73-5-15. Groundwater management plan.

(1) As used in this section:

(a) "Critical management area" means a groundwater basin in which the groundwater withdrawals consistently exceed the safe yield.

(b) "Safe yield" means the amount of groundwater that can be withdrawn from a groundwater basin over a period of time without exceeding the long-term recharge of the basin or unreasonably affecting the basin's physical and chemical integrity.

(2) (a) The state engineer may regulate groundwater withdrawals within a specific groundwater basin by adopting a groundwater management plan in accordance with this section for any groundwater basin or aquifer or combination of hydrologically connected groundwater basins or aquifers.

(b) The objectives of a groundwater management plan are to:

(i) limit groundwater withdrawals to safe yield;

(ii) protect the physical integrity of the aquifer; and

(iii) protect water quality.

(c) The state engineer shall adopt a groundwater management plan for a groundwater basin if more than 1/3 of the water right owners in the groundwater basin request that the state engineer adopt a groundwater management plan.

(3) (a) In developing a groundwater management plan, the state engineer may consider:

(i) the hydrology of the groundwater basin;

(ii) the physical characteristics of the groundwater basin;

(iii) the relationship between surface water and groundwater, including whether the groundwater should be managed in conjunction with hydrologically connected surface waters;

(iv) the geographic spacing and location of groundwater withdrawals;

(v) water quality;

(vi) local well interference; and

(vii) other relevant factors.

(b) The state engineer shall base the provisions of a groundwater management plan on the principles of prior appropriation.

(c) (i) The state engineer shall use the best available scientific method to determine safe yield.

(ii) As hydrologic conditions change or additional information becomes available, safe yield determinations made by the state engineer may be revised by following the procedures listed in Subsection (5).

(4) (a) (i) Except as provided in Subsection (4)(b), the withdrawal of water from a groundwater basin shall be limited to the basin's safe yield.

(ii) Before limiting withdrawals in a groundwater basin to safe yield, the state engineer shall:

(A) determine the groundwater basin's safe yield; and

(B) adopt a groundwater management plan for the groundwater basin.

(iii) If the state engineer determines that groundwater withdrawals in a groundwater basin exceed the safe yield, the state engineer shall regulate groundwater rights in that groundwater basin based on the priority date of the water rights under the groundwater management plan, unless a voluntary arrangement exists under Subsection (4)(c) that requires a different distribution.

(b) When adopting a groundwater management plan for a critical management area, the state engineer shall, based on economic and other impacts to an individual water user or a local community caused by the implementation of safe yield limits on withdrawals, allow gradual implementation of the groundwater management plan.

(c) (i) In consultation with the state engineer, water users in a groundwater basin may agree to participate in a voluntary arrangement for managing withdrawals at any time, either before or after a determination that groundwater withdrawals exceed the groundwater basin's safe yield.

(ii) A voluntary arrangement under Subsection (4)(c)(i) shall be consistent with other law.

(iii) The adoption of a voluntary arrangement under this Subsection (4)(c) by less than all of the water users in a groundwater basin does not affect the rights of water users who do not agree to the voluntary arrangement.

(5) To adopt a groundwater management plan, the state engineer shall:

(a) give notice as specified in Subsection (7) at least 30 days before the first public meeting held in accordance with Subsection (5)(b):

(i) that the state engineer proposes to adopt a groundwater management plan;

(ii) describing generally the land area proposed to be included in the groundwater management plan; and

(iii) stating the location, date, and time of each public meeting to be held in accordance with Subsection (5)(b);

(b) hold one or more public meetings in the geographic area proposed to be included within the groundwater management plan to:

(i) address the need for a groundwater management plan;

(ii) present any data, studies, or reports that the state engineer intends to consider in preparing the groundwater management plan;

(iii) address safe yield and any other subject that may be included in the groundwater management plan;

(iv) outline the estimated administrative costs, if any, that groundwater users are likely to incur if the plan is adopted; and

(v) receive any public comments and other information presented at the public meeting, including comments from any of the entities listed in Subsection (7)(a)(iii);

(c) receive and consider written comments concerning the proposed groundwater management plan from any person for a period determined by the state engineer of not less than 60 days after the day on which the notice required by Subsection (5)(a) is given;

(d) (i) at least 60 days prior to final adoption of the groundwater management plan, publish notice:

(A) that a draft of the groundwater management plan has been proposed; and

(B) specifying where a copy of the draft plan may be reviewed; and

(ii) promptly provide a copy of the draft plan in printed or electronic form to each of the entities listed in Subsection (7)(a)(iii) that makes written request for a copy; and

(e) provide notice of the adoption of the groundwater management plan.

(6) A groundwater management plan shall become effective on the date notice of adoption is completed under Subsection (7), or on a later date if specified in the plan.

(7) (a) A notice required by this section shall be:

(i) published:

(A) once a week for two successive weeks in a newspaper of general circulation in each county that encompasses a portion of the land area proposed to be included within the groundwater management plan; and

(a) order the defendant to appear and show cause why the default should not be treated as contempt of court; or

(b) issue a warrant of arrest.

(4) (a) Unless the defendant shows that the default was not attributable to an intentional

refusal to obey the order of the court or to a failure to make a good faith effort to make the payment, the court may find that the default constitutes contempt.

(b) Upon a finding of contempt, the court may order the defendant committed until the criminal judgment account receivable, or a specified part of it, is paid.

(5) If it appears to the satisfaction of the court that the default is not contempt, the court may enter an order for any of the following or any combination of the following:

(c) If a criminal judgment account receivable in a case not supervised by the Department of Corrections is more than 90 days past due, the district court shall, without a motion or hearing, record the unpaid balance of the criminal judgment account receivable as a civil judgment and transfer the responsibility for collecting the criminal judgment account receivable to the Office of State Debt Collection.

(3) (a) In the juvenile court, money collected by the court from past-due accounts receivable may be used to offset system, administrative, legal, and other costs of collection.

(b) The juvenile court shall allocate money collected above the cost of collection on a pro rata basis to the various revenue types that generated the accounts receivable.

(4) The interest charge established by the Office of State Debt Collection under Subsection [~~63A-8-201~~] 63A-3-502(4)(g)(iii) may not be assessed on an account receivable subject to the postjudgment interest rate established by Section 15-1-4.

Section 18. Section 78B-8-201 is amended to read:

78B-8-201. Basis for punitive damages awards -- Section inapplicable to DUI cases or providing illegal controlled substances -- Division of award with state.

(1) (a) Except as otherwise provided by statute, punitive damages may be awarded only if

compensatory or general damages are awarded and it is established by clear and convincing evidence that the acts or omissions of the tortfeasor are the result of willful and malicious or intentionally fraudulent conduct, or conduct that manifests a knowing and reckless indifference toward, and a disregard of, the rights of others.

(b) The limitations, standards of evidence, and standards of conduct of Subsection (1)(a) do not apply to any claim for punitive damages arising out of the tortfeasor's:

(i) operation of a motor vehicle or motorboat while voluntarily intoxicated or under the influence of any drug or combination of alcohol and drugs as prohibited by Section 41-6a-502;

(ii) causing death of another person by providing or administering an illegal controlled substance to the person under Section 78B-3-801; or

(iii) providing an illegal controlled substance to any person in the chain of transfer that connects directly to a person who subsequently provided or administered the substance to a person whose death was caused in whole or in part by the substance.

(c) The award of a penalty under Section 78B-3-108 regarding shoplifting is not subject to the prior award of compensatory or general damages under Subsection (1)(a) whether or not restitution has been paid to the merchant prior to or as a part of a civil action under Section 78B-3-108.

(2) Evidence of a party's wealth or financial condition shall be admissible only after a finding of liability for punitive damages has been made.

(a) Discovery concerning a party's wealth or financial condition may only be allowed after the party seeking punitive damages has established a prima facie case on the record that an award of punitive damages is reasonably likely against the party about whom discovery is sought and, if disputed, the court is satisfied that the discovery is not sought for the purpose of harassment.

(b) Subsection (2)(a) does not apply to any claim for punitive damages arising out of the tortfeasor's:

(i) operation of a motor vehicle or motorboat while voluntarily intoxicated or under the influence of any drug or combination of alcohol and drugs as prohibited by Section 41-6a-502;

(ii) causing death of another person or causing a person to be addicted by providing or administering an illegal controlled substance to the person under Section 78B-3-801; or

(iii) providing an illegal controlled substance to any person in the chain of transfer that connects directly to a person who subsequently provided or administered the substance to a person whose death was caused in whole or in part by the substance.

(3) (a) In any case where punitive damages are awarded, the court shall enter judgment as follows:

(i) for the first $50,000, judgment shall be in favor of the injured party; and

(ii) any amount in excess of $50,000 shall be divided equally between the state and the injured party, and judgment to each entered accordingly.

(b) (i) The actual and bona fide attorney fees and costs incurred in obtaining and collecting the judgment for punitive damages shall be considered to have been incurred by the state and the injured party in proportion to the judgment entered in each party's behalf.

(A) The state and injured party shall be responsible for each one's proportionate share only.

(B) The state is liable to pay its proportionate share only to the extent it receives payment toward its judgment.

(ii) If the court awards attorney fees and costs to the injured party as a direct result of the punitive damage award, the state shall have a corresponding credit in a proportionate amount based on the amounts of the party's respective punitive damage judgments. This credit may be applied as an offset against the amount of attorney fees and costs charged to the state for obtaining the punitive damage judgment.

(c) The state shall have all rights due a judgment creditor to collect the full amounts of both punitive damage judgments until the judgments are fully satisfied.

(i) Neither party is required to pursue collection.

(ii) In pursuing collection, the state may exercise any of its collection rights under Section 63A-3-301 et seq., Section [~~63A-8-201~~] 63A-3-502 et seq., and any other statutory provisions. Any amounts collected on these judgments by either party shall be held in trust and distributed as set forth in Subsection (3)(e).

(d) Unless all affected parties, including the state, expressly agree otherwise, collection on the punitive damages judgment shall be deferred until all other judgments have been fully paid. Any payment by or on behalf of any judgment debtor, whether voluntary, by execution, or otherwise, shall be distributed and applied in the following order:

(i) to the judgment for compensatory damage and any applicable judgment for attorney fees and costs;

(ii) to the initial $50,000 of the punitive damage judgment;

(iii) to any judgment for attorney fees and costs awarded as a direct result of the punitive damages; and

(iv) to the remaining judgments for punitive damages.

(e) Any partial payments shall be distributed equally between the state and injured party.

(f) After the payment of attorney fees and costs, all amounts paid on the state's judgment shall be remitted to the state treasurer to be deposited into the General Fund.

(b) keep a grantors' index, in which the recorder shall index deeds and final judgments or decrees partitioning or affecting the title to or possession of real property, which shall show the entry number of the instrument, the name of each grantor in alphabetical order, the name of the grantee, the date of the instrument, the time of recording, the kind of instrument, the book and page, and a brief description;

(c) keep a grantees' index, in which the recorder shall index deeds and final judgments or decrees partitioning or affecting the title to or possession of real property, which shall show the entry number of the instrument, the name of each grantee in alphabetical order, the name of the grantor, the date of the instrument, the time of recording, the kind of instrument, the book and page, and a brief description;

(d) keep a mortgagors' index, in which the recorder shall enter all mortgages, deeds of trust, liens, and other instruments in the nature of an encumbrance upon real estate, which shall show the entry number of the instrument, the name of each mortgagor, debtor, or person charged with the encumbrance in alphabetical order, the name of the mortgagee, lien holder, creditor, or claimant, the date of the instrument, the time of recording, the instrument, consideration, the book and page, and a brief description;

(f) subject to Subsection (3), keep a tract index, which shall show by description every instrument recorded, the date and the kind of instrument, the time of recording, and the book and page and entry number;

(g) keep an index of recorded maps, plats, and subdivisions;

(h) keep an index of powers of attorney showing the date and time of recording, the book, the page, and the entry number;

(i) keep a miscellaneous index, in which the recorder shall enter all instruments of a miscellaneous character not otherwise provided for in this section, showing the date of recording, the book, the page, the entry number, the kind of instrument, from, to, and the parties;

(j) keep an index of judgments showing the judgment debtors, the judgment creditors, the amount of judgment, the date and time of recording, the satisfaction, and the book, the page, and the entry number; and

(g) A document that is indexed in all or part of the indexes required by this section shall give constructive notice.

(4) Nothing in this section prevents the recorder from using a single name index if that index includes all of the indexes required by this section.

78A-6-312, as last amended by Laws of Utah 2010, Chapter 322

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 78A-6-312 is amended to read:

78A-6-312. Dispositional hearing -- Reunification services -- Exceptions.

(1) The court may:

(a) make any of the dispositions described in Section 78A-6-117;

(b) place the minor in the custody or guardianship of any:

(i) individual; or

(ii) public or private entity or agency; or

(c) order:

(i) protective supervision;

(ii) family preservation;

(iii) subject to Subsection 78A-6-117(2)(n)(iii), medical or mental health treatment; or

(iv) other services.

(2) (a) (i) Whenever the court orders continued removal at the dispositional hearing, and that the minor remain in the custody of the division, the court shall first:

(A) establish a primary permanency goal for the minor; and

(B) determine whether, in view of the primary permanency goal, reunification services are appropriate for the minor and the minor's family, pursuant to Subsection (3).

(ii) Subject to Subsection (2)(b), if the court determines that reunification services are appropriate for the minor and the minor's family, the court shall provide for reasonable parent-time with the parent or parents from whose custody the minor was removed, unless parent-time is not in the best interest of the minor.

(iii) (A) In cases where obvious sexual abuse, sexual exploitation, abandonment, severe abuse, or severe neglect are involved, neither the division nor the court has any duty to make "reasonable efforts" or to, in any other way, attempt to provide reunification services, or to attempt to rehabilitate the offending parent or parents.

(B) In all cases, the minor's health, safety, and welfare shall be the court's paramount concern in determining whether reasonable efforts to reunify should be made.

(b) (i) For purposes of Subsection (2)(a)(ii), parent-time is in the best interests of a minor unless the court makes a finding that it is necessary to deny parent-time in order to:

(A) protect the physical safety of the minor;

(B) protect the life of the minor; or

(C) prevent the minor from being traumatized by contact with the parent due to the minor's fear of the parent in light of the nature of the alleged abuse or neglect.

(ii) Notwithstanding Subsection (2)(a)(ii), a court may not deny parent-time based solely on a parent's failure to:

(A) prove that the parent has not used legal or illegal substances; or

(B) comply with an aspect of the child and family plan that is ordered by the court.

(c) (i) In addition to the primary permanency goal, the court shall establish a concurrent permanency goal that shall include:

(A) a representative list of the conditions under which the primary permanency goal will be abandoned in favor of the concurrent permanency goal; and

(B) an explanation of the effect of abandoning or modifying the primary permanency goal.

(ii) A permanency hearing shall be conducted in accordance with Subsection 78A-6-314(1)(b) within 30 days after the day on which the dispositional hearing ends if something other than reunification is initially established as a minor's primary permanency goal.

(iii) (A) The court may amend a minor's primary permanency goal before the establishment of a final permanency plan under Section 78A-6-314.

(B) The court is not limited to the terms of the concurrent permanency goal in the event that the primary permanency goal is abandoned.

(C) If, at any time, the court determines that reunification is no longer a minor's primary permanency goal, the court shall conduct a permanency hearing in accordance with Section 78A-6-314 on or before the earlier of:

(I) 30 days after the day on which the court makes the determination described in this Subsection (2)(c)(iii)(C); or

(II) the day on which the provision of reunification services, described in Section 78A-6-314, ends.

(d) (i) (A) If the court determines that reunification services are appropriate, it shall order that the division make reasonable efforts to provide services to the minor and the minor's parent for the purpose of facilitating reunification of the family, for a specified period of time.

(B) In providing the services described in Subsection (2)(d)(i)(A), the minor's health, safety, and welfare shall be the division's paramount concern, and the court shall so order.

(ii) The court shall:

(A) determine whether the services offered or provided by the division under the child and family plan constitute "reasonable efforts" on the part of the division;

(B) determine and define the responsibilities of the parent under the child and family plan in accordance with Subsection 62A-4a-205(6)(e); and

(C) identify verbally on the record, or in a written document provided to the parties, the responsibilities described in Subsection (2)(d)(ii)(B), for the purpose of assisting in any future determination regarding the provision of reasonable efforts, in accordance with state and federal law.

(iii) (A) The time period for reunification services may not exceed 12 months from the date that the minor was initially removed from the minor's home, unless the time period is extended under Subsection 78A-6-314(8).

(B) Nothing in this section may be construed to entitle any parent to an entire 12 months of reunification services.

(iv) If reunification services are ordered, the court may terminate those services at any time.

(v) If, at any time, continuation of reasonable efforts to reunify a minor is determined to be inconsistent with the final permanency plan for the minor established pursuant to Section 78A-6-314, then measures shall be taken, in a timely manner, to:

(A) place the minor in accordance with the permanency plan; and

(B) complete whatever steps are necessary to finalize the permanent placement of the minor.

(e) Any physical custody of the minor by the parent or a relative during the period described in Subsection (2)(d) does not interrupt the running of the period.

(f) (i) If reunification services are ordered, a permanency hearing shall be conducted by the court in accordance with Section 78A-6-314 at the expiration of the time period for reunification services.

(ii) The permanency hearing shall be held no later than 12 months after the original removal of the minor.

(iii) If reunification services are not ordered, a permanency hearing shall be conducted within 30 days, in accordance with Section 78A-6-314.

(g) With regard to a minor who is 36 months of age or younger at the time the minor is initially removed from the home, the court shall:

(i) hold a permanency hearing eight months after the date of the initial removal, pursuant to Section 78A-6-314; and

(ii) order the discontinuance of those services after eight months from the initial removal of the minor from the home if the parent or parents have not made substantial efforts to comply with the child and family plan.

(h) With regard to a minor in the custody of the division whose parent or parents are ordered to receive reunification services but who have abandoned that minor for a period of six months from the date that reunification services were ordered:

(i) the court shall terminate reunification services; and

(ii) the division shall petition the court for termination of parental rights.

(i) When a court conducts a permanency hearing for a minor under Section 78A-6-314, the court shall attempt to keep the minor's sibling group together if keeping the sibling group together is:

(i) practicable; and

(ii) in accordance with the best interest of the minor.

(3) (a) Because of the state's interest in and responsibility to protect and provide permanency for minors who are abused, neglected, or dependent, the Legislature finds that a parent's interest in receiving reunification services is limited.

(b) The court may determine that:

(i) efforts to reunify a minor with the minor's family are not reasonable or appropriate, based on the individual circumstances; and

(ii) reunification services should not be provided.

(c) In determining "reasonable efforts" to be made with respect to a minor, and in making "reasonable efforts," the minor's health, safety, and welfare shall be the paramount concern.

(d) (i) There is a presumption that reunification services should not be provided to a parent if the

court finds, by clear and convincing evidence, that any of the following circumstances exist:

(A) the whereabouts of the parents are unknown, based upon a verified affidavit indicating that a reasonably diligent search has failed to locate the parent;

(B) subject to Subsection (3)(d)(ii), the parent is suffering from a mental illness of such magnitude that it renders the parent incapable of utilizing reunification services;

(C) the minor was previously adjudicated as an abused child due to physical abuse, sexual abuse, or sexual exploitation, and following the adjudication the minor:

(I) was removed from the custody of the minor's parent;

(II) was subsequently returned to the custody of the parent; and

(III) is being removed due to additional physical abuse, sexual abuse, or sexual exploitation;

(D) the parent:

(I) caused the death of another minor through abuse or neglect; or

(II) committed, aided, abetted, attempted, conspired, or solicited to commit:

(Aa) murder or manslaughter of a child; or

(Bb) child abuse homicide;

(E) the minor suffered severe abuse by the parent or by any person known by the parent, if the parent knew or reasonably should have known that the person was abusing the minor;

(F) the minor is adjudicated an abused child as a result of severe abuse by the parent, and the court finds that it would not benefit the minor to pursue reunification services with the offending parent;

(G) the parent's rights are terminated with regard to any other minor;

(H) the minor is removed from the minor's home on at least two previous occasions and reunification services were offered or provided to the family at those times;

(I) the parent has abandoned the minor for a period of six months or longer;

(J) the parent permitted the child to reside, on a permanent or temporary basis, at a location where the parent knew or should have known that a clandestine laboratory operation was located; or

(K) any other circumstance that the court determines should preclude reunification efforts or services.

(ii) The finding under Subsection (3)(d)(i)(B) shall be based on competent evidence from at least two medical or mental health professionals, who are not associates, establishing that, even with the provision of services, the parent is not likely to be capable of adequately caring for the minor within 12 months after the day on which the court finding is made.

(4) In determining whether reunification services are appropriate, the court shall take into consideration:

(a) failure of the parent to respond to previous services or comply with a previous child and family plan;

(b) the fact that the minor was abused while the parent was under the influence of drugs or alcohol;

(c) any history of violent behavior directed at the child or an immediate family member;

(d) whether a parent continues to live with an individual who abused the minor;

(e) any patterns of the parent's behavior that have exposed the minor to repeated abuse;

(f) testimony by a competent professional that the parent's behavior is unlikely to be successful; and

(g) whether the parent has expressed an interest in reunification with the minor.

(9) A purchaser in good faith of the personal property sold to satisfy a lien as provided for in this chapter takes the property free of any rights of persons against whom the lien was valid and free of any rights of a secured creditor, despite noncompliance by the owner with the requirements of this section.

(10) In the event of a sale under this section, the owner may satisfy his lien for the proceeds of the sale, subject to the rights of any prior lienholder; the lien rights of the prior lienholder are automatically transferred to the proceeds of the sale; if the sale is made in good faith and is conducted in a reasonable manner, the owner shall not be subject to any surcharge for a deficiency in the amount of a prior secured lien, but shall hold the balance, if any, for delivery to the occupant, lienholder, or other person in interest; if the occupant, lienholder, or other person in interest does not claim the balance of the proceeds within one year of the date of sale, it shall become the property of the Utah state treasurer as unclaimed property with no further claim against the owner.

[~~(1)~~] (2) Upon arrest for domestic violence, a person may not be released on bail, recognizance, or otherwise prior to the close of the next court day following the arrest, unless as a condition of that release the person is ordered by the court or agrees in writing that until further order of the court, the person will:

(a) have no personal contact with the alleged victim;

(c) not knowingly enter onto the premises of the alleged victim's residence or any premises temporarily occupied by the alleged victim.

(ii) (A) The court may extend a jail release agreement or jail release court order under Subsection [~~(2)~~] (3)(b)(i) to no longer than midnight of the third business day after the arrested person's first court appearance.

(B) If criminal charges are filed against the arrested person within the three business days

under Subsection [~~(2)~~] (3)(b)(ii)(A), the jail release agreement or the jail release court order continues in effect until the arrested person appears in person or by video at the arrested person's next scheduled court appearance.

(c) If criminal charges have been filed against the arrested person the court may, upon the request of the prosecutor or the victim or upon the court's own motion, issue a pretrial protective order.

[~~(4)~~] (5) (a) Subsequent to an arrest for domestic violence, an alleged victim may waive in writing any or all of the release conditions described in Subsection [~~(1)~~] (2)(a) or (c). Upon waiver, those release conditions do not apply to the alleged perpetrator.

The arresting law enforcement agency shall then make a reasonable effort to notify the victim of that release.

(ii) When a person is released pursuant to Subsection [~~(1)~~] (2) or [~~(2)~~] (3) based upon a jail release court order or if a jail release agreement is modified pursuant to Subsection [~~(4)~~] (5)(b), the court shall transmit that order to the statewide domestic violence network described in Section 78B-7-113.

(iii) A copy of the jail release court order or written jail release agreement shall be given to the person by the releasing agency before the person is released.

(c) This Subsection [~~(5)~~] (6) does not create or increase liability of a law enforcement officer or agency, and the good faith immunity provided by Section 77-36-8 is applicable.

[~~(6)~~] (7) (a) If a law enforcement officer has probable cause to believe that a person has violated a jail release court order or jail release agreement executed pursuant to Subsection [~~(1)~~] (2) the officer shall, without a warrant, arrest the alleged violator.

(b) Any person who knowingly violates a jail release court order or jail release agreement executed pursuant to Subsection [~~(1)~~] (2) is guilty as follows:

(i) if the original arrest was for a felony, an offense under this section is a third degree felony; or

(ii) if the original arrest was for a misdemeanor, an offense under this section is a class A misdemeanor.

(c) City attorneys may prosecute class A misdemeanor violations under this section.

[~~(7)~~] (8) An individual who was originally arrested for a felony under this chapter and released pursuant to this section may subsequently be held without bail if there is substantial evidence to support a new felony charge against him.

[~~(8)~~] (9) At the time an arrest for domestic violence is made, the arresting officer shall provide the alleged victim with written notice containing:

(a) the release conditions described in Subsection [~~(1)~~] (2), and notice that those release conditions shall be ordered by a court or must be agreed to by the alleged perpetrator prior to release;

(b) notification of the penalties for violation of any jail release court order or any jail release agreement executed under Subsection [~~(1)~~] (2);

(c) notification that the alleged perpetrator is to personally appear in court on the next day the court is open for business after the day of the arrest;

(d) the address of the appropriate court in the district or county in which the alleged victim resides;

(e) the availability and effect of any waiver of the release conditions; and

(f) information regarding the availability of and procedures for obtaining civil and criminal protective orders with or without the assistance of an attorney.

[~~(9)~~] (10) At the time an arrest for domestic violence is made, the arresting officer shall provide the alleged perpetrator with written notice containing:

(a) notification that the alleged perpetrator may not contact the alleged victim before being released;

[~~(a)~~] (b) the release conditions described in Subsection [~~(1)~~] (2) and notice that those release conditions shall be ordered by a court or shall be agreed to by the alleged perpetrator prior to release;

[~~(b)~~] (c) notification of the penalties for violation of any jail release court order or any written jail release agreement executed under Subsection [~~(1)~~] (2); and

[~~(c)~~] (d) notification that the alleged perpetrator is to personally appear in court on the next day the court is open for business after the day of the arrest[~~;~~].

[~~(10)~~] (11) (a) If the alleged perpetrator fails to personally appear in court as scheduled, the jail release court order or jail release agreement does not expire and continues in effect until the alleged perpetrator makes the personal appearance in court as required by Section 77-36-2.6.

(b) If, when the alleged perpetrator personally appears in court as required by Section 77-36-2.6, criminal charges have not been filed against the arrested person, the court may allow the jail release court order or jail release agreement to expire at midnight on the day of the court appearance or may extend it for good cause.

[~~(11)~~] (12) In addition to the provisions of Subsections [~~(1)~~] (2) through [~~(7)~~] (8), because of the unique and highly emotional nature of domestic violence crimes, the high recidivism rate of violent offenders, and the demonstrated increased risk of continued acts of violence subsequent to the release of an offender who has been arrested for domestic violence, it is the finding of the Legislature that domestic violence crimes, as defined in Section 77-36-1, are crimes for which bail may be denied if there is substantial evidence to support the charge, and if the court finds by clear and convincing evidence that the alleged perpetrator would constitute a substantial danger to an alleged victim of domestic violence if released on bail.

Utah Code Sections Affected:

AMENDS:

26-18-503, as last amended by Laws of Utah 2008, Chapter 347

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 26-18-503 is amended to read:

26-18-503. Authorization to renew, transfer, or increase Medicaid certified programs -- Reimbursement methodology.

(1) (a) The division may renew Medicaid certification of a certified program if the program, without lapse in service to Medicaid recipients, has its nursing care facility program certified by the division at the same physical facility as long as the licensed and certified bed capacity at the facility has not been expanded, unless the director has approved additional beds in accordance with Subsection (5).

(b) The division may renew Medicaid certification of a nursing care facility program that is not currently certified if:

(i) since the day on which the program last operated with Medicaid certification:

(A) the physical facility where the program operated has functioned solely and continuously as a nursing care facility; and

(B) the owner of the program has not, under this section or Section 26-18-505, transferred to another nursing care facility program the license for any of the Medicaid beds in the program; and

(ii) the number of beds granted renewed Medicaid certification does not exceed the number of beds certified at the time the program last operated with Medicaid certification, excluding a period of time where the program operated with temporary certification under Subsection 26-18-504(4).

(2) (a) The division may issue a Medicaid certification for a new nursing care facility program if a current owner of the Medicaid certified program transfers its ownership of the Medicaid certification to the new nursing care facility program and the new nursing care facility program meets all of the following conditions:

(i) the new nursing care facility program operates at the same physical facility as the previous Medicaid certified program;

(ii) the new nursing care facility program gives a written assurance to the director in accordance with Subsection (4);

(iii) the new nursing care facility program receives the Medicaid certification within one year of the date the previously certified program ceased to provide medical assistance to a Medicaid recipient; and

(iv) the licensed and certified bed capacity at the facility has not been expanded, unless the director has approved additional beds in accordance with Subsection (5).

(b) A nursing care facility program that receives Medicaid certification under the provisions of Subsection (2)(a) does not assume the Medicaid liabilities of the previous nursing care facility program if the new nursing care facility program:

(i) is not owned in whole or in part by the previous nursing care facility program; or

(ii) is not a successor in interest of the previous nursing care facility program.

(3) The division may issue a Medicaid certification to a nursing care facility program that was previously a certified program but now resides in a new or renovated physical facility if the nursing care facility program meets all of the following:

(a) the nursing care facility program met all applicable requirements for Medicaid certification at the time of closure;

(b) the new or renovated physical facility is in the same county or within a five-mile radius of the original physical facility;

(c) the time between which the certified program ceased to operate in the original facility and will begin to operate in the new physical facility is not more than three years;

(d) if Subsection (3)(c) applies, the certified program notifies the department within 90 days after ceasing operations in its original facility, of its intent to retain its Medicaid certification;

(e) the provider gives written assurance to the director in accordance with Subsection (4) that no third party has a legitimate claim to operate a certified program at the previous physical facility; and

(f) the bed capacity in the physical facility has not been expanded unless the director has approved additional beds in accordance with Subsection (5).

(4) (a) The entity requesting Medicaid certification under Subsections (2) and (3) must give written assurances satisfactory to the director or his designee that:

(i) no third party has a legitimate claim to operate the certified program;

(ii) the requesting entity agrees to defend and indemnify the department against any claims by a third party who may assert a right to operate the certified program; and

(iii) if a third party is found, by final agency action of the department after exhaustion of all administrative and judicial appeal rights, to be entitled to operate a certified program at the physical facility the certified program shall voluntarily comply with Subsection (4)(b).

(b) If a finding is made under the provisions of Subsection (4)(a)(iii):

(i) the certified program shall immediately surrender its Medicaid certification and comply with division rules regarding billing for Medicaid and the provision of services to Medicaid patients; and

(ii) the department shall transfer the surrendered Medicaid certification to the third party who prevailed under Subsection (4)(a)(iii).

(5) (a) As provided in Subsection 26-18-502(2)(b), the director shall issue additional Medicaid certification when requested by a nursing care facility or other interested party if there is insufficient bed capacity with current certified programs in a service area. A determination of insufficient bed capacity shall be based on the nursing care facility or other interested party providing reasonable evidence of an inadequate number of beds in the county or group of counties impacted by the requested Medicaid certification based on:

(i) current demographics which demonstrate nursing care facility occupancy levels of at least 90% for all existing and proposed facilities within a prospective three-year period;

(ii) current nursing care facility occupancy levels of 90%; or

(iii) no other nursing care facility within a 35-mile radius of the nursing care facility requesting the additional certification.

(b) In addition to the requirements of Subsection (5)(a), a nursing care facility program must demonstrate by an independent analysis that the nursing care facility can financially support itself at an after tax break-even net income level based on projected occupancy levels.

(c) When making a determination to certify additional beds or an additional nursing care facility program under Subsection (5)(a):

(i) the director shall consider whether the nursing care facility will offer specialized or unique services that are underserved in a service area;

(ii) the director shall consider whether any Medicaid certified beds are subject to a claim by a previous certified program that may reopen under the provisions of Subsections (2) and (3); and

(iii) the director may consider how to add additional capacity to the long-term care delivery system to best meet the needs of Medicaid recipients.

(6) The department shall adopt administrative rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to adjust the Medicaid nursing care facility property reimbursement methodology to:

(a) beginning July 1, 2008, only pay that portion of the property component of rates, representing actual bed usage by Medicaid clients as a percentage of the greater of:

(i) actual occupancy; or

(ii) (A) for a nursing care facility other than a facility described in Subsection (6)(a)(ii)(B), 85% of total bed capacity; or

(B) for a rural nursing care facility, 65% of total bed capacity; and

(b) beginning July 1, 2008, not allow for increases in reimbursement for property values without major renovation or replacement projects as defined by the department by rule.

Section 2. Section 73-5-15 is amended to read:

73-5-15. Groundwater management plan.

(1) As used in this section:

(a) "Critical management area" means a groundwater basin in which the groundwater withdrawals consistently exceed the safe yield.

(b) "Safe yield" means the amount of groundwater that can be withdrawn from a groundwater basin over a period of time without exceeding the long-term recharge of the basin or unreasonably affecting the basin's physical and chemical integrity.

(2) (a) The state engineer may regulate groundwater withdrawals within a specific groundwater basin by adopting a groundwater management plan in accordance with this section for any groundwater basin or aquifer or combination of hydrologically connected groundwater basins or aquifers.

(b) The objectives of a groundwater management plan are to:

(i) limit groundwater withdrawals to safe yield;

(ii) protect the physical integrity of the aquifer; and

(iii) protect water quality.

(c) The state engineer shall adopt a groundwater management plan for a groundwater basin if more than [~~1/3~~] one-third of the water right owners in the groundwater basin request that the state engineer adopt a groundwater management plan.

(3) (a) In developing a groundwater management plan, the state engineer may consider:

(i) the hydrology of the groundwater basin;

(ii) the physical characteristics of the groundwater basin;

(iii) the relationship between surface water and groundwater, including whether the groundwater

should be managed in conjunction with hydrologically connected surface waters;

(iv) the conjunctive management of water rights to facilitate and coordinate the lease, purchase, or voluntary use of water rights subject to the groundwater management plan;

[~~(iv)~~] (v) the geographic spacing and location of groundwater withdrawals;

[~~(v)~~] (vi) water quality;

[~~(vi)~~] (vii) local well interference; and

[~~(vii)~~] (viii) other relevant factors.

(b) The state engineer shall base the provisions of a groundwater management plan on the principles of prior appropriation.

(c) (i) The state engineer shall use the best available scientific method to determine safe yield.

(ii) As hydrologic conditions change or additional information becomes available, safe yield determinations made by the state engineer may be revised by following the procedures listed in Subsection (5).

(4) (a) (i) Except as provided in Subsection (4)(b), the withdrawal of water from a groundwater basin shall be limited to the basin's safe yield.

(ii) Before limiting withdrawals in a groundwater basin to safe yield, the state engineer shall:

(A) determine the groundwater basin's safe yield; and

(B) adopt a groundwater management plan for the groundwater basin.

(iii) If the state engineer determines that groundwater withdrawals in a groundwater basin exceed the safe yield, the state engineer shall regulate groundwater rights in that groundwater basin based on the priority date of the water rights under the groundwater management plan, unless a voluntary arrangement exists under Subsection (4)(c) that requires a different distribution.

(iv) A groundwater management plan shall include a list of each groundwater right in the proposed groundwater management area known to the state engineer identifying the water right holder, the land to which the groundwater right is appurtenant, and any identification number the state engineer uses in the administration of water rights.

(b) When adopting a groundwater management plan for a critical management area, the state engineer shall, based on economic and other impacts to an individual water user or a local community caused by the implementation of safe yield limits on withdrawals, allow gradual implementation of the groundwater management plan.

(c) (i) In consultation with the state engineer, water users in a groundwater basin may agree to participate in a voluntary arrangement for managing withdrawals at any time, either before or after a determination that groundwater withdrawals exceed the groundwater basin's safe yield.

(ii) A voluntary arrangement under Subsection (4)(c)(i) shall be consistent with other law.

(iii) The adoption of a voluntary arrangement under this Subsection (4)(c) by less than all of the water users in a groundwater basin does not affect the rights of water users who do not agree to the voluntary arrangement.

(5) To adopt a groundwater management plan, the state engineer shall:

(a) give notice as specified in Subsection (7) at least 30 days before the first public meeting held in accordance with Subsection (5)(b):

(i) that the state engineer proposes to adopt a groundwater management plan;

(ii) describing generally the land area proposed to be included in the groundwater management plan; and

(iii) stating the location, date, and time of each public meeting to be held in accordance with Subsection (5)(b);

(b) hold one or more public meetings in the geographic area proposed to be included within the groundwater management plan to:

(i) address the need for a groundwater management plan;

(ii) present any data, studies, or reports that the state engineer intends to consider in preparing the groundwater management plan;

(iii) address safe yield and any other subject that may be included in the groundwater management plan;

(iv) outline the estimated administrative costs, if any, that groundwater users are likely to incur if the plan is adopted; and

(v) receive any public comments and other information presented at the public meeting, including comments from any of the entities listed in Subsection (7)(a)(iii);

(c) receive and consider written comments concerning the proposed groundwater management plan from any person for a period determined by the state engineer of not less than 60 days after the day on which the notice required by Subsection (5)(a) is given;

(d) (i) at least 60 days prior to final adoption of the groundwater management plan, publish notice:

(A) that a draft of the groundwater management plan has been proposed; and

(B) specifying where a copy of the draft plan may be reviewed; and

(ii) promptly provide a copy of the draft plan in printed or electronic form to each of the entities listed in Subsection (7)(a)(iii) that makes written request for a copy; and

(e) provide notice of the adoption of the groundwater management plan.

(6) A groundwater management plan shall become effective on the date notice of adoption is completed under Subsection (7), or on a later date if specified in the plan.

(7) (a) A notice required by this section shall be:

(i) published:

(A) once a week for two successive weeks in a newspaper of general circulation in each county that encompasses a portion of the land area proposed to be included within the groundwater management plan; and

(B) in accordance with Section 45-1-101 for two weeks;

(ii) published conspicuously on the state engineer's [~~Internet~~] website; and

(iii) mailed to each of the following that has within its boundaries a portion of the land area to be included within the proposed groundwater management plan:

(A) county;

(B) incorporated city or town;

(C) improvement district under Title 17B, Chapter 2a, Part 4, Improvement District Act;

(D) service area, under Title 17B, Chapter 2a, Part 9, Service Area Act;

(E) drainage district, under Title 17B, Chapter 2a, Part 2, Drainage District Act;

(F) irrigation district, under Title 17B, Chapter 2a, Part 5, Irrigation District Act;

(G) metropolitan water district, under Title 17B, Chapter 2a, Part 6, Metropolitan Water District Act;

(H) special service district providing water, sewer, drainage, or flood control services, under Title 17D, Chapter 1, Special Service District Act;

(I) water conservancy district, under Title 17B, Chapter 2a, Part 10, Water Conservancy District Act; and

(J) conservation district, under Title 17D, Chapter 3, Conservation District Act.

(b) A notice required by this section is effective upon substantial compliance with Subsections (7)(a)(i) through (iii).

(8) A groundwater management plan may be amended in the same manner as a groundwater management plan may be adopted under this section.

(9) The existence of a groundwater management plan does not preclude any otherwise eligible person from filing any application or challenging any decision made by the state engineer within the affected groundwater basin.

(10) (a) A person aggrieved by a groundwater management plan may challenge any aspect of the groundwater management plan by filing a complaint within 60 days after the adoption of the groundwater management plan in the district court for any county in which the groundwater basin is found.

(b) Notwithstanding Subsection (9), a person may challenge the components of a groundwater management plan only in the manner provided by Subsection (10)(a).

(c) An action brought under this Subsection (10) is reviewed de novo by the district court.

(d) A person challenging a groundwater management plan under this Subsection (10) shall join the state engineer as a defendant in the action challenging the groundwater management plan.

(e) (i) Within 30 days after the day on which a person files an action challenging any aspect of a groundwater management plan under Subsection (10)(a), the person filing the action shall publish notice of the action:

(A) in a newspaper of general circulation in the county in which the district court is located; and

(D) list the address for the clerk of the district court in which the action is filed.

(iv) (A) Any person affected by the groundwater management plan may petition to intervene in the action within 60 days after the day on which notice is last published under Subsections (10)(e)(i) and (ii).

(B) The district court's treatment of a petition to intervene under this Subsection (10)(e)(iv) is governed by the Utah Rules of Civil Procedure.

(v) A district court in which an action is brought under Subsection (10)(a) shall consolidate all actions brought under that subsection and include in the consolidated action any person whose petition to intervene is granted.

(11) A groundwater management plan adopted or amended in accordance with this section is exempt from the requirements in Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(12) (a) Recharge and recovery projects permitted under Chapter 3b, Groundwater Recharge and Recovery Act, are exempted from this section.

(b) In a critical management area, the artificial recharge of a groundwater basin that uses surface water naturally tributary to the groundwater basin by a local district created under Subsection 17B-1-202(1)(a)(xiv), in accordance with Title 73, Chapter 3b, Groundwater Recharge and Recovery Act, constitutes a beneficial use of the water under Section 73-1-3 if:

(i) the recharge is done during the time the area is designated as a critical management area;

(ii) the recharge is done with a valid recharge permit;

(iii) the recharged water is not recovered under a recovery permit; and

(iv) the recharged water is used to replenish the groundwater basin.

(13) Nothing in this section may be interpreted to require the development, implementation, or consideration of a groundwater management plan as a prerequisite or condition to the exercise of the state engineer's enforcement powers under other law, including powers granted under Section 73-2-25.

(14) A groundwater management plan adopted in accordance with this section may not apply to the dewatering of a mine.

(15) (a) A groundwater management plan adopted by the state engineer before May 1, 2006, remains in force and has the same legal effect as it had on the day on which it was adopted by the state engineer.

(b) If a groundwater management plan that existed before May 1, 2006, is amended on or after May 1, 2006, the amendment is subject to this section's provisions.

(ii) The executive secretary shall report any suspension to the Natural Resources, Agriculture, and Environment Interim Committee.

(4) The executive secretary shall review each proposed nonhazardous solid or hazardous waste

operation plan to determine whether that plan complies with the provisions of this part and the applicable rules of the board.

(5) (a) If the facility is a class I or class II facility, the executive secretary shall approve or disapprove that plan within 270 days from the date it is submitted.

(b) Within 60 days after receipt of the plans, specifications, or other information required by this section for a class I or II facility, the executive secretary shall determine whether the plan is complete and contains all information necessary to process the plan for approval.

(c) (i) If the plan for a class I or II facility is determined to be complete, the executive secretary shall issue a notice of completeness.

(7) If, within 365 days after receipt of a modification plan or closure plan for any facility, the executive secretary determines that the proposed plan, or any part of it, will not comply with applicable rules, the executive secretary shall issue an order prohibiting any action under the proposed plan for modification or closure in whole or in part.

(8) Any person who owns or operates a facility or site required to have an approved hazardous waste operation plan under this section and who has pending a permit application before the United States Environmental Protection Agency shall be treated as having an approved plan until final administrative disposition of the permit application is made under this section, unless the board determines that final administrative disposition of the application has not been made because of the failure of the owner or operator to furnish any information requested, or the facility's interim status has terminated under Section 3005 (e) of the Resource Conservation and Recovery Act, 42 U.S.C. Section 6925 (e).

(9) No proposed nonhazardous solid or hazardous waste operation plan may be approved unless it contains the information that the board requires, including:

(a) estimates of the composition, quantities, and concentrations of any hazardous waste identified under this part and the proposed treatment, storage, or disposal of it;

(b) evidence that the disposal of nonhazardous solid waste or treatment, storage, or disposal of hazardous waste will not be done in a manner that may cause or significantly contribute to an increase in mortality, an increase in serious irreversible or incapacitating reversible illness, or pose a substantial present or potential hazard to human health or the environment;

(c) consistent with the degree and duration of risks associated with the disposal of nonhazardous solid waste or treatment, storage, or disposal of specified hazardous waste, evidence of financial responsibility in whatever form and amount that the executive secretary determines is necessary to insure continuity of operation and that upon abandonment, cessation, or interruption of the operation of the facility or site, all reasonable measures consistent with the available knowledge will be taken to insure that the waste subsequent to being treated, stored, or disposed of at the site or facility will not present a hazard to the public or the environment;

(d) evidence that the personnel employed at the facility or site have education and training for the safe and adequate handling of nonhazardous solid or hazardous waste;

(e) plans, specifications, and other information that the executive secretary considers relevant to determine whether the proposed nonhazardous solid or hazardous waste operation plan will comply with this part and the rules of the board; and

(f) compliance schedules, where applicable, including schedules for corrective action or other response measures for releases from any solid waste management unit at the facility, regardless of the time the waste was placed in the unit.

(10) The executive secretary may not approve a commercial nonhazardous solid or hazardous waste operation plan that meets the requirements of Subsection (9) unless it contains the information required by the board, including:

(a) evidence that the proposed commercial facility has a proven market of nonhazardous solid or hazardous waste, including:

(i) information on the source, quantity, and price charged for treating, storing, and disposing of potential nonhazardous solid or hazardous waste in the state and regionally;

(ii) a market analysis of the need for a commercial facility given existing and potential generation of nonhazardous solid or hazardous waste in the state and regionally; and

(iii) a review of other existing and proposed commercial nonhazardous solid or hazardous waste facilities regionally and nationally that would compete for the treatment, storage, or disposal of the nonhazardous solid or hazardous waste;

(b) a description of the public benefits of the proposed facility, including:

(i) the need in the state for the additional capacity for the management of nonhazardous solid or hazardous waste;

(ii) the energy and resources recoverable by the proposed facility;

(iii) the reduction of nonhazardous solid or hazardous waste management methods, which are less suitable for the environment, that would be made possible by the proposed facility; and

(iv) whether any other available site or method for the management of hazardous waste would be less detrimental to the public health or safety or to the quality of the environment; and

(c) compliance history of an owner or operator of a proposed commercial nonhazardous solid or hazardous waste treatment, storage, or disposal facility, which may be applied by the executive secretary in a nonhazardous solid or hazardous waste operation plan decision, including any plan conditions.

(11) The executive secretary may not approve a commercial nonhazardous solid or hazardous waste facility operation plan unless based on the application, and in addition to the determination required in Subsections (9) and (10), the executive secretary determines that:

(a) the probable beneficial environmental effect of the facility to the state outweighs the probable adverse environmental effect; and

(b) there is a need for the facility to serve industry within the state.

(12) Approval of a nonhazardous solid or hazardous waste operation plan may be revoked, in whole or in part, if the person to whom approval of the plan has been given fails to comply with that plan.

(13) The executive secretary shall review all approved nonhazardous solid and hazardous waste operation plans at least once every five years.

(14) The provisions of Subsections (10) and (11) do not apply to hazardous waste facilities in existence or to applications filed or pending in the department prior to April 24, 1989, that are determined by the executive secretary on or before December 31, 1990, to be complete, in accordance with state and federal requirements applicable to operation plans for hazardous waste facilities.

(15) The provisions of Subsections (9), (10), and (11) do not apply to a nonhazardous solid waste facility in existence or to an application filed or pending in the department prior to January 1, 1990, that is determined by the executive secretary, on or before December 31, 1990, to be complete in accordance with state and federal requirements applicable to operation plans for nonhazardous solid waste facilities.

(16) Nonhazardous solid waste generated outside of this state that is defined as hazardous waste in the state where it is generated and which is received for disposal in this state shall not be disposed of at a nonhazardous waste disposal facility owned and operated by local government or a facility under contract with a local government solely for disposal of nonhazardous solid waste generated within the boundaries of the local government, unless disposal is approved by the executive secretary.

(17) This section may not be construed to exempt any facility from applicable regulation under the federal Atomic Energy Act, 42 U.S.C. Sections 2014 and 2021 through 2114.

Action by resolution of governing body -- Purposes for bond issue -- Exchange or sale -- Interest rate limitations inapplicable -- Principal amount -- Investment of proceeds -- Safekeeping and application of proceeds -- Computing indebtedness -- Payment of bonds -- Combination issues -- Laws applicable to issuance -- Payment from taxes or pledged revenues.

(1) Any formal action taken by the governing body of a public body under the authority of this chapter may be taken by resolution of that governing body.

(2) (a) The governing body of any public body may by resolution provide for the issuance of refunding bonds to refund outstanding bonds issued by the public body or its predecessor, either prior to or after the effective date of this chapter, only:

(ii) to achieve a savings; or

(iii) to achieve another objective that the governing body finds to be beneficial to the public body.

(b) Any refunding bonds may be delivered in exchange for the outstanding bonds being refunded or may be sold in a manner, at terms, with details, and at a price above, at, or below par as the governing body determines advisable. The refunding bonds may be issued without an election, unless an election is required by the Utah Constitution.

(c) The governing body may, by resolution, delegate to one or more officers of the local political subdivision the authority to:

[~~(c)~~] (d) It is the express intention of the Legislature that interest rate limitations elsewhere appearing in the laws of the state not apply to nor limit the rates of interest borne by refunding bonds.

(3) Advance refunding bonds may be issued in a principal amount in excess of the principal amount of the bonds to be refunded as determined by the governing body. This amount may be equal to the full amount required to pay the principal of, interest on, and redemption premiums, if any, due in connection with the bonds to be refunded to and including their dates of maturity or redemption in accordance with the advance refunding plan adopted by the governing body, together with all costs incurred in accomplishing this refunding. The principal amount of refunding bonds may be less than or the same as the principal amount of the bonds being refunded so long as provision is duly and sufficiently made for the retirement or redemption of the bonds to be refunded. Any reserves held or taxes levied or collected to secure the bonds to be refunded may be applied to the redemption or retirement of the bonds, or otherwise, as the governing body may determine.

(4) Prior to the application of the proceeds derived from the sale of advance refunding bonds to the purposes for which the bonds have been issued, these proceeds, together with any other legally available funds, including reserve funds, may be invested and reinvested only in government obligations maturing at such times as may be required to provide funds sufficient to pay principal of, interest on, and redemption premiums, if any, due in connection with the bonds to be refunded or the advance refunding bonds, or both, in accordance with the advance refunding plan. To the extent incidental expenses have been capitalized, these bond proceeds may be used to defray these expenses.

(5) The governing body may contract regarding the safekeeping and application of the proceeds of sale of advance refunding bonds and other funds included with them and the income from them, including the right to appoint a trustee, which may be any trust company or state or national bank having powers of a trust company inside or outside the state. The governing body may provide in the advance refunding plan that until such monies are required to redeem or retire the bonds to be refunded, the advance refunding bond proceeds and other funds, and the income from them, shall be used to pay and secure payment of principal of, interest on, and redemption premiums, if any, due in connection with all or a portion of the advance refunding bonds or the bonds being refunded, or both.

(6) In computing indebtedness for the purpose of any applicable constitutional or statutory debt limitation, there shall be deducted from the amount of outstanding indebtedness the principal amount of outstanding general obligation bonds for the payment of which there has been dedicated and deposited in escrow government obligations, the principal of or interest on which, or both, will be sufficient to provide for the payment of these general obligation bonds as to principal, interest,

and redemption premiums, if any, when due at maturity or upon some earlier date upon which the bonds have been called for redemption in accordance with their terms.

(7) When a public body has irrevocably set aside for and pledged to the payment of bonds to be refunded proceeds of advance refunding bonds and other monies in amounts which, together with known earned income from their investment, will be sufficient in amount to pay the principal of, interest on, and any redemption premiums due on the bonds to be refunded as the same become due and to accomplish the refunding as scheduled, the refunded bonds shall be considered duly paid and discharged for the purpose of any applicable constitutional or statutory debt limitation.

(8) Refunding bonds and bonds issued for any other purpose may be issued separately or issued in combination in one or more series or issues by the same issuer.

(9) Except as specifically provided in this section, refunding bonds issued under this chapter shall be issued in accordance with the provisions of law applicable to the type of bonds of the issuer being refunded in effect either at the time of the issuance of the refunding bonds or at the time of issuance of the bonds to be refunded. Refunding bonds and coupons, if any, pertaining to them may bear facsimile signatures as provided in Section 11-14-304.

(10) Refunding bonds may be made payable from any taxes or pledged revenues, or both, or any assessments, special improvement guaranty funds, or other funds which might be legally pledged for the payment of the bonds to be refunded at the time of the issuance of the refunding bonds or at the time of the issuance of the bonds to be refunded, as the governing body may determine.

Section 7. Section 11-27-4 is amended to read:

11-27-4. Publication of resolution -- Notice of bond issue -- Contest of resolution or proceeding.

(1) The governing body of any public body may provide for the publication of any resolution or other proceeding adopted by it under this chapter:

(a) in a newspaper having general circulation in the public body; and

(b) as required in Section 45-1-101.

(2) In case of a resolution or other proceeding providing for the issuance of refunding bonds (or for a combined issue of refunding bonds and bonds issued for any other purpose), the governing body may, instead of publishing the entire resolution or other proceeding, publish a notice of bonds to be issued, entitled accordingly, and containing:

The Legislature is aware of the discovery, nationwide, of abortion clinics that operate in unsafe and unsanitary conditions, risking the health and safety of women. The Legislature is very concerned of the risks posed to women in these circumstances and intends to take action to help ensure that these conditions do not exist in Utah. The purpose of this bill is to protect women in Utah from these risks in a manner that does not conflict with the rights, held by state and federal courts to be protected by the United States Constitution, in relation to abortion. The Legislature intends that the department enact rules, and enforce those rules and the provisions of this bill, in a manner that does not place an undue burden on these rights.

Section 9. Effective date.

(b) A request for counsel under Section 78B-9-202 does not constitute an application for postconviction or other collateral review and does not toll the statute of limitations under Section 78B-9-107.

Section 2. Section 78B-9-202 is amended to read:

CHAPTER 9. POSTCONVICTION REMEDIES ACT

78B-9-202. Appointment and payment of counsel in death penalty cases.

(1) A person who has been sentenced to death and whose conviction and sentence has been affirmed on appeal shall be advised in open court, on the record, in a hearing scheduled no less than 30 days prior to the signing of the death warrant, of the provisions of this chapter allowing challenges to the conviction and death sentence and the appointment of counsel for indigent petitioners.

(2) (a) If a petitioner requests the court to appoint counsel, the court shall determine whether the petitioner is indigent and make findings on the record regarding the petitioner's indigency. If the court finds that the petitioner is indigent, it shall, subject to the provisions of Subsection (5), promptly appoint counsel who is qualified to represent petitioners in postconviction death penalty cases as required by Rule 8 of the Utah Rules of Criminal Procedure. Counsel who represented the petitioner

at trial or on the direct appeal may not be appointed to represent the petitioner under this section.

(b) A petitioner who wishes to reject the offer of counsel shall be advised on the record by the court of the consequences of the rejection before the court may accept the rejection.

(3) Attorney fees and litigation expenses incurred in providing the representation provided for in this section and that the court has determined are reasonable shall be paid from state funds by the Division of Finance according to rules established pursuant to Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(a) In determining whether the requested funds are reasonable, the court should consider:

(i) the extent to which the petitioner requests funds to investigate and develop evidence and legal arguments that duplicate the evidence presented and arguments raised in the criminal proceeding; and

(ii) whether the petitioner has established that the requested funds are necessary to develop evidence and legal arguments that are reasonably likely to support postconviction relief.

(b) The court may authorize payment of attorney fees at a rate of $125 per hour up to a maximum of $60,000. The court may exceed the maximum only upon a showing of good cause as established in Subsections (3)(e) and (f).

(c) The court may authorize litigation expenses up to a maximum of $20,000. The court may exceed the maximum only upon a showing of good cause as established in Subsections (3)(e) and (f).

(d) The court may authorize the petitioner to apply ex parte for the funds permitted in Subsections (3)(b) and (c) upon a motion to proceed ex parte and if the petitioner establishes the need for confidentiality. The motion to proceed ex parte must be served on counsel representing the state, and the court may not grant the motion without giving the state an opportunity to respond.

(e) In determining whether good cause exists to exceed the maximum sums established in Subsections (3)(b) and (c), the court shall consider:

(i) the extent to which the work done to date and the further work identified by the petitioner duplicates work and investigation performed during the criminal case under review; and

(ii) whether the petitioner has established that the work done to date and the further work identified is reasonably likely to develop evidence or legal arguments that will support postconviction relief.

(f) The court may permit payment in excess of the maximum amounts established in Subsections (3)(b) and (c) only on the petitioner's motion, provided that:

(i) if the court has granted a motion to file ex parte applications under Subsection (3)(d), the petitioner shall serve the motion to exceed the maximum amounts on an assistant attorney general employed in a division other than the one in which the attorney is employed who represents the state in the postconviction case; if the court has not granted a motion to file ex parte applications, then the petitioner must serve the attorney representing the state in the postconviction matter with the motion to exceed the maximum funds;

(ii) if the motion proceeds under Subsection (3)(f)(i), the designated assistant attorney general may not disclose to the attorney representing the state in the postconviction matter any material the petitioner provides in support of the motion except upon a determination by the court that the material is not protected by or that the petitioner has waived the attorney client privilege or work product doctrine; and

(iii) the court gives the state an opportunity to respond to the request for funds in excess of the maximum amounts provided in Subsections (3)(b) and (c).

(4) Nothing in this chapter shall be construed as creating the right to the effective assistance of postconviction counsel, and relief may not be granted on any claim that postconviction counsel was ineffective.

(5) If within 60 days of the request for counsel the court cannot find counsel willing to accept the appointment, the court shall notify the petitioner and the state's counsel in writing. In that event, the petitioner may elect to proceed pro se by serving written notice of that election on the court and state's counsel within 30 days of the court's notice that no counsel could be found. If within 30 days of its notice to the petitioner the court receives no notice that the petitioner elects to proceed pro se, the court shall dismiss any pending postconviction actions and vacate any execution stays, and the state may initiate proceedings under Section 77-19-9 to issue an execution warrant.

(6) Subject to Subsection (2)(a) the court shall appoint counsel to represent the petitioner for the first petition filed after the direct appeal. For all other petitions, counsel may not be appointed at public expense for a petitioner, except to raise claims:

(a) based on newly discovered evidence as defined in Subsection 78B-9-104(1)(e)(i); or

(b) based on Subsection 78B-9-104(1)(f) that could not have been raised in any previously filed post trial motion or postconviction proceeding.

(ii) the child;

(iii) the child's foster parents; and

(iv) if appropriate, the child's stepparent.

(b) In relation to all information considered by the division in developing a child and family plan, additional weight and attention shall be given to the input of the child's natural and foster parents upon their involvement pursuant to Subsections (3)(a)(i) and (iii).

(c) (i) The division shall make a substantial effort to develop a child and family plan with which the child's parents agree.

(ii) If a parent does not agree with a child and family plan:

(A) the division shall strive to resolve the disagreement between the division and the parent; and

(B) if the disagreement is not resolved, the division shall inform the court of the disagreement.

(4) A copy of the child and family plan shall, immediately upon completion, or as soon as reasonably possible thereafter, be provided to the:

(a) guardian ad litem;

(b) child's natural parents; and

(c) child's foster parents.

(5) Each child and family plan shall:

(a) specifically provide for the safety of the child, in accordance with federal law; and

(b) clearly define what actions or precautions will, or may be, necessary to provide for the health, safety, protection, and welfare of the child.

(6) The child and family plan shall set forth, with specificity, at least the following:

(a) the reason the child entered into the custody of the division;

(b) documentation of the:

(i) reasonable efforts made to prevent placement of the child in the custody of the division; or

(ii) emergency situation that existed and that prevented the reasonable efforts described in Subsection (6)(b)(i), from being made;

(c) the primary permanency goal for the child and the reason for selection of that goal;

(d) the concurrent permanency goal for the child and the reason for the selection of that goal;

(e) if the plan is for the child to return to the child's family:

(i) specifically what the parents must do in order to enable the child to be returned home;

(ii) specifically how the requirements described in Subsection (6)(e)(i) may be accomplished; and

(iii) how the requirements described in Subsection (6)(e)(i) will be measured;

(f) the specific services needed to reduce the problems that necessitated placing the child in the division's custody;

(g) the name of the person who will provide for and be responsible for case management;

(h) subject to Subsection (10), a parent-time schedule between the natural parent and the child;

(i) subject to Subsection (7), the health and mental health care to be provided to address any known or diagnosed mental health needs of the child;

(j) if residential treatment rather than a foster home is the proposed placement, a requirement for a specialized assessment of the child's health needs including an assessment of mental illness and behavior and conduct disorders; and

(k) social summaries that include case history information pertinent to case planning.

(7) (a) Subject to Subsection (7)(b), in addition to the information required under Subsection (6)(i), the plan shall include a specialized assessment of the medical and mental health needs of a child, if the child:

(i) is placed in residential treatment; and

(ii) has medical or mental health issues that need to be addressed.

(b) Notwithstanding Subsection (7)(a), a parent shall retain the right to seek a separate medical or mental health diagnosis of the parent's child from a licensed practitioner of the parent's choice.

(8) (a) Each child and family plan shall be specific to each child and the child's family, rather than general.

(b) The division shall train its workers to develop child and family plans that comply with:

(i) federal mandates; and

(ii) the specific needs of the particular child and the child's family.

(c) All child and family plans and expectations shall be individualized and contain specific time frames.

(d) Subject to Subsection (8)(h), child and family plans shall address problems that:

(i) keep a child in placement; and

(ii) keep a child from achieving permanence in the child's life.

(e) Each child and family plan shall be designed to minimize disruption to the normal activities of the child's family, including employment and school.

(f) In particular, the time, place, and amount of services, hearings, and other requirements ordered by the court in the child and family plan shall be designed, as much as practicable, to help the child's parents maintain or obtain employment.

(g) The child's natural parents, foster parents, and where appropriate, stepparents, shall be kept informed of and supported to participate in important meetings and procedures related to the child's placement.

(h) For purposes of Subsection (8)(d), a child and family plan may only include requirements that:

(i) address findings made by the court; or

(ii) (A) are requested or consented to by a parent or guardian of the child; and

(B) are agreed to by the division and the guardian ad litem.

(9) (a) Except as provided in Subsection (9)(b), with regard to a child who is three years of age or younger, if the goal is not to return the child home, the permanency plan for that child shall be adoption.

(b) Notwithstanding Subsection (9)(a), if the division documents to the court that there is a compelling reason that adoption, reunification, guardianship, and a placement described in Subsection 78A-6-306(6)(e) are not in the child's best interest, the court may order another planned permanent living arrangement in accordance with federal law.

(10) (a) Except as provided in Subsection (10)(b), parent-time may only be denied by a court order issued pursuant to Subsections 78A-6-312[~~(2)(a)(ii) and (b)~~](3), (6), and (7).

(b) Notwithstanding Subsection (10)(a), the person designated by the division or a court to supervise a parent-time session may deny parent-time for that session if the supervising person determines that, based on the parent's condition, it is necessary to deny parent-time in order to:

(i) protect the physical safety of the child;

(ii) protect the life of the child; or

(iii) consistent with Subsection (10)(c), prevent the child from being traumatized by contact with the parent.

(c) In determining whether the condition of the parent described in Subsection (10)(b) will traumatize a child, the person supervising the parent-time session shall consider the impact that the parent's condition will have on the child in light of:

(i) the child's fear of the parent; and

(ii) the nature of the alleged abuse or neglect.

Section 2. Section 78A-6-312 is amended to read:

78A-6-312. Dispositional hearing -- Reunification services -- Exceptions.

(1) The court may:

(a) make any of the dispositions described in Section 78A-6-117;

(b) place the minor in the custody or guardianship of any:

(i) individual; or

(ii) public or private entity or agency; or

(c) order:

(i) protective supervision;

(ii) family preservation;

(iii) subject to Subsection 78A-6-117(2)(n)(iii), medical or mental health treatment; or

(iv) other services.

(2) [~~(a) (i)~~] Whenever the court orders continued removal at the dispositional hearing, and that the minor remain in the custody of the division, the court shall first:

[~~(A)~~] (a) establish a primary permanency goal for the minor; and

[~~(B)~~] (b) determine whether, in view of the primary permanency goal, reunification services are appropriate for the minor and the minor's family, pursuant to [~~Subsection (3)~~] Subsections (20) through (22).

[~~(ii)~~] (3) Subject to [~~Subsection (2)(b)~~] Subsections (6) and (7), if the court determines that reunification services are appropriate for the minor and the minor's family, the court shall provide for reasonable parent-time with the parent or parents from whose custody the minor was removed, unless parent-time is not in the best interest of the minor.

[~~(iii) (A)~~] (4) In cases where obvious sexual abuse, sexual exploitation, abandonment, severe abuse, or severe neglect are involved, neither the division nor the court has any duty to make "reasonable efforts" or to, in any other way, attempt to provide reunification services, or to attempt to rehabilitate the offending parent or parents.

[~~(B)~~] (5) In all cases, the minor's health, safety, and welfare shall be the court's paramount concern in determining whether reasonable efforts to reunify should be made.

[~~(b) (i)~~] (6) For purposes of Subsection [~~(2)(a)(ii)~~] (3), parent-time is in the best interests of a minor unless the court makes a finding that it is necessary to deny parent-time in order to:

[~~(A)~~] (a) protect the physical safety of the minor;

[~~(B)~~] (b) protect the life of the minor; or

[~~(C)~~] (c) prevent the minor from being traumatized by contact with the parent due to the minor's fear of the parent in light of the nature of the alleged abuse or neglect.

[~~(ii)~~] (7) Notwithstanding Subsection [~~(2)(a)(ii)~~] (3), a court may not deny parent-time based solely on a parent's failure to:

[~~(A)~~] (a) prove that the parent has not used legal or illegal substances; or

[~~(B)~~] (b) comply with an aspect of the child and family plan that is ordered by the court.

[~~(c) (i)~~] (8) In addition to the primary permanency goal, the court shall establish a concurrent permanency goal that shall include:

[~~(A)~~] (a) a representative list of the conditions under which the primary permanency goal will be abandoned in favor of the concurrent permanency goal; and

[~~(B)~~] (b) an explanation of the effect of abandoning or modifying the primary permanency goal.

[~~(ii)~~] (9) A permanency hearing shall be conducted in accordance with Subsection 78A-6-314(1)(b) within 30 days after the day on which the dispositional hearing ends if something other than reunification is initially established as a minor's primary permanency goal.

[~~(iii) (A)~~] (10) (a) The court may amend a minor's primary permanency goal before the establishment of a final permanency plan under Section 78A-6-314.

[~~(B)~~] (b) The court is not limited to the terms of the concurrent permanency goal in the event that the primary permanency goal is abandoned.

[~~(C)~~] (c) If, at any time, the court determines that reunification is no longer a minor's primary permanency goal, the court shall conduct a permanency hearing in accordance with Section 78A-6-314 on or before the earlier of:

[~~(I)~~] (i) 30 days after the day on which the court makes the determination described in this Subsection [~~(2)(c)(iii)(C)~~] (10)(c); or

[~~(II)~~] (ii) the day on which the provision of reunification services, described in Section 78A-6-314, ends.

[~~(d) (i) (A)~~] (11) (a) If the court determines that reunification services are appropriate, it shall order that the division make reasonable efforts to provide services to the minor and the minor's parent for the purpose of facilitating reunification of the family, for a specified period of time.

[~~(B)~~] (b) In providing the services described in Subsection [~~(2)(d)(i)(A)~~] (11)(a), the minor's health, safety, and welfare shall be the division's paramount concern, and the court shall so order.

[~~(ii)~~] (12) The court shall:

[~~(A)~~] (a) determine whether the services offered or provided by the division under the child and family plan constitute "reasonable efforts" on the part of the division;

[~~(B)~~] (b) determine and define the responsibilities of the parent under the child and family plan in accordance with Subsection 62A-4a-205(6)(e); and

[~~(C)~~] (c) identify on the record the responsibilities described in Subsection [~~(2)(d)(ii)(B)~~] (12)(b), for the purpose of assisting in any future determination

regarding the provision of reasonable efforts, in accordance with state and federal law.

[~~(iii) (A)~~] (13) (a) The time period for reunification services may not exceed 12 months from the date that the minor was initially removed from the minor's home, unless the time period is extended under Subsection 78A-6-314(8).

[~~(B)~~] (b) Nothing in this section may be construed to entitle any parent to an entire 12 months of reunification services.

[~~(iv)~~] (14) (a) If reunification services are ordered, the court may terminate those services at any time.

[~~(v)~~] (b) If, at any time, continuation of reasonable efforts to reunify a minor is determined to be inconsistent with the final permanency plan for the minor established pursuant to Section 78A-6-314, then measures shall be taken, in a timely manner, to:

[~~(A)~~] (i) place the minor in accordance with the permanency plan; and

[~~(B)~~] (ii) complete whatever steps are necessary to finalize the permanent placement of the minor.

[~~(e)~~] (15) Any physical custody of the minor by the parent or a relative during the period described in [~~Subsection (2)(d)~~] Subsections (11) through (14) does not interrupt the running of the period.

[~~(f) (i)~~] (16) (a) If reunification services are ordered, a permanency hearing shall be conducted by the court in accordance with Section 78A-6-314 at the expiration of the time period for reunification services.

[~~(ii)~~] (b) The permanency hearing shall be held no later than 12 months after the original removal of the minor.

[~~(iii)~~] (c) If reunification services are not ordered, a permanency hearing shall be conducted within 30 days, in accordance with Section 78A-6-314.

[~~(g)~~] (17) With regard to a minor who is 36 months of age or younger at the time the minor is initially removed from the home, the court shall:

[~~(i)~~] (a) hold a permanency hearing eight months after the date of the initial removal, pursuant to Section 78A-6-314; and

[~~(ii)~~] (b) order the discontinuance of those services after eight months from the initial removal of the minor from the home if the parent or parents have not made substantial efforts to comply with the child and family plan.

[~~(h)~~] (18) With regard to a minor in the custody of the division whose parent or parents are ordered to receive reunification services but who have abandoned that minor for a period of six months from the date that reunification services were ordered:

[~~(i)~~] (a) the court shall terminate reunification services; and

[~~(ii)~~] (b) the division shall petition the court for termination of parental rights.

[~~(i)~~] (19) When a court conducts a permanency hearing for a minor under Section 78A-6-314, the court shall attempt to keep the minor's sibling group together if keeping the sibling group together is:

[~~(i)~~] (a) practicable; and

[~~(ii)~~] (b) in accordance with the best interest of the minor.

[~~(3)~~] (20) (a) Because of the state's interest in and responsibility to protect and provide permanency for minors who are abused, neglected, or dependent, the Legislature finds that a parent's interest in receiving reunification services is limited.

(b) The court may determine that:

(i) efforts to reunify a minor with the minor's family are not reasonable or appropriate, based on the individual circumstances; and

(ii) reunification services should not be provided.

(c) In determining "reasonable efforts" to be made with respect to a minor, and in making "reasonable efforts," the minor's health, safety, and welfare shall be the paramount concern.

[~~(d) (i)~~] (21) There is a presumption that reunification services should not be provided to a parent if the court finds, by clear and convincing evidence, that any of the following circumstances exist:

[~~(A)~~] (a) the whereabouts of the parents are unknown, based upon a verified affidavit indicating that a reasonably diligent search has failed to locate the parent;

[~~(B)~~] (b) subject to Subsection [~~(3)(d)(ii)~~] (22)(a), the parent is suffering from a mental illness of such magnitude that it renders the parent incapable of utilizing reunification services;

[~~(C)~~] (c) the minor was previously adjudicated as an abused child due to physical abuse, sexual abuse, or sexual exploitation, and following the adjudication the minor:

[~~(I)~~] (i) was removed from the custody of the minor's parent;

[~~(II)~~] (ii) was subsequently returned to the custody of the parent; and

[~~(III)~~] (iii) is being removed due to additional physical abuse, sexual abuse, or sexual exploitation;

[~~(D)~~] (d) the parent:

[~~(I)~~] (i) caused the death of another minor through abuse or neglect; or

[~~(II)~~] (ii) committed, aided, abetted, attempted, conspired, or solicited to commit:

[~~(Aa)~~] (A) murder or manslaughter of a child; or

[~~(Bb)~~] (B) child abuse homicide;

[~~(E)~~] (e) the minor suffered severe abuse by the parent or by any person known by the parent, if the parent knew or reasonably should have known that the person was abusing the minor;

[~~(F)~~] (f) the minor is adjudicated an abused child as a result of severe abuse by the parent, and the court finds that it would not benefit the minor to pursue reunification services with the offending parent;

[~~(G)~~] (g) the parent's rights are terminated with regard to any other minor;

[~~(H)~~] (h) the minor is removed from the minor's home on at least two previous occasions and reunification services were offered or provided to the family at those times;

[~~(I)~~] (i) the parent has abandoned the minor for a period of six months or longer;

[~~(J)~~] (j) the parent permitted the child to reside, on a permanent or temporary basis, at a location where the parent knew or should have known that a clandestine laboratory operation was located; [~~or~~]

(k) except as provided in Subsection (22)(b), with respect to a parent who is the child's birth mother, the child has fetal alcohol syndrome or was exposed to an illegal or prescription drug that was abused by the child's mother while the child was in utero, if the child was taken into division custody for that reason, unless the mother agrees to enroll in, is currently enrolled in, or has recently and successfully completed a substance abuse treatment program approved by the department; or

[~~(K)~~] (l) any other circumstance that the court determines should preclude reunification efforts or services.

[~~(ii)~~] (22) (a) The finding under Subsection [~~(3)(d)(i)(B)~~] (21)(b) shall be based on competent evidence from at least two medical or mental health professionals, who are not associates, establishing that, even with the provision of services, the parent is not likely to be capable of adequately caring for the minor within 12 months after the day on which the court finding is made.

(b) A judge may disregard the provisions of Subsection (21)(k) if the court finds, under the circumstances of the case, that the substance abuse treatment described in Subsection (21)(k) is not warranted.

[~~(4)~~] (23) In determining whether reunification services are appropriate, the court shall take into consideration:

(a) failure of the parent to respond to previous services or comply with a previous child and family plan;

(b) the fact that the minor was abused while the parent was under the influence of drugs or alcohol;

(c) any history of violent behavior directed at the child or an immediate family member;

(d) whether a parent continues to live with an individual who abused the minor;

(e) any patterns of the parent's behavior that have exposed the minor to repeated abuse;

(f) testimony by a competent professional that the parent's behavior is unlikely to be successful; and

(g) whether the parent has expressed an interest in reunification with the minor.

[~~(5)~~] (24) (a) If reunification services are not ordered pursuant to [~~Subsection (3)~~] Subsections (20) through (22), and the whereabouts of a parent become known within six months after the day on which the out-of-home placement of the minor is made, the court may order the division to provide reunification services.

(b) The time limits described in [~~Subsection (2)~~] Subsections (2) through (19) are not tolled by the parent's absence.

[~~(6)~~] (25) (a) If a parent is incarcerated or institutionalized, the court shall order reasonable services unless it determines that those services would be detrimental to the minor.

(b) In making the determination described in Subsection [~~(6)~~] (25)(a), the court shall consider:

(i) the age of the minor;

(ii) the degree of parent-child bonding;

(iii) the length of the sentence;

(iv) the nature of the treatment;

(v) the nature of the crime or illness;

(vi) the degree of detriment to the minor if services are not offered;

(vii) for a minor 10 years of age or older, the minor's attitude toward the implementation of family reunification services; and

(viii) any other appropriate factors.

(c) Reunification services for an incarcerated parent are subject to the time [~~limitation~~] limitations imposed in [~~Subsection (2)~~] Subsections (2) through (19).

(d) Reunification services for an institutionalized parent are subject to the time [~~limitation~~] limitations imposed in [~~Subsection (2)~~] Subsections (2) through (19), unless the court determines that continued reunification services would be in the minor's best interest.

[~~(7)~~] (26) If, pursuant to Subsections [~~(3)(d)(i)(B) through (K)~~] (21)(b) through (l), the court does not order reunification services, a permanency hearing shall be conducted within 30 days, in accordance with Section 78A-6-314.

31A-35-401.5, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 31A-35-401.5 is enacted to read:

31A-35-401.5. Additional licensure requirements for a bail bond surety company.

(1) A person applying for licensure as a bail bond surety or agency for the first time shall, in addition to the requirements of Section 31A-35-401, provide proof that at least one principal of the bail bond surety or agency will have a minimum of 2,000 hours of experience working as an employee of a bail bond surety company as a licensed bail bond agent.

(2) The applicant shall provide proof of the experience claimed under Subsection (1), including providing:

(a) the exact details of the character and nature of the experience on a form provided by the department;

(b) a statement by each employer verifying the number of hours the applicant worked for the employer; and

(c) (i) federal income reporting forms that account for the wages for hours claimed or documented approval of the claimed hours by the insurance commissioner; and

(ii) the total of 2,000 hours may be proved in part by federal income reporting forms and in part by approval by the insurance commissioner.

(4) An individual who is applying for licensure under this chapter for the first time shall have completed a training program of not less than four hours that is approved by the commissioner and includes:

Any failure of the defendant to appear [~~up to and including execution of sentence~~] when required is a breach of the conditions of the undertaking or bail and subjects it to forfeiture [~~irrespective~~], regardless of whether or not notice of appearance was given to the sureties. Upon sentencing the bond shall be exonerated without motion.

(b) If the sentence includes a commitment to a jail or prison, the bond shall be exonerated when the

defendant appears at the appropriate jail or prison, unless the judge doesn't require the defendant to begin the commitment within seven days, in which case the bond is exonerated upon sentencing.

[~~(b)~~] (c) For purposes of this section, an order of the court accepting a plea in abeyance agreement and holding that plea in abeyance pursuant to Title 77, Chapter 2a, Pleas in Abeyance, is considered to be the same as a sentencing upon a guilty plea.

[~~(c)~~] (d) Any suspended or deferred sentencing is not the responsibility of the surety and the bond is exonerated without any motion, upon acceptance of the court and the defendant of a plea in abeyance, probation, fine payments, post sentencing reviews, or any other deferred sentencing reviews or any other deferred sentencing agreement.

[~~(d)~~] (e) If a surety issues a bond after the [~~execution of sentence~~] sentencing, the surety is liable on the undertaking during all proceedings and for all court appearances required of the defendant up to and including [~~the next execution of~~] the defendant's appearance to commence serving the sentence imposed under Subsection [~~77-20-7~~](1).

(2) If no information or indictment charging a person with an offense is filed in court within 120 days after the date of the bail undertaking or cash receipt, the court may relieve a person from conditions of release at the person's request, and the bond or undertaking is exonerated without further order of the court unless the prosecutor requests an extension of time before the end of the 120-day period by:

The court shall also direct that the surety be given notice of the nonappearance. The clerk of the court shall:

(a) mail notice of nonappearance by certified mail, return receipt requested, within 30 days to the address of the surety [~~or its agent as listed on the bond~~];

(b) notify the surety [~~or its agent~~] as listed on the bond of the name, address, and telephone number[~~, and fax number~~] of the prosecutor;

(e) mail notice of the failure to appear to the bail agent if the surety is different than the producer's agent.

(2) The prosecutor may mail notice of nonappearance by certified mail, return receipt requested, to the address of the surety [~~or its agent~~] as listed on the bond within 37 days after the date of the defendant's failure to appear.

(3) If notice of nonappearance is not mailed to a surety [~~or its agent~~] as listed on the bond, other than the defendant, in accordance with Subsection (1) or (2), the surety [~~is~~] and its agent are relieved of further obligation under the bond if the surety's current name and address or the current name and address of the surety's agent are on the bail bond in the court's file.

(4) (a) (i) If a defendant appears in court within seven days after a missed, scheduled court appearance, the court may reinstate the bond without further notice to the bond company.

(ii) If the defendant, while in custody, appears on the case for which the bond was posted, the court may not reinstate the bond without the consent of the bond company.

(b) If a defendant fails to appear within seven days after a scheduled court appearance, the court may not reinstate the bond without the consent of the surety.

[~~The surety shall deliver a copy of the motion to the prosecutor.~~]

(d) Unless the court makes a finding of good cause why the bond should not be exonerated, it shall exonerate the bond if:

(i) the surety has delivered the defendant to the county jail booking facility in the county where the original charge is pending;

(ii) the defendant has been released on a bond secured from a subsequent surety for the original charge and the failure to appear;

(iii) after an arrest, the defendant has escaped from jail or has been released on the defendant's

own recognizance, pursuant to a pretrial release, under a court order regulating jail capacity, or by a sheriff's release under Section 17-22-5.5;

(iv) the surety has transported or agreed to pay for the transportation of the defendant from a location outside of the county back to the county where the original charge is pending, and the payment is in an amount equal to government transportation expenses listed in Section 76-3-201; or

(v) the surety demonstrates by a preponderance of the evidence that:

(A) at the time the surety issued the bond, it had made reasonable efforts to determine that the defendant was legally present in the United States;

(B) a reasonable person would have concluded, based on the surety's determination, that the defendant was legally present in the United States; and

(C) the surety has failed to bring the defendant before the court because the defendant is in federal custody or has been deported.

(e) Under circumstances not otherwise provided for in this section, the court may exonerate the bond if it finds that the prosecutor has been given reasonable notice of a surety's motion and there is good cause for the bond to be exonerated.

(f) If a surety's bond has been exonerated under this section and the surety remains liable for the cost of transportation of the defendant, the surety may take custody of the defendant for the purpose of transporting the defendant to the jurisdiction where the charge is pending.

(b) Highway transportation is the major mode for movement of people and goods in the western states;

(c) Uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;

(d) A number of western states, already having adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards, still find current federal limits more restrictive; and

(e) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for their economy and transportation requirements, consistent with and in recognition of principles of highway safety.

Section 2. Purposes. The purposes of this agreement are to:

(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system.

(b) Establish a system recommending the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards.

(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement.

(d) Secure uniformity insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards.

(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

(f) Study and recommend appropriate highway user fees.

(g) Facilitate communication between legislators, state transportation administrators, and commercial industry representatives in addressing the emerging highway transportation issues in participating jurisdictions.

ARTICLE II

Section 1. As used in this agreement:

(a) "Cooperating Committee" means a body composed of the designated representatives from the participating jurisdictions.

58-1-501. Unlawful and unprofessional conduct.

(1) "Unlawful conduct" means conduct, by any person, that is defined as unlawful under this title and includes:

(f) (i) issuing, or aiding and abetting in the issuance of, an order or prescription for a drug or device to a person located in this state:

(A) without prescriptive authority conferred by a license issued under this title, or by an exemption to licensure under this title; or

(B) with prescriptive authority conferred by an exception issued under this title or a multistate practice privilege recognized under this title, if the prescription was issued without first obtaining information, in the usual course of professional practice, that is sufficient to establish a diagnosis, to identify underlying conditions, and to identify contraindications to the proposed treatment; and

(ii) Subsection (1)(f)(i) does not apply to treatment rendered in an emergency, on-call or

cross coverage situation, provided that the person who issues the prescription has prescriptive authority conferred by a license under this title, or is exempt from licensure under this title.

(2) "Unprofessional conduct" means conduct, by a licensee or applicant, that is defined as unprofessional conduct under this title or under any rule adopted under this title and includes:

(a) violating, or aiding or abetting any other person to violate, any statute, rule, or order regulating an occupation or profession under this title;

(d) engaging in conduct that results in disciplinary action, including reprimand, censure, diversion, probation, suspension, or revocation, by any other licensing or regulatory authority having jurisdiction over the licensee or applicant in the same occupation or profession if the conduct would, in this state, constitute grounds for denial of licensure or disciplinary proceedings under Section 58-1-401;

(e) engaging in conduct, including the use of intoxicants, drugs, narcotics, or similar chemicals, to the extent that the conduct does, or might reasonably be considered to, impair the ability of the licensee or applicant to safely engage in the occupation or profession;

(g) practicing or attempting to practice an occupation or profession regulated under this title through gross incompetence, gross negligence, or a pattern of incompetency or negligence;

(ii) with prescriptive authority conferred by an exception issued under this title, or a multi-state practice privilege recognized under this title, if the prescription was issued without first obtaining information, in the usual course of professional practice, that is sufficient to establish a diagnosis, to identify underlying conditions, and to identify contraindications to the proposed treatment; or

(n) violating a provision of Section 58-1-501.5.

Section 2. Section 58-37-6 is amended to read:

58-37-6. License to manufacture, produce, distribute, dispense, administer, or conduct research -- Issuance by division -- Denial, suspension, or revocation -- Records required -- Prescriptions.

(1) (a) The division may adopt rules relating to the licensing and control of the manufacture, distribution, production, prescription, administration, dispensing, conducting of research with, and performing of laboratory analysis upon controlled substances within this state.

(b) The division may assess reasonable fees to defray the cost of issuing original and renewal licenses under this chapter pursuant to Section 63J-1-504.

(2) (a) (i) Every person who manufactures, produces, distributes, prescribes, dispenses, administers, conducts research with, or performs laboratory analysis upon any controlled substance in Schedules II through V within this state, or who proposes to engage in manufacturing, producing, distributing, prescribing, dispensing, administering, conducting research with, or performing laboratory analysis upon controlled substances included in Schedules II through V within this state shall obtain a license issued by the division.

(ii) The division shall issue each license under this chapter in accordance with a two-year renewal cycle established by rule. The division may by rule extend or shorten a renewal period by as much as one year to stagger the renewal cycles it administers.

(b) Persons licensed to manufacture, produce, distribute, prescribe, dispense, administer, conduct

research with, or perform laboratory analysis upon controlled substances in Schedules II through V within this state may possess, manufacture, produce, distribute, prescribe, dispense, administer, conduct research with, or perform laboratory analysis upon those substances to the extent authorized by their license and in conformity with this chapter.

(c) The following persons are not required to obtain a license and may lawfully possess controlled substances under this section:

(i) an agent or employee, except a sales representative, of any registered manufacturer, distributor, or dispenser of any controlled substance, if the agent or employee is acting in the usual course of the person's business or employment; however, nothing in this subsection shall be interpreted to permit an agent, employee, sales representative, or detail man to maintain an inventory of controlled substances separate from the location of the person's employer's registered and licensed place of business;

(ii) a motor carrier or warehouseman, or an employee of a motor carrier or warehouseman, who possesses any controlled substance in the usual course of the person's business or employment; and

(iii) an ultimate user, or any person who possesses any controlled substance pursuant to a lawful order of a practitioner.

(d) The division may enact rules waiving the license requirement for certain manufacturers, producers, distributors, prescribers, dispensers, administrators, research practitioners, or laboratories performing analysis if consistent with the public health and safety.

(e) A separate license is required at each principal place of business or professional practice where the applicant manufactures, produces, distributes, dispenses, conducts research with, or performs laboratory analysis upon controlled substances.

(f) The division may enact rules providing for the inspection of a licensee or applicant's establishment, and may inspect the establishment according to those rules.

(3) (a) Upon proper application, the division shall license a qualified applicant to manufacture, produce, distribute, conduct research with, or perform laboratory analysis upon controlled substances included in Schedules I through V, unless it determines that issuance of a license is inconsistent with the public interest. The division shall not issue a license to any person to prescribe, dispense, or administer a Schedule I controlled substance. In determining public interest, the division shall consider whether or not the applicant has:

(i) maintained effective controls against diversion of controlled substances and any Schedule I or II substance compounded from any controlled substance into other than legitimate medical, scientific, or industrial channels;

(ii) complied with applicable state and local law;

(iii) been convicted under federal or state laws relating to the manufacture, distribution, or dispensing of substances;

(iv) past experience in the manufacture of controlled dangerous substances;

(v) established effective controls against diversion; and

(vi) complied with any other factors that the division establishes that promote the public health and safety.

(b) Licenses granted under Subsection (3)(a) do not entitle a licensee to manufacture, produce, distribute, conduct research with, or perform laboratory analysis upon controlled substances in Schedule I other than those specified in the license.

(c) (i) Practitioners shall be licensed to administer, dispense, or conduct research with substances in Schedules II through V if they are authorized to administer, dispense, or conduct research under the laws of this state.

(ii) The division need not require a separate license for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the licensee is already licensed under this chapter in another capacity.

(iii) With respect to research involving narcotic substances in Schedules II through V, or where the division by rule requires a separate license for research of nonnarcotic substances in Schedules II through V, a practitioner shall apply to the division prior to conducting research.

(iv) Licensing for purposes of bona fide research with controlled substances by a practitioner considered qualified may be denied only on a ground specified in Subsection (4), or upon evidence that the applicant will abuse or unlawfully transfer or fail to safeguard adequately the practitioner's supply of substances against diversion from medical or scientific use.

(v) Practitioners registered under federal law to conduct research in Schedule I substances may conduct research in Schedule I substances within this state upon furnishing the division evidence of federal registration.

(d) Compliance by manufacturers, producers, and distributors with the provisions of federal law respecting registration, excluding fees, entitles them to be licensed under this chapter.

(e) The division shall initially license those persons who own or operate an establishment engaged in the manufacture, production, distribution, dispensation, or administration of controlled substances prior to April 3, 1980, and who are licensed by the state.

(4) (a) Any license pursuant to Subsection (2) or (3) may be denied, suspended, placed on probation, or revoked by the division upon finding that the applicant or licensee has:

(i) materially falsified any application filed or required pursuant to this chapter;

(ii) been convicted of an offense under this chapter or any law of the United States, or any state, relating to any substance defined as a controlled substance;

(v) had the licensee's license suspended or revoked by competent authority of another state for violation of laws or regulations comparable to those of this state relating to the manufacture, distribution, or dispensing of controlled substances;

(vi) violated any division rule that reflects adversely on the licensee's reliability and integrity with respect to controlled substances;

(vii) refused inspection of records required to be maintained under this chapter by a person authorized to inspect them; or

(viii) prescribed, dispensed, administered, or injected an anabolic steroid for the purpose of manipulating human hormonal structure so as to:

(A) increase muscle mass, strength, or weight without medical necessity and without a written prescription by any practitioner in the course of the practitioner's professional practice; or

(B) improve performance in any form of human exercise, sport, or game.

(b) The division may limit revocation or suspension of a license to a particular controlled substance with respect to which grounds for revocation or suspension exist.

(c) (i) Proceedings to deny, revoke, or suspend a license shall be conducted pursuant to this section and in accordance with the procedures set forth in Title 58, Chapter 1, Division of Occupational and Professional Licensing Act, and conducted in conjunction with the appropriate representative committee designated by the director of the department.

(ii) Nothing in this Subsection (4)(c) gives the Division of Occupational and Professional Licensing exclusive authority in proceedings to deny, revoke, or suspend licenses, except where the division is designated by law to perform those functions, or, when not designated by law, is designated by the executive director of the Department of Commerce to conduct the proceedings.

(d) (i) The division may suspend any license simultaneously with the institution of proceedings under this section if it finds there is an imminent danger to the public health or safety.

(ii) Suspension shall continue in effect until the conclusion of proceedings, including judicial review, unless withdrawn by the division or dissolved by a court of competent jurisdiction.

(e) (i) If a license is suspended or revoked under this Subsection (4), all controlled substances owned or possessed by the licensee may be placed under seal in the discretion of the division.

(ii) Disposition may not be made of substances under seal until the time for taking an appeal has lapsed, or until all appeals have been concluded, unless a court, upon application, orders the sale of perishable substances and the proceeds deposited with the court.

(iii) If a revocation order becomes final, all controlled substances shall be forfeited.

(f) The division shall notify promptly the Drug Enforcement Administration of all orders suspending or revoking a license and all forfeitures of controlled substances.

(g) If an individual's Drug Enforcement Administration registration is denied, revoked, surrendered, or suspended, the division shall immediately suspend the individual's controlled substance license, which shall only be reinstated by the division upon reinstatement of the federal registration, unless the division has taken further administrative action under Subsection (4)(a)(iv), which would be grounds for the continued denial of the controlled substance license.

(5) (a) Persons licensed under Subsection (2) or (3) shall maintain records and inventories in conformance with the record keeping and inventory requirements of federal and state law and any additional rules issued by the division.

(b) (i) Every physician, dentist, naturopathic physician, veterinarian, practitioner, or other person who is authorized to administer or professionally use a controlled substance shall keep a record of the drugs received by him and a record of all drugs administered, dispensed, or professionally used by him otherwise than by a prescription.

(ii) A person using small quantities or solutions or other preparations of those drugs for local application has complied with this Subsection (5)(b) if the person keeps a record of the quantity, character, and potency of those solutions or preparations purchased or prepared by him, and of the dates when purchased or prepared.

(6) Controlled substances in Schedules I through V may be distributed only by a licensee and pursuant to an order form prepared in compliance with division rules or a lawful order under the rules and regulations of the United States.

(7) (a) A person may not write or authorize a prescription for a controlled substance unless the person is:

(i) a practitioner authorized to prescribe drugs and medicine under the laws of this state or under

the laws of another state having similar standards; and

(ii) licensed under this chapter or under the laws of another state having similar standards.

(b) A person other than a pharmacist licensed under the laws of this state, or the pharmacist's licensed intern, as required by Sections 58-17b-303 and 58-17b-304, may not dispense a controlled substance.

(c) (i) A controlled substance may not be dispensed without the written prescription of a practitioner, if the written prescription is required by the federal Controlled Substances Act.

(ii) That written prescription shall be made in accordance with Subsection (7)(a) and in conformity with Subsection (7)(d).

(iii) In emergency situations, as defined by division rule, controlled substances may be dispensed upon oral prescription of a practitioner, if reduced promptly to writing on forms designated by the division and filed by the pharmacy.

(iv) Prescriptions reduced to writing by a pharmacist shall be in conformity with Subsection (7)(d).

(d) Except for emergency situations designated by the division, a person may not issue, fill, compound, or dispense a prescription for a controlled substance unless the prescription is signed by the prescriber in ink or indelible pencil or is signed with an electronic signature of the prescriber as authorized by division rule, and contains the following information:

(i) the name, address, and registry number of the prescriber;

(ii) the name, address, and age of the person to whom or for whom the prescription is issued;

(iii) the date of issuance of the prescription; and

(iv) the name, quantity, and specific directions for use by the ultimate user of the controlled substance.

(e) A prescription may not be written, issued, filled, or dispensed for a Schedule I controlled substance.

(iii) All other controlled substances in Schedule V may be refilled as the prescriber's prescription directs, but they may not be refilled one year after the date the prescription was issued unless renewed by the practitioner.

(iv) Any prescription for a Schedule II substance may not be dispensed if it is not presented to a pharmacist for dispensing by a pharmacist or a pharmacy intern within 30 days after the date the prescription was issued, or 30 days after the dispensing date, if that date is specified separately from the date of issue.

(v) A practitioner may issue more than one prescription at the same time for the same Schedule II controlled substance, but only under the following conditions:

(A) no more than three prescriptions for the same Schedule II controlled substance may be issued at the same time;

(B) no one prescription may exceed a 30-day supply;

(C) a second or third prescription shall include the date of issuance and the date for dispensing; and

(D) unless the practitioner determines there is a valid medical reason to the contrary, the date for dispensing a second or third prescription may not be fewer than 30 days from the dispensing date of the previous prescription.

(vi) Each prescription for a controlled substance may contain only one controlled substance per prescription form and may not contain any other legend drug or prescription item.

(g) An order for a controlled substance in Schedules II through V for use by an inpatient or an outpatient of a licensed hospital is exempt from all requirements of this Subsection (7) if the order is:

(i) issued or made by a prescribing practitioner who holds an unrestricted registration with the federal Drug Enforcement Administration, and an active Utah controlled substance license in good standing issued by the division under this section, or a medical resident who is exempted from licensure under Subsection 58-1-307(1)(c);
