring, to the extent possible, that the rules prescribed by the department are consistent and comparable with federal regulations governing the insurance, banking, and securities industries.

(a) the person is not licensed to sell insurance;

(b) the person sells or provides opinions or advice on the product; and

(c) the compensation does not depend on whether the referral results in a purchase or sale.

[~~(4)~~] (5) In selling any policy of title insurance, no sharing of commissions under Subsection (1) may occur if it will result in an unlawful rebate, or in compensation in connection with controlled business, or in payment of a forwarding fee or finder's fee. A person may share compensation for the issuance of a title insurance policy only to the extent that he contributed to the search and examination of the title or other services connected with it.

[~~(5)~~] (6) This section does not apply to bail bond agents or bail enforcement agents as defined in Section 31A-35-102.

(iii) with respect to any one contract holder covered by any unallocated annuity contract not included in Subsection (2)(c)(ii)(B), $5,000,000 in benefits, irrespective of the number of contracts held by that contract holder.

Section 177. Section 31A-28-106 is amended to read:

31A-28-106. Continuation of the association.

(1) There is continued under this chapter the nonprofit legal entity known as the Utah Life and Disability Insurance Guaranty Association created under former provisions of this title. All member insurers shall be and remain members of the association as a condition of their authority to transact business in this state. The association shall perform its functions under the plan of operation established and approved under Section 31A-28-110 and shall exercise its powers through a board of directors under the provisions of Section 31A-28-107. For purposes of administration and assessment the association shall maintain two accounts:

(a) the life and annuity account, which includes the following subaccounts:

(i) Life Insurance Account;

(ii) Annuity Account; and

(iii) Unallocated Annuity Account, which includes contracts qualified under Sections 401(k), 403(b), or 457 of the Internal Revenue Code; and

(b) the [~~disability~~] accident and health insurance account.

(2) The association shall come under the immediate supervision of the commissioner and shall be subject to the applicable provisions of the insurance laws of this state. Meetings or records of the association may be opened to the public upon majority vote of the board of directors of the association.

Section 178. Section 31A-28-108 is amended to read:

31A-28-108. Powers and duties of the association.

(1) If a member insurer is an impaired domestic insurer, the association in its discretion and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer that are approved by the commissioner, and also by the impaired insurer, except in cases of court-ordered conservation or rehabilitation, may:

(a) guarantee, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, any or all of the policies or contracts of the impaired insurer;

(b) provide the necessary monies, pledges, notes, guarantees or other means to effectuate Subsection (1)(a) and assure payment of the contractual obligations of the impaired insurer pending action under Subsection (1)(a); or

(c) loan money to the impaired insurer.

(2) (a) If a member insurer is an impaired insurer, whether domestic, foreign, or alien, and the insurer is not paying claims timely, the association shall in its discretion and subject to the preconditions specified in Subsection (2)(b), either:

(i) take any of the actions specified in Subsection (1), subject to the conditions specified in Subsection (1); or

(ii) provide substitute benefits in lieu of the contractual obligations of the impaired insurer solely for [~~disability~~] accident and health claims, periodic annuity benefit payments, death benefits, supplemental benefits, and cash withdrawals for policy or contract owners who petition for such benefits under claims of emergency or hardship in accordance with the standards proposed by the association and approved by the commissioner.

(b) The association is subject to the requirements of Subsection (2)(a) only if:

(i) the laws of the impaired insurer's state of domicile provide that until all payments of, or an account of, the impaired insurer's contractual obligations by all guaranty associations, along with all expenses of the obligation and interest on all such payments and expenses, have been repaid to the guaranty associations or a plan of repayment by the impaired insurer has been approved by the guaranty associations:

(A) the delinquency proceeding shall not be dismissed;

(B) neither the impaired insurer nor its assets shall be returned to the control of its shareholders or private management;

(C) it shall not be permitted to solicit or accept new business or have any suspended or revoked license restored; and

(ii) (A) if the impaired insurer is a domestic insurer, it has been placed under an order of rehabilitation by a court of competent jurisdiction in this state; or

(B) if the impaired insurer is a foreign or alien insurer:

(I) it has been prohibited from soliciting or accepting new business in this state;

(II) its certificate of authority has been suspended or revoked in this state; and

(III) a petition for rehabilitation or liquidation has been filed in a court of competent jurisdiction in its state of domicile by the commissioner of the state.

(3) If a member insurer is an insolvent insurer, the association in its discretion shall either:

(a) (i) guaranty, assume, or reinsure, or cause to be guaranteed, assumed, or reinsured, the policies or contracts of the insolvent insurer; or

(ii) assure payment of the contractual obligations of the insolvent insurer; and

(iii) provide such monies, pledges, guarantees, or other means as are reasonably necessary to discharge such duties; or

(b) with respect only to [~~disability~~] accident and health insurance policies, provide benefits and coverages in accordance with Subsection (4).

(4) When proceeding under Subsections (2)(a)(ii) or (3)(b), with respect only to [~~disability~~] accident and health insurance policies, the association shall:

(a) assure payment of benefits for premiums identical to the premiums and benefits, except for terms of conversion and renewability, that would have been payable under the policies of the insolvent insurer, for claims incurred:

(i) with respect to group policies, not later than the earlier of the next renewal date under the policies or contracts or 45 days, but in no event less than 30 days, after the date on which the association becomes obligated with respect to the policies;

(ii) with respect to individual policies, not later than the earlier of the next renewal date, if any, under the policies or one year, but in no event less than 30 days, from the date on which the association becomes obligated with respect to the policies;

(b) make diligent efforts to provide 30 days' notice of the termination of the benefits provided to all known insureds, or group policyholders with respect to group policies;

(c) make available substitute coverage on an individual basis, in accordance with the provisions of Subsection (4)(d), to each known insured or owner under an individual policy, and to each individual formerly insured under a group policy who is not eligible for replacement group coverage, if the insured had a right under law or the terminated policy to convert coverage to individual coverage or to continue an individual policy in force until a specified age or for a specified time during which the insurer had no right unilaterally to make changes in any provision of the policy or had a right only to make changes in premium by class.

(d) (i) In providing the substitute coverage required under Subsection (4)(c), the association may offer either to reissue the terminated coverage or to issue an alternative policy.

(ii) Alternate or reissued policies shall be offered without requiring evidence of insurability, and shall not provide for any waiting period or exclusion that would not have applied under the terminated policy.

(iii) The association may reinsure any alternative or reissued policy.

(e) (i) Alternative policies adopted by the association shall be subject to the approval of the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency.

(ii) Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that are not unreasonable in relation to the premium charged. The association shall set the premium in accordance with its table of adopted rates. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured. For alternative policies issued to insureds under individual policies of the impaired or insolvent insurer, age shall be determined in accordance with the original policy provisions and class of risk shall be the class of risk under the original policy. For alternative policies issued to individuals insured under a group policy, age and class of risk shall be determined by the association in accordance with the alternative policy provisions and risk classification standards approved by the commissioner. However, the premium may not reflect any changes in the health of the insured after the original policy was last underwritten.

(iii) Any alternative policy issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.

(f) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to the approval of the commissioner or by a court of competent jurisdiction.

(g) The association's obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy shall cease on the date the coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(h) With respect to claims unpaid as of the date of insolvency and claims incurred during the period defined in Subsection (4)(a), a provider of health care services, by accepting a payment from the association upon a claim of the provider against an insured whose health care insurer is an insolvent member insurer, agrees to forgive the insured of 20% of the debt which otherwise would be paid by the insurer had it not been insolvent, subject to a maximum of $4,000 being required to be forgiven by any one provider as to each claimant. The obligations of solvent insurers to pay all or part of the covered claim are not diminished by the forgiveness provided for in this section.

(5) When proceeding under Subsection (2)(a)(ii) or (3) with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with Subsection 31A-28-103(2)(b)(iii).

(6) Nonpayment of premiums within 31 days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage shall terminate the association's obligations under the policy or coverage under this chapter with respect to the policy or coverage, except with respect to any claims incurred or any net cash surrender value which may be due in accordance with the provisions of this chapter.

(7) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy or contract owners of the insurer after the entry of the order.

(8) The protection provided by this chapter does not apply if any guaranty protection is provided to residents of this state by laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(9) In carrying out its duties under this subsection and Subsections (2) and (3), and subject to approval by the court, the association may:

(a) impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this chapter are less than the amounts needed to assure full and prompt performance of the association's duties under this chapter, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of the permanent policy or contract liens to be in the public interest;

(b) impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

(10) If the association fails to act within a reasonable period of time as provided in Subsections (2)(a)(ii), (3), and (4), the commissioner shall have the powers and duties of the association under this chapter with respect to impaired or insolvent insurers.

(11) The association may render assistance and advice to the commissioner, upon his request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(12) The association has standing to appear before any court in this state with jurisdiction over an impaired or insolvent insurer concerning which the association is or may become obligated under

this chapter. Standing extends to all matters germane to the powers and duties of the association, including proposals for reinsuring, modifying, or guaranteeing the policies or contracts of the impaired or insolvent insurer and the determination of the policies or contracts and contractual obligations. The association also has the right to appear or intervene before a court in another state with jurisdiction over an impaired or insolvent insurer for which the association is or may become obligated or with jurisdiction over a third party against whom the association may have rights through subrogation of the insurer's policyholders.

(13) (a) Any person receiving benefits under this chapter shall be considered to have assigned the rights under, and any causes of action relating to the covered policy or contract to the association to the extent of the benefits received because of this chapter, whether the benefits are payments of, or on account of, contractual obligations, continuation of coverage, or provision of substitute or alternative coverages. The association may require an assignment to it of these rights and causes of action by any payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this chapter upon that person.

(b) The subrogation rights obtained by the association under this subsection become third class claims under Section 31A-27-335.

(c) In addition to Subsections (13)(a) and (b), the association has all common law rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to the policy or contract.

(14) The association may:

(a) enter into contracts which are necessary or proper to carry out the provisions and purposes of this chapter;

(b) sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments under Section 31A-28-109 and to settle claims or potential claims against it;

(c) borrow money to effect the purposes of this chapter, and any notes or other evidence or indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets;

(d) employ or retain necessary staff members to handle the financial transactions of the association, and to perform other functions as become necessary or proper under this chapter;

(e) take necessary legal action to avoid payment of improper claims;

(f) exercise, for the purposes of this chapter and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform its obligation under this chapter; or

(g) act as a special deputy liquidator if appointed by the commissioner.

(15) The association may join an organization of one or more other state associations of similar purposes to further the purposes and administer the powers and duties of the association.

Section 179. Section 31A-28-109 is amended to read:

31A-28-109. Assessments.

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at the time and for the amounts that the board finds necessary. Assessments are due not less than 30 days after prior written notice to the member insurers. Class B assessments, described in Subsection (2)(b), shall accrue interest at 10% per annum on and after the due date.

(2) There are two classes of assessment:

(a) Class A assessments shall be made for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of Subsection 31A-28-112(5). Class A assessments may be made whether or not related to a particular impaired or insolvent insurer.

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under Section 31A-28-108 with regard to an impaired or an insolvent insurer.

(3) (a) The amount of any Class A assessment shall be determined by the board and may be made on a pro rata or non-pro rata basis. If the assessment is pro rata, the board may credit the assessment against future Class B assessments. A non-pro rata assessment may not exceed $150 per member insurer in any one calendar year.

(b) The amount of any Class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or based on any other standard determined by the board in its sole discretion to be fair and reasonable under the circumstances.

(c) (i) Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this state by each assessed member insurer bears to the premiums received on business in this state for the same calendar years by all assessed member insurers.

(ii) "Premiums received" is based on policies or contracts covered by each account for the three most recent calendar years for which information is available, which precede the year in which the insurer became impaired or insolvent.

(d) Assessments for funds to meet the requirements of the association with respect to an

impaired or insolvent insurer may not be made until necessary to implement the purposes of this chapter. Classification of assessments under Subsection (3)(b) and computation of assessments under this Subsection (3) shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated or deferred in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(5) (a) The total of all assessments upon a member insurer for the life and annuity account, and for each subaccount, may not in any one calendar year exceed 2% and the [~~disability~~] accident and health account may not in any one calendar year exceed 2% of the insurer's yearly average premiums received in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon as permitted by this chapter.

(b) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(c) If a 1% assessment for any subaccount of the life and annuity account in any one year does not provide an amount sufficient to carry out the responsibilities of the association, the board shall assess all subaccounts of the life and annuity account for the necessary additional amount pursuant to Subsection (3)(b), subject to the maximum stated in Subsection (5)(a).

(6) The board may, by an equitable method established in the plan of operation, refund to member insurers in proportion to the contribution of each insurer to that account the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses.

(7) It shall be proper for any member insurer, in determining its premium rates and policyowner dividends as to any kind of insurance within the scope of this chapter, to consider the amount reasonably necessary to meet its assessment obligations under this chapter.

(8) The association shall issue to each insurer paying an assessment under this chapter, other than a Class A assessment, a certificate of contribution, in a form approved by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve.

(b) An affiliated carrier that is a health maintenance organization having a certificate of authority under this title may be considered to be a separate carrier for the purposes of this chapter.

(c) Unless otherwise authorized by the commissioner, a covered carrier may not enter into one or more ceding arrangements with respect to health benefit plans delivered or issued for delivery to covered insureds in this state if such arrangements would result in less than 50% of the insurance obligation or risk for such health benefit plans being retained by the ceding carrier.

(d) The provisions of Section 31A-22-1201 apply if a covered carrier cedes or assumes all of the insurance obligation or risk with respect to one or more health benefit plans delivered or issued for delivery to covered insureds in this state.

(3) (a) A Taft Hartley trust created in accordance with Section 302(c)(5) of the Federal Labor Management Relations Act, or a carrier with the written authorization of such a trust, may make a written request to the commissioner for a waiver from the application of any of the provisions of Subsection 31A-30-106(1) with respect to a health benefit plan provided to the trust.

(b) The commissioner may grant such a waiver if the commissioner finds that application with respect to the trust would:

(i) have a substantial adverse effect on the participants and beneficiaries of the trust; and

(ii) require significant modifications to one or more collective bargaining arrangements under which the trust is established or maintained.

(c) A waiver granted under this Subsection (3) may not apply to an individual if the person participates in such a trust as an associate member of any employee organization.

(4) A carrier who offers individual and small employer health benefit plans may use the small employer index rates to establish the rate limitations for individual policies, even if some individual policies are rated below the small employer base rate.

Section 185. Section 31A-30-106 is amended to read:

31A-30-106. Premiums -- Rating restrictions -- Disclosure.

(1) Premium rates for health benefit plans under this chapter are subject to the following provisions:

(a) The index rate for a rating period for any class of business shall not exceed the index rate for any other class of business by more than 20%.

(b) For a class of business, the premium rates charged during a rating period to covered insureds with similar case characteristics for the same or similar coverage, or the rates that could be charged to such employers under the rating system for that class of business, may not vary from the index rate by more than 30% of the index rate, except as provided in Section 31A-22-625.

(c) The percentage increase in the premium rate charged to a covered insured for a new rating period, adjusted pro rata for rating periods less than a year, may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case of a health benefit plan into which the covered carrier is no longer enrolling new covered insureds, the covered carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the covered carrier is actively enrolling new covered insureds;

(ii) any adjustment, not to exceed 15% annually and adjusted pro rata for rating periods of less than one year, due to the claim experience, health status, or duration of coverage of the covered individuals as determined from the covered carrier's rate manual for the class of business, except as provided in Section 31A-22-625; and

(iii) any adjustment due to change in coverage or change in the case characteristics of the covered insured as determined from the covered carrier's rate manual for the class of business.

(d) Adjustments in rates for claims experience, health status, and duration from issue may not be charged to individual employees or dependents. Any such adjustment shall be applied uniformly to the rates charged for all employees and dependents of the small employer.

(e) A covered carrier may utilize industry as a case characteristic in establishing premium rates, provided that the highest rate factor associated with any industry classification does not exceed the lowest rate factor associated with any industry classification by more than 15%.

(f) In the case of health benefit plans issued prior to July 1, 1994, a premium rate for a rating period, adjusted pro rata for rating period of less than a year, may exceed the ranges under Subsections (1)(a) and (b) until July 1, 1996. In that case, the percentage increase in the premium rate charged to a covered insured for a new rating period may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period. In the case where a covered carrier is not issuing any new policies the covered carrier shall use the percentage change in the base premium rate, provided that such change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the covered carrier is actively enrolling new covered insureds; and

(ii) any adjustment due to change in coverage or change in the case characteristics of the covered insured as determined from the carrier's rate manual for the class of business.

(g) The commissioner may grant a one-year extension of the July 1, 1996, deadline specified in Subsection (1)(f) if the commissioner determines that an extension is needed to avoid significant disruption of the health insurance market subject to this chapter or to insure the financial stability of carriers in the market.

(h) (i) Covered carriers shall apply rating factors, including case characteristics, consistently with respect to all covered insureds in a class of business. Rating factors shall produce premiums for identical groups which differ only by the amounts attributable to plan design and do not reflect differences due to the nature of the groups assumed to select particular health benefit plans.

(ii) A covered carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(i) For the purposes of this subsection, a health benefit plan that utilizes a restricted network provision shall not be considered similar coverage to a health benefit plan that does not utilize such a network, provided that utilization of the restricted network provision results in substantial difference in claims costs.

(j) The covered carrier shall not, without prior approval of the commissioner, use case characteristics other than age, gender, industry,

geographic area, family composition, and group size.

(k) The commissioner may establish regulations in accordance with Title 63, Chapter 46a, Utah Administrative Rulemaking Act, to implement the provisions of this chapter and to assure that rating practices used by covered carriers are consistent with the purposes of this chapter, including regulations that:

(i) assure that differences in rates charged for health benefit plans by covered carriers are reasonable and reflect objective differences in plan design (not including differences due to the nature of the groups assumed to select particular health benefit plans);

(ii) prescribe the manner in which case characteristics may be used by covered carriers;

(iii) require insurers, as a condition of transacting business with regard to health care insurance [~~disability~~] policies after January 1, 1995, to reissue a health care insurance [~~disability~~] policy to any policyholder whose health care insurance [~~disability~~] policy has, after January 1, 1994, been terminated by the insurer for reasons other than those listed in Subsections 31A-30-107(1)(a) through (1)(e) or not renewed by the insurer after January 1, 1994. The commissioner may prescribe terms for the reissue of coverage that the commissioner determines are reasonable and necessary to provide continuity of coverage to insured individuals;

(iv) implement the individual enrollment cap under Section 31A-30-110, including specifying the contents for certification, auditing standards, underwriting criteria for uninsurable classification, and limitations on high risk enrollees under Section 31A-30-111; and

(v) establish the individual enrollment cap under Subsection 31A-30-110(1).

(l) Before implementing regulations for underwriting criteria for uninsurable classification, the commissioner shall contract with an independent consulting organization to develop industry-wide underwriting criteria for uninsurability based on an individual's expected claims under open enrollment coverage exceeding 200% of that expected for a standard insurable individual with the same case characteristics.

(m) The commissioner shall revise rules issued for Sections 31A-22-602 and 31A-22-605 regarding individual [~~disability~~] accident and health policy rates to allow rating in accordance with this section.

(2) A covered carrier shall not transfer a covered insured involuntarily into or out of a class of business. A covered carrier shall not offer to transfer a covered insured into or out of a class of business unless such offer is made to transfer all covered insureds in the class of business without regard to case characteristics, claim experience, health status, or duration of coverage since issue.

(3) Upon offering for sale any health benefit plan to a small employer, or individual, the covered carrier shall, as part of its solicitation and sales materials, disclose or make available all of the following:

(a) the extent to which premium rates for a specified covered insured are established or adjusted in part based on the actual or expected variation in claims costs or actual or expected variation in health status of covered individuals;

(b) provisions concerning the covered carrier's right to change premium rates and the factors other than claim experience which affect changes in premium rates;

(c) provisions relating to renewability of policies and contracts; and

(d) provisions relating to any preexisting condition provision.

(4) (a) Each covered carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(b) Each covered carrier shall file with the commissioner, on or before March 15 of each year, in a form, manner, and containing such information as prescribed by the commissioner, an actuarial certification certifying that the covered carrier is in compliance with this chapter and that the rating methods of the covered carrier are actuarially sound. A copy of that certification shall be retained by the covered carrier at its principal place of business.

(c) A covered carrier shall make the information and documentation described in this subsection available to the commissioner upon request.

(d) Records submitted to the commissioner under the provisions of this section shall be maintained by the commissioner as protected records under Title 63, Chapter 2, Government Records Access and Management Act.

(2) Conversion policy premium rates may not exceed by more than 35% the index rate for individuals with similar case characteristics for any class of business in which the policy form has been approved.

(3) An insurer may not consider pregnancy of a covered insured in determining its conversion policy premium rates.

Section 187. Section 31A-30-107 is amended to read:

31A-30-107. Renewal -- Limitations -- Exclusions.

(1) A health benefit plan subject to this chapter is renewable with respect to all covered individuals at the option of the covered insured except in any of the following cases:

(b) fraud or misrepresentation of:

(i) the employer; or

(ii) with respect to coverage of individual insureds, the insureds or their representatives;

(c) noncompliance with the covered carrier's minimum participation requirements;

(d) noncompliance with the covered carrier's employer contribution requirements;

(B) for an individual insurance policy, a pregnancy existing on the effective date of coverage.

(iii) An individual insurer shall offer a health benefit plan in compliance with Subsections (5)(a)(i) and (ii), and may, when the insurer and the insured mutually agree in writing to a condition-specific exclusion rider, offer to issue an individual policy that excludes a specific physical condition consistent with Subsections (5)(a)(iv) and (v).

(iv) The commissioner shall establish, in rule, a list of nonlife threatening [~~and nondegenerative~~] physical conditions that may be the subject of a condition-specific exclusion rider.

(v) A condition-specific exclusion rider shall be limited to the excluded condition and may not extend to any secondary medical condition that may or may not be directly related to the excluded condition.

(b) (i) A covered carrier shall waive any time period applicable to a preexisting condition exclusion or limitation period with respect to particular services in a health benefit plan for the period of time the individual was previously covered by public or private health insurance or by any other health benefit arrangement that provided benefits with respect to such services, provided that:

(iii) Credit for previous coverage as provided under Subsection (5)(b)(i)(A) need not be given for any condition which was previously excluded under a condition-specific exclusion rider. A new preexisting waiting period may be applied to any condition that was excluded by a rider under the terms of previous individual coverage.

(2) For purposes of this section "collateral source" means payments made to or for the benefit of the plaintiff for:

(a) medical expenses and disability payments payable under the United States Social Security Act, any federal, state, or local income disability act, or any other public program, except the federal programs which are required by law to seek subrogation;

(b) any health, sickness, or income [~~disability~~] replacement insurance, automobile accident insurance that provides health benefits or income [~~disability~~] replacement coverage, and any other similar insurance benefits, except life insurance benefits available to the plaintiff, whether purchased by the plaintiff or provided by others;

(c) any contract or agreement of any person, group, organization, partnership, or corporation to provide, pay for, or reimburse the costs of hospital, medical, dental, or other health care services, except benefits received as gifts, contributions, or assistance made gratuitously; and

(d) any contractual or voluntary wage continuation plan provided by employers or any other system intended to provide wages during a period of disability.

(3) To preserve subrogation rights for amounts paid or received prior to settlement or judgment, a provider of collateral sources shall serve at least 30 days before settlement or trial of the action a written notice upon each health care provider against whom the malpractice action has been asserted. The written notice shall state the name and address of the provider of collateral sources, the amount of collateral sources paid, the names and addresses of all persons who received payment, and the items and purposes for which payment has been made.

(4) Evidence is admissible of government programs that provide payments or benefits available in the future to or for the benefit of the plaintiff to the extent available irrespective of the recipient's ability to pay. Evidence of the likelihood or unlikelihood that such programs, payments, or benefits will be available in the future is also admissible. The trier of fact may consider such evidence in determining the amount of damages awarded to a plaintiff for future expenses.

(5) [~~No~~] A provider of collateral sources is not entitled to recover the amounts of such benefits from a health care provider, the plaintiff, or any other person or entity as reimbursement for collateral source payments made prior to settlement or judgment, including any payments made under Title 26, Chapter 19, Medical Benefits

Recovery Act, except to the extent that subrogation rights to amounts paid prior to settlement or judgment are preserved as provided in this section. All policies of insurance providing benefits affected by this section are construed in accordance with this section.

Section 202. Section 78-45-7.5 is amended to read:

78-45-7.5. Determination of gross income -- Imputed income.

(1) As used in the guidelines, "gross income" includes:

(a) prospective income from any source, including nonearned sources, except under Subsection (3); and

(b) income from salaries, wages, commissions, royalties, bonuses, rents, gifts from anyone, prizes, dividends, severance pay, pensions, interest, trust income, alimony from previous marriages, annuities, capital gains, social security benefits, workers' compensation benefits, unemployment compensation, income replacement disability insurance benefits, and payments from "nonmeans-tested" government programs.

(2) Income from earned income sources is limited to the equivalent of one full-time 40-hour job. However, if and only if during the time prior to the original support order, the parent normally and consistently worked more than 40 hours at his job, the court may consider this extra time as a pattern in calculating the parent's ability to provide child support.

(3) Specifically excluded from gross income are:

(a) cash assistance provided under Title 35A, Chapter 3, Part 3, Family Employment Program;

(b) benefits received under a housing subsidy program, the Job Training Partnership Act, Supplemental Security Income, Social Security Disability Insurance, Medicaid, Food Stamps, or General Assistance; and

(c) other similar means-tested welfare benefits received by a parent.

(4) (a) Gross income from self-employment or operation of a business shall be calculated by subtracting necessary expenses required for self-employment or business operation from gross receipts. The income and expenses from self-employment or operation of a business shall be reviewed to determine an appropriate level of gross income available to the parent to satisfy a child support award. Only those expenses necessary to allow the business to operate at a reasonable level may be deducted from gross receipts.

(b) Gross income determined under this subsection may differ from the amount of business income determined for tax purposes.

(5) (a) When possible, gross income should first be computed on an annual basis and then recalculated to determine the average gross monthly income.

(b) Each parent shall provide verification of current income. Each parent shall provide year-to-date pay stubs or employer statements and complete copies of tax returns from at least the most recent year unless the court finds the verification is not reasonably available. Verification of income from records maintained by the Department of Workforce Services may be substituted for pay stubs, employer statements, and income tax returns.

(c) Historical and current earnings shall be used to determine whether an underemployment or overemployment situation exists.

(6) Gross income includes income imputed to the parent under Subsection (7).

(7) (a) Income may not be imputed to a parent unless the parent stipulates to the amount imputed, the party defaults, or, in contested cases, a hearing is held and a finding made that the parent is voluntarily unemployed or underemployed.

(b) If income is imputed to a parent, the income shall be based upon employment potential and probable earnings as derived from work history, occupation qualifications, and prevailing earnings for persons of similar backgrounds in the community, or the median earning for persons in the same occupation in the same geographical area as found in the statistics maintained by the Bureau of Labor Statistics.

(c) If a parent has no recent work history or their occupation is unknown, income shall be imputed at least at the federal minimum wage for a 40-hour work week. To impute a greater income, the judge in a judicial proceeding or the presiding officer in an administrative proceeding shall enter specific findings of fact as to the evidentiary basis for the imputation.

(d) Income may not be imputed if any of the following conditions exist:

(i) the reasonable costs of child care for the parents' minor children approach or equal the amount of income the custodial parent can earn;

(ii) a parent is physically or mentally disabled to the extent he cannot earn minimum wage;

(iii) a parent is engaged in career or occupational training to establish basic job skills; or

(iv) unusual emotional or physical needs of a child require the custodial parent's presence in the home.

(8) (a) Gross income may not include the earnings of a minor child who is the subject of a child support award nor benefits to a minor child in the child's own right such as Supplemental Security Income.

(b) Social Security benefits received by a child due to the earnings of a parent shall be credited as child support to the parent upon whose earning record it is based, by crediting the amount against the potential obligation of that parent. Other unearned income of a child may be considered as income to a parent depending upon the circumstances of each case.

Section 203. Repealer.

This act repeals:

Section 31A-8-210, Solvency standards.

Section 31A-8-212, Solvency standards transition.

Section 204. Coordination clause.

If this bill and H.B. 109, Amendments to the Insurance Law, both pass, it is the intent of the Legislature that the Office of Legislative Research and General Counsel in preparing the Utah Code database for publication, shall:

(1) in Subsection 31A-28-102(2), change "Utah Life and Disability Insurance Guaranty Association" to "Utah Life and Health Insurance Guaranty Association";

(7) in Subsection 31A-28-108(4)(a)(iii), change "disability" to "accident and health"; and

(8) in Subsection 31A-28-109(3)(c)(ii), change "disability" to "accident and health".

The act defines a parenting plan, provides objectives, and prescribes requirements for filing a parenting plan. It also requires the designation of a dispute resolution process for any breakdown of the agreement.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
30-3-10.2, as last amended by Chapter 174, Laws of Utah 1997
30-3-10.3, as last amended by Chapter 167, Laws of Utah 1994

30-3-10.7, Utah Code Annotated 1953
30-3-10.8, Utah Code Annotated 1953
30-3-10.9, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 30-3-10.2 is amended to read:

30-3-10.2. Joint legal custody order -- Factors for court determination -- Public assistance.

(1) The court may order joint legal custody or joint physical custody or both if the parents have filed a parenting plan in accordance with Section 30-3-10.8 and it determines that joint legal custody or joint physical custody or both is in the best interest of the child [~~and:~~].

[~~(a) both parents agree to an order of joint legal custody; or~~]

[~~(b) both parents appear capable of implementing joint legal custody.~~]

(2) In determining whether the best interest of a child will be served by ordering joint legal custody, the court shall consider the following factors:

(a) whether the physical, psychological, and emotional needs and development of the child will benefit from joint legal custody;

(b) the ability of the parents to give first priority to the welfare of the child and reach shared decisions in the child's best interest;

(c) whether each parent is capable of encouraging and accepting a positive relationship between the child and the other parent;

(d) whether both parents participated in raising the child before the divorce;

(e) the geographical proximity of the homes of the parents;

(f) the preference of the child if the child is of sufficient age and capacity to reason so as to form an intelligent preference as to joint legal custody;

(g) the maturity of the parents and their willingness and ability to protect the child from conflict that may arise between the parents; and

(h) any other factors the court finds relevant.

(3) The determination of the best interest of the child shall be by a preponderance of the evidence.

(4) The court shall inform both parties that:

(a) an order for joint legal custody may preclude eligibility for cash assistance provided under Title 35A, Chapter 3, Employment Support Act; and

(b) if cash assistance is required for the support of children of the parties at any time subsequent to an order of joint legal custody, the order may be terminated under Section 30-3-10.4.

(5) The court may order that where possible the parties attempt to settle future disputes by a dispute resolution method before seeking enforcement or modification of the terms and conditions of the order of joint legal custody or joint physical custody through litigation, except in emergency situations requiring ex parte orders to protect the child.

Section 2. Section 30-3-10.3 is amended to read:

30-3-10.3. Terms of joint legal custody order.

(1) Unless the court orders otherwise, before a final order of joint legal custody is entered both parties shall attend the mandatory course for divorcing parents, as provided in Section 30-3-11.3, and present a certificate of completion from the course to the court.

(2) An order of joint legal custody shall provide terms the court determines appropriate, which may include specifying:

(a) either the county of residence of the child, until altered by further order of the court, or the custodian who has the sole legal right to determine the residence of the child;

(b) that the parents shall exchange information concerning the health, education, and welfare of the child, and where possible, confer before making decisions concerning any of these areas;

(c) the rights and duties of each parent regarding the child's present and future physical care, support, and education;

(d) provisions to minimize disruption of the child's attendance at school and other activities, his daily routine, and his association with friends; and

(3) The court shall, where possible, include in the order the terms [~~agreed to between the parties~~] of

the parenting plan provided in accordance with Section 30-3-10.8.

(4) Any parental rights not specifically addressed by the court order may be exercised by the parent having physical custody of the child the majority of the time.

(5) (a) The appointment of joint legal custodians does not impair or limit the authority of the court to order support of the child, including payments by one custodian to the other.

(b) An order of joint legal custody, in itself, is not grounds for modifying a support order.

(c) The agreement [~~may~~] shall contain a dispute resolution procedure the parties agree to use before seeking enforcement or modification of the terms and conditions of the order of joint legal custody through litigation, except in emergency situations requiring ex parte orders to protect the child.

(2) In proceedings for a modification of custody provisions or modification of a parenting plan, a proposed parenting plan shall be filed and served with the petition to modify, or the answer or counterclaim to the petition to modify.

(3) A party who files a proposed parenting plan in compliance with this section may move the court for an order of default to adopt the plan if the other party fails to file a proposed parenting plan as required by this section.

(4) Either party may file and serve an amended proposed parenting plan according to the rules for amending pleadings.

(5) The parent submitting a proposed parenting plan shall attach a verified statement that the plan is proposed by that parent in good faith.

(6) Both parents may submit a parenting plan which has been agreed upon. A verified statement, signed by both parents, shall be attached.

(7) If the parents file inconsistent parenting plans, the court may appoint a guardian ad litem to represent the best interests of the child, who may, if necessary, file a separate parenting plan reflecting the best interests of the child.

(e) minimize the child's exposure to harmful parental conflict;

(f) encourage the parents, where appropriate, to meet the responsibilities to their minor children through agreements in the parenting plan rather than relying on judicial intervention; and

(g) protect the best interests of the child.

(2) The parenting plan shall contain provisions for resolution of future disputes between the parents, allocation of decision-making authority, and residential provisions for the child. It may

contain other provisions comparable to those in Sections 30-3-5 and 30-3-10.3 regarding the welfare of the child.

(3) A process for resolving disputes shall be provided unless precluded or limited by statute. A dispute resolution process may include:

(d) if arbitration becomes necessary, a written record shall be prepared and a copy of the arbitration award shall be provided to each party;

(e) if the court finds that a parent has used or frustrated the dispute resolution process without good reason, the court may award attorney's fees and financial sanctions to the prevailing parent;

(f) the district court shall have the right of review from the dispute resolution process; and

(g) the provisions of this Subsection (4) shall be set forth in any final decree or order.

(5) The parenting plan shall allocate decision-making authority to one or both parties regarding the children's education, health care, and religious upbringing. The parties may incorporate an agreement related to the care and growth of the children in these specified areas or in other areas into their plan, consistent with the criteria outlined in Subsections 30-3-10.7(2) and 30-3-10.9(1). Regardless of the allocation of decision-making in the parenting plan, either parent may make emergency decisions affecting the health or safety of the child.

(6) Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent.

(7) When mutual decision-making is designated but cannot be achieved, the parties shall make a good faith effort to resolve the issue through the dispute resolution process.

(8) The plan shall include a residential schedule which designates in which parent's home each minor child shall reside on given days of the year, including provisions for holidays, birthdays of family members, vacations, and other special occasions.

(9) If a parent fails to comply with a provision of the parenting plan or a child support order, the other parent's obligations under the parenting plan or the child support order are not affected. Failure to comply with a provision of the parenting plan or a child support order may result in a finding of contempt of court.

(3) Dissolution of a nonprofit corporation does not:

(a) transfer title to the nonprofit corporation's property;

(b) subject its directors or officers to standards of conduct different from those prescribed in this chapter;

(c) change quorum or voting requirements for its board of directors or members;

(d) change provisions for selection, resignation, or removal of its directors or officers, or both;

(7) The annual report form provided by the division may be designed to provide a simplified certification by the nonprofit corporation if no changes have been made in the required information from the last preceding report filed.

(8) A domestic or foreign nonprofit corporation may, but may not be required to, deliver to the division for filing an amendment to its annual report reflecting any change in the information contained in its annual report as last amended.

UNIFORM COMMERCIAL CODE - TECHNICAL AMENDMENTS

Sponsor: Lyle W. Hillyard

This act modifies the Uniform Commercial Code - Secured Transactions by correcting cross references. This act takes effect on July 1, 2001.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
70A-9a-334 (Effective 07/01/01), as enacted by Chapter 252, Laws of Utah 2000

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 70A-9a-334 (Effective 07/01/01) is amended to read:

70A-9a-334 (Effective 07/01/01). Priority of security interests in fixtures and crops.

(1) A security interest under this chapter may be created in goods that are fixtures or may continue in goods that become fixtures. A security interest does not exist under this chapter in ordinary building materials incorporated into an improvement on land.

(2) This chapter does not prevent creation of an encumbrance upon fixtures under real property law.

(3) In cases not governed by Subsections (4) through (8), a security interest in fixtures is subordinate to a conflicting interest of an encumbrancer or owner of the related real property other than the debtor.

(4) Except as otherwise provided in Subsection (8), a perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property and:

(a) the security interest is a purchase-money security interest;

(b) the interest of the encumbrancer or owner arises before the goods become fixtures; and

(c) the security interest is perfected by a fixture filing before the goods become fixtures or within 20 days thereafter.

(5) A perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(a) the debtor has an interest of record in the real property or is in possession of the real property and the security interest:

(i) is perfected by a fixture filing before the interest of the encumbrancer or owner is of record; and

(ii) has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner;

(b) before the goods become fixtures, the security interest is perfected by any method permitted by this chapter and the fixtures are readily removable:

(i) factory or office machines;

(ii) equipment that is not primarily used or leased for use in the operation of the real property; or

(iii) replacements of domestic appliances that are consumer goods;

(c) the conflicting interest is a lien on the real property obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this chapter; or

(d) the security interest is:

(i) created in a manufactured home in a manufactured-home transaction; and

(ii) perfected pursuant to a statute described in Subsection 70A-9a-311(1)(b).

(6) A security interest in fixtures, whether or not perfected, has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(a) the encumbrancer or owner has, in an authenticated record, consented to the security interest or disclaimed an interest in the goods as fixtures; or

(b) the debtor has a right to remove the goods as against the encumbrancer or owner.

(7) The priority of the security interest under Subsection (6)(b) continues for a reasonable time if the debtor's right to remove the goods as against the encumbrancer or owner terminates.

(8) A mortgage is a construction mortgage to the extent that it secures an obligation incurred for the construction of an improvement on land, including the acquisition cost of the land, if a recorded record of the mortgage so indicates. Except as otherwise provided in Subsections (5) and (6), a security interest in fixtures is subordinate to a construction mortgage if a record of the mortgage is recorded before the goods become fixtures and the goods become fixtures before the completion of the construction. A mortgage has this priority to the same extent as a construction mortgage to the extent that it is given to refinance a construction mortgage.

(9) A perfected security interest in crops growing on real property has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property.

(b) The 20% requirement of Subsection (1)(a) may be waived in part or whole by the mutual consent of the trust fund board and the taxing entity committee if they determine that 20% of tax increment is more than is needed to address the community's need for income targeted housing, as defined in Section 17B-4-1010.

(2) A project area budget not required under Subsection (1)(a) to allocate tax increment for housing may allocate 20% of tax increment payable to the agency over the life of the project area for housing as provided in Section 17B-4-1010 if the project area budget is under a project area plan that is adopted on or after July 1, 1998.

(ii) The year in which a qualifying decrease under Subsection (1)(a)(i)(B) occurs is the fifth year of the five-year period.

(A) in that year there is a decrease in the county's certified tax rate under Subsection 59-2-924(2)(c) or (d)(i);

(B) the amount of the decrease is more than 20% of the county's certified tax rate of the previous year; and

(C) the decrease would result in a reduction of the amount of tax increment to be paid to the agency.

(b) Notwithstanding an increase or decrease under Subsection (2)(a), the amount of tax increment paid to an agency each year for payment of bonds or other indebtedness may not be less than would have been paid to the agency each year if there had been no increase or decrease under Subsection (2)(a).

PROVISION FOR LEGAL RELINQUISHMENT OF A NEWBORN

Sponsor: Patrice M. Arent

This act modifies the Utah Human Services Code to provide a process for safe relinquishment of newborn children by a parent or a parent's designee. The act provides a process for hospitals to receive those children. The act provides a process for the Division of Child and Family Services to care for those children and petition for termination of parental rights and adoption. The act eliminates certain civil abuse and neglect requirements and proceedings when newborn children are safely abandoned. The act amends the civil definition of neglect, and provides a limited affirmative defense to any potential criminal liability based upon neglect or abandonment. This act provides a repeal date.

This act affects sections of Utah Code Annotated 1953 as follows:

accordance with the provisions of this part and retain complete anonymity, so long as the child has not been subject to abuse or neglect.

[~~(D)~~] (E) who is at risk of being a neglected or abused child as defined in this chapter because another minor in the same home is a neglected or abused child as defined in this chapter.

(ii) The aspect of neglect related to education, described in Subsection (1)(r)(i)[~~(C)~~](D), means that, after receiving notice that a minor has been frequently absent from school without good cause, or that the minor has failed to cooperate with school authorities in a reasonable manner, a parent or guardian fails to make a good faith effort to ensure that the minor receives an appropriate education.

(iii) A parent or guardian legitimately practicing religious beliefs and who, for that reason, does not provide specified medical treatment for a minor, is not guilty of neglect.

(s) "Nonjudicial adjustment" means closure of the case by the assigned probation officer without judicial determination upon the consent in writing of the minor, the parent, legal guardian or custodian, and the assigned probation officer.

(t) "Probation" means a legal status created by court order following an adjudication on the ground of a violation of law or under Section 78-3a-104, whereby the minor is permitted to remain in his home under prescribed conditions and under supervision by the probation department or other agency designated by the court, subject to return to the court for violation of any of the conditions prescribed.

(u) "Protective supervision" means a legal status created by court order following an adjudication on the ground of abuse, neglect, or dependency, whereby the minor is permitted to remain in his home, and supervision and assistance to correct the abuse, neglect, or dependency is provided by the probation department or other agency designated by the court.

(v) "Residual parental rights and duties" means those rights and duties remaining with the parent after legal custody or guardianship, or both, have been vested in another person or agency, including the responsibility for support, the right to consent to adoption, the right to determine the child's religious affiliation, and the right to reasonable visitation unless restricted by the court. If no guardian has been appointed, "residual parental rights and duties" also include the right to consent to marriage, to enlistment, and to major medical, surgical, or psychiatric treatment.

(w) "Secure facility" means any facility operated by or under contract with the Division of Youth Corrections, that provides 24-hour supervision and confinement for youth offenders committed to the division for custody and rehabilitation.

(x) "Shelter" means the temporary care of minors in physically unrestricted facilities pending court disposition or transfer to another jurisdiction.

(y) "State supervision" means a disposition which provides a more intensive level of intervention than standard probation but is less intensive or restrictive than a community placement with the Division of Youth Corrections.

(z) "Termination of parental rights" means the permanent elimination of all parental rights and duties, including residual parental rights and duties, by court order.

(aa) "Therapist" means a person employed by a state division or agency for the purpose of conducting psychological treatment and counseling of a minor in its custody, or any other person licensed or approved by the state for the purpose of conducting psychological treatment and counseling.

(2) As used in Part 3, Abuse, Neglect, and Dependency Proceedings, with regard to the Division of Child and Family Services:

(a) "Custody" means the custody of a minor in the Division of Child and Family Services as of the date of disposition.

(b) "Protective custody" means the shelter of a minor by the Division of Child and Family Services from the time the minor is removed from home until the shelter hearing, or the minor's return home, whichever occurs earlier.

(c) "Temporary custody" means the custody of a minor in the Division of Child and Family Services from the date of the shelter hearing until disposition.

Section 6. Section 78-3a-407 is amended to read:

78-3a-407. Grounds for termination of parental rights.

The court may terminate all parental rights with respect to one or both parents if it finds any one of the following:

(1) that the parent or parents have abandoned the child;

(2) that the parent or parents have neglected or abused the child;

(3) that the parent or parents are unfit or incompetent;

(4) that the child is being cared for in an out-of-home placement under the supervision of the court or the division, that the division or other responsible agency has made a diligent effort to provide appropriate services and the parent has substantially neglected, wilfully refused, or has been unable or unwilling to remedy the circumstances that cause the child to be in an out-of-home placement, and there is a substantial likelihood that the parent will not be capable of exercising proper and effective parental care in the near future;

(5) failure of parental adjustment, as defined in this chapter;

(6) that only token efforts have been made by the parent or parents:

(a) to support or communicate with the child;

(b) to prevent neglect of the child;

(c) to eliminate the risk of serious physical, mental, or emotional abuse of the child; or

(d) to avoid being an unfit parent;

(7) the parent or parents have voluntarily relinquished their parental rights to the child, and the court finds that termination is in the child's best interest; [~~or~~]

(8) the parent or parents, after a period of trial during which the child was returned to live in his own home, substantially and continuously or repeatedly refused or failed to give the child proper parental care and protection[~~.~~]; or

(9) the terms and conditions of safe relinquishment of a newborn child have been complied with, pursuant to Title 62A, Chapter 4a, Part 8, Safe Relinquishment of Newborn Child.

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 73-1-4 is amended to read:

73-1-4. Reversion to public by abandonment or forfeiture for nonuse within five years -- Extension of time.

(1) (a) When an appropriator or the appropriator's successor in interest abandons or ceases to use water for a period of five years, the water right ceases and the water reverts to the public, unless, before the expiration of the five-year period, the appropriator or the appropriator's successor in interest files a verified application for an extension of time with the state engineer.

(b) (i) A water right may not be forfeited unless a judicial action to declare the right forfeited is commenced within 15 years from the end of the latest period of nonuse of at least five years.

(ii) If forfeiture is asserted in an action for general determination of rights in conformance with the provisions of Chapter 4, the 15-year limitation period shall commence to run back in time from the date the state engineer's proposed determination of rights is served upon each claimant.

(iii) A decree entered in an action for general determination of rights under Chapter 4 shall bar any claim of forfeiture for prior nonuse against any right determined to be valid in the decree.

(c) The extension of time to resume the use of that water may not exceed five years unless the time is further extended by the state engineer.

(d) The provisions of this section are applicable whether the unused or abandoned water is permitted to run to waste or is used by others without right.

(2) (a) The state engineer shall furnish an application [~~blank~~] form that includes a space for:

(i) the name and address of the applicant;

(ii) the name of the source from which the right is claimed and the point on that source where the water was last diverted;

(iii) evidence of the validity of the right claimed by reference to application number in the state engineer's office;

(iv) date of court decree and title of case, or the date when the water was first used;

(v) the place, time, and nature of past use;

(vi) the flow of water that has been used in second-feet or the quantity stored in acre-feet;

(vii) the time the water was used each year;

(viii) the extension of time applied for;

(ix) a statement of the reason for the nonuse of the water; and

(x) any other information that the state engineer requires.

(b) Filing the application extends the time during which nonuse may continue until the state engineer issues his order on the application for an extension of time.

(c) (i) Upon receipt of the application, the state engineer shall publish, once a week for two successive weeks, a notice of the application in a newspaper of general circulation in the county in which the source of the water supply is located and where the water is to be used.

(ii) The notice may be published in more than one newspaper.

(iii) The notice shall inform the public of the nature of the right for which the extension is sought and the reasons for the extension.

(d) Any interested person may file a written protest with the state engineer against the granting of the application:

(i) within 20 days after the notice is published, if the adjudicative proceeding is informal; and

(ii) within 30 days after the notice is published, if the adjudicative proceeding is formal.

(e) In any proceedings to determine whether the application for extension should be approved or rejected, the state engineer shall follow the procedures and requirements of Title 63, Chapter 46b, Administrative Procedures Act.

(f) After further investigation, the state engineer may approve or reject the application.

(3) (a) Applications for extension shall be granted by the state engineer for periods not exceeding five years each, upon a showing of reasonable cause for nonuse.

(b) Reasonable causes for nonuse include:

(i) financial crisis;

(ii) industrial depression;

(iii) operation of legal proceedings or other unavoidable cause; and

(iv) the holding of a water right without use by any municipality, metropolitan water district, or other public agency to meet the reasonable future requirements of the public.

(4) (a) Sixty days before the expiration of any extension of time, the state engineer shall notify the applicant by registered mail or by any form of electronic communication through which receipt is verifiable of the date when the extension period will expire.

(b) Before the date of expiration, the applicant shall either:

(i) file in a manner prescribed by the state engineer a [~~verified~~] signed statement with the state engineer setting forth the date on which use of the water was resumed, and whatever additional information is required by the state engineer; or

(ii) apply for a further extension of time in which to resume use of the water according to the procedures and requirements of this section.

(5) The appropriator's water right ceases and the water reverts to the public if the:

(a) appropriator or the appropriator's successor in interest fails to apply for an extension of time;

(b) state engineer denies the application for extension of time; or

(c) appropriator or the appropriator's successor in interest fails to apply for a further extension of time.

(d) (i) The point of diversion and point of return of the water shall be designated with reference to the United States land survey corners, mineral monuments or permanent federal triangulation or traverse monuments, when either the point of diversion or the point of return is situated within six miles of the corners and monuments.

(ii) If the point of diversion or point of return is located in unsurveyed territory, the point may be designated with reference to a permanent, prominent natural object.

(iii) The storage of water by means of a reservoir shall be regarded as a diversion, and the point of diversion in those cases is the point where the longitudinal axis of the dam crosses the center of the stream bed.

(iv) The point where released storage water is taken from the stream shall be designated as the point of rediversion.

(v) The lands to be inundated by any reservoir shall be described as nearly as may be, and by government subdivision if upon surveyed land. The height of the dam, the capacity of the reservoir, and the area of the surface when the reservoir is filled shall be given.

(e) Applications for the appropriation of water filed prior to the enactment of this title, by the United States of America, or any officer or agency of it, or the state of Utah, or any officer or agency of it, are validated, subject to any action by the state engineer.

Section 3. Section 73-3-3 is amended to read:

73-3-3. Permanent or temporary changes in point of diversion, place of use, or purpose of use.

(1) For purposes of this section:

(a) "Permanent changes" means changes for an indefinite length of time with an intent to relinquish the original point of diversion, place of use, or purpose of use.

(b) "Temporary changes" means changes for fixed periods not exceeding one year.

(2) (a) Any person entitled to the use of water may make permanent or temporary changes in the:

(i) point of diversion;

(ii) place of use; or

(iii) purpose of use for which the water was originally appropriated.

(b) A change may not be made if it impairs any vested right without just compensation.

(3) Both permanent and temporary changes of point of diversion, place of use, or purpose of use of water, including water involved in general adjudication or other suits, shall be made in the manner provided in this section.

(4) (a) A change may not be made unless the change application is approved by the state engineer.

(b) Applications shall be made upon forms furnished by the state engineer and shall set forth:

(i) the name of the applicant;

(ii) a description of the water right;

(iii) the quantity of water;

(iv) the stream or source;

(v) the point on the stream or source where the water is diverted;

(vi) the point to which it is proposed to change the diversion of the water;

(vii) the place, purpose, and extent of the present use;

(viii) the place, purpose, and extent of the proposed use; and

(ix) any other information that the state engineer requires.

(5) (a) The state engineer shall follow the same procedures, and the rights and duties of the applicants with respect to applications for permanent changes of point of diversion, place of use, or purpose of use shall be the same, as provided in this title for applications to appropriate water.

(b) The state engineer may, in connection with applications for permanent change involving only a change in point of diversion of 660 feet or less, waive the necessity for publishing a notice of application.

(6) (a) The state engineer shall investigate all temporary change applications.

(b) If the state engineer finds that the temporary change will not impair any vested rights of others, he shall issue an order authorizing the change.

(c) If the state engineer finds that the change sought might impair vested rights, before authorizing the change, he shall give notice of the application to any person whose rights may be affected by the change.

(d) Before making an investigation or giving notice, the state engineer may require the applicant to deposit a sum of money sufficient to pay the expenses of the investigation and publication of notice.

(7) (a) The state engineer may not reject applications for either permanent or temporary changes for the sole reason that the change would impair the vested rights of others.

(b) If otherwise proper, permanent or temporary changes may be approved for part of the water involved or upon the condition that conflicting rights are acquired.

(8) (a) Any person holding an approved application for the appropriation of water may either permanently or temporarily change the point of diversion, place of use, or purpose of use.

(b) A change of an approved application does not:

(i) affect the priority of the original application; or

(ii) extend the time period within which the construction of work is to begin or be completed.

(9) Any person who changes or who attempts to change a point of diversion, place of use, or purpose of use, either permanently or temporarily, without first applying to the state engineer in the manner provided in this section:

(a) obtains no right; and

(b) is guilty of a class B misdemeanor, each day of the unlawful change constituting a separate offense, separately punishable.

(10) (a) This section does not apply to the replacement of an existing well by a new well drilled within a radius of 150 feet from the point of diversion of the existing well.

(b) Any replacement well must be drilled in accordance with the requirements of Section 73-3-28.

(11) (a) In accordance with the requirements of this section, the Division of Wildlife Resources or Division of Parks and Recreation may file applications for permanent or temporary changes for the purpose of providing water for instream flows, within a designated section of a natural stream channel or altered natural stream channel, necessary within the state of Utah for:

(i) the propagation of fish;

(ii) public recreation; or

(iii) the reasonable preservation or enhancement of the natural stream environment.

(b) Applications may be filed for changes on:

(i) perfected water rights presently owned by the respective division;

(ii) perfected water rights purchased by the respective division for the purpose of providing water for instream flows, through funding provided for that purpose by legislative appropriation or acquired by lease, agreement, gift, exchange, or contribution; or

(iii) appurtenant water rights acquired with the acquisition of real property by either division.

(c) A physical structure or physical diversion from the stream is not required to implement a change for instream flow use.

(d) Subsection (11) does not allow enlargement of the water right sought to be changed nor may the change impair any vested water right.

(e) In addition to the other requirements of this section, an application filed by either division shall:

(i) set forth the legal description of the points on the stream between which the necessary instream flows will be provided by the change; and

(ii) include appropriate studies, reports, or other information required by the state engineer that demonstrate the necessity for the instream flows in the specified section of the stream and the projected benefits to the public that will result from the change.

(f) The Division of Wildlife Resources and Division of Parks and Recreation may:

(i) purchase water rights for the purposes provided in Subsection (11)(a) only with funds specifically appropriated by the Legislature for water rights purchases; or

(ii) accept a donated water right without legislative approval.

(g) Subsection (11) does not authorize either division to:

(i) appropriate unappropriated water under Section 73-3-2 for the purpose of providing instream flows; or

(ii) acquire water rights by eminent domain for instream flows or for any other purpose.

(h) Subsection (11) applies only to change applications filed on or after April 28, 1986.

(12) (a) Sixty days before the date on which proof of change for instream flows under Subsection (11) is due, the state engineer shall notify the applicant by registered mail or by any form of electronic communication through which receipt is verifiable of the date when proof of change is due.

(b) Before the date when proof of change is due, the applicant must either:

(i) file a verified statement with the state engineer that the instream flow uses have been perfected, which shall set forth:

(A) the legal description of the points on the natural stream channel or altered natural stream channel between which the necessary instream flows have been provided;

(B) detailed measurements of the flow of water in second feet changed;

(C) the period of use; and

(D) any additional information required by the state engineer; or

(ii) apply for a further extension of time as provided for in Section 73-3-12.

(c) Upon approval of the verified statement required under Subsection (12)(b)(i), the state engineer shall issue a certificate of change for instream flow use.

Section 4. Section 73-3-5 is amended to read:

73-3-5. Action by engineer on applications.

(1) On receipt of each application containing the information required by Section 73-3-2, and payment of the filing fee, it shall be the duty of the state engineer to make an endorsement thereon of the date of its receipt, and to make a record of such receipt [~~in a book kept in his office~~] for that purpose.

(2) It shall be [~~his~~] the duty of the state engineer to examine the application and determine whether any corrections, amendments or changes are required for clarity and if so, see that such changes are made before further processing.

(3) All applications which shall comply with the provisions of this chapter and with the regulations of the state engineer shall be filed and recorded [~~in a suitable book kept for that purpose~~].

(4) The state engineer may issue a temporary receipt to drill a well at any time after the filing of an application to appropriate water therefrom, as provided by this section if all fees be advanced and if in his judgment there is unappropriated water available in the proposed source and there is no likelihood of impairment of existing rights; provided, however, that the issuance of such temporary permits shall not dispense with the publishing of notice and the final approval or rejection of such application by the state engineer, as provided by this chapter.

(5) The state engineer may send the necessary notices and address all correspondence relating to each application to the owner thereof as shown by the state engineer's records, or to his attorney in fact provided a written power of attorney is filed in the state engineer's office.

Section 5. Section 73-3-12 is amended to read:

73-3-12. Time limit on construction and application to beneficial use -- Extensions -- Procedures and criteria.

(1) As used in this section, "public agency" means a public water supply agency of:

(a) the state; or

(b) a political subdivision of the state.

(2) (a) The construction of the works and the application of water to beneficial use shall be diligently prosecuted to completion within the time fixed by the state engineer.

(b) Extensions of time, not exceeding 50 years from the date of approval of the application, except as provided in Subsection (2)(c), may be granted by the state engineer on proper showing of diligence or reasonable cause for delay.

(c) Additional extensions of time, beyond 50 years, may be granted by the state engineer on applications held by any public agency, if the public agency can demonstrate the water will be needed to meet the reasonable future requirements of the public.

(d) All requests for extension of time shall be made by [~~affidavit~~] signed statement and shall be filed in the office of the state engineer on or before the date fixed for filing proof of appropriation.

(e) Extensions not exceeding 14 years after the date of approval may be granted by the state engineer upon a sufficient showing by [~~affidavit~~] signed statement, but extensions beyond 14 years shall be granted only after application and publication of notice.

(f) (i) (A) The state engineer shall publish notice once each week for two successive weeks in a newspaper of general circulation in the county in which the source of supply is located and where the water is to be used.

(B) The notice may be published in more than one newspaper.

(ii) The notice shall inform the public of the diligence claimed and the reason for the request.

(g) Any person who owns a water right from the source of supply referred to in Subsection (2)(f) or holds an application from that source of supply may file a protest with the state engineer:

(i) within 20 days after the notice is published, if the adjudicative proceeding is informal; and

(ii) within 30 days after the notice is published, if the adjudicative proceeding is formal.

(h) In considering an application to extend the time in which to place water to beneficial use under an approved application, the state engineer shall deny the extension and declare the application lapsed, unless the applicant affirmatively shows that the applicant has exercised or is exercising reasonable and due diligence in working toward completion of the appropriation.

(i) (i) If reasonable and due diligence is shown by the applicant, the state engineer shall approve the extension.

(ii) The approved extension is effective so long as the applicant continues to exercise reasonable diligence in completing the appropriation.

(j) The state engineer shall consider the holding of an approved application by any public agency to meet the reasonable future requirements of the public to be reasonable and due diligence within the meaning of this section for the first 50 years. The state engineer may approve extensions beyond 50 years for a public agency, if the agency provides information sufficient to demonstrate the water will be needed to meet the reasonable future requirements of the public.

(k) If the state engineer finds unjustified delay or lack of diligence in prosecuting the works to completion, the state engineer may deny the extension or may grant the request in part or upon conditions, including a reduction of the priority of all or part of the application.

(3) (a) Except as provided in Subsections (3)(b) and (c), an application upon which proof has not been submitted shall lapse and have no further force or effect after the expiration of 50 years from the date of its approval.

(b) If the works are constructed with which to make beneficial use of the water applied for, the state engineer may, upon showing of that fact, grant additional time beyond the 50-year period in which to make proof.

(c) An application held by a public agency to meet the reasonable future requirements of the public, for which proof of appropriation has not been submitted, shall lapse, unless extended as provided in Subsection (2)(j).

Section 6. Section 73-3-27 is amended to read:

73-3-27. Requests for segregation of pending applications.

Upon request in writing and approval by the state engineer, applications to appropriate or to permanently change the point of diversion, place or purpose of use of water may be divided or segregated into two or more separate parts; provided such request shall be made upon [~~blanks to be~~] forms furnished by the state engineer and shall include the serial number of the application to be segregated, the name, post-office address of the owner of the application, a statement of the nature of the proposed division or segregation, the reasons therefor, and such other information as the state engineer may require.

Action taken by the state engineer on applications for appropriation or permanent change prior to segregation shall be applicable in all respects to the segregated parts thereof. Upon segregation the original and each segregated part shall be treated as separate applications. The approval of a request for segregation shall not confirm the validity or good standing of the segregated application or extend the time for the construction of works. Action of the state engineer upon requests for segregation taken prior to the effective date of this act is approved and confirmed.

Requests for segregation shall be rejected if the approval thereof would impair rights or would prove detrimental to the public welfare.

Section 7. Section 73-3-28 is amended to read:

73-3-28. Replacement wells -- Requirements -- State engineer's approval -- Application to drill -- Filing -- Form -- Contents -- Notice -- Fees -- Definition -- Plugging of old well.

An existing well may be replaced with a replacement well within a radius of 150 feet from the existing well without the filing of a change application under Section 73-3-3, upon approval first having been obtained from the state engineer.

Such request for permission to drill a replacement well shall be filed with the state engineer upon a [~~blank~~] form to be furnished by the state engineer. Such [~~blank~~] form shall contain, but need not be limited to, the name and post office address of the person, corporation or association making the request. The number of the claim or application filed with the state engineer covering the well which is being replaced, the number of the award if in a decree, the reason for the replacement, the location of the replacement well with reference to the nearest United States land survey corner, and from the old well, and the name of the driller employed by the applicant to do the work.

This act modifies the Code of Criminal Procedure by creating the Crime Victims Restitution Act. The act defines terms and sets out procedures for collecting restitution from persons convicted of a crime and ordered by a court to pay restitution to their victims. The act requires input on the issue of restitution from law enforcement agencies, prosecutors, and the Department of Corrections. In addition, the defendant is required to provide information to the court to help the court determine restitution. The act also provides a mechanism by which a restitution order can be enforced through a civil action and declares that it is nondischargeable in bankruptcy. Priority, enforcement, and collection of restitution is also addressed.

This act affects sections of Utah Code Annotated 1953 as follows:

(4) If the defendant objects to the imposition, amount, or distribution of the restitution, the court shall at the time of sentencing allow the defendant a full hearing on the issue.

(5) (a) For the purpose of determining restitution for an offense, the offense shall include any criminal conduct admitted by the defendant to the sentencing court or to which the defendant agrees to pay restitution. A victim of an offense that involves as an element a scheme, a conspiracy, or a pattern of criminal activity, includes any person directly harmed by the defendant's criminal conduct in the course of the scheme, conspiracy, or pattern.

(b) In determining the monetary sum and other conditions for complete restitution, the court shall consider all relevant facts, including:

(i) the cost of the damage or loss if the offense resulted in damage to or loss or destruction of property of a victim of the offense;

(ii) the cost of necessary medical and related professional services and devices relating to physical or mental health care, including nonmedical care and treatment rendered in accordance with a method of healing recognized by the law of the place of treatment;

(iii) the cost of necessary physical and occupational therapy and rehabilitation;

(iv) the income lost by the victim as a result of the offense if the offense resulted in bodily injury to a victim; and

(v) the cost of necessary funeral and related services if the offense resulted in the death of a victim.

(c) In determining the monetary sum and other conditions for court-ordered restitution, the court shall consider the factors listed in Subsections (5)(a) and (b) and:

(i) the financial resources of the defendant and the burden that payment of restitution will impose, with regard to the other obligations of the defendant;

(ii) the ability of the defendant to pay restitution on an installment basis or on other conditions to be fixed by the court;

(iii) the rehabilitative effect on the defendant of the payment of restitution and the method of payment; and

(iv) other circumstances which the court determines may make restitution inappropriate.

(d) The court may decline to make an order or may defer entering an order of restitution if the court determines that the complication and prolongation of the sentencing process, as a result of considering an order of restitution under this subsection, substantially outweighs the need to provide restitution to the victim.

Section 9. Section 77-38a-401 is enacted to read:

Part 4. Restitution Judgments

77-38a-401. Entry of judgment -- Interest -- Civil actions -- Lien.

(1) Upon the court determining that a defendant owes restitution, the clerk of the court shall enter an order of complete restitution as defined in Section 77-38a-302 on the civil judgment docket and provide notice of the order to the parties.

(2) The order shall be considered a legal judgment, enforceable under the Utah Rules of Civil Procedure. In addition, the department may, on behalf of the person in whose favor the restitution order is entered, enforce the restitution order as judgment creditor under the Utah Rules of Civil Procedure.

(3) If the defendant fails to obey a court order for payment of restitution and the victim or department elects to pursue collection of the order by civil process, the victim shall be entitled to recover reasonable attorney's fees.

(4) A judgment ordering restitution when recorded in a registry of judgments docket shall have the same affect and is subject to the same rules as a judgment in a civil action. Interest shall accrue on the amount ordered from the time of sentencing, including prejudgment interest.

(5) The department shall make rules permitting the restitution payments to be credited to principal first and the remainder of payments credited to interest in accordance with Title 63, Chapter 46a, Utah Administrative Rulemaking Act.

Section 10. Section 77-38a-402 is enacted to read:

77-38a-402. Nondischargeability in bankruptcy.

Restitution imposed under this chapter and interest accruing in accordance with Subsection 77-38a-401(4) is considered a debt and may not be discharged in bankruptcy.

Section 11. Section 77-38a-403 is enacted to read:

77-38a-403. Civil action by victim for damages.

(1) Provisions in this part concerning restitution do not limit or impair the right of a person injured by a defendant's criminal activities to sue and recover damages from the defendant in a civil action. Evidence that the defendant has paid or been ordered to pay restitution under this part may not be introduced in any civil action arising out of the facts or events which were the basis for the restitution. However, the court shall credit any restitution paid by the defendant to a victim against any judgment in favor of the victim in the civil action.

(2) If conviction in a criminal trial necessarily decides the issue of a defendant's liability for pecuniary damages of a victim, that issue is conclusively determined as to the defendant if it is involved in a subsequent civil action.

Section 12. Section 77-38a-404 is enacted to read:

77-38a-404. Priority.

(1) If restitution to more than one person, agency, or entity is set at the same time, the department shall establish the following priorities of payment:

(a) the crime victim;

(b) the Office of Crime Victim Reparations;

(c) any other government agency which has provided reimbursement to the victim as a result of the offender's criminal conduct; and

(d) any insurance company which has provided reimbursement to the victim as a result of the offender's criminal conduct.

(2) All money collected for court-ordered obligations from offenders by the department will

be applied first to victim restitution, absent the $30 per month required to be collected by the department under Section 64-13-21.

Section 13. Section 77-38a-501 is enacted to read:

Part 5. Enforcement and Collection

77-38a-501. Collection, default, and sanctions.

When a defendant defaults in the payment of a judgment for restitution or any installment ordered, the court, on motion of the prosecutor, parole or probation agent, victim, or on its own motion may impose sanctions against the defendant as provided in Subsection 76-3-201(1).

Section 14. Section 77-38a-502 is enacted to read:

77-38a-502. Collection from inmate offenders.

In addition to the remedies provided in Section 77-38a-501, the department upon written request of the prosecutor, victim, or parole or probation agent, shall collect restitution from offender funds held by the department as provided in Section 64-13-23.

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 49-1-407 is amended to read:

49-1-407. Member with public service not otherwise qualifying for benefit may purchase credit.

(1) A member may purchase service credit equal to the member's service in the following:

(a) federal employment;

(b) private school employment;

(c) public employment in this or another state that does not qualify for service credit under a system administered by the board;

(d) employment in a university or a public school system if the member is on a leave of absence for reasons relating to employment; [~~or~~]

(e) forfeited public service in this state if the member does not qualify for a retirement benefit for that service[~~.~~]; or

(f) the period of time for which disability benefits were paid if:

(i) the member was receiving:

(A) long-term disability benefits;

(B) short-term disability benefits; or

(C) worker's compensation disability benefits; and

(ii) the member's employer had not entered into a benefit protection contract pursuant to Section 49-1-404 during the period the member was disabled due to sickness or accident.

(2) To purchase credit, the member shall pay an amount fixed by the administrator that is established on an actuarial equivalent basis.

(3) The purchase may be made through payroll deductions or through a lump-sum deposit.

(4) The employer may make the purchase on behalf of the member.

(5) Total payment must be completed prior to retirement or service will be prorated in accordance with the amount paid.

Section 2. Section 49-1-502 is amended to read:

49-1-502. Refunds of vested contributions -- Transfers of contributions.

(1) If a member shall for any cause, except retirement, permanent or temporary disability, or death, cease to be employed in covered services for an employer then the member may:

(a) By signing a written request, affirming therein that the member has neither applied for, nor contemplates further employment with a covered unit, and directing the request to the retirement office, receive a refund of all accumulated contributions, less a withdrawal fee the amount of which the board shall establish by rule for the purpose of reimbursing its administrative fund for the cost entailed by the withdrawal. Notwithstanding the written request, if a member who has requested a refund accepts employment with another covered unit within the 60-day period, the member shall inform the retirement office immediately. In the event of this election, a terminating employee, upon later reemployment by an employer under this title, unless the employee redeposits the refund as permitted by this section, shall be treated as a new employee and the employee's service history and benefit rights shall then be based upon current services from the date of reemployment in covered services.

(b) Leave the member's account in the fund intact. In the event of this election, a terminating employee shall retain status as a member of the system, except for the lack of contributions paid into the fund by the member or on the member's behalf. In the event of reemployment by an employer for services covered by this title, the employee's service history and benefit rights shall be based upon the service credit accredited to the employee at the time of the employee's most recent termination of employment, as well as upon the current service credit that is acquired as the result of reemployment.

(2) Upon the attainment of retirement age, an inactive member has the same rights to retirement benefits, if so eligible, as any active employee member.

(3) Refunds of vested contributions may not be made prior to 60 days from the last day the contributions were made, and only upon the termination of the member.

(4) No refund may be made to an active member of any retirement system administered by the board. Contributions made in error will be returned to the employing unit.

(5) Members who are exempted from a retirement system administered by the board but who remain employed by a covered unit may request a plan-to-plan transfer of vested, untaxed employee contributions to a salary deferral plan administered by the board, as permitted by federal law.

(6) An employee, who is no longer a member of a retirement system administered by the board because the employee's employing unit withdrew from the retirement systems under this title, may request a plan transfer of vested employee contributions to a plan offered by the employer that is qualified to receive the transfer under federal law.

Section 3. Section 49-1-505 is amended to read:

49-1-505. Reemployment of a retired member of a system administered by the board.

The following laws govern the reemployment of a member of any system administered by the board who has retired from any agency and who returns to work at that agency after retirement. A member of any system administered by the board who has retired from any agency and who returns to work for a private employer or at a different agency from which the member retired is not subject to any reemployment restrictions under this section, except as provided in Subsection (4).

(1) (a) (i) If a member of any system administered by the board retires from any agency and is reemployed within a six month period by the agency from which the member retired, including exempt positions, but excluding part-time or full-time elected officials, the employer shall immediately notify the administrator.

(ii) If the member has full-time employment and is not subject to Subsection (1)(b), the administrator shall cancel the member's retirement allowance and reinstate the member to active member status.

(iii) This cancellation of retirement and reinstatement to active status is effective on the first day of the month following the date of reemployment.

(iv) If a member's retirement allowance is cancelled and the member is reinstated to active member status pursuant to this subsection, the member may not retire again with a recalculated benefit for a two-year period from the date of cancellation of the original retirement. If the member retires again within the two-year period, the original retirement benefit shall be resumed.

(v) A reinstated member shall be credited with the service credits standing to the member's account at the time of the first retirement and from that time shall be treated as a member of the system in all respects, including the accrual of additional service credits but subject to recalculation of the retirement allowance under Subsection (4).

(b) (i) If the member is reemployed on a part-time basis or is not an elected official and is otherwise subject to Section 49-4-205, 49-4a-206, or 49-5-204, that member or employee may earn, without penalty, compensation from that position or employment which is not in excess of the exempt earnings permitted by Social Security.

(ii) If a member or an employee receives compensation in a calendar year in excess of the limitation, 25% of the retirement allowance shall be suspended.

(iii) The effective date of a suspension and reinstatement of an allowance shall be set by the administrator.

(iv) Any suspension of a member's retirement allowance pursuant to Subsection (1)(b)(ii) shall be calculated on a calendar year basis.

(2) The member and employer shall maintain an accurate record of gross earnings in employment after retirement, shall report the gross earnings on a monthly basis to the retirement office, and shall immediately notify the administrator in writing of any postretirement earnings under Subsection (1)(a) and whether postretirement earnings equal or exceed the exempt earnings under Subsection (1)(b).

(3) If a member is reinstated to active service and subsequently retires after the two-year period as provided in Subsection (1)(a)(iv), the member's retirement allowance shall be calculated using:

(a) the formula in effect at the date of the member's original retirement for all service prior to that date; and

(b) the formula in effect at the date of the subsequent retirement for all service rendered between the first and the subsequent retirement dates.

(4) (a) A member who has retired from any agency and who returns to work at that agency or a

different agency from which the member retired may not accrue any additional service credit, except that a member who cancels the retirement allowance under Subsection (1) may earn additional service credit.

(b) If a member may not accrue additional service credit under Subsection (4)(a), then the member's employer shall contribute the same percentage of the member's salary that would have been contributed if the member were a member of the retirement system to a:

(i) defined contribution plan administered by the board [~~that would have been contributed if the member were a member of the retirement system~~] if the employer participates in the defined contribution plan administered by the board; or

(ii) defined contribution plan offered by the employer if the employer does not participate in the defined contribution plan administered by the board.

(5) For the purposes of this section:

(a) "full-time" employment means employment of 20 or more hours per week; and

(b) "part-time" employment means employment [~~contemplated as less than full-time by the employer at the time of hire~~] of less than 20 hours per week.

(6) The board may make rules to implement this section.

Section 4. Section 49-1-601 is amended to read:

49-1-601. Payment of employer contributions, fees, and premium taxes -- Failure to comply -- Interest added -- Adjustments to be made.

(1) The employer contributions, fees, and premium taxes shall be paid to the fund by the participating employer in accordance with rules adopted by the board.

(2) Any employing unit that fails to withhold the amount of any employee contributions is required to pay the contribution, together with any employer contribution, fee, or premium tax, to the fund, if necessary, out of its own funds.

(3) (a) If an employing unit does not make the payments required by this title as the payments become due, there is added as part of the amounts due, except for corrections in the amounts of contributions, fees, and premium taxes arising out of error in computation, interest established under this title.

(b) The board may waive all or any part of the interest if the board finds there were extenuating circumstances surrounding any delinquencies.

(4) If more or less than the correct amount of contributions, fees, and premium taxes required by this title is deducted with respect to any payment of compensation, the employer shall make the necessary adjustment with or without interest as required by the board.

Section 5. Section 49-1-606 is amended to read:

49-1-606. Beneficiary designations -- Revocation of beneficiary designation -- Procedure -- Beneficiary not designated -- Payment to survivors in order established under the Uniform Probate Code -- Restrictions on payment -- Payment of deceased's expenses.

(1) The beneficiary designation in a member's file at the retirement office at the time of the member's death is binding in the payment of any benefits due under this title.

(2) A member may revoke a designation of beneficiary at any time and may file a different beneficiary designation by executing and filing with the retirement office a written beneficiary designation on forms provided by the retirement office, except where an optional continuing plan is chosen, or the law makes a specific benefit designation to a dependent spouse, in which case the beneficiary designation may not be revoked.

(3) If no beneficiary is designated, all benefits payable from the retirement system[~~, including retirement benefits accrued but not received prior to death,~~] may be paid or applied to the benefit of the surviving next of kin of the deceased in the order of precedence established under Title 75, Chapter 2, Intestate Succession and Wills.

(4) No payment may be made to persons included in any of these groups if at the date of payment there are living persons in any of the groups preceding it. Payment to the persons in any group based upon receipt from those persons of an affidavit in a form satisfactory to the administrator that:

(a) there are no living individuals in the group preceding it;

(b) that the probate of the estate of the deceased has not been commenced; and

(c) that more than three months have elapsed since the date of death of the decedent, shall be in full satisfaction and discharge of all claims for benefits under this title and payable by reason of the death of the decedent.

(5) If the location of the nominated beneficiary cannot be ascertained or if the nominated beneficiary is the estate of the deceased person, the administrator may pay the costs of the deceased's last illness, convalescent care, and funeral expenses directly to the undertaking establishment, hospital, doctor, or convalescent home which provided the service. The administrator shall require verified statements of the charges before making partial or full payment. The payment shall discharge the obligation of the system and of the fund up to the amount paid.

Section 6. Section 49-1-609 is amended to read:

(2) This section may not be construed to prohibit the administrator from deducting medical or other insurance premiums from a retirant's allowance as requested by the retirant providing that any request is within limitations and rules prescribed by the board.

(3) (a) Notwithstanding Subsection (1), the retirement board shall provide for the division of a member's service retirement allowance, continuing monthly death benefit, or refund of contributions upon termination to former spouses and family members pursuant to an order of a court of competent jurisdiction with respect to domestic relations matters on file with the retirement office.

(b) The court order shall specify the manner in which the retirement allowance or refund of contributions shall be partitioned, whether as a fixed amount or as a percentage of the benefit.

(c) The board may also provide for the division of a member's defined contribution account.

(d) Once benefit payments under a domestic relations order begin, the period for which the payment shall be made may not be altered.

(e) Benefit payments to an alternate payee shall begin at the time the member or beneficiary begins receiving benefit payments.

(f) The alternate payee shall receive benefits in the same form as benefits are received by the member.

[~~(d)~~] (g) The board shall make rules to implement this section.

(4) In accordance with federal law, the board may deduct the required amount from any benefit, payment, or other right accrued or accruing to any member of a system, plan, or program under this title to offset any amount that member owes to a system, plan, or program administered by the board.

Section 7. Section 49-1-610 is amended to read:

(b) (i) If the executive officer of the board cannot determine from the records or other information available the length of service, compensation, or age of any member, the executive officer may estimate, for the purpose of any determination required to be made, any of these factors.

(ii) The board shall review all decisions of the hearing officer.

(3) The moving party in any proceeding brought under this section shall bear the burden of proof.

35A-4-312, as last amended by Chapter 1, Laws of Utah 1998
35A-4-405, as last amended by Chapter 60, Laws of Utah 2000

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 35A-4-305 is amended to read:

35A-4-305. Collection of contributions -- Unpaid contributions to bear interest.

(1) (a) Contributions unpaid on the date on which they are due and payable, as prescribed by the division, shall bear interest at the rate of 1% per month from and after that date until payment plus accrued interest is received by the division.

(b) (i) Contribution reports not made and filed by the date on which they are due as prescribed by the division shall be subject to a penalty to be assessed and collected in the same manner as contributions due under this section equal to 5% of the contribution due if the failure to file on time was not more than 15 days, with an additional 5% for each additional 15 days or fraction thereof during which the failure continued, but not to exceed 25% in the aggregate and not less than $25 with respect to each reporting period.

(ii) If a report is filed after such time and it is shown to the satisfaction of the division or its authorized representative that the failure to file was due to a reasonable cause and not to willful neglect, no addition shall be made to the contribution.

(c) (i) If contributions are unpaid after ten days from the date of the mailing or personal delivery by the division or its authorized representative, of a written demand for payment, there shall attach to the contribution, to be assessed and collected in the same manner as contributions due under this section, a penalty equal to 5% of the contribution due.

(ii) A penalty may not attach if within ten days after the mailing or personal delivery, arrangements for payment have been made with the division, or its authorized representative, and payment is made in accordance with those arrangements.

(d) The division shall assess as a penalty a service charge, in addition to any other penalties that may apply, in an amount not to exceed the service charge imposed by Section 7-15-1 for dishonored instruments if:

(i) any amount due the division for contributions, interest, other penalties or benefit overpayments is paid by check, draft, order, or other instrument; and

(ii) the instrument is dishonored or not paid by the institution against which it is drawn.

(e) Except for benefit overpayments under Subsection 35A-4-405(5), benefit overpayments, contributions, interest, penalties, and assessed costs, uncollected three years after they become due, may be charged as uncollectable and removed from the records of the division if:

(i) no assets belonging to the liable person and subject to attachment can be found; and

(ii) in the opinion of the division there is no likelihood of collection at a future date.

(f) Interest and penalties collected in accordance with this section shall be paid into the Special Administrative Expense Fund.

(g) Action required for the collection of sums due under this chapter is subject to the applicable limitations of actions under Title 78, Chapter 12, Limitation of Actions.

(2) (a) If an employer fails to file a report when prescribed by the division for the purpose of determining the amount of the employer's contribution due under this chapter, or if the report when filed is incorrect or insufficient or is not satisfactory to the division, the division may determine the amount of wages paid for employment during the period or periods with respect to which the reports were or should have been made and the amount of contribution due from the employer on the basis of such information as it may be able to obtain.

(b) The division shall give written notice of the determination to the employer.

(c) The determination is considered correct unless:

(i) the employer, within ten days after mailing or personal delivery of notice of the determination,

applies to the division for a review of the determination as provided in Section 35A-4-508; or

(ii) unless the division or its authorized representative of its own motion reviews the determination.

(d) The amount of contribution so determined shall be subject to penalties and interest as provided in Subsection (1).

(3) (a) If, after due notice, any employer defaults in any payment of contributions, interest, or penalties on the contributions, or any claimant defaults in any repayment of benefit overpayments and penalties on the overpayments, the amount due shall be collectible by civil action in the name of the division, and the employer adjudged in default shall pay the costs of the action.

(b) Civil actions brought under this section to collect contributions, interest or penalties from an employer, or benefit overpayments and penalties from a claimant shall be:

(i) heard by the court at the earliest possible date; and

(ii) entitled to preference upon the calendar of the court over all other civil actions except:

(A) petitions for judicial review under this chapter; and

(B) cases arising under the workers' compensation law of this state.

(c) (i) To collect contributions, interest or penalties, or benefit overpayments and penalties due from employers or claimants located outside Utah the division may employ private collectors providing debt collection services outside Utah. Accounts may be placed with private collectors only after the employer or claimant has been given a final notice that the division intends to place the account with a private collector for further collection action. The notice shall advise the employer or claimant of the employer's or claimant's rights under this chapter and the rules applicable of the department.

(ii) A private collector may receive as compensation up to, but no more than, 25% of the lesser of the amount collected or the amount due, plus the costs and fees of any civil action or post-judgment remedy instituted by the private collector with the approval of the division. The employer or claimant shall be liable to pay the compensation of the collector, costs, and fees in addition to the original amount due.

(iii) A private collector is subject to the federal Fair Debt Collection Practices Act, 15 U.S.C. Sec. 1692 et seq.

(iv) A civil action may not be maintained by any private collector without specific prior written approval of the division. When division approval is given for civil action against an employer or claimant, the division may cooperate with the private collector to the extent necessary to effect the civil action.

(d) (i) Notwithstanding Section 35A-4-312, the division may disclose the contribution, interest, penalties or benefit overpayments and penalties, costs due, the name of the employer or claimant, and the employer's or claimant's address and telephone number when any collection matter is referred to a private collector under Subsection (3)(c).

(ii) A private collector is subject to the confidentiality requirements and penalty provisions provided in Section 35A-4-312 and Subsection 35A-4-104(4), except to the extent disclosure is necessary in any civil action to enforce collection of the amounts due.

(e) An action taken by the division under this section may not be construed to be an election to forego other collection procedures by the division.

(4) (a) In the event of any distribution of an employer's assets under an order of any court under the laws of Utah, including any receivership, assignment for benefits of creditors, adjudicated insolvency, composition, or similar proceedings, contributions then or thereafter due shall be paid in full prior to all other claims except taxes and claims for wages of not more than $400 to each claimant, earned within five months of the commencement of the proceeding.

(b) If an employer commences a proceeding in the Federal Bankruptcy Court under any chapter of the Bankruptcy Reform Act of 1978, 11 U.S.C. 101 et seq., as amended, contributions, interest, and penalties then or thereafter due shall be entitled to the priority provided for taxes, interest, and penalties in the Bankruptcy Reform Act of 1978.

(5) (a) In addition and as an alternative to any other remedy provided by this chapter and provided that no appeal or other proceeding for review provided by this chapter is then pending and the time for taking it has expired, the division may issue a warrant in duplicate, under its official seal, directed to the sheriff of any county of the state, commanding the sheriff to levy upon and sell the real and personal property of a delinquent employer or claimant found within the sheriff's county for the payment of the contributions due thereon, with the added penalties, interest, or benefit overpayment and penalties, and costs, and to return the warrant to the division and pay into the fund the money collected by virtue of the warrant by a time to be therein specified, not more than 60 days from the date of the warrant.

(b) Immediately upon receipt of the warrant in duplicate, the sheriff shall file the duplicate with the clerk of the district court in the sheriff's county. The clerk shall enter in the judgment docket, in the column for judgment debtors, the name of the delinquent employer or claimant mentioned in the warrant, and in appropriate columns the amount of the contribution, penalties, interest, or benefit overpayment and penalties, and costs, for which the warrant is issued and the date when the duplicate is filed.

(c) The amount of the warrant so docketed shall:

(i) have the force and effect of an execution against all personal property of the delinquent employer; and

(ii) become a lien upon the real property of the delinquent employer or claimant in the same manner and to the same extent as a judgment duly rendered by any district court and docketed in the office of the clerk.

(d) After docketing, the sheriff shall:

(i) proceed in the same manner as is prescribed by law with respect to execution issued against property upon judgments of a court of record; and

(ii) be entitled to the same fees for the sheriff's services in executing the warrant, to be collected in the same manner.

(6) (a) Contributions imposed by this chapter are a lien upon the property of any employer liable for the contribution required to be collected under this section who shall sell out the employer's business or stock of goods or shall quit business, if the employer fails to make a final report and payment on the date subsequent to the date of selling or quitting business on which they are due and payable as prescribed by rule.

(b) An employer's successor, successors, or assigns, if any, shall be required to withhold sufficient of the purchase money to cover the amount of the contributions and interest or penalties due and payable until such time as the former owner shall produce a receipt from the division showing that they have been paid or a certificate stating that no amount is due. If the purchaser of a business or stock of goods fails to withhold sufficient purchase money, the purchaser shall be personally liable for the payment of the amount of the contributions required to be paid by the former owner, interest and penalties accrued and unpaid by the former owner, owners, or assignors.

(7) (a) If any employer is delinquent in the payment of any contribution, the division may give notice of the amount of the delinquency by registered mail to all persons having in their possession or under their control, any credits or other personal property belonging to the employer, or owing any debts to the employer at the time of the receipt by them of the notice.

(b) Any persons notified under Subsection (7)(a) shall neither transfer nor make any other disposition of the credits, other personal property, or debts until:

(i) the division has consented to a transfer or disposition; or

(ii) 20 days after the receipt of the notice.

(c) All persons notified under Subsection (7)(a) shall, within five days after receipt of the notice, advise the division of credits, other personal property, or other debts in their possession, under their control or owing by them, as the case may be.

(8) (a) Each employer shall furnish the division necessary information for the proper administration of this chapter and shall include wage information for each employee, for each calendar quarter beginning October 1, 1984. The information shall be furnished at a time, in the form, and to those individuals as the department may by rule require.

(b) Each employer shall furnish each individual worker who is separated that information as the department may by rule require, and shall furnish within 48 hours of the receipt of a request from the division a report of the earnings of any individual during the individual's base-period. The report shall be on a form prescribed by the division and contain all information prescribed by the division.

(c) For each failure by an employer to conform to this Subsection (8) the division shall, unless good cause is shown to the satisfaction of the division for the failure, assess a $50 penalty to be collected in the same manner as contributions due under this chapter.

(d) The division shall prescribe rules providing standards for determining which contribution reports must be filed on magnetic media or in other machine-readable form. In prescribing these rules, the division:

(i) shall not require any employer to file contribution reports on magnetic media unless that employer is required to file wage data on at least 250 employees during any calender quarter;

(ii) shall take into account, among other relevant factors, the ability of the employer to comply at reasonable cost with the requirements of the rules; and

(iii) may require an employer to post a bond for failure to comply with the rules required by this Subsection (8)(d).

(9) If any person liable to pay any contribution or benefit overpayment imposed by this chapter neglects or refuses to pay the same after demand, the amount, including any interest, additional amount, addition to contributions, or assessable penalty, together with any additional accruable costs, shall be a lien in favor of the division upon all property and rights to property, whether real or personal belonging to the person.

(10) (a) The lien imposed by Subsection (9) arises at the time the assessment, as defined in the department rules, is made and continues until the liability for the amount so assessed, or a judgment against the taxpayer arising out of the liability, is satisfied.

(b) The lien imposed by Subsection (9) is not valid as against any purchaser, holder of a security interest, mechanics lien holder, or judgment lien creditor until a warrant which meets the requirements of Subsection (5) has been filed with the clerk of the district court. For the purposes of Subsection (10)(b):

(i) "Judgment lien creditor" means a person who obtains a valid judgment of a court of record for

recovery of specific property or a sum certain of money, and who in the case of a recovery of money, has a perfected lien under the judgment on the property involved. A judgment lien does not include inchoate liens such as attachment or garnishment liens until they ripen into a judgment. A judgment lien does not include the determination or assessment of a quasi-judicial authority, such as a state or federal taxing authority.

(ii) "Mechanics lien holder" means any person who has a lien on real property, or on the proceeds of a contract relating to real property, for services, labor, or materials furnished in connection with the construction or improvement of the property. A person has a lien on the earliest date the lien becomes valid against subsequent purchasers without actual notice, but not before the person begins to furnish the services, labor, or materials.

(iii) "Person" means:

(A) an individual;

(B) a trust;

(C) an estate;

(D) a partnership;

(E) an association;

(F) a company;

(G) a limited liability company;

(H) a limited liability partnership; or

(I) a corporation.

(iv) "Purchaser" means a person who, for adequate and full consideration in money or money's worth, acquires an interest, other than a lien or security interest, in property which is valid under state law against subsequent purchasers without actual notice.

(v) "Security interest" means any interest in property acquired by contract for the purpose of securing payment or performance of an obligation or indemnifying against loss or liability. A security interest exists at any time:

(A) the property is in existence and the interest has become protected under the law against a subsequent judgment lien arising out of an unsecured obligation; and

(B) to the extent that, at that time, the holder has parted with money or money's worth.

Section 2. Section 35A-4-309 is amended to read:

35A-4-309. Nonprofit organizations -- Contributions -- Payments in lieu of contributions.

(1) Notwithstanding any other provisions of this chapter for payments by employers, benefits paid to employees of nonprofit organizations, as described in Section 501(c)(3) of the Internal Revenue Code, 26 U.S.C. 501(c)(3), that is exempt from income tax under Section 501(a), shall be financed in accordance with the following provisions:

(a) Any nonprofit organization which is, or becomes, subject to this chapter on or after January 1, 1972, shall pay contributions under the provisions of Section 35A-4-303, unless it elects in accordance with Subsection (1) to pay to the division for the unemployment fund an amount equal to the amount of regular benefits and of 1/2 of the extended benefits paid that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment that begin during the effective period of this election.

(b) Any nonprofit organization that is or becomes subject to this chapter on or after January 1, 1972, may elect to become liable for payments in lieu of contributions for a period of not less than one contribution year beginning with the date on which the organization becomes subject to this chapter. The nonprofit organization shall file a written notice of its election with the division not later than 30 days immediately following the date that the division gives notice to the organization that it is subject to this chapter.

(c) Any nonprofit organization that makes an election in accordance with Subsection (1)(b) shall continue to be liable for payments in lieu of contributions until it files with the division a written notice terminating its election, not later than 30 days prior to the beginning of the contribution year for which this termination shall first be effective.

(d) Any nonprofit organization that has been paying contributions under this chapter for a period subsequent to January 1, 1972, may change to a reimbursable basis by filing with the division, no later than 30 days prior to the beginning of any contribution year, a written notice of election to become liable for payments in lieu of contributions. This election is not terminable by the organization for that year or the next year.

(e) The division may, for good cause, extend the period within which a notice of election or a notice of termination must be filed and may permit an election to be retroactive but not with respect to benefits paid prior to January 1, 1970.

(f) The division, in accordance with department rules, shall notify each nonprofit organization of any determination that the division may make of the organization's status as an employer, of the effective date of any election that it makes, and of any termination of this election. These determinations shall be subject to reconsideration, appeal, and review in accordance with the provisions of Section 35A-4-508.

(2) Payments in lieu of contributions shall be made in accordance with the provisions of Subsection (2).

(a) At the end of each calendar month, or at the end of any other period as determined by the division, the division shall bill each nonprofit organization or group of such organizations that has elected to make payments in lieu of contributions for an amount equal to the full amount of regular benefits plus 1/2 of the amount of

extended benefits paid during this month or other prescribed period that is attributable to service in the employ of the organization.

(b) (i) Every nonprofit organization that has elected payments in lieu of contributions may request permission to make payments under one of the methods provided in Subsection (2)(b). The method selected becomes effective upon approval by the division. At the end of each calendar month, or at the end of such other period as determined by the division, the division shall bill each organization for an amount representing the organization's choice of the following:

(A) for 1972, 0.1% of its total payroll for 1971;

(B) for years after 1972, the percentage of its total payroll for the immediately preceding calendar year as determined by the division, based upon the average benefit costs attributable to service in the employ of nonprofit organizations during the preceding calendar year; or

(C) for any organization that did not pay wages throughout the four calendar quarters of the preceding calendar year, the percentage of its payroll during the year as determined by the division.

(ii) At the end of each contribution year, the division may modify the monthly or other period's percentage of payroll thereafter payable by the nonprofit organization in order to minimize excess or insufficient payments.

(iii) At the end of each contribution year, the division shall determine whether the total of payments for the year made by a nonprofit organization is less than, or in excess of, the total amount of regular benefits plus 1/2 of the amount of extended benefits paid to individuals during the contribution year based on wages attributable to service in the employ of the organization. Each nonprofit organization whose total payments for the year are less than the amount so determined shall be liable for payment of the unpaid balance to the fund in accordance with Subsection (2)(c). If the total payments exceed the amount so determined for the contribution year, all or a part of the excess may, at the discretion of the division, be refunded from the fund or retained in the fund as part of the payments that may be required for the next contribution year.

(c) Payment of any bill rendered under Subsection (2)(a) or (2)(b) shall be made no later than 30 days after the bill was mailed to the last-known address of the nonprofit organization or was otherwise delivered to it, unless there has been an application for review and redetermination in accordance with Subsection (2)(e).

(d) Payments made by any nonprofit organization under the provisions of Subsection (2) shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(e) (i) The amount due specified in any bill from the division shall be conclusive on the organization unless, not later than 15 days after the bill was mailed to its last-known address or otherwise delivered to it, the organization files an application for redetermination by the division or an appeal to the Workforce Appeals Board, setting forth the grounds for the application or appeal.

(ii) The division shall promptly review and reconsider the amount due specified in the bill and shall thereafter issue a redetermination in any case in which the application for redetermination has been filed.

(iii) Any redetermination shall be conclusive on the organization unless, no later than 15 days after the redetermination was mailed to its last known address or otherwise delivered to it, the organization files an appeal to a Workforce Appeals Board in accordance with Section 35A-4-508 and Chapter 1, Part 3, Adjudicative Proceedings, setting forth the grounds for the appeal.

(iv) Proceedings on appeal to the Workforce Appeals Board from the amount of a bill rendered under Subsection (2) or a redetermination of the amount shall be in accordance with Section 35A-4-508.

(f) Past due payments of amounts in lieu of contributions shall be subject to the same interest and penalties that, under Subsection 35A-4-305(1)[~~(a)~~], attach to past due contributions.

(3) If any nonprofit organization is delinquent in making payments in lieu of contributions as required under Subsection (2), the division may terminate the organization's election to make payment in lieu of contributions as of the beginning of the next contribution year, and this termination shall be effective for that and the next contribution year.

(4) In the discretion of the division, any nonprofit organization that elects to become liable for payments in lieu of contributions shall be required, within 30 days after the effective date of its election, to deposit money with the division. The amount of the deposit shall be determined in accordance with the provisions of Subsection (4).

(a) The amount of the deposit required by Subsection (4) shall be equal to 1% of the organization's total wages paid for employment as defined in Section 35A-4-204 for the four calendar quarters immediately preceding the effective date of the election, or the biennial anniversary of the effective date of election, whichever date shall be most recent and applicable. If the nonprofit organization did not pay wages in each of these four calendar quarters, the amount of the deposit shall be as determined by the division.

(b) (i) Any deposit of money in accordance with Subsection (4) shall be retained by the division in an escrow account until liability under the election is terminated, at which time it shall be returned to the organization, less any deductions as provided in Subsection (4).

(ii) The division may deduct from the money deposited under Subsection (4) by a nonprofit organization to the extent necessary to satisfy any

due and unpaid payments in lieu of contributions and any applicable interest and penalties provided for in Subsection (2)(f).

(iii) The division shall require the organization within 30 days following any deduction from a money deposit under the provisions of Subsection (4) to deposit sufficient additional money to make whole the organization's deposit at the prior level.

(iv) The division may, at any time, review the adequacy of the deposit made by any organization. If, as a result of this review, the division determines that an adjustment is necessary, it shall require the organization to make additional deposit within 30 days of written notice of the division's determination or shall return to it any portion of the deposit the division no longer considers necessary, as [~~deemed~~] considered appropriate.

(c) If any nonprofit organization fails to make a deposit, or to increase or make whole the amount of a previously made deposit, as provided under Subsection (4), the division may terminate the organization's election to make payments in lieu of contributions.

(d) (i) Termination under Subsection (4)(c) shall continue for not less than the four-consecutive-calendar-quarter period beginning with the quarter in which the termination becomes effective.

(ii) The division may extend for good cause the applicable filing, deposit, or adjustment period by not more than 60 days.

(5) Each employer liable for payments in lieu of contributions shall pay to the division for the fund the amount of regular benefits plus the amount of 1/2 of extended benefits paid that are attributable to service in the employ of the employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of these employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer liable for the payments shall be determined in accordance with the provisions of Subsection (5)(a) or (b).

(a) If benefits paid to an individual are based on wages paid by one or more employers who are liable for payments in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be an amount that bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages paid to the individual by all of the individual's base-period employers.

(b) If benefits paid to an individual are based on wages paid by two or more employers who are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by the employer bear to the total base-period wages paid to the individual by all of the individual's base-period employers.

(6) (a) Two or more employers who have become liable for payments in lieu of contributions, in accordance with the provisions of this section and Subsection 35A-4-204(2)(d), may file a joint application to the division for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of these employers. Each application shall identify and authorize a group representative to act as the group's agent for the purpose of this Subsection (6).

(b) Upon approval of the application, the division shall establish a group account for these employers effective as of the beginning of the calendar quarter in which it receives the application and shall notify the group's representative of the effective date of the account. This account shall remain in effect for not less than two contribution years and thereafter until terminated at the discretion of the division or upon application by the group.

(c) Upon establishment of the account, each member of the group shall be liable for payments in lieu of contributions with respect to each calendar quarter in the amount that bears the same ratio to the total benefits paid in such quarter attributable to service performed in the employ of all members of the group as the total wages paid for service in employment by such member in such quarter bear to the total wages paid during such quarter for service performed in the employ of all members of the group.

(d) The department shall prescribe rules, with respect to applications for establishment, maintenance, and termination of group accounts authorized by this Subsection (6), for addition of new members to, and withdrawal of active members from, these accounts, for the determination of the amounts that are payable under this Subsection (6) by members of the group, and the time and manner of these payments.

(7) (a) An employing unit that acquires a nonprofit organization or substantially all the assets of a nonprofit organization that has elected reimbursable coverage as defined in Subsection (1), in accordance with rules made by the commission, shall be given the subject date of the transferring nonprofit organization, provided the transferring nonprofit organization ceases to operate as an employing unit at the point of acquisition.

(b) The acquiring entity shall reimburse the Unemployment Compensation Fund for the transferring nonprofit organization's share of any unreimbursed benefits paid to former employees of the transferring nonprofit organization.

Section 3. Section 35A-4-312 is amended to read:

35A-4-312. Records.

(1) Each employing unit shall keep true and accurate work records containing any information the department may prescribe by rule. The records shall be open to inspection and subject to being

(2) The division may require from any employing unit any sworn or unsworn reports with respect to persons employed by it that the division considers necessary for the effective administration of this chapter.

(3) [~~(a)~~] Except as provided in this section or in Sections 35A-4-103 and 35A-4-106, information obtained under this chapter or obtained from any individual may not be published or open to public inspection in any manner revealing the employing unit's or individual's identity.

(k) an individual whose wage data has been submitted to the department by an employer, so long as no information other than the individual's wage data and the identity of the party who submitted the information is provided to the individual.

(6) Disclosure of private information pursuant to Subsection (4)(a)(ii) or Subsection (5), with the exception of Subsections (5)[~~(d)~~] (a) and (f), shall be made only if:

(7) The employees of a division of the department other than the Division of Workforce Information

Section 4. Section 35A-4-405 is amended to read:

35A-4-405. Ineligibility for benefits.

An individual is ineligible for benefits or for purposes of establishing a waiting period:

(1) (a) For the week in which the claimant left work voluntarily without good cause, if so found by the division, and for each week thereafter until the claimant has performed services in bona fide, covered employment and earned wages for those services equal to at least six times the claimant's weekly benefit amount.

(b) A claimant shall not be denied eligibility for benefits if the claimant leaves work under circumstances of such a nature that it would be contrary to equity and good conscience to impose a disqualification.

(c) [~~The~~] Using available information from employers and the claimant, the division shall[~~, in cooperation with the employer,~~] consider for the purposes of this chapter the reasonableness of the claimant's actions, and the extent to which the actions evidence a genuine continuing attachment to the labor market in reaching a determination of whether the ineligibility of a claimant is contrary to equity and good conscience.

(d) Notwithstanding any other subsection of this section, a claimant who has left work voluntarily to accompany, follow, or join the claimant's spouse to or in a new locality does so without good cause for purposes of Subsection (1).

(2) (a) For the week in which the claimant was discharged for just cause or for an act or omission in connection with employment, not constituting a crime, which is deliberate, willful, or wanton and adverse to the employer's rightful interest, if so found by the division, and thereafter until the claimant has earned an amount equal to at least six times the claimant's weekly benefit amount in bona fide covered employment.

(b) For the week in which he was discharged for dishonesty constituting a crime or any felony or class A misdemeanor in connection with his work as shown by the facts, together with his admission, or as shown by his conviction of that crime in a court of competent jurisdiction and for the 51 next following weeks. Wage credits shall be deleted from the claimant's base period, and are not available for this or any subsequent claim for benefits.

(3) (a) If the division finds that the claimant has failed without good cause to properly apply for available suitable work, to accept a referral to suitable work offered by the employment office, or to accept suitable work offered by an employer or the employment office. The ineligibility continues until the claimant has performed services in bona fide covered employment and earned wages for the services in an amount equal to at least six times the claimant's weekly benefit amount.

(b) (i) A claimant shall not be denied eligibility for benefits for failure to apply, accept referral, or accept available suitable work under circumstances of such a nature that it would be contrary to equity and good conscience to impose a disqualification.

(ii) The division shall consider the purposes of this chapter, the reasonableness of the claimant's actions, and the extent to which the actions evidence a genuine continuing attachment to the labor market in reaching a determination of whether the ineligibility of a claimant is contrary to equity and good conscience.

(c) In determining whether or not work is suitable for an individual, the division shall consider the:

(i) degree of risk involved to his health, safety, and morals;

(ii) individual's physical fitness and prior training;

(iii) individual's prior earnings and experience;

(iv) individual's length of unemployment;

(v) prospects for securing local work in his customary occupation;

(vi) wages for similar work in the locality; and

(vii) distance of the available work from his residence.

(d) Prior earnings shall be considered on the basis of all four quarters used in establishing eligibility and not just the earnings from the most recent employer. The division shall be more prone to find work as suitable the longer the claimant has been unemployed and the less likely the prospects are to secure local work in his customary occupation.

(e) Notwithstanding any other provision of this chapter, no work is suitable, and benefits shall not be denied under this chapter to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(i) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(ii) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality; or

(iii) if as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization.

(4) For any week in which the division finds that his unemployment is due to a stoppage of work that exists because of a strike involving his grade, class, or group of workers at the factory or establishment at which he is or was last employed.

(a) If the division finds that a strike has been fomented by a worker of any employer, none of the workers of the grade, class, or group of workers of the individual who is found to be a party to the plan, or agreement to foment a strike, shall be eligible for benefits. However, if the division finds that the strike is caused by the failure or refusal of any employer to conform to the provisions of any law of the state or of the United States pertaining to hours, wages, or other conditions of work, the strike shall not render the workers ineligible for benefits.

(b) If the division finds that the employer, his agent or representative has conspired, planned, or agreed with any of his workers, their agents or representatives to foment a strike, that strike shall not render the workers ineligible for benefits.

(c) A worker may receive benefits if, subsequent to his unemployment because of a strike as defined in this Subsection (4), he has obtained employment and has been paid wages of not less than the amount specified in Subsection 35A-4-401(4) and has worked as specified in Subsection 35A-4-403(1)(f). During the existence of the stoppage of work due to this strike the wages of the worker used for the determination of his benefit rights shall not include any wages he earned from the employer involved in the strike.

(5) (a) For each week with respect to which the claimant willfully made a false statement or representation or knowingly failed to report a material fact to obtain any benefit under the provisions of this chapter, and an additional 13 weeks for the first week the statement or representation was made or fact withheld and six weeks for each week thereafter; the additional weeks not to exceed 49 weeks.

(b) The additional period shall commence on the Sunday following the issuance of a determination finding the claimant in violation of this Subsection (5).

(c) Each individual found in violation of this Subsection (5) shall repay to the division the amount of benefits the claimant actually received and, as a civil penalty, an amount equal to the benefits the claimant received by direct reason of his fraud. The penalty amount shall be regarded as any other penalty under this chapter. These amounts shall be collectible by civil action or warrant in the manner provided in Subsections 35A-4-305(3) and (5).

(d) A claimant is ineligible for future benefits or waiting week credit, and any wage credits earned by the claimant shall be unavailable for purposes of paying benefits, if any amount owed under this Subsection (5) remains unpaid.

(e) Determinations under this Subsection (5) shall be appealable in the manner provided by this chapter for appeals from other benefit determinations.

(6) For any week with respect to which or a part of which he has received or is seeking unemployment benefits under an unemployment compensation law of another state or the United States. If the appropriate agency of the other state or of the United States finally determines that he is not entitled to those unemployment benefits, this disqualification does not apply.

(7) (a) For any week with respect to which he is receiving, has received, or is entitled to receive remuneration in the form of:

(i) wages in lieu of notice, or a dismissal or separation payment; or

(ii) accrued vacation or terminal leave payment.

(b) If the remuneration is less than the benefits that would otherwise be due, he is entitled to receive for that week, if otherwise eligible, benefits reduced as provided in Subsection 35A-4-401(3).

(8) (a) For any week in which the individual's benefits are based on service for an educational institution in an instructional, research, or principal administrative capacity and that begins during the period between two successive academic years, or during a similar period between two regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract if the individual performs services in the first of those academic years or terms and if there is a contract or reasonable assurance that the individual will perform services in that capacity for an educational institution in the second of the academic years or terms.

(b) For any week in which the individual's benefits are based on service in any other capacity for an educational institution, and that week begins during a period between two successive academic years or terms if the individual performs those services in the first of the academic years or terms and there is a reasonable assurance that the individual will perform the services in the second of the academic years or terms. If compensation is denied to any individual under this Subsection (8) and the individual was not offered an opportunity to perform the services for the educational institution for the second of the academic years or terms, the individual shall be entitled to a retroactive payment of compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of this Subsection (8).

(c) With respect to any services described in Subsection (8)(a) or (b), compensation payable on the basis of those services shall be denied to an individual for any week that commences during an established and customary vacation period or holiday recess if the individual performs the services in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance that the individual will perform the services in the period immediately following the vacation period or holiday recess.

(d) With respect to services described in Subsection (8)(a) or (b), compensation payable on the basis of those services as provided in Subsection (8)(a), (b), or (c) shall be denied to an individual who performed those services in an educational institution while in the employ of an educational service agency. For purposes of this Subsection

(8)(d), "educational service agency" means a governmental agency or entity established and operated exclusively for the purpose of providing the services described in Subsection (8)(a) or (b) to an educational institution.

(e) Benefits based on service in employment, defined in Subsections 35A-4-204(2)(d) and (e) are payable in the same amount, on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this chapter.

(9) For any week that commences during the period between two successive sport seasons or similar periods if the individual performed any services, substantially all of which consists of participating in sports or athletic events or training or preparing to participate in the first of those seasons or similar periods and there is a reasonable assurance that individual will perform those services in the later of the seasons or similar periods.

(10) (a) For any week in which the benefits are based upon services performed by an alien, unless the alien is an individual who has been lawfully admitted for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services or, was permanently residing in the United States under color of law at the time the services were performed, including an alien who is lawfully present in the United States as a result of the application of Subsection 212(d)(5) of the Immigration and Nationality Act, 8 U.S.C. 1182(d)(5)(A).

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to the individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

Sponsor: Wayne A. Harper

This act modifies provisions of the Judicial Code and the Human Services Code related to child welfare. This act requires the Division of Child and Family Services to maintain a separate database system for unsubstantiated reports of child abuse and reports of child abuse that are without merit. The act reduces the period of time unsubstantiated reports of child abuse are maintained on the database system from ten years to five years. The act establishes circumstances in which the division shall remove a name from the database. The act requires the Child Welfare Legislative Oversight Committee to study immunity of child protection service workers. The act clarifies the circumstances in which an officer may use force to remove a child from a home. This act clarifies the conditions that must be met before a child suspected of being abused or a sibling may be removed from the home. The act requires a court to order visitation with a parent at the shelter hearing and at the dispositional hearing unless visitation is not in the best interest of the child. This act includes a coordination clause.

(B) may only access the licensing part of the management information system in accordance with the provisions of Subsection (5)(a)(ii).

(iv) The Department of Health may obtain information in the possession of the division that relates to a substantiated finding of abuse or neglect of a person screened under this Subsection (5)(c).

(d) (i) Information in the licensing part of the management information system is confidential and may only be used or disclosed as specifically provided in this section, Section 62A-2-121, and Section 62A-4a-116.5.

(ii) No person, unless listed in Subsection (5)(a)(ii), may request another person to obtain or release a report or any other information in the possession of the division obtained as a result of the report that is available under Subsection (5)(a)(ii)(A)(III) to screen for potential perpetrators of child abuse or neglect.

(iii) A person who requests information knowing that it is a violation of Subsection (5)(d)(ii) to do so is subject to the criminal penalty in Section 62A-4a-412.

(6) All information contained in the management information system shall be available to the department upon the approval of the executive director, on a need-to-know basis.

(7) (a) The division may allow its contract providers to have limited access to the management information system. The division shall limit that access to information about persons who are currently receiving services from the specific contract provider.

(b) Each contract provider shall:

(i) take all necessary precautions to safeguard the security of the information contained in the management information system;

(ii) train its employees regarding requirements for confidentiality and the criminal penalties under Sections 62A-4a-412 and 63-2-801 for improper release of information; and

(iii) monitor its employees to ensure that they comply with the confidentiality requirements related to the management information system.

(c) The division shall take reasonable precautions to ensure that its contract providers are complying with Subsection (7)(b).

(9) (a) The division shall send a certified letter to a person who submitted a report of child abuse or neglect that is put onto any part of the management information system if the division determines, at the conclusion of its investigation, that:

(i) the report is false;

(ii) it is more likely than not that the person knew that the report was false at the time the person submitted the report; and

(iii) the person's address is known or reasonably available.

(b) The letter shall inform the person of:

(i) the determination made under Subsection (9)(a);

(ii) the penalty for submitting false information under Section 76-8-506 and other applicable laws;

(iii) the obligation of the division to inform law enforcement and the alleged perpetrator:

(B) if the person submits a subsequent false report involving the same alleged perpetrator or victim.

(c) (i) The division may inform law enforcement and the alleged perpetrator of a report for which a letter is required to be sent under Subsection (9)(a) if an immediate referral is justified by the facts.

(ii) The division shall inform law enforcement and the alleged perpetrator of a report for which a letter is required to be sent under Subsection (9)(a) if this is the second letter sent to the person involving the same alleged perpetrator or victim.

(iii) The division shall determine, in consultation with law enforcement:

(A) the information to be given to an alleged perpetrator about a false claim; and

(B) whether good cause exists, as defined by rule, for not informing an alleged perpetrator about a false claim.

(d) Nothing in this Subsection (9) may be construed as requiring the division to conduct an investigation, beyond what is required in Subsection (9)(a), to determine whether or not a report is false.

Section 2. Section 62A-4a-116.5 is amended to read:

62A-4a-116.5. Opportunity to challenge a finding of child abuse or neglect.

(1) (a) The division shall send a notice of agency action to a person if the division finds, at the conclusion of an investigation, that, in the opinion of the division, there is a reasonable basis to conclude that the person committed abuse or neglect listed in Subsection 62A-4a-116(5)(b)(i). In the event that the person is under the age of 18, the division shall:

(i) make reasonable efforts to identify the person's parent or legal guardian; and

(ii) send a notice to each parent or legal guardian identified under Subsection (1)(a)(i) that lives at a different address unless there is good cause, as defined by rule, for not sending a notice to a parent or legal guardian.

(b) For purposes of this section only, which governs the right of a person to challenge the division's initial finding or opinion of abuse or neglect as it pertains to the licensing part of the management information system, the division shall refer to a finding under Subsection (1)(a) as a "finding" or an "initial finding" of abuse or neglect when notifying or explaining a notification to a person.

(c) Nothing in this section may be construed as affecting:

(i) the manner in which the division conducts an investigation; or

(ii) the use or effect, in any other setting, of:

(A) an initial division finding or substantiation of child abuse or neglect at the completion of an investigation for any purpose other than for notification under Subsection (1)(b); or

(B) the term "substantiated" as used in any other provision of the code.

(2) The notice shall state:

(a) that the division conducted an investigation;

(b) that the division found, at the conclusion of the investigation, that there was, in the opinion of the division, a reasonable basis to conclude that abuse or neglect occurred;

(c) the facts that support the finding;

(d) that the person may be disqualified from adopting a child or working for or being licensed by:

(i) the department;

(ii) a human services licensee;

(iii) a child care provider or program; and

(iv) a covered health care facility;

(e) that the person has the right to request:

(i) a copy of the report; and

(ii) an opportunity to challenge the finding and its inclusion on the licensing part of the management information system described in Subsection 62A-4a-116(5), except as provided in Subsection (5)(b); and

(f) that failure to request an opportunity to challenge the finding within 30 days of the notice being received will result in an unappealable finding of substantiation of child abuse or neglect, unless the person can show good cause for why compliance within the 30-day requirement was virtually impossible or unreasonably burdensome.

(3) (a) A person may make a request to challenge a finding within 30 days of:

(i) a notice being received under Subsection (2);

(ii) a finding by a court of competent jurisdiction based on the same underlying facts that:

(A) child abuse or neglect, as described in Subsection 62A-4a-116(5)(b), did not occur; or

(B) the person was not responsible for the child abuse or neglect that did occur; or

(iii) the dismissal of criminal charges or a verdict of not guilty based on the same underlying facts.

(b) The 30-day requirement of Subsection (3)(a) shall be extended for good cause shown that compliance was virtually impossible or unreasonably burdensome.

(c) The division may approve or deny a request made under Subsection (3)(a).

(d) If the division denies the request or fails to act within 30 days after receiving a request submitted under Subsection (3)(a), the Office of Administrative Hearings shall hold an adjudicative proceeding pursuant to Title 63, Chapter 46b, Administrative Procedures Act.

(4) (a) In an adjudicative proceeding held pursuant to Subsection (3)(d), the division shall prove by a preponderance of the evidence that there is a reasonable basis to conclude that:

(i) child abuse or neglect, as described in Subsection 62A-4a-116(5)(b), occurred; and

(ii) the person was substantially responsible for the abuse or neglect that occurred.

(b) The administrative hearing officer may make a determination of substantiation based solely on the out-of-court statement of the child that the officer finds to be reliable under the standards set forth in:

(i) Section 76-5-411;

(ii) Utah Rules of Criminal Procedure, Rule 15.5;

(iii) Section 78-3a-116(5);

(iv) the Utah Rules of Evidence; or

(v) Utah case law.

(5) (a) [~~A~~] Except as provided in Subsection (5)(b), a person may not make a request to challenge a finding under Subsection (3)(a), if, at anytime, a court of competent jurisdiction has made a determination based on the same underlying facts that:

(i) child abuse or neglect, as described in Subsection 62A-4a-116(5)(b), occurred;

(ii) the person was substantially responsible for the abuse or neglect that occurred; and

(iii) the person:

(A) was a party to the proceeding; or

(B) (I) had notice of the proceeding; and

(II) was provided a meaningful opportunity to challenge the facts underlying the court's determination.

(b) The division shall remove a person's name from the database unless the division provides new notice under Subsection (1)(a) and an opportunity to be heard under Subsection (3)(a) when the court of competent jurisdiction:

(i) enters a finding of not guilty;

(ii) dismisses the information or indictment after compliance with the requirements of a diversion agreement under Section 77-2-6; or

(iii) dismisses the case or withdraws a plea under Section 77-2a-3 after the completion of a plea in abeyance agreement following a plea of no contest.

[~~(b)~~] (c) An adjudicative proceeding held pursuant to Subsection (4) may be stayed during the time a judicial action is pending.

(6) Nothing in this section may affect the inclusion or exclusion of a report or finding of child abuse or neglect from or access by the division, its caseworkers, and child protective services workers to that part of the management information system used for purposes of child welfare cases and child protective services as described in Subsections 62A-4a-116(2) and (3).

(7) By December 31, 1998, the division shall provide notice to each person with a finding of abuse or neglect since January 1, 1994.

(8) A person who, after receiving notice, fails to challenge a finding of child abuse or neglect may request the opportunity to challenge the finding under this section:

(a) if since the time that the person received notice, state law has been amended to permit a broader use of or access to information on the licensing part of the management information system; and

(b) before the finding may be used against the person in connection with the broader use or access.

Section 3. Section 62A-4a-207 is amended to read:

Section 4. Section 78-3a-106 is amended to read:

78-3a-106. Search warrants and subpoenas -- Authority to issue.

(1) The court has authority to issue search warrants, subpoenas, or investigative subpoenas in criminal cases, delinquency, and abuse, neglect, and dependency proceedings for the same purposes, in the same manner and pursuant to the same procedures set forth in the code of criminal procedure for the issuance of search warrants, subpoenas, or investigative subpoenas in other trial courts in the state.

(2) (a) If it appears to the court upon an affidavit sworn to by a peace officer or any other person, and upon the examination of other witnesses, if required by the judge, that there is probable cause to believe that a child is being ill-treated by his parent, guardian, or custodian, or is being detained, ill-treated, or harbored against the desires of his parent, guardian, or custodian, in any place within the jurisdiction of the court, the court may issue a warrant authorizing a peace officer to search for the child.

(b) [~~The~~] Pursuant to Section 77-23-210, the officer making the search may enter a house or premises by force, if necessary, in order to remove the child.

(c) The officer shall then take the child to the place of shelter designated by the court.

Section 5. Section 78-3a-301 is amended to read:

78-3a-301. Removing a child from his home -- Grounds for removal -- Exigent circumstances.

(1) The Division of Child and Family Services may not remove a child from the custody of his natural parent unless the division complies with the provisions of Title 62A, Chapter 4a, Child and Family Services, including Subsections 62A-4a-103(2)(b) and 62A-4a-201(3), and unless there is substantial cause to believe that any one of the following exist:

(a) there is a substantial danger to the physical health or safety of the minor and the minor's physical health or safety may not be protected without removing him from his parent's custody. If a minor has previously been adjudicated as abused, neglected, or dependent, and a subsequent incident of abuse, neglect, or dependency [~~occurs~~] has occurred involving the same alleged abuser or under similar circumstance as the previous abuse, that fact constitutes prima facie evidence that the child cannot safely remain in the custody of his parent;

(b) a parent engages in or threatens the child with unreasonable conduct that causes the minor [~~is suffering~~] to suffer emotional damage[~~, as may be indicated by, but not limited to, extreme anxiety, depression, withdrawal, or negative aggressive behavior toward self or others,~~] and there are no reasonable means available by which the minor's emotional health may be protected without removing the minor from the custody of his parent;

(c) (i) the minor or another minor residing in the same household has been physically or sexually abused, or is deemed to be at substantial risk of being physically or sexually abused, by a parent, a member of the parent's household, or other person known to the parent.

(ii) For purposes of this Subsection (1)(c), another minor residing in the same household may not be removed from the home unless that minor is deemed to be at substantial risk of being physically or sexually abused as described in Subsection (1)(c)(i) or (iii).

(iii) If a parent has received actual notice that physical or sexual abuse by a person known to the parent has occurred, and there is evidence that the parent [~~has allowed~~] failed to protect the child by allowing the child to be in the physical presence of the alleged abuser, that fact constitutes prima facie evidence that the child is at substantial risk of being physically or sexually abused;

(d) the parent is unwilling to have physical custody of the child;

(e) the minor has been left without any provision for his support;

(f) a parent who has been incarcerated or institutionalized has not or cannot arrange for safe and appropriate care for the minor;

(g) a relative or other adult custodian with whom the minor has been left by the parent is unwilling or unable to provide care or support for the minor, the whereabouts of the parent are unknown, and reasonable efforts to locate him have been unsuccessful;

(h) the minor is in immediate need of urgent medical care;

(i) [~~the physical~~] (i) a parent's actions, omissions, or habitual action create an environment [~~or the fact that the child is left unattended~~] that poses a threat to the child's health or safety; or

(ii) a parent's action in leaving a child unattended would reasonably pose a threat to the child's health or safety;

(j) (i) the minor or another minor residing in the same household has been neglected; and

(ii) for purposes of Subsection (j)(i), another minor residing in the same household may not be removed unless that minor is deemed to be at substantial risk of being neglected;

(k) an infant has been abandoned, as defined in Section 78-3a-313.5;

(l) the parent, or an adult residing in the same household as the parent, has been charged or arrested pursuant to Title 58, Chapter 37d, Clandestine Drug Lab Act, and any clandestine laboratory operation, as defined in Section 58-37d-3, was located in the residence or on the property where the child resided; or

(m) the child's welfare is otherwise endangered, as documented by the caseworker. This Subsection (1)(m) is repealed on July 1, 2002 unless further authorized by the Legislature.

(2) The Division of Child and Family Services may not remove a minor from the custody of his [~~natural~~] parent solely on the basis of educational neglect.

(3) The Division of Child and Family Services may not remove a minor from the custody of his parent solely on the basis of mental illness of the parent in the absence of one of the factors described in Subsection (1).

[~~(3)~~] (4) The Division of Child and Family Services shall comply with the provisions of Section 62A-4a-202.1 in effecting removal of a child pursuant to this section.

[~~(4)~~] (5) (a) A minor removed from the custody of his natural parent under this section may not be placed or kept in a secure detention facility pending court proceedings unless the minor is detainable based on guidelines promulgated by the Division of Youth Corrections.

(b) A minor removed from the custody of his natural parent but who does not require physical restriction shall be given temporary care in a shelter facility.

Section 6. Section 78-3a-307 is amended to read:

78-3a-307. Shelter hearing -- Placement with a noncustodial parent or relative -- DCFS custody.

(1) (a) At the shelter hearing, when the court orders that a child be removed from the custody of his parent in accordance with the requirements of Section 78-3a-306, the court shall first determine whether there is another natural parent as defined in Subsection (1)(b), with whom the child was not residing at the time the events or conditions that brought him within the court's jurisdiction occurred, who desires to assume custody of the child. If that parent requests custody, the court shall place the minor with that parent unless it finds that the placement would be unsafe or otherwise detrimental to the child. The provisions of this Subsection (1) are limited by the provisions of Subsection (8)(b).

(b) Notwithstanding the provisions of Section 78-3a-103, for purposes of this section "natural parent" includes only a biological or adoptive mother, an adoptive father, or a biological father who was married to the child's biological mother at the time the child was conceived or born, or who has strictly complied with the provisions of Section 78-30-4.14 prior to removal of the child or voluntary surrender of the child by the custodial parent. This definition applies regardless of whether the child has been or will be placed with adoptive parents or whether adoption has been or will be considered as a long term goal for the child.

(c) (i) The court shall make a specific finding regarding the fitness of that parent to assume custody, and the safety and appropriateness of the placement.

(ii) The court shall, at a minimum, order the division to visit the parent's home, perform criminal background checks described in Sections 78-3a-307.1 and 62A-4a-202.4, and check the division's management information system for any previous reports of abuse or neglect received by the division regarding the parent at issue.

(iii) The court may order the Division of Child and Family Services to conduct any further investigation regarding the safety and appropriateness of the placement.

(iv) The division shall report its findings in writing to the court.

(v) The court may place the child in the temporary custody of the division, pending its determination regarding that placement.

(2) If the court orders placement with a parent under Subsection (1), the child and the parent are under the continuing jurisdiction of the court. The court may order that the parent assume custody subject to the supervision of the court, and order

that services be provided to the parent from whose custody the child was removed, the parent who has assumed custody, or both. The court [~~may~~] shall also provide for reasonable visitation with the parent from whose custody the child was removed, [~~if that~~] unless visitation is not in the best interest of the child. The court's order shall be periodically reviewed to determine whether:

(a) placement with the parent continues to be in the child's best interest;

(b) the child should be returned to the original custodial parent;

(c) the child should be placed with a relative, pursuant to Subsection (5); or

(d) the child should be placed in the custody of the division.

(3) The time limitations described in Section 78-3a-311 with regard to reunification efforts, apply to children placed with a previously noncustodial parent in accordance with Subsection (1).

(4) Legal custody of the child is not affected by an order entered under Subsection (1) or (2). In order to affect a previous court order regarding legal custody, the party must petition that court for modification of the order.

(5) (a) If, at the time of the shelter hearing, a child is removed from the custody of his parent and is not placed in the custody of his other parent, the court shall, at that time, determine whether there is a relative who is able and willing to care for the child. The court may order the Division of Child and Family Services to conduct a reasonable search to determine whether there are relatives of the child who are willing and appropriate, in accordance with the requirements of this part and Title 62A, Chapter 4a, Part 2, Child Welfare Services, for placement of the child. The court shall order the parents to cooperate with the division, within five working days, to provide information regarding relatives who may be able and willing to care for the child. The child may be placed in the temporary custody of the division pending that determination. This section may not be construed as a guarantee that an identified relative will receive custody of the child. However, preferential consideration may be given to a relative's request for placement of the child, if it is in the best interest of the child, and the provisions of this section are satisfied.

(b) (i) If a willing relative is identified pursuant to Subsection (5)(a), the court shall make a specific finding regarding the fitness of that relative to assume custody, and the safety and appropriateness of placement with that relative. In order to be considered a "willing relative" under this section, the relative shall be willing to cooperate if the child's permanency goal is reunification with his parent or parents, and be willing to adopt or take permanent custody of the child if that is determined to be in the best interest of the child.

(ii) The court shall, at a minimum, order the division to conduct criminal background checks described in Sections 78-3a-307.1 and 62A-4a-202.4, visit the relative's home, check the division's management information system for any previous reports of abuse or neglect regarding the relative at issue, report its findings in writing to the court, and provide sufficient information so that the court may determine whether:

(A) the relative has any history of abusive or neglectful behavior toward other children that may indicate or present a danger to this child;

(B) the child is comfortable with the relative;

(C) the relative recognizes the parent's history of abuse and is determined to protect the child;

(D) the relative is strong enough to resist inappropriate requests by the parent for access to the child, in accordance with court orders;

(E) the relative is committed to caring for the child as long as necessary; and

(F) the relative can provide a secure and stable environment for the child.

(iii) The court may order the Division of Child and Family Services to conduct any further investigation regarding the safety and appropriateness of the placement.

(iv) The division shall complete and file its assessment regarding placement with a relative as soon as practicable, in an effort to facilitate placement of the child with a relative.

(c) The court may place the child in the temporary custody of the division, pending the division's investigation pursuant to Subsection (5)(b), and the court's determination regarding that placement. The court shall ultimately base its determination regarding placement with a relative on the best interest of the child.

(d) For purposes of this section, "relative" means an adult who is a grandparent, great grandparent, aunt, great aunt, uncle, great uncle, brother-in-law, sister-in-law, stepparent, first cousin, stepsibling, or sibling of the child. In the case of a child defined as an "Indian" under the Indian Child Welfare Act, 25 U.S.C. Section 1903, "relative" also means an "extended family member" as defined by that statute.

(6) (a) When the court vests physical custody of a child with a relative pursuant to Subsection (5), it shall order that the relative assume custody subject to the continuing supervision of the court, and shall order that any necessary services be provided to the minor and the relative. That child is not within the temporary custody or custody of the Division of Child and Family Services. The child and any relative with whom the child is placed are under the continuing jurisdiction of the court. The court may enter any order that it considers necessary for the protection and best interest of the child. The court shall provide for reasonable visitation with the parent or parents from whose custody the child was removed unless visitation is not in the best interest of the child.

(b) (i) Placement with a relative pursuant to Subsection (5) shall be periodically reviewed by the court, no less often than every six months, to determine whether:

(A) placement with the relative continues to be in the child's best interest;

(B) the child should be returned home; or

(C) the child should be placed in the custody of the division.

(ii) No later than 12 months after placement with a relative the court shall schedule a hearing for the purpose of entering a permanent order in accordance with the best interest of the child.

(iii) The time limitations described in Section 78-3a-311, with regard to reunification efforts, apply to children placed with a relative pursuant to Subsection (5).

(7) When the court orders that a child be removed from the custody of his parent and does not vest custody in another parent or relative under this section, the court shall order that the child be placed in the temporary custody of the Division of Child and Family Services, to proceed to adjudication and disposition and to be provided with care and services in accordance with this chapter and Title 62A, Chapter 4a, Child and Family Services.

(8) (a) Any preferential consideration that a relative may be initially granted pursuant to Subsection (5) expires 120 days from the date of the shelter hearing. After that time period has expired, a relative who has not obtained custody or asserted an interest in a child, may not be granted preferential consideration by the division or the court.

(b) When the time period described in Subsection (8)(a) has expired, the preferential consideration which may initially be granted to a natural parent in accordance with Subsection (1), is limited. After that time the court shall base its custody decision on the best interest of the child.

Section 7. Section 78-3a-311 is amended to read:

78-3a-311. Dispositional hearing -- Reunification services -- Exceptions.

(1) The court may make any of the dispositions described in Section 78-3a-118, place the child in the custody or guardianship of any individual or public or private entity or agency, order protective supervision, family preservation, medical or mental health treatment, or other services.

(2) (a) (i) Whenever the court orders continued removal at the dispositional hearing, and that the minor remain in the custody of the Division of Child and Family Services, it shall first establish a primary permanency goal for the minor and determine whether, in view of the primary permanency goal, reunification services are appropriate for the child and the child's family, pursuant to Subsection (3).

(ii) When the court determines that reunification services are appropriate for the child and the child's family, the court shall provide for reasonable visitation with the parent or parents from whose custody the child was removed, unless visitation is not in the best interest of the child.

(iii) In cases where obvious sexual abuse, abandonment, or serious physical abuse or neglect are involved, neither the division nor the court has any duty to make "reasonable efforts" or to, in any other way, attempt to provide reunification services, or to attempt to rehabilitate the offending parent or parents. In all cases, the child's health, safety, and welfare shall be the court's paramount concern in determining whether reasonable efforts to reunify should be made.

(b) (i) In addition to the primary permanency goal, the court shall establish a concurrent permanency goal. The concurrent permanency goal shall include a representative list of the conditions under which the primary permanency goal will be abandoned in favor of the concurrent permanency goal and an explanation of the effect of abandoning or modifying the primary permanency goal.

(ii) A permanency hearing shall be conducted in accordance with Subsection 78-3a-312(1)(b) within 30 days if something other than reunification is initially established as a child's primary permanency goal.

(iii) The court may amend a child's primary permanency goal before the establishment of a final permanency plan under Section 78-3a-312. The court is not limited to the terms of the concurrent permanency goal in the event that the primary permanency goal is abandoned. If, at anytime, the court determines that reunification is no longer a child's primary permanency goal, the court shall conduct a permanency hearing in accordance with Section 78-3a-312 within the earlier of 30 days of the court's determination or 12 months from the original removal of the child.

(c) If the court determines that reunification services are appropriate, it shall order that the division make reasonable efforts to provide services to the minor and his parent for the purpose of facilitating reunification of the family, for a specified period of time. In providing those services, the child's health, safety, and welfare shall be the division's paramount concern, and the court shall so order. The time period for reunification services may not exceed 12 months from the date that the child was initially removed from his home. Nothing in this section may be construed to entitle any parent to an entire 12 months of reunification services. If reunification services have been ordered, the court may terminate those services at any time. If, at any time, continuation of reasonable efforts to reunify a child is determined to be inconsistent with the final permanency plan for the child established pursuant to Subsection 78-3a-312, then measures shall be taken, in a timely manner, to place the child in accordance with the permanency plan, and to complete whatever steps are necessary to finalize the permanent placement of the child.

(d) Any physical custody of the minor by the parent or a relative during the period described in Subsection (2)(c) does not interrupt the running of the period.

(e) (i) If reunification services have been ordered, a permanency hearing shall be conducted by the court in accordance with Section 78-3a-312 at the expiration of the time period for reunification services. The permanency hearing shall be held no later than 12 months after the original removal of the child.

(ii) If reunification services have not been ordered, a permanency hearing shall be conducted within 30 days, in accordance with Section 78-3a-312.

(f) With regard to a child who is two years of age or younger at the time the court orders reunification services, the court shall order the discontinuance of those services after six months if the parent or parents have not made substantial efforts to comply with the treatment plan. The burden is upon the parents, and the division if it supports continued reunification services, to show that the parents have made substantial efforts to comply with the plan during the first six months of reunification services.

(g) With regard to a child in the custody of the division whose parent or parents have been ordered to receive reunification services but who have abandoned that child for a period of six months since the date that reunification services were ordered, the court shall terminate reunification services, and the division shall petition the court for termination of parental rights.

(3) (a) Because of the state's interest in and responsibility to protect and provide permanency for children who are abused, neglected, or dependent, the Legislature finds that a parent's interest in receiving reunification services is limited. The court may[~~, under any circumstances,~~] determine that efforts to reunify a child with his family are not reasonable or appropriate, based on the individual circumstances, and that reunification services should not be provided. In determining "reasonable efforts" to be made with respect to a child, and in making "reasonable efforts," the child's health, safety, and welfare shall be the paramount concern.

(b) There is a presumption that reunification services should not be provided to a parent if the court finds, by clear and convincing evidence, that any of the following circumstances exist:

(i) the whereabouts of the parents are unknown, based upon a verified affidavit indicating that a reasonably diligent search has failed to locate the parent;

(ii) the parent is suffering from a mental illness of such magnitude that it renders him incapable of utilizing reunification services; that finding shall be based on competent evidence from mental health professionals establishing that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months;

(iii) the minor has been previously adjudicated as an abused child due to physical or sexual abuse, that following the adjudication the child was removed from the custody of his parent, was subsequently returned to the custody of that parent, and the minor is being removed due to additional physical or sexual abuse;

(iv) the parent has caused the death of another child through abuse or neglect or has committed, aided, abetted, attempted, conspired, or solicited to commit murder or manslaughter of a child or child abuse homicide;

(v) the minor has suffered severe abuse by the parent or by any person known by the parent, if the parent knew or reasonably should have known that the person was abusing the minor;

(vi) the minor has been adjudicated an abused child as a result of severe abuse by the parent, and the court finds that it would not benefit the child to pursue reunification services with the offending parent;

(vii) the parent's rights have been terminated with regard to any other child;

(viii) the child has been removed from his home on at least two previous occasions and reunification services were offered or provided to the family at those times; or

(ix) the parent has abandoned the child for a period of six months or longer; or

(x) any other circumstance that the court determines should preclude reunification efforts or services.

(4) (a) Failure of the parent to respond to previous services or comply with any previous treatment plan, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, whether a parent continues to live with an individual who abused the child, any patterns of the parent's behavior that have exposed the child to repeated abuse, or testimony by a competent professional that the parent's behavior is unlikely to be successful, shall be considered in determining whether reunification services are appropriate.

(b) The court shall also consider whether the parent has expressed an interest in reunification with the child, in determining whether reunification services are appropriate.

(5) If reunification services are not ordered pursuant to Subsection (3)(a), and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court may order the division to provide reunification services. The time limits described in Subsection (2), however, are not tolled by the parent's absence.

(6) If a parent is incarcerated or institutionalized, the court shall order reasonable services unless it determines that those services would be detrimental to the minor. In determining

detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for minors ten years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services for an incarcerated parent are subject to the 12-month limitation imposed in Subsection (2). Reunification services for an institutionalized parent are subject to the 12-month limitation imposed in Subsection (2), unless the court determines that continued reunification services would be in the child's best interest.

(7) If, pursuant to Subsection (3)(b)(ii), (iii), (iv),(v), (vi), (vii), (viii), (ix), or (x), the court does not order reunification services, a permanency hearing shall be conducted within 30 days, in accordance with Section 78-3a-312.

Section 8. Coordination clause.

If this bill and S.B. 165, Noncustodial Visitation, both pass, it is the intent of the Legislature that the amendments in S.B. 165 which change the term "visitation" to "parent time" supersede the amendments in Subsections 78-3a-307(2) and (6) and Subsection 78-3a-311(2) of this bill which use the current statutory term "visitation".

WASTE TIRE RECYCLING

Sponsor: Neal B. Hendrickson

This act modifies the Environmental Quality Code to amend provisions related to the waste tire recycling program. The waste tire recycling fee is increased. The act restricts eligibility for partial reimbursement of recycling costs to recyclers within the state who recycle a minimum number of waste tires generated within the state. The act modifies the reimbursement amounts recyclers may receive and reduces reimbursements for removing waste tires from an abandoned waste tire pile or landfill waste tire pile. The act allows the executive secretary of the Solid and Hazardous Waste Control Board to deny reimbursement of costs to remove waste tires from an abandoned waste tire pile or landfill waste tire pile, if payment of the removal costs would result in there being insufficient funds to reimburse costs of recyclers. The act prohibits double payments to reimburse recycling costs when waste tires are converted into crumb rubber which is subsequently used to create an ultimate product. The act amends definitions and makes technical changes. This act takes effect on July 1, 2001.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDING THE GROUNDS FOR TAKING A CHILD INTO PROTECTIVE CUSTODY

Sponsor: Thomas V. Hatch

This act modifies the requirements for taking a child into protective custody when child abuse is suspected. This act requires a court-ordered warrant to take a child into protective custody except in limited circumstances.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
62A-4a-202.1, as last amended by Chapter 274, Laws of Utah 2000

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 62A-4a-202.1 is amended to read:

62A-4a-202.1. Taking a child into protective custody -- Peace officer -- Division of Child and Family Services caseworker.

(1) [~~Any peace officer may, without a warrant, take a minor into protective custody when the officer has substantial cause to believe that any of the factors described in Section 78-3a-301 exist.~~] A state officer, peace officer, or child welfare worker may not remove a child from the child's home or school, or take a child into protective custody without a warrant or court order issued under Section 78-3a-106 unless:

(a) the state officer, peace officer, or child welfare worker has reasonable grounds to believe that the exigent circumstances described in Section 78-3a-301, which defines substantial danger to a child's health or safety, exist; and

(b) the removal of the child or placement of the child into protective custody is not motivated purely by an intent to seize or obtain evidence unrelated to the potential abuse or neglect allegation.

(2) (a) A child welfare worker within the Division of Child and Family Services may take and maintain protective custody of a minor, without a warrant, in accordance with the requirements of this section and Section 78-3a-301 when accompanied by a peace officer, or without a peace officer, when a peace officer is not reasonably available.

(b) If possible, consistent with the child's safety and welfare, before taking a child into protective custody, the worker shall also determine whether there are services reasonably available to the worker which, if provided to the minor's parent or to the minor, would eliminate the need to remove the minor from the custody of his parent in accordance with the provisions and limitations of Section 78-3a-301. If those services are reasonably available, they shall be utilized. In determining whether services are reasonably available, and in making reasonable efforts to provide those services, the child's health, safety, and welfare shall be the worker's paramount concern.

(c) (i) Except as provided in Subsection (2)(c)(ii), if a child welfare worker determines that there is substantial cause to believe that one or more of the factors described in Section 78-3a-301 exist and determines, pursuant to Subsection (2)(b), that services are not reasonably available to eliminate the need for removal, the child welfare worker may proceed with removal of the child after the worker has reviewed the reasons for removal and other available options with a family services specialist within the division.

(ii) The provisions of Subsection (2)(c)(i) requiring a family services specialist's review prior to removal of a child do not apply and are not necessary if, in the child welfare worker's opinion, that process would create a delay that may endanger the health, safety, or welfare of the child.

(iii) From its existing staff, the division shall train and appoint family services specialists who are available 24 hours a day, seven days a week, to perform the duties described in Subsection (2)(c)(i).

[~~account~~] fund as provided in its credit enhancement agreement with the political subdivision.

(6) Prior to entering into a credit enhancement agreement, the Drinking Water Board or Water Quality Board shall obtain an opinion of counsel experienced in bond matters to the effect that the drinking water or wastewater project obligation to be purchased or with respect to which a loan is to be made, is a valid and binding obligation of the political subdivision which issued it.

Sponsor: Karen W. Morgan

This act modifies provisions related to the State System of Public Education by setting a goal of having 90% or more of all third graders reading on or above grade level by the end of the third grade by 2006. The act requires an annual report on the percentage of students reading on or above grade level in the first, second, and third grades by school and by school district. The act requires each elementary school to develop a plan to achieve the reading goal and requires the plan to have assessment, intervention, and reporting components.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
53A-1-606.5, as enacted by Chapter 57, Laws of Utah 1999

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 53A-1-606.5 is amended to read:

53A-1-606.5. Reading achievement in grades one through three -- Monitoring -- Reporting -- Additional instruction.

(1) (a) The Legislature recognizes that:

(i) reading is the most fundamental skill, the gateway to knowledge and lifelong learning;

(ii) there is an ever increasing demand for literacy in the highly technological society we live in;

(iii) students who do not learn to read will be economically and socially disadvantaged;

(iv) reading problems exist in almost every classroom;

(v) almost all reading failure is preventable if reading difficulties are diagnosed and treated by no later than the end of the third grade; and

(vi) early identification and treatment of reading difficulties can result in students learning to read by the end of the third grade.

(b) It is therefore [~~a~~]:

(i) the long-term goal of the state to have every student in the state's public education system reading on or above grade level by the end of the third grade[~~.~~]; and

(ii) the short-term goal of the state to have 90% or more of all third graders reading on or above grade level by the end of the third grade in 2006.

(c) (i) The superintendent of public instruction or the superintendent's designee shall make an annual report to the State Board of Education and to the Legislature's Education Interim Committee on the goals established in Subsection (1)(b).

(ii) The information shall be reported as part of the U-PASS testing program as required under Section 53A-3-602.5, beginning with the 2001-02 school year, and include the following for each school district and elementary school:

(A) the number and percent of all students reading on or above grade level at the end of the first, second, and third grades;

(B) the annual reading achievement growth from the prior year and cumulative reading achievement growth from the base year of 2001-02 in the percent of students reading on or above grade level for each year;

(C) those schools that reach the 90% reading achievement goal or achieve a sufficient magnitude of gain each year as determined by the State Board of Education from the 2001-02 base year or do both; and

(D) those elementary schools that fail to achieve a sufficient magnitude of gain each year as determined by the State Board of Education from the 2001-02 base year.

(d) The State Board of Education, through the superintendent of public instruction, shall determine as part of the U-PASS testing program:

(i) the appropriate statewide tests to assess reading levels at the end of each year in the first, second, and third grades;

(ii) an appropriate standard or cut score on each assessment for determining grade level reading mastery; and

(iii) the actual percent of students reading on or above grade level in the first, second, and third grades at each public elementary school as required under Subsection (1)(c)(i) by dividing the headcount enrollment of students reading on or above grade level at that grade by the headcount enrollment of students in the building at that grade on the date that the reading assessment is administered.

(2) [~~In order to ensure that all students are reading on or above the third grade level by the end of the third grade, the State Board of Education and local~~] Local school boards shall [~~work with the Legislature, through its interim committees and any task force that may be created to study and review accountability in public education~~] annually review the U-PASS data regarding reading at school and district levels and shall work with districts and schools to review and revise plans as needed to meet the goal set in Subsection (1)(b).

(3) (a) Each school district shall [~~work with~~] require the elementary schools within its district boundaries to develop, in conjunction with all other school planning processes and requirements, a [~~school~~] reading achievement plan at each school [~~focused on having all students reading at the third grade level by the end of the third grade~~] for its

kindergarten, first, second, and third graders to reach the reading goals set in Subsection (1)(b).

(b) The school principal shall take primary responsibility to provide leadership and allocate resources and support for teachers and students, most particularly for those who are reading below grade level, to achieve the reading goals.

(c) Each reading achievement plan shall include:

(i) an assessment component that:

(A) identifies those students who are reading below grade level;

(B) uses U-PASS and local assessment information throughout the year to determine students' instructional needs; and

(C) is consistent with the exemption provisions of Subsection 53A-1-603(3)(c) regarding such students as students with disabilities or limited English proficiency;

(ii) an intervention component:

(A) that provides adequate and appropriate interventions focused on bringing each student up to reading at or above grade level and which would permit retention in the grade level of a student reading below grade level based on a joint determination made by the principal or the principal's designee, the student's teacher, and the student's parent;

(B) based on best practices identified through proven researched-based methods;

(C) that includes parental participation; and

(D) that, as resources allow, involves a reading specialist; and

(iii) a reporting component consistent with the data to be included in the school performance report required under Section 53A-3-602.5.

(4) The school district shall approve each school's plan prior to its implementation and review each plan annually.

EXCISE TAX BOND PROCESS

Sponsor: John L. Valentine

This act modifies the Municipal Bond Act provisions governing revenue bonds payable from excise tax revenues. This act establishes a process for notice and a public hearing on the issuance of revenue bonds payable from excise tax revenues and requires the question of whether or not to issue the bonds to be submitted to a vote of the people upon receipt of a petition signed by 20% of the registered voters. This act makes technical corrections.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
11-14-17.5, as last amended by Chapter 270, Laws of Utah 1998

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 11-14-17.5 is amended to read:

11-14-17.5. Revenue bonds payable out of excise tax revenues.

(1) To the extent constitutionally permissible, cities, towns, or counties may issue bonds payable solely from a special fund into which are to be deposited excise taxes levied and collected by the city, town, or county, or excise taxes levied by the state and rebated pursuant to law to the city, town, or county, or any combination of those excise taxes, or may pledge all or any part thereof as an additional source of payment for their general obligation bonds. [~~For purposes of this section, excise tax revenues include class B and class C road funds apportioned to counties, cities, and towns under Section 72-2-108.~~]

(2) (a) Any resolution authorizing the issuance of bonds payable in whole or in part from the proceeds of excise tax revenues may contain covenants with the holder or holders of the bonds as to the excise tax revenues, the disposition of the excise tax revenues, the issuance of future bonds, and other pertinent matters [~~as may be deemed~~] that are considered necessary by the governing body to assure the marketability of those bonds, provided the covenants are not inconsistent with the provisions of this chapter. [~~Such~~]

(b) The resolution may also include provisions to insure the enforcement, collection, and proper application of excise tax revenues as the governing body may think proper.

(c) The proceeds of bonds payable in whole or in part from pledged class B or C road funds shall be used to construct, repair, and maintain streets and roads in accordance with Sections 72-6-108 and 72-6-110 and to fund any reserves and costs incidental to the issuance of the bonds.

(d) When any bonds payable from excise tax revenues have been issued, the resolution or other enactment of the governing body imposing the excise tax and pursuant to which the tax is being collected, the obligation of the governing body to continue to levy, collect, and allocate the excise tax, and to apply the revenues derived therefrom in accordance with the provisions of the authorizing resolution or other enactment, shall be irrevocable until the bonds have been paid in full as to both principal and interest, and is not subject to amendment in any manner which would impair the rights of the holders of those bonds or which would in any way jeopardize the timely payment of principal or interest when due.

(3) (a) The state pledges to and agrees with the holders of any bonds issued by a city, town, or county to which the proceeds of excise taxes collected by the state and rebated to the city, town, or county are devoted or pledged as authorized in this section, that the state will not alter, impair, or limit the excise taxes in a manner that reduces the amounts to be rebated to the city, town, or county which are devoted or pledged as authorized in this section until the bonds or other securities, together with applicable interest, are fully met and discharged.

(b) Nothing in this [~~section may preclude such~~] Subsection (3) precludes alteration, impairment, or limitation of excise taxes if adequate provision is made by law for the protection of the holders of the bonds.

(c) Each city, town, or county may include this pledge and undertaking for the state in those bonds.

(4) The outstanding bonds to which excise tax revenues have been pledged as the sole source of payment may not at any one time exceed an amount for which the average annual installments of principal and interest will exceed 80% of the total excise tax revenues received by the issuing entity from the collection or rebate of the excise tax revenues during the fiscal year of the issuing entity immediately preceding the fiscal year in which the resolution authorizing the issuance of bonds is adopted.

(5) Bonds issued solely from a special fund into which are to be deposited excise tax revenues constitutes a borrowing solely upon the credit of the excise tax revenues received or to be received by the city, town, or county and does not constitute an indebtedness or pledge of the general credit of the city, town, or county. [~~To the extent constitutionally permissible, such bonds are not subject to the limitations of Article XIV, Utah Constitution nor to any statutory provisions implementing that article.~~]

(6) (a) Before issuing any bonds under this section, a city, town, or county shall:

(b) The city, county, or town shall:

(B) the maximum principal amount of the bonds to be issued;

(C) the excise taxes proposed to be pledged for repayment of the bonds; and

(iii) a special service district may not include any area not directly benefited by the services provided under this section without the consent of the nonbenefited landowner.

(b) All parts of a special service district need not be contiguous.

(3) (a) As provided in Section 17A-2-1315, the governing authority of any special service district created under this part may create one or more improvement districts within the boundaries of the special service district by following the procedures in, and meeting the requirements of, Chapter 3, Part 2, County Improvement District Act, or Part 3, Utah Municipal Improvement District Act.

(b) The intent to create an improvement district need not be present at the time a special service district is organized.

(c) Any improvement district created within the boundaries of a special service district may only be organized to undertake projects or improvements for which the special service district creating that improvement district was organized.

(d) The special service district shall meet all procedural requirements for creating an improvement district at the time the improvement district is created, as provided in Section 17A-2-1315 and in Chapter 3, Part 2, County Improvement District Act, or Part 3, Utah Municipal Improvement District Act.

(e) In determining whether or not a project or improvement undertaken by an improvement district is within the scope of the purposes for which the special service district creating that improvement district was organized, any project or improvement reasonably related to the purposes for which the special service district creating that improvement district was organized is considered to be within the scope of those purposes.

(4) The creation of a special service district to provide jail services as provided in Subsection (1)(a)(x) does not affect the ability of a municipality under Section 10-8-58 to provide, operate, and maintain facilities for the temporary incarceration, not to exceed 72 hours, of persons charged with the violation of a municipal ordinance.

Section 3. Section 17A-2-1320 is amended to read:

17A-2-1320. Fees or charges -- Penalties for delinquencies.

(1) (a) [~~The~~] Except as provided in Subsection (3), the governing authority of a service district may enact a resolution or ordinance that imposes fees or charges for any commodities, services, or facilities provided by the service district.

(b) (i) The governing authority may collect those fees or charges, and may pledge all or part of the revenues from those fees and charges to the payment of any bonds issued by the service district, whether the bonds are issued as revenue bonds, guaranteed bonds, or as general obligations of the district.

(ii) When revenue bonds are issued payable solely from the fees and charges authorized by this subsection, the fees and charges shall be sufficient to carry out any provisions of the resolution or ordinance authorizing the issuance of the revenue bonds, including provisions for payment of the principal of and interest on the bonds, the operation and maintenance of the facilities, and the establishment and maintenance of appropriate reserve funds while these bonds are outstanding.

(2) (a) The governing authority may adopt rules to assure the proper collection and enforcement of all fees and charges imposed by this section.

(b) (i) The governing authority may assess and collect penalties and interest if the fees and charges are not paid when due.

(ii) Any penalty or interest on delinquent charges assessed under the authority of this subsection shall be the same as applied to delinquent real property taxes for the year in which the fee or charge became delinquent.

(c) When more than one commodity, service, or facility is furnished by the district, the fees and charges for all commodities, services, and facilities may be billed to the user in a single bill.

(d) All or any of the commodities, services, and facilities furnished to a user by the service district may be suspended if any fees or charges due the service district are not paid in full when due.

(3) A special service district that provides jail service as provided in Subsection 17A-2-1304(1)(a)(x) may not impose any fee or charge under this section for the service it provides.

Section 4. Section 17A-2-1322 is amended to read:

17A-2-1322. Tax levy and bonds -- Approval by majority of electors voting in election -- Procedure for election.

(1) The governing authority of a county or municipality which has established a service district may levy a tax on all taxable property within the service district in addition to all other taxes on such property levied or imposed by the county or municipality or by any other public corporation, district, or political subdivision in which the service district is located, and may also issue bonds payable in whole or in part from these taxes. No tax may be levied and no bonds or guaranteed bonds shall be issued, however, unless authorized, except as otherwise provided in Section 17A-2-1325, by a majority of the qualified electors of the service district voting at an election for that purpose held as provided in this section.

(2) The proposition to levy the tax or to issue the bonds shall be submitted to the qualified electors of the service district at an election called and held and for which notice is given in the same manner as is provided in [~~the~~] Title 11, Chapter 14, Utah Municipal Bond Act, for the holding of bond elections. The proposition shall state the purpose or purposes for which the taxes are to be levied or the bonds are to be issued. In addition, a proposition for the issuance of bonds shall state the maximum amount of bonds to be issued, the maximum number of years from their respective dates for which the bonds may run, and, if the bonds are to be payable in whole or in part from taxes, that fact and that taxes may be levied on all taxable property in the service district to pay the principal of and interest on the

bonds. The purpose or purposes may be stated in general terms and need not specify the particular projects or services for which the taxes are to be levied or the bonds are to be issued nor the specific amount of the proceeds of the taxes or of the bonds to be expended for each project or service. If bonds are to be payable in part from tax proceeds and in part from the operating revenues of the service district or from any combination of them, the proposition shall so indicate but need not specify how the bonds are to be divided as to source of payment. If the bonds are to be issued as guaranteed bonds, the proposition shall also clearly state that fact together with the name or names of the guarantors. A proposition for the levy of taxes and for the issuance of bonds may be combined as a single proposition.

(3) (a) A tax levied under this section shall be the sole source of funding for a special service district that provides jail service as provided in Subsection 17A-2-1304(1)(a)(x).

(b) Each tax levied under this section for a special service district that provides jail service as provided in Subsection 17A-2-1304(1)(a)(x) shall be considered to be levied by the county for purposes of the county's tax limitation under Section 59-2-908.

Section 5. Section 17A-2-1326 is amended to read:

17A-2-1326. Administrative control board -- Powers -- Compensation.

(1) (a) The governing authority of a municipality or the county legislative body that has established a special service district may, by resolution adopted at the time of the establishment or at any time afterwards, create an administrative control board for the special service district.

(b) (i) [~~The~~] Except as provided in Subsection (1)(e), each administrative control board shall consist of at least three and no more than seven persons, each of whom is a qualified elector of the service district.

(ii) If a county establishes a service district that includes all or part of one or more municipalities or one or more improvement districts organized under Title 17A, Chapter 2, Part 3, County Improvement Districts for Water, Sewerage, Flood Control, Electric and Gas, to provide the same service as the service district, the municipality or improvement district may appoint one member to represent it on any administrative control board created.

(iii) That member may, but need not, be a qualified elector of the service district.

(c) (i) If a service district is providing commodities, services, or facilities to an institution of higher education, that institution may appoint the number of members necessary to assure that it has at least 1/3 of the total of the board members to represent it on the board.

(ii) Those members may, but need not, be qualified electors of the service district.

(d) The number of members of the administrative control board shall be increased by the number of improvement district, municipal, or institution of higher education members appointed.

(e) Notwithstanding Subsection (1)(b), each administrative control board of a special service district that provides jail services as provided in Subsection 17A-2-1304(1)(a)(x) shall consist of nine members, three of whom shall be selected from a list of at least six recommendations from the county sheriff, three of whom shall be selected from a list of at least six recommendations from the municipalities within the county, and three of whom shall be selected from a list of at least six recommendations from the county executive.

(2) Members of the administrative control board other than improvement district, municipal, or institution of higher education members shall be either appointed or elected as provided in Title 17A, Chapter 1, Part 3, Special District Board Selection Procedures.

(3) (a) If a service district was established to provide either water or sewerage service or both, the governing authority may by resolution adopted at or after the time of establishment, or if the service district was established before March 29, 1983, or within 90 days after that date, create an administrative control board according to Subsection (1).

(b) A resolution creating a service district for water or sewerage purposes adopted under Section 17A-2-1305 after March 29, 1983, shall identify all existing water and sewerage districts within the area of the proposed service district.

(4) (a) One-half of the members initially elected or appointed shall serve two-year terms and 1/2 shall serve four year terms.

(b) The initial terms shall be determined by lot.

(5) (a) The governing authority of the municipality or the county legislative body that established the service district may, by resolution, delegate any of its powers to the administrative control board, including the power to act as the governing authority of the service district and to exercise all or any of the powers provided for in Sections 17A-2-1314, 17A-2-1316, 17A-2-1320, and 17A-2-1321.

(b) Notwithstanding anything to the contrary in this part, the governing authority of the municipality or the county legislative body may not delegate the power to:

(i) levy a tax on the taxable property of the service district;

(ii) issue bonds payable from taxes;

(iii) call or hold an election for the authorization of the tax or bonds;

(iv) levy assessments for improvements in an improvement district created under [~~Title 17A,~~] Chapter 3, Part 3, Utah Municipal Improvement [~~Districts~~] District Act, or [~~Title 17A,~~] Chapter 3,

Part 2, County Improvement [~~Districts~~] District Act;

(v) issue interim warrants or bonds payable from those assessments; or

(vi) appoint a board of equalization under Section 17A-3-217 or Section 17A-3-317.

(c) The administrative control board may not hold an election, levy a tax or assessment, or issue bonds or interim warrants unless the county or municipal legislative body that created the district has approved.

[~~(d)~~] (6) The county or municipal legislative body that created the district may revoke in whole or in part any power or authority delegated to an administrative control board or other officers or employees.

[~~(6)~~] (7) Administrative control board members may receive compensation and reimbursement of expenses as provided in Section 17B-2-404 to the same extent as if they were members of a board of trustees of a local district.

(8) If a county legislative body establishes an administrative control board under this section for a special service district that provides jail service as provided in Subsection 17A-2-1304(1)(a)(x), the administrative control board may review and approve any amount charged to the special service district as reimbursement to the county for services provided under Subsection 17A-2-1314(1)(g) before the amount is included in the special service district budget.

Section 6. Section 59-2-924 is amended to read:

59-2-924. Report of valuation of property to county auditor and commission -- Transmittal by auditor to governing bodies -- Certified tax rate -- Adoption of tentative budget.

(1) (a) Before June 1 of each year, the county assessor of each county shall deliver to the county auditor and the commission the following statements:

(i) a statement containing the aggregate valuation of all taxable property in each taxing entity; and

(ii) a statement containing the taxable value of any additional personal property estimated by the county assessor to be subject to taxation in the current year.

(b) The county auditor shall, on or before June 8, transmit to the governing body of each taxing entity:

(i) the statements described in Subsections (1)(a)(i) and (ii);

(ii) an estimate of the revenue from personal property;

(iii) the certified tax rate; and

(iv) all forms necessary to submit a tax levy request.

(2) (a) (i) The "certified tax rate" means a tax rate that will provide the same ad valorem property tax revenues for a taxing entity as were collected by that taxing entity for the prior year.

(ii) For purposes of this Subsection (2), "ad valorem property tax revenues" do not include:

(A) collections from redemptions;

(B) interest; and

(C) penalties.

(iii) Except as provided in Subsection (2)(a)(iv), the certified tax rate shall be calculated by dividing the ad valorem property tax revenues collected for the prior year by the taxing entity by the taxable value established in accordance with Section 59-2-913.

(iv) The certified tax rates for the taxing entities described in this Subsection (2)(a)(iv) shall be calculated as follows:

(A) except as provided in Subsection (2)(a)(iv)(B), for new taxing entities the certified tax rate is zero;

(B) for each municipality incorporated on or after July 1, 1996, the certified tax rate is:

(I) in a county of the first, second, or third class, the levy imposed for municipal-type services under Sections 17-34-1 and 17-36-9; and

(II) in a county of the fourth, fifth, or sixth class, the levy imposed for general county purposes and such other levies imposed solely for the municipal-type services identified in Section 17-34-1 and Subsection 17-36-3(22);

(C) for debt service voted on by the public, the certified tax rate shall be the actual levy imposed by that section, except that the certified tax rates for the following levies shall be calculated in accordance with Section 59-2-913 and this section:

(I) school leeways provided for under Sections 11-2-7, 53A-16-110, 53A-17a-125, 53A-17a-127, 53A-17a-134, 53A-17a-143, 53A-17a-145, and 53A-21-103; and

(v) (A) A judgment levy imposed under Section 59-2-1328 or Section 59-2-1330 shall be established at that rate which is sufficient to generate only the revenue required to satisfy one or more eligible judgments, as defined in Section 59-2-102.

(B) The ad valorem property tax revenue generated by the judgment levy shall not be considered in establishing the taxing entity's aggregate certified tax rate.

(b) (i) For the purpose of calculating the certified tax rate, the county auditor shall use the taxable value of property on the assessment roll.

(ii) For purposes of Subsection (2)(b)(i), the taxable value of property on the assessment roll does not include new growth as defined in Subsection (2)(b)(iii).

(iii) "New growth" means:

(A) the difference between the increase in taxable value of the taxing entity from the previous calendar year to the current year; minus

(B) the amount of an increase in taxable value described in Subsection (2)(b)(iv).

(iv) Subsection (2)(b)(iii)(B) applies to the following increases in taxable value:

(A) the amount of increase to locally assessed real property taxable values resulting from factoring, reappraisal, or any other adjustments; or

(I) the Legislature;

(II) a court;

(III) the commission in an administrative rule; or

(IV) the commission in an administrative order.

(c) Beginning January 1, 1997, if a taxing entity receives increased revenues from uniform fees on tangible personal property under Section 59-2-404, 59-2-405, or 59-2-405.1 as a result of any county imposing a sales and use tax under Chapter 12, Part 11, County Option Sales and Use Tax, the taxing entity shall decrease its certified tax rate to offset the increased revenues.

(d) (i) Beginning July 1, 1997, if a county has imposed a sales and use tax under Chapter 12, Part 11, County Option Sales and Use Tax, the county's certified tax rate shall be:

(A) decreased on a one-time basis by the amount of the estimated sales tax revenue to be distributed to the county under Subsection 59-12-1102(3); and

(B) increased by the amount necessary to offset the county's reduction in revenue from uniform fees on tangible personal property under Section 59-2-404, 59-2-405, or 59-2-405.1 as a result of the decrease in the certified tax rate under Subsection (2)(d)(i)(A).

(ii) The commission shall determine estimates of sales tax distributions for purposes of Subsection (2)(d)(i).

(e) Beginning January 1, 1998, if a municipality has imposed an additional resort communities sales tax under Section 59-12-402, the municipality's certified tax rate shall be decreased on a one-time basis by the amount necessary to offset the first 12 months of estimated revenue from the additional resort communities sales tax imposed under Section 59-12-402.

(f) For the calendar year beginning on January 1, 1999, and ending on December 31, 1999, a taxing entity's certified tax rate shall be adjusted by the amount necessary to offset the adjustment in revenues from uniform fees on tangible personal property under Section 59-2-405.1 as a result of the adjustment in uniform fees on tangible personal property under Section 59-2-405.1 enacted by the Legislature during the 1998 Annual General Session.

(g) For purposes of Subsections (2)(h) through (j):

(i) "1998 actual collections" means the amount of revenues a taxing entity actually collected for the calendar year beginning on January 1, 1998, under Section 59-2-405 for:

(h) For the calendar year beginning on January 1, 2000, the commission shall make the following adjustments:

(i) the commission shall make the adjustment described in Subsection (2)(i)(i) if, for the calendar year beginning on January 1, 1999, a taxing entity's 1998 actual collections were greater than the sum of:

(A) the taxing entity's 1999 actual collections; and

(B) any adjustments the commission made under Subsection (2)(f);

(ii) the commission shall make the adjustment described in Subsection (2)(i)(ii) if, for the calendar year beginning on January 1, 1999, a taxing entity's 1998 actual collections were greater than the taxing entity's 1999 actual collections, but the taxing entity's 1998 actual collections were less than the sum of:

(A) the taxing entity's 1999 actual collections; and

(B) any adjustments the commission made under Subsection (2)(f); and

(iii) the commission shall make the adjustment described in Subsection (2)(i)(iii) if, for the calendar year beginning on January 1, 1999, a taxing entity's 1998 actual collections were less than the taxing entity's 1999 actual collections.

(i) (i) For purposes of Subsection (2)(h)(i), the commission shall increase a taxing entity's certified tax rate under this section and a taxing entity's certified revenue levy under Section 59-2-906.1 by the amount necessary to offset the difference between:

(A) the taxing entity's 1998 actual collections; and

(B) the sum of:

(I) the taxing entity's 1999 actual collections; and

(II) any adjustments the commission made under Subsection (2)(f).

(ii) For purposes of Subsection (2)(h)(ii), the commission shall decrease a taxing entity's certified tax rate under this section and a taxing entity's certified revenue levy under Section 59-2-906.1 by the amount necessary to offset the difference between:

(I) the taxing entity's 1999 actual collections; and

(II) any adjustments the commission made under Subsection (2)(f); and

(B) the taxing entity's 1998 actual collections.

(iii) For purposes of Subsection (2)(h)(iii), the commission shall decrease a taxing entity's certified tax rate under this section and a taxing entity's certified revenue levy under Section 59-2-906.1 by the amount of any adjustments the commission made under Subsection (2)(f).

(j) In accordance with Title 63, Chapter 46a, Utah Administrative Rulemaking Act, for purposes of Subsections (2)(f) through (i), the commission may make rules establishing the method for determining a taxing entity's 1998 actual collections and 1999 actual collections.

(k) (i) (A) For fiscal year 2000, the certified tax rate of each county to which Subsection 17-34-3(4)(a) applies shall be decreased by the amount necessary to reduce revenues in that fiscal year by an amount equal to the difference between the amount the county budgeted in its 2000 fiscal year budget for advanced life support and paramedic services countywide and the amount the county spent during fiscal year 2000 for those services, excluding amounts spent from a municipal services fund for those services.

(B) For fiscal year 2001, the certified tax rate of each county to which Subsection 17-34-3(4)(a) applies shall be decreased by the amount necessary to reduce revenues in that fiscal year by the amount that the county spent during fiscal year 2000 for advanced life support and paramedic services countywide, excluding amounts spent from a municipal services fund for those services.

(ii) (A) For fiscal year 2001, a city or town located within a county of the first class to which Subsection 17-34-3(4)(a) applies may increase its certified tax rate by the amount necessary to generate within the city or town the same amount of revenues as the county would collect from that city or town if the decrease under Subsection (2)(k)(i) did not occur.

(B) An increase under Subsection (2)(k)(ii)(A) is not subject to the notice and hearing requirements of Sections 59-2-918 and 59-2-919.

(l) (i) This Subsection (2)(l) applies to each county that:

(A) establishes a countywide special service district under Title 17A, Chapter 2, Part 13, Utah Special Service District Act, to provide jail service, as provided in Subsection 17A-2-1304(1)(a)(x); and

(B) levies a property tax on behalf of the special service district under Section 17A-2-1322.

(ii) (A) The certified tax rate of each county to which this Subsection (2)(l) applies shall be decreased by the amount necessary to reduce county revenues by the same amount of revenues that will be generated by the property tax imposed on behalf of the special service district.

(B) Each decrease under Subsection (2)(l)(ii)(A) shall occur contemporaneously with the levy on behalf of the special service district under Section 17A-2-1322.

(3) (a) On or before June 22, each taxing entity shall annually adopt a tentative budget.

(b) If the taxing entity intends to exceed the certified tax rate, it shall notify the county auditor of:

(i) its intent to exceed the certified tax rate; and

(ii) the amount by which it proposes to exceed the certified tax rate.

(c) The county auditor shall notify all property owners of any intent to exceed the certified tax rate in accordance with Subsection 59-2-919(2).

(4) (a) The taxable value for the base year under Subsection 17A-2-1247(2)(a) or 17A-2-1202(2), as the case may be, shall be reduced for any year to the extent necessary to provide a redevelopment agency established under Title 17A, Chapter 2, Part 12, Utah Neighborhood Development Act, with approximately the same amount of money the agency would have received without a reduction in the county's certified tax rate if:

(i) in that year there is a decrease in the certified tax rate under Subsection (2)(c) or (2)(d)(i);

(ii) the amount of the decrease is more than 20% of the county's certified tax rate of the previous year; and

(iii) the decrease results in a reduction of the amount to be paid to the agency under Section 17A-2-1247 or 17A-2-1247.5.

(b) The taxable value of the base year under Subsection 17A-2-1247(2)(a) or 17A-2-1202(2), as the case may be, shall be increased in any year to the extent necessary to provide a redevelopment agency with approximately the same amount of money as the agency would have received without an increase in the certified tax rate that year if:

(i) in that year the taxable value for the base year under Subsection 17A-2-1247(2) or 17A-2-1202(2) is reduced due to a decrease in the certified tax rate under Subsection (2)(c) or (2)(d)(i); and

(ii) The certified tax rate of a city, school district, or special district increases independent of the adjustment to the taxable value of the base year.

(c) Notwithstanding a decrease in the certified tax rate under Subsection (2)(c) or (2)(d)(i), the amount of money allocated and, when collected, paid each year to a redevelopment agency established under Title 17A, Chapter 2, Part 12, Utah Neighborhood Development Act, for the payment of bonds or other contract indebtedness, but not for administrative costs, may not be less than that amount would have been without a decrease in the certified tax rate under Subsection (2)(c) or (2)(d)(i).
