(11) A governmental entity may not use the physical form, electronic or otherwise, in which a record is stored to deny, or unreasonably hinder the rights of a person to inspect and receive a copy of a record under this chapter.

(12) Subject to the requirements of Subsection (8), a governmental entity shall provide access to an electronic copy of a record in lieu of providing access to its paper equivalent if:

(a) the person making the request requests or states a preference for an electronic copy;

AMENDS:  
78A-6-117, as last amended by Laws of Utah 2015, Chapter 274

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 78A-6-117 is amended to read:  

78A-6-117. Adjudication of jurisdiction of juvenile court -- Disposition of cases -- Enumeration of possible court orders -- Considerations of court -- Obtaining DNA sample.  
(1) (a) When a minor is found to come within the provisions of Section 78A-6-103, the court shall so adjudicate. The court shall make a finding of the facts upon which it bases its jurisdiction over the minor. However, in cases within the provisions of Subsection 78A-6-103(1), findings of fact are not necessary.  
(b) If the court adjudicates a minor for a crime of violence or an offense in violation of Title 76, Chapter 10, Part 5, Weapons, it shall order that notice of the adjudication be provided to the school superintendent of the district in which the minor resides or attends school. Notice shall be made to the district superintendent within three days of the adjudication and shall include:  
(i) the specific offenses for which the minor was adjudicated; and  
(ii) if available, if the victim:  
(A) resides in the same school district as the minor; or  
(B) attends the same school as the minor.  
(2) Upon adjudication the court may make the following dispositions by court order:  
(a) (i) The court may place the minor on probation or under protective supervision in the minor's own home and upon conditions determined by the court, including compensatory service as provided in Subsection (2)(m)(iii).  
(ii) The court may place the minor in state supervision with the probation department of the court, under the legal custody of:  
(A) the minor's parent or guardian;  
(B) the Division of Juvenile Justice Services; or  
(C) the Division of Child and Family Services.  
(iii) If the court orders probation or state supervision, the court shall direct that notice of its order be provided to designated persons in the local law enforcement agency and the school or transferee school, if applicable, that the minor attends. The designated persons may receive the information for purposes of the minor's supervision and student safety.  
(iv) Any employee of the local law enforcement agency and the school that the minor attends who discloses the court's order of probation is not:  
(A) civilly liable except when the disclosure constitutes fraud or willful misconduct as provided in Section 63G-7-202; and  
(B) civilly or criminally liable except when the disclosure constitutes a knowing violation of Section 63G-2-801.  
(b) The court may place the minor in the legal custody of a relative or other suitable person, with or without probation or protective supervision, but the juvenile court may not assume the function of developing foster home services.  
(c) (i) The court may:  
(A) vest legal custody of the minor in the Division of Child and Family Services, Division of Juvenile Justice Services, or the Division of Substance Abuse and Mental Health; and  
(B) order the Department of Human Services to provide dispositional recommendations and services.  
(ii) For minors who may qualify for services from two or more divisions within the Department of Human Services, the court may vest legal custody with the department.  
(iii) (A) A minor who is committed to the custody of the Division of Child and Family Services on grounds other than abuse or neglect is subject to the provisions of Title 78A, Chapter 6, Part 4, Minors in Custody on Grounds Other than Abuse or Neglect, and Title 62A, Chapter 4a, Part 2a, Minors in Custody on Grounds other than Abuse or Neglect.  
(B) Before the court entering an order to place a minor in the custody of the Division of Child and Family Services on grounds other than abuse or neglect, the court shall provide the division with notice of the hearing no later than five days before
(C) Before committing a child to the custody of the Division of Child and Family Services, the court shall make a finding as to what reasonable efforts have been attempted to prevent the child’s removal from the child’s home.

(iv) (A) A minor who is 18 years old or older, but younger than 21 years old, may petition the court to express the minor’s desire to be removed from the jurisdiction of the juvenile court and from the custody of the Division of Child and Family Services if the minor is in the division’s custody on grounds of abuse, neglect, or dependency.

(B) If the minor’s parent’s rights have not been terminated in accordance with Part 5, Termination of Parental Rights Act, the minor’s petition shall contain a statement from the minor’s parent or guardian agreeing that the minor should be removed from the custody of the Division of Child and Family Services.

(C) The minor and the minor’s parent or guardian shall sign the petition.

(D) The court shall review the petition within 14 days.

(E) The court shall remove the minor from the custody of the Division of Child and Family Services if the minor and the minor’s parent or guardian have met the requirements described in Subsections (2)(c)(iv)(B) and (C) and if the court finds, based on input from the Division of Child and Family Services, the minor’s guardian ad litem, and the Office of the Attorney General, that the minor does not pose an imminent threat to self or others.

(F) A minor removed from custody under Subsection (2)(c)(iv)(E) may, within 90 days of the date of removal, petition the court to re-enter custody of the Division of Child and Family Services.

(G) Upon receiving a petition under Subsection (2)(c)(iv)(F), the court shall order the Division of Child and Family Services to take custody of the minor based on the findings the court entered when the court originally vested custody in the Division of Child and Family Services.

(e) The court may commit a minor, subject to the court retaining continuing jurisdiction over the minor, to the temporary custody of the Division of Juvenile Justice Services for observation and evaluation for a period not to exceed 45 days, which period may be extended up to 15 days at the request of the director of the Division of Juvenile Justice Services.

(f) (i) The court may commit a minor to a place of detention or an alternative to detention for a period not to exceed 30 days subject to the court retaining continuing jurisdiction over the minor. This commitment may be stayed or suspended upon conditions ordered by the court.

A minor placed in a forestry camp or similar facility may be required to work on fire prevention, forestation and reforestation, recreational works, forest roads, and on other works on or off the grounds of the facility and may be paid wages, subject to the approval of and under conditions set by the court.

(iii) If a minor is returned to this state under the Interstate Compact on Juveniles, the court may order the minor to make restitution for costs expended by any governmental entity for the return.

(j) The court may issue orders necessary for the collection of restitution and fines ordered by the court, including garnishments, wage withholdings, and executions.

(k) (i) The court may through its probation department encourage the development of employment or work programs to enable minors to fulfill their obligations under Subsection (2)/(ii) and for other purposes considered desirable by the court.

(ii) Consistent with the order of the court, the probation officer may permit a minor found to be within the jurisdiction of the court to participate in a program of work restitution or compensatory service in lieu of paying part or all of the fine imposed by the court.
(l) (i) In violations of traffic laws within the court’s jurisdiction, the court may, in addition to any other disposition authorized by this section:

(A) restrain the minor from driving for periods of time the court considers necessary; and

(B) take possession of the minor’s driver license.

Satisfactory completion of an approved substance abuse prevention or treatment program may be credited by the court as compensatory service hours.

(ii) When a minor is found within the jurisdiction of the juvenile court under Section 78A-6-103 because of a violation of Section 58-37-8, Title 58, Chapter 37a, Utah Drug Paraphernalia Act, or Title 58, Chapter 37b, Imitation Controlled Substances Act, the court shall, in addition to any fines or fees otherwise imposed, order that the minor perform a minimum of 20 hours, but no more than 100 hours, of compensatory service. Satisfactory completion of an approved substance abuse prevention or treatment program may be credited by the court as compensatory service hours.

(C) For a third adjudication, the court may require the minor to clean up graffiti for not less than 24 hours.

(n) (i) Subject to Subsection (2)(n)(iii), the court may order that a minor:

(A) be examined or treated by a physician, surgeon, psychiatrist, or psychologist; or

(B) receive other special care.

(ii) For purposes of receiving the examination, treatment, or care described in Subsection (2)(n)(i), the court may place the minor in a hospital or other suitable facility.

(iii) In determining whether to order the examination, treatment, or care described in Subsection (2)(n)(i), the court shall consider:

(A) the desires of the minor;

(B) if the minor is under the age of 18, the desires of the parents or guardian of the minor; and

(C) whether the potential benefits of the examination, treatment, or care outweigh the potential risks and side-effects, including behavioral disturbances, suicidal ideation, brain function impairment, or emotional or physical harm resulting from the compulsory nature of the examination, treatment, or care.

(iv) The Division of Child and Family Services shall take reasonable measures to notify a parent or guardian of any non-emergency health treatment or care scheduled for a child, shall include the parent or guardian as fully as possible in making health care decisions for the child, and shall defer to the parent’s or guardian’s reasonable and informed decisions regarding the child’s health care to the extent that the child’s health and well being are not unreasonably compromised by the parent’s or guardian’s decision.

(v) The Division of Child and Family Services shall notify the parent or guardian of a child within five business days after a child in the custody of the Division of Child and Family Services receives emergency health care or treatment.

(vi) The Division of Child and Family Services shall use the least restrictive means to accomplish a compelling interest in the care and treatment of a child described in this Subsection (2)(n).

(o) (i) The court may appoint a guardian for the minor if it appears necessary in the interest of the minor, and may appoint as guardian a public or private institution or agency in which legal custody of the minor is vested.

(ii) In placing a minor under the guardianship or legal custody of an individual or of a private agency or institution, the court shall give primary consideration to the welfare of the minor. When practicable, the court may take into consideration the religious preferences of the minor and of a child’s parents.

(p) (i) In support of a decree under Section 78A-6-103, the court may order reasonable conditions to be complied with by a minor’s parents.

(r) (i) The court may make an order committing a minor within the court’s jurisdiction to the Utah State Developmental Center if the minor has an intellectual disability in accordance with the provisions of Title 62A, Chapter 5, Part 3, Admission to an Intermediate Care Facility for People with an Intellectual Disability.

(ii) The court shall follow the procedure applicable in the district courts with respect to judicial commitments to the Utah State Developmental Center when ordering a commitment under Subsection (2)(r)(i).

(4) The initial hold by a law enforcement agency is for a period of 90 days. If the article is not seized by the law enforcement agency, the article shall remain in the custody of the pawn or secondhand business and is subject to the hold unless exigent circumstances require the purchased or pawned article to be seized by the law enforcement agency.

(5) (a) A law enforcement agency may extend any hold for up to an additional 90 days when exigent circumstances require the extension.

(b) When there is an extension of a hold under Subsection (5)(a), the requesting law enforcement agency shall notify the pawn or secondhand business that is subject to the hold prior to the expiration of the initial 90 days.

(c) A law enforcement agency may not hold an item for more than the 180 days allowed under Subsections (5)(a) and (b) without obtaining a court order authorizing the hold.

(6) A hold on an article under Subsection (2) takes precedence over any request to claim or purchase the article subject to the hold.

(7) When the purpose for the hold on or seizure of an article for which an original victim who has complied with Section 13-32a-115 has not been identified is terminated, the law enforcement agency requiring the hold or seizure shall within 15 days after the termination:

(b) return the article subject to the seizure to the pawn or secondhand business; or

(c) if the article is not returned to the pawn or secondhand business, advise the pawn or secondhand business either in writing or electronically of the specific alternative disposition of the article.

(8) (a) When the purpose for the hold on or seizure of an article, for which an original victim who has complied with Section 13-32a-115 has been identified is terminated, the law enforcement agency requiring the hold or seizure shall:

(i) document the original victim who has positively identified the item of property; and

(ii) provide the documented information concerning the original victim to the prosecuting agency to determine whether continued possession of the article is necessary for purposes of prosecution, as provided in Section 24-3-103.

(b) If the prosecuting agency determines that continued possession of the article is not necessary for purposes of prosecution, as provided in Section 24-3-103, the prosecuting agency shall provide a written or electronic notification to the law enforcement agency which authorizes the return of the article to an original victim who has complied with Section 13-32a-115.

(c) (i) A law enforcement agency shall promptly provide notice to the pawn or secondhand business.
of the authorized return of the article under this Subsection [(8)].

(ii) The notice shall identify the original victim, advise the pawn or secondhand business that the original victim has identified the article, and direct the pawn or secondhand business to release the article to the original victim at no cost to the original victim, or if the article was seized, the notice shall advise that the article will be returned to the original victim within 15 days, except as provided under Subsection [(8)(d)].

(d) The pawn or secondhand business shall release an article under Subsection [(8)(c)] unless within 15 days of receiving the notice the pawn or secondhand business complies with Section 13-32a-116.5.

[(9)] If the law enforcement agency does not notify the pawn or secondhand business that a hold on an item has expired, the pawn or secondhand business shall send a letter by registered or certified mail to the law enforcement agency that ordered the hold and inform the agency that the holding period has expired. The law enforcement agency shall respond within 30 days by:

(a) confirming that the holding period has expired and that the pawn or secondhand business may manage the item as if acquired in the ordinary course of business; or

(b) providing written notice to the pawn or secondhand business that a court order has continued the period of time for which the item shall be held.

[(10)] The written notice under Subsection [(9)(b)] is considered provided when:

(a) personally delivered to the pawn or secondhand business with a signed receipt of delivery;

(b) delivered to the pawn or secondhand business by registered or certified mail; or

(c) delivered by any other means with the mutual assent of the law enforcement agency and the pawn or secondhand business.

[(11)] If the law enforcement agency does not respond within 30 days under Subsection [(9)], the pawn or secondhand business may manage the item as if acquired in the ordinary course of business.

[(12)] A violation of this section is a class B misdemeanor and is also subject to civil penalties under Section 13-32a-110.

[(2)] If the purpose for the seizure of an article under this section is terminated before final disposition of the criminal case and the property is no longer needed as evidence, the law enforcement agency that required the seizure shall within 15 days after the property is no longer needed as evidence:

[(a)] notify the pawn or secondhand business in writing that the purpose for the seizure has been terminated and the property is available for return to the pawn or secondhand business; or

[(b)] return the article to the pawn or secondhand business.

[(3)] If the law enforcement agency seizing the pawned or sold property is not the local law enforcement agency, the seizing agency shall, in addition to compliance with Subsection [(1):]

[(a)] notify the local law enforcement agency prior to any seizure; and

(d) the address of the appropriate court in the district or county in which the alleged victim resides;

(e) the availability and effect of any waiver of the release conditions; and

(f) information regarding the availability of and procedures for obtaining civil and criminal protective orders with or without the assistance of an attorney.

(10) At the time an arrest is made for domestic violence [is made], the arresting officer shall provide the alleged perpetrator with written notice containing:

(a) notification that the alleged perpetrator may not contact the alleged victim before being released;

(b) the release conditions described in [Subsection (2)] Subsections (2) through (4) and notice that [those] the alleged perpetrator will not be released, before appearing before the court with jurisdiction over the offense for which the alleged perpetrator was arrested, unless:

(i) the alleged perpetrator enters into a written agreement to comply with the release conditions; or

(ii) the magistrate orders the release conditions [shall be ordered by a court or shall be agreed to by the alleged perpetrator prior to release];

(c) notification of the penalties for violation of any jail release court order or any written jail release agreement executed under Subsection (2); and

(d) notification that the alleged perpetrator is to personally appear in court on the next day the court is open for business after the day of the arrest.

(11) If the alleged perpetrator fails to personally appear in court as scheduled, the jail release court order or jail release agreement does not expire and continues in effect until the alleged perpetrator makes the personal appearance in court as required by Section 77-36-2.6.

(b) If, when the alleged perpetrator personally appears in court as required by Section 77-36-2.6, criminal charges have not been filed against the arrested person, the court may allow the jail release court order or jail release agreement to expire at midnight on the day of the court appearance or may extend it for good cause.

(12) (a) In addition to the provisions of Subsections (2) through (10), because of the unique and highly emotional nature of domestic violence crimes, the high recidivism rate of violent offenders, and the demonstrated increased risk of continued acts of violence subsequent to the release of an offender who has been arrested for domestic violence, it is the finding of the Legislature that domestic violence crimes, as defined in Section 77-36-1, are crimes for which bail may be denied if there is substantial evidence to support the charge, and if the court finds by clear and convincing evidence that the alleged perpetrator would constitute a substantial danger to an alleged victim of domestic violence if released on bail.

Section 3. Section 77-36-5 is amended to read:

77-36-5. Sentencing -- Restricting contact with victim -- Electronic monitoring -- Counseling -- Cost assessed against defendant -- Sentencing protective order.

(1) (a) When a defendant is found guilty of a crime involving domestic violence and a condition of the sentence restricts the defendant’s contact with the victim, a sentencing protective order may be issued under Subsection 77-36-5.1(2) for the length of the defendant’s probation.

(b) (i) The sentencing protective order shall be in writing, and the prosecutor shall provide a certified copy of that order to the victim.

(ii) The court shall transmit the sentencing protective order to the statewide domestic violence network.

(c) Violation of a sentencing protective order issued pursuant to this Subsection (1) is a class A misdemeanor.

(2) In determining its sentence, in addition to penalties otherwise provided by law, may require the defendant to participate in an electronic or other type of monitoring program.

(3) The court may also require the defendant to pay all or part of the costs of counseling incurred by the victim and any children affected by or exposed to the domestic violence offense, as well as the costs for the defendant’s own counseling.

(4) The court shall:

(a) assess against the defendant, as restitution, any costs for services or treatment provided to the victim and affected children of the victim or the defendant by the Division of Child and Family Services under Section 62A-4a-106; and

(b) order those costs to be paid directly to the division or its contracted provider.

(5) The court [shall] may order the defendant to obtain and satisfactorily complete treatment or therapy in a domestic violence treatment program, as defined in Section 62A-2-101, that is licensed by the Department of Human Services, unless the court finds that there is no licensed program reasonably available or that the treatment or therapy is not necessary.]

The Honorable Greg Hughes
Speaker of the House

and

The Honorable Wayne Niederhauser
President of the Senate

Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to House Bill 258, SOLID WASTE AMENDMENTS, and to explain my decision to veto the bill.

House Bill 258 passed the legislature with a unanimous vote in both the Senate and the House. The purposes of the bill were to appropriately exempt certain recyclable products from the definition of solid waste, and to remove from the definition of “Solid waste management facility” certain facilities that engage in recycling activities. This was intended to encourage and facilitate the recycling and commercial use of these materials.

Soon after final passage of the bill, the Environmental Protection Agency (EPA) notified the State’s Department of Environmental Quality in a letter dated March 2, 2016 of concerns related to the bill as follows:

*the changes in HB 258 would render the state’s program less stringent than the federal programs and require the EPA to carefully consider our response, which could include the EPA withdrawing its approval of the Utah Solid Waste Management Plan and the Federally authorized Hazardous Waste Management Program...*

In a subsequent letter dated March 18, 2016 the EPA stated:

*We will have to evaluate Utah’s authorization should the bill become law. As you know, the Regional Administrator may withdraw a program approval when a*
State no longer complies with the requirements of Subtitle C authorization, and the state fails to take corrective action... the EPA may also take other actions including a reduction in grant funding, increased oversight, increased inspection activity, and increased direct enforcement of the federally authorized state program.

While I believe the purpose behind HB 258 is good policy, in light of this newly received information from the EPA, it is necessary to veto HB 258. The only purpose of this veto is to preserve Utah’s authority to administer federally delegated waste-management programs in the best interest of the state. I have committed to the sponsor that the Department of Environmental Quality will immediately begin work with representatives of the Utah recycling industry and the EPA to negotiate language that will both accomplish the intended purpose of the bill and meet the requirements necessary for Utah to maintain the EPA approval of the Utah Solid Waste Management Plan and the State Hazardous Waste Management Program. I have committed to bring this bill back at the earliest date possible in a special session to pass the bill with language that will accomplish all of these goals.

For these reasons, I disapprove of and veto Senate Bill 258, SOLID WASTE AMENDMENTS, and return it to the House.

Sincerely,

(ii) visitation with the grandchild has been unfairly denied or unreasonably limited, and without just or compelling cause;

(b) the court determines that a modification is appropriate based upon the factors set forth in Subsection (3).
(6) A grandparent may petition the court to remedy an adoptive parent's wrongful noncompliance with a visitation order.
March 30, 2016

The Honorable Greg Hughes
Speaker of the House

and

The Honorable Wayne Niederhauser
President of the Senate

Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to House Bill 377, GRANDPARENT RIGHTS AMENDMENTS, and to explain my decision to veto the bill.

By vetoing this bill, I do not intend to detract from the importance of grandparents in the lives of their grandchildren. Grandparents should play an important role in the lives of their grandchildren, particularly when a child’s home life is in turmoil and the biological parents are absent or unable to care for that child. I am very sympathetic to the plight of grandparents whose children have lost or have given up their own parental rights—I understand the loss they must feel when that legal relationship is terminated. Legal termination should not terminate the love a grandparent may have for their grandchildren.

This bill is well intended, however, I am concerned that, were I to sign this bill as written, we could be jeopardizing the rights of adoptive parents and discouraging adoption by family members.

When biological parents are unable to care for their children, we truly hope that those children are adopted into a safe and loving home. When possible, adoption by family members can help maintain consistency, support and important ties.

In order to balance these rights, I believe this piece of legislation needs to address some important issues, including the following:
- In order to bring some closure and certainty to adoptive families, the opportunity to bring successive petitions for visitation must be limited to a single petition;
- Again, to bring some closure and certainty, the petition needs to be made within a specified and reasonable time period after the adoption or the decision to prevent visitation; and
- Adoptive parents need to have notice at the time of adoption that these petitions are a possibility.

My pledge is to work with the sponsor and the legislature to improve this bill. When that is accomplished, I am happy and willing to bring this bill back in a special session.

For these reasons, I disapprove of and veto House Bill 377, GRANDPARENT RIGHTS AMENDMENTS, and return it to the House.

Sincerely,

Gary R. Herbert

Dear President Niederhauser and Speaker Hughes,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to Senate Bill 87, ADMINISTRATIVE RULEMAKING ACT MODIFICATIONS, and to explain my decision to veto the bill.

Our goal in all instances, particularly rulemaking, is to increase transparency, and facilitate and improve public input, not limit it. When developing administrative rules, an agency should ensure that there is full opportunity for public participation, even when it is inconvenient.

The work of the Utah State Board of Education is important and affects more citizens than any other state entity with rulemaking authority. The Board of Education oversees approximately one third of the entirety of the State’s budget. Exempting the State Board of Education from the current public hearing requirements in existing statute, will result in decreased opportunities for parents and other stakeholders to provide input on State Board rules. It is essential that the public be given ample opportunity to comment on these rules, especially as many of these rules create entirely new education programs and policies.

The rulemaking process can be cumbersome and lengthy, if there are areas that we can streamline the process without limiting public participation, I would like to work with stakeholders to make that happen. But while streamlining the process is a good policy, I will always err on the side of public participation.
For these reasons, I disapprove of and veto Senate Bill 87, ADMINISTRATIVE RULEMAKING ACT MODIFICATIONS, and return it to the Senate.

Sincerely,

Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to item of appropriation 111 within House Bill 2, NEW FISCAL YEAR SUPPLEMENTAL APPROPRIATIONS ACT, and to explain my decision to veto this item within the bill.

I am vetoing item of appropriation 111, which is $25,000 to Department of Natural Resources - Parks and Recreation. This appropriation was intended to fund the policy associated with House Bill 430, HOLE IN THE ROCK STATE PARK DESIGNATION, which did not pass the Legislature and will not become law.

For these reasons, I disapprove of and veto item of appropriation 111 of House Bill 2, NEW FISCAL YEAR SUPPLEMENTAL APPROPRIATIONS ACT, but otherwise sign and approve the bill.

Sincerely,

*Corrected Version*

Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to certain items of appropriation within House Bill 3, APPROPRIATIONS ADJUSTMENTS, and to explain my decision to veto these items within the bill.

I am vetoing the following 5 items of appropriation within the 2016 APPROPRIATIONS ADJUSTMENTS:

1. Item 31, which is $75,000 to the Attorney General’s Office. This appropriation was already apportioned because Senate Bill 43, FIREARM SAFETY AND VIOLENCE PREVENTION IN PUBLIC SCHOOLS, carried its own appropriation.

2. Item 47, which is $150,600 to Judicial Council/State Court Administrator - Administration. This appropriation was intended to fund the policy associated with Senate Bill 90, FALSIFICATION OF INFORMATION IN A PROTECTIVE ORDER PROCEEDING, which did not pass the Legislature and will not become law;

3. Item 52, which is $99,100 to Judicial Council/State Court Administrator - Guardian ad Litem. This appropriation was also intended to fund the policy associated with Senate Bill 90, FALSIFICATION OF INFORMATION IN A PROTECTIVE ORDER PROCEEDING, which did not pass the Legislature and will not become law;
4. Item 125, which is $66,300 to Department of Health - Disease Control and Prevention. This appropriation was intended to fund the policy associated with House Bill 221 IMMUNIZATION OF STUDENTS AMENDMENTS, which did not pass the Legislature and will not become law;

5. Item 149, which is $6,400 to Department of Human Services - Division of Child and Family Services. This appropriation was intended to fund the policy associated with House Bill 441 CHILD PLACEMENT AMENDMENTS, which did not pass the Legislature and will not become law.

For these reasons, I disapprove of and veto items of appropriation 31, 47, 52, 125, and 149 of House Bill 3, APPROPRIATIONS ADJUSTMENTS, but otherwise sign and approve the bill.

Sincerely,

The Honorable Wayne Niederhauser
President of the Senate

and

The Honorable Greg Hughes
Speaker of the House

Dear President Niederhauser and Speaker Hughes,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to item of appropriation 6 within Senate Bill 2, PUBLIC EDUCATION BUDGET AMENDMENTS, and to explain my decision to veto this item of appropriation within the bill.

I am vetoing item of appropriation 6 within Senate Bill 2, PUBLIC EDUCATION BUDGET AMENDMENTS, which is $998,900 from the Education fund and $3,775,000 from the Education fund, one-time funding to the State Board of Education for a variety of specialty education programs.

My objections are specific to three programs bundled within this appropriation item: The UPSTART Early Childhood Education Program, which is an additional $1,500,000 to an already existing program with ongoing funding; the ProStart Culinary Arts Program which is a $275,000 block grant for a reality television show; and the Early Intervention Program, which adds $3,000,000 one-time funds to an already existing program with ongoing funding.

The UPSTART Program is a pilot program set to expire on July 1, 2019 and currently has $4,760,000 in ongoing funding. Additionally, the program has a Fiscal Year 2016 non-lapsing balance of $2,400,000 that is estimated will grow to $2,900,000 in Fiscal Year 2017. During this legislative session, an additional state-funded preschool program passed which will serve at-risk preschoolers and which allows TANF funds to be used for the UPSTART program, separate from this line item. I believe we should evaluate the intended recipients of all three current publicly-funded preschool programs.
to ensure that taxpayer dollars are being spent on the intended target populations, without spending additional money and unnecessarily duplicating services.

The ProStart Culinary program provides opportunities to students interested in culinary careers and annually receives more than $400,000 in funding. This particular item of appropriation funds the *Utah ProStart Teen Chef Masters* television program, which is a reality television cooking competition operated by the Utah Restaurant Association. This television competition is open to any qualified teen who applies, which may or may not include ProStart students. While reality television shows are fun to participate in and watch, the question is whether taxpayers should be funding the *Teen Chef Masters* television competition. I do not believe that this is an appropriate use of taxpayer dollars.

The K-3 Early Intervention Reading Program currently receives $4,600,000 in ongoing funding; the Legislature appropriated an additional $3,000,000 one-time last year. According to the evaluation of the 2015 program, this software is being underutilized by Local Education Agencies. Only thirteen percent of Local Education Agencies achieved the amount recommended usage rate, adherence to which is what makes this program effective. Additionally, the evaluation pointed out that, while the software programs had positive effects in Kindergarten, there were small negative impacts for First and Second Grade students, and no demonstrative positive effects for Third Grade students. If this program is not being implemented with fidelity, and is not delivering significant positive results, significantly increasing public funding is not appropriate at this time.

There are other programs included in this grouped item of appropriation. While I do not have specific objections to those programs or their funding, I believe this action will not harm those programs. The State Board of Education has already voted to discontinue the Electronic High School program, and with the return of this funding in item of appropriation 6 the Board will have the ability to fund the Electronic Elementary Reading Tool, and the IT Academy.

For these reasons, I disapprove of and veto item of appropriation 6 of Senate Bill 2, PUBLIC EDUCATION BUDGET AMENDMENTS, but otherwise sign and approve the bill.

Sincerely,

Gary R. Herbert

Dear Speaker Hughes and President Niederhauser,

Consistent with Article VII, Section 8 of the Utah Constitution, I am writing to inform you that I am allowing House Bill 220, LEGISLATIVE ORGANIZATION AMENDMENTS, to go into law without my signature.

House Bill 220, LEGISLATIVE ORGANIZATION AMENDMENTS, addresses the political membership of the Legislative Management Committee and the Legislature’s Budget Subcommittee. In this instance, as the Chief Executive Officer of the State, I do not believe it is my role to interfere in the management and organization of the Legislative Branch.

Accordingly, I will defer to the vote of the Legislature regarding their own management and allow House Bill 220, LEGISLATIVE ORGANIZATION AMENDMENTS, to go into law without my signature.

Resolutions

passed at the
General Session
of the
Sixty-First Legislature
2016
ON WATERS OF THE UNITED STATES

Chief Sponsor: Michael E. Noel
Senate Sponsor: David P. Hinkins

LONG TITLE

General Description:
This concurrent resolution of the Legislature and the Governor expresses support to Attorney General Sean Reyes in seeking to vacate a federal rule defining “waters of the United States.”

Highlighted Provisions:
This resolution:

► expresses disapproval of the expansion of the term “waters of the United States” to include ephemeral drainages, dry washes, gullies, coulees, and arroyos, which only move water after rain; and
► expresses support for Attorney General Sean Reyes in seeking to vacate this expansive rule.

Special Clauses:
None

WHEREAS, the scope of federal authority to regulate “navigable waters” under the Clean Water Act is established by the regulatory definition of the term “waters of the United States”;

WHEREAS, on June 29, 2015, the Environmental Protection Agency and the United States Army Corps of Engineers (agencies) finalized a new regulation expanding the scope of this definition;

WHEREAS, the rule purports to expand federal jurisdiction over a broad range of dry land and water features found within the state of Utah, such as ephemeral drainages, dry washes, gullies, coulees, and arroyos, which only move water after rain;

WHEREAS, the definition of “tributary” is one of the most expansive and problematic terms in the proposed rule;

WHEREAS, a tributary is commonly understood as a “stream” or “river” flowing into a larger stream or river, yet the new rule would include ephemeral drainages in the definition of tributary, even though they channel water only after heavy storms and are dry most of the time;

WHEREAS, the rule violates previous United States Supreme Court decisions Solid Waste Agency of Northern Cook County v. United States Army Corps of Engineers (SWANCC), 531 U.S. 159 (2001) and Rapanos v. United States (Rapanos), 547 U.S. 715, 725 (2006), which interprets the scope of federal authority under the Clean Water Act to be more limited than the new rule;

WHEREAS, the United States Supreme Court clarified and set limitations in defining “waters of the United States” under the Clean Water Act in the Rapanos decision, stating, “waters of the United States” includes only those “relatively permanent, standing or continuously flowing bodies of water ‘forming geographic features’ that are described in ordinary parlance as ‘streams, . . . oceans, rivers, [and] lakes’”;

WHEREAS, the United States Supreme Court defined the relationship between the federal regulatory agencies and the states finding, “Where an administrative interpretation of a statute invokes the outer limits of Congress’s power, we expect a clear indication that Congress intended that result. This requirement stems from our prudential desire not to needlessly reach constitutional issues and our assumption that Congress does not casually authorize administrative agencies to interpret a statute to push the limit of congressional authority. This concern is heightened where the administrative interpretation alters the federal–state framework by permitting federal encroachment upon traditional state power. Unless Congress conveys its purpose clearly, it is not deemed to have significantly changed the federal–state balance”;

WHEREAS, according to the Army Corps of Engineers in certain memoranda, the rule is “inconsistent with SWANCC and Rapanos. This assertion of Clean Water Act jurisdiction over millions of acres of isolated waters . . . undermines the legal and scientific credibility of the rule”;

WHEREAS, the Army Corps of Engineers said, “the draft final rule continues to depart significantly from the version provided for public comments, and that the Corps recommendations relation to our serious concerns have gone unaddressed. Specifically, the current draft final rule contradicts long-standing and well-established legal principles undergirding Clean Water Act 404 regulations and regulatory practices, especially the decisive Rapanos Supreme Court decision. The rule’s contradictions with legal principles generate multiple legal and technical consequences that in the view of the Corps would be fatal to the rule in this current form”;

WHEREAS, the Corps further states, “The preamble to the proposed rule and the draft preamble to the draft rule state that the rulemaking has been a joint effort of the EPA and the Corps, and that both agencies have jointly made significant findings, reached important conclusions, and stand behind the rule. These statements are not accurate”;

WHEREAS, the Corps charges that the EPA “selectively applied out of context, and mixes terminology and disparate data set. In the Corp’s judgment, these documents contain numerous inappropriate assumptions with no connection to the data provided, misapplied data, analytical deficiencies, and logical inconsistencies”;

WHEREAS, the rule exceeds the powers granted to the agencies by the United States Constitution,
Article 1, Section 8, to regulate channels of commerce within the state of Utah;

WHEREAS, the rule usurps the rights and powers reserved and granted by the Tenth Amendment to the United States Constitution to the state of Utah to regulate intrastate land use and water resources;

WHEREAS, the rule would regulate many irrigation ditches key to Utah agriculture as tributaries, imposing restrictions beyond those required by the state engineer and interfering with water rights;

WHEREAS, the rule regulates most wetlands, lakes, seasonally ponded areas, and ponds, including those constructed for stock watering and irrigation;

WHEREAS, to avoid the risk of liability from enforcement actions and citizens' suits, farmers and ranchers must ensure that farming and ranching activities do not cause a discharge of any pollutant (including pesticides and fertilizers) into any “waters of the United States” or that the activities are authorized by a federal Clean Water Act permit;

WHEREAS, the rule requires farmers and ranchers to seek new federal permits for pesticide and fertilizer applications to these newly defined “waters of the United States”; and

WHEREAS, the rule does not provide landowners with the tools needed to determine whether water features on their property are “waters of the United States”; and

WHEREAS, the new rule exceeds the scope of jurisdiction granted by Congress in the Clean Water Act, and thus violates the Administrative Procedure Act:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, finds the rule defining “waters of the United States” to be an unlawful exercise of federal regulatory authority.

BE IT FURTHER RESOLVED that the Legislature and the Governor support the legal challenge brought by Attorney General Sean Reyes to vacate the final rule.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to Governor Herbert, Attorney General Sean Reyes, and Utah's congressional delegation.

WHEREAS, Miranda, the son of Puerto Rican immigrants, brings to life the limitless possibilities, promise, and hope of America, even for a “young, scrappy and hungry” orphaned immigrant:

WHEREAS, Miranda and the producers of “Hamilton,” through the generosity of the Rockefeller Foundation, are providing $10 tickets to 20,000 New York City public high school students in 2016 to “excite curiosity in [these] students,” as Miranda explained, with the hope that “they will take away how much Hamilton did with his life in the time that he had.”;

WHEREAS, with tickets sold out for the foreseeable future, the “Hamilton” producers want the play to be accessible to audiences of all economic backgrounds and have begun offering 21 front row tickets for $10 each in an online lottery for each show;

WHEREAS, the American history “world [has] turned upside down” thanks to Miranda, a former high school teacher with an “unimaginable” combination of talent as a songwriter, playwright, composer, actor, and singer; and

WHEREAS, “Hamilton” places us all “in the room where it happens,” portraying the human drama, intrigue, passion, perplexity, and promise of America’s founding in a way that resonates with a modern and ethnically diverse America, and will continue to “stay alive” in our national consciousness for decades to come:

Chief Sponsor: Michael S. Kennedy
Senate Sponsor: Margaret Dayton

LONG TITLE
General Description:
This joint resolution authorizes a portion of the Utah State Developmental Center's campus to be leased for commercial purposes.

Highlighted Provisions:
This resolution:
- recognizes the important role the Utah State Developmental Center (USDC) plays in the provision of resources and support for disabled individuals with complex or acute needs in Utah;
- expresses support for the USDC master plan;
- recognizes that the master plan creates a long-term vision for undeveloped property that aligns with the Legislature's original purpose when creating the USDC; and
- authorizes approximately 7.7 acres of the northeast corner of the USDC’s campus to be leased for commercial purposes in accordance with the master plan.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, Utah Code Section 63A–5–220 requires that the Division of Facilities Construction and Management (DFCM) obtain the approval of the Legislature before offering land or water rights associated with the Utah State Developmental Center (USDC) for sale, exchange, or long-term lease;

WHEREAS, in 1929, the Legislature established the Utah State Training Center to assist with the care, protection, treatment, and education of individuals with mental disabilities;

WHEREAS, the Utah State Training Center, later known as the USDC, was established during an era when relatively little was known about the causes of mental disabilities;

WHEREAS, like other states, Utah built a public institution in a remote location and within a broad perimeter of land that provided a physical barrier between the institution and the nearest rural homes and communities;

WHEREAS, since its establishment in 1929, the USDC has evolved and improved regarding what public services should be provided for individuals with mental disabilities and how to provide those services;

WHEREAS, since state governments first acknowledged a public interest in and accepted some fiscal responsibility for citizens with disabilities, states have made sweeping changes in the philosophy and practice of providing public services to those citizens;

WHEREAS, these paradigm shifts have resulted from a growing knowledge about disabilities, including their causes, prevention, interventions, and accommodations;

WHEREAS, also contributing to the paradigm shifts was an improving regard for individuals who experience disabilities, as evidenced by public laws that affirm and promote their rights, an expansion of publicly funded services, and greater inclusion by their communities;

WHEREAS, in April 1999, Utah’s Lieutenant Governor, Olene Walker, issued a set of guiding principles entitled “Principles to Guide the Delivery of Publicly Funded Services for People with Disabilities in Utah”;

WHEREAS, these principles were developed by a group of individuals representing the Governor’s office, the Legislature, state agencies, service providers, and parent advocates;

WHEREAS, the principles were distributed in the community and public comment was received at a meeting conducted by the Lieutenant Governor on April 13, 1999;

WHEREAS, the Department of Human Services and the Department of Health subsequently adopted these principles to guide how they provide services;

WHEREAS, like providers of community-based services, the USDC is currently working to support and promote more individual-centered services, a greater choice of services and supports, and increased opportunities for inclusion of individuals with mental disabilities in the community;

WHEREAS, today, Utah’s citizens are served from across the entire state under the direction of the Department of Human Services and the Division of Services for People with Disabilities;

WHEREAS, the USDC provides 24-hour residential care, is Utah’s only state-operated intermediate care facility for individuals with intellectual disabilities, and takes great pride in serving these most vulnerable of Utah’s citizens;

WHEREAS, as other providers in the state struggle to provide care for individuals with complex emotional, medical, and behavioral issues,
the USDC is in the unique position of providing most of the essential services needed at a single location;

WHEREAS, the USDC’s development of a master plan to guide its service is central to its present and future success in providing services for individuals with mental disabilities;

WHEREAS, the master plan was developed in conjunction with an overall strategic vision for the future use of the USDC;

WHEREAS, the strategic planning group included a wide range of stakeholders and the master plan was vetted by conducting over 30 public meetings and planning sessions;

WHEREAS, input for the planning process was received from:

• individuals living at the USDC and their families;
• neighborhoods, counties, and cities surrounding the USDC;
• community advocacy groups representing individuals with disabilities; and
• community service providers that regularly work with the USDC;

WHEREAS, the USDC master plan creates a long-term vision for undeveloped property that is in accordance with the original purpose of the Legislature in creating this resource for Utahns with disabilities;

WHEREAS, the master plan provides a long-term revenue source for individuals with disabilities living in Utah, while preserving the original purpose of the land and maximizing development potential;

WHEREAS, the master plan was created with a sustainable methodology, including a balance between environmental sensitivity, community connections, artistic beauty, and economic viability;

WHEREAS, the USDC’s mission is “dedication to providing an array of resources and supports for individuals with disabilities with complex or acute needs in Utah”;

WHEREAS, the USDC vision is to “provide an effective, efficient array of critical services and supports that promote independence and quality of life for Utah’s most vulnerable individuals with disabilities in partnership with families, guardians and the community”;

WHEREAS, by following the master plan, USDC is in a position to better assist individuals with disabilities to achieve their highest potential in an atmosphere that preserves personal dignity;

WHEREAS, the USDC is ready to begin incrementally developing a portion of the USDC campus in accordance with the master plan:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah expresses support for the incremental implementation of the USDC’s master plan.

BE IT FURTHER RESOLVED that, in accordance with Utah Code Section 63A-5-220, the Legislature authorizes DFCM to enter into a long-term lease for approximately 7.7 acres of land located in the northeast corner of the USDC’s campus.

CONCURRENT RESOLUTION IN SUPPORT OF SALES AND USE TAX TRANSACTIONAL EQUITY

Chief Sponsor: Wayne A. Harper
House Sponsor: Brad L. Dee

LONG TITLE

General Description:
This concurrent resolution of the Legislature and the Governor urges the United States Congress to pass the Remote Transactions Parity Act of 2015, H.R. 2775, legislation for fair, uniform, simplified, and constitutional collection and remittance of state and local sales and use taxes by both in-state and remote sellers.

Highlighted Provisions:
This resolution:
> urges Congress to pass, without delay, the Remote Transactions Parity Act of 2015, H.R. 2775, for the fair, uniform, simplified, and constitutional collection of state and local sales and use taxes due; and
> affirms that, through passage of the legislation, Congress will:
  > foster consistent standards for in-state and remote sellers who are obligated to collect state and local sales and use taxes, providing equal, consistent, and fair treatment among traditional brick-and-mortar retailers, brick-and-click retailers, catalogue retailers, and Internet-only retailers; and
  > require similarly situated purchasers to pay the same sales and use tax rates, regardless of which type of retailer they make their purchases from and regardless of where that retailer is located.

Special Clauses:
None
Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, United States Supreme Court decisions in National Bellas Hess v. Department of Revenue, 386 U.S. 753 (1967), and Quill Corp. v. North Dakota, 504 U.S. 298 (1992), require a seller to have a physical presence in a taxing state before the state may require the seller to collect and remit sales and use taxes on transactions that occur within that state;

WHEREAS, the United States Supreme Court also declared in the Quill Corp. v. North Dakota decision that Congress “has the ultimate power” under the commerce clause of the United States Constitution to resolve “whether, when, and to what extent” the states may require sales and use tax collection and remittance on remote sales;

WHEREAS, states and localities that use sales and use taxes as a revenue source may not collect revenue from some portion of remote sales commerce under the current Supreme Court rulings;

WHEREAS, since 1999, various state legislators, governors, local elected officials, state tax administrators, and representatives of the private sector have worked together to develop standards, protocols, and tax systems that mitigate the burdens addressed in Quill Corp. v. North Dakota;

WHEREAS, between 2001 and 2002, 40 states enacted legislation expressing their intent to simplify the states' sales and use tax collection systems and to participate in discussions to allow for the collection of states' sales and use taxes;

WHEREAS, Utah has been a leader in demonstrating the political will to make meaningful state sales and use tax reform and encouraging state membership in the Streamlined Sales and Use Tax Agreement;

WHEREAS, 24 states, including Utah, have joined the Streamlined Sales and Use Tax Agreement and have refined their state laws accordingly;

WHEREAS, the actions of these states provide justification for Congress to enact legislation to allow states to require remote sellers to collect the states' sales and use taxes;

WHEREAS, the end consumer is responsible for paying the statutorily due sales and use tax and the retailer is the state-appointed collector of sales and use tax;

WHEREAS, the enactment of legislation by Congress that allows states to require remote sellers to collect the states' sales and use taxes is necessary to treat all sales transactions the same regardless of whether they are done by an in-state, remote, or online retailer;

WHEREAS, Congress has had sufficient time to address the requirements of Quill Corp. v. North Dakota and the states have acted to minimize the additional burdens on businesses by implementing automated software to calculate tax rates imposed by each tax jurisdiction;

WHEREAS, empowering states to collect sales and use taxes on in-state and remote sales is consistent with the Tenth Amendment to the United States Constitution and is a states' rights issue;

WHEREAS, requiring remote sellers to collect sales and use taxes may broaden Utah's sales and use tax base and potentially enable the Utah Legislature and the Governor to lower sales and use tax rates;

WHEREAS, the Utah Legislature has repeatedly passed resolutions over the last 10 years calling upon Congress to pass legislation supporting Tenth Amendment rights and allowing states to collect the sales and use taxes due from all transactions;

WHEREAS, the United States Senate heeded that call by overwhelmingly passing the Marketplace Fairness Act of 2013, but the United States House of Representatives failed to consider or vote on the legislation;

WHEREAS, any federal legislation should be fair to both in-state and remote sellers and purchasers, whether such legislation requires sales and use taxes to be collected on a point of sale or point of delivery basis;

WHEREAS, the Remote Transactions Parity Act of 2015, H.R. 2775 (the Remote Transactions Parity Act), is currently introduced in the United States House of Representatives and satisfies Quill;

WHEREAS, passage of the Remote Transactions Parity Act is intended to foster consistent treatment of and standards for in-state and remote sellers in collecting and remitting already due sales and use taxes;

WHEREAS, the small remote seller phase-in as set forth in the Remote Transactions Parity Act needs to treat all retailers the same, including retailers using an electronic marketplace;

WHEREAS, passage of the Remote Transactions Parity Act or the Marketplace Fairness Act is the top priority of the National Governors Association and the National Conference of State Legislatures; and

WHEREAS, passage of the Remote Transactions Parity Act is a top priority of the Retail Industry Leaders Association, the International Council of Shopping Centers, the Farm Bureau, the Chamber of Commerce, the United States Conference of Mayors, and other major associations:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges and calls upon the United States Congress to pass, without delay, and the President of the United States to sign, the Remote Transactions Parity Act, which provides for the fair, uniform, simplified, and constitutional administration of and collection of state and local sales and use taxes due.

BE IT FURTHER RESOLVED that Congress, in the Remote Transactions Parity Act, treat all retailers and small sellers the same in the small remote seller phase-in, including retailers using an electronic marketplace.

BE IT FURTHER RESOLVED that the Legislature and the Governor call upon each of Utah’s members...
of Congress to actively support, to cosponsor, and to vote in favor of the Remote Transactions Parity Act and for Utah’s members of the Senate to do the same once the legislation reaches the Senate.

BE IT FURTHER RESOLVED that the Legislature and the Governor affirm that, through passage of the Remote Transactions Parity Act, the United States Congress will foster consistent standards for in-state and remote sellers who are obligated to collect state and local sales and use taxes, providing equal, consistent, and fair treatment among traditional brick-and-mortar retailers, brick-and-click retailers, catalogue retailers, and Internet-only retailers and require similarly situated purchasers to easily pay the sales and use taxes due, regardless of which type of retailer they make their purchases from and regardless of where that retailer is located.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge all members of Utah’s congressional delegation to vote in favor of the Marketplace Fairness Act of 2015, S. 698, should that legislation be presented for a vote.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the chair and cochair of the Senate Finance Committee, the chair and cochair of the House Judiciary Committee, and the members of Utah’s congressional delegation.

LONG TITLE

General Description:
This concurrent resolution of the Legislature and the Governor urges the National Park Service to include the Fish Lake Cutoff in the official designation of the Old Spanish Trail.

Highlighted Provisions:
This resolution:

- urges the National Park Service to include the 72-mile trail known as the Fish Lake Cutoff, which joins the main branch of the Old Spanish Trail at the confluence of the East Fork of the Sevier and the Sevier River near Junction, Utah, in the official designation of the Old Spanish Trail.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the Old Spanish Trail was an early western trade route between Santa Fe, New Mexico, and Los Angeles, California;

WHEREAS, the Old Spanish Trail was used by traders, trappers, emigrants, and possibly prospectors;

WHEREAS, there are several shortcuts and detours on the Old Spanish Trail, but none are better documented than the Fish Lake Cutoff in central Utah;

WHEREAS, the 72-mile long Fish Lake Cutoff, called the “Summer Branch,” was defined by Captain John W. Gunnison in 1853;

WHEREAS, the Fish Lake Cutoff split from the main branch of the Old Spanish Trail two and a half miles south from Ivie Creek in Red Creek Canyon;

WHEREAS, the Fish Lake Cutoff rejoins the main branch of the Old Spanish Trail at the confluence of the East Fork of the Sevier and the Sevier River near Junction, Utah;

WHEREAS, the Fish Lake Cutoff shaved only 21 miles from the journey of trail travelers, but it led them to the lush grasses in Johnson Valley and Fish Lake, which teemed with fish that provided much needed protein;

WHEREAS, the Fish Lake Cutoff enters the Fish Lake Basin from the banks of Lake Creek on the north end of the lake;

WHEREAS, the trail passes within a hundred feet of the Moon Ridge fishing village;

WHEREAS, this site was recorded in the early 1990s by Lincoln Land Community College of Springfield, Illinois;

WHEREAS, in 1996, the site was excavated by a BYU archaeological field school, which discovered a fishing village intermittently used from roughly 300 A.D. into the Late Prehistoric period;

WHEREAS, historic trade goods were found in the upper levels of the site, including metal arrow points, a moccasin awl, tinklers, and glass beads from approximately 1840;

WHEREAS, recent surveys by the Fishlake National Forest along the Fish Lake Cutoff found conclusive proof that the trail was heavily used during the heyday of the Old Spanish Trail;

WHEREAS, the tree ring studies document the use of both the Fish Lake Cutoff and the Old Spanish Trail before 1829, suggesting that the Old Spanish Trail and Fish Lake Cutoff travelers were following a well-established system of trails established by Spanish merchants and perhaps prospectors 34 years before the previously estimated period of use;

WHEREAS, some of the trail travelers that used the Fish Lake Cutoff, or were nearby at the junction of the main branch, include Kit Carson, Lieutenant George Brewerton, Jedediah Smith, Orville Pratt, Benjamin Chouteau, Denis Julien, Lieutenant E.K. Beale, Lieutenant E.G. Beckwith, Colonel W.W. Loring, the Elk Mountain Mission, and Wakara;

WHEREAS, beginning in 2009 the Fishlake National Forest began an intensive archaeological survey of the multiple corridors of the Old Spanish Trail and the Fish Lake Cutoff;

WHEREAS, the archaeological survey has employed a variety of methods to unlock the keys to the story of Utah’s sections of the Old Spanish Trail and the Fish Lake Cutoff, including pedestrian survey, satellite imagery, computer image enhancement programs, dendrochronology, protein residue analysis, historical research, herding strategies and stock movement, communications with professional peers, and the involvement of the general public;

WHEREAS, these efforts were awarded by the concurrence of the Utah State Historic Preservation Officer that the Utah sections of the Old Spanish Trail and the Fish Lake Cutoff were eligible for inclusion on the National Register of Historic Places;

WHEREAS, in 2013, the Utah sections of the Old Spanish Trail and the Fish Lake Cutoff were listed by the Keeper of the National Register of Historic Places, or “Keeper of the Register”;

WHEREAS, due to the eligibility determination of both the Old Spanish Trail and the Fish Lake
Cutoff segments in the Fishlake National Forest, Utah is required by the National Historic Preservation Act of 1966, as amended, to protect and preserve Utah’s section of the trails from internal and external impacting agents;

WHEREAS, a management plan is also being prepared to guide management practices and allow the public to enjoy these historical wonders; and

WHEREAS, inclusion of the Fish Lake Cutoff in the official designation of the Old Spanish Trail would be a fitting capstone to all of the efforts over many years to recognize the complete expanse of this trail:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges the National Park Service to include the 72-mile trail known as the Fish Lake Cutoff, which joins the main branch of the Old Spanish Trail at the confluence of the East Fork of the Sevier and the Sevier River near Junction, Utah, in the official designation of the Old Spanish Trail.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the National Park Service, the Lincoln Land Community College, the Brigham Young University Department of Anthropology, the Fishlake National Forest Offices, the Utah State Historic Preservation Officer, and the Keeper of the National Register of Historic Places.

WHEREAS, properly remembering veterans who fought in a conflict often described as "forgotten" is an essential expression of true gratitude;

WHEREAS, efforts are underway to see that all Utah combat veterans of the Korean War are located and recognized for their sacrifice;

WHEREAS, these efforts began in 2012 when John Cole, a retired sergeant in the United States Marine Corps and veteran of both World War II and the Korean War, addressed questions about his service from a young South Korean journalist while attending an event in Washington, D.C., commemorating the 60th anniversary of the end of the Korean War;

WHEREAS, other reporters and photographers, who spoke little or no English, listened carefully as Cole shared his story as the first journalist acted as interpreter;

WHEREAS, through these exchanges, Cole came to realize the South Korean people are deeply grateful for those who helped save their nation;

WHEREAS, Cole related that South Koreans do not see the Korean War as "The Forgotten War" but as the "Remembered War" because they still have a nation;

WHEREAS, when Cole returned home, he felt compelled to do more to highlight the service of Utah’s Korean War veterans;

WHEREAS, Cole worked with Jay Wells, also a retired sergeant in the United States Marine Corps and veteran of the Vietnam War, to brainstorm what to do next;

WHEREAS, within a few short weeks, the two men forged connections to those in the business community that do work for the South Korean government, officials at the Consulate General of the Republic of Korea in San Francisco, and even those that talk directly to the President of the Republic of South Korea;

WHEREAS, arrangements were made for Utah combat veterans of the Korean War to receive the “Ambassador for Peace Medal” from the Republic of Korea;

WHEREAS, the costs for the medals are paid for entirely by the South Korean government;

WHEREAS, to receive the medal, a veteran must be from Utah and have served in combat during the Korean War between June 25, 1950, and July 27, 1953;

WHEREAS, the Utah Department of Veterans’ and Military Affairs assisted with the first medal ceremony, held in the Utah Capitol Rotunda in September 2014, and have continued to assist with seven subsequent ceremonies;

WHEREAS, members of the Republic of Korea’s government, including Han Dong-Man, consul general of the Republic of Korea, have been present at each ceremony to recognize the assembled veterans and their families;

WHEREAS, Dong-Man has stated, “Without the heroism, valor and sacrifice of these Korean War veterans, our country would not have the peace, prosperity and economic growth that we enjoy today”;

WHEREAS, since 2013, Cole’s and Wells’s efforts have enabled about 1,000 Utahns to receive the Republic of South Korea’s “Ambassador for Peace Medal”;

WHEREAS, approximately 17,000 Utahns served in the Korean War;

WHEREAS, at each ceremony, Cole and Wells learn of more Utah Korean War veterans, and they know there are many more Utah combat veterans of the Korean War yet to be honored; and

WHEREAS, Cole has said, “Some people have told us it’s a project we’ll never finish, but what are we supposed to do? It’s a lot of work, tracking all these names down, but we want to get everyone we possibly can”;

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, honors the efforts of retired Marine Corps sergeants John Cole and Jay Wells who have helped Korean War veterans receive the “Ambassador for Peace Medal.”

BE IT FURTHER RESOLVED that the Legislature and the Governor express gratitude to every Utah combat veteran of the Korean War for their service and sacrifice.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Utah Department of Veterans’ and Military Affairs, the Consulate General of the Republic of Korea in San Francisco, the President of the Republic of Korea, John Cole, and Jay Wells.

**Highlighted Provisions:**
This resolution:
- approves the proposed exchange of school and institutional trust lands and mineral interests in Box Elder, Tooele, Juab, and Washington counties for United States government lands in Box Elder, Tooele, Juab, Millard, and Beaver counties; and
- recognizes that the land received by the state in the exchange would provide greater economic development potential, and be better managed and administered for the benefit of the state's trust land beneficiaries and economy.

**Special Clauses:**
None

---

WHEREAS, the land exchange authorized by S.2383 would exchange school trust lands that are currently scattered in small parcels for lands with greater economic development potential that could be more efficiently managed and administered for the benefit of the state's trust lands beneficiaries and economy as a whole:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, approves the land exchange between the state of Utah and the United States government, as proposed by S.2383.

**CONCURRENT RESOLUTION ON THE PUBLIC HEALTH CRISIS**

Chief Sponsor: Todd Weiler
House Sponsor: Curtis Oda

**LONG TITLE**

**General Description:**
This concurrent resolution of the Legislature and the Governor recognizes that pornography is a public health hazard leading to a broad spectrum of individual and public health impacts and societal harms.

**Highlighted Provisions:**
This resolution:
- recognizes pornography is a public health hazard leading to a broad spectrum of individual and public health impacts and societal harms; and
- recognizes the need for education, prevention, research, and policy change at the community and societal level in order to address the pornography epidemic that is harming the citizens of Utah and the nation.

**Special Clauses:**
None

---

WHEREAS, pornography is creating a public health crisis;

WHEREAS, pornography perpetuates a sexually toxic environment;

WHEREAS, efforts to prevent pornography exposure and addiction, to educate individuals and families concerning its harms, and to develop recovery programs must be addressed systemically in ways that hold broader influences accountable;

WHEREAS, pornography is contributing to the hypersexualization of teens, and even prepubescent children, in our society;

WHEREAS, due to advances in technology and the universal availability of the Internet, young children are exposed to what used to be referred to
as hard core, but is now considered mainstream, pornography at an alarming rate;

WHEREAS, the average age of exposure to pornography is now 11 to 12 years of age;

WHEREAS, this early exposure is leading to low self-esteem and body image disorders, an increase in problematic sexual activity at younger ages, and an increased desire among adolescents to engage in risky sexual behavior;

WHEREAS, exposure to pornography often serves as children's and youths' sex education and shapes their sexual templates;

WHEREAS, because pornography treats women as objects and commodities for the viewer's use, it teaches girls they are to be used and teaches boys to be users;

WHEREAS, pornography normalizes violence and abuse of women and children;

WHEREAS, pornography treats women and children as objects and often depicts rape and abuse as if they are harmless;

WHEREAS, pornography equates violence towards women and children with sex and pain with pleasure, which increases the demand for sex trafficking, prostitution, child sexual abuse images, and child pornography;

WHEREAS, potential detrimental effects on pornography's users can impact brain development and functioning, contribute to emotional and medical illnesses, shape deviant sexual arousal, and lead to difficulty in forming or maintaining intimate relationships, as well as problematic or harmful sexual behaviors and addiction;

WHEREAS, recent research indicates that pornography is potentially biologically addictive, which means the user requires more novelty, often in the form of more shocking material, in order to be satisfied;

WHEREAS, this biological addiction leads to increasing themes of risky sexual behaviors, extreme degradation, violence, and child sexual abuse images and child pornography;

WHEREAS, pornography use is linked to lessening desire in young men to marry, dissatisfaction in marriage, and infidelity;

WHEREAS, this link demonstrates that pornography has a detrimental effect on the family unit; and

WHEREAS, overcoming pornography's harms is beyond the capability of the afflicted individual to address alone:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, recognizes that pornography is a public health hazard leading to a broad spectrum of individual and public health impacts and societal harms.

BE IT FURTHER RESOLVED that the Legislature and the Governor recognize the need for education, prevention, research, and policy change at the community and societal level in order to address the pornography epidemic that is harming the people of our state and nation.
WHEREAS, through many commercial lobbying efforts, this “secondary service” status has been reduced to being secondary to almost any other communications service;

WHEREAS, the President of the United States has directed the Chair of the FCC to consider removing channels 32 through 51 from the current FCC channels 14 through 51 Television Broadcast Authorization;

WHEREAS, this action would devastate off-air television reception to urban areas and also cause disruption to off-air viewers nationwide;

WHEREAS, according to FCC records dated January 8, 2016, 3,604 television translator stations, 417 Class A Low Power Television (LPTV) stations, 1,822 LPTV stations, and 4 television booster stations are now on file;

WHEREAS, according to FCC records, over 3,600 television translator stations presently provide free over-the-air television to rural communities throughout the nation;

WHEREAS, if this channel repacking were to become a reality, many of these translator stations would no longer remain in operation, requiring viewers to subscribe to either cable or satellite programming;

WHEREAS, Utah has 778 television translator stations, and the state’s rural viewers would be forced to either pay for subscription television or have no television reception;

WHEREAS, after 40 years of analog broadcasting, the United States Congress mandated the broadcasting industry to make a conversion from analog to digital operation;

WHEREAS, the needs of urban areas are far different from the needs of small rural communities and are a classic example of “one size does not fit all”;

WHEREAS, broadcasters are required by the FCC to participate in the national Emergency Alert System and are also required to make regular tests to assure their systems are always ready to broadcast any local warnings, including flood conditions, high wind warnings, and bad road conditions, and these warnings are automatically retransmitted through television translator stations to alert rural viewers;

WHEREAS, closed captioning for the deaf is also a mandatory requirement of primary broadcast stations and automatically passes through television translators to rural viewers;

WHEREAS, Utah has 778 television translator stations and automatically passes through television translator signals far beyond the FCC protected contours; and

WHEREAS, the state of Utah has engaged in planning, acquiring necessary engineering with labor, construction, and travel, constructing new buildings, upgrading existing buildings with air-conditioning, utilizing crane services to erect new towers, and completing extensive FCC licensing to help consummate the digital television (DTV) transition;

WHEREAS, through cooperation of the state’s counties, the University of Utah, the state of Utah, and the FCC the DTV transition has been made successful;

WHEREAS, the state of Utah has supported the DTV transition through four Community Impact Board grants since 2005 in the amount of nearly $9,000,000;

WHEREAS, the University of Utah supported the DTV transition with a federal grant of approximately $2,000,000;

WHEREAS, the National Telecommunications and Information Administration, a division of the federal government, offered all television translator and LPTV licensees a reimbursement program for the digital to analog conversion;

WHEREAS, small rural cable companies are using digital television translator signals for their systems free of charge instead of paying for satellite feeds;

WHEREAS, repacking would cause eight Salt Lake City primary television stations to find new channels, causing significant consequences to both urban and rural communities in the state of Utah;

WHEREAS, it would be impossible to continue the “Utah Daisy Chain” rural digital television translator services if the proposed block of television channels were reclaimed by the FCC, and this action would have a negative local economic impact to the affected counties;

WHEREAS, in many rural areas of Utah and all across the nation, the spectrum above channel 51 sits vacant and unused;

WHEREAS, small rural areas are not economically attractive to large Internet business enterprises seeking more spectrum;

WHEREAS, the National Telecommunications and Information Administration, a division of the federal government, offered all television translator and LPTV licensees a reimbursement program for the digital to analog conversion;

WHEREAS, small rural cable companies are using digital television translator signals for their systems free of charge instead of paying for satellite feeds;

WHEREAS, repacking would cause eight Salt Lake City primary television stations to find new channels, causing significant consequences to both urban and rural communities in the state of Utah;

WHEREAS, it would be impossible to continue the “Utah Daisy Chain” rural digital television translator services if the proposed block of television channels were reclaimed by the FCC, and this action would have a negative local economic impact to the affected counties;

WHEREAS, closed captioning for the deaf is also a mandatory requirement of primary broadcast stations and automatically passes through television translators to rural viewers;

WHEREAS, if these viewers do not have access to any local free over-the-air broadcast signals, they proceed without local warnings or closed captioning for the deaf;

WHEREAS, counties in Utah are presently licensed with the FCC for 778 digital television translators, or 30%, of the nation’s digital television translator licenses;

WHEREAS, the FCC seeks to allow anyone to operate unlicensed signals on unused channels within the present television bands, while the FCC still requires television translator stations to be licensed in these same bands;

WHEREAS, these unlicensed devices will cause interference to existing digital television services nationwide, and many television translator viewers will possibly be vulnerable to unacceptable interference because they receive their home signals far beyond the FCC protected contours; and
WHEREAS, the federal government should ensure that rural communities in Utah and throughout the nation are not forced to either pay for subscription television service or go without television:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, strongly urges the President of the United States and the FCC to not remove channels 32 through 51 from the current existing FCC channels 14 through 51 Television Broadcast Authorization because of its negative impact on off-air television reception in urban areas and off-air viewers nationwide, including rural viewers, who would be forced to either pay for subscription television or go without television service.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Chair of the FCC and each commission member, the National Telecommunications and Information Administration, and the members of Utah’s congressional delegation.

LONG TITLE
General Description:
This concurrent resolution of the Legislature and the Governor urges Congress to reclassify marijuana as a Schedule II drug and encourages researchers to investigate the benefits of medical marijuana.

Highlighted Provisions:
This resolution:
► notes that marijuana is currently classified as a Schedule I drug under the United States Controlled Substances Act;
► notes that the current classification of marijuana has led to a lack of research on the potential medical benefits of marijuana;
► urges Congress and the federal government to reclassify marijuana as a Schedule II drug;
► encourages researchers to investigate the benefits of medical marijuana; and
► encourages researchers to report their findings to the legislative interim committees of Business and Labor, Economic Development, and Health and Human Services, or other groups as appropriate or feasible.

Special Clauses:
None
Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, marijuana is currently classified as a Schedule I drug under the United States Controlled Substances Act, which is an inappropriate classification because it impedes legal research by industries and universities;

WHEREAS, while the use of medical marijuana is allowed in at least 23 states already for numerous medical indications, marijuana use remains illegal under federal law;

WHEREAS, the federal government has indicated that it will not prosecute patients who use medical marijuana in states where state law permits the use of medical marijuana, and there is a potential change in public policy in Utah regarding this issue;

WHEREAS, there is a significant lack of research on medical marijuana by industries, universities, and research institutions in the country, likely due in part to marijuana’s classification as a Schedule I drug under federal law;

WHEREAS, conducting research on a Schedule I drug requires a license issued by the Drug Enforcement Agency;

WHEREAS, Utah law also classifies marijuana as a Schedule I drug;

WHEREAS, changing the classification of marijuana from Schedule I to Schedule II under state and federal law would result in the drug being more available for research, while still keeping marijuana safely regulated; and

WHEREAS, Utah has nationally respected research and healthcare facilities including the University of Utah, USTAR, University of Utah Medical School, Huntsman Cancer Institute, Veterans Affairs Medical Center, and others:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges Congress and the federal government to change the classification of marijuana from Schedule I to Schedule II.

BE IT FURTHER RESOLVED that the Legislature and Governor encourage research institutions such as the University of Utah, USTAR, University of Utah Medical School, Huntsman Cancer Institute, Veterans Affairs Medical Center, and others to collaborate on determining the feasibility of a formal study of the medical benefits of marijuana.

BE IT FURTHER RESOLVED that those who determine the feasibility of a formal study of the medical benefits of marijuana report their findings to the legislative interim committees of Business and Labor, Economic Development, and Health and Human Services, or other groups as appropriate or feasible.

CONCURRENT RESOLUTION
ON EDUCATION

Chief Sponsor:  J. Stuart Adams
House Sponsor:  David E. Lifferth

LONG TITLE
General Description:
This resolution honors the limits of federal power related to education as set forth in the Tenth Amendment to the United States Constitution.

Highlighted Provisions:
This resolution:

- declares that parents should have decision making authority over primary and secondary education in the state;
- notes that the Tenth Amendment to the United States Constitution limits the authority of the federal government to those powers enumerated in the Constitution, which do not include education;
- urges the United States Congress to end all current and prohibit any further interference with state decisions regarding education by the United States Department of Education; and
- demands the prohibition of federal programs that incentivize states to adopt certain academic standards or that require states to pass specific education legislation in order to maintain federal funding.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the Utah Legislature finds that the first principle of education, and therefore of education policymaking, is that parents are the primary educators of their children and should have decision making authority over elementary and secondary education in the state of Utah to the greatest extent possible;

WHEREAS, the Utah Legislature trusts that educators in Utah are better equipped than politicians or bureaucrats in Washington, D.C., to determine academic content for their students and to ensure the success of each child enrolled in a Utah public school;

WHEREAS, the Tenth Amendment to the United States Constitution declares that “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people”;

WHEREAS, the Tenth Amendment defines the scope of federal power as being that specifically granted by the United States Constitution and no more;

WHEREAS, the Tenth Amendment unequivocally sets forth that we, the people of the United States of America, and each state in the Union, now have, and have always had, powers that the federal government may not usurp;

WHEREAS, nowhere in the United States Constitution is the federal government delegated the power to regulate or fund elementary or secondary education;

WHEREAS, because education is not an enumerated power delegated to the federal government by the United States Constitution, it is reserved to the states or to the people;

WHEREAS, a federal role in education is a violation of the original intent of the United States Constitution and the Tenth Amendment; and

WHEREAS, the Utah Legislature, which is directly accountable to the citizens of Utah, is the appropriate body to empower parents and educators to determine academic content, free from any pressure, constraints, or directives from the United States Department of Education:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges the United States Congress to end all current and prohibit any further
interference with the United States Department of Education with state decisions regarding academic content, standards, or assessments and repeal and prohibit all compulsory federal legislation that interferes with the state of Utah’s constitutional authority over educational standards and materials through civil threat, sanctions, criminal penalty, or loss of federal funding distributed by allocations or grants.

BE IT FURTHER RESOLVED that the Legislature and the Governor demand the repeal and prohibition of federal programs that incentivize states to adopt certain academic standards or that require states to pass specific education legislation in order to maintain, apply for, or receive federal funding and assert that it is the duty of the Legislature to exercise its constitutional authority to resist and overturn any interference relating to Utah’s academic standards, assessments, and educational materials by the United States Department of Education or the United States Congress.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah’s congressional delegation.

JOINT RESOLUTION CALLING FOR THE REPEAL OF THE 17TH AMENDMENT

Chief Sponsor: Alvin B. Jackson
House Sponsor: Ken Ivory

LONG TITLE
General Description:
This joint resolution of the Legislature requests that the United States Congress propose an amendment to the United States Constitution to repeal the Seventeenth Amendment to the United States Constitution.

Highlighted Provisions:
This resolution:
- urges Utah's congressional delegation and all the members of the United States Congress to propose an amendment to the United States Constitution to repeal the Seventeenth Amendment; and
- provides language for the proposed amendment.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, before the passage of the Seventeenth Amendment to the United States Constitution, upon a vacancy in the office of a senator, the governor of a state was empowered under the United States Constitution Article I, Section 3, Clause 2 to fill the vacancy with a temporary appointment until such time as the state legislature convened and selected a replacement;

WHEREAS, upon ratification of the Seventeenth Amendment to the United States Constitution in 1913, the power to elect senators from each state was passed to the people of each state;

WHEREAS, upon ratification of the Seventeenth Amendment to the United States Constitution in 1913, when a vacancy occurred in the office of a senator, the governor of the state was directed to issue a writ of election to fill the vacancy provided, although the state legislature could empower the governor to appoint a temporary successor until the next election;

WHEREAS, the founders of our republic and the framers of the constitution recognized that in a republican form of government, the legislative authority should necessarily be predominant;

WHEREAS, the founders intended that legislative authority be divided into two different branches composed by different modes of election, creating different principles of action, and be as little connected with each other as the nature of their common functions and their common dependencies on society would admit;

WHEREAS, James Madison explained the reason for bicameralism in Federalist Papers No. 10: “Before taking effect, legislation would have to be ratified by two independent power sources: the people’s representatives in the House and the state legislatures’ agents in the Senate”;

WHEREAS, James Madison argued in Federalist Papers No. 62 that, “The appointment of senators by state legislatures gives the state governments such an agency in the formation of the federal government as must secure the authority of the former”;

WHEREAS, Alexander Hamilton, in Federalist Papers No. 10, concluded that because the legislatures were selected bodies of men, the choice of United States senators would “generally be made with peculiar care and judgment by the legislatures”;

WHEREAS, the founders of the constitution created an ingenious template of checks and balances, with divisions and distributions of power to provide for and protect the highest sovereignty - that of each individual citizen;

WHEREAS, the Seventeenth Amendment to the United States Constitution disrupts that balance of power by providing for the selection of senators by popular vote in the same manner representatives are selected by popular vote; and

WHEREAS, popular election of senators has diluted the power of the separate states, diminished federalism, and resulted in the increased power of the federal government over the individual states:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah urges Utah's congressional delegation and all the members of the United States Congress to propose an amendment
to the United States Constitution repealing the Seventeenth Amendment that reads as follows:

“Section 1. The seventeenth article of amendment to the Constitution of the United States is hereby repealed.

Section 2. The Senate of the United States shall be composed of two Senators from each State, selected by the legislature of each State. Each Senator shall serve a six-year term and may be reappointed. Each Senator shall have one vote in the Senate.

Section 3. Among the duties of each Senator is the primary duty to represent the government of his or her State, and in particular the State’s legislature, in the Senate. For the purpose of maintaining communications with its Senators, each State legislature shall establish a liaison committee and shall specify the duties, procedures, and method of appointment of that committee. A liaison committee shall work with its United States Senators in evaluating the impact of federal legislation on its state. All legislation proposed by Congress, and all treaties proposed, shall be submitted to each State’s liaison committee.

Section 4. The salary and benefits for a Senator shall be provided by the Senator’s State.

Section 5. Senators are subject to removal by the State legislature. Removal of a Senator requires a majority of each house of the State legislature, or in the case of a unicameral legislature, a simple majority.

Section 6. Congress is precluded from enacting any legislation affecting the senatorial selection process. Each State legislature shall enact rules and procedures, consistent with this amendment, related to the selection and removal of Senators.

Section 7. This amendment shall not be so construed as to affect the term of any Senator chosen before it becomes valid as part of the Constitution. The electors in each State shall have the qualifications requisite for electors of the most numerous branch of the State legislatures.”

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah’s congressional delegation.

This TANF funding is dependent upon availability of TANF funding and expenditures meeting the necessary requirements to qualify for the federal TANF program. The Legislature further intends that DWS report to the Office of the Legislative Fiscal Analyst no later than September 1, 2016, regarding the status of these efforts.  

Section 2. Effective Date.  
This bill takes effect on July 1, 2016.
WHEREAS, the state of Utah is a public lands state, committed to preserving certain of these lands in their natural condition, allowing continued recreational access for hunters, anglers, campers, and other recreators on other land, as well allowing some public lands to be utilized for additional benefits, including agriculture, timber production, and energy and natural resource development;

WHEREAS, a high and critical priority for the Legislature and the Governor is the health, protection, preservation, and productivity of, and access to, the public lands within the state; and

WHEREAS, Utah is 50th in the nation in per pupil spending due to the large portion of the state that is held as federal land and not subject to property tax;

WHEREAS, the officials of the state have a legitimate basis to believe that President Barack Obama is considering issuing a proclamation under the Antiquities Act designating one or more national monuments within the borders of the state of Utah before the end of his term in office;

WHEREAS, one of the national monuments being considered—Bears Ears National Monument—may be nearly 1.9 million acres in size and cover roughly 40% of San Juan County;

WHEREAS, the Antiquities Act limits a presidential monument designation to the "smallest area compatible with proper care and management of the objects to be protected";

WHEREAS, the state of Utah is already home to the Grand Staircase-Escalante National Monument designated by President Bill Clinton, which placed 1,880,461 acres, or 2,938 square miles, of land within the borders of Utah under protected status, greatly restricting its use by local individuals, all without consulting the Governor, the Legislature, or the congressional delegation of the state of Utah;

WHEREAS, an additional national monument designation within the borders of the state without the consent of the Governor, Legislature, or Utah’s congressional delegation will have the effect of further restricting the public’s access to and enjoyment of public lands in Utah;

WHEREAS, the creation of another national monument in Utah already home to five national parks and seven national monuments would only add to the burden placed on the funding of Utah schools;

WHEREAS, during her confirmation hearing on March 7, 2013, Secretary of the Interior Sally
Jewell committed to Senator Mike Lee that gaining local support for a national monument should be a prerequisite for national monument designations under the Antiquities Act;

WHEREAS, over the past three years, Secretary Jewell has repeatedly made reference to the importance of local buy-in through local meetings, input, and public hearings before a national monument is designated;

WHEREAS, on Wednesday, February 24, 2016, in a House Natural Resources Committee discussion with Secretary Jewell, Chairman Rob Bishop noted that during each of President Obama’s previous monument declarations, at least one member of that state’s congressional delegation supported a monument declaration;

WHEREAS, Chairman Bishop went on to note that not one single member of Utah’s congressional delegation supports another national monument declaration in Utah under the Antiquities Act;

WHEREAS, on February 23, 2016, in her response to Senator Lee during a hearing before the Senate Committee on Energy and Natural Resources, Secretary Jewell became noncommittal regarding working with Utah’s Governor, federal delegation, and local elected officials, and stated in reference to concerns about a potential new monument designation in southeastern Utah: “Well, to be clear, I can’t commit to anything with regard to the Antiquities Act because that is a tool of the President of the United States. I will commit that we will go out and spend time within the community and take input from the community. That is something that we have done every time and we will continue to do that.”;

WHEREAS, as of May 2016, that process of taking input from local communities has not occurred in Utah;

WHEREAS, the Legislature of the state of Utah hereby goes on record as not only withholding its consent to the establishment of any proposed new national monuments without state legislative input and approval, but emphatically objecting to the establishment of the same;

WHEREAS, Governor Gary R. Herbert has written to the President of the United States twice—once in August 2015 and once in February 2016—urging him not to use the Antiquities Act to designate another national monument in Utah;

WHEREAS, Governor Herbert noted that another monument designation in Utah would “inflame passion, spur divisiveness, and ensure perpetual opposition”;

WHEREAS, while some tribes with historic ties to Bears Ears support the proposed monument, most members of the Navajo Nation who live in San Juan County do not support the monument designation;

WHEREAS, Navajos in San Juan County experience some of the highest rates of unemployment in the state;

WHEREAS, San Juan County commissioner Rebecca Bennally, whose constituency includes members of the Navajo Nation who live in San Juan County, indicated on April 20, 2016, that Navajos in that region would prefer sacred sites be protected through application of a conservation area designation, with some areas left available for development and job creation for locals;

WHEREAS, the Legislature and the Governor believe that democratic process matters, and that consideration of whether to set aside Bears Ears for preservation should involve all interested stakeholders, in a manner that protects Bears Ears while still allowing local concerns to be heard and recognized;

WHEREAS, local Native American tribal members in San Juan County who were the first known inhabitants of the Bears Ears area are strongly opposed to the designation of a national monument and should be afforded additional time to present their concerns and interests in how the area would be managed in the future;

WHEREAS, the Legislature and the Governor invite the President and the Secretary of the Interior to join Utah’s congressional delegation, the Governor, state legislative leadership from both parties, locally elected officials, and interested stakeholders to engage in such a constitutional process;

WHEREAS, the Legislature and the Governor urge federal, state, and local cooperation to ensure that multiple use and sustained yield are maintained on public lands while protecting ancient Native American artifacts under existing laws like the Archeological Resource Protection Act (ARPA) and the National Environmental Policy Act (NEPA);

WHEREAS, the Legislature and the Governor are opposed to a unilateral use of the Antiquities Act to create a Bears Ears National Monument without a more in–depth process that draws all stakeholders together;

WHEREAS, while some resident and non-resident individuals and groups support the designation of the monument, the majority of San Juan County citizens, including Navajo tribal members, are opposed to it;

WHEREAS, the Legislature and the Governor also favor protection and conservation of the Bears Ears area, but prefer a constitutionally sound, locally driven legislative approach;

WHEREAS, citizens in rural Utah already experience difficult economic prospects, and tourism alone from Utah’s current seven national monuments and five national parks has not been able to provide a sufficient, year-round revenue base for these communities;

WHEREAS, citizens in rural Utah deserve the opportunity to create a diversified, ongoing economy;

WHEREAS, responsible and environmentally sound economic development can be pursued
simultaneously with wilderness preservation and conservation;

WHEREAS, a monument designation would remove forever the possibility of economic development in the Bears Ears region, hurting those who live in the area to benefit those who only wish to visit the area;

WHEREAS, many potential issues with a proposed Bears Ears monument have not been resolved and need further informed discussion;

WHEREAS, the proposed Bears Ears National Monument contains approximately 150,000 acres of School and Institutional Trust Lands Administration land;

WHEREAS, neither the federal government nor the proponents of the Bears Ears area have done any environmental or socioeconomic impact study of the proposal;

WHEREAS, the system of having federal officials over a thousand miles away govern land in Utah, particularly without sufficient local input, is contrary to the dual sovereignty design of our federal republic, which protects individual liberty by diffusing sovereign power;

WHEREAS, decisions regarding the health, safety, and welfare of Utah citizens are, under our federal system, properly placed with local governments;

WHEREAS, the use of the Antiquities Act in recent years by presidents to designate millions of acres of land as national monuments disparately impacts western states, including Utah, because only western states have large areas of federal land remaining within their borders;

WHEREAS, two western states—Wyoming and Alaska—received special exemptions from the Antiquities Act in 1950 and 1980, respectively, after the act was used extensively within the boundaries of those two states; and

WHEREAS, Utah is already the home to seven national monuments and should be considered for an exemption from the Antiquities Act, like Wyoming and Alaska:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, expresses strong opposition to the creation of any new national monuments within the state by the President of the United States without approval by the Governor and the Legislature.

BE IT FURTHER RESOLVED that the Legislature and the Governor encourage Congress to amend the Antiquities Act to prevent presidents from unilaterally designating enormous amounts of land within a sovereign state, Utah in particular, as national monuments without local input and state legislative approval.

BE IT FURTHER RESOLVED that the Legislature and the Governor request that Attorney General Sean Reyes oppose the authority of the President of the United States to designate a proposed national monument within the borders of the state of Utah without state legislative approval.

BE IT FURTHER RESOLVED that the Legislature and the Governor request that Attorney General Sean Reyes pursue all legal options and recourse available to the state regarding improper unilateral national monument designations.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the members of Utah’s congressional delegation, and Attorney General Sean Reyes.
