Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to House Bill 197, EDUCATOR LICENSING AMENDMENTS, and to explain my decision to veto the bill.

Administrative licensing is the responsibility of the State Board of Education. The Board is already in the process of revising requirements for administrative preparation programs and administrative licensure requirements. The Board should be allowed to continue the work it is doing to improve administrative licensing. I appreciate Representative Coleman’s interest in improving and broadening licensure options and encourage the Board to consider both her the input, and the input of our institutions of higher education who administer licensing programs and will have increased responsibilities with new paths to licensure.

Research shows that, second only to classroom instructions, principals have the most significant impact on student achievement. A high quality principal will hire, develop, and support talented teachers.

I am committed to increasing the academic outcomes for our students, while in the midst of a growing teacher shortage throughout the state. Administrator training and licensing is something we must get right and we must have confidence that the State Board of Education, working with our higher education partners, will do just that.

For these reasons, I disapprove of and veto House Bill 197, EDUCATOR LICENSING AMENDMENTS and return it to the House of Representatives.

Sincerely,

Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to House Bill 385, MEMORIAL HIGHWAY DESIGNATION, and to explain my decision to veto the bill.

I appreciate the effort of our state legislators to recognize the service of our former speaker. I am disappointed with the controversy that has diminished the deserved recognition this bill intended to bring to Speaker Rebecca Lockhart. Further, I'm saddened if this discussion has caused any pain to the Lockhart family.

Today I received a call from Stan Lockhart, Speaker Lockhart’s husband, asking me to veto this bill. Therefore, I honor his request.

I look forward to working together with the Lockhart family and the Legislature as we determine a meaningful way to recognize and memorialize the service, leadership and legacy of former House Speaker Rebecca Lockhart.

For these reasons, I disapprove of and veto House Bill 385, MEMORIAL HIGHWAY DESIGNATION, and return it to the House of Representatives.

Sincerely,

Gary R. Herbert

Dear President Niederhauser and Speaker Hughes,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to Senate Bill 94, CORPORATE FRANCHISE AND INCOME TAX AMENDMENTS, and to explain my decision to veto the bill.

I believe that good governance requires that we accurately account and plan for our fiscal responsibilities. The 2017 effective date of this bill means that the costs of implementation were not funded, nor were they prioritized as part of the budget process in the passage of the bill. Additionally, because the tax policy is intended to be retroactive to January of 2015, but the effective date is not until July of 2017, the bill creates an inconsistency and needlessly complicates its implementation. After discussions with the Tax Commission, I am convinced that this should be enacted with the dates aligned.

Because I believe the underlying tax policy, if implemented with consistent dates, is a positive amendment to our tax code, I have committed to the sponsor to bring this bill back in the upcoming special session to pass the legislation with consistent dates.

For these reasons, I disapprove of and veto Senate Bill 94, CORPORATE FRANCHISE AND INCOME TAX AMENDMENTS and return it to the Senate.

Sincerely,

Gary R. Herbert

(b) Unless otherwise directed by a pedestrian traffic-control signal under Section 41-6a-306, a pedestrian facing a steady circular yellow or yellow arrow signal is advised that there is insufficient time to cross the roadway before a red indication is shown, and a pedestrian may not start to cross the roadway.

(b) Unless otherwise directed by a pedestrian traffic-control signal under Section 41-6a-306, a pedestrian facing a steady red signal alone may not enter the roadway.

(6) The operator of a vehicle approaching an intersection that has an inoperative traffic-control signal shall:

(a) stop before entering the intersection; and

(b) yield the right-of-way to any vehicle as required under Section 41-6a-901.

(7) (a) For an operator of a motorcycle, moped, or bicycle who is 16 years of age or older, it is an affirmative defense to a violation of Subsection (4)(a) if the operator of a motorcycle, moped, or bicycle facing a steady circular red signal or red arrow:

(i) brings the motorcycle, moped, or bicycle to a complete stop at the intersection or stop line;

(ii) determines that:

(A) the traffic-control signal has not detected the operator's presence by waiting a reasonable period of time of not less than 90 seconds at the intersection or stop line before entering the intersection;

(B) no other vehicle that is entitled to have the right-of-way under applicable law is sitting at, traveling through, or approaching the intersection; and

(C) no pedestrians are attempting to cross at or near the intersection in the direction of travel of the operator; and

(iii) cautiously enters the intersection and proceeds across the roadway.

(b) The affirmative defense under this section does not apply at an active railroad grade crossing as defined in Section 41-6a-1005, except as described in Section 41-6a-1203.

Section 2. Section 41-6a-1203 is amended to read:

(2) (a) Whenever a person operating a vehicle approaches a railroad grade crossing, the operator of the vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of the railroad track and may not proceed if:

(i) a clearly visible electric or mechanical signal device gives warning of the immediate approach of a train;

(ii) a crossing gate is lowered, or when a human flagman gives or continues to give a signal of the approach or passage of a train;

(iii) a railroad train approaching within approximately 1,500 feet of the highway crossing emits a signal audible and the train by reason of its speed or nearness to the crossing is an immediate hazard;

(iv) an approaching train is plainly visible and is in hazardous proximity to the crossing; or

(v) there is any other condition that makes it unsafe to proceed through the crossing.

(b) It is an affirmative defense to a violation of Subsection (2)(a) if the operator of a vehicle, facing a clearly visible electric or mechanical signal device described in Subsection (2)(a)(i):

(i) comes to a complete stop, as described in Subsection (2)(a);

(ii) determines that:

(3) (a) An operator of a vehicle who suspects a false activation or malfunction of a railroad grade crossing signal device where there is no gate or barrier may drive a vehicle through the railroad grade crossing after stopping if:

(i) the operator of a vehicle has a clear line of sight of at least one mile of the railroad tracks in all directions;

(ii) there is no evidence of an approaching train;

(iii) the vehicle can cross over the tracks safely; and

(iv) the operator of a school bus is compliant with written district policy.

(b) As soon as is reasonably possible, the operator of a school bus shall notify the driver's dispatcher and the dispatcher shall notify the owner of the railroad track where the grade crossing signal device is located of the false activation or malfunction.

(4) (a) A person may not drive a vehicle through, around, or under a crossing gate or barrier at a
railroad grade crossing if the railroad grade crossing is active.

(b) A person may not cause a non-rail vehicle, whether or not occupied, to pass through, around, over, or under or remain on a gate or barrier at a railroad grade crossing if the railroad grade crossing is active.

(c) A person may not cause a non-rail vehicle, whether or not occupied, to pass around, through, over, or under or remain in a rail or fixed guideway right-of-way in a manner that would cause a railroad train or other rail vehicle to make contact with the non-rail vehicle.

Dear President Niederhauser and Speaker Hughes,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to Senate Bill 249, TRAX CROSSING BARS OPERATIONS AMENDMENTS, and to explain my decision to veto the bill.

If allowed to go into law, this bill would endanger the safety of Utah drivers. Both Utah and Federal law require drivers to stop at train tracks when warning lights are flashing for their protection. Train/vehicle accidents are almost always fatal. Waiting at a flashing light for a few seconds may be inconvenient to some, but that small inconvenience prevents many unnecessary and devastating accidents.

For these reasons, I disapprove of and veto Senate Bill 249, TRAX CROSSING BARS OPERATIONS AMENDMENTS, and return it to the Senate.

Sincerely,

Gary R. Herbert

63M-1-1804. Motion picture incentives -- Standards to qualify for an incentive -- Limitations -- Content of agreement between office and motion picture company or digital media company.

(1) In addition to the requirements for receiving a motion picture incentive as set forth in this part, the office, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, shall make rules establishing:

(a) the standards that a motion picture company or digital media company must meet to qualify for the motion picture incentive; and

(b) criteria for determining the amount of the incentive.

(2) The office shall ensure that those standards include the following:

(a) an incentive may only be issued for a state approved production by a motion picture company or digital media company;

(b) financing has been obtained and is in place for the production; and

(c) the economic impact of the production on the state represents new incremental economic activity in the state as opposed to existing economic activity.

(3) With respect to a digital media project, the office shall consider economic modeling, including the costs and benefits of the digital media project to state and local governments in determining the motion picture incentive amount.

(B) highlighting the state of Utah and the Utah Film Commission in the motion picture credits; or

(C) other promotion opportunities as agreed upon by the office and the motion picture company; and

(c) A cash rebate incentive from the Motion Picture Incentive Restricted Account may not exceed \$2,500,000 per state approved production for a motion picture project.

(d) The office may not give a cash rebate incentive from the Motion Picture Incentive Restricted Account for a digital media project.

(6) The office shall ensure that the agreement entered into with a motion picture company or digital media company under Subsection (5)(a):

(a) details the requirements that the motion picture company or digital media company must meet to qualify for an incentive under this part;

(b) specifies:

(i) the nature of the incentive; and

(ii) the maximum amount of the motion picture incentive that the motion picture company or digital media company may earn for a taxable year and over the life of the production;

(c) establishes the length of time over which the motion picture company or digital media company may claim the motion picture incentive;

(d) requires the motion picture company or digital media company to retain records supporting its

Dear President Niederhauser and Speaker Hughes,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to Senate Bill 278, MOTION PICTURE INCENTIVE AMENDMENTS, and to explain my decision to veto the bill.

Tax incentives can be a very effective method of attracting business to the state and growing the Utah economy. However, motion picture related tax incentives, while important, do not provide the same return as other tax incentives we can and do offer.

Increasing the available tax incentive from $500,000 to $2,500,000, is not the most effective use of these important, but limited available incentive dollars. Moreover, the Utah Film Commission is in process of developing a long-term plan for the state to attract such filming activities to Utah. Enactment of this bill is premature.

For these reasons, I disapprove of and veto Senate Bill 278, MOTION PICTURE INCENTIVE AMENDMENTS and return it to the Senate.

Sincerely,

Dear President Niederhauser and Speaker Hughes,

Consistent with Article VII, Section 8 of the Utah Constitution, I am writing to inform you that I am allowing the following bills to go into law without my signature:

House Bill 368, EXECUTIVE COMPENSATION
Senate Bill 71, TAX COMMISSIONERS’ COMPENSATION
Senate Bill 116, PUBLIC SCHOOL DROPOUT RECOVERY

In regard to SB 116, PUBLIC SCHOOL DROPOUT RECOVERY, while we are making great progress in assuring that Utah students graduate from high school, we are still losing 1 out of every 5 students. I believe we should embrace all methods to re-engage those students and assist them in completing high school.

Schools currently engage in a variety of dropout prevention and recovery programs, and opportunities exist for them to work with private providers entering this market. These programs should be developed and implemented at the local level, and don’t need to be dictated by the legislature.

While I support the intent of SB 116, which is designed to improve dropout recovery programs, changes made to the final version of the bill left me with concern. Additionally, the bill did not include an appropriation, but it is estimated that the cost of implementation could reach $13.2 million. I think the bill has the potential to help provide support to our students and increase graduation rates. Despite my concerns with some of the details, I have allowed the bill to become law without my signature.

Sincerely,

Dear President Niederhauser and Speaker Hughes,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to certain items within Senate Bill 3, APPROPRIATIONS ADJUSTMENTS, and to explain my decision to veto these items within the bill.

I am vetoing 3 items within the 2015 APPROPRIATIONS ADJUSTMENTS:

1. Item 34, which is $31,500 to the Lieutenant Governor’s Office. This appropriation was intended to fund the policy associated with HB 186, STATE SCHOOL BOARD MEMBERSHIP AND ELECTION AMENDMENTS, which did not pass the Legislature and will not become law.

2. Item 175, which is $127,000 to the State School Board. This appropriation was intended to fund the policy associated with HB 186, STATE SCHOOL BOARD MEMBERSHIP AND ELECTION AMENDMENTS, which did not pass the Legislature and will not become law.

3. Item 177, which is $14,500 to the State School Board of Education. This appropriation was intended to fund the policy associated with SB 219, WORLD LANGUAGE PROFICIENCY RECOGNITION, which did not pass the Legislature and will not become law.

For these reasons, I disapprove of and veto Items 34, 175, and 177 of Senate Bill 3, APPROPRIATIONS ADJUSTMENTS, but otherwise sign and approve the bill.

**WHEREAS,** the Utah Commission on Criminal and Juvenile Justice’s 2007 study “Rape in Utah” found that one in three Utah women will be sexually assaulted in her lifetime, a rate that is higher than the national average for sexual assault crimes;  

**WHEREAS,** the Utah Department of Public Safety reports that in 2012, there were 966 reports of rape or attempted rape, which is one rape every nine hours;  

**WHEREAS,** research by the Utah Commission on Criminal and Juvenile Justice in 2007 and a United States Senate subcommittee 2010 hearing on crime and drugs indicate that many victims of sexual assault do not report the crime for fear of not being believed;  

**WHEREAS,** national research has shown that false reports of sexual assault are rare and no more common than false reports of other types of crime;  

**WHEREAS,** sexual assault is a violent crime and has devastating safety and health implications for every person in Utah, be they a victim, survivor, family member, loved one, friend, neighbor, or co-worker of a victim;  

**WHEREAS,** End Violence Against Women International has developed a public awareness campaign entitled “Start by Believing” a message that, in part, confronts the reality that many victims do not get the support they need when they do report a crime;  

**WHEREAS,** local governments and private business organizations around the state are adopting the Start by Believing campaign, and it is appropriate for Utah as a whole to support this simple and important message of support for victims of sexual assault; and  

**NOW, THEREFORE, BE IT RESOLVED** that the Legislature of the state of Utah, the Governor concurring therein, expresses support for victims of sexual assault and the Start by Believing campaign.  

**BE IT FURTHER RESOLVED** that the Legislature and the Governor designate the first Wednesday in April as “Start by Believing Day.”  

**BE IT FURTHER RESOLVED** that a copy of this resolution be sent to the state legislatures of the other 49 states, members of Utah’s congressional delegation, End Violence Against Women International, Chief Jerald Monahan, the Utah Sexual Violence Council, and the Utah Crime Victims Council.

CONCURRENT RESOLUTION RECOGNIZING THE 100TH ANNIVERSARY OF THE SETTLEMENT OF CLARION, UTAH

Chief Sponsor: Jon Cox
Senate Sponsor: Jim Dabakis

H.C.R. 3
Passed February 26, 2015
Approved March 25, 2015
Effective March 25, 2015

LONG TITLE
General Description:
This concurrent resolution of the Legislature and the Governor recognizes the 100th anniversary of the settlement of Clarion, Utah.

Highlighted Provisions:
This resolution:
- recognizes the 100th anniversary of the settlement of Clarion, Utah.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, for centuries European Jews were prohibited from owning land and were forced to abandon an agrarian existence for a more urban way of life;

WHEREAS, by the middle of the 19th Century, Jewish reformers advocated the Jews’ return to a “purer life” based on occupations that required manual labor;

WHEREAS, in 1911, the Jewish Agricultural and Colonial Association of Philadelphia purchased 6,085 acres of land and water rights in southern Sanpete County from the Utah State Land Board for an agricultural experiment that they named Clarion;

WHEREAS, members of the association who traveled to Utah reported to their friends and neighbors back east that the soil was fertile, that they were given official assurance that the Piute Canal would soon be completed as a new source of irrigation water, and that Clarion would meet the needs and aspirations of would-be farmers;

WHEREAS, Clarion land was settled in phases, beginning with the arrival of 12 men who worked collectively to prepare the land for planting and irrigation, and was divided into family farmsteads as more settlers arrived;

WHEREAS, at its high point, more than 200 men, women, and children lived in the Jewish colony and cultivated over 2,800 acres of land;

WHEREAS, Clarion became one of the largest Jewish agrarian colonies west of the Appalachian Mountains;

WHEREAS, the Clarion colonists found that life in arid Utah was different from the promises made by their leaders and Utah state officials, as the soil proved to be very poor and only productive with extensive irrigation;

WHEREAS, the Piute Canal, a necessary source of water for the farmers, was not finished until 1918, two years after the demise of Clarion;

WHEREAS, colonists’ morale was weakened by early and late frosts, heavy floods, crop failures, inexperience, and internal dissension;

WHEREAS, the deaths of two farmers and the loss of two babies in 1915 further weakened the colonists’ will to stay in Clarion, and when the
colony could not make payment on the land, the state of Utah foreclosed;

WHEREAS, most colonists returned to their former homes in eastern cities while a few Jewish families, unwilling to give up on their dream, settled land near Clarion where they successfully farmed into the late 1920s;

WHEREAS, for the Jewish settlers who came to Utah, Clarion was not just a theoretical experiment - it was a real opportunity, for themselves and their families, to escape the poverty and stress of life in the ghettos of eastern cities;

WHEREAS, these colonists had sounded a clarion call to all Jews to return to the land for spiritual and physical revival;

WHEREAS, in Utah, they believed that they had found a haven from the violence of the European pogroms and the poverty of American cities;

WHEREAS, the hurdles to success in Utah proved too high and the Jewish farmers could not sustain their experiment nor lead a movement of Jews back to the soil; and

WHEREAS, that they failed is their history, that they dreamed and struggled against insurmountable odds is their legacy:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, recognizes the 100th anniversary of the settlement of Clarion, Utah, and urge the citizens of the state to remember the determination, fortitude, and sacrifice of those who struggled to start a new life there.

BE IT FURTHER RESOLVED that the Legislature and the Governor recognize that the story of the settlers of Clarion is one of hope and determination to better themselves and a people.

CONCURRENT RESOLUTION URGING
DEVELOPMENT OF METHODS TO
MINIMIZE EXCESSIVE TESTING AND ITS
NEGATIVE IMPACTS ON THE
SCHOOLCHILDREN OF UTAH

Chief Sponsor: Marie H. Poulson
Senate Sponsor: Aaron Osmond

LONG TITLE
General Description:
This concurrent resolution of the Legislature and the Governor urges the development of methods and protocols that will minimize excessive standardized testing and its negative effects on Utah’s public schoolchildren.

Highlighted Provisions:
This resolution:
► expresses support for educators throughout the state of Utah who strive to minimize excessive testing and its negative effects on Utah’s public schoolchildren;
► urges that the Utah State Board of Education, with the participation of Utah’s local school boards, parents, and teachers, to study methods and protocols related to testing that, given the current restrictions imposed by federal law, minimize testing and maximize the integration of testing into an aligned curriculum;
► urges the Utah State Board of Education to report those methods and protocols to the Utah Legislature’s Education Interim Committee in the committee’s September 2015 meeting;
► urges that, at that same meeting, the Utah State Board of Education also report to the Education Interim Committee any methods, approaches, and protocols that may require legislation to implement; and
► urges the Utah State Board of Education to make these legislative recommendations to allow the Education Interim Committee time to study the issues and develop potential legislation for introduction in the Utah Legislature’s 2016 General Session.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the appropriate use of assessment is to inform daily instruction;

WHEREAS, excessive and unnecessary testing in public elementary and secondary schools is counterproductive;

WHEREAS, parents and educators care about how students learn and should be held responsible for using available data, including appropriate formative assessments, to inform and differentiate instruction for each student;

WHEREAS, since the enactment of the No Child Left Behind Act of 2001, Utah has been obliged to shift too much of its focus in public education from teaching to testing;

WHEREAS, although standardized testing is a partial measure of performance in school, undue emphasis on such testing combined with the attachment of high stakes leads to a situation in which teachers may feel pressure to spend more time preparing students to take tests and less time educating;

WHEREAS, this situation leads to students spending more time taking tests and less time learning;

WHEREAS, many parents, concerned and hopeful that their children will gain knowledge in school that prepares them to face economic and other life challenges, question how excessive testing prepares their children;
WHEREAS, standardized testing often emphasizes rote memorization of basic facts rather than deep understanding and application of concepts;

WHEREAS, overemphasis on standardized testing in certain core areas restricts the implementation of a broad, rich curriculum;

WHEREAS, excessive standardized testing limits students’ access to technology as a learning tool because this technology must be used to administer testing;

WHEREAS, high stakes standardized testing is different from and should not be confused with testing for Individualized Education Program development, Advanced Placement, International Baccalaureate, or American College Testing examinations for college credit;

WHEREAS, the Utah State Board of Education, with the participation of other stakeholders, should study and implement methods, approaches, and protocols related to testing that, given the current restrictions imposed by federal law, minimize the negative effects of testing and maximize the integration of testing into an aligned curriculum;

WHEREAS, the Utah State Board of Education should report those methods, approaches, and protocols it intends to implement to the Utah Legislature's Education Interim Committee in its September 2015 meeting; and

WHEREAS, at that same meeting, the Utah State Board of Education should also report to the Education Interim Committee any methods, approaches, and protocols that may require legislation to allow the Education Interim Committee time to study the issues and develop potential legislation for introduction in the Utah Legislature’s 2016 General Session:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, expresses support for educators throughout the state of Utah who strive to minimize excessive and unnecessary testing on Utah’s public schoolchildren.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge Utah’s education stakeholders, including the Utah State Board of Education, Utah’s local school boards, parents, and teachers to study and develop methods and protocols, for implementation in Utah’s public school classrooms, that minimize excessive and unnecessary testing on Utah’s public schoolchildren.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge that the Utah State Board of Education, with the participation of Utah’s local school boards, parents, and teachers, study methods and protocols related to testing that, given the current restrictions imposed by federal law, minimize testing and maximize the integration of testing into an aligned curriculum.
calls upon the leader of each legislative house in each of the other states to implement improved soil health as the primary means of removing atmospheric carbon dioxide to the maximum extent possible; and

urges Utah state agencies with authority to manage lands to increase soil carbon sequestration, or that may encourage greater soil carbon sequestration on private lands, to also develop plans to accomplish these goals for the benefit of the environment and citizens of the state of Utah.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the national debate over whether and to what extent human activity is contributing to climate change is increasingly heated and divisive;

WHEREAS, the federal government has identified carbon dioxide as a pollutant and as the major contributor to climate change;

WHEREAS, many of the proposals and technologies being considered by the federal government to reduce carbon dioxide emissions would, if implemented, cause major dislocation and great economic harm to the state of Utah and the nation;

WHEREAS, because of these negative impacts, many citizens strenuously oppose implementing the current carbon dioxide reduction proposals;

WHEREAS, forests, rangelands, and agricultural soils have long been recognized as major carbon sinks for removing and storing atmospheric carbon;

WHEREAS, these terrestrial carbon sinks have become less effective in storing atmospheric carbon in recent decades;

WHEREAS, due to sub-optimal management practices on vast acreages, terrestrial carbon sinks are actually releasing previously stored carbon into the atmosphere as carbon dioxide and therefore contributing to atmospheric carbon dioxide loading;

WHEREAS, in recent years, scientific research has resulted in much better understanding of the dynamics of healthy soil communities that are the active mechanism to sequester atmospheric carbon;

WHEREAS, in recent decades the development and application of advanced forestry, rangeland management, and agricultural practices have been demonstrated conclusively at the experimental, farm, and landscape scale to improve the health of these soil communities, thereby generating a wide range of economic and environmental benefits;

WHEREAS, these benefits include increased productivity and profitability of lands, restored native bio-diversity, improved watershed health and quality, improved quality and quantity of water, better wildlife habitat, increased resistance to drought, and in the long term, the sequestration of vast amounts of atmospheric carbon in the soil;

WHEREAS, while these advanced practices have been widely demonstrated in various locations, including Deseret Ranch in Utah, they have not been incorporated into federal land management practices to any significant degree;

WHEREAS, current unwise and unscientific rangeland management practices mandated by the federal government are not only the major cause of the continued widespread deterioration of public rangeland, and all the associated economic and environmental harm, but also are contributing to atmospheric carbon dioxide loading through the loss of carbon dioxide sequestered in these soils;

WHEREAS, far superior grazing policies, including those widely demonstrated at Deseret Ranch and other locations, could easily be adopted by federal management agencies and would not only reverse this current decline but would also heal ecosystems;

WHEREAS, these more effective grazing policies would produce a wide range of economic and environmental benefits;

WHEREAS, proven advanced forestry practices would, if adopted by federal land management agencies, substantially improve the health and productivity of forest lands, greatly reduce the risk of catastrophic fire, restore native biodiversity, and generate a wide range of other economic and environmental benefits while vastly increasing the amount of atmospheric carbon being sequestered;

WHEREAS, productive partnerships between federal, state, and local government agencies and private entities have shown great promise as they have implemented these best management practices on a landscape scale;

WHEREAS, terrestrial carbon sinks offer immense potential for removing vast amounts of atmospheric carbon;

WHEREAS, scientists calculate that if best management practices were applied to forests, rangelands, and agricultural lands, the lands have the potential to sequester all of the atmospheric carbon produced by human activities from the beginning of the Industrial Revolution to the present day;

WHEREAS, unlike the disruptive, unaffordable, and economically unsustainable approaches now being pursued, applying these techniques to sequester carbon long-term will result in net benefit to the public and private interests;

WHEREAS, this approach to carbon sequestration is clearly a win/win solution to the climate change debate;

WHEREAS, this approach effectively meets the concerns of those who believe that atmospheric carbon dioxide levels must be reduced while alleviating the concerns of those who oppose current approaches due to the harm to consumers, the state of Utah, and the nation because this approach generates major economic and environmental benefits at little or no net cost;

WHEREAS, Presidential Executive Order 13653 was signed in November 2013 and directs federal
agencies to prepare to deal with the effects of climate change; and

WHEREAS, this executive order has set as a goal for all federal agencies with any responsibility for natural resource management to “increase carbon sequestration”;

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, declares that emphasizing improved soil health as the primary means of removing atmospheric carbon dioxide represents a win/win solution to the current climate change controversy.

BE IT FURTHER RESOLVED that the Legislature and the Governor call on the President of the United States to direct those federal agencies currently permitted by law to implement management practices that increase soil carbon sequestration to develop, in a timely fashion, comprehensive plans to achieve the maximum amount of carbon sequestration possible in ways that will increase the economic and environmental productivity of rangelands.

BE IT FURTHER RESOLVED that the Legislature and the Governor find that these actions, if taken by the President of the United States, fit firmly within the purposes of the President's Executive Order 13653 and other statements made by the President.

BE IT FURTHER RESOLVED that the Legislature and the Governor call upon the leader of each legislative house in each of the other states to implement improved soil health as the primary means of removing atmospheric carbon dioxide to the maximum extent possible.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge all state agencies with authority to manage lands to increase soil carbon sequestration, or that may encourage greater soil carbon sequestration on private lands, to also develop plans to accomplish these goals for the benefit of the environment and citizens of the state of Utah.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the United States Secretary of the Interior, the United States Secretary of Agriculture, the United States Secretary of Health and Human Services, the United States Secretary of Housing and Urban Development, the United States Secretary of Commerce, the United States Secretary of Energy, the United States Secretary of Transportation, the United States Environmental Protection Agency, the leader of each legislative house in each of the other states, and the members of Utah’s congressional delegation.
benefits that would otherwise be gained by the Commission’s force structure recommendations;

WHEREAS, the increasingly complex security environment with its evolving asymmetric threats require greater collaboration between Utah communities and local, state, and federal authorities;

WHEREAS, the Legislature of the state of Utah and the Governor of Utah in the 2014 legislative session appropriated $300,000 to study the value and benefit of co-locating the Utah Air National Guard with its KC–135R, Air Control, Intelligence, and other support missions with other active and reserve components at Hill Air Force Base to achieve the integration and efficiencies identified by the Commission;

WHEREAS, the United States Congress has provided ample authority to enable innovative solutions to reduce infrastructure, consolidate military forces, and increase total force integration, including the exchange authority in United States Code, Title 10, Section 18240, allowing the exchange of reserve component facilities such as those located at the Salt Lake International Airport at the Roland R. Wright Air National Guard Base;

WHEREAS, the United States Air Force, recognizing the strategic value and location of Hill Air Force Base, adjacent to the Utah Test and Training Range, selected the 388th Fighter Wing and the Air Force Reserve 419th Fighter Wing to become the USAF’s first operational units flying the F–35A Lightning II, with the first jet projected to arrive at Hill Air Force Base in September 2015 and at least 72 jets projected to arrive in total;

WHEREAS, the Utah Test and Training Range provides responsive open air training and test services that support day-to-day training, large force training exercises, and large footprint weapons testing, thus assuring superiority for America’s war fighters and their weapons systems; and

WHEREAS, the citizens of the state of Utah have demonstrated a legacy of support for national defense Hill Air Force Base being the direct result of a collaborative community, state, and federal effort beginning in 1935:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, expresses support for continuing Utah’s legacy of support for national defense by collaboratively working with community, state, and national stakeholders to meet the challenge of today’s budgetary and security environment by using the reserve component exchange and other authority to achieve required force integration, infrastructure consolidation, cost savings, and new efficiencies in the interest of the nation’s long-term security.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the United States Department of Defense, the United States Air Force, the National Guard Bureau, and the members of Utah’s congressional delegation.

JOINT RESOLUTION AMENDING CIVIL PROCEDURE RULE 62
Chief Sponsor: Douglas V. Sagers
Senate Sponsor: Curtis S. Bramble

LONG TITLE
General Description:
This joint resolution amends Utah Rules of Civil Procedure, Rule 62.

Highlighted Provisions:
This resolution:
- amends Utah Rules of Civil Procedure, Rule 62, by eliminating the requirement that municipalities post a bond when appealing a judgment over $5,000,000.

Special Clauses:
This resolution provides a special effective date.

Utah Rules of Civil Procedure Affected:
AMENDS:
Rule 62, Utah Rules of Civil Procedure

Be it resolved by the Legislature of the state of Utah, two-thirds of all members elected to each of the two houses voting in favor thereof:

As provided in Utah Constitution Article VIII, Section 4, the Legislature may amend rules of procedure and evidence adopted by the Utah Supreme Court upon a two-thirds vote of all members of both houses of the Legislature:

Section 1. Rule 62, Utah Rules of Civil Procedure is amended to read:

Rule 62. Stay of proceedings to enforce a judgment.

(a) Delay in execution. No execution or other writ to enforce a judgment may issue until the expiration of ten days after entry of judgment, unless the court in its discretion otherwise directs.

(b) Stay on motion for new trial or for judgment. In its discretion and on such conditions for the security of the adverse party as are proper, the court may stay the execution of, or any proceedings to enforce, a judgment pending the disposition of a motion for a new trial or to alter or amend a judgment made pursuant to Rule 59, or of a motion for relief from a judgment or order made pursuant to Rule 60, or of a motion for judgment in accordance with a motion for a directed verdict made pursuant to Rule 50, or of a motion for amendment to the findings or for additional findings made pursuant to Rule 52(b).

(c) Injunction pending appeal. When an appeal is taken from an interlocutory order or final judgment granting, dissolving, or denying an injunction, the court in its discretion may suspend, modify, restore, or grant an injunction during the pendency of the appeal upon such conditions as it considers proper for the security of the rights of the adverse party.

(d) Stay upon appeal. When an appeal is taken, the appellant by giving a supersedeas bond may obtain a stay, unless such a stay is otherwise prohibited by law or these rules. The bond may be given at or after the time of filing the notice of appeal. The stay is effective when the supersedeas bond is approved by the court.

(e) [¶] Stay in favor of the state, or agency thereof. When an appeal is taken by the United States, the state of Utah, or an officer or agency of either, or by direction of any department of either, and the operation or enforcement of the judgment is stayed, no bond, obligation, or other security shall be required from the appellant.

[¶] For purposes of this rule, a municipality shall not be considered a state agency exempt from the requirement of posting a bond, obligation, or other security when appealing a judgment for any amounts in excess of $5,000,000. To stay the enforcement of any judgment over $5,000,000, the municipality shall be required to post security with the appellate court in the amount by which the judgment exceeds the sum of $5,000,000 and for any interest that may accrue during the appeal.

(f) Stay in quo warranto proceedings. Where the defendant is adjudged guilty of usurping, intruding into or unlawfully holding public office, civil or military, within this state, the execution of the judgment shall not be stayed on an appeal.

(g) Power of appellate court not limited. The provisions in this rule do not limit any power of an appellate court or of a judge or justice thereof to stay proceedings or to suspend, modify, restore, or grant an injunction, or extraordinary relief or to make any
order appropriate to preserve the status quo or the effectiveness of the judgment subsequently to be entered.

(h) Stay of judgment upon multiple claims. When a court has ordered a final judgment on some but not all of the claims presented in the action under the conditions stated in Rule 54(b), the court may stay enforcement of that judgment until the entering of a subsequent judgment or judgments and may prescribe such conditions as are necessary to secure the benefit thereof to the party in whose favor the judgment is entered.

(i) Form of supersedeas bond; deposit in lieu of bond; waiver of bond; jurisdiction over sureties to be set forth in undertaking.

(i) (1) A supersedeas bond given under Subdivision (d) may be either a commercial bond having a surety authorized to transact insurance business under Title 31A, or a personal bond having one or more sureties who are residents of Utah having a collective net worth of at least twice the amount of the bond, exclusive of property exempt from execution. Sureties on personal bonds shall make and file an affidavit setting forth in reasonable detail the assets and liabilities of the surety.

(i) (2) Upon motion and good cause shown, the court may permit a deposit of money in court or other security to be given in lieu of giving a supersedeas bond under Subdivision (d).

(i) (3) The parties may by written stipulation waive the requirement of giving a supersedeas bond under Subdivision (d) or agree to an alternate form of security.

(i) (4) A supersedeas bond given pursuant to Subdivision (d) shall provide that each surety submits to the jurisdiction of the court and irrevocably appoints the clerk of the court as the surety’s agent upon whom any papers affecting the surety’s liability on the bond may be served, and that the surety’s liability may be enforced on motion and upon such notice as the court may require without the necessity of an independent action.

(j) Amount of supersedeas bond.

(j) (1) Except as provided in subsection (j)(2), a court shall set the supersedeas bond in an amount that adequately protects the judgment creditor against loss or damage occasioned by the appeal and assures payment in the event the judgment is affirmed. In setting the amount, the court may consider any relevant factor, including:

(j) (1) (A) the judgment debtor’s ability to pay the judgment;

(j) (1) (B) the existence and value of security;

(j) (1) (C) the judgment debtor’s opportunity to dissipate assets;

(j) (1) (D) the judgment debtor’s likelihood of success on appeal; and

(j) (1) (E) the respective harm to the parties from setting a higher or lower amount.

(j) (2) Notwithstanding subsection (j)(1):

(j) (2) (A) the presumptive amount of a bond for compensatory damages is the amount of the compensatory damages plus costs and attorney fees, as applicable, plus 3 years of interest at the applicable interest rate;

(j) (2) (B) the bond for compensatory damages shall not exceed $25 million in an action by plaintiffs certified as a class under Rule 23 or in an action by multiple plaintiffs in which compensatory damages are not proved for each plaintiff individually; and

(j) (2) (C) no bond shall be required for punitive damages.

(j) (3) If the court permits a bond that is less than the presumptive amount of compensatory damages, the court may also enter such orders as are necessary to protect the judgment creditor during the appeal.

(j) (4) If the court finds that the judgment debtor has violated an order or has otherwise dissipated assets, the court may set the bond under subsection (j)(1) without regard to the limits in subsection (j)(2).

(k) Objecting to sufficiency or amount of security. Any party whose judgment is stayed or sought to be stayed pursuant to Subdivision (d) may object to the sufficiency of the sureties on the supersedeas bond or the amount thereof, or to the sufficiency or amount of other security given to stay the judgment by filing and giving notice of such objection. The party so objecting shall be entitled to a hearing thereon upon five days notice or such shorter time as the court may order. The burden of justifying the sufficiency of the sureties or other security and the amount of the bond or other security, shall be borne by the party seeking the stay, unless the objecting party seeks a bond greater than the presumed limits of this rule. The fact that a supersedeas bond, its surety or other security is generally permitted under this rule shall not be conclusive as to its sufficiency or amount.

Section 2. Effective date.

This resolution takes effect upon approval by a constitutional majority vote of all members of the Senate and House of Representatives.

HOUSE RESOLUTION REGARDING
MATHEMATICS PROFICIENCY AMONG
HIGH SCHOOL STUDENTS

Chief Sponsor: Steve Eliason

LONG TITLE

General Description:
This resolution of the House of Representatives
expresses support for a requirement that a Utah
high school student be enrolled in, and pass, a
mathematics course all four years of high school
unless the student demonstrates mathematics
proficiency.

Highlighted Provisions:
This resolution:
- recognizes the need for a highly educated
workforce;
- recognizes the importance of attaining
proficiency in mathematics while in high school;
and
- urges the State Board of Education to consider a
requirement that a high school student be
enrolled in, and pass, a mathematics course all
four years of high school unless the student
demonstrates mathematics proficiency through
completing certain high-level mathematics
courses or through testing.

Special Clauses:
None

Be it resolved by the House of Representatives of the
state of Utah:

WHEREAS, the state of Utah, Governor Gary
Herbert, and the business community have
indicated that future economic success requires a
significant, continued, and focused effort to create a
highly educated workforce with the necessary skills
for employment;

WHEREAS, the Governor has set a goal to have
66% of the state’s population between the ages of 25
and 35 achieve a post-secondary degree or
certificate by 2020;

WHEREAS, a central component of Utah’s
statewide strategy is to increase degree and
certification production in economic areas
identified as high-demand and high-wage earning,
with an emphasis on science, engineering, and
health professions;

WHEREAS, this strategy requires significant
focus on core academics, primarily mathematics,
which prepares students for high-demand,
high-wage occupations;

WHEREAS, many Utah industries, including
technology, manufacturing, healthcare, and
engineering are facing a significant shortage of the
appropriately skilled, talented workers necessary
to meet current industry employment needs;

WHEREAS, significant progress toward
preparing individuals to meet industry needs in
high-demand, high-wage employment sectors
requires increasing focus and rigor in critical core
academic areas, such as mathematics;

WHEREAS, increased focus and rigor in
mathematics will provide economic opportunities
for Utah’s citizens and accelerate Utah’s continued
economic growth;

WHEREAS, the increased rigor of four years of
required mathematics for high school students has
been identified as a best practice in education;

WHEREAS, the states with the top performing
schools, such as Massachusetts, Maryland, and
Washington, have this requirement;

WHEREAS, requiring Utah high school students
to demonstrate mathematics proficiency or
complete four years of mathematics during high
school would not change the net number of hours
that students are required to spend in the classroom
or the net number of hours that teachers would be
required to spend teaching;

WHEREAS, given the Utah Constitution’s charge
that the State Board of Education exercise “general
control and supervision,” it is appropriate for this
issue to be addressed by the board;

WHEREAS, exceptions for special education
students and other circumstances may be
considered when setting such a policy;

WHEREAS, Dr. Ruth V. Watkins, PhD, the
Senior Vice President for Academic Affairs at the
University of Utah, recently said, “One of the most
influential actions we can take to strengthen
academic preparation and increase college success
-- through baccalaureate degree completion -- is to
require four years of mathematics during high
school. This ensures that students are
academically prepared to enter college and
successfully complete math course work in their
freshman year.”;

WHEREAS, more than 50% of Utah students
entering the higher education system require
mathematics remediation and developmental
courses at significant cost to both students and
taxpayers;

WHEREAS, students entering college who
require remediation or developmental courses are
significantly less likely to graduate;

WHEREAS, requiring high school students to
demonstrate mathematics proficiency or complete
four years of mathematics during high school is one
of the most influential policy levers available to
strengthen academic preparation and increase
college success; and

WHEREAS, the House of Representatives of the
state of Utah recognizes that there may be a need to
address future increased resources necessary for
successful implementation:

NOW, THEREFORE, BE IT RESOLVED that the
House of Representatives of the state of Utah urges
the Utah State Board of Education to consider a
requirement that a college-bound high school student be enrolled in, and pass, a mathematics course all four years of high school unless the student demonstrates mathematics proficiency through completing certain high-level mathematics courses or through testing.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the State Board of Education.

Sec. 1533), a petition finding or proposed regulation for greater sage-grouse for a period of 10 years through and including fiscal year 2025.

BE IT FURTHER RESOLVED that during this period, the state of Utah will implement its sage-grouse conservation plan, thereby establishing and enhancing its efficacy over time.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges Congress to enact legislation recognizing and encouraging state primacy in the long-term management of sage-grouse and its habitat to ensure an effective and balanced approach that seeks to recover and protect sage-grouse populations while protecting state economic interests, educational funding from state lands, and valid existing rights, including private property rights.
Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the Antiquities Act of 1906, 16 U.S.C. Sec. 431, authorizes the President of the United States to bypass congressional, state, and local land management policies and tie up any federal land in a state through national monument declarations;

WHEREAS, the Antiquities Act requires that a national monument be designated within the smallest area compatible with the proper care of federal lands containing historic landmarks, historic and prehistoric structures, or other objects of historic or scientific interest;

WHEREAS, in 1996, the President of the United States abused the intent of the Antiquities Act with the creation of the Grand Staircase–Escalante National Monument without any consultation with state and local authorities or citizens;

WHEREAS, the size of the Grand Staircase–Escalante National Monument in Garfield and Kane counties far exceeded “the smallest areas compatible” with the feigned objectives of that monument;

WHEREAS, the Antiquities Act fails to provide public, local, state, or congressional participation in the act’s limited processes compared with the public participation and environmental review aspects of other federal laws, including the Federal Land Policy and Management Act of 1976 (FLPMA) and the National Environmental Policy Act (NEPA);

WHEREAS, a confirmed United States Department of Interior internal memorandum declares other areas in Utah “may be good candidates for National Monument designation under the Antiquities Act”;

WHEREAS, the Tenth Amendment to the United States Constitution states, “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States”;

WHEREAS, lands in the San Rafael Swell and Cedar Mesa areas of Utah are currently managed by the United States Bureau of Land Management (BLM) under the FLPMA;

WHEREAS, FLPMA directs the BLM to manage public lands according to Resource Management Plans which “shall be consistent with State and local plans to the maximum extent [the Secretary of Interior] finds consistent with Federal law and the purpose of [FLPMA]”;

WHEREAS, the state of Utah and the counties of Emery, Wayne, and San Juan have recently completed an expensive and protracted multi-year FLPMA and NEPA process with the BLM and the public to revise and update the BLM’s Resource Management Plans in planning areas which include the San Rafael Swell and Cedar Mesa areas;

WHEREAS, the revised Resource Management Plans do not call for the creation of national monuments in the San Rafael Swell and Cedar Mesa areas;

WHEREAS, creating national monuments in the San Rafael Swell and Cedar Mesa areas would violate and undercut the integrity of the Resource Management Plans revision process in Emery, Wayne, and San Juan counties where the San Rafael Swell and Cedar Mesa areas are situated, and would be inconsistent with the plans and policies of the state of Utah and those counties and their duly elected governmental boards and leaders;

WHEREAS, creating national monuments in these areas would violate the constitutional guarantee of a republican form of government as well as federal statutory consistency requirements of FLPMA;

WHEREAS, a presidential proclamation declaring national monuments in the San Rafael Swell and Cedar Mesa areas would single-handedly bypass the revised Resource Management Plans and the universal opposition by the duly elected leaders of the state of Utah and the affected counties;

WHEREAS, Utah favors protecting the remarkably scenic, recreational, and sensitive areas of the San Rafael Swell and Cedar Mesa areas;

WHEREAS, continued grazing and environmentally sensitive energy and mineral development in the San Rafael Swell and Cedar Mesa areas can be done in such a way as to protect and preserve scenic and recreational values;

WHEREAS, as history has demonstrated in the case of the Grand Staircase–Escalante National Monument, many thousands of acres of important resources and values have been closed to reasonable development due to the multi-hundred thousand acre national monument designation;

WHEREAS, Congress has considered numerous proposals to abolish or limit the President’s authority to establish monuments under the Antiquities Act in recent years; and

WHEREAS, Utah’s economy, industry, culture, way of life, and its viability as a sovereign state guaranteed a republican form of government depend on reasonable multiple-use access to the BLM lands in the San Rafael Swell and Cedar Mesa areas of the state, most of which would be taken away through national monument designation:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, expresses its support for Congress to create a common sense process for the federal government to establish a national monument in any state that includes extensive public participation and local and state involvement.

BE IT FURTHER RESOLVED that the Legislature and the Governor express their opposition to the presidential creation of any large
The Antiquities Act's smallest-area-compatible mandate.

BE IT FURTHER RESOLVED that the Legislature and the Governor declare that this unchecked exercise of power concentrated in the President portends serious consequences for Utah, as nearly 60% of the state is federally owned.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge Congress to check the President's ability to exercise such power by amending the Antiquities Act to clarify its actual intent, which is to establish small discrete monuments or memorials as existed in Utah prior to the unfortunate creation in 1996 of the Grand Staircase-Escalante National Monument.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah’s congressional delegation.

LONG TITLE

General Description:
This concurrent resolution of the Legislature and the Governor expresses strong support for all military personnel who served and sacrificed in the Vietnam War.

Highlighted Provisions:
This resolution:
- expresses strong support for all military personnel who served and sacrificed in the Vietnam War, no matter the political affiliation and disagreements over the Vietnam War, and calls on all Americans to show that support to all those who wear the uniform;
- offers a heartfelt, belated welcome home and expression of gratitude to all Vietnam War military personnel; and
- urges communities across the state of Utah to consider appropriate expressions of support and recognition for Vietnam veterans living in their midst.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:
WHEREAS, we are fortunate to live in a time when military personnel returning from the battlefield are greeted with heartfelt respect and gratitude;
WHEREAS, in the 1960s and 1970s, many Vietnam War veterans returning from service received a very different reception;
WHEREAS, members of the United States Armed Forces who served bravely and faithfully for the United States during the Vietnam War were often wrongly criticized for their government’s policy decisions;
WHEREAS, the Vietnam War was an extremely divisive issue and a conflict that caused a generation of veterans to wait too long for the American public to acknowledge and honor their efforts and services;
WHEREAS, like any large-scale conflict, the Vietnam War was filled with pain, horror, and brutality;
WHEREAS, unfortunately, expressions of bitterness, anger, and hatred regarding the United States’ involvement in the war were aimed not only at those whose decisions placed the United States in the conflict, but also at those who heeded the call to serve their country in the armed forces;
WHEREAS, those who fought in the Vietnam War have always felt a debt to those who never came home, who served and left this earth too soon;
WHEREAS, it is a national shame and disgrace that Americans did not welcome home our troops from Vietnam with open arms and yellow ribbons, but instead with harsh criticism and denigration;
WHEREAS, thanks to the example of Vietnam veterans who warmly welcome home troops from
Iraq and Afghanistan, Americans have only in recent years learned how to properly show appreciation for the warriors who serve this country with valor, regardless of the debate over the issue of war itself;

WHEREAS, Vietnam War memorials in communities throughout the state have done much to remind citizens of the need to support veterans, both then and now, who are battered and in need of help from those in whose place they fought;

WHEREAS, Remember My Service Productions is the project coordinator for an unprecedented gift to recognize all 7.4 million Vietnam veterans during the peak 50th commemorative years of 2015-17;

WHEREAS, a commemorative gift presented to each Vietnam veteran in every state will be produced on behalf of a non-profit coalition, including the Association of the United States Army and the Naval Historical Foundation;

WHEREAS, the gift includes a hardbound, 160-page book, “A Time to Honor: Stories of Service and Sacrifice”; a feature documentary, “To Honor and Remember”; an interactive eBook; and digital archives of all Vietnam-era Division magazines; and

WHEREAS, the state of Utah sent almost 28,000 young men to Vietnam putting our state fifth highest per capita and an estimated 47,000 Vietnam veterans are Utah residents today:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, stands united in its strong support of all military personnel who served and sacrificed in the Vietnam War, no matter the political affiliation and disagreements over the Vietnam War, and calls on all Americans to show that support to all those who wear the uniform.

BE IT FURTHER RESOLVED that the Legislature and the Governor welcome you, our Vietnam War veterans, home 50 years too late, but with heartfelt gratitude for your service.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge communities across the state to consider appropriate expressions of support and recognition for Vietnam veterans living in their midst.

WHEREAS, Hill Air Force Base is the largest single-site employer within the state of Utah;

WHEREAS, 25,563 direct personnel work within Hill Air Force Base, including 5,525 military, 3,767 military dependents, and 12,545 civilians;

WHEREAS, Hill Air Force Base has a total annual economic impact of $3.31 billion;

WHEREAS, Hill Air Force Base’s 388th Fighter Wing and the Air Force Reserve 419th Fighter Wing will become the Air Force’s first operational squadrons of the F-35 Joint Strike Fighter;

WHEREAS, 72 jets will be supported by these fighter wings;

WHEREAS, for aircrew training and weapons testing, the Utah Test and Training Range is the largest overland safety footprint available in the Department of Defense;

WHEREAS, 5th generation weapons, including the F-35 Joint Strike Fighter, the F-22 Raptor, and weapons such as the future Long-Range Strike Bomber and long-range, ultra-fast, non-nuclear, hypersonic weapons, require a larger weapons testing footprint than exists within the current Utah Test and Training Range;

WHEREAS, each year, the Department of Defense publishes a Sustainable Ranges Report to Congress;

WHEREAS, this report summarizes the department’s actions to ensure the long-term sustainability of its ranges;
WHEREAS, consistently highlighted in these reports are three Utah Test and Training Range deficiencies:

- no new federal wilderness will be designated through this proposal;
- the grazing permits currently contained within the withdrawn areas will be maintained;
- Interstate 80 will not be closed as a result of this proposal;
- current restricted airspace and military operating area of airspace will not be expanded, adjusted, or changed through this proposal;
- nothing in this proposal relating to the reestablishment of bighorn sheep in the Newfoundland Mountains will change existing agreements between the Air Force, the Bureau of Land Management, the Utah Department of Natural Resources, and the Utah Division of Wildlife Resources;
- no munitions ordinance will intentionally land or be detonated within the withdrawn areas;
- in the event of the release of unintended munitions ordinance onto the withdrawn lands, the Secretary of the Air Force will conduct the land appropriate response activities in accordance with applicable laws and regulations;
- nothing in the proposal will prevent the use, access to, or access of ground emergency response, to the withdrawn areas;
- access to the Knolls Special Recreation Management Area will continue, except through temporary closures by the Air Force;
- this proposal will not limit or alter any existing rights to access National Historic Trails, or other federal or state historic landmarks, except through temporary closures by the Air Force; and

BE IT FURTHER RESOLVED that the Legislature and the Governor support the continued exploration of this plan but reserves the approval or rejection required by Utah Code Section 63L-2-201 until the body is presented with a final proposal.

CONCURRENT RESOLUTION REGARDING PUBLIC LANDS INITIATIVE

Chief Sponsor: David P. Hinkins
House Sponsor: Scott H. Chew

LONG TITLE

General Description:
This concurrent resolution of the Legislature and the Governor expresses support for the Public Lands Initiative and for locally driven land use planning over unilateral federal action regarding Utah’s public lands.

Highlighted Provisions:
This resolution:
• expresses support to counties in Utah that choose to participate in the Public Lands Initiative;
• expresses the Legislature’s commitment to the ideals of local control, local ownership, and local lands management;
• expresses the Legislature’s preference for locally driven land use planning over the unilateral use of the Antiquities Act of 1906;
• expresses support for the efforts of Utah’s congressional delegation and participating counties in Utah to bring some resolution to the long-standing public land disputes; and
• encourages the ongoing Public Lands Initiative to move forward.
Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, perpetual land management, land use, and access disputes on public lands in the state reduce economic development opportunities in local communities and impede successful management of lands and resources;

WHEREAS, resolving perpetual land management, land use, and access disputes would bring regulatory certainty to local governments, spur economic development, and improve land, wildlife, air, water, forest, and range health;

WHEREAS, the Public Lands Initiative (PLI), an effort spearheaded by Utah’s congressional delegation, the Governor’s Office, Native American tribes, non-governmental organizations, and various Utah counties, is intended to bring resolution to perpetual land management, land use, and access disputes and create some regulatory certainty for the citizens in Utah’s public lands counties;

WHEREAS, PLI has the potential to boost mineral production, create jobs and economic growth, diminish the federal footprint in local communities, protect livestock grazing, enhance outdoor recreational opportunities, and increase state and local management of lands and resources;

WHEREAS, PLI provides an opportunity to relocate captured school trust parcels into more accessible, energy-rich areas of the state that could provide a higher return for Utah’s schoolchildren;

WHEREAS, PLI is complementary to Utah’s Transfer of Public Lands Act, as both efforts are designed to bring greater local control, local ownership, and public lands management to local communities;

WHEREAS, nothing in the PLI will prejudice the Utah’s Transfer of Public Lands Act;

WHEREAS, the PLI is a critical first step in ongoing efforts to restore state control over the land within the state’s border;

WHEREAS, Utah’s congressional delegation, the Governor’s Office, and the Legislature are committed to empowering local elected officials and garnering support from those closest to the land as part of PLI;

WHEREAS, several locations in Utah have been listed on United States Department of the Interior national monument planning documents;

WHEREAS, the Legislature and the Governor prefer locally driven land use planning over the unilateral use of the Antiquities Act of 1906; and

WHEREAS, unilateral executive actions in any Utah county would impede locally driven planning efforts and likely stifle future public land management progress:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, expresses strong support to counties in Utah that choose to participate in the Public Lands Initiative.

BE IT FURTHER RESOLVED that the Legislature and the Governor express their commitment to the ideals of local control, local ownership, and local lands management and the belief that the Public Lands Initiative would strengthen these ideals.

BE IT FURTHER RESOLVED that the Legislature and the Governor express their preference for locally driven land use planning over the unilateral use of the Antiquities Act of 1906.

BE IT FURTHER RESOLVED that the Legislature and the Governor express support for the efforts of Utah’s congressional delegation and Utah’s participating counties to bring some resolution to long-standing public land disputes and encourage the Public Lands Initiative to move forward.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the Secretary of the United States Department of the Interior, the Utah Association of Counties, the Utah League of Cities and Towns, the Governor’s Office of Economic Development, the Utah Chamber of Commerce, the Native American Tribes participating in the Public Lands Initiative, and the members of Utah’s congressional delegation.
Be it resolved by the Legislature of the state of Utah:

WHEREAS, “putative father” means a man who may be the biological father of a child because the man had a sexual relationship with a woman to whom he is not married;

WHEREAS, “putative father registry” means a registry of putative fathers maintained and used by a state as part of its legal process for protecting a putative father’s rights;

WHEREAS, “state” includes a state, district, or territory of the United States;

WHEREAS, because states do not share putative father registry information, a putative father must register with the state in which his child will be born to preserve the putative father’s rights;

WHEREAS, a putative father may not know in which state his child will be born if the child’s mother does not inform him of where she intends to give birth or if she misleads him about where she intends to give birth;

WHEREAS, without accurate information about where his child will be born, a putative father does not know in which state he must register to preserve his rights;

WHEREAS, the United States Congress has not yet enacted legislation facilitating the interstate sharing of putative father registry information;

WHEREAS, Utah has created the Compact for Interstate Sharing of Putative Father Registry Information, which any state, district, or territory of the United States may join by enacting the compact into state law:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah urges each state, district, and territory of the United States to enact the Compact for Interstate Sharing of Putative Father Registry Information.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah urges the Uniform Law Commission to develop model state laws that promote the interstate sharing of putative father registry information.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah urges the United States Congress to enact legislation that promotes the interstate sharing of putative father registry information, while respecting state control over related public policies.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the legislative bodies of each state, district, and territory of the United States; the Uniform Law Commission; the Majority Leader of the United States Senate; the Speaker of the United States House of Representatives; and the members of Utah’s congressional delegation.

JOINT RESOLUTION URGING CONGRESS TO SUPPORT EQUITY AND SALES TAX FAIRNESS

Chief Sponsor: Wayne A. Harper
House Sponsor: Steve Eliason

LONG TITLE

General Description:
This joint resolution of the Legislature urges the United States Congress to pass legislation for fair and constitutional collection and remittance of state and local sales and use taxes by both in-state and remote sellers.

Highlighted Provisions:
This resolution:

► urges Congress to pass, without delay, federal legislation for the fair and constitutional collection of state and local sales and use taxes;

► urges that Congress consider the following principles and ideas when drafting the legislation:

• utilizing state–provided or state–certified tax collection and remittance software that is simple to implement and maintain;

• immunity from civil liability for retailers utilizing state–provided or state–certified software in tax collection and remittance;
• tax audit accountability to a single state tax audit authority;
• elimination of interstate tax complexity by streamlining taxable good categories;
• adoption of a meaningful small business exception so that small businesses that sell remotely are not adversely affected by the legislation; and
• fair compensation to the tax collecting retailer; and

WHEREAS, any federal legislation should be fair to both in-state and remote sellers and purchasers, whether such legislation requires sales and use taxes to be collected on a point of sale or point of delivery basis;

WHEREAS, Congress, in considering federal legislation, should consider the following principles and ideas:
• utilizing state–provided or state–certified tax collection and remittance software that is simple to implement and maintain;
• immunity from civil liability for retailers utilizing state–provided or state–certified software in tax collection and remittance;
• tax audit accountability to a single state tax audit authority;
• elimination of interstate tax complexity by streamlining taxable good categories;
• adoption of a meaningful small business exception so that small businesses that sell remotely are not adversely affected by the legislation; and
• fair compensation to the tax collecting retailer;

WHEREAS, the Utah State Legislature and other state legislatures have acknowledged the complexities of the current sales and use tax system, formulated varied alternative collection systems, and shown the political will to make changes in their respective sales and use tax systems;

WHEREAS, the enactment of legislation by Congress that allows states to require remote sellers to collect the states' sales and use taxes will facilitate the states' ability to enforce their current laws for collecting sales and use taxes on remote sales;

WHEREAS, requiring remote sellers to collect sales and use taxes may broaden Utah's sales and use tax base and potentially enable the Utah State Legislature to lower sales and use tax rates;

WHEREAS, empowering states to collect sales and use taxes on in-state and remote sales is consistent with the Tenth Amendment to the United States Constitution and is a states' rights issue; and

WHEREAS, adoption of hybrid origin sourcing provisions in legislation enacted by Congress will:
• create an unlevel playing field between in–state and remote sellers by giving an advantage to those remote sellers located in the lowest rate state;
• result in a tax increase on all purchasers who make purchases from remote sellers located in any taxing jurisdiction with a rate higher than the rate in the purchaser's jurisdiction;
• require purchasers to pay sales or use tax on certain purchases from remote sellers that are currently exempt from sales and use tax;
• require sellers that make both remote and non-remote sales to have two tax calculation systems operating simultaneously;

WHEREAS, adoption of hybrid origin sourcing provisions in legislation enacted by Congress will:

WHEREAS, the United States Supreme Court also declared in the Quill Corp. v. North Dakota decision that Congress could exercise its authority under the commerce clause of the United States Constitution to decide "whether, when, and to what extent" the states may require sales and use tax collection and remittance on remote sales;

WHEREAS, states and localities that use sales and use taxes as a revenue source may not collect revenue from some portion of remote sales commerce;

WHEREAS, since 1999, various state legislators, governors, local elected officials, state tax administrators, and representatives of the private sector have worked together to develop a streamlined sales and use tax system currently adopted in some form in 24 states under the Streamlined Sales and Use Tax Agreement;

WHEREAS, between 2001 and 2002, forty states enacted legislation expressing their intent to simplify the states' sales and use tax collection systems, and to participate in discussions to allow for the collection of states' sales and use taxes;

WHEREAS, the actions of these states provide justification for Congress to enact legislation to allow states to require remote sellers to collect the states' sales and use taxes;

| Special Clauses: | None |

Be it resolved by the Legislature of the state of Utah:

WHEREAS, feral horses and burros are well established and abundant in Utah and across the West;

WHEREAS, feral horse and burro numbers in Utah significantly exceed, in many management areas, the population objectives established by the United States Forest Service and Bureau of Land Management pursuant to the Wild Free-Roaming Horses and Burros Act of 1971 (16 U.S.C. Sec. 1331, et seq.);

WHEREAS, excessive feral horse and burro populations in Utah are damaging range and water resources, consuming forage allocated to livestock and wildlife, abridging multiple-use principles applicable to public lands, and otherwise impairing the natural ecological balance on impacted lands;

WHEREAS, 16 U.S.C. Sec. 1333(b)(2)(iv) of the Wild Free-Roaming Horses and Burros Act requires the United States Forest Service and Bureau of Land Management to “immediately
remove excess animals from the range so as to achieve appropriate management levels” when populations exceed established objectives;

WHEREAS, the United States Forest Service and Bureau of Land Management have failed to adequately act to remove excess feral horses and burros damaging Utah’s public and private lands, which is reducing available forage allocated to livestock and negatively impacting wildlife and its habitat;

WHEREAS, feral horse and burro numbers are expected to rise 20% or more each year -- significantly adding to the number of animals over established population objectives and their commensurate impact to state sovereign interests in healthy ecosystems, range health, agriculture, and wildlife;

WHEREAS, feral horse and burro populations are growing faster than adoption and holding facilities have capacity to accommodate, and the United States Forest Service and Bureau of Land Management refuse to utilize lethal removal as a management tool to remove excess feral horses and burros, as required by 16 U.S.C. Sec. 1333(b)(2)(iv)(C);

WHEREAS, feral horse and burro populations are expected to grow unchecked by the federal government, to the detriment of the state of Utah and the health, safety, and welfare of its citizens; and

WHEREAS, healthy ecosystems, hunting, wildlife viewing, ranching, and livestock production contribute significantly to the economy, heritage, and quality of life in Utah:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah urges the United States Congress to create a process for transferring to the state of Utah authority to protect and responsibly manage the feral horses and burros on public and private lands within its borders.

BE IT FURTHER RESOLVED that the Legislature strongly urges the Governor to bring interested stakeholders and governmental interests together to prepare a state feral horse and burro management plan.

BE IT FURTHER RESOLVED that the Legislature urges that the objectives and strategies of the plan reflect the general objectives and purposes of the Wild Free-Roaming Horses and Burros Act, protect and responsibly manage feral horses and burros within the state, recognize the sovereign interests of resident Indian tribes, protect and balance livestock forage allocations with feral horse and burro requirements, maintain healthy range and water resources, protect and balance the habitat requirements of terrestrial and aquatic wildlife, complement existing wildlife species management plans, and maintain an ecological balance on the land.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Speaker of the House of the United States House of Representatives, the President of the United States Senate, the United States Secretary of the Interior, the United States Secretary of Agriculture, the Governor of the state of Utah, and the members of Utah’s congressional delegation.

WHEREAS, federal regulators must be more accountable to elected representatives of the people and not immune from such accountability;

WHEREAS, the United States House of Representatives has passed the Regulations from the Executive in Need of Scrutiny (REINS) Act with bipartisan support;

WHEREAS, the REINS Act requires that Congress approve major new federal regulations before they can take effect;

WHEREAS, though the REINS Act is a tremendous beginning in providing a check on federal regulatory authority, enactment of the REINS Act may be repealed or waived by a future Congress and President;

WHEREAS, an amendment to the United States Constitution does not require the President’s
approval and cannot be waived by a future Congress and President, but only repealed through the same constitutional amendment process:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah urges the United States Congress to vote to propose the Regulation Freedom amendment to the United States Constitution as follows:

LONG TITLE

General Description:
This joint resolution of the Legislature recognizes the 800th anniversary of Magna Carta.

Highlighted Provisions:
This resolution:
▶ recognizes the 800th anniversary of Magna Carta; and
▶ recognizes that principles embodied in Magna Carta, including freedom, justice, the rule of law, and that no leader is above the law, have stood the test of time and sustain free people and nations today.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, Magna Carta is an 800-year-old document, marked by the seal of King John of England in 1215, containing the idea that no one is above the law;
WHEREAS, Magna Carta still forms the foundation of many modern ideas and documents today;

WHEREAS, Magna Carta means “Great Charter” in Latin;

WHEREAS, Magna Carta was not the first document in which a monarch agreed in writing to safeguard the rights, privileges, and liberties of the clergy and the nobles by placing limits on the power of the crown;

WHEREAS, thirty-four years after the Norman Conquest, Henry I set a precedent on his accession to the throne in 1100 when he issued a royal proclamation, the Coronation Charter, designed to atone for the past abuses of his predecessor, William Rufus;

WHEREAS, the principles included in the Coronation Charter dated back to the laws of King Ethelbert of Kent, circa 604, and subsequent laws of the kings of Kent leading up to the end of the first millennium;

WHEREAS, even though the Coronation Charter is acknowledged as the precursor to Magna Carta, it was forgotten or ignored by four kings, and almost one queen, over the course of the next century;

WHEREAS, it was only after the Archbishop of Canterbury, Stephen Langton, showed Henry I's 113-year-old proclamation to England's barons that the idea of a new and improved charter took hold;

WHEREAS, by this time, other charters containing principles included in Magna Carta had achieved traction and acquired a heritage, demonstrating that even proclamations of over a 100 years old could be used as leverage and justification to force a reluctant king to respect certain individual liberties;

WHEREAS, Magna Carta originated as a peace treaty between King John and his barons, who had captured London;

WHEREAS, Magna Carta was first drafted in June 1215 and granted by King John, who used his Great Seal to authenticate the document at Runnymede, in Surrey;

WHEREAS, despite the pageantry at Runnymede, Magna Carta suffered a similar, more rapid demise than Henry I’s Coronation Charter;

WHEREAS, although King John agreed to Magna Carta at first, he quickly became bitter when its terms were enforced;

WHEREAS, King John wrote to Pope Innocent III to get Magna Carta annulled;

WHEREAS, the Pope agreed with King John, saying Magna Carta was “illegal, unjust, harmful to royal rights and shameful to the English people,” and declared the charter “null and void of all validity forever”;

WHEREAS, by August 1215, the Pope had annulled the document;

WHEREAS, full-scale civil war then broke out between King John and his barons, which did not end until after King John’s death in 1216;

WHEREAS, a more modern version of Magna Carta was reissued by King John’s son, Henry III, in 1225;

WHEREAS, Magna Carta was finally enrolled as part of English law by Edward I in 1297;

WHEREAS, Magna Carta inspired the charismatic Simon de Montfort;

WHEREAS, de Montfort, an Anglo-Norman rebel nobleman, convened a parley in a field near Kenilworth Castle, Warwickshire, in 1264;

WHEREAS, the parley was not only in defiance of King Henry III, but was radical in that it provided for democratically elected knights and borough representatives from throughout the kingdom and is recognized as the first directly elected Parliament;

WHEREAS, at the conclusion of the English Civil War when the monarchy of Charles II was restored, Magna Carta helped codify the ancient writ of habeas corpus passed by Parliament in 1679;

WHEREAS, this act strengthened the ancient and powerful writ, which had been a feature of English Common Law since before Magna Carta, and served to safeguard individual liberty by preventing unlawful or arbitrary imprisonment;

WHEREAS, ideas of freedom, democracy, and the rule of law to which all are subject and that are such a feature of Magna Carta, spread to the rebellious colonies of the New World;

WHEREAS, the Declaration of Independence, as penned by Thomas Jefferson, indicted George III on numerous breaches of English Common Law enshrined within Magna Carta, to which the 13 colonies were equally bound;

WHEREAS, the Declaration of Independence, signed July 4, 1776, became the legal justification for the Revolutionary War;

WHEREAS, Magna Carta has become much more than a peace treaty between a quarrelsome king and his barons in 1215;

WHEREAS, over the past 800 years, the ideals of Magna Carta have gathered momentum and assumed a greater authority concerning liberty and justice;

WHEREAS, Magna Carta’s lasting iconic value as the foundation of so many world democracies lies in the power of an idea, a principle, which states that nobody, including the king, is above the law of the land;

WHEREAS, central clauses of Magna Carta have not only stood the test of time, but have a potency of their own that has defeated hundreds of attempts at annulment, repeal, modification, and suspension by successive monarchs and governments;
WHEREAS, Magna Carta has transcended barriers of language and the divisions of cultures and ideologies;
WHEREAS, Magna Carta has become an idea that can never be uninvented or unimagined;
WHEREAS, 800 years later, the ideas of freedom and justice have become essential parts of humankind;
WHEREAS, even today, Magna Carta is invoked and cited whenever basic freedoms come under threat;
WHEREAS, the principles in Magna Carta will no doubt continue to have a huge influence wherever freedom is under attack;
WHEREAS, on the 800th anniversary of Magna Carta, it is time to deepen our understanding of the crucial role it has played in the development of human rights, democracy, and liberty; and
WHEREAS, there are hundreds of events and activities, including many sponsored by the Magna Carta 2015 Committee, being planned and taking place to commemorate 800 years of Magna Carta:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah recognizes the 800th anniversary of Magna Carta.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah recognizes that principles embodied in Magna Carta, including freedom, justice, and the rule of law, have stood the test of time and sustained free people and nations today.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Magna Carta 2015 Committee, and the members of Utah’s congressional delegation.

WHEREAS, in 2014 the Legislature and Governor created the Prison Relocation Commission to “carefully and deliberately consider, study, and evaluate how and where to move the state prison”;

WHEREAS, the Prison Relocation Commission identified approximately 50 properties offered by their owners as potential sites for new correctional facilities and, through a lengthy and careful process, narrowed that list of potential sites to four;

WHEREAS, in legislation passed during the 2015 General Session, the Prison Relocation Commission was directed to “choose the site for the construction of new prison facilities from among the [four] sites that the commission recommended as potential

 sites” in its February 27, 2015 report to the Legislature and Governor and to report the commission’s choice to the president of the Senate, the speaker of the House of Representatives, and the Governor;

WHEREAS, that legislation also requires the state to pay all costs that are necessary for, incidental to, or convenient to the development of the new correctional facilities;

WHEREAS, the Prison Relocation Commission has carefully and deliberately studied, evaluated, and assessed the four sites and, through its team of consultants, subjected the four properties to considerable technical study and evaluation for suitability for the construction of new state correctional facilities;

WHEREAS, after due deliberation and consideration of all the available technical and other information on the four sites under consideration, the Prison Relocation Commission has determined that the site located near I-80 and 7200 West in Salt Lake City provides the best long-term value to the state, has chosen that site as the site for the development of new state correctional facilities, and has recommended that site to the Legislature and Governor; and

WHEREAS, the construction of new, state-of-the-art correctional facilities is vital to the success of the Justice Reinvestment Initiative and the criminal justice system reforms established by the passage H.B. 348, Criminal Justice Programs and Amendments, during the 2015 General Session:

NOW, THEREFORE, BE IT RESOLVED by the Legislature of the state of Utah, the Governor concurring therein, that the site chosen by the Prison Relocation Commission near I-80 and 7200 West in Salt Lake City be approved as the site for new state correctional facilities to replace the correctional facilities currently located in the city of Draper.

BE IT FURTHER RESOLVED that the Division of Facilities Construction and Management is directed to proceed, as provided by law, with the acquisition of the necessary property at the chosen site for the construction of new state correctional facilities.

BE IT FURTHER RESOLVED that the Legislature and Governor express their intent that, after the new correctional facilities are constructed and occupied, the former state prison property in Draper be redeveloped in a way that produces optimal job growth and long-term economic benefit and value to the state and minimizes the displacement of other development.

BE IT FURTHER RESOLVED that the Legislature and Governor express their intent that the redevelopment of the former state prison property in Draper be done in strict compliance with all ethics and conflict of interest provisions of the law applicable to legislators and state employees.
BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Utah Department of Corrections and the Division of Facilities Construction and Management.
