Senator Ann Millner
Senate District 5

RE: Demographic Profile of Senate District 5

The Strategic Initiatives Group within the Office of Legislative Research and General Counsel has created detailed demographic profiles of the new 2023 legislative districts. These 104 profiles contain summaries of information from the U.S. Census Bureau’s American Community Survey, which is an ongoing nationwide survey collecting information on social, economic, housing, and demographic characteristics. The information from the American Community Survey contained in these profiles was obtained between January 1, 2016, and December 31, 2022, making it the most recent, accurate, complete information available.

This profile of Senate District 5 not only provides detailed demographic information about your legislative district, but it also provides a comparison of this information to other legislative districts and to the statewide average. We trust that this profile will prove useful as you identify trends and issues within your legislative district. We also hope that this profile will be useful as you evaluate public policy proposals that impact the lives of your constituents.

It has been an opportunity of a lifetime for me to serve the Utah Legislature. I appreciate your support over the years and wish each of you the very best.

Kind Regards,

Jerry Howe
Demographic Profile of Senate District 5

August 2022

Prepared by the
Strategic Initiatives Group
Jerry Howe, Manager
Joseph Wade

Office of Legislative Research and General Counsel

Percentage of Persons Employed in Management, Business, and Financial Occupations, Who are Female .......................................................... 301...302
Percentage of Persons Employed in Computer, Engineering, and Science Occupations, Who are Female .......................................................... 303...304
Percentage of Persons Employed in Education, Legal, Community Service, Arts, and Media Occupations, Who are Female ................................................ 303...305
Percentage of Persons Employed in Healthcare Practitioner & Technician Occupations, Who are Female .......................................................... 306...307
Percentage of Persons Employed in Service Occupations, Who are Female ......................................................................................... 306...308
Percentage of Persons Employed in Sales and Office Support Occupations, Who are Female .......................................................... 309...310
Percentage of Persons Employed in Natural Resources, Construction, and Maintenance Occupations, Who are Female ................................................ 309...311
Percentage of Persons Employed in Production, Transportation, and Material Moving Occupations, Who are Female ................................................................................. 312...313

Percentage of Civilian Employed Population Age 16+, by Industry of Employment .......................................................... 314
Percentage of Civilian Employed Population Age 16+, Who Work in Agriculture, Forestry, Mining, Fishing and Hunting .......................................................... 314...315
Percentage of Civilian Employed Population Age 16+, Who Work in Construction ..................................................................................... 316...317
Percentage of Civilian Employed Population Age 16+, Who Work in Manufacturing ........................................................................... 316...318
Percentage of Civilian Employed Population Age 16+, Who Work in Wholesale Trade ........................................................................ 319...320
Percentage of Civilian Employed Population Age 16+, Who Work in Retail Trade .............................................................................. 319...321
Percentage of Civilian Employed Population Age 16+, Who Work in Transportation, Warehousing, and Utilities ........................................................................ 322...323
Percentage of Civilian Employed Population Age 16+, Who Work in Information ..................................................................................... 322...324
Percentage of Civilian Employed Population Age 16+, Who Work in Finance, Insurance, Real Estate, Rental, and Leasing ........................................................................ 325...326
Percentage of Civilian Employed Population Age 16+, Who Work in Professional, Scientific, Management, Administrative, and Waste Management Services ........................................................................ 325...327
Percentage of Civilian Employed Population Age 16+, Who Work in Educational Services, Health Care, and Social Assistance ........................................................................ 328...329
Percentage of Civilian Employed Population Age 16+, Who Work in Arts, Entertainment, Recreation, Accommodation, and Food Services ........................................................................ 328...330
Percentage of Civilian Employed Population Age 16+, Who Work in Public Administration ........................................................................ 331...332
Percentage of Civilian Employed Population Age 16+, Who Work in Other Services ........................................................................ 331...333

Percentage of Civilian Employed Population Age 16+, by Employer Type ......................................................................................... 334
Percentage of Civilian Employed Population Age 16+, Who are Private For-Profit Wage/Salary Workers ........................................................................ 334...335
Percentage of Civilian Employed Population Age 16+, Who are Private Not-For-Profit Wage/Salary Workers ........................................................................ 336...337
Percentage of Civilian Employed Population Age 16+, Who are Local Government Workers ........................................................................ 336...338
Percentage of Civilian Employed Population Age 16+, Who are State Government Workers ........................................................................ 339...340
Percentage of Civilian Employed Population Age 16+, Who are Federal Government Workers ........................................................................ 339...341
Percentage of Civilian Employed Population Age 16+, Who are Self-Employed in Own Not Incorporated Business Workers ........................................................................ 342...343
POVERTY STATUS

Percentage of Households, by Poverty Status ................................................................. 345
Percentage of Households, That are in Poverty ............................................................... 345...346

Percentage of Households in Poverty, by Household Type ........................................... 347
Percentage of Households in Poverty, That are Married Couple Families .................. 347...348
Percentage of Households in Poverty, That are Male Householder Families ............. 349...350
Percentage of Households in Poverty, That are Female Householder Families ........ 349...351
Percentage of Households in Poverty, That are Nonfamily Households ................. 352...353

Percentage of Households in Poverty, by Age of Householder .................................. 354
Percentage of Households in Poverty, That Householders are Under Age 25 ............. 354...355
Percentage of Households in Poverty, That Householders are Age 25 to 44 ............. 356...357
Percentage of Households in Poverty, That Householders are Age 45 to 64 .......... 356...358
Percentage of Households in Poverty, That Householders are Age 65+ ................. 359...360

FOOD STAMPS/SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

Percentage of Households, by Receipt of Food Stamps/SNAP ................................... 361
Percentage of Households, That Receive Food Stamps/SNAP ...................................... 361...362

DISABILITY STATUS

Percentage of Households, by Disability Status ............................................................. 363
Percentage of Households, That have Household Member With Disability ................ 363...364

TRANSPORTATION TO WORK

Percentage of Workers Age 16+, by Means of Transportation to Work ..................... 365
Percentage of Workers Age 16+, Who Work from Home ............................................ 365...366
Percentage of Workers Age 16+, Who Drive Alone to Work .................................... 367...368
Percentage of Workers Age 16+, Who Car Pool to Work ........................................ 367...369
Percentage of Workers Age 16+, Who Use Public Transportation to Work ............. 370...371
Percentage of Workers Age 16+, Who Walk or Bike to Work .................................. 370...372
Percentage of Workers Age 16+, Who Use Other Transportation To Work ............. 373...374

Percentage of Workers Age 16+ Who Do Not Work from Home, by Travel Time .... 375
Percentage of Workers Age 16+ Who Do Not Work from Home, With Travel Time of 0-14 Minutes .... 375...376
Percentage of Workers Age 16+ Who Do Not Work from Home, With Travel Time of 15-29 Minutes .... 377...378
Percentage of Workers Age 16+ Who Do Not Work from Home, With Travel Time of 30-44 Minutes .... 377...379
Percentage of Workers Age 16+ Who Do Not Work from Home, With Travel Time of 45-59 Minutes .... 380...381
Percentage of Workers Age 16+ Who Do Not Work from Home, With Travel Time of 60+ Minutes .... 380...382

HEALTH INSURANCE COVERAGE

Percentage of Civilian Noninstitutionalized Population in Age Categories, by Health Insurance Coverage ............................................................ 383
Percentage of Civilian Noninstitutionalized Population, That have Health Insurance Coverage ................................................................. 383...384
Percentage of Civilian Noninstitutionalized Population, That Do Not have Health Insurance Coverage .................. 385...386
Percentage of Younger than Age 19 Civilian Noninstitutionalized Population, That have Health Insurance Coverage .................. 385...387
Percentage of Younger than Age 19 Civilian Noninstitutionalized Population, That Do not have Health Insurance Coverage .................. 388...389
Percentage of Age 19-64 Civilian Noninstitutionalized Population, That have Health Insurance Coverage .................. 388...390
Percentage of Age 19-64 Civilian Noninstitutionalized Population, That Do Not have Health Insurance Coverage .................. 389...391
Percentage of Age 65+ Civilian Noninstitutionalized Population, That have Health Insurance Coverage .................. 391...393
Percentage of Age 65+ Civilian Noninstitutionalized Population, That Do Not have Health Insurance Coverage ................................................................. 394...395

Percentage of Age 19-64 Civilian Noninstitutionalized Population With One Type of Health Insurance, by Type of Health Insurance ........................................ 396

Percentage of Age 19-64 Civilian Noninstitutionalized Population, With Employer-based Health Insurance Only .......................... 396...397
Percentage of Age 19-64 Civilian Noninstitutionalized Population, With Direct-purchase Health Insurance Only ........................................ 398...399
Percentage of Age 19-64 Civilian Noninstitutionalized Population, With Medicare Coverage Only ........................................ 398...400
Percentage of Age 19-64 Civilian Noninstitutionalized Population, With Medicaid/Means-tested Public Coverage Only .................. 401...402
Percentage of Age 19-64 Civilian Noninstitutionalized Population, With TRICARE/Military Health Coverage Only .............. 401...403
Percentage of Age 19-64 Civilian Noninstitutionalized Population, With VA Health Care Only ........................................ 404...405

**COMPUTER AND INTERNET USE**

Percentage of Households, That have Computing Devices .................................................. 406

Percentage of Households, That have a Desktop or Laptop .................................................... 406...407
Percentage of Households, That have a Smartphone ............................................................... 408...409
Percentage of Households, That have a Tablet ................................................................. 408...410
Percentage of Households, That Do Not have a Computer, Laptop, Smartphone, Tablet, or Other Computing Device .............................. 411...412

Percentage of Households, by Internet Access ................................................................. 413

Percentage of Households, That have Broadband Subscription ........................................... 413...414
Percentage of Households, That have Cellular Data Plan Subscription ................................. 415...416
Percentage of Households, That have Satellite Internet Subscription ...................................... 415...417
Percentage of Households, That have Free Internet Access .................................................. 418...419
Percentage of Households, That have Dial-Up Subscription Only ........................................... 418...420
Percentage of Households, That have No Internet Access ..................................................... 421...422

Percentage of Households in Household Income Categories, That have an Internet Subscription ........................................ 423

Percentage of Households With Less than $10,000 Household Income, That have Internet Subscription ........................................ 423...424
Percentage of Households With $10,000 to $19,999 Household Income, That have Internet Subscription ........................................ 425...426
Percentage of Households With $20,000 to $34,999 Household Income, That have Internet Subscription ........................................ 425...427
Percentage of Households With $35,000 to $49,999 Household Income, That have Internet Subscription ........................................ 428...429
Percentage of Households With $50,000 to $74,999 Household Income, That have Internet Subscription ........................................ 428...430
Percentage of Households With $75,000+ Household Income, That have Internet Subscription ........................................ 431...432

Percentage of Population in Age Categories, Without a Computer in Household ................. 433

Percentage of Population Under Age 18, Without a Computer in Household .......................... 433...434
Percentage of Population Age 18 to 64, Without a Computer in Household .......................... 435...436
Percentage of Population Age 65+, Without a Computer in Household .................................... 435...437

Percentage of Population Age 25+ in Educational Attainment Categories, That have Both a Computer and Broadband Subscription ........................................ 438

Percentage of Population Age 25+ Without High School Diploma, Who have Both a Computer and Broadband Subscription ........................................ 438...439
Percentage of Population Age 25+ With High School Diploma or Some College or Associate's Degree, Who have Both a Computer and Broadband Subscription ........................................ 440...441
Percentage of Population Age 25+ With Bachelor's Degree or Higher, Who have Both a Computer and Broadband Subscription ........................................ 440...442

**HOUSING**

Percentage of Housing Units, by Vacancy Status ................................................................. 443
Percentage of Housing Units, That are Vacant ................................................................. 443...444
Percentage of Occupied Housing Units, by Owned or Rented ................................................................. 445
  Percentage of Occupied Housing Units, That are Owned by Occupant.................................................. 445.... 446

Percentage of Population in Occupied Housing Units, by Owned or Rented ............................................ 447
  Percentage of Population in Occupied Housing Units, That are Owned by Occupant ............................. 447.... 448

Percentage of Vacant Housing Units, by Vacancy Status ......................................................................... 449
  Percentage of Vacant Housing Units, That are For Rent........................................................................ 449.... 450
  Percentage of Vacant Housing Units, That are Rented and Not Occupied............................................ 451.... 452
  Percentage of Vacant Housing Units, That are For Sale Only............................................................... 451.... 453
  Percentage of Vacant Housing Units, That are Sold and Not Occupied................................................ 454.... 455
  Percentage of Vacant Housing Units, That are For Seasonal, Recreational, or Occasional Use............ 454.... 456
  Percentage of Vacant Housing Units, That are For Migrant Workers.................................................. 457.... 458
  Percentage of Vacant Housing Units, That are Other Vacant.................................................................. 457.... 459

Percentage of Occupied Housing Units in Householder Age Categories, That are Owned ........................ 460
  Percentage of Occupied Housing Units With the Householder Age 15-24, That are Owned.................... 460.... 461
  Percentage of Occupied Housing Units With the Householder Age 25-34, That are Owned.................... 462.... 463
  Percentage of Occupied Housing Units With the Householder Age 35-44, That are Owned.................... 462.... 464
  Percentage of Occupied Housing Units With the Householder Age 45-64, That are Owned.................... 465.... 466
  Percentage of Occupied Housing Units With the Householder Age 65-74, That are Owned.................... 465.... 467
  Percentage of Occupied Housing Units With the Householder Age 75-84, That are Owned.................... 468.... 469
  Percentage of Occupied Housing Units With the Householder Age 85+, That are Owned....................... 468.... 470

Percentage of Housing Units, by Type of Structure................................................................................. 471
  Percentage of Housing Units, That are Houses Detached........................................................................ 471.... 472
  Percentage of Housing Units, That are Houses Attached........................................................................ 473.... 474
  Percentage of Housing Units, That are in Structures With 2-4 Units....................................................... 473.... 475
  Percentage of Housing Units, That are in Structures With 5-19 Units.................................................... 476.... 477
  Percentage of Housing Units, That are in Structures With 20-49 Units................................................... 476.... 478
  Percentage of Housing Units, That are in Structures With 50+ Units....................................................... 479.... 480
  Percentage of Housing Units, That are Mobile Homes........................................................................... 479.... 481
  Percentage of Housing Units, That are Boats, RVs, Vans, etc................................................................. 482.... 483

Percentage of Occupied Housing Units, by Year Structure Built ............................................................. 484
  Percentage of Occupied Housing Units, That were Built 2010 or Later.................................................. 484.... 485
  Percentage of Occupied Housing Units, That were Built 2000 to 2009............................................... 486.... 487
  Percentage of Occupied Housing Units, That were Built 1990 to 1999............................................... 486.... 488
  Percentage of Occupied Housing Units, That were Built 1980 to 1989............................................... 489.... 490
  Percentage of Occupied Housing Units, That were Built 1970 to 1979............................................... 489.... 491
  Percentage of Occupied Housing Units, That were Built 1960 to 1969............................................... 492.... 493
  Percentage of Occupied Housing Units, That were Built 1950 to 1959............................................... 492.... 494
  Percentage of Occupied Housing Units, That were Built 1949 or Earlier .............................................. 495.... 496

Percentage of Occupied Housing Units, by Occupant Type and Length of Occupancy............................ 497
  Percentage of Occupied Housing Units, That are Owner-Occupied and Moved into Before 2000............ 497.... 498
  Percentage of Occupied Housing Units, That are Owner-Occupied and Moved into 2000-2014 ............. 499.... 500
  Percentage of Occupied Housing Units, That are Owner-Occupied and Moved into After 2014 ............. 499.... 501
  Percentage of Occupied Housing Units, That are Renter-Occupied and Moved into Before 2000......... 502.... 503
  Percentage of Occupied Housing Units, That are Renter-Occupied and Moved into 2000-2014 ............. 502.... 504
  Percentage of Occupied Housing Units, That are Renter-Occupied and Moved into After 2014 .......... 505.... 506

Percentage of Renter-Occupied Housing Units, by Gross Rent............................................................... 507
  Percentage of Renter-Occupied Housing Units, For Which Gross Rent is Less Than $500...................... 507.... 508
  Percentage of Renter-Occupied Housing Units, For Which Gross Rent is $500 to $749 ....................... 509.... 510
  Percentage of Renter-Occupied Housing Units, For Which Gross Rent is $750 to $999 ....................... 509.... 511
  Percentage of Renter-Occupied Housing Units, For Which Gross Rent is $1000 to $1499 ................. 512.... 513
  Percentage of Renter-Occupied Housing Units, For Which Gross Rent is $1500 to $1999 ................. 512.... 514
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is $2000 to $2499 | 515...516 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is $2500+ | 515...517 |
| **Percentage of Renter-Occupied Housing Units, by Gross Rent as a Percentage of Household Income** | 518 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is Less than 10.0 Percent of Household Income | 518...519 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 10.0 to 14.9 Percent of Household Income | 520...521 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 15.0 to 19.9 Percent of Household Income | 520...522 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 20.0 to 24.9 Percent of Household Income | 523...524 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 25.0 to 29.9 Percent of Household Income | 523...525 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 30.0 to 34.9 Percent of Household Income | 526...527 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 35.0 to 39.9 Percent of Household Income | 526...528 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 40.0 to 49.9 Percent of Household Income | 529...530 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is 50+ Percent of Household Income | 529...531 |
| Percentage of Renter-Occupied Housing Units, For Which Gross Rent is Not Computed | 532...533 |
| **Percentage of Owner-Occupied Housing Units, by Unit Value** | 534 |
| Percentage of Owner-Occupied Housing Units, That have a Value of Less Than $100,000 | 534...535 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $100,000 to $199,999 | 536...537 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $200,000 to $299,999 | 536...538 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $300,000 to $399,999 | 539...540 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $400,000 to $499,999 | 539...541 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $500,000 to $749,999 | 542...543 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $750,000 to $999,999 | 542...544 |
| Percentage of Owner-Occupied Housing Units, That have a Value of $1,000,000+ | 545...546 |
| **Percentage of Owner-Occupied Housing Units, by Mortgage Status** | 547 |
| Percentage of Owner-Occupied Housing Units, With Mortgage and 2nd Mortgage and Home Equity Loan | 547...548 |
| Percentage of Owner-Occupied Housing Units, With Mortgage and 2nd Mortgage and No Home Equity Loan | 549...550 |
| Percentage of Owner-Occupied Housing Units, With Mortgage and No 2nd Mortgage and Home Equity Loan | 549...551 |
| Percentage of Owner-Occupied Housing Units, With Mortgage and No 2nd Mortgage and No Home Equity Loan | 552...553 |
| Percentage of Owner-Occupied Housing Units, With Home Equity Loan Only | 552...554 |
| Percentage of Owner-Occupied Housing Units, Without a Mortgage | 555...556 |
Explanation of Data

Most of the data in this demographic profile report was obtained from the U.S. Census Bureau’s American Community Survey (ACS) 2016-2020 Five-year Data Release, which is the most recent release. The ACS is a nationwide survey designed to provide communities with reliable and timely social, economic, housing, and demographic data of America’s communities. The ACS has an annual sample size of about 3.5 million addresses nationally, with survey information collected nearly every day of the year. Data are pooled across five years to produce estimates for smaller levels of geography, such as state legislative districts. As a result, ACS estimates reflect data that have been collected over a period of time rather than for a single point in time as in the decennial census. The ACS data in this report was collected January 1, 2016, through December 31, 2020. Race and ethnicity data is from the decennial census.

An understanding of the concepts explained below will help a reader better comprehend how the census data is classified.

Living Quarters

Living quarters are usually found in structures intended for residential use, but also may be found in structures intended for nonresidential use as well as in places such as tents, vans, and emergency and transitional shelters. Living quarters are classified as either housing units or group quarters.

Housing Unit

A housing unit may be a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied (or, if vacant, intended for occupancy) as separate living quarters. Separate living quarters are those in which the occupants live separately from any other individuals in the building, and which have direct access from outside the building or through a common hall. If any of the occupants in rooming or boarding houses, congregate housing, or continuing care facilities live separately from others in the building and have direct access, their quarters are classified as separate housing units.

Both occupied and vacant housing units are included in the housing unit inventory. Boats, recreational vehicles (RVs), vans, tents, railroad cars, and the like are included only if they are occupied as someone’s current place of residence. Vacant mobile homes are included provided they are intended for occupancy on the site where they stand. Vacant mobile homes on dealers’ sales lots, at the factory, or in storage yards are excluded from the housing inventory. Also excluded from the housing inventory are quarters being used entirely for nonresidential purposes, such as a store or an office, or quarters used for the storage of business supplies or inventory, machinery, or agricultural products. Housing units are classified as either occupied or vacant.

Occupied Housing Unit – A housing unit is classified as occupied if it is the current place of residence of the person or group of people living in it at the time of interview. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated people who share living quarters. Occupied rooms or suites of rooms in hotels, motels, and similar places are classified as housing units only when occupied by permanent residents.

Occupied housing units are further classified as either family households or non-family households. The householder is the adult person completing the ACS questionnaire mailed to housing unit address.
Family Households – A family household is where the householder is related to at least one other person in the household by birth, marriage, or adoption. For example, a "two-person family" could be a husband and wife, a parent and child, or two siblings.

Non-Family Households – A non-family household is where the householder is not related to any other person in the household. A person living alone is classified as a non-family household.

Vacant Housing Unit – A housing unit is vacant if no one is living in it at the time of interview. New units not yet occupied are classified as vacant housing units if construction has reached a point where all exterior windows and doors are installed, and final usable floors are in place.

Group Quarters

A Group Quarters (GQs) is a place where people live or stay in a group living arrangement that is owned or managed by an entity or organization providing housing and/or services for the residents. These services may include custodial or medical care, as well as other types of assistance, and residency is commonly restricted to those receiving these services. This is not a typical household-type living arrangement. People living in GQs usually are not related to each other. GQs include such places as college residence halls, residential treatment centers, skilled nursing facilities, group homes, military barracks, correctional facilities, workers’ dormitories, and facilities for people experiencing homelessness.

The graphic below illustrates the classifications described above. The percentages are for Utah.

Figure 7.51 - RELATIONSHIP TO HOUSEHOLDER, LIVING ARRANGEMENTS
Percentage of Population Age 65+, Living In Family Households
(First category in Figure 7.50; same data presented in Figure 7.52)

* Living quarters are classified as either households or group quarters. Households are categorized as either family or nonfamily. A family household is where the householder is related to at least one other person in the household by birth, marriage, or adoption. For example, a "two-person family" could be a husband and wife, a parent and child, or two siblings. Group Quarters include such places as college residence halls, residential treatment centers, skilled nursing facilities, group homes, military barracks, correctional facilities, workers’ dormitories, and facilities for people experiencing homelessness.

Percentage of Civilian Population in Sex and Age Categories, Who are Veterans*

(Numbers are the percentage of civilians in each sex and age category; categories do not sum to 100%)

Figure 9.2 - VETERANS

Percentage of Civilian Males Age 18-54, Who are Veterans

(First category in Figure 9.1; same data presented in Figure 9.3)

* Veterans are people who have served on active duty in any branch of the military, but are not currently serving. People who served in the National Guard or Reserves are classified as veterans only if they were called or ordered to active duty, not counting training. Active duty refers to military members who are currently serving full-time in their military capacity with the U.S. Armed Forces. A civilian is any person not on active duty.

* Supplemental Security Income (SSI) is a nationwide U.S. assistance program administered by the Social Security Administration that guarantees a minimum level of income for needy aged, blind, or disabled individuals.

** Cash public assistance includes general assistance and Temporary Assistance to Needy Families (TANF). Separate payments received for hospital or other medical care (vendor payments) are excluded. Also excluded is Supplemental Security Income (SSI) and noncash benefits such as Food Stamps.
