If the contract cannot be executed within six months from the date the city or cities, town or towns, or power utility request to contract with the owner of the duplicated facility, then the city or cities, town or towns, or power utility may proceed to construct the proposed transmission facilities notwithstanding the duplication.

(4) In all cases, the interest of joint tenants shall be equal and undivided.

(5) A "joint tenancy" is converted into a "tenancy in common" by a joint tenant by making a bona fide conveyance of the joint tenant's interest in the property to himself and another which terminates the joint tenancy.

(2) If the taxpayer does not file a petition with the commission within the time prescribed for filing the petition, the deficiency, notice of which has been sent to the taxpayer, shall be assessed, and shall be paid within 30 days from the date the notice and demand is sent from the commission.

Section 78. Section 59-1-703 is amended to read:

59-1-703. Collection procedure -- Review -- Bond for stay -- Sale of seized property.

(1) If any liability which is due and payable under Sections 59-1-701 and 59-1-702 is not paid, the collection shall be made in the same manner as is provided for the collection of delinquent taxes in Sections 59-7-526 and 59-7-527. In addition, the commission may issue a warrant of like terms, force, and effect directed to any legally authorized representative of the commission. In the execution of the warrant the authorized representative shall have all the powers conferred by law upon sheriffs, but is entitled to no fee or compensation in excess of actual expenses paid in the performance of such duty.

(2) The appropriateness of any termination or jeopardy assessment shall be reviewable under the procedures prescribed by the commission by rule. The amount of any termination or jeopardy assessment is reviewable only in the manner prescribed in Title 59, Chapter 1, Parts 5 and 6.

(3) In any proceeding brought to enforce payment of any liability made due and payable by virtue of this section or Section 59-1-701 or 59-1-702, the finding of the commission, whether made after notice to the taxpayer or not, shall be for all purposes presumptive evidence of jeopardy.

(4) After a petition has been filed with the commission and when the amount which the commission has determined to be assessable has become final, any unpaid portion which has been stayed by bond[~~,~~] shall be collected as part of the tax upon notice and demand from the commission, and any remaining portion of the assessment shall be abated. If the amount already collected exceeds the amount which should have been assessed, the excess shall be credited or refunded to the taxpayer without the filing of claim. If the amount the

commission has determined to be assessable is greater than the amount actually assessed, the difference shall be assessed, and collected as part of the tax, upon notice and demand by the commission.

(5) The commission may abate the jeopardy assessment if it finds that jeopardy does not exist. The abatement may not be made after a decision of the commission in respect of the deficiency has been rendered or, if no petition is filed with the commission, after the expiration of the period for filing petition. The period of limitation on making assessments and levies or a proceeding for collection, in respect of any deficiency, shall be determined as if the jeopardy assessment so abated had not been made. The running of the period of limitation shall be suspended from the date of such jeopardy assessments until the expiration of the 10th day after the assessment is abated.

(6) The collection of all or any part of any jeopardy assessment may be stayed by filing with the commission a bond in the amount and under conditions established by the commission. The taxpayer has the right to waive the stay at any time in respect of all or part of the amount covered by the bond. If, as a result of the waiver, any part of the amount covered by the bond is paid, then the bond shall, at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, or if a notice of deficiency is mailed to the taxpayer in a lesser amount, the bond shall, at the request of the taxpayer, be proportionately reduced.

(7) If a bond is given before the taxpayer has filed his petition pursuant to Chapter 1, Part 5, the bond shall contain a condition that the amount of the deficiency assessment, the collection of which is stayed by the bond, will be paid on notice and demand at any time after the expiration of such period, together with interest thereon from the date of the jeopardy notice and demand until the date of notice and demand under this subsection. The bond shall be conditioned upon the payment of that part of the assessment (collection of which is stayed by the bond) which is not abated by a decision of the commission and has become final. If the commission determines that the amount assessed is greater than the amount which should have been assessed, then the bond shall, at the request of the taxpayer, be proportionately reduced when the decision of the commission is rendered.

(8) When a jeopardy assessment is made, the property seized for the collection of the tax may not be sold until a notice of deficiency is issued and the time for filing a petition for redetermination has expired. If a petition for redetermination is filed (whether before or after the making of the jeopardy assessment) the property may not be sold until the commission's decision on the petition becomes final unless the taxpayer consents to the sale, the commission determines that the expenses of conservation and maintenance would greatly reduce the net proceeds, or the property is perishable.

Section 79. Section 59-1-704 is amended to read:

59-1-704. Restraint of collection restricted.

(1) Except as otherwise provided in Parts 5, 6, and 7 of Chapter 1 and Chapters 2, 6, 7, 10, and 12 and the rules promulgated thereunder, no suit for the purpose of restraining the assessment or collection of any tax, penalty, or interest imposed under Chapter 1, 2, 6, 7, 10, or 12 may be maintained in any court by any person, whether or not such person is the person against whom such tax was assessed.

Section 82. Section 59-2-509 is amended to read:

59-2-509. Change of ownership.

Continuance of valuation, assessment, and taxation under this part depends upon continuance of the land in agricultural use and compliance with

the other requirements of this part, and not upon continuance in the same owner of title to the land. Liability [~~to~~] for the rollback tax attaches when a change in use or other withdrawal of the land occurs, but not when a change in ownership of the title takes place, if the new owner both:

(1) continues the land in agricultural use under the conditions prescribed in this part; and

The studies shall include measurements of uniformity within counties and use statistical methods established by the commission. County assessors may provide sales information to the commission for purposes of the studies. The commission shall make the sales and appraisal information related to the studies available to the assessors upon request.

(2) The commission shall, each year, order each county to adjust or factor its assessment rates using the most current studies so that the assessment rate in each county is in accordance with that prescribed in Section 59-2-103. The adjustment or factoring may include an entire county, geographical areas within a county, and separate classes of properties. Where significant value deviations occur, the commission shall also order corrective action.

(3) If the commission determines that sales data in any county is insufficient to perform the studies required under Subsection (1), the commission may conduct appraisals of property within that county.

(4) If a county fails to implement factoring or corrective action ordered under Subsection (2), the commission shall:

(a) implement the factoring or corrective action; and

(b) charge 100% of the reasonable implementation costs to that county.

(5) If a county disputes the factoring or corrective action ordered under Subsection (2), the matter may be mediated by the Multicounty Appraisal Trust.

(6) The commission may change the factor for any county which, after a hearing before the commission, establishes that the factor should properly be set at a different level for that county. The commission shall establish the method, procedure, and timetable for the hearings authorized under this section, including access to information to ensure a fair hearing. The commission may establish rules to implement this section.

(c) The county executive, with the approval of the county legislative body, may enter into leasehold terms for asphalt, oil, or gas that the county considers to be in the best interest of the county as long as:

If the post office address of any owner does not appear on the assessment roll, notice shall be addressed to the owner at the general delivery at the post office in the city, town, or precinct where the real estate is located, postage prepaid. (b) the commission sustains the findings.

(3) If the taxes are not paid within ten days from the date due, the commission may commence a proceeding in court in its name, but for the benefit of the state and the taxing entities interested in the taxes, in the district court of the county in which the property is located to determine the lien of the taxes and to foreclose the lien.

(4) In any proceeding the court may order any of the following:

(c) order and direct that the proceeds from the property, or so much of it as may be necessary to pay the amount of the taxes, be withheld and impounded or paid on account of the taxes from time to time as the court may direct.

(5) In determining the amount of taxes due for any year for which the levy has not been fixed and for the purposes of the proceeding in court, the commission shall use the levy prevailing within the taxing entity where the property is located for the last preceding year.

(6) In any court proceeding brought to enforce the payment of taxes made due and payable under this section, the findings of the commission shall be for all purposes presumptive evidence of the necessity for the action for the protection of the public revenues and of the amount of taxes to be paid.

(7) (a) Payment of taxes due under this section will not be enforced through the proceedings authorized by this section prior to the expiration of the time otherwise allowed for payment of taxes if the owner, lessee, contractor, or other person operating the property furnishes security approved by the commission that the person will timely submit all required returns and tax payments.

(5) "Exhibit" means to show.

(6) "Nudity" means the showing of the human male or female genitals, pubic area, or buttocks, with less than an opaque covering, or the showing of a female breast with less than an opaque covering, or any portion thereof below the top of the nipple, or the depiction of covered male genitals in a discernibly turgid state.

(11) "Harmful to minors" means that quality of any description or representation, in whatsoever form, of nudity, sexual conduct, sexual excitement, or sadomasochistic abuse when it:

[~~(i)~~] (a) taken as a whole, appeals to the prurient interest in sex of minors;

Section 118. Section 78-14-5 is amended to read:

78-14-5. Failure to obtain informed consent -- Proof required of patient -- Defenses -- Consent to health care.

(1) When a person submits to health care rendered by a health care provider, it shall be presumed that what the health care provider did was either expressly or impliedly authorized to be done. For a patient to recover damages from a health care provider in an action based upon the provider's failure to obtain informed consent, the patient must prove the following:

(a) that a provider-patient relationship existed between the patient and health care provider;

(b) the health care provider rendered health care to the patient;

(c) the patient suffered personal injuries arising out of the health care rendered;

(d) the health care rendered carried with it a substantial and significant risk of causing the patient serious harm;

(e) the patient was not informed of the substantial and significant risk;

(f) a reasonable, prudent person in the patient's position would not have consented to the health care rendered after having been fully informed as to all facts relevant to the decision to give consent. In determining what a reasonable, prudent person in the patient's position would do under the circumstances, the finder of fact shall use the viewpoint of the patient before health care was provided and before the occurrence of any personal injuries alleged to have arisen from said health care; and

(g) the unauthorized part of the health care rendered was the proximate cause of personal injuries suffered by the patient.

(2) It shall be a defense to any malpractice action against a health care provider based upon alleged failure to obtain informed consent if:

(a) the risk of the serious harm which the patient actually suffered was relatively minor;

(b) the risk of serious harm to the patient from the health care provider was commonly known to the public;

(c) the patient stated, prior to receiving the health care complained of, that he would accept the health care involved regardless of the risk; or that he did not want to be informed of the matters to which he would be entitled to be informed;

(d) the health care provider, after considering all of the attendant facts and [~~circumstanets~~] circumstances, used reasonable discretion as to the manner and extent to which risks were disclosed, if the health care provider reasonably believed that additional disclosures could be expected to have a substantial and adverse effect on the patient's condition; or

(e) the patient or his representative executed a written consent which sets forth the nature and purpose of the intended health care and which contains a declaration that the patient accepts the risk of substantial and serious harm, if any, in hopes of obtaining desired beneficial results of health care and which acknowledges that health care providers involved have explained his condition and the proposed health care in a satisfactory manner and that all questions asked about the health care and its attendant risks have been answered in a manner satisfactory to the patient or his representative; such written consent shall be a defense to an action against a health care provider based upon failure to obtain informed consent unless the patient proves that the person giving the consent lacked capacity to consent or shows by clear and convincing proof that the execution of the written consent was induced by the defendant's affirmative acts of fraudulent misrepresentation or fraudulent omission to state material facts.

(3) Nothing contained in this act shall be construed to prevent any person 18 years of age or over from refusing to consent to health care for his own person upon personal or religious grounds.

(4) The following persons are authorized and empowered to consent to any health care not prohibited by law:

(a) any parent, whether an adult or a minor, for his minor child;

(b) any married person, for a spouse;

(c) any person temporarily standing in loco parentis, whether formally serving or not, for the minor under his care and any guardian for his ward;

(d) any person 18 years of age or over for his or her parent who is unable by reason of age, physical or mental condition, to provide such consent;

(e) any patient 18 years of age or over;

(f) any female regardless of age or marital status, when given in connection with her pregnancy or childbirth;

(g) in the absence of a parent, any adult for his minor brother or sister; and

(h) in the absence of a parent, any grandparent for his minor grandchild.

(5) No person who in good faith consents or authorizes health care treatment or procedures for another as provided by this act shall be subject to civil liability.

Section 119. Section 78-23-10 is amended to read:

78-23-10. Allowable claims against exempt property.

(1) Notwithstanding other provisions of this chapter, but subject to the provisions of the Utah Uniform Consumer Credit Code:

(a) A creditor may levy against exempt property of any kind to enforce a claim for:

(i) alimony, support, or maintenance;

(ii) unpaid earnings of up to one month's compensation or the full-time equivalent of one month's compensation for personal services of an employee; or

(iii) state or local taxes.

(b) A creditor may levy against exempt property to enforce a claim for:

(i) the purchase price of the property or a loan made for the purpose of enabling an individual to purchase the specific property used for that purpose;

(ii) [~~lbor~~] labor or materials furnished to make, repair, improve, preserve, store, or transport the specific property; and

(iii) a special assessment imposed to defray costs of a public improvement benefiting the property.

(2) This section does not affect the right to enforce any statutory lien or security interest in exempt property.

CLARIFICATION OF TIME LIMITS FOR REUNIFICATION SERVICES

Sponsor: Matt Throckmorton

This act modifies the Judicial Code to address concerns that statutory time limits for achieving permanency for foster children are not consistently applied. This act clarifies time requirements for reunification services for children two years of age or younger. This act clarifies the finding that must be made by a court when permanency hearings are consolidated with hearings on termination of parental rights. This act requires the court to schedule dates for the six-month review and the permanency hearing at the adjudication hearing.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
78-3a-310, as last amended by Chapter 329, Laws of Utah 1997
78-3a-311, as last amended by Chapter 121, Laws of Utah 1999
78-3a-312, as last amended by Chapter 121, Laws of Utah 1999

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 78-3a-310 is amended to read:

78-3a-310. Adjudication -- Dispositional hearing -- Time deadlines.

(1) If, at the adjudication hearing, the court finds, by clear and convincing evidence, that the allegations contained in the petition are true, it shall conduct a dispositional hearing.

(2) The dispositional hearing may be held on the same date as the adjudication hearing, but shall be held no later than 30 calendar days after the date of the adjudication hearing.

(3) At the adjudication hearing or the dispositional hearing the court shall schedule [~~or direct the scheduling of~~] dates and times for:

(a) the six-month periodic review; and

(b) the permanency hearing.

Section 2. Section 78-3a-311 is amended to read:

78-3a-311. Dispositional hearing -- Reunification services -- Exceptions.

(1) The court may make any of the dispositions described in Section 78-3a-118, place the child in the custody or guardianship of any individual or public or private entity or agency, order protective supervision, family preservation, medical or mental health treatment, or other services.

(2) (a) Whenever the court orders continued removal at the dispositional hearing, and that the minor remain in the custody of the Division of Child and Family Services, it shall first establish a primary permanency goal for the minor and determine whether, in view of the primary permanency goal, reunification services are appropriate for the child and the child's family, pursuant to Subsection (3). In cases where obvious sexual abuse, abandonment, or serious physical abuse or neglect are involved, neither the division nor the court has any duty to make "reasonable efforts" or to, in any other way, attempt to provide reunification services, or to attempt to rehabilitate the offending parent or parents. In all cases, the child's health, safety, and welfare shall be the court's paramount concern in determining whether reasonable efforts to reunify should be made.

(b) (i) In addition to the primary permanency goal, the court shall establish a concurrent permanency goal. The concurrent permanency goal shall include a representative list of the conditions under which the primary permanency goal will be abandoned in favor of the concurrent permanency goal and an explanation of the effect of abandoning or modifying the primary permanency goal.

(ii) A permanency hearing shall be conducted in accordance with Subsection 78-3a-312(1)(b) within 30 days if something other than reunification is initially established as a child's primary permanency goal.

(iii) The court may amend a child's primary permanency goal before the establishment of a final permanency plan under Section 78-3a-312. The court is not limited to the terms of the concurrent permanency goal in the event that the primary permanency goal is abandoned. If, at anytime, the court determines that reunification is no longer a child's primary permanency goal, the court shall conduct a permanency hearing in accordance with Section 78-3a-312 within the earlier of 30 days of the court's determination or 12 months from the original removal of the child.

(c) If the court determines that reunification services are appropriate, it shall order that the division make reasonable efforts to provide services to the minor and his parent for the purpose of facilitating reunification of the family, for a specified period of time. In providing those services, the child's health, safety, and welfare shall be the division's paramount concern, and the court shall so order. The time period for reunification services may not exceed 12 months from the date that the child was initially removed from his home. Nothing in this section may be construed to entitle any parent to an entire 12 months of reunification services. If reunification services have been ordered, the court may terminate those services at any time. If, at any time, continuation of reasonable efforts to reunify a child is determined to be inconsistent with the final permanency plan for the child established pursuant to Subsection 78-3a-312, then measures shall be taken, in a timely manner, to place the child in accordance with the permanency plan, and to complete whatever

steps are necessary to finalize the permanent placement of the child.

(d) Any physical custody of the minor by the parent or a relative during the period described in Subsection (2)(c) does not interrupt the running of the period.

(e) (i) If reunification services have been ordered, a permanency hearing shall be conducted by the court in accordance with Section 78-3a-312 at the expiration of the time period for reunification services. The permanency hearing shall be held no later than 12 months after the original removal of the child.

(ii) If reunification services have not been ordered, a permanency hearing shall be conducted within 30 days, in accordance with Section 78-3a-312.

(f) With regard to a child who is [~~two years~~] 36 months of age or younger at the time the [~~court orders reunification services~~] child is initially removed from the home, the court shall:

(i) hold a permanency hearing eight months after the date of the initial removal, pursuant to Section 78-3a-312; and

(ii) order the discontinuance of those services after [~~six~~] eight months from the initial removal of the child from the home if the parent or parents have not made substantial efforts to comply with the treatment plan. [~~The burden is upon the parents, and the division if it supports continued reunification services, to show that the parents have made substantial efforts to comply with the plan during the first six months of reunification services.~~]

(g) With regard to a child in the custody of the division whose parent or parents have been ordered to receive reunification services but who have abandoned that child for a period of six months since the date that reunification services were ordered, the court shall terminate reunification services, and the division shall petition the court for termination of parental rights.

(3) (a) Because of the state's interest in and responsibility to protect and provide permanency for children who are abused, neglected, or dependent, the Legislature finds that a parent's interest in receiving reunification services is limited. The court may, under any circumstances, determine that efforts to reunify a child with his family are not reasonable or appropriate, based on the individual circumstances, and that reunification services should not be provided. In determining "reasonable efforts" to be made with respect to a child, and in making "reasonable efforts," the child's health, safety, and welfare shall be the paramount concern.

(b) There is a presumption that reunification services should not be provided to a parent if the court finds, by clear and convincing evidence, that any of the following circumstances exist:

(i) the whereabouts of the parents are unknown, based upon a verified affidavit indicating that a reasonably diligent search has failed to locate the parent;

(ii) the parent is suffering from a mental illness of such magnitude that it renders him incapable of utilizing reunification services; that finding shall be based on competent evidence from mental health professionals establishing that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months;

(iii) the minor has been previously adjudicated as an abused child due to physical or sexual abuse, that following the adjudication the child was removed from the custody of his parent, was subsequently returned to the custody of that parent, and the minor is being removed due to additional physical or sexual abuse;

(iv) the parent has caused the death of another child through abuse or neglect or has committed, aided, abetted, attempted, conspired, or solicited to commit murder or manslaughter of a child or child abuse homicide;

(v) the minor has suffered severe abuse by the parent or by any person known by the parent, if the parent knew or reasonably should have known that the person was abusing the minor;

(vi) the minor has been adjudicated an abused child as a result of severe abuse by the parent, and the court finds that it would not benefit the child to pursue reunification services with the offending parent;

(vii) the parent's rights have been terminated with regard to any other child;

(viii) the child has been removed from his home on at least two previous occasions and reunification services were offered or provided to the family at those times; or

(ix) the parent has abandoned the child for a period of six months or longer; or

(x) any other circumstance that the court determines should preclude reunification efforts or services.

(4) (a) Failure of the parent to respond to previous services or comply with any previous treatment plan, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, whether a parent continues to live with an individual who abused the child, any patterns of the parent's behavior that have exposed the child to repeated abuse, or testimony by a competent professional that the parent's behavior is unlikely to be successful, shall be considered in determining whether reunification services are appropriate.

(b) The court shall also consider whether the parent has expressed an interest in reunification with the child, in determining whether reunification services are appropriate.

(5) If reunification services are not ordered pursuant to Subsection (3)(a), and the whereabouts

of a parent become known within six months of the out-of-home placement of the minor, the court may order the division to provide reunification services. The time limits described in Subsection (2), however, are not tolled by the parent's absence.

(6) If a parent is incarcerated or institutionalized, the court shall order reasonable services unless it determines that those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for minors ten years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services for an incarcerated parent are subject to the 12-month limitation imposed in Subsection (2). Reunification services for an institutionalized parent are subject to the 12-month limitation imposed in Subsection (2), unless the court determines that continued reunification services would be in the child's best interest.

(7) If, pursuant to Subsection (3)(b)(ii), (iii), (iv),(v), (vi), (vii), (viii), (ix), or (x), the court does not order reunification services, a permanency hearing shall be conducted within 30 days, in accordance with Section 78-3a-312.

Section 3. Section 78-3a-312 is amended to read:

78-3a-312. Permanency hearing -- Final plan -- Petition for termination of parental rights filed -- Hearing on termination of parental rights.

(1) (a) When reunification services have been ordered in accordance with Section 78-3a-311, with regard to a child who is in the custody of the Division of Child and Family Services, a permanency hearing shall be held by the court no later than 12 months after the original removal of the child.

(b) When no reunification services were ordered at the dispositional hearing, a permanency hearing shall be held within 30 days from the date of the dispositional hearing.

(2) (a) If reunification services were ordered by the court in accordance with Section 78-3a-311, the court shall, at the permanency hearing, determine whether the child may safely be returned to the custody of his parent. If the court finds, by a preponderance of the evidence, that return of the child would create a substantial risk of detriment to the child's physical or emotional well-being, the child may not be returned to the custody of his parent. The failure of a parent or guardian to participate in, comply with, in whole or in part, or to meet the goals of a court approved treatment plan constitutes prima facie evidence that return of the child to that parent would create a substantial risk of detriment.

(b) In making a determination under this Subsection (2), the court shall review the report prepared by the Division of Child and Family Services, a report prepared by the child's guardian ad litem, any report prepared by a foster care citizen review board pursuant to Section 78-3g-103, any evidence regarding the efforts or progress demonstrated by the parent, and the extent to which the parent cooperated and availed himself of services provided.

(3) (a) With regard to a case where reunification services were ordered by the court, if a child is not returned to his parent or guardian at the permanency hearing, the court shall order termination of reunification services to the parent, and make a final determination regarding whether termination of parental rights, adoption, guardianship, or long-term foster care is the most appropriate final plan for the child, taking into account the child's primary permanency goal established by the court pursuant to Section 78-3a-311. If the child clearly desires contact with the parent, the court shall take the child's desire into consideration in determining the final plan. In addition, the court shall establish a concurrent plan that identifies the second most appropriate final plan for the child. The court may not extend reunification services beyond 12 months from the date the child was initially removed from his home, in accordance with the provisions of Section 78-3a-311, except that the court may extend reunification services for no more than 90 days if it finds that there has been substantial compliance with the treatment plan, that reunification is probable within that 90 day period, and that the extension is in the best interest of the child. In no event may any reunification services extend beyond 15 months from the date the child was initially removed from his home. Delay or failure of a parent to establish paternity or seek custody does not provide a basis for the court to extend services for that parent beyond that 12-month period.

(b) The court may, in its discretion, enter any additional order that it determines to be in the best interest of the child, so long as that order does not conflict with the requirements and provisions of Subsection (3)(a). The court may order the division to provide protective supervision or other services to a child and the child's family after the division's custody of a child has been terminated.

(4) If the final plan for the child is to proceed toward termination of parental rights, the petition for termination of parental rights shall be filed, and a pretrial held, within 45 calendar days after the permanency hearing.

(5) Any party to an action may, at any time, petition the court for an expedited permanency hearing on the basis that continuation of reunification efforts are inconsistent with the permanency needs of the child. If the court so determines, it shall order, in accordance with federal law, that the child be placed in accordance with the permanency plan, and that whatever steps are necessary to finalize the permanent placement of the child be completed as quickly as possible.

(6) Nothing in this section may be construed to:

(a) entitle any parent to reunification services for any specified period of time;

(b) limit a court's ability to terminate reunification services at any time prior to a permanency hearing; or

(c) limit or prohibit the filing of a petition for termination of parental rights by any party, or a hearing on termination of parental rights, at any time prior to a permanency hearing. If a petition for termination of parental rights is filed prior to the date scheduled for a permanency hearing, the court may [~~schedule~~] consolidate the hearing on termination of parental rights [~~in lieu of~~] with the permanency hearing[~~; combine the permanency hearing and the hearing on termination of parental rights; or schedule the hearings separately~~]. If the court [~~schedules~~] consolidates the hearing on termination of parental rights [~~in lieu of~~] with the permanency hearing, it shall first make a finding whether reasonable efforts have been made by the Division of Child and Family Services to finalize the permanency goal for the child, and any reunification services shall be terminated in accordance with the time lines described in Section 78-3a-311 [~~and a~~]. A decision on the petition for termination of parental rights shall be made within 18 months from the date of the child's removal.

This act affects sections of Utah Code Annotated 1953 as follows:

(2) (a) An actor commits custodial sexual relations if the actor commits any of the acts under Subsection (3):

(i) under circumstances not amounting to commission of, or an attempt to commit, an offense under Subsection (6); and

(ii) (A) the actor knows that the individual is a person in custody; or

(B) a reasonable person in the actor's position should have known under the circumstances that the individual was a person in custody.

(b) A violation of Subsection (2)(a) is a third degree felony, but if the person in custody is younger than 18 years of age, a violation of Subsection (2)(a) is a second degree felony.

(c) If the act committed under this Subsection (2) amounts to an offense subject to a greater penalty under another provision of state law than is provided under this Subsection (2), this Subsection (2) does not prohibit prosecution and sentencing for the more serious offense.

(3) Acts referred to in Subsection (2)(a) are:

(a) having sexual intercourse with a person in custody;

(b) engaging in any sexual act with a person in custody involving the genitals of one person and the mouth or anus of another person, regardless of the sex of either participant; or

(c) causing the penetration, however slight, of the genital or anal opening of a person in custody by any foreign object, substance, instrument, or device, including a part of the human body, with the intent to cause substantial emotional or bodily pain to any person, regardless of the sex of any participant.

(4) (a) An actor commits custodial sexual misconduct if the actor commits any of the acts under Subsection (5):

(i) under circumstances not amounting to commission of, or an attempt to commit, an offense under Subsection (6); and

(ii) (A) the actor knows that the individual is a person in custody; or

(B) a reasonable person in the actor's position should have known under the circumstances that the individual was a person in custody.

(b) A violation of Subsection (4)(a) is a class A misdemeanor, but if the person in custody is younger than 18 years of age, a violation of Subsection (4)(a) is a third degree felony.

(c) If the act committed under this Subsection (4) amounts to an offense subject to a greater penalty under another provision of state law than is provided under this Subsection (4), this Subsection (4) does not prohibit prosecution and sentencing for the more serious offense.

(5) Acts referred to in Subsection (4)(a) are the following acts when committed with the intent to cause substantial emotional or bodily pain to any person or with the intent to arouse or gratify the

(i) Section 76-5-404.1, sexual abuse of a child or aggravated sexual abuse of a child; or

(j) Section 76-5-405, aggravated sexual assault.

(7) (a) It is not a defense to the commission of the offense of custodial sexual relations under Subsection (2) or custodial sexual misconduct under Subsection (4), or an attempt to commit either of these offenses, if the person in custody is younger than 18 years of age, that the actor:

(i) mistakenly believed the person in custody to be 18 years of age or older at the time of the alleged offense; or

(ii) was unaware of the true age of the person in custody.

(b) Consent of the person in custody is not a defense to any violation or attempted violation of Subsection (2) or (4).

(8) It is a defense that the commission by the actor of an act under Subsection (2) or (4) is the result of compulsion, as the defense is described in Subsection 76-2-302(1).

Part 2. Emergency Management Assistance Compact

53-2-201. Title.

This part is known as the "Emergency Management Assistance Compact."

Section 6. Section 53-2-202 is enacted to read:

53-2-202. Compact.

(1) Article I. Purposes and Authorities.

(1) (a) This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this agreement, the term "states" is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all U.S. territorial possessions.

(b) The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

(c) This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' national guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

(2) Article II. General Implementation.

(2) (a) Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

(b) The prompt, full, and effective utilization of resources of the participating states, including any

resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

(c) On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

(3) Article III. Party State Responsibilities.

(3) (a) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:

(i) review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack;

(ii) review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

(iii) develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

(iv) assist in warning communities adjacent to or crossing the state boundaries;

(v) protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

(vi) inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

(vii) provide, to the extent authorized by law, for temporary suspension of any statutes.

(b) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within 30 days of the verbal request. Requests shall provide the following information:

(i) a description of the emergency service function for which assistance is needed, such as, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

(ii) the amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed; and

(iii) the specific place and time for staging of the assisting party's response and a point of contact at that location.

(c) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

(4) Article IV. Limitations.

(4) (a) Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

(b) Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

(5) Article V. Licenses and Permits.

Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet

a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

(6) Article VI. Liability.

Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

(7) Article VII. Supplementary Agreements.

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

(8) Article VIII. Compensation.

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

(9) Article IX. Reimbursement.

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this provision.

(10) Article X. Evacuation.

(10) (a) Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant shall be worked out and maintained between the party states and the emergency management or services directors of the various jurisdictions where any type of incident requiring evacuations might occur.

(b) Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors.

(c) Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

(11) Article XI. Implementation.

(11) (a) This compact shall become operative immediately upon its enactment into law by any two states; thereafter, this compact shall become effective as to any other state upon its enactment by such state.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 30 days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

(c) Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the federal emergency management agency and other appropriate agencies of the United States government.

(12) Article XII. Validity.

This act shall be construed to effectuate the purposes stated in Article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this act and the applicability thereof to other persons and circumstances shall not be affected thereby.

(13) Article XIII. Additional Provisions.

Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the Air Force would in the absence of express statutory authorization be prohibited under Section 1385 of Title 18, United States Code.

Section 7. Section 53-2-301 is enacted to read:

Part 3. Authority of the Governor to Enter Into Compact

53-2-301. Authority of governor to join compact.

The governor of Utah is authorized and directed to execute a compact on behalf of this state with any other state or states joining the Emergency Management Assistance Compact as provided in Section 53-2-202.

Section 8. Effective date.

(a) the disabled or elder adult to be protected is eligible for those services from another governmental agency;

(b) the disabled or elder adult to be protected is financially able to pay for those services according to rates established by the division and that payment is provided for as part of the written agreement for services described in Subsection (4)(b); or

(c) the court appoints a guardian and orders that the costs be paid from the disabled or elder adult's estate.

Waiver shall not be presumed by nonappearance of the disabled or elder adult, but shall be determined at the hearing on the basis of factual information supplied to the court;

(d) the right to counsel at the hearing, in preparation for the hearing, and at every significant stage of the protective service. If a disabled or elder adult is unable to afford counsel, the court shall appoint counsel, who shall be paid by the division in accordance with Subsection (3);

CHAPTER 28C. INTERSTATE COMPACT FOR ADULT OFFENDER SUPERVISION

Part 1. Purpose and Functions

77-28c-101. Title.

This chapter is known as the "Interstate Compact for Adult Offender Supervision."

Section 3. Section 77-28c-102 is enacted to read:

77-28c-102. Preamble.

PREAMBLE

Whereas: The Interstate Compact for the supervision of Parolees and Probationers was established in 1937, it is the earliest corrections "compact" established among the states and has not been amended since its adoption over 62 years ago;

Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines, and it currently has jurisdiction over more than a quarter of a million offenders;

Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements, and sex offender registration;

Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability;

Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact.

Section 4. Section 77-28c-103 is enacted to read:

77-28c-103. Compact.

ARTICLE I
PURPOSE

(a) The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the by-laws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary, return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(b) It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: To provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits, and obligations of the compact among the compacting states.

(c) In addition, this compact will: Create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections, or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of compact activities to heads of state councils, state executive, judicial, and legislative branches, and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct noncompliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.

(d) The compacting states recognize that there is no "right" of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and by-laws and rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

(a) The Interstate Commission shall promulgate rules in order to effectively and efficiently achieve the purposes of the compact, including transition rules governing administration of the compact during the period in which it is being considered and enacted by the states;

(b) Rulemaking shall occur pursuant to the criteria set forth in this article and the by-laws and rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the federal Administrative Procedure Act, 5 U.S.C.S. Section 551 et seq., and the Federal Advisory Committee Act, 5 U.S.C.S. App. 2, Section 1 et seq., as may be amended (hereinafter "APA"). All rules and amendments shall become binding as of the date specified in each rule or amendment.

(c) If a majority of the legislatures of the compacting states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

(d) When promulgating a rule, the Interstate Commission shall:

(1) Publish the proposed rule, stating with particularity the text of the rule which is proposed and the reason for the proposed rule;

(2) Allow persons to submit written data, facts, opinions, and arguments, which information shall be publicly available;

(3) Provide an opportunity for an informal hearing; and

(4) Promulgate a final rule and its effective date, if appropriate, based on the rulemaking record. Not later than 60 days after a rule is promulgated, any interested person may file a petition in the United States District Court for the District of Columbia or in the Federal District Court where the Interstate Commission's principal office is located for judicial review of such rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence, (as defined in the APA), in the rulemaking record, the court shall hold the rule unlawful and set it aside.

(e) Subjects to be addressed within 12 months after the first meeting must at a minimum include:

(i) notice to victims and opportunity to be heard;

(ii) offender registration and compliance;

(iii) violations/returns;

(iv) transfer procedures and forms;

(v) eligibility for transfer;

(vi) collection of restitution and fees from offenders;

(vii) data collection and reporting;

(viii) the level of supervision to be provided by the receiving state;

(ix) transition rules governing the operation of the compact and the Interstate Commission during all or part of the period between the effective date of the compact and the date on which the last eligible state adopts the compact; and

(x) mediation, arbitration, and dispute resolution.

(f) The existing rules governing the operation of the previous compact superceded by this act shall be null and void 12 months after the first meeting of the Interstate Commission created hereunder.

(g) Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

ARTICLE IX
OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION BY THE INTERSTATE COMMISSION

(a) Oversight.

(1) The Interstate Commission shall oversee the Interstate movement of adult offenders in the compacting states and shall monitor such activities being administered in noncompacting states which may significantly affect compacting states.

(2) The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the Interstate Commission, the Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes.

(b) Dispute Resolution.

(1) The compacting states shall report to the Interstate Commission on issues or activities of concern to them, and cooperate with and support the Interstate Commission in the discharge of its duties and responsibilities.

(2) The Interstate Commission shall attempt to resolve any disputes or other issues which are subject to the compact and which may arise among compacting states and noncompacting states.

(3) The Interstate Commission shall enact a by-law or promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.

(c) Enforcement. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact using any or all means set forth in Article XII (b) of this compact.

ARTICLE X
FINANCE

(a) The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(b) The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

(c) The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(d) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its by-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE XI
COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT

(a) Any state, as defined in Article II of this compact, is eligible to become a compacting state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 35 of the states. The initial effective date shall be the later of July 1, 2001, or upon enactment into law by the thirty-fifth jurisdiction. Thereafter it shall become effective and binding, as to any other compacting state, upon enactment of the compact into law by that state. The governors of nonmember states or their designees will be invited to participate in Interstate Commission activities on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

(c) Amendments to the compact may be proposed by the Interstate Commission for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XII
WITHDRAWAL, DEFAULT, TERMINATION, AND JUDICIAL ENFORCEMENT

(a) Withdrawal.

(1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute which enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within 60 days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

(b) Default.

(1) If the Interstate Commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this compact, the by-laws, or any duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

(i) Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission;

(ii) Remedial training and technical assistance as directed by the Interstate Commission;

(iii) Suspension and termination of membership in the compact. Suspension shall be imposed only after all other reasonable means of securing compliance under the by-laws and rules have been exhausted. Immediate notice of suspension shall be given by the Interstate Commission to the governor, the chief justice or chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council.

(2) The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, Interstate Commission by-laws, or duly promulgated rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission on the defaulting state pending a cure of the default. The Interstate Commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of suspension. Within 60 days of the effective date of termination of a defaulting state, the Interstate Commission shall notify the governor, the chief justice or chief judicial officer, and the majority and minority leaders of the defaulting state's legislature and the state council of such termination.

(3) The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

(4) The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon between the Interstate Commission and the defaulting state. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

(c) Judicial Enforcement. The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices, to enforce compliance with the provisions of the compact and its duly promulgated rules and by-laws, against any compacting state in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys' fees.

(d) Dissolution of Compact.

(1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be wound up and any surplus funds shall be distributed in accordance with the by-laws.

ARTICLE XIII
SEVERABILITY AND CONSTRUCTION

(a) The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(b) The provisions of this compact shall be liberally constructed to effectuate its purposes.

ARTICLE XIV
BINDING EFFECT OF COMPACT AND OTHER LAWS

(a) Other Laws.

(1) Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.

(2) All compacting states' laws conflicting with this compact are superseded to the extent of the conflict.

(b) Binding Effect of the Compact.

(1) All lawful actions of the Interstate Commission, including all rules and by-laws promulgated by the Interstate Commission, are binding upon the compacting states.

(2) All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

(i) (A) 18 months unless Subsection (2)(i)(i)(B) applies; or

(6) (a) The person to be tested may, at his own expense, have a physician of his own choice administer a chemical test in addition to the test or tests administered at the direction of a peace officer.

(b) The failure or inability to obtain the additional test does not affect admissibility of the results of the test or tests taken at the direction of a peace officer, or preclude or delay the test or tests to be taken at the direction of a peace officer.

(c) The additional test shall be subsequent to the test or tests administered at the direction of a peace officer.

Section 22. Section 70A-9-403 (Repealed 07/01/01) is amended to read:

70A-9-403 (Repealed 07/01/01). What constitutes filing -- Required statement -- Duration of filing -- Effect of lapsed filing -- Duties of filing officer.

(1) Presentation for filing by the Division of Corporations and Commercial Code, or for recording, indexing, and abstracting by tract by the county recorder of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this chapter.

(2) Except as provided in Subsection (6), a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later. Upon lapse, the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is considered to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) (a) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in Subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number or by entry numbers and book and page numbers and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with Subsection 70A-9-405(2), including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in Subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement.

(b) Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if the filing officer has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The

filing officer shall so arrange matters by physical annexation of financing statements to continuation statement or other related filings, or by other means, that if the filing officer physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under Subsection (6) shall be retained.

(4) Except as provided in Subsection (7), a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition, the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The fees for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be determined by the Division of Corporations and Commercial Code pursuant to Section 63-38-3.2. The secured party may at the secured party's option show a trade name for any person and an extra indexing fee determined by the Division of Corporations and Commercial Code pursuant to Section 63-38-3.2 shall be paid with respect thereto.

(6) If the debtor is a transmitting utility (Subsection 70A-9-401(5)) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under Subsection 70A-9-402(6) remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) subject to Subsection 70A-9-103(5), or accounts, or is recorded as a fixture filing, the county recorder shall record and index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and under the name of the secured party as if the secured party were the mortgagee thereunder, or where indexing is by description, record and index it in the same fashion as if the financing statement were a mortgage of the real estate described. Original statements, once duly marked and recorded by the county recorder, may be returned to the party making the filing. Except as provided in Subsection 70A-9-404(3), filings made in the office of the county recorder shall be subject to the provisions of Section [~~21-2-8~~] 17-16-21 in lieu of the fees provided in this chapter.

Section 23. Section 70A-9-404 (Repealed 07/01/01) is amended to read:

70A-9-404 (Repealed 07/01/01). Termination statement.

(1) If a financing statement covering consumer goods is filed on or after July 1, 1977, then within one month or within ten days following written demand by the debtor after there is no outstanding secured obligation and no commitment to make advances, incur obligations, or otherwise give value, the secured party must file with each filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by file number or by entry number and book and page numbers. In other cases, whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations, or otherwise give value, the secured party must, on written demand by the debtor, send the debtor, for each filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by file number or by entry number and book and page numbers. A termination statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record complying with Subsection (2) of Section 70A-9-405, including payment of the required fee. If the affected secured party fails to file such a termination statement as required by this Subsection (1), or to send such a termination statement within ten days after proper demand therefor, he shall be liable to the debtor for $100, and in addition, for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination statement, he must duly file the same. If he has received the termination statement in duplicate, he shall return one copy of the termination statement to the secured party stamped to show the time of receipt thereof. If the filing officer has a microfilm or other photographic record of the financing statement, and of any related continuation statement, statement of assignment and statement of release, he may remove the originals from the files at any time after receipt of the termination statement, or if he has no such record, he may remove them from the files at any time after one year after receipt of the termination statement.

(3) No fee shall be charged for filing and indexing a termination statement including sending or delivering the financing statement, except that filings made in the office of the county recorder shall be subject to the provisions of Section [~~21-2-8~~] 17-16-21 in lieu of the no-fee provision in this chapter.

53-1-108, as enacted by Chapter 234, Laws of Utah 1993

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 41-6-148.29 is amended to read:

41-6-148.29. Vehicles subject to Sections 41-6-148.29 through 41-6-148.33 -- Definitions.

(1) Sections 41-6-148.29 through 41-6-148.33 apply to all motor vehicles with an original manufacturer's gross vehicle weight rating of [~~10,000~~] 15,000 pounds or less operated or parked on a highway within the state.

(2) As used in Sections 41-6-148.29 through 41-6-148.33:

(a) "Commissioner" means the commissioner of the Department of Public Safety.

(b) "Frame" means the main longitudinal structural members of the chassis of the vehicle or, for vehicles with unitized body construction, the lowest longitudinal structural member of the body of the vehicle.

(c) "Frame height" means the vertical distance between the ground and the lowest point on the frame. The distance is measured [~~from the ground to the lowest point on the frame where the front bumper is normally attached,~~] when the vehicle is unladen and on a level surface.

(d) "Gross vehicle weight rating (GVWR)" means the original manufacturer's gross vehicle weight rating, whether or not the vehicle is modified by use of parts not originally installed by the original manufacturer.

(e) "Manufacturer" means any person engaged in manufacturing or assembling new motor vehicles utilizing new parts or components, or a person defined as a manufacturer in current applicable Federal Motor Vehicle Safety Standards (FMVSS).

(f) "Mechanical alteration" or "mechanical lift" means modification or alteration of the axles, chassis, suspension, or body by any means, including tires and wheels, and excluding any load, which affects the frame height of the motor vehicle.

(g) "O.E.M." means original equipment manufacturer.

(h) "Original equipment" means an item of motor vehicle equipment, including tires, which were installed in or on a motor vehicle or available as an option for the particular vehicle from the original manufacturer at the time of its delivery to the first purchaser.

[~~(i) "Original manufacturer's height" means the highest distance, inclusive of the largest tires, and highest suspension available as standard or optional equipment for the particular vehicle from the original manufacturer.~~]

[~~(j) "Reconstructed motor vehicle" means any motor vehicle constructed or assembled principally with used parts or components.~~]

[~~(k) "Wheel base" means the shortest distance between the center of the front axle and the center of the rear axle.~~]

[~~(l)~~] (i) "Wheel track" means the shortest distance between the center of the tire treads on the same axle. On vehicles having dissimilar axle widths, the axle with the widest distance is used for all calculations.

(3) The provisions of Sections 41-6-148.29 through 41-6-148.33 do not apply to the following vehicles:

(a) implements of husbandry;

(b) farm tractors;

(c) road machinery;

(d) road rollers; and

(e) historical vehicles or horseless carriages that have been restored as near to original condition as is reasonably possible.

Section 2. Section 41-6-148.31 is amended to read:

41-6-148.31. Standards applicable to vehicles.

(1) The following standards apply to vehicles under Sections 41-6-148.29 through 41-6-148.33:

[~~(a) Fractions shall be excluded in all measurements and calculations.~~]

[~~(b) Due to slight variances in production tolerances, violations are in excess of one inch beyond the limits set by this section.~~]

[~~(c) (i) Maximum heights are measured from a level surface to the bottom of the frame where the front bumper is attached by the original manufacturer.~~]

[~~(ii) The distance of the original manufacturer's height is measured with the vehicle unladen and resting on a level surface or at any other location determined by the commissioner.~~]

[~~(iii) The appropriate method of measurement among the following shall be used:~~]

[~~(A) from the ground to the lowest edge of the center line of the operator's door;~~]

[~~(B) from the ground to the lowest point where that door would meet the body on vehicles without doors; or~~]

[~~(C) from the ground to the lowest point on the floor panel directly below the operator's position on vehicles designed without doors.~~]

[~~(iv) The commissioner shall periodically provide rules specifying approved maximum altered heights.~~]

[~~(d)~~] (a) All replacement parts and equipment used in a mechanical alteration shall be designed and capable of performing the function for which they are intended and shall be equal to or greater in strength and durability than the original parts provided by the original manufacturer.

[~~(e) The lowest portion of the body floor shall be not more than two inches above the top of the frame.~~]

[~~(f) The~~] (b) Except for original equipment, the use of spacers to increase wheel track width of any vehicle is prohibited.

[~~(g)~~] (c) The use of axle blocks to alter the suspension on the front axle of any vehicle is prohibited.

(d) The stacking of two or more axle blocks of any vehicle is prohibited.

(2) (a) In doubtful or unusual cases, or to meet specific industrial requirements, personnel of the Utah Highway Patrol shall inspect the vehicle to determine the road worthiness and safe condition of the vehicle and whether it complies with Sections 41-6-148.29 through 41-6-148.33.

(b) If the vehicle complies, the Utah Highway Patrol shall issue a permit of approval that shall be carried in the vehicle.

(3) (a) Upon notice to the party to whom the motor vehicle is registered, the Department of Public Safety shall suspend the registration of any motor vehicle equipped, altered, or modified in violation of Sections 41-6-148.29 through 41-6-148.33.

(b) The Motor Vehicle Division shall, under Subsection 41-1a-109(1)(e) or (2), refuse to register any motor vehicle it has reason to believe is equipped, altered, or modified in violation of Sections 41-6-148.29 through 41-6-148.33.

Section 3. Section 41-6-148.32 is amended to read:

41-6-148.32. Prohibitions.

(1) A person may not operate on any highway within the state a motor vehicle that is mechanically altered or changed [~~and weighs~~]:

[~~(a) less than 6,000 pounds unladen, if the vertical distance between the highway surface and the vehicle chassis and suspension components, other than the wheels, is less than one inch above the vertical distance between the highway surface and the lowest portion of the rim of any wheel in contact with the highway;~~]

[~~(b) 6,000 pounds or more unladen, if the lowest part of the body or chassis is closer to the ground than it was when the vehicle was manufactured by the O.E.M., or the distance between the ground and the bottom of the vehicle frame where the front bumper is normally attached is less than that distance was at the time the vehicle was manufactured.~~]

[~~(2) (a) A motor vehicle may not be altered or modified~~]

(a) in any way that may cause the vehicle body or chassis to come in contact with the roadway, expose the fuel tank to damage from collision, or cause the wheels to come in contact with the body under normal operation[~~.~~];

(b) [~~No part of the original braking, steering, or suspension system may be altered, modified, disconnected, or changed~~] in any manner that may impair the safe operation of the vehicle[~~.~~];

(c) so that any part of the vehicle other than tires, rims, and mudguards are less than three inches above the ground;

(d) to a frame height of more than 24 inches for a motor vehicle with a gross vehicle weight rating of less than 4,500 pounds;

(e) to a frame height of more than 26 inches for a motor vehicle with a gross vehicle weight rating of at least 4,500 pounds and less than 7,500 pounds;

(f) to a frame height of more than 28 inches for a motor vehicle with a gross vehicle weight rating of at least 7,500 pounds;

(g) by stacking or attaching vehicle frames (one from on top of or beneath another frame); or

(h) so that the lowest portion of the body floor is raised more than three inches above the top of the frame.

[~~(3) The~~] (2) If the wheel track [~~may be~~] is increased [~~by use of tires and rims for a maximum total increase of six inches~~] beyond the O.E.M. specification, [~~provided~~] the top 50% of the tires [~~are~~] shall be covered by the original fenders, by rubber, or other flexible fender extenders under any loading condition.

[~~(4) Any motor vehicle having a wheel base greater than 100 inches may increase the O.E.M. height by use of a mechanical lift up to four inches. The largest tire size available from the O.E.M. as standard or optional equipment for the particular motor vehicle may also be increased up to four inches. The maximum combined mechanical and tire lift is eight inches above O.E.M. height.~~]

[~~(5) (a) The maximum combined lift for motor vehicles with a wheel base of 100 inches or less shall be calculated by multiplying the O.E.M. wheel base times the O.E.M. wheel track. The product divided by a safety factor of 2,200 equals the maximum mechanical lift allowed.~~]

[~~(b) For example: 92 inches w/b multiplied by 58 inches w/t equals 5,336 divided by 2,200 equals 2 inches maximum mechanical lift. The largest tire size available from the O.E.M. as standard or optional equipment for a particular motor vehicle may be increased, but not to exceed the maximum mechanical lift calculated under this subsection.~~]

[~~(6) (a) Reconstructed motor vehicles are limited to the maximum combined lift allowed for the particular chassis used in accordance with the applicable provisions of this subsection.~~]

[~~(b) For example: a 1985 Ford Bronco having a 105-inch wheel base is allowed a maximum combined lift of eight inches above the O.E.M. height. Accordingly, the lower edge of the door, door edge line, or floor panel, as defined in this part, of any unladen body mounted on the chassis may not exceed 27 inches above the level surface upon which the vehicle rests.~~]

[~~(7) Any vehicle measured to determine compliance with this section shall be on a level surface.~~]

[~~(8) This section does not apply to motor vehicles weighing more than 26,000 pounds gross registered vehicle weight that are subject to state or federal motor carrier laws, rules, or regulations.~~]

(3) A person who violates the provisions of this section is guilty of a class C misdemeanor.

Section 4. Section 41-6-148.33 is amended to read:

41-6-148.33. Bumpers.

(1) Every motor vehicle shall be equipped with a bumper on both front and rear of the vehicle, except those that were not originally designed or manufactured with a bumper or bumpers.

(2) (a) On all motor vehicles under [~~10,000~~] 15,000 GVWR, bumpers shall be:

(i) at least 4.5 inches in vertical height[~~,~~];

(ii) centered on the vehicle's center line[~~,~~]; and

(iii) extend no less than the width of the respective wheel track distance.

(b) Bumpers shall be securely mounted, horizontal load bearing, and attached to the vehicle's frame to effectively transfer impact when engaged.

(3) When any motor vehicle is originally or later equipped with bumpers, the bumpers shall be maintained in operational condition and shall comply with this [~~subsection~~] section.

Section 5. Section 41-6-150.10 is amended to read:

41-6-150.10. Mudguards or flaps at rear wheels of trucks, trailers, truck tractors, or altered motor vehicles -- Exemptions.

(1) The definitions in Section 41-6-148.29 apply to this section.

(2) (a) Except as provided in Subsections (3) and (4), when operated on a highway, [~~a motor vehicle~~] the following vehicles shall be equipped with wheel covers, mudguards, flaps, or splash aprons behind the rearmost wheels to prevent, as far as practicable, the wheels from throwing dirt, water, or other materials on other vehicles:

(iii) any truck tractor; and

(iv) any trailer or semitrailer with an unladen weight of 750 pounds or more [~~shall be equipped with wheel covers, mudguards, flaps, or splash aprons behind the rearmost wheels to prevent, as far as practicable, the wheels from throwing dirt, water, or other materials on other vehicles~~].

(b) The wheel covers, mudguards, flaps, or splash aprons shall:

(i) be at least as wide as the tires they are protecting;

(ii) be directly in line with the tires; and

(iii) have a ground clearance of not more than 50% of the diameter of a rear-axle wheel, under any conditions of loading of the motor vehicle.

(3) Wheel covers, mudguards, flaps, or splash aprons are not required if the motor vehicle, trailer, or semitrailer is designed and constructed so that the requirements of Subsection (1) are accomplished by means of fenders, body construction, or other means of enclosure.

(4) Wheel covers, mudguards, flaps, or splash aprons are not required on a vehicle operated or driven during fair weather on well-maintained, hard-surfaced roads if the motor vehicle:

(a) was made in America prior to 1935;

(b) is registered as a vintage vehicle; or

(c) is a replica vehicle as defined under Section 41-6-155.5.

(5) Except as provided in Subsection (4), rear wheels not covered at the top by fenders, bodies, or other parts of the vehicle shall be covered at the top by protective means extending rearward at least to the center line of the rearmost axle.

Section 6. Section 53-1-108 is amended to read:

(1) Except as provided in Subsection (3), it is a class A misdemeanor for a person to exercise unauthorized control over a motor vehicle[~~, trailer, or semitrailer,~~] that is not his own, without the consent of the owner or lawful custodian, and with the intent to temporarily deprive the owner or lawful custodian of possession of the motor vehicle[~~, trailer, or semitrailer~~].

(2) The consent of the owner or legal custodian of a motor vehicle[~~, trailer, or semitrailer~~] to its control by the actor is not in any case presumed or implied because of the owner's or legal custodian's consent on a previous occasion to the control of the motor vehicle[~~, trailer, or semitrailer~~] by the same or a different person.

(3) Violation of this section is a third degree felony if:

(a) the person does not return the motor vehicle[~~, trailer, or semitrailer~~] to the owner or lawful custodian within 24 hours after the exercise of unlawful control; or

(3) Wrongful appropriation is punishable one degree lower than theft, as provided in Section 76-6-412, so that a violation which would have been:

(a) a second degree felony under Section 76-6-412 if it had been theft is a third degree felony if it is wrongful appropriation;

(b) a third degree felony under Section 76-6-412 if it had been theft is a class A misdemeanor if it is wrongful appropriation;

(c) a class A misdemeanor under Section 76-6-412 if it had been theft is a class B misdemeanor if it is wrongful appropriation; and

(c) "Probation provider" means the supervisor and monitor of the ignition interlock system required as a condition of probation or as otherwise ordered by the court who contracts with the court in accordance with Subsections 41-6-44(14)(b) and (c).

(2) (a) In addition to any other penalties imposed under Section 41-6-44, and in addition to any requirements imposed as a condition of probation, the court may require that any person who is convicted of violating Section 41-6-44 and who is granted probation may not operate a motor vehicle during the period of probation unless that motor vehicle is equipped with a functioning, certified ignition interlock system installed and calibrated so that the motor vehicle will not start if the operator's blood alcohol concentration exceeds a level ordered by the court.

(b) If a person convicted of violating Section 41-6-44 was under the age of 21 when the violation occurred, the court shall order the installation of the ignition interlock system as a condition of probation.

(c) (i) If a person is convicted of a violation of Section 41-6-44 within six years of a prior conviction of that section, the court shall order the installation of the ignition interlock system, at the person's expense, for all motor vehicles registered to that person and all motor vehicles operated by that person for three years from the date of conviction.

(ii) The division shall post the ignition interlock restriction on the electronic record available to law enforcement.

(d) This section does not apply to a person convicted of a violation of Section 41-6-44 whose violation involves drugs other than alcohol.

(3) Except as provided in Subsection (2)(c), if the court imposes the use of an ignition interlock system as a condition of probation, the court shall:

(a) stipulate on the record the requirement for and the period of the use of an ignition interlock system;

(b) order that an ignition interlock system be installed on each motor vehicle owned or operated by the probationer, at the probationer's expense;

(c) order the probationer to submit his driver license to the Driver License Division in accordance with Subsection (5);

(d) immediately notify the Driver License Division and the person's probation provider of the order; and

(e) require the probationer to provide proof of compliance with the court's order to the probation provider within 30 days of the order.

(4) (a) The probationer shall provide timely proof of installation within 30 days of an order imposing the use of a system or show cause why the order was not complied with to the court or to the probationer's probation provider.

(b) The probation provider shall notify the court of failure to comply under Subsection (4)(a).

(c) For failure to comply under Subsection (4)(a) or upon receiving the notification under Subsection (4)(b), the court shall order the Driver License Division to suspend the probationer's driving privileges for the remaining period during which the compliance was imposed.

(d) Cause for failure to comply means any reason the court finds sufficiently justifiable to excuse the probationer's failure to comply with the court's order.

(5) (a) If use of an ignition interlock system is required under this section, the division may not issue, reinstate, or renew the driver license of that person unless that requirement is coded on the person's driver license.

(b) (i) If the division receives a notice that a person with a valid driver license that does not require a driver license withdrawal is required to use an ignition interlock system, the division shall notify the person that he has ten calendar days to

apply to the division for an ignition interlock system requirement coded on the license.

(ii) The division shall suspend the driver license of the person after the ten-day period until the person applies to the division for an ignition interlock system requirement coded on the license.

(6) (a) Any probationer required to install an ignition interlock system shall have the system monitored by the manufacturer or dealer of the system for proper use and accuracy at least semiannually and more frequently as the court may order.

(b) (i) A report of the monitoring shall be issued by the manufacturer or dealer to the court or the person's probation provider.

(ii) The report shall be issued within 14 days following each monitoring.

(7) (a) If an ignition interlock system is ordered installed, the probationer shall pay the reasonable costs of leasing or buying and installing and maintaining the system.

(b) A probationer may not be excluded from this section for inability to pay the costs, unless:

(i) the probationer files an affidavit of impecuniosity; and

(ii) the court enters a finding that the probationer is impecunious.

(c) In lieu of waiver of the entire amount of the cost, the court may direct the probationer to make partial or installment payments of costs when appropriate.

(d) [~~Subject to appropriation, the department shall lease or purchase the ignition interlock system and reimburse each installer maintaining the system provided to probationers for whom payment of costs has been waived or deferred on the grounds of indigency.~~] The ignition interlock provider shall cover the costs of waivers by the court under this Subsection (7).

[~~(8) (a) An additional fee of $100 shall be paid to the court by each probationer ordered to purchase, install, use, and maintain an ignition interlock system under this section.~~]

[~~(b) The fee shall be deposited with the department as a dedicated credit for the support costs incurred for indigent individuals under Subsection (7)(d).~~]

[~~(c) Failure to pay the fees required under this section shall, unless excused, constitute sufficient basis for a finding by the court at a hearing that the probationer has failed to comply with the terms of probation.~~]

[~~(9)~~] (8) (a) If a probationer is required in the course and scope of employment to operate a motor vehicle owned by the probationer's employer, the probationer may operate that motor vehicle in the course and scope of employment without installation of an ignition interlock system only if the employer has been notified that the employee is restricted and the employee has proof of the notification in his possession while operating the employer's motor vehicle.

(b) (i) To the extent that an employer-owned motor vehicle is made available to a probationer subject to this section for personal use, no exemption under this section shall apply.

(ii) A probationer intending to operate an employer-owned motor vehicle for personal use and who is restricted to the operation of a motor vehicle equipped with an ignition interlock system shall notify the employer and obtain consent in writing from the employer to install a system in the employer-owned motor vehicle.

(c) A motor vehicle owned by a business entity that is all or partly owned or controlled by a probationer subject to this section is not a motor vehicle owned by the employer and does not qualify for an exemption under this Subsection [~~(9)~~] (8).

[~~(10)~~] (9) Upon conviction for violation of this section, the court shall notify the Driver License Division to immediately suspend the probationer's license to operate a motor vehicle for the remainder of the period of probation.

[~~(11)~~] (10) (a) It is a class B misdemeanor for a person to:

(i) circumvent or tamper with the operation of an ignition interlock system;

(ii) knowingly furnish a motor vehicle without an ignition interlock system to someone who is not authorized to drive a motor vehicle unless the motor vehicle is equipped with an ignition interlock system that is in working order;

(iii) rent, lease, or borrow a motor vehicle without an ignition interlock system if a driving restriction is imposed under this section;

(iv) request another person to blow into an ignition interlock system, if the person is required to have a system and the person requests or solicits another to blow into the system to start the motor vehicle in order to circumvent the system;

(v) blow into an ignition interlock system or start a motor vehicle equipped with an ignition interlock system for the purpose of providing an operable motor vehicle to another person required to have a system; [~~and~~]

(vi) advertise for sale, offer for sale, sell, or lease an ignition interlock system unless the system has been certified by the commissioner and the manufacturer of the system has affixed a warning label, as approved by the commissioner on the system, stating that the tampering, circumventing, or other misuse of the system is a class B misdemeanor[~~.~~]; or

(vii) operate a motor vehicle in violation of any ignition interlock restriction.

(b) This Subsection [~~(11)~~] (10) does not apply if the starting of a motor vehicle, or the request to start a motor vehicle, equipped with an ignition interlock system is done for the purpose of safety or

mechanical repair of the system or the motor vehicle and the person subject to the court order does not drive the motor vehicle.

[~~(12)~~] (11) (a) In accordance with Title 63, Chapter 46a, Utah Administrative Rulemaking Act, the commissioner shall make rules setting standards for the certification of ignition interlock systems.

(b) The standards shall require that the system:

(i) not impede the safe operation of the motor vehicle;

(ii) have features that make circumventing difficult and that do not interfere with the normal use of the motor vehicle;

(iii) require a deep lung breath sample as a measure of breath alcohol concentration;

(iv) prevent the motor vehicle from being started if the driver's breath alcohol concentration exceeds an ordered level;

(v) work accurately and reliably in an unsupervised environment;

(vi) resist tampering and give evidence if tampering is attempted;

(vii) operate reliably over the range of motor vehicle environments; and

(viii) be manufactured by a party who will provide liability insurance.

(c) The commissioner may adopt in whole or in part, the guidelines, rules, studies, or independent laboratory tests relied upon in certification of ignition interlock systems by other states.

(d) A list of certified systems shall be published by the commissioner and the cost of certification shall be borne by the manufacturers or dealers of ignition interlock systems seeking to sell, offer for sale, or lease the systems.

(e) In accordance with Section 63-38-3.2, the commissioner may establish an annual dollar assessment against the manufacturers of ignition interlock systems distributed in the state for the costs incurred in certifying. The assessment shall be apportioned among the manufacturers on a fair and reasonable basis.

[~~(13)~~] (12) There shall be no liability on the part of, and no cause of action of any nature shall arise against, the state or its employees in connection with the installation, use, operation, maintenance, or supervision of an interlock ignition system as required under this section.

Sponsor: Michael G. Waddoups

This act modifies the Insurance Code by limiting underinsured motorist insurance coverage subrogation and clarifying the conditions for making an uninsured motorist claim.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
31A-22-305, as last amended by Chapter 188, Laws of Utah 2000
31A-22-307, as last amended by Chapter 71, Laws of Utah 1994

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 31A-22-305 is amended to read:

31A-22-305. Uninsured and underinsured motorist coverage.

(1) As used in this section, "covered persons" includes:

(a) the named insured;

(b) persons related to the named insured by blood, marriage, adoption, or guardianship, who are residents of the named insured's household, including those who usually make their home in the same household but temporarily live elsewhere;

(c) any person occupying or using a motor vehicle referred to in the policy or owned by a self-insurer; and

(d) any person who is entitled to recover damages against the owner or operator of the uninsured or underinsured motor vehicle because of bodily injury to or death of persons under Subsection (1)(a), (b), or (c).

(2) As used in this section, "uninsured motor vehicle" includes:

(a) (i) a vehicle, the operation, maintenance, or use of which is not covered under a liability policy at the time of an injury-causing occurrence; or

(ii) (A) a vehicle covered with lower liability limits than required by Section 31A-22-304;

(B) the vehicle described in Subsection (2)(a)(ii)(A) is uninsured to the extent of the deficiency;

(b) an unidentified vehicle that left the scene of an accident proximately caused by the vehicle operator;

(c) a vehicle covered by a liability policy, but coverage for an accident is disputed by the liability insurer for more than 60 days or, beginning with the effective date of this act, continues to be disputed for more than 60 days; or

(d) (i) an insured vehicle if, before or after the accident, the liability insurer of the vehicle is declared insolvent by a court of competent jurisdiction;

(ii) the vehicle described in Subsection (2)(d)(i) is uninsured only to the extent that the claim against the insolvent insurer is not paid by a guaranty association or fund.

(3) (a) Uninsured motorist coverage under Subsection 31A-22-302(1)(b) provides coverage for covered persons who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness, disease, or death.

(b) For new policies written on or after January 1, 2001, the limits of uninsured motorist coverage shall be equal to the lesser of the limits of the insured's motor vehicle liability coverage or the maximum uninsured motorist coverage limits available by the insurer under the insured's motor vehicle policy, unless the insured purchases coverage in a lesser amount by signing an acknowledgment form provided by the insurer that:

(i) waives the higher coverage;

(ii) reasonably explains the purpose of uninsured motorist coverage; and

(iii) discloses the additional premiums required to purchase uninsured motorist coverage with limits equal to the lesser of the limits of the insured's motor vehicle liability coverage or the maximum uninsured motorist coverage limits available by the insurer under the insured's motor vehicle policy.

(c) Uninsured motorist coverage may not be sold with limits that are less than the minimum bodily injury limits for motor vehicle liability policies under Section 31A-22-304.

(d) The acknowledgment under Subsection (3)(b) continues for that issuer of the uninsured motorist coverage until the insured, in writing, requests different uninsured motorist coverage from the insurer.

(e) (i) In conjunction with the first two renewal notices sent after January 1, 2001, for policies existing on that date, the insurer shall disclose in the same medium as the premium renewal notice, an explanation of the purpose of uninsured motorist coverage and the costs associated with increasing the coverage in amounts up to and including the maximum amount available by the insurer under the insured's motor vehicle policy.

(ii) The disclosure shall be sent to all insureds that carry uninsured motorist coverage limits in an amount less than the insured's motor vehicle liability policy limits or the maximum uninsured motorist coverage limits available by the insurer under the insured's motor vehicle policy.

(4) (a) (i) Except as provided in Subsection (4)(b), the named insured may reject uninsured motorist coverage by an express writing to the insurer that provides liability coverage under Subsection 31A-22-302(1)(a).

(ii) This rejection shall be on a form provided by the insurer that includes a reasonable explanation of the purpose of uninsured motorist coverage.

(iii) This rejection continues for that issuer of the liability coverage until the insured in writing requests uninsured motorist coverage from that liability insurer.

(b) (i) All persons, including governmental entities, that are engaged in the business of, or that accept payment for, transporting natural persons by motor vehicle, and all school districts that provide transportation services for their students, shall provide coverage for all vehicles used for that purpose, by purchase of a policy of insurance or by self-insurance, uninsured motorist coverage of at least $25,000 per person and $500,000 per accident.

(ii) This coverage is secondary to any other insurance covering an injured covered person.

(c) Uninsured motorist coverage:

(i) is secondary to the benefits provided by Title 34A, Chapter 2, Workers' Compensation Act;

(ii) may not be subrogated by the Workers' Compensation insurance carrier;

(iii) may not be reduced by any benefits provided by Workers' Compensation insurance; and

(iv) may be reduced by health insurance subrogation only after the covered person has been made whole.

(d) As used in this Subsection (4):

(i) "Governmental entity" has the same meaning as under Section 63-30-2.

(ii) "Motor vehicle" has the same meaning as under Section 41-1a-102.

(5) When a covered person alleges that an uninsured motor vehicle under Subsection (2)(b) proximately caused an accident without touching the covered person or the vehicle occupied by the covered person, the covered person must show the existence of the uninsured motor vehicle by clear and convincing evidence consisting of more than the covered person's testimony.

(6) (a) The limit of liability for uninsured motorist coverage for two or more motor vehicles may not be added together, combined, or stacked to determine the limit of insurance coverage available to an injured person for any one accident.

(b) (i) Subsection (6)(a) applies to all persons except a covered person as defined under Subsection (7)(b)(ii).

(ii) A covered person as defined under Subsection (7)(b)(ii) is entitled to the highest limits of uninsured motorist coverage afforded for any one vehicle that the covered person is the named insured or an insured family member.

(iii) This coverage shall be in addition to the coverage on the vehicle the covered person is occupying.

(iv) Neither the primary nor the secondary coverage may be set off against the other.

(c) Coverage on a motor vehicle occupied at the time of an accident shall be primary coverage, and the coverage elected by a person described under Subsections (1)(a) and (b) shall be secondary coverage.

(7) (a) Uninsured motorist coverage under this section applies to bodily injury, sickness, disease, or death of covered persons while occupying or using a motor vehicle only if the motor vehicle is described in the policy under which a claim is made, or if the motor vehicle is a newly acquired or replacement vehicle covered under the terms of the policy. Except as provided in Subsection (6) or (7), a covered person injured in a vehicle described in a policy that includes uninsured motorist benefits may not elect to collect uninsured motorist coverage benefits from any other motor vehicle insurance policy under which he is a covered person.

(b) Each of the following persons may also recover uninsured motorist benefits under any other policy in which they are described as a "covered person" as defined in Subsection (1):

(i) a covered person injured as a pedestrian by an uninsured motor vehicle; and

(ii) a covered person injured while occupying or using a motor vehicle that is not owned by, furnished, or available for the regular use of the covered person, the covered person's resident spouse, or the covered person's resident relative.

(c) A covered person in Subsection (7)(b) is not barred against making subsequent elections if recovery is unavailable under previous elections.

(8) (a) As used in this section, "underinsured motor vehicle" includes a vehicle, the operation, maintenance, or use of which is covered under a liability policy at the time of an injury-causing occurrence, but which has insufficient liability coverage to compensate fully the injured party for all special and general damages.

(b) The term "underinsured motor vehicle" does not include:

(i) a motor vehicle that is covered under the liability coverage of the same policy that also contains the underinsured motorist coverage; or

(ii) an uninsured motor vehicle as defined in Subsection (2).

(9) (a) Underinsured motorist coverage under Subsection 31A-22-302(1)(c) provides coverage for covered persons who are legally entitled to recover damages from owners or operators of underinsured motor vehicles because of bodily injury, sickness, disease, or death.

(b) For new policies written on or after January 1, 2001, the limits of underinsured motorist coverage shall be equal to the lesser of the limits of the insured's motor vehicle liability coverage or the maximum underinsured motorist coverage limits available by the insurer under the insured's motor vehicle policy, unless the insured purchases coverage in a lesser amount by signing an acknowledgment form provided by the insurer that:

(i) waives the higher coverage;

(ii) reasonably explains the purpose of underinsured motorist coverage; and

(iii) discloses the additional premiums required to purchase underinsured motorist coverage with limits equal to the lesser of the limits of the insured's motor vehicle liability coverage or the maximum underinsured motorist coverage limits available by the insurer under the insured's motor vehicle policy.

(c) Underinsured motorist coverage may not be sold with limits that are less than $10,000 for one person in any one accident and at least $20,000 for two or more persons in any one accident.

(d) The acknowledgment under Subsection (9)(b) continues for that issuer of the underinsured motorist coverage until the insured, in writing, requests different underinsured motorist coverage from the insurer.

(e) The named insured's underinsured motorist coverage, as described in Subsection (9)(a), is secondary to the liability coverage of an owner or operator of an underinsured motor vehicle, as described in Subsection (8). Underinsured motorist coverage may not be set off against the liability coverage of the owner or operator of an underinsured motor vehicle, but shall be added to, combined with, or stacked upon the liability coverage of the owner or operator of the underinsured motor vehicle to determine the limit of coverage available to the injured person.

(f) (i) A named insured may reject underinsured motorist coverage by an express writing to the insurer that provides liability coverage under Subsection 31A-22-302(1)(a).

(ii) This written rejection shall be on a form provided by the insurer that includes a reasonable explanation of the purpose of underinsured motorist coverage and when it would be applicable.

(iii) This rejection continues for that issuer of the liability coverage until the insured in writing requests underinsured motorist coverage from that liability insurer.

(g) (i) In conjunction with the first two renewal notices sent after January 1, 2001, for policies existing on that date, the insurer shall disclose in the same medium as the premium renewal notice, an explanation of the purpose of underinsured motorist coverage and the costs associated with increasing the coverage in amounts up to and including the maximum amount available by the insurer under the insured's motor vehicle policy.

(ii) The disclosure shall be sent to all insureds that carry underinsured motorist coverage limits in an amount less than the insured's motor vehicle liability policy limits or the maximum underinsured motorist coverage limits available by the insurer under the insured's motor vehicle policy.

(10) (a) Underinsured motorist coverage under this section applies to bodily injury, sickness, disease, or death of an insured while occupying or using a motor vehicle owned by, furnished, or available for the regular use of the insured, a resident spouse, or resident relative of the insured, only if the motor vehicle is described in the policy under which a claim is made, or if the motor vehicle is a newly acquired or replacement vehicle covered under the terms of the policy. Except as provided in this Subsection (10), a covered person injured in a vehicle described in a policy that includes underinsured motorist benefits may not elect to collect underinsured motorist coverage benefits from any other motor vehicle insurance policy under which he is a named insured.

(b) (i) The limit of liability for underinsured motorist coverage for two or more motor vehicles may not be added together, combined, or stacked to determine the limit of insurance coverage available to an injured person for any one accident.

(ii) Subsection (10)(b)(i) applies to all persons except a covered person as defined under Subsection (10)[~~(c)~~] (d)(i)(B).

(iii) Coverage on a motor vehicle occupied at the time of an accident shall be primary coverage, and the coverage elected by a person described under Subsections (1)(a) and (b) shall be secondary coverage.

(c) Underinsured motorist coverage:

(i) is secondary to the benefits provided by Title 34A, Chapter 2, Workers' Compensation Act;

(ii) may not be subrogated by the Workers' Compensation insurance carrier;

(iii) may not be reduced by any benefits provided by Workers' Compensation insurance; and

(iv) may be reduced by health insurance subrogation only after the covered person has been made whole.

(d) (i) Each of the following persons may also recover underinsured motorist coverage benefits under any other policy in which they are described as a "covered person" as defined under Subsection (1):

(A) a covered person injured as a pedestrian by an underinsured motor vehicle; or

(B) a covered person injured while occupying or using a motor vehicle that is not owned by, furnished, or available for the regular use of the covered person, the covered person's resident spouse, or the covered person's resident relative.

(ii) This coverage shall only be available as a secondary source of coverage.

(iii) A covered person as defined under Subsection (10)[~~(b)~~](d)(i)(B) is entitled to the highest limits of underinsured motorist coverage afforded for any one vehicle that the covered person is the named insured or an insured family member.

(iv) This coverage shall be in addition to the coverage on the vehicle the covered person is occupying.

(v) Neither the primary nor the secondary coverage may be set off against the other.

(e) A covered injured person is not barred against making subsequent elections if recovery is unavailable under previous elections.

(11) A claim may not be brought by a covered person against a motor vehicle underinsured motorist policy more than three years after the date of the last liability policy payment.

(12) (a) Within five business days after notification in a manner specified by the department that all liability insurers have tendered their liability policy limits, the underinsured carrier shall either:

(i) waive any subrogation claim the underinsured carrier may have against the person liable for the injuries caused in the accident; or

(ii) pay the insured an amount equal to the policy limits tendered by the liability carrier.

(b) If neither option is exercised under Subsection (12)(a), the subrogation claim is deemed to be waived by the underinsured carrier.

Section 2. Section 31A-22-307 is amended to read:

31A-22-307. Personal injury protection coverages and benefits.

(1) Personal injury protection coverages and benefits include:

(a) the reasonable value of all expenses for necessary medical, surgical, X-ray, dental, rehabilitation, including prosthetic devices, ambulance, hospital, and nursing services, not to exceed a total of $3,000 per person;

(b) (i) the lesser of $250 per week or 85% of any loss of gross income and loss of earning capacity per person from inability to work, for a maximum of 52 consecutive weeks after the loss, except that this benefit need not be paid for the first three days of disability, unless the disability continues for longer than two consecutive weeks after the date of injury; and

(ii) a special damage allowance not exceeding $20 per day for a maximum of 365 days, for services actually rendered or expenses reasonably incurred for services that, but for the injury, the injured person would have performed for his household, except that this benefit need not be paid for the first three days after the date of injury unless the person's inability to perform these services continues for more than two consecutive weeks;

(c) funeral, burial, or cremation benefits not to exceed a total of $1,500 per person; and

(d) compensation on account of death of a person, payable to his heirs, in the total of $3,000.

(2) (a) To determine the reasonable value of the medical expenses provided for in Subsection (1) and under Subsection 31A-22-309 (1)[~~(e)~~](a)(v), the commissioner shall conduct a relative value study of services and accommodations for the diagnosis, care, recovery, or rehabilitation of an injured person in the most populous county in the state to assign a unit value and determine the 75th percentile charge for each type of service and accommodation. The study shall be updated every other year. In conducting the study, the department may consult or contract with appropriate public and private medical and health agencies or other technical experts. The costs and expenses incurred in conducting, maintaining, and administering the relative value study shall be funded by the tax created under Section 59-9-105. Upon completion of the study, the department shall prepare and publish a relative value study which sets forth the unit value and the 75th percentile charge assigned to each type of service and accommodation.

(b) The reasonable value of any service or accommodation is determined by applying the unit value and the 75th percentile charge assigned to the service or accommodation under the relative value study. If a service or accommodation is not assigned a unit value or the 75th percentile charge under the relative value study, the value of the service or accommodation shall equal the reasonable cost of the same or similar service or accommodation in the most populous county of this state.

(c) This Subsection (2) does not preclude the department from adopting a schedule already established or a schedule prepared by persons outside the department, if it meets the requirements of this subsection.

(d) Every insurer shall report to the Commissioner of Insurance any patterns of overcharging, excessive treatment, or other improper actions by a health provider within 30 days after such insurer has knowledge of such pattern.

(e) In disputed cases, a court on its own motion or on the motion of either party may designate an impartial medical panel of not more than three licensed physicians to examine the claimant and testify on the issue of the reasonable value of the claimant's medical services or expenses.

(3) Medical expenses as provided for in Subsection (1)(a) and in Subsection 31A-22-309 (1)[~~(e)~~](a)(v) include expenses for any nonmedical remedial care and treatment rendered in accordance with a recognized religious method of healing.

(4) The insured may waive for the named insured and the named insured's spouse only the loss of gross income benefits of Subsection (1)(b)(i) if the insured states in writing that:

(a) within 31 days of applying for coverage, neither the insured nor the insured's spouse received any earned income from regular employment; and

(b) for at least 180 days from the date of the writing and during the period of insurance, neither the insured nor the insured's spouse will receive earned income from regular employment.

(5) This section does not prohibit the issuance of policies of insurance providing coverages greater than the minimum coverage required under this chapter nor does it require the segregation of those minimum coverages from other coverages in the same policy.

(6) Deductibles are not permitted with respect to the insurance coverages required under this section.

Section 3. Section 31A-22-309 is amended to read:

31A-22-309. Limitations, exclusions, and conditions to personal injury protection.

(1) (a) A person who has or is required to have direct benefit coverage under a policy which includes personal injury protection may not maintain a cause of action for general damages arising out of personal injuries alleged to have been caused by an automobile accident, except where the person has sustained one or more of the following:

(ii) for any injury sustained by any person while operating the insured motor vehicle without the express or implied consent of the insured or while not in lawful possession of the insured motor vehicle;

(iii) to any injured person, if the person's conduct contributed to his injury:

(A) by intentionally causing injury to himself; or

(B) while committing a felony;

(iv) for any injury sustained by any person arising out of the use of any motor vehicle while located for use as a residence or premises;

(v) for any injury due to war, whether or not declared, civil war, insurrection, rebellion or revolution, or to any act or condition incident to any of the foregoing; or

(vi) for any injury resulting from the radioactive, toxic, explosive, or other hazardous properties of nuclear materials.

(b) The provisions of this subsection do not limit the exclusions which may be contained in other types of coverage.

(3) The benefits payable to any injured person under Section 31A-22-307 are reduced by:

(a) any benefits which that person receives or is entitled to receive as a result of an accident covered in this code under any workers' compensation or similar statutory plan; and

(b) any amounts which that person receives or is entitled to receive from the United States or any of its agencies because that person is on active duty in the military service.

(4) When a person injured is also an insured party under any other policy, including those policies complying with this part, primary coverage is given by the policy insuring the motor vehicle in use during the accident.

(5) (a) Payment of the benefits provided for in Section 31A-22-307 shall be made on a monthly basis as expenses are incurred.

(b) Benefits for any period are overdue if they are not paid within 30 days after the insurer receives reasonable proof of the fact and amount of expenses incurred during the period. If reasonable proof is not supplied as to the entire claim, the amount supported by reasonable proof is overdue if not paid within 30 days after that proof is received by the insurer. Sponsor: Carlene M. Walker

This act modifies provisions relating to Special Districts to modify the number and term of members of a metropolitan water district board of trustees and to repeal obsolete language relating to the status of board of trustees members serving at the time of a prior amendment.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
17A-2-819, as last amended by Chapter 254, Laws of Utah 2000

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 17A-2-819 is amended to read:

17A-2-819. Trustees -- Representation -- Voting -- Organization and membership -- Other provisions apply.

(1) The board of trustees shall be designated and appointed by the legislative body or bodies, respectively, of a city or cities the area of which is within a metropolitan water district.

(2) If the district is organized to comprise the area of two or more cities, the board of trustees shall consist of at least one representative from each municipality, the area of which shall lie within the metropolitan water district. As a member of the board of trustees, each representative may vote on all questions, orders, resolutions, and ordinances coming before the board, and may cast one vote for each $10,000,000, or major fractional part of that amount, of the taxable value of property taxable for district purposes in the city represented by the representative as shown by the assessment records of the county and evidenced by the certificate of the county auditor. Each city shall have at least one vote. In lieu of one representative any city may at its option designate and appoint several representatives not exceeding one additional representative for each $1,000,000 of taxable value, but the representative shall cast the vote to which the city would otherwise be entitled as a unit and as a majority of [~~such~~] the representatives present [~~shall determine~~] determines. The affirmative vote of members representing more than 50% of the total number of votes of all the members shall be necessary and, except as otherwise provided, shall be sufficient to carry any order, resolution, or ordinance coming before the board of trustees. For the purposes of this section, the term "major fractional part" means a fractional part larger than 1/2.

(3) [~~If a district includes the area of only one municipality, the board of trustees may consist of either five or seven members, as determined by the legislative body of the municipality. Each trustee may cast one vote on all matters coming before the board.~~] The number of members of a board of trustees may not exceed the maximum number allowed under Subsection 17B-2-402(1).

(4) Every member of the board of trustees of a metropolitan water district shall be a registered voter, a property taxpayer, and a resident of the municipality by the legislative body of which the member is appointed. In each municipality, the area of which is in a metropolitan water district, except in districts occupying the area of more than one city, one of the trustees appointed by its legislative body to the board of trustees shall be the commissioner of water supply and waterworks, or other comparable officer, however designated, who is in charge of the municipality's water supply and distribution system, if municipally owned, and who shall be known as the ex officio trustee. Except for the ex officio trustee, all other elected or appointed officers, or the employees of the municipality shall be ineligible for appointment to any district board; and except for the ex officio trustee, any member of the metropolitan water district board of trustees who at a time after appointment to the board becomes elected or appointed to office in, or who becomes an employee of, the municipality in which the member resides shall immediately become disqualified as a trustee and shall forfeit the office, and the legislative body of the municipality shall immediately appoint a successor to serve the unexpired portion of the term of office. The appointment of trustees by the legislative body of a municipality shall be made without regard to partisan political affiliations from among citizens of the highest integrity, attainment, competence, and standing in the community, and it is the intent of this part that each municipality shall adhere so far as possible to a policy of continuing reappointment, at the expiration of their terms of office, of trustees of high character and proven competence.

(5) Except as to an ex officio trustee, the terms of office of members of the board of trustees are as provided in Section 17B-2-403.

[~~(6) Members of the board of trustees of any metropolitan water district who are serving as such on the effective date of this amendment and who are otherwise qualified as provided in Subsection (4), shall immediately be reappointed to office by the legislative body or bodies, respectively, of the city or cities the area of which is included in a metropolitan water district, and for the terms of office provided in Subsection (5).~~]

[~~(7)~~] (6) (a) The provisions of Title 17B, Chapter 2, Part 4, Board of Trustees, apply to each metropolitan water district to the same extent as if the metropolitan water district were a local district under Title 17B, Chapter 2, Local Districts.

(b) (i) If a change in the number of board of trustees members is necessary to comply with the requirements of Subsection 17B-2-402(1), the board of trustees may by majority vote,

notwithstanding Subsection 17B-2-402(3), change the number of board members to the next odd number higher or lower than the number of current board members.

(ii) If a change under Subsection (7)(b)(i) decreases the number of board members, the change may not take effect until the expiration of the term of the member whose term next expires.

(iii) If a change in the number of board members necessitated by Subsection 17B-2-402(1) would cause the district to violate a provision of bonds issued by the district, the number of board members may be modified to the extent necessary to avoid a violation.

(c) (i) If a change in the expiration date of the term of a board of trustees member is necessary to comply with the requirements of Subsection 17B-2-403(1), the term of each board member whose term expires on a day other than the first Monday in January shall be extended to the first Monday in January after the normal expiration date [~~next following the special district election date under Section 17A-1-305~~].

(ii) If a change in the length of the term of a board of trustees member is necessary to comply with the requirements of Subsection 17B-2-403(2), the change may not take effect until the expiration of the term of the member whose term length is to be changed.

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT MODIFICATIONS

Sponsor: Don E. Bush

This act modifies the Motor Vehicle Code by amending the Multistate Highway Transportation Agreement. The act repeals the sunset provision of the Multistate Highway Transportation Agreement.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
41-23-2, as enacted by Chapter 179, Laws of Utah 1981
63-55-241, as last amended by Chapter 52, Laws of Utah 2000

(a) The expanding regional economy depends on expanding transportation capacity;

(b) Highway transportation is the major mode for movement of people and goods in the western states;

(c) Uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;

(d) A number of western states, already having adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards, still find current federal limits more restrictive; and

[~~(e) The 1974 revision of federal law (23 U.S.C. 127) did not contain any substantial improvements for vehicle size and weight standards in the western states and deprives states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is nearly 92% complete; and~~]

[~~(f)~~] (e) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for their economy and transportation requirements, consistent with and in recognition of principles of highway safety.

Section 2. Purposes. The purposes of this agreement are to:

(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system.

(b) Establish a system recommending the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards.

(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement.

(d) Secure uniformity insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards.

(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

(f) Study and recommend appropriate highway user fees.

(g) Facilitate communication between legislators, state transportation administrators, and commercial industry representatives in addressing the emerging highway transportation issues in participating jurisdictions.

ARTICLE V
Objectives of the Participating Jurisdictions

Section 1. Objectives. The participating jurisdictions hereby declare that:

(a) It is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation on all state highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight of 20,000 pounds, a tandem-axle weight of 34,000 pounds, and a gross vehicle or combination weight not in excess of that resulting from application of the formula:

[~~W = 500((LN/N - 1) + 12N + 36)~~**]**

$$W=500\{LN/(N-1) + 12N+36\}$$

where W = maximum weight in pounds carried on any group of two or more consecutive axles computed to nearest 500 pounds.

L = distance in feet between the extremes of any group of two or more consecutive axles.

N = number of axles in group under consideration.

(b) It is the further objective of the participating jurisdictions that [~~in the event~~] the operation of a vehicle or combination of vehicles in interstate commerce according to the provisions of subsection (a) of this section [~~would result in withholding or forfeiture of federal-aid funds pursuant to Section 127, Title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross~~

~~weights within the limits set forth in subsection (a) of this section will~~] be authorized under special permit authority by each participating jurisdiction [~~which could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to.~~] for vehicle combinations in excess of statutory weights of 80,000 pounds or statutory lengths.

[~~(c) The objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected.~~]

[~~(d)~~] (c) It is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including, but not limited to, the development of: uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules and regulations for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent.

[~~(e)~~] (d) [~~In recognition of the limited prospects of federal revision of Section 127, Title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to~~] The Cooperating Committee may recommend that the participating jurisdictions jointly secure congressional approval of this agreement and, specifically of the vehicle size and weight standards set forth in subsection (a) of this section.

[~~(f) In recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size, and weight standards on a national basis, and further that procedures adopted under this agreement be compatible with national standards.~~]

(e) It is the further objective of the participating jurisdictions to:

(1) Establish transportation laws and regulations to meet regional and economic needs and to promote an efficient, safe, and compatible transportation network;

(2) Develop standards that facilitate the most efficient and environmentally sound operation of vehicles on highways, consistent with and in recognition of principles of highway safety; and

(3) Establish programs to increase productivity and reduce congestion, fuel consumption, and related transportation costs and enhance air quality through the uniform application of state vehicle regulations and laws.

ARTICLE VII
Construction and Severability

Section 1. This agreement shall be liberally construed so as to effectuate the purposes thereof.

Section 2. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability thereto to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement shall not be affected thereby. If this agreement shall be held contrary to the constitution of any jurisdiction participating herein, the agreement shall remain in full force and effect as to the jurisdictions affected as to all severable matters.

(b) Section 10-9-106.5;

(c) Part 5, Residential Facilities for Elderly [~~Persons~~]; and

(d) Part 6, Residential Facilities for [~~Handicapped~~] Persons with a Disability.

Section 7. Section 11-17-1.5 is amended to read:

11-17-1.5. Purpose of chapter.

(1) The purposes of this chapter are to stimulate the economic growth of the state [~~of Utah~~], to promote employment and achieve greater industrial development in the state [~~of Utah~~], to maintain or enlarge domestic or foreign markets for Utah industrial products, to authorize municipalities and counties in the state to facilitate capital formation, finance, acquire, own, lease, or

sell projects for the purpose of reducing, abating, or preventing pollution and to protect and promote the health, welfare, and safety of the citizens of the state and to improve local health and the general welfare by inducing corporations, persons, or entities engaged in health care services, including hospitals, nursing homes, extended care facilities, facilities for the care of [~~physically and mentally handicapped~~] persons with a physical or mental disability, and administrative and support facilities, to locate, relocate, modernize, or expand in this state and to assist in the formation of investment capital with respect thereto. The Legislature hereby finds and declares that the acquisition or financing, or both, of projects under the Utah Industrial Facilities and Development Act and the issuance of bonds under it constitutes a proper public purpose.

(2) It is declared that the policy of the state [~~of Utah~~] is to encourage the development of free enterprise and entrepreneurship for the purpose of the expansion of employment opportunities and economic development. It is found and declared that there exists in the state [~~of Utah~~] an inadequate amount of locally managed, pooled venture capital in the private sector available to invest in early stage businesses having high growth potential and [~~which~~] that can provide jobs for Utah citizens. It is found that [~~such~~] venture capital is required for healthy economic development of sectors of the economy having high growth and employment potential. It is further found that the public economic development purposes of the state and its counties and municipalities can be fostered by the sale of industrial revenue bonds for the purpose of providing funding for locally managed, pooled new venture and economic development funds in accordance with the provisions of this act. It is found and declared that in order to assure adequate investment of private capital for [~~such~~] these uses, cooperation between private enterprise and state and local government is necessary and in the public interest and that the facilitation of [~~such~~] capital accumulation is the appropriate activity of the counties and municipalities of this state and also of the Utah Division of Business and Economic Development, a division of the Utah Department of Community and Economic Development.

It is found that venture capital funds historically, because of the more intensive nature of their relationship with companies in which they invest, tend to concentrate their investments within a relatively close geographical area to their headquarters location.

It is found and declared that investors in economic development or new venture investment funds require for the overall security of their investments reasonable diversification of investment portfolios and that, in the course of [~~such~~] this diversification, investments are often syndicated or jointly made among several financial institutions or funds. It is expressly found and declared that an economic development or new venture investment fund must from time to time for its optimal profitability and efficiency (which are important for the security and profit of bond purchasers providing funds therefor) cooperate with others who may be located outside the state of Utah or the county or municipality where [~~such~~] the fund is headquartered in the making of investments and that [~~such~~] the fund must be free in the interests of reciprocal relationships with other financial institutions and diversification of risks to invest from time to time in enterprises [~~which~~] that are located outside [~~the state~~] of Utah or [~~such~~] the counties or municipalities. It is specifically found that such activity by a locally managed fund, funded in whole or in part with the proceeds of bonds sold [~~pursuant to~~] under this chapter, is within the public purposes of the state [~~of Utah~~] and any county or municipality offering [~~such~~] the bonds, provided that [~~such~~] the fund locates within the state of Utah or [~~such~~] the county or municipality its headquarters where its actual investment decisions and management functions occur and limits the aggregate amount of its investments in companies located outside [~~the state~~] of Utah to an amount [~~which~~] that in the aggregate does not exceed the aggregate amount of investments made by institutions and funds located outside [~~the state~~] of Utah in Utah companies, [~~which said~~] that the locally managed fund has sponsored or in which it has invested and [~~which~~] that it has brought to the attention of investors outside [~~the state~~] of Utah.

If title to or in these facilities at all times remains in the user, the bonds of the municipality or county shall be secured by a pledge of one or more notes, debentures, bonds, other secured or unsecured debt obligations of the user, or such sinking fund or other arrangement as in the judgment of the governing body is appropriate for the purpose of assuring repayment of the bond obligations to investors in accordance with their terms.

(iv) [~~which~~] that is suitable for use by a state university for the purpose of aiding in the accomplishment of its authorized academic, scientific, engineering, technical, and economic development functions, but "project" does not include any property, real, personal, or mixed, for the purpose of the construction, reconstruction, improvement, or maintenance of a public utility as defined in Section 54-2-1, [~~except aircraft carriers as defined in Title 54,~~] Chapter 2, and except as provided in Subsection (8)(b);

(c) facilities, machinery, or equipment, the manufacturing and financing of which will maintain or enlarge domestic or foreign markets for Utah industrial products; or

(d) any economic development or new venture investment fund to be raised other than from:

(i) municipal or county general fund moneys;

PRIVATE RECORDS UNDER GOVERNMENT RECORDS ACCESS AND MANAGEMENT ACT

Sponsor: Cindy Beshear

This act modifies the Government Records Access and Management Act (GRAMA). GRAMA currently requires that certain information about a government employee be classified "private." This act corrects cross-references contained in other sections of statute. This act removes any liability for damages that a government entity or government employee may have if they negligently disclose certain private records. This act takes effect January 1, 2002.

This act affects sections of Utah Code Annotated 1953 as follows:

INFORMATION TECHNOLOGY COMMISSION AMENDMENTS

Sponsor: David H. Steele

This act modifies the Information Technology Act. The act clarifies that the provisions relating to certain terms of members refer to the members representing the public.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:

Section 1. Section 63D-1-203 is amended to read:

63D-1-203. Terms of members -- Vacancies -- Term limitation.

SPECIAL DISTRICT AND LOCAL DISTRICT AMENDMENTS

Sponsor: David L. Gladwell

This act modifies provisions relating to Special Districts and Limited Purpose Local Government Entities to rewrite and standardize annexation and dissolution provisions for specified special districts and for local districts. This act allows for the process to annex an area outside the boundaries of a specified special district or a local district to be initiated by petition or by resolution of a county or municipal legislative body. The act allows, in some circumstances, a county or municipality to terminate the annexation process if the county or municipality will provide the service proposed to be provided by the special or local district. The act requires, with some exceptions, the special or local district to hold a public hearing and provide notice of the hearing and provides for a protest and election, under certain circumstances. The act provides for a streamlined annexation process for a district providing service on a wholesale level and for a district providing transportation service. The act provides a procedure for districts to adjust a common boundary. The act provides a procedure for dissolving a district if certain conditions are present. The act provides for notice and a public hearing for a dissolution. The act repeals inconsistent and obsolete provisions and makes technical changes. This act provides a coordination clause.

This act affects sections of Utah Code Annotated 1953 as follows:

(2) Subsection 17B-2-217(1) does not prohibit the creation of one of the types of independent special districts listed in Subsection (1) under the creation provisions of Title 17B, Chapter 2, Part 2, Creation of Local Districts.

(3) The provisions of Title 17B, Chapter 2, Part 2, Creation of Local Districts, do not apply to an independent special district under this chapter created before March 23, 1998.

(4) (a) For each type of independent special district listed in Subsection (1), the provisions of the part under this chapter that applies to that district govern with respect to the appointment or election of the governing body of that type of independent special district after its creation under Title 17B, Chapter 2, Part 2, Creation of Local Districts.

(b) If application of the provisions of Title 17B, Chapter 2, Part 2, Creation of Local Districts, results in the creation of an independent special district before the governing body of that district, under the applicable provisions of this chapter, takes office, the responsible body, as defined in Subsection 17B-2-201(1)[~~(f)~~], shall be the governing body of the district until the governing body takes office under the applicable provisions of this chapter.

(5) Notwithstanding Section 17B-2-202, an independent special district listed in Subsection (1) may be created to provide only the services that are authorized under the part of this chapter applicable to that type of district.

Section 2. Section 17A-2-101.3 is enacted to read:

17A-2-101.3. Annexation and dissolution provisions for certain independent special districts.

(a) annexation of additional territory to the district or adjustment of boundaries shared by two or more of those types of independent special districts shall be governed by Title 17B, Chapter 2, Part 5, Annexation, to the same extent as if the independent special district were a local district under Title 17B, Chapter 2, Local Districts; and

(b) dissolution of a district shall be governed by Title 17B, Chapter 2, Part 7, Dissolution, to the same extent as if the independent special district were a local district under Title 17B, Chapter 2, Local Districts.

(2) An annexation, boundary adjustment, or dissolution proceeding begun before and still pending on June 1, 2001 for a type of independent special district referred to in Subsection (1) is not subject to Subsection (1)(a) or (b) but continues after that date to be governed by the statutory provisions in effect immediately before that date.

Section 3. Section 17A-2-301 is amended to read:

17A-2-301. Improvement district authority -- Area of a district -- County legislative body may act as board of certain districts.

(1) (a) An improvement district [~~may be established under this part and~~] may acquire through construction, purchase, gift, or condemnation, or any combination of these methods, and may operate all or any part of:

(b) The new gas utility service under Subsection (1)(a)(v)(B) shall be provided by a gas corporation regulated under Section 54-4-1 and not by the district.

(2) (a) (i) Subject to Subsection (2)[~~(c)~~](a)(ii), the area of a district under this part may include all or part of any county or counties, including all or any part of any incorporated municipalities, other incorporated areas, and unincorporated areas, as the needs of the inhabitants of the proposed districts may appear.

(ii) Notwithstanding Subsection (2)(a)(i), the addition of any territory to a district under this part shall, on and after June 1, 2001 and as provided in Subsection 17A-2-101.3(1)(a), be governed by Title 17B, Chapter 2, Part 5, Annexation.

(b) The boundaries of a district authorized under this part do not need to be contiguous.

(3) If an improvement district authorized under this part was created solely for the purpose of acquiring a system for the collection, retention, or disposition of storm and flood waters, the county legislative body that created the district may, in its discretion and despite anything to the contrary in Section 17A-2-305, act as the board of trustees of the district for so long as it considers desirable.

[~~(4) All provisions of this part that establish, govern, or state the requirements and procedure for the creation of an improvement district:~~]

[~~(a) are superseded by the provisions of Title 17B, Chapter 2, Part 2, Creation of Local Districts, with respect to the creation of an improvement district; and~~]

[~~(b) remain valid to the extent they establish, govern, or state the requirements or procedure for annexation to an existing improvement district.~~]

Section 4. Section 17A-2-317 is amended to read:

17A-2-317. Ratification of districts created under prior laws -- Issuance of authorized bonds -- Amendatory proceedings.

Whenever any district has been heretofore created or purported to be created under authority of Chapter 25, Laws of Utah 1947, Chapter 24, Laws of Utah 1949, or the act hereby amended and where proceedings have been adopted by the governing body of such district for the purpose of authorizing the bonds of such district, whether or not such bonds are payable from operating revenues or from taxes or both, and whether or not such bonds have been heretofore delivered, all proceedings had in connection with the creation of such district, the organization of the governing body thereof, and all proceedings had in connection with the authorization of such bonds, and, when duly delivered and paid for as required by such proceedings, the bonds themselves are hereby validated, ratified and declared to be binding and effective in accordance with their terms notwithstanding any failure to comply with any one or more pertinent statutory provisions and notwithstanding whether such proceedings have been continuously in effect from the date of their adoption to the date of the passage of this part.

As to each district coming within the purview of this section which has heretofore authorized bonds which have not yet been issued, the governing body of such district is hereby authorized and empowered to do all things necessary to the issuance of such bonds and to the performance and carrying out of the contracts of such district, and such things may be done and such bonds when issued shall benefit from the curative provisions of this section whether or not changes in the details of the bonds and in the proceedings authorizing the issuance thereof have been made since the original adoption thereof or may hereafter be made and without regard to the nature of such changes.

Where any district has been originally initiated or created under authority of either [~~Chapter 2, Part 3~~] this part or Chapter 3, Part 2, County Improvement District Act, the governing authority of such district may proceed to issue bonds and operate facilities under the authority of the law under which it was created or may, if in so doing provision is made for the payment in full of all expenses and obligations heretofore incurred by such district for legal,

engineering, fiscal agent's and other proper services, make such changes and amendments in the proceedings for the authorization of such bonds as may be necessary to effect the authorization and issuance of such bonds under the provisions of this part as amended, and to that end, may increase or decrease the amount of bonds so authorized, may make such bonds payable in whole or in part from the operating revenues of the district or from taxes or both as herein provided, and may make any other changes in such proceedings it may deem to the best interests of the district. If any such change has the effect of pledging or allocating to the payment of any such bond taxes to be levied by such district, such amendatory proceedings shall become effective only when there shall have been given [~~the~~] notice [~~contemplated by Section 17A-2-304 hereof~~] of a public hearing by publishing notice once a week for three successive weeks in a newspaper of general circulation in each county that contains some or all of the district, and when the hearing [~~required by such section shall have~~] has been held and appeals taken therefrom, if any, terminated. For the purpose of this section, the county legislative body under districts initiated or created under said Chapter 3, Part 2, County Improvement District Act, shall at its option, if it elects hereafter to proceed hereunder, exercise all duties and functions provided by this part to be exercised by the board of trustees of any district created hereunder or may cause an election to be held for the election of trustees in accordance with the provisions of this part.

Section 5. Section 17A-2-403 is amended to read:

17A-2-403. Authorized services -- Notice to and coordination with utility.

(1) (a) [~~Whenever an unincorporated area in a county requires one or more of the following extended services which are not provided on a countywide basis~~] A county service area may provide: extended police protection; fire protection; culinary or irrigation water retail service; water conservation; local park, recreation or parkway facilities and services; cemeteries; public libraries; sewers, sewage and storm water treatment and disposal; flood control; garbage and refuse collection; street lighting; airports; planning and zoning; local streets and roads; curb, gutter and sidewalk construction and maintenance; mosquito abatement; health department services; hospital service; or the underground installation of an electric utility line or the conversion to underground of an existing electric utility line[~~, such services may be supplied by a county service area~~].

(b) If [~~the provision of said services shall require~~] providing service requires the issuance of bonds or the creation of long-term obligations [~~said services~~], the service may be supplied by means available [~~at law~~] as [~~herein~~] provided in this part.

[~~(b)~~] (2) Each county service area that supplies the service of the underground installation of an electric utility line or the conversion to underground of an existing electric utility line shall, in installing or converting the line, provide advance notice to and coordinate with the utility that owns the line.

[~~(2) All provisions of this part that establish, govern, or state the requirements and procedure for the creation of a county service area:~~]

(4) Each county or municipality whose legislative body adopts a resolution under Subsection (1) indicating that the county or municipality will provide the service shall diligently proceed to take all measures necessary to provide the service.

(5) If a county or municipal legislative body adopts a resolution under Subsection (1) indicating that the county or municipality will provide the service and the county or municipality takes substantial measures within the time provided in Subsection (3) to provide the service, the local district's annexation proceeding as to the applicable area of that county or municipality is terminated and that applicable area is considered deleted from the area proposed to be annexed in a petition under Subsection 17B-2-503(1)(a).

(ii) for a proposed annexation initiated by resolution under Subsection 17B-2-503(1)(b) or (c), the board determines not to pursue annexation.

(b) In each resolution adopted under Subsection (4)(a), the board shall set forth its reasons for denying the annexation.

(4) If the annexation is proposed by a petition under Subsection 17B-2-503(1)(a)(ii)(A) or (B), a modification may not be made unless the requirements of Subsection 17B-2-503(1)(a)(ii)(A) or (B) are met after the modification as to the area proposed to be annexed.

(5) If the petition meets the requirements of Subsection 17B-2-513(1) before a modification under this section but fails to meet those requirements after modification:

(a) the local district board shall give notice as provided in Section 17B-2-510 and hold a public hearing as provided in Section 17B-2-509 on the proposed annexation; and

(b) the petition shall be considered in all respects as one that does not meet the requirements of Subsection 17B-2-513(1).

(b) Except as otherwise provided in this part, each election under Subsection (3)(a) shall be governed by Title 20A, Election Code.

(c) If a majority of registered voters residing within the area proposed to be annexed and voting on the proposal vote:

(i) in favor of annexation, the board of trustees shall, subject to Subsections 17B-2-514(1)(b), (2), and (3), complete the annexation by adopting a resolution annexing the area; or

(ii) against annexation, the annexation process is terminated, the board may not adopt a resolution annexing the area, and the area proposed to be annexed may not for two years be the subject of an effort under this part to annex to the same local district.

(4) If sufficient protests are filed under this section to require an election, a board of trustees may, notwithstanding Subsection (3), adopt a resolution rejecting the annexation and terminating the annexation process without holding an election.

Section 48. Section 17B-2-513 is enacted to read:

17B-2-513. Hearing, notice, and protest provisions do not apply for certain petitions.

The act also requires electronic reporting of additional data related to test scores and trends, grade averages, volunteerism, student discipline, and fee waivers. This act takes effect July 1, 2001, except that the school performance report modifications take effect July 1, 2002.

(b) The commission may change the time or period for making reports and payments if:

(i) in its opinion, the tax is in jeopardy; or

(ii) a different time or period will facilitate the collection and payment of the tax by the employer.

(2) Each employer shall file a return, in a form the commission prescribes, with each payment of the amount deducted and withheld under this part showing:

(a) the total amount of wages paid to his employees;

(b) the amount of federal income tax deducted and withheld;

(c) the amount of tax under this part deducted and withheld; and

(d) any other information the commission may require.

(3) (a) Each employer shall file an annual return, in a form the commission prescribes, summarizing:

(i) the total compensation paid;

(ii) the federal income tax deducted and withheld; and

(iii) the state tax deducted and withheld for each employee during the calendar year.

The act expands the jurisdiction of Utah courts to allow a family to finalize an adoption in the Utah district court where a child was born. The act makes technical changes. This act contains a coordination clause.

This act affects sections of Utah Code Annotated 1953 as follows:

AMENDS:
78-3a-414, as last amended by Chapter 161, Laws of Utah 2000
78-30-3.5, as last amended by Chapter 21, Laws of Utah 1999
78-30-4.14, as enacted by Chapter 168, Laws of Utah 1995
78-30-7, as last amended by Chapter 10, Laws of Utah 1997

ENACTS:
78-30-3.6, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 78-3a-414 is amended to read:

78-3a-414. Voluntary relinquishment -- Irrevocable.

(1) Voluntary relinquishment or consent for termination of parental rights shall be signed or confirmed under oath either:

(a) before a judge of any court that has jurisdiction over proceedings for termination of parental rights in this state or any other state, or a public officer appointed by that court for the purpose of taking consents or relinquishments[.]; or

(b) except as provided in Subsection (2), any person authorized to take consents or relinquishments under Subsections 78-30-4.18(1) and (2).

(2) Only the juvenile court is authorized to take consents or relinquishments from a parent who has any child who is in the custody of a state agency or who has a child who is otherwise under the jurisdiction of the juvenile court.

[~~(2)~~] (3) The court [~~or~~], appointed officer, or other authorized person shall certify to the best of that person's information and belief that the person executing the consent or relinquishment has read and understands the consent or relinquishment and has signed it freely and voluntarily.

[~~(3)~~] (4) A voluntary relinquishment or consent for termination of parental rights is effective when it is signed and may not be revoked.

[~~(4)~~] (5) The requirements and processes described in Sections 78-3a-402 through 78-3a-410 do not apply to a voluntary relinquishment or consent for termination of parental rights. The court need only find that the relinquishment or termination is in the child's best interest.

[~~(5)~~] (6) There is a presumption that voluntary relinquishment or consent for termination of parental rights is not in the child's best interest where it appears to the court that the primary purpose is to avoid a financial support obligation. The presumption may be rebutted, however, if the court finds the relinquishment or consent to termination of parental rights will facilitate the establishment of stability and permanency for the child.

[~~(6)~~] (7) Upon granting a voluntary relinquishment the court may make orders relating to the child's care and welfare that the court considers to be in the child's best interest.

Section 2. Section 78-30-3.5 is amended to read:

78-30-3.5. Preplacement and postplacement adoptive evaluations -- Exceptions.

(1) (a) Except as otherwise provided in this section, a child may not be placed in an adoptive home until a preplacement adoptive evaluation, assessing the prospective adoptive parent and the prospective adoptive home, has been conducted in accordance with the requirements of this section.

(b) The court may, at any time, authorize temporary placement of a child in a potential adoptive home pending completion of a preplacement adoptive evaluation described in this section.

(c) Subsection (1)(a) does not apply if a birth parent has legal custody of the child to be adopted and the prospective adoptive parent is related to that child as a step-parent, sibling by half or whole blood or by adoption, grandparent, aunt, uncle, or first cousin, unless the evaluation is otherwise requested by the court. The prospective adoptive parent described in this Subsection (1)(c) shall, however, obtain the information described in Subsections (2)(a) and (b), and file that

documentation with the court prior to finalization of the adoption.

(d) The requirements of Subsection (1)(a) are satisfied by a previous preplacement adoptive evaluation conducted within three years prior to placement of the child, or an annual updated adoptive evaluation conducted after that three-year period or within one year after finalization of a previous adoption.

(2) The preplacement adoptive evaluation shall include:

(a) criminal history record information regarding each prospective adoptive parent and any other adult living in the prospective home, received from the Criminal Investigations and Technical Services Division of the Department of Public Safety, in accordance with Section 53-10-108, no earlier than 18 months immediately preceding placement of the child;

(b) a report from the Department of Human Services containing all information regarding reports and investigation of child abuse, neglect, and dependency, with respect to each prospective adoptive parent and any other adult living in the prospective home, obtained no earlier than 18 months immediately preceding placement of the child, pursuant to waivers executed by those parties; and

(c) an evaluation conducted by an expert in family relations approved by the court or a certified social worker, clinical social worker, marriage and family therapist, psychologist, professional counselor, or other court-determined expert in family relations, who is licensed to practice under the laws of this state or under the laws of the state where the prospective adoptive parent or other person living in the prospective adoptive home resides. The evaluation shall be in a form approved by the Department of Human Services. Neither the Department of Human Services nor any of its divisions may proscribe who qualifies as an expert in family relations or who may conduct evaluations pursuant to this Subsection (2).

(3) A copy of the preplacement adoptive evaluation shall be filed with the court.

(4) (a) Except as provided in Subsections (4)(b) and (c), a postplacement evaluation shall be conducted and submitted to the court prior to the final hearing in an adoption proceeding. The postplacement evaluation shall include:

(i) verification of the allegations of fact contained in the petition for adoption;

(ii) an evaluation of the progress of the child's placement in the adoptive home; and

(iii) a recommendation regarding whether the adoption is in the best interest of the child.

(b) The exemptions from and requirements for evaluations, described in Subsections (1)(c), (2)(c), and (3), also apply to postplacement adoptive evaluations.

(c) Upon the request of the petitioner, the court may waive the postplacement adoptive evaluation, unless it determines that it is in the best interest of the child to require the postplacement evaluation.

(5) If the person or agency conducting the evaluation disapproves the adoptive placement, either in the preplacement or postplacement adoptive evaluation, the court may dismiss the petition. However, upon request of a prospective adoptive parent, the court shall order that an additional preplacement or postplacement adoptive evaluation be conducted, and hold a hearing on the suitability of the adoption, including testimony of interested parties.

(6) Prior to finalization of a petition for adoption the court shall review and consider the information and recommendations contained in the preplacement and postplacement adoptive studies required by this section.

Section 3. Section 78-30-3.6 is enacted to read:

78-30-3.6. Prospective parent not a resident -- Preplacement requirements.

(1) When an adoption petition is to be finalized in this state with regard to any prospective adoptive parent who is not a resident of this state at the time a child is placed in that person's home, the potential adoptive parent shall:

(a) comply with the provisions of Section 78-30-3.5; and

(b) submit fingerprints for a Federal Bureau of Investigation national criminal history record check.

(2) The fingerprints referenced in Subsection (1)(b) shall be submitted to the Federal Bureau of Investigation either:

(a) through the Criminal Investigations and Technical Services Division of the Department of Public Safety in accordance with the provisions of Section 62A-2-120; or

(b) if the prospective adoptive parent is pursuing the adoption with a private attorney, the request shall be submitted to the Federal Bureau of Investigation as a personal records check, in accordance with procedures established by the Criminal Investigations and Technical Services Division of the Department of Public Safety.

Section 4. Section 78-30-4.14 is amended to read:

78-30-4.14. Necessary consent to adoption or relinquishment for adoption.

(1) Either relinquishment for adoption to a licensed child-placing agency or consent to adoption is required from:

(a) the adoptee, if he is more than 12 years of age, unless he does not have the mental capacity to consent;

(b) both parents or the surviving parent of an adoptee who was conceived or born within a marriage, unless the adoptee is 18 years of age or older;

(c) the mother of an adoptee born outside of marriage;

(d) any biological parent who has been adjudicated to be the child's biological father by a court of competent jurisdiction prior to the mother's execution of consent or her relinquishment to an agency for adoption;

(e) any biological parent who has executed and filed a voluntary declaration of paternity with the state registrar of vital statistics within the Department of Health in accordance with Title 78, Chapter 45e, prior to the mother's execution of consent or her relinquishment to an agency for adoption, which voluntary declaration of paternity is considered filed when entered into a database that can be accessed by the Department of Health;

(f) an unmarried biological father of an adoptee, as defined in Section 78-30-4.11, only if the requirements and conditions of Subsection (2)(a) or (b) have been proven; and

(g) the licensed child-placing agency to whom an adoptee has been relinquished and that is placing the child for adoption.

(2) In accordance with Subsection (1), the consent of an unmarried biological father is necessary only if the father has strictly complied with the requirements of this section.

(a) (i) With regard to a child who is placed with adoptive parents more than six months after birth, an unmarried biological father shall have developed a substantial relationship with the child, taken some measure of responsibility for the child and the child's future, and demonstrated a full commitment to the responsibilities of parenthood by financial support of the child, of a fair and reasonable sum and in accordance with the father's ability, when not prevented from doing so by the person or authorized agency having lawful custody of the child, and either:

(A) visiting the child at least monthly when physically and financially able to do so, and when not prevented from doing so by the person or authorized agency having lawful custody of the child; or

(B) regular communication with the child or with the person or agency having the care or custody of the child, when physically and financially unable to visit the child, and when not prevented from doing so by the person or authorized agency having lawful custody of the child.

(ii) The subjective intent of an unmarried biological father, whether expressed or otherwise, unsupported by evidence of acts specified in this subsection shall not preclude a determination that the father failed to meet the requirements of [~~this~~] Subsection (2)(a)(i).

(iii) An unmarried biological father who openly lived with the child for a period of six months within the one-year period after the birth of the child and immediately preceding placement of the child with adoptive parents, and openly held himself out to be the father of the child during that period, shall be deemed to have developed a substantial relationship with the child and to have otherwise met the requirements of [~~this~~] Subsection (2)(a)(i).

(b) With regard to a child who is under six months of age at the time he is placed with adoptive parents, an unmarried biological father shall have manifested a full commitment to his parental responsibilities by performing all of the acts described in this subsection prior to the time the mother executes her consent for adoption or relinquishes the child to a licensed child-placing agency. The father shall:

(i) initiate proceedings to establish paternity under Title 78, Chapter 45a, Uniform Act on Paternity, and file with that court a sworn affidavit stating that he is fully able and willing to have full custody of the child, setting forth his plans for care of the child, and agreeing to a court order of child support and the payment of expenses incurred in connection with the mother's pregnancy and the child's birth;

(ii) file notice of the commencement of paternity proceedings with the state registrar of vital statistics within the Department of Health, in a confidential registry established by the department for that purpose, which notice is considered filed when the notice is entered in the registry of notices from unmarried biological fathers; and

(iii) if he had actual knowledge of the pregnancy, paid a fair and reasonable amount of the expenses incurred in connection with the mother's pregnancy and the child's birth, in accordance with his means, and when not prevented from doing so by the person or authorized agency having lawful custody of the child.

(3) An unmarried biological father whose consent is required under Subsection (1) or (2) may nevertheless lose his right to consent if the court determines, in accordance with the requirements and procedures of Title 78, Chapter 3a, Part 4, Termination of Parental Rights Act, that his rights should be terminated, based on the petition of any interested party.

(4) If there is no showing that an unmarried biological father has consented to or waived his rights regarding a proposed adoption, the petitioner shall file with the court a certificate from the state registrar of vital statistics within the Department of Health, stating that a diligent search has been made of the registry of notices from unmarried biological fathers described in Subsection (2)(b)(ii), and that no filing has been found pertaining to the father of the child in question, or if a filing is found, stating the name of the putative father and the time and date of filing. That certificate shall be filed with the court prior to entrance of a final decree of adoption.

(5) An unmarried biological father who does not fully and strictly comply with each of the conditions provided in this section, is deemed to have waived and surrendered any right in relation to the child, including the right to notice of any judicial proceeding in connection with the adoption of the

child, and his consent to the adoption of the child is not required.

Section 5. Section 78-30-7 is amended to read:

78-30-7. Jurisdiction of district and juvenile court -- Time for filing.

(1) Adoption proceedings shall be commenced by filing a petition with the clerk of the district court either:

(a) in the district where the person adopting resides[~~,~~]; or

(b) with the juvenile court as provided in Section 78-3a-105.

(2) If a child is conceived in Utah, adoption proceedings may be commenced by filing a petition with the clerk of a court in the district court where the child was born.

(3) All orders, decrees, agreements, and notices in the proceedings shall be filed with the clerk of [~~that~~] the court where the adoption proceedings were commenced under Subsection (1) or (2).

[~~(2)~~] (4) A petition for adoption shall be filed within 30 days of the date the adoptee is placed in the home of the petitioners for the purpose of adoption, unless the time for filing has been extended by the court, or unless the adoption is arranged by a licensed child-placing agency in which case the agency may extend the filing time.

Section 6. Coordination clause.

If this bill and H.B. 269 both pass, it is the intent of the Legislature that in preparing the Utah Code database for publication, the Office of Legislative Research and General Counsel shall revise Section 78-30-7 to read:

"(1) Adoption proceedings shall be commenced by filing a petition with the clerk of the district court either:

(a) in the district where the person adopting resides[~~,~~]; or

(b) with the juvenile court as provided in [~~Section 78-3a-105~~] Subsection 78-3a-104(1)(o).

(II) does not allocate 20% of the tax increment for housing as provided in Subsection 17A-2-1264(2)(a).

(ii) For a project area budget adopted from July 1, 1998 to May 1, 2000 that allocates 20% of the tax increment for housing as provided in Subsection 17A-2-1264(2)(a), an agency may not collect tax increment from all or part of a project area until after:

(A) the Olene Walker Housing Trust Fund Board, established under Title 9, Chapter 4, Part 7, Olene Walker Housing Trust Fund, has certified the project area budget as complying with the requirements of Section 17A-2-1264; and

(B) the agency's governing body has approved and adopted the project area budget by a two-thirds vote.

(iii) (A) (I) Except as provided in Subsection (3)(a)(iii)(A)(II), each project area budget adopted after May 1, 2000 that provides for more than $100,000 of annual tax increment to be collected by the agency shall allocate at least 20% of tax increment for housing as provided in Subsection 17A-2-1264(3)(a).

(II) The 20% requirement of Subsection (3)(a)(iii)(A)(I) may be waived in whole or in part by the mutual consent of the Olene Walker Housing Trust Fund Board, established under Title 9, Chapter 4, Part 7, Olene Walker Housing Trust Fund, and the taxing agency committee upon their determination that 20% of tax increment is more than is needed to address the community's need for affordable housing, as defined in Section 17A-2-1264.

(B) Before the taxing agency committee may give its consent to a project area budget adopted after May 1, 2000 that is required under Subsection (3)(a)(iii) to allocate tax increment for housing, the agency shall comply with Subsection 17A-2-1264(2)(b).

(b) With the majority consent of a quorum of the taxing agency committee, an agency may amend a project area budget that was adopted under Subsection (3)(a).

(c) (i) Within 30 days after the approval and adoption of a project area budget, each agency shall file a copy of the budget with the county auditor, the State Tax Commission, the state auditor, and each property taxing entity affected by the agency's collection of tax increment under the project area budget.

(ii) Each agency whose project area budget allocates tax increment for housing as provided in Subsection 17A-2-1264(3)(a) shall file a copy of the budget with the Olene Walker Housing Trust Fund established under Title 9, Chapter 4, Part 7, Olene Walker Housing Trust Fund.

(d) (i) Beginning on January 1, 1997, before a project area budget or amendment to a project area budget is approved, the agency shall advertise and hold one public hearing on the proposed change in the project area budget.

(ii) The public hearing under Subsection (3)(d)(i) shall be conducted according to the procedures and requirements of Subsection 17A-2-1222(2), except that if the amended budget allocates a greater proportion of tax increment to a project area than was allocated to the project area under the previous budget, the advertisement shall state the percentage allocated under the previous budget and the percentage allocated under the amended budget.

(e) If an amendment under Subsection (3)(b) is not approved, the agency shall continue to operate under the previously approved, unamended project area budget.

(4) (a) Except as provided in Subsections (6) and (8), an agency may collect tax increment from all or a part of a project area. The tax increment shall be paid to the agency in the same manner and at the same time as payments of taxes to other taxing agencies to pay the principal of and interest on loans, moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise,

to finance or refinance, in whole or in part, the redevelopment, education housing development, or economic development project and the housing projects and programs under Sections 17A-2-1263 and 17A-2-1264.

(b) (i) An agency may elect to be paid:

(A) if 20% of the project area budget is not allocated for housing as provided in Subsection 17A-2-1264(2)(a):

(I) 100% of annual tax increment for 12 years; or

(II) 75% of annual tax increment for 20 years; or

(B) if 20% of the project area budget is allocated for housing as provided in Subsection 17A-2-1264(2)(a):

(I) 100% of annual tax increment for 15 years; or

(II) 75% of annual tax increment for 24 years.

(ii) Tax increment paid to an agency under this Subsection (4)(b) shall be paid for the applicable length of time beginning the first tax year the agency accepts tax increment from a project area.

(c) An agency may receive a greater percentage of tax increment or receive tax increment for a longer period of time than that specified in Subsection (4)(b) if the agency obtains the majority consent of the taxing agency committee.

(5) (a) The redevelopment plan shall provide that the portion of the taxes, if any, due to an increase in the tax rate by a taxing agency after the date the project area budget is approved by the taxing agency committee may not be allocated to and when collected paid into a special fund of the redevelopment agency according to the provisions of Subsection (4) unless the taxing agency committee approves the inclusion of the increase in the tax rate at the time the project area budget is approved. If approval of the inclusion of the increase in the tax rate is not obtained, the portion of the taxes attributable to the increase in the rate shall be distributed by the county to the taxing agency imposing the tax rate increase in the same manner as other property taxes.

(b) The amount of the tax rate to be used in determining tax increment shall be increased or decreased by the amount of an increase or decrease as a result of:

(i) a statute enacted by the Legislature, a judicial decision, or an order from the State Tax Commission to a county to adjust or factor its assessment rate under Subsection 59-2-704(2);

(ii) a change in exemption provided in Utah Constitution Article XIII, Section 2, or Section 59-2-103;

(iii) an increase or decrease in the percentage of fair market value, as defined under Section 59-2-102; or

(iv) a decrease in the certified tax rate under Subsection 59-2-924(2)(c) or (2)(d)(i).

(c) (i) Notwithstanding the increase or decrease resulting from Subsection (5)(b), the amount of money allocated to, and when collected paid to the agency each year for payment of bonds or other indebtedness may not be less than would have been allocated to and when collected paid to the agency each year if there had been no increase or decrease under Subsection (5)(b).

(ii) For a decrease resulting from Subsection (5)(b)(iv), the taxable value for the base year under Subsection 17A-2-1202(2) or 17A-2-1247(2)(a), as the case may be, shall be reduced for any year to the extent necessary, including below zero, to provide an agency with approximately the same amount of money the agency would have received without a reduction in the county's certified tax rate if:

(A) in that year there is a decrease in the certified tax rate under Subsection 59-2-924(2)(c) or (2)(d)(i);

(B) the amount of the decrease is more than 20% of the county's certified tax rate of the previous year; and

(C) the decrease results in a reduction of the amount to be paid to the agency under Section 17A-2-1247 or 17A-2-1247.5.

(6) (a) For redevelopment plans first adopted before May 4, 1993, beginning January 1, 1994, all of the taxes levied and collected upon the taxable property in the redevelopment project under Section 59-2-906.1 which are not pledged to support bond indebtedness and other contractual obligations are exempt from the provisions of Subsection (4).

(b) For redevelopment plans first adopted after May 3, 1993, beginning January 1, 1994, all of the taxes levied and collected upon the taxable property in the redevelopment project under Section 59-2-906.1 are exempt from the provisions of Subsection (4).

(7) (a) In addition to the amounts and periods that an agency may elect to be paid tax increment under Subsection (4)(b), an agency may elect to be paid 100% of annual tax increment for an additional period, as provided in Subsection (7)(b), beyond those periods provided under Subsection (4)(b), without the approval of the taxing agency committee, if the tax increment funding for the additional period is used:

(i) for an agency in a city in which is located all or a portion of an interchange on I-15 or that would directly benefit from an interchange on I-15, to pay some or all of the cost of the installation, construction, or reconstruction of:

(A) an interchange on I-15; or

(B) frontage and other roads connecting to the interchange, as determined by the Department of Transportation created under Section 72-1-201 and the Transportation Commission created under Section 72-1-301; or

(ii) for an agency in a city of the first class, to pay some or all of the cost of the land for and installation and construction of a recreational facility, as

defined in Subsection 59-12-702(3), or a cultural facility, including parking and infrastructure improvements related to the recreational or cultural facility.

(b) The additional period for which an agency may be paid 100% of annual tax increment under Subsection (7)(a) is an additional:

(i) 13 years, for an agency that initially elected to be paid under Subsection (4)(b)(i)(A)(I);

(ii) five years, for an agency that initially elected to be paid under Subsection (4)(b)(i)(A)(II);

(iii) ten years, for an agency that initially elected to be paid under Subsection (4)(b)(i)(B)(I); and

(iv) one year, for an agency that initially elected to be paid under Subsection (4)(b)(i)(B)(II).

(c) This Subsection (7) applies only to an agency established by a city in which:

(i) for an agency in a city in which is located all or a portion of an interchange on I-15 or that would directly benefit from an interchange on I-15, the installation, construction, or reconstruction of an interchange on I-15 or frontage or other roads connecting to the interchange has begun on or before June 30, 2002; and

(ii) for an agency in a city of the first class, the installation or construction of a recreational facility, as defined in Subsection 59-12-702(3), or a cultural facility has begun on or before June 30, 2002.

(d) Notwithstanding any other provision of this Subsection (7), a school district may not receive less tax increment because of application of the other provisions of this Subsection (7) than it would have received without those provisions.

(8) If a school district board votes not to appoint representatives to the taxing agency committee under Subsection (2)(a)(ii)(A), all of the taxes levied and collected upon taxable property in the redevelopment project by the school district are exempt from Subsection (4) and the agency may not collect tax increment from taxes levied by the school district in the project area.

(F) a place of business similar to Subsections (1)(a)(i)(A) through (E);

(IV) telephone; or

(V) a means similar to Subsections (1)(a)(iii)(A) or (B);

(A) common carrier; or

(B) United States mail; or

(v) regularly engages in an activity directly related to the leasing or servicing of property located within the state.

(b) If a vendor does not meet one or more of the criteria provided for in Subsection (1)(a), the vendor:

(i) except as provided in Subsection (1)(b)(ii), may voluntarily:

(A) collect a tax as provided in Subsection 59-12-103(2)(c) on a transaction described in Subsection 59-12-103(1); and

(c) A person shall pay a use tax imposed by this chapter on a transaction described in Subsection 59-12-103(1) if:

maintain an office, distribution house, sales house, warehouse, service enterprise, or other place of business, or to maintain a stock of goods, within this state.

(2) (a) Each vendor shall collect the sales or use tax from the purchaser.

(b) A vendor may not collect as tax an amount, without regard to fractional parts of one cent, in excess of the tax computed at the rates prescribed by this chapter.

(c) (i) Each vendor shall:

(A) give the purchaser a receipt for the use tax collected; or

(B) bill the use tax as a separate item and declare the name of this state and the vendor's use tax license number on the invoice for the sale.

(ii) The receipt or invoice is prima facie evidence that the vendor has collected the use tax and relieves the purchaser of the liability for reporting the use tax to the commission as a consumer.

(d) A vendor is not required to maintain a separate account for the tax collected, but is considered to be a person charged with receipt, safekeeping, and transfer of public moneys.

(e) Taxes collected by a vendor pursuant to this chapter shall be held in trust for the benefit of the state and for payment to the commission in the manner and at the time provided for in this chapter.

(f) If any vendor, during any reporting period, collects as a tax an amount in excess of the lawful state and local percentage of total taxable sales allowed under this part and Part 2, Local Sales and Use Tax Act, the vendor shall remit to the commission the full amount of the tax imposed under this part and Part 2, Local Sales and Use Tax Act, plus any excess.

(g) If the accounting methods regularly employed by the vendor in the transaction of the vendor's business are such that reports of sales made during a calendar month or quarterly period will impose unnecessary hardships, the commission may accept reports at intervals that will, in its opinion, better suit the convenience of the taxpayer or vendor and will not jeopardize collection of the tax.

(3) (a) Except as provided in Subsection (4) and in Section 59-12-108, the sales or use tax imposed by this chapter is due and payable to the commission quarterly on or before the last day of the month next succeeding each calendar quarterly period.

(d) The sales tax as computed in the return shall be based upon the total nonexempt sales made during the period, including both cash and charge sales.

(e) The use tax as computed in the return shall be based upon the total amount of sales or purchases for storage, use, or other consumption in this state made during the period, including both by cash and by charge.

(f) The commission may by rule extend the time for making returns and paying the taxes. No extension may be for more than 90 days.

(g) The commission may require returns and payment of the tax to be made for other than quarterly periods if it considers it necessary in order to ensure the payment of the tax imposed by this chapter.

(4) On each vehicle sale made by other than a regular licensed vehicle dealer, the purchaser shall pay the sales or use tax directly to the commission if the vehicle is subject to titling or registration under the laws of this state. The commission shall collect the tax when the vehicle is titled or registered.

(5) If any sale of tangible personal property or any other taxable transaction under Subsection 59-12-103(1), is made by a wholesaler to a retailer, the wholesaler is not responsible for the collection or payment of the tax imposed on the sale if the retailer represents that the personal property is purchased by the retailer for resale and the personal property thereafter is not resold. Instead, the retailer is solely liable for the tax.

(6) If any sale of property or service subject to the tax is made to a person prepaying sales or use tax in accordance with Title 63, Chapter 51, Resource Development, or to a contractor or subcontractor of that person, the person to whom such payment or consideration is payable is not responsible for the collection or payment of the sales or use tax if the person prepaying the sales or use tax represents that the amount prepaid as sales or use tax has not been fully credited against sales or use tax due and payable under the rules promulgated by the commission. Instead, the person prepaying the sales or use tax is solely liable for the tax.

(7) Credit is allowed for prepaid taxes and for taxes paid on that portion of an account determined to be worthless and actually charged off for income tax purposes or on the portion of the purchase price remaining unpaid at the time of a repossession made under the terms of a conditional sales contract.

(8) (a) The commission may require any person subject to the tax imposed under this chapter to deposit with it security as the commission determines, if the commission considers it necessary to ensure compliance with this chapter.

(b) The commission may sell the security at public sale if it becomes necessary to do so in order to recover any tax, interest, or penalty due.

(c) (i) The commission shall serve notice of the sale upon the person who deposited the securities.

(ii) Notice under Subsection (8)(c)(i) sent to the last-known address as it appears in the records of the commission is sufficient for the purposes of this requirement.

(d) The commission shall return to the person who deposited the security any amount of the sale proceeds that exceed the amounts due under this chapter.

(9) (a) A vendor may not, with intent to evade any tax, fail to timely remit the full amount of tax required by this chapter.

(b) A violation of this section is punishable as provided in Section 59-1-401.

(c) Each person who fails to pay any tax to the state or any amount of tax required to be paid to the state, except amounts determined to be due by the commission under Sections 59-12-110 and 59-12-111, within the time required by this chapter, or who fails to file any return as required by this chapter, shall pay, in addition to the tax, penalties and interest as provided in Section 59-12-110.

(d) For purposes of prosecution under this section, each quarterly tax period in which a vendor, with intent to evade any tax, collects a tax and fails to timely remit the full amount of the tax required to be remitted, constitutes a separate offense.

PROVISIONS RELATING TO HIGH-LEVEL NUCLEAR WASTE

Sponsor: Terry R. Spencer

This act modifies the Environmental Quality Code, the County Land Use Development and Management Act, the Labor Code regarding drug and alcohol testing, and the Water and Irrigation Code regarding determination of water rights. The act prohibits the placement of high-level nuclear waste or greater than class C radioactive waste within the exterior borders of the state, and prohibits governmental entities or businesses from providing services to facilitate the placement of the waste in the state. However, should the federal government authorize such placement, the act requires mandatory planning by the site county, including a public hearing. The act provides that an entity may not apply for a state license for the transportation, transfer, or storage of high-level nuclear waste or greater than class C radioactive waste until a final court ruling is given regarding the state provisions. The act also prohibits a county from providing municipal-type services to a site under consideration for a facility, entering into contracts to provide the services, or creating political subdivisions to provide the services until a license is authorized. The act provides that persons or organizations acting in violation of these provisions are subject to penalties. The act requires the Department of Environmental Quality to determine the amount of unfunded potential liability regarding a release of the waste from a facility. Should a facility gain a license, the act imposes on any organization providing municipal-type services a transaction fee of 75% of the value of a contract. This fee is to be applied to the unfunded potential liability and is to be deposited in a restricted account created by this act. In addition, the license applicant is required to deposit in this account not less than 75% of the determined unfunded potential liability within 30 days of issuance of the license for the facility. The licensee is also required to pay an annual fee of the amount of workers' compensation to be paid for employees in the state, multiplied by the number of casks of nuclear waste brought into the state. This fee is also to be deposited in the account. The fee does not exempt the licensee from payments for workers' compensation. The act also requires the licensee to test employees for drugs and alcohol, to protect the safety of the public. The act also provides for the state engineer to file an action in court to determine water rights for any area within the state's exterior boundaries regarding which any entity is actively seeking a license for a nuclear waste facility. This act takes effect upon approval. This act provides a coordination clause to specify the effective date.

(2) Notwithstanding Subsection (1) the governor, after consultation with the county executive and county legislative body of the affected county and with concurrence of the Legislature, may specifically [~~approves~~] approve the placement as provided in this part[~~.~~], but only if:

(a) (i) the federal Nuclear Regulatory Commission issues a license, pursuant to the Nuclear Waste Policy Act, 42 U.S.C.A. 10101 et seq., or the Atomic Energy Act, 42 U.S.C.A. 2011 et seq., for the placement within the exterior boundaries of Utah of high-level nuclear waste or greater than class C radioactive waste; and

(ii) the authority of the federal Nuclear Regulatory Commission to grant a license under Subsection (2)(a)(i) is clearly upheld by a final judgment of a court of competent jurisdiction; or

(b) an agency of the federal government is transporting the waste, and all state and federal requirements to proceed with the transportation have been met.

(3) The requirement for the approval of a final court of competent jurisdiction shall be met in all of the following categories, in order for a state license proceeding regarding waste to begin:

(a) transfer or transportation, by rail, truck, or other mechanisms;

(b) storage, including any temporary storage at a site away from the generating reactor;

(c) decay in storage;

(d) treatment; and

(e) disposal.

(4) (a) Upon satisfaction of the requirements of Subsection (2)(a), for each category listed in Subsection (3), or satisfaction of the requirements under Subsection (2)(b), the governor, with the concurrence of the attorney general, shall certify in writing to the executive director of the Department of Environmental Quality that all of the requirements have been met, and that any necessary state licensing processes may begin.

The department may initiate rulemaking under this Subsection (5)(a) on or after the effective date of this act.

(b) (i) The department shall also determine the dollar amount currently available to cover the costs as determined in Subsection (5)(a):

(6) (a) State agencies may not, for the purpose of providing any goods, services, or municipal-type services to a storage facility or transfer facility, or to any organization engaged in the transportation of waste, enter into any contracts or any other agreements prior to:

(i) the satisfaction of the conditions in Subsection (4); and

(ii) the executive director of the department having certified that the requirements of Sections 19-3-304 through 19-3-308 have been met for the purposes of a license application proceeding for a storage facility or transfer facility.

(b) Political subdivisions of the state may not enter into any contracts or any other agreements for the purpose of providing any goods, services, or municipal-type services to a storage facility or transfer facility, or to any organization engaged in the transportation of waste.

(c) This Subsection (6) does not prohibit a state agency from exercising the regulatory authority granted to it by law.

(7) (a) Notwithstanding any other provision of law, any political subdivision may not be formed pursuant to the laws of Utah for the purpose of providing any goods, services, or municipal-type services to a storage facility or transfer facility prior to the satisfaction of the conditions in Subsection (4). (b) (i) Subsection (7)(a) shall be strictly interpreted. Any political subdivision authorized and formed under the laws of the state on or after the effective date of this act which subsequently contracts to, or in any manner agrees to provide, or does provide goods, services, or municipal-type services to a storage facility or transfer facility is formed in violation of Subsection (7)(a).

(ii) If the conditions of Subsection (7)(b)(i) apply, the persons who formed the political subdivision are considered to have knowingly violated a provision of this part, and the penalties of Section 19-3-312 apply.

(8) (a) An organization may not be formed for the purpose of providing any goods, services, or

municipal-type services to a storage facility or transfer facility prior to:

(i) the satisfaction of the conditions in Subsection (4); and

(ii) the executive director of the department having certified that the requirements of Sections 19-3-304 through 19-3-308 have been met.

(b) A foreign organization may not be registered to do business in the state for the purpose of providing any goods, services, or municipal-type services to a storage facility or transfer facility prior to:

(i) the satisfaction of the conditions in Subsection (4); and

(ii) the executive director of the department having certified that the requirements of Sections 19-3-304 through 19-3-308 have been met.

(c) The prohibitions of Subsections (8)(a) and (b) shall be strictly applied, and:

(i) the formation of a new organization or registration of a foreign organization within the state, any of whose purposes are to provide goods, services, or municipal-type services to a storage facility or transfer facility may not be licensed or registered in the state, and the local or foreign organization is void and does not have authority to operate within the state;

(ii) any organization which is formed or registered on or after the effective date of this act, and which subsequently contracts to, or in any manner agrees to provide, or does provide goods, services, or municipal-type services to a storage facility or transfer facility has been formed or registered in violation of Subsection (8)(a) or (b) respectively; and

(iii) if the conditions of Subsection (8)(c)(ii) apply, the persons who formed the organization or the principals of the foreign organization, are considered to have knowingly violated a provision of this part, and are subject to the penalties in Section 19-3-312.

(9) (a) (i) Any contract or agreement to provide any goods, services, or municipal-type services to any organization engaging in, or attempting to engage in the placement of high-level nuclear waste or greater than class C radioactive waste at a storage facility or transfer facility within the state are declared to be against the greater public interest, health, and welfare of the state, by promoting an activity which has the great potential to cause extreme public harm.

(ii) These contracts or agreements under Subsection (9)(a)(i), whether formal or informal, are declared to be void from inception, agreement, or execution as against public policy.

(b) (i) Any contract or other agreement to provide goods, services, or municipal-type services to storage or transfer facilities may not be executed within the state.

(ii) Any contract or other agreement, existing or executed on or after the effective date of this act, is considered void from the time of agreement or execution.

(10) (a) All contracts and agreements under Subsection (10)(b) are assessed an annual transaction fee of 75% of the gross value of the contract to the party providing the goods, services, or municipal-type services to the storage facility or transfer facility or transportation entity. The fee shall be assessed per calendar year, and is payable on a prorated basis on or before the last day of each month in accordance with rules established under Subsection (10)(d), and as follows:

(i) 25% of the gross value of the contract to the department; and

(ii) 50% of the gross value of the contract to the Department of Community and Economic Development, to be used by the Utah Division of Indian Affairs as provided in Subsection (11).

(b) Contracts and agreements subject to the fee under Subsection (10)(a) are those contracts and agreements to provide goods, services, or municipal-type services to a storage or transfer facility, or to any organization engaged in the transportation of high-level nuclear waste or greater than class C radioactive waste to a transfer facility or storage facility, and which:

(i) are in existence on the effective date of this act; or

(ii) become effective notwithstanding Subsection (9)(a).

(c) Any governmental agency which regulates the charges to consumers for services provided by utilities or other organizations shall require the regulated utility or organization to include the fees under Subsection (10)(a) in the rates charged to the purchaser of the goods, services, or municipal-type services affected by Subsection (10)(b).

(d) (i) The department, in consultation with the State Tax Commission, shall establish rules for the valuation of the contracts and assessment and collection of the fees, and other rules as necessary to determine the amount of and collection of the fee under Subsection (10)(a). The department may initiate rulemaking under this Subsection (d)(i) on or after the effective date of this act.

(ii) Persons and organizations holding contracts affected by Subsection (10)(b) shall make a good faith estimate of the fee under Subsection (10)(a) for calender year 2001, and remit that amount to the department on or before July 31, 2001.

(11) (a) The portion of the fees imposed under Subsection (10) which is to be paid to the Department of Community and Economic Development for use by the Utah Division of Indian Affairs shall be used for establishment of a statewide community and economic development program for the tribes of Native American people within the exterior boundaries of the state who have by tribal procedure established a position rejecting

siting of any nuclear waste facility on their reservation lands.

(b) The program under Subsection (11)(a) shall include:

(i) educational services and facilities;

(ii) health care services and facilities;

(iii) programs of economic development;

(iv) utilities;

(v) sewer;

(vi) street lighting;

(vii) roads and other infrastructure; and

(viii) oversight and staff support for the program.

(12) It is the intent of the Legislature that this part does not prohibit or interfere with a person's exercise of the rights under the First Amendment to the Constitution of the United States or under Utah Constitution Article I, Sec. 15, by an organization attempting to site a storage facility or transfer facility within the borders of the state for the placement of high-level nuclear waste or greater than class C radioactive waste.

Section 9. Section 19-3-302 is amended to read:

19-3-302. Legislative intent.

(1) (a) The state of Utah enacts this part to prevent the placement of any high-level nuclear waste or greater than class C radioactive waste in Utah. The state also recognizes that high-level nuclear waste or greater than class C radioactive waste may be placed within the exterior boundaries of the state, pursuant to a license from the federal government, or by the federal government itself, in violation of this state law.

(b) Due to this possibility, the state also enacts provisions in this part to regulate transportation, transfer, storage, decay in storage, treatment, and disposal of any high-level nuclear waste and greater than class C radioactive waste in Utah, thereby asserting and protecting the state's interests in environmental and economic resources consistent with 42 U.S.C.A. 2011 et seq., Atomic Energy Act and 42 U.S.C.A. 10101 et seq., Nuclear Waste Policy Act, should the federal government decide to authorize any entity to operate, or operate itself, in violation of this state law.

(2) Neither the Atomic Energy Act nor the Nuclear Waste Policy Act provides for siting a large privately owned high-level nuclear waste transfer, storage, decay in storage, or treatment facility away from the vicinity of the reactors. The Atomic Energy Act and the Nuclear Waste Policy Act specifically define authorized storage and disposal programs and activities. The state of Utah in enacting this part is not preempted by federal law, since any proposed facilities that would be sited in Utah are not contemplated or authorized by federal law and, in any circumstance, this part is not contrary to or inconsistent with federal law or Congressional intent.

(3) The state of Utah has environmental and economic interests which do not involve nuclear safety regulation, and which must be considered and complied with in siting a high-level nuclear waste or greater than class C radioactive waste transfer, storage, decay in storage, treatment, or disposal facility and in transporting these wastes in the state.

(4) An additional primary purpose of this part is to ensure protection of the state from nonradiological hazards associated with any waste transportation, transfer, storage, decay in storage, treatment, or disposal.

(5) The state recognizes the sovereign rights of Indian tribes within the state of Utah. However, any proposed transfer, storage, decay in storage, treatment, or disposal facility located on a reservation which directly affects and impacts state interests by creating off-reservation effects such as potential or actual degradation of soils and groundwater, potential or actual contamination of surface water, pollution of the ambient air, emergency planning costs, impacts on development, agriculture, and ranching, and increased transportation activity, is subject to state jurisdiction.

(6) There is no tradition of regulation by the Indian tribes in Utah of high-level nuclear waste or higher than class C radioactive waste. The state does have a long history of regulation of radioactive sources and natural resources and in the transfer, storage, treatment, and transportation of materials and wastes throughout the state. The state finds that its interests are even greater when nonmembers of an Indian tribe propose to locate a facility on tribal trust lands primarily to avoid state regulation and state authorities under federal law.

(7) (a) This part is not intended to modify existing state requirements for obtaining environmental approvals, permits, and licenses, including surface and groundwater permits and air quality permits, when the permits are necessary under state and federal law to construct and operate a high-level nuclear waste or greater than class C radioactive waste transfer, storage, decay in storage, treatment, or disposal facility.

(b) Any source of air pollution proposed to be located within the state, including sources located within the boundaries of an Indian reservation, which will potentially or actually have a direct and significant impact on ambient air within the state, is required to obtain an approval order and permit from the state under Section 19-2-108.

(c) Any facility which will potentially or actually have a significant impact on the state's surface or groundwater resources is required to obtain a permit under Section 19-5-107 even if located within the boundaries of an Indian reservation.

(8) The state finds that the transportation, transfer, storage, decay in storage, treatment, and disposal of high-level nuclear waste and greater than class C radioactive waste within the state is an ultra-hazardous activity which carries with it the risk that any release of waste may result in enormous economic and human injury.

Section 10. Section 19-3-303 is amended to read:

19-3-303. Definitions.

(b) The applicant shall subsequently pay an additional fee to cover the costs to the state associated with review of the application, including costs to the state and the state's contractors for permitting, technical, administrative, legal, safety, and emergency response reviews, planning, training, infrastructure, and other impact analyses, studies, and services required to evaluate a proposed facility.

(2) For the purpose of funding the state oversight and inspection of any waste transfer, storage, decay in storage, treatment, or disposal facility, and to establish state infrastructure, including, but not limited to providing for state Department of Environmental Quality, state Department of Transportation, state Department of Public Safety, and other state agencies' technical, administrative, legal, infrastructure, maintenance, training, safety, socio-economic, law enforcement, and emergency resources necessary to respond to these facilities, the owner or operator shall pay to the state a fee as established by department rule under Section 63-38-3.2, to be assessed:

(4) The owner or operator of the facility shall pay the fees imposed under this section to the

department on or before the 15th day of the month following the month in which the fee accrued.

(5) Annual fees due under this part accrue on July 1 of each year and shall be paid to the department by July 15 of that year.

Section 12. Section 19-3-309 is amended to read:

Section 14. Section 19-3-319 is enacted to read:

19-3-319. State response to nuclear release and hazards.

(1) The state finds that the placement of high-level nuclear waste inside the exterior boundaries of the state is an ultra-hazardous activity which may result in catastrophic economic and environmental damage and irreparable human injury in the event of a release of waste, and which may result in serious long-term health effects to workers at any transfer or storage facility, or to workers involved in the transportation of the waste.

(2) (a) The state finds that procedures for providing funding for the costs incurred by any release of waste, or for the compensation for the costs of long-term health effects are not adequately addressed by existing law.

(b) Due to these concerns, the state has established a restricted account under Subsection 19-3-309(3), known as the Nuclear Accident and

Hazard Compensation Account, and referred to in this section as the compensation account. One of the purposes of this account is to partially or wholly compensate workers for these potential costs, as funds are available and appropriated for these purposes.

(3) (a) The department shall require the applicant, and parent and subsidiary organizations of the applicant, to pay to the department not less than 75% of the unfunded potential liability, as determined under Subsection 19-3-301(5), in the form of cash or cash equivalents. The payment shall be made within 30 days after the date of the issuance of a license under this part.

(b) The department shall credit the amount due under Subsection 19-3-306(10) against the amount due under this Subsection (3).

(c) If the payments due under this Subsection (3) are not made within 30 days, as required, the executive director of the department shall cancel the license.

(4) (a) The department shall also require an annual fee from the holder of any license issued under this part. This annual fee payment shall be calculated as:

(i) the aggregate amount of the annual payments required by Title 34A, Chapter 2, Workers' Compensation Act, of the licensee and of all parties contracted to provide goods, services, or municipal-type services to the licensee, regarding their employees who are working within the state at any time during the calendar year; and

(ii) multiplied by the number of storage casks of waste present at any time and for any period of time within the exterior borders of the state during the year for which the fee is assessed.

(b) (i) The licensee shall pay the fee under Subsection (4)(a) to the department. The department shall deposit the fee in the compensation account created in Subsection 19-3-309(3).

(ii) The fee shall be paid to the department on or before March 31 of each calendar year.

(5) The department shall use the fees paid under Subsection (4) to provide medical or death benefits, or both, as is appropriate to the situation, to the following persons for death or any long term health conditions of an employee proximately caused by the presence of the high-level nuclear waste or greater than class C radioactive waste within the state, or a release of this waste within the state that affects an employee's physical health:

(a) any employee of the holder of any license issued under this part, or employees of any parties contracting to provide goods, services, transportation, or municipal-type services to the licensee, if the employee is within the state at any time during the calendar year as part of his employment; or

(b) that employee's family or beneficiaries.

(6) Payment of the fee under Subsection (4) does not exempt the licensee from compliance with any other provision of law, including Title 34A, Chapter 2, regarding workers' compensation.

(7) (a) An agreement between an employer and an employee, the employee's family, or beneficiaries requiring the employee to waive benefits under this section, requiring the employee to seek third party coverage, or requiring an employee contribution is void.

(b) Any employer attempting to secure any agreement prohibited under Subsection (7)(a) is subject to the penalties of Section 19-3-312.

(8) (a) The department, in consultation with the Division of Industrial Accidents within the Labor Commission, shall by rule establish procedures regarding application for benefits, standards for eligibility, estimates of annual payments, and payments.

(b) Payments under this section are in addition to any other payments or benefits allowed by state or federal law, notwithstanding provisions in Title 34A, Chapter 2, regarding workers' compensation.

(c) Payments or obligations to pay under this section may not exceed funds appropriated for these purposes by the Legislature.

(9) (a) Any fee or payment imposed under this section does not apply to any Utah-based nonprofit trade association due to the membership in the organization of a member that is engaging in, or attempting to engage in, the placement of high-level nuclear waste or greater than class C radioactive waste at a storage facility or transfer facility within the state.

(b) Subsection (9)(a) does not apply to a nonprofit trade association if that association takes any affirmative action to promote or assist any individual or organization in efforts to conduct any activity prohibited by this part.

(c) A member of any Utah-based nonprofit trade association is not exempt from any fee or payment under this section due to membership in the association.

Section 15. Section 34-38-3 is amended to read:

34-38-3. Testing for drugs or alcohol.

(1) It is not unlawful for an employer to test employees or prospective employees for the presence of drugs or alcohol, in accordance with the provisions of this chapter, as a condition of hiring or continued employment. However, employers and management in general [~~must~~] shall submit to the testing themselves on a periodic basis.

(2) (a) Any organization which is operating a storage facility or transfer facility or which is engaged in the transportation of high-level nuclear waste or greater than class C radioactive waste within the exterior boundaries of the state shall establish a mandatory drug testing program regarding drugs and alcohol for prospective and existing employees as a condition of hiring any

employee or the continued employment of any employee. As a part of the program, employers and management in general shall submit to the testing themselves on a periodic basis. The program shall implement testing standards and procedures established under Subsection (2)(b).

(b) The executive director of the Department of Environmental Quality, in consultation with the Labor Commission under Section 34A-1-103, shall by rule establish standards for timing of testing and dosage for impairment for the drug and alcohol testing program under this Subsection (2). The standards shall address the protection of the safety, health, and welfare of the public.

Section 16. Section 73-4-1 is amended to read:

73-4-1. By engineer on petition of users.

(1) Upon a verified petition to the state engineer, signed by five or more or a majority of water users upon any stream or water source, requesting the investigation of the relative rights of the various claimants to the waters of such stream or water source, it shall be the duty of the state engineer, if upon such investigation he finds the facts and conditions are such as to justify a determination of said rights, to file in the district court an action to determine the various rights. In any suit involving water rights the court may order an investigation and survey by the state engineer of all the water rights on the source or system involved.

(2) (a) As used in this section, "executive director" means the executive director of the Department of Environmental Quality.

(b) The executive director, with the concurrence of the governor, may request that the state engineer file in the district court an action to determine the various water rights in the stream, water source, or basin for an area within the exterior boundaries of the state for which any person or organization or the federal government is actively pursuing or processing a license application for a storage facility or transfer facility for high-level nuclear waste or greater than class C radioactive waste.

(c) Upon receipt of a request made under Subsection (2)(b), the state engineer shall file the action in the district court.

(d) If a general adjudication has been filed in the state district court regarding the area requested pursuant to Subsection (2)(b), the state engineer and the state attorney general shall join the United States as a party to the action.

Section 17. Effective date.

If approved by two-thirds of all the members elected to each house, this act takes effect upon approval by the governor, or the day following the constitutional time limit of Utah Constitution Article VII, Section 8, without the governor's signature, or in the case of a veto, the date of veto override.

Section 18. Coordination clause.

It is the intent of the Legislature that in preparing the Utah Code database for publication, the Office of Legislative Research and General Counsel is directed to replace the language, "the effective date of this act," in Section 19-3-301 with the actual effective date of this act.
