(1) (a) In determining which proposal provides the best value to the procurement unit, the evaluation committee and the conducting procurement unit shall prepare a written justification statement that:

(i) explains the score assigned to each evaluation category;

(ii) explains how the proposal with the highest total combined score provides the best value to the procurement unit in comparison to the other proposals;

(iii) if applicable, includes the cost–benefit analysis described in Subsection (2) and how the cost–benefit analysis relates to the best value to the procurement unit; and

(iv) if applicable, includes the written determination described in Subsection (5).

(b) An explanation under Subsection (1)(a)(i) need not address each criterion within each category.

(2) If, in determining the best value to the procurement unit, the evaluation committee awards the highest score, including the score for cost, to a proposal other than the lowest cost proposal, and the difference between the cost of the highest scored proposal and the lowest cost proposal exceeds the greater of $10,000 or 5% of the lowest cost proposal, the evaluation committee and the conducting procurement unit shall prepare an informal written cost–benefit analysis that:

(a) explains, in general terms, the advantage to the procurement unit of awarding the contract to the higher cost offeror; and

(b) except as provided in Subsection (5):

(i) includes the estimated added financial value to the procurement unit of each criterion that justifies awarding the contract to the higher cost offeror; and

(ii) demonstrates that the value of the advantage to the procurement unit of awarding the contract to the higher cost offeror exceeds the value of the difference between the cost of the higher cost proposal and the cost of the lower cost proposals.

(3) If the informal cost–benefit analysis described in Subsection (2) does not justify awarding the contract to the offeror that received the highest score, the issuing procurement unit:

(a) may not award the contract to the offeror that received the highest score; and

(b) may award the contract to the offeror that received the next highest score, unless:

(i) an informal cost–benefit analysis is required, because the difference between the cost proposed by the offeror that received the next highest score and the lowest cost proposal exceeds the greater of $10,000 or 5% of the lowest cost proposal; and

(ii) the informal cost–benefit analysis does not justify awarding the contract to the offeror that received the next highest score.

(4) If the informal cost–benefit analysis described in Subsection (2) does not justify award of the contract to the offeror, described in Subsection (3), that received the next highest score, the issuing procurement unit:

(a) may not award the contract to the offeror that received the next highest score; and

(b) shall continue with the process described in Subsection (3) for each offeror that received the next highest score, until the issuing procurement unit:

(i) awards the contract in accordance with the provisions of this section; or

(ii) cancels the request for proposals.

(5) (a) The evaluation committee, with the issuing procurement unit’s approval, may waive, in whole or in part, a requirement under Subsection (2)(b) if the evaluation committee determines in writing that assigning a financial value to a particular procurement item or evaluation criterion is not practicable.

(b) A written determination under Subsection (5)(a):

(i) shall explain:

(A) why it is not practicable to assign a financial value to the procurement item or evaluation criterion; and
(B) in nonfinancial terms, why awarding the contract to the higher cost offeror provides the best value to the procurement unit; and

(ii) may be included as part of the justification statement.

(6) (a) An issuing procurement unit is not required to make the cost-benefit analysis described in this section for a contract with a construction manager/general contractor if the contract is awarded based solely on the qualifications of the construction manager/general contractor and the management fee described in Subsection 63G-6a-707[(6)](7).

(b) The applicable rulemaking authority shall make rules that establish procedures and criteria for awarding a contract described in Subsection (6)(a) to ensure that:

(i) a competitive process is maintained; and

(ii) the contract awarded is in the best interest of the procurement unit.

Section 38. Section 63G-6a-709 is amended to read:

(2) After reviewing the proposals, evaluation scores, and justification statement, including any required cost-benefit analysis, the head of the issuing procurement unit or designee shall:

(a) (i) award the contract as soon as practicable to the responsive and responsible offeror with the responsive proposal receiving the highest total score; or

(ii) if, in accordance with Subsection (3), the procurement officer or the head of the issuing procurement unit disqualifies the offeror described in Subsection (2)(a)(i), the responsive and responsible offeror with the next highest total score; or

(i) is not responsible;

(ii) is in violation of a provision of this chapter;

(A) 90 days after the contract award, if no time is specified in the solicitation; or

(B) a time authorized in writing by the head of the issuing procurement unit;

(b) there is a change in the offeror’s circumstances that, if the change had been known at the time the offeror’s proposal was evaluated, would have caused the proposal not to have received the highest score; or

(c) the proposal:

(i) is not responsive; or

(ii) does not meet the mandatory minimum requirements, evaluation criteria, or applicable score thresholds stated in the solicitation.

(4) A [procurement officer or] head of an issuing procurement unit who rejects a proposal under Subsection (3) shall:

(a) make a written finding, stating the reasons for disqualification; and

(b) provide a copy of the written finding to the disqualified offeror whose proposal is rejected.

(k) (i) The named insured's underinsured motorist coverage, as described in Subsection (2), is secondary to the liability coverage of an owner or operator of an underinsured motor vehicle, as described in Subsection (1).

(ii) Underinsured motorist coverage may not be set off against the liability coverage of the owner or operator of an underinsured motor vehicle, but shall be added to, combined with, or stacked upon the liability coverage of the owner or operator of the underinsured motor vehicle to determine the limit of coverage available to the injured person.

(l) (i) In conjunction with the first two renewal notices sent after January 1, 2001, for policies existing on that date, the insurer shall disclose in the same medium as the premium renewal notice, an explanation of:

(A) the purpose of underinsured motorist coverage in the same manner as described in Subsection (3)(b)(iv); and

(B) a disclosure of the additional premiums required to purchase underinsured motorist coverage with limits equal to the lesser of the limits of the named insured's motor vehicle liability coverage or the maximum underinsured motorist coverage limits available by the insurer under the named insured's motor vehicle policy.

(iii) Subsection (4)(a)(ii) applies to all persons except a covered person described under Subsections (4)(b)(i) and (ii).

(b) (i) Except as provided in Subsection (4)(b)(ii), a covered person injured while occupying, using, or maintaining a motor vehicle that is not owned, leased, or furnished to the covered person, the covered person’s spouse, or the covered person’s resident parent or resident sibling, may also recover benefits under any one other policy under which the covered person is also a covered person.

(iii) A covered person’s recovery under any available policies may not exceed the full amount of damages.

(iv) Underinsured coverage on a motor vehicle occupied at the time of an accident is primary coverage, and the coverage elected by a person described under Subsections 31A-22-305(1)(a), (b), and (c) is secondary coverage.

(v) The primary and the secondary coverage may not be set off against the other.

(vi) A covered person as described under Subsection (4)(b)(i) is entitled to the highest limits of underinsured motorist coverage under only one additional policy per household applicable to that covered person as a named insured, spouse, or relative.

(vii) A covered injured person is not barred against making subsequent elections if recovery is unavailable under previous elections.

(viii) (A) As used in this section, “interpolicy stacking” means recovering benefits for a single incident of loss under more than one insurance policy.

(B) Except to the extent permitted by this Subsection (4), interpolicy stacking is prohibited for underinsured motorist coverage.

(B) by a law enforcement officer as defined in Section 53-13-103, who is injured within the course and scope of the law enforcement officer’s duties.

(5) The inception of the loss under Subsection 31A-21-313(1) for underinsured motorist claims occurs upon the date of the last liability policy payment.

(6) (a) [Within] Except as provided in Subsection (6)(d), within five business days after notification that all liability insurers have tendered their liability policy limits, the underinsured carrier shall either:

(i) waive any subrogation claim the underinsured carrier may have against the person liable for the injuries caused in the accident; or

(ii) pay the insured an amount equal to the policy limits tendered by the liability carrier.

(b) If neither option is exercised under Subsection (6)(a), the subrogation claim is considered to be waived by the underinsured carrier.

(c) The notification under Subsection (6)(a) shall include:

(i) the name, address, and phone number for all liability insurers;

(ii) the liability insurers’ liability policy limits; and

(iii) the claim number associated with each liability insurer.

(iii) The claimant shall send a copy of the notice to all liability insurers from which the claimant has demanded policy limits.

(e) Upon the liability insurer tendering limits to a claimant, the liability insurer shall provide notice of the tender to all underinsured motorist insurers for which the liability insurer received notice under Subsection (6)(d).

(f) If a claimant accepts the policy limits tender of each liability insurer, the liability insurer shall pay the claimant the accepted policy limits.

(g) (i) The subrogation rights of an underinsured motorist insurer are waived, unless:

(A) within five days of delivery of the notice of tender from the liability insurer, the underinsured motorist insurer affirmatively asserts the underinsured motorist insurer’s rights to subrogation by delivering notice to the liability insurer of the underinsured motorist insurer’s rights to subrogate; and

(B) the underinsured motorist insurer reimburses the liability insurer for the policy limits paid to the claimant.

(ii) If the subrogation rights of an underinsured motorist insurer are not waived under Subsection (6)(g)(i), any liability release signed by the claimant or the claimant’s representative is rescinded.

(iii) A claimant’s underinsured motorist coverage is preserved if the claimant provides notice to the underinsured motorist insurer as described in Subsection (6)(d):

(h) A person providing a notice required in this Subsection (6) shall deliver the notice by a service that provides proof of delivery.

(7) Except as otherwise provided in this section, a covered person may seek, subject to the terms and conditions of the policy, additional coverage under any policy:

(a) that provides coverage for damages resulting from motor vehicle accidents; and

(b) that is not required to conform to Section 31A-22-302.

(8) (a) When a claim is brought by a named insured or a person described in Subsection 31A-22-305(1) and is asserted against the covered person’s underinsured motorist carrier, the claimant may elect to resolve the claim:

(i) by submitting the claim to binding arbitration; or

(ii) through litigation.

(b) Unless otherwise provided in the policy under which underinsured benefits are claimed, the election provided in Subsection (8)(a) is available to the claimant only, except that if the policy under which insured benefits are claimed provides that either an insured or the insurer may elect arbitration, the insured or the insurer may elect arbitration and that election to arbitrate shall stay the litigation of the claim under Subsection (8)(a)(ii).

(c) Once a claimant elects to commence litigation under Subsection (8)(a)(ii), the claimant may not elect to resolve the claim through binding arbitration under this section without the written consent of the underinsured motorist coverage carrier.

(d) (i) Unless otherwise agreed to in writing by the parties, a claim that is submitted to binding arbitration under Subsection (8)(a)(i) shall be resolved by a single arbitrator.

(ii) All parties shall agree on the single arbitrator selected under Subsection (8)(d)(i).

(iii) If the parties are unable to agree on a single arbitrator as required under Subsection (8)(d)(ii), the parties shall select a panel of three arbitrators.

(e) If the parties select a panel of three arbitrators under Subsection (8)(d)(iii):

(i) each side shall select one arbitrator; and

(ii) the arbitrators appointed under Subsection (8)(e)(i) shall select one additional arbitrator to be included in the panel.

(f) Unless otherwise agreed to in writing:

(i) each party shall pay an equal share of the fees and costs of the arbitrator selected under Subsection (8)(d)(i); or

(ii) if an arbitration panel is selected under Subsection (8)(d)(iii):

(A) each party shall pay the fees and costs of the arbitrator selected by that party; and

(B) each party shall pay an equal share of the fees and costs of the arbitrator selected under Subsection (8)(e)(ii).

(h) (i) The arbitration shall be conducted in accordance with Rules 26(a)(4) through (f), 27 through 37, 54, and 68 of the Utah Rules of Civil Procedure, once the requirements of Subsections (9)(a) through (c) are satisfied.

(ii) The specified tier as defined by Rule 26(c)(3) of the Utah Rules of Civil Procedure shall be determined based on the claimant’s specific monetary amount in the written demand for payment of uninsured motorist coverage benefits as required in Subsection (9)(a)(ii)(A).

(iii) Rules 26.1 and 26.2 of the Utah Rules of Civil Procedure do not apply to arbitration claims under this part.
(i) An issue of discovery shall be resolved by the arbitrator or the arbitration panel.

(j) A written decision by a single arbitrator or by a majority of the arbitration panel constitutes a final decision.

(k) (i) Except as provided in Subsection (9), the amount of an arbitration award may not exceed the underinsured motorist policy limits of all applicable underinsured motorist policies, including applicable underinsured motorist umbrella policies.

(ii) If the initial arbitration award exceeds the underinsured motorist policy limits of all applicable underinsured motorist policies, the arbitration award shall be reduced to an amount equal to the combined underinsured motorist policy limits of all applicable underinsured motorist policies.

(l) The arbitrator or arbitration panel may not decide an issue of coverage or extra-contractual damages, including:

(i) whether the claimant is a covered person;

(ii) whether the policy extends coverage to the loss; or

(iii) an allegation or claim asserting consequential damages or bad faith liability.

(m) The arbitrator or arbitration panel may not conduct arbitration on a class-wide or class-representative basis.

(n) If the arbitrator or arbitration panel finds that the arbitration is not brought, pursued, or defended in good faith, the arbitrator or arbitration panel may award reasonable attorney fees and costs against the party that failed to bring, pursue, or defend the arbitration in good faith.

(o) An arbitration award issued under this section shall be the final resolution of all claims not excluded by Subsection (8)(l) between the parties unless:

(i) the award is procured by corruption, fraud, or other undue means;

(ii) either party, within 20 days after service of the arbitration award:

(A) files a complaint requesting a trial de novo in the district court; and

(B) serves the nonmoving party with a copy of the complaint requesting a trial de novo under Subsection (8)(o)(ii)(A).

(p) (i) Upon filing a complaint for a trial de novo under Subsection (8)(o), a claim shall proceed through litigation pursuant to the Utah Rules of Civil Procedure and Utah Rules of Evidence in the district court.

(ii) In accordance with Rule 38, Utah Rules of Civil Procedure, either party may request a jury trial with a complaint requesting a trial de novo under Subsection (8)(o)(ii)(A).

(q) (i) If the claimant, as the moving party in a trial de novo requested under Subsection (8)(o), does not obtain a verdict that is at least $5,000 and is at least 20% greater than the arbitration award, the claimant is responsible for all of the nonmoving party’s costs.

(ii) If the underinsured motorist carrier, as the moving party in a trial de novo requested under Subsection (8)(o), does not obtain a verdict that is at least 20% less than the arbitration award, the underinsured motorist carrier is responsible for all of the nonmoving party’s costs.

(iii) Except as provided in Subsection (8)(q)(iv), the costs under this Subsection (8)(q) shall include:

(A) any costs set forth in Rule 54(d), Utah Rules of Civil Procedure; and

(B) the costs of expert witnesses and depositions.

(iv) An award of costs under this Subsection (8)(q) may not exceed $2,500 unless Subsection (9)(h)(iii) applies.

(r) For purposes of determining whether a party’s verdict is greater or less than the arbitration award under Subsection (8)(q), a court may not consider any recovery or other relief granted on a claim for damages if the claim for damages:

(i) was not fully disclosed in writing prior to the arbitration proceeding; or

(ii) was not disclosed in response to discovery contrary to the Utah Rules of Civil Procedure.

(s) If a district court determines, upon a motion of the nonmoving party, that a moving party’s use of the trial de novo process is filed in bad faith in accordance with Section 78B-5-825, the district court may award reasonable attorney fees to the nonmoving party.

(t) Nothing in this section is intended to limit a claim under another portion of an applicable insurance policy.

(u) If there are multiple underinsured motorist policies, as set forth in Subsection (4), the claimant may elect to arbitrate in one hearing the claims against all the underinsured motorist carriers.

(9) (a) Within 30 days after a covered person submits a claim for underinsured motorist benefits to binding arbitration or files litigation, the covered person shall provide to the underinsured motorist carrier:

(4) Notwithstanding Subsection 20A–7–606(1), the sponsors shall deliver each signed and verified referendum packet to the county clerk of the county in which the packet was circulated no later than 40 days after the day on which the local clerk complies with Subsection (3).

As used in this chapter:

(1) “Basic state-supported school program” or “basic program” means public education programs for kindergarten, elementary, and secondary school students that are operated and maintained for the amount derived by multiplying the number of weighted pupil units for each school district or charter school by the value established each year in statute, except as otherwise provided in this chapter.

(2) (a) “Certified revenue levy” means a property tax levy that provides an amount of ad valorem property tax revenue equal to the sum of:

(d) (i) A local school board or charter school governing board may reallocate up to 32 instructional hours or [(I)] four school days established under Subsection (4)(c) for teacher preparation time or teacher professional development.

(ii) A reallocation of instructional hours or school days under Subsection (4)(d)(i) is subject to the approval of two-thirds of the members of a local school board or charter school governing board voting in a regularly scheduled meeting:

Section 5. Section 53A-17a-133 is amended to read:

53A-17a-133. State-supported voted local levy authorized -- Election requirements -- State guarantee -- Reconsideration of the program.

(1) As used in this section, “voted and board local levy funding balance” means the difference between:

(a) the amount appropriated for the voted and board local levy program in a fiscal year; and

(b) the amount necessary to provide the state guarantee per weighted pupil unit as determined under this section and Section 53A-17a-164 in the same fiscal year.

(2) An election to consider adoption or modification of a voted local levy is required if initiative petitions signed by 10% of the number of electors who voted at the last preceding general election are presented to the local school board or by action of the board.

(3) (a) (i) To impose a voted local levy, a majority of the electors of a district voting at an election in the manner set forth in Subsections (9) and (10) must vote in favor of a special tax.

(ii) The tax rate may not exceed .002 per dollar of taxable value.

(b) Except as provided in Subsection (3)(c), in order to receive state support the first year, a district must receive voter approval no later than December 1 of the year prior to implementation.

(c) Beginning on or after January 1, 2012, a school district may receive state support in accordance with Subsection (4) without complying with the requirements of Subsection (3)(b) if the local school board imposed a tax in accordance with this section during the taxable year beginning on January 1, 2011 and ending on December 31, 2011.

(4) (a) In addition to the revenue a school district collects from the imposition of a levy pursuant to this section, the state shall contribute an amount sufficient to guarantee $33.27 per weighted pupil unit for each .0001 of the first .0016 per dollar of taxable value.

(b) The same dollar amount guarantee per weighted pupil unit for the .0016 per dollar of taxable value under Subsection (4)(a) shall apply to the portion of the board local levy authorized in Section 53A-17a-164, so that the guarantee shall apply up to a total of .002 per dollar of taxable value if a school district levies a tax rate under both programs.

(c) (i) Beginning July 1, 2015, the $33.27 guarantee under Subsections (4)(a) and (b) shall be indexed each year to the value of the weighted pupil unit for the grades 1 through 12 program by making the value of the guarantee equal to .011194 times the value of the prior year’s weighted pupil unit for the grades 1 through 12 program.

(ii) The guarantee shall increase by .0005 times the value of the prior year’s weighted pupil unit for the grades 1 through 12 program for each succeeding year subject to the Legislature appropriating funds for an increase in the guarantee.

(d) (i) The amount of state guarantee money to which a school district would otherwise be entitled to receive under this Subsection (4) may not be reduced for the sole reason that the district’s levy is reduced as a consequence of changes in the certified tax rate under Section 59-2-924 pursuant to changes in property valuation.

(ii) Subsection (4)(d)(i) applies for a period of five years following any such change in the certified tax rate.

(e) The guarantee provided under this section does not apply to the portion of a voted local levy rate that exceeds the voted local levy rate that was in effect for the previous fiscal year, unless an increase in the voted local levy rate was authorized in an election conducted on or after July 1 of the previous fiscal year and before December 2 of the previous fiscal year.

(f) (i) If a voted and board local levy funding balance exists for the prior fiscal year, the State Board of Education shall:

(A) use the voted and board local levy funding balance to increase the value of the state guarantee per weighted pupil unit described in Subsection (4)(c) in the current fiscal year; and

(B) distribute the state contribution to the voted and board local levy programs to school districts
based on the increased value of the state guarantee per weighted pupil unit described in Subsection (4)(f)(i)(A).

(ii) The State Board of Education shall report action taken under this Subsection (4)(f) to the Office of the Legislative Fiscal Analyst and the Governor's Office of Planning and Budget.

(5) (a) An election to modify an existing voted local levy is not a reconsideration of the existing authority unless the proposition submitted to the electors expressly so states.

(b) A majority vote opposing a modification does not deprive the district of authority to continue the levy.

(c) If adoption of a voted local levy is contingent upon an offset reducing other local school board levies, the board must allow the electors, in an election, to consider modifying or discontinuing the imposition of the levy prior to a subsequent increase in other levies that would increase the total local school board levy.

(d) Nothing contained in this section terminates, without an election, the authority of a school district to continue imposing an existing voted local levy previously authorized by the voters as a voted leeway program.

(6) Notwithstanding Section 59-2-919, a school district may budget an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section in addition to revenue from eligible new growth as defined in Subsection (2)(a) of Section 59-2-924, without having to comply with the notice requirements of Section 59-2-919, if:

(a) the voted local levy is approved:

(i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(ii) within the four-year period immediately preceding the year in which the school district seeks to budget an increased amount of ad valorem property tax revenue derived from the voted local levy; and

(b) for a voted local levy approved or modified in accordance with this section on or after January 1, 2009, the school district complies with the requirements of Subsection (8).

(7) Notwithstanding Section 59-2-919, a school district may levy a tax rate under this section that exceeds the certified tax rate without having to comply with the notice requirements of Section 59-2-919 if:

(a) the levy exceeds the certified tax rate as the result of a school district budgeting an increased amount of ad valorem property tax revenue derived from a voted local levy imposed under this section; and

(b) the voted local levy was approved:

(i) in accordance with Subsections (9) and (10) on or after January 1, 2003; and

(ii) within the four-year period immediately preceding the year in which the school district seeks to budget an increased amount of ad valorem property tax revenue derived from the voted local levy; and

(c) for a voted local levy approved or modified in accordance with this section on or after January 1, 2009, the school district complies with requirements of Subsection (8).

(8) For purposes of Subsection (6)(b) or (7)(c), the proposition submitted to the electors regarding the adoption or modification of a voted local levy shall contain the following statement:

“A vote in favor of this tax means that (name of the school district) may increase revenue from this property tax without advertising the increase for the next five years.”

(9) (a) Before imposing a property tax levy pursuant to this section, a school district shall submit an opinion question to the school district’s registered voters voting on the imposition of the tax rate so that each registered voter has the opportunity to express the registered voter’s opinion on whether the tax rate should be imposed.

(b) The election required by this Subsection (9) shall be held:

(i) at a regular general election conducted in accordance with the procedures and requirements of Title 20A, Election Code, governing regular elections;

(ii) at a municipal general election conducted in accordance with the procedures and requirements of Section 20A-1-202; or

(iii) at a local special election conducted in accordance with the procedures and requirements of Section 20A-1-203.

(c) Notwithstanding the requirements of Subsections (9)(a) and (b), beginning on or after January 1, 2012, a school district may levy a tax rate in accordance with this section without complying with the requirements of Subsections (9)(a) and (b) if the school district imposed a tax in accordance with this section at any time during the taxable year beginning on January 1, 2011, and ending on December 31, 2011.

(10) If a school district determines that a majority of the school district’s registered voters voting on the imposition of the tax rate have voted in favor of the imposition of the tax rate in accordance with Subsection (9), the school district may impose the tax rate.

Section 6. Section 53A-17a-164 is amended to read:

this section may not exceed .0018 per dollar of taxable value in any calendar year.

(b) A tax rate imposed by a school district pursuant to this section may not exceed .0025 per dollar of taxable value in any calendar year if, during the calendar year beginning on January 1, 2011, the school district’s combined tax rate for the following levies was greater than .0018 per dollar of taxable value:

(b) (i) The amount of state guarantee money to which a school district would otherwise be entitled under this Subsection (3) may not be reduced for the sole reason that the district’s levy is reduced as a consequence of changes in the certified tax rate under Section 59-2-924 pursuant to changes in property valuation.

(ii) Subsection (3)(b)(i) applies for a period of five years following any changes in the certified tax rate.

(4) A school district that imposes a board local levy in the calendar year beginning on January 1, 2012, is exempt from the public notice and hearing requirements of Section 59-2-919 if the school district budgets an amount of ad valorem property tax revenue equal to or less than the sum of the following amounts:

(2) Except as otherwise provided in this section, school district interfund transfers of residual equity are prohibited.

(3) The State Board of Education may authorize school district interfund transfers of residual equity when a district states its intent to create a new fund or expand, contract, or liquidate an existing fund.

(4) The State Board of Education may also authorize school district interfund transfers of residual equity for a financially distressed district if the board determines the following:

Section 1. Section 78B-2-308 is amended to read:

78B-2-308. Legislative findings -- Civil actions for sexual abuse of a child -- Window for revival of time barred claims.
(1) The Legislature finds that:
(a) child sexual abuse is a crime that hurts the most vulnerable in our society and destroys lives;
(b) research over the last 30 years has shown that it takes decades for children and adults to pull their lives back together and find the strength to face what happened to them;
(c) often the abuse is compounded by the fact that the perpetrator is a member of the victim's family and when such abuse comes out, the victim is further stymied by the family's wish to avoid public embarrassment;
(d) even when the abuse is not committed by a family member, the perpetrator is rarely a stranger and, if in a position of authority, often brings pressure to bear on the victim to insure silence;
(e) in 1992, when the Legislature enacted the statute of limitations requiring victims to sue within four years of majority, society did not understand the long-lasting effects of abuse on the victim and that it takes decades for the healing necessary for a victim to seek redress;
(f) the Legislature, as the policy-maker for the state, may take into consideration advances in medical science and understanding in revisiting policies and laws shown to be harmful to the citizens of this state rather than beneficial; and
(g) the Legislature has the authority to change old laws in the face of new information, and set new policies within the limits of due process, fairness, and justice.

[(2)] As used in this section:
(a) “Child” means a person under 18 years of age.
(b) “Discovery” means when a person knows or reasonably should know that the injury or illness was caused by the intentional or negligent sexual abuse.
(c) “Injury or illness” means either a physical injury or illness or a psychological injury or illness. A psychological injury or illness need not be accompanied by physical injury or illness.
(d) “Molestation” means [touching] that a person, with the intent to arouse or gratify the sexual desire of any person:
(i) touches the anus, buttocks, or genitalia of any child, or the breast of a female child [younger than 14 years of age, or otherwise taking];
(ii) takes indecent liberties with a child[, or]
[(i) causes]
(iii) causes a child to take indecent liberties with the perpetrator or another[ with the intent to arouse or gratify the sexual desire of any] person.
(e) “Negligently” means a failure to act to prevent the child sexual abuse from further occurring or to report the child sexual abuse to law enforcement when the adult who could act knows or reasonably should know of the child sexual abuse and is the victim’s parent, stepparent, adoptive parent, foster parent, legal guardian, ancestor, descendant, brother, sister, uncle, aunt, first cousin, nephew, niece, grandparent, stepgrandparent, or any person cohabiting in the child’s home.
(f) “Perpetrator” means an individual who has committed an act of sexual abuse.
(g) “Sexual abuse” means acts or attempted acts of sexual intercourse, sodomy, or molestation by an adult directed towards a child.
[h] “[Person] Victim” means an individual who was intentionally or negligently sexually abused. It does not include individuals whose claims are derived through another individual who was sexually abused.
[i] (a) A [person victim] victim may file a civil action against a perpetrator for intentional or negligent sexual abuse suffered as a child at any time.
(b) A [person] victim may file a civil action against a non-perpetrator for intentional or negligent sexual abuse suffered as a child:

(i) within four years after the person attains the age of 18 years; or

(ii) if a [person] victim discovers sexual abuse only after attaining the age of 18 years, that person may bring a civil action for such sexual abuse within four years after discovery of the sexual abuse, whichever period expires later.

(4) The victim need not establish which act in a series of continuing sexual abuse incidents caused the injury complained of, but may compute the date of discovery from the date of discovery of the last act by the same perpetrator which is part of a common scheme or plan of sexual abuse.

(5) The knowledge of a custodial parent or guardian may not be imputed to a person under the age of 18 years.

(6) A civil action may be brought only against a living person who:

(a) intentionally perpetrated the sexual abuse;

(b) would be criminally responsible for the sexual abuse in accordance with Section 76-2-202; or

(c) negligently permitted the sexual abuse to occur.

(7) A civil action against a person listed in Subsection (6)(a) or (b) for sexual abuse that was time barred as of July 1, 2016, may be brought within 35 years of the victim's 18th birthday, or within three years of the effective date of this Subsection (7), whichever is longer.

(8) A civil action may not be brought as provided in Subsection (7) for:

(a) any claim that has been litigated to finality on the merits in a court of competent jurisdiction prior to July 1, 2016, however termination of a prior civil action on the basis of the expiration of the statute of limitations does not constitute a claim that has been litigated to finality on the merits; and

(b) any claim where a written settlement agreement was entered into between a victim and a defendant or perpetrator, unless the settlement agreement was the result of fraud, duress, or unconscionability. There is a rebuttable presumption that a settlement agreement signed by the victim when the victim was not represented by an attorney admitted to practice law in this state at the time of the settlement was the result of fraud, duress, or unconscionability.
Be it enacted by the Legislature of the state of Utah:

Section 1. Section 63G-2-107 is amended to read:

(1) Notwithstanding [the provisions of Subsections 63G-2-201(6)(a) and (b)] Subsection 63G-2-201(6), this chapter does not apply to a record containing protected health information as defined in 45 C.F.R., Part 164, Standards for Privacy of Individually Identifiable Health Information, if the record is:

[(1)] (a) controlled or maintained by a governmental entity; and

[(2)] (b) governed by 45 C.F.R., Parts 160 and 164, Standards for Privacy of Individually Identifiable Health Information.

(2) The disclosure of an education record as defined in the Family Educational Rights and Privacy Act, 34 C.F.R. Part 99, that is controlled or maintained by a governmental entity shall be governed by the Family Educational Rights and Privacy Act, 34 C.F.R. Part 99.

(b) assign a tax or other liability imposed against the segment to the segment's associated entity or to another segment established by the segment's associated entity if the assignment impairs a creditor's ability to collect the amount due when owed.

(9) Except as otherwise provided in this part or where clearly not applicable, the provisions of law that apply to a segment's associated entity also apply to the segment, including Subsection 11-13-205(5), as if the segment were a separate legal or administrative entity.

(10) (a) To the extent an associated entity is a taxpayer as defined in Section 59-8-103, the associated entity shall pay tax on the associated entity's gross receipts at the rate of tax that would apply if all gross receipts of the associated entity and the associated entity's segments, in the aggregate, were the gross receipts of a single taxpayer.

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 78B-6-2001 is enacted to read:

Part 20. Asbestos Bankruptcy Trust Claims Transparency Act
78B-6-2001. Title.
This part is referred to as the “Asbestos Bankruptcy Trust Claims Transparency Act.”

Section 2. Section 78B-6-2002 is enacted to read:

78B-6-2002. Legislative findings -- Purpose.
(1) The Legislature finds that:
(a) approximately 100 employers have declared bankruptcy at least partially due to asbestos-related liability;
(b) these bankruptcies have resulted in a search for more solvent companies by claimants, resulting in over 10,000 companies being named as asbestos defendants, including many small- and medium-sized companies, in industries that cover 83% of the United States economy;
(c) scores of trusts have been established in asbestos-related bankruptcy proceedings to form a multi-billion dollar asbestos bankruptcy trust compensation system outside of the tort system, and new asbestos trusts continue to be formed;
(d) asbestos claimants often seek compensation from solvent defendants in civil actions and trusts or claims facilities formed in asbestos-related bankruptcy proceedings;
(e) there is limited coordination and transparency between these two paths to recovery, which has resulted in the suppression of evidence in asbestos actions and potential fraud; and
(f) justice is promoted by transparency with respect to asbestos bankruptcy trust claims in civil asbestos actions.

(2) This part is enacted to:
(a) provide transparency with respect to asbestos bankruptcy trust claims in civil asbestos actions; and
(b) reduce the opportunity for fraud or suppression of evidence in asbestos actions.

78B-6-2006. Scheduling trial -- Stay of action.

(1) A court shall stay an asbestos action if the court finds that the plaintiff has failed to make the disclosures required under Section 78B-6-2004 within 120 days prior to the trial date.

(2) If, in the disclosures required by Section 78B-6-2004, a plaintiff identifies a potential asbestos trust claim, the judge may stay the asbestos action until the plaintiff files the asbestos trust claim and provides all parties with all trust claims materials for the claim. The plaintiff shall also state whether there has been a request to defer, delay, suspend, or toll the claim against the asbestos trust.

Section 7. Section 78B-6-2007 is enacted to read:

The defendant may move the court for an order to require the plaintiff to file the asbestos trust claim after the meeting. The defendant shall produce or describe the documentation it possesses or is aware of in support of the motion.

(2) Within 10 days of receiving the defendant’s motion under Subsection (1), the plaintiff shall, for each asbestos trust claim identified by the defendant, do one of the following:

(b) file a written response with the court setting forth the reasons why there is insufficient evidence for the plaintiff to file the asbestos trust claim;

(c) file a written response with the court requesting a determination that the plaintiff’s expenses or attorney’s fees and expenses to prepare and file the asbestos trust claim identified in the defendant’s motion exceed the plaintiff’s reasonably anticipated recovery from the trust.

(3) (a) If the court determines that there is a sufficient basis for the plaintiff to file the asbestos trust claim identified by the defendant, the court shall order the plaintiff to file the asbestos trust claim and shall stay the asbestos action until the plaintiff files the asbestos trust claim and provides all parties with all trust claims materials no later than 30 days before trial.

(b) If the court determines that the plaintiff’s expenses or attorney’s fees and expenses to prepare and file the asbestos trust claim identified in the defendant’s motion exceed the plaintiff’s reasonably anticipated recovery from the asbestos trust, the court shall stay the asbestos action until the plaintiff files with the court and provides all parties with a verified statement of the plaintiff’s history of exposure, usage or other connection to asbestos covered by the asbestos trust.

Section 8. Section 78B-6-2008 is enacted to read:

78B-6-2008. Valuation of asbestos trust claims.

If a plaintiff proceeds to trial in an asbestos action before an asbestos trust claim is resolved, the filing of the asbestos trust claim may be considered as relevant and admissible evidence.

Section 9. Section 78B-6-2009 is enacted to read:

78B-6-2009. Failure to provide information -- Sanctions.

A plaintiff who fails to provide all of the information required under this part is subject to sanctions as provided in the Utah Rules of Civil Procedure and any other relief for the defendants that the court considers just and proper.

(2) A volunteer for a nongovernment entity is not an employee of the nongovernment entity for purposes of this chapter and Chapter 3, Utah Occupational Disease Act, unless the nongovernment entity elects in accordance with this section to provide coverage under this chapter and Chapter 3, Utah Occupational Disease Act.  

(3) (a) A nongovernment entity may elect to secure coverage for all of the nongovernment entity’s volunteers by obtaining coverage for the volunteers in accordance with Section 34A-2-201 under the same policy it uses to cover the nongovernment entity’s employees.

The imputed wages shall be assigned to the class code on the policy that best describes the volunteer’s duties.
(7) The failure or refusal of a nongovernment entity to make an election under this section in regard to volunteers does not alter, have an effect on, or give rise to any implication or presumption regarding:

(f)(i) “Public utility” does not include any person that is otherwise considered a public utility under this Subsection [49] solely because of that person’s ownership of an interest in an electric plant, cogeneration facility, or small power production facility in this state if all of the following conditions are met:

If the former lessor operates the electric plant or sells electricity, the former lessor shall continue to be so exempt for a period of 90 days following termination, or for a longer period that is ordered by the commission. This period may not exceed one year. A change in rates that would otherwise require commission approval may not be effective during the 90-day or extended period without commission approval.

(g) “Public utility” does not include any person that provides financing for, but has no ownership interest in an electric plant, small power production facility, or cogeneration facility. In the event of a foreclosure in which an ownership interest in an electric plant, small power production facility, or cogeneration facility is transferred to a third-party financier of an electric plant, small power production facility, or cogeneration facility, then that third-party financier is exempt from classification as a public utility for 90 days following the foreclosure, or for a longer period that is ordered by the commission. This period may not exceed one year.

(h)(i) The distribution or transportation of natural gas for use as a motor vehicle fuel does not cause the distributor or transporter to be a “public utility,” unless the commission, after notice and a public hearing, determines by rule that it is in the public interest to regulate the distributors or transporters, but the retail sale alone of compressed natural gas as a motor vehicle fuel may not cause the seller to be a “public utility.”

(ii) In determining whether it is in the public interest to regulate the distributors or transporters, the commission shall consider, among other things, the impact of the regulation on the availability and price of natural gas for use as a motor fuel.

(i) “Public utility” does not include:

(i) an eligible customer who provides electricity for the eligible customer’s own use or the use of the eligible customer’s tenant or affiliate; or

(1) The commission may approve a contract between a large-scale electric utility and a customer of a large-scale electric utility that is eligible to transfer electric service to a non-utility energy supplier under Section 54-3-32.

(2) The commission shall exempt a customer that enters into a contract described in Subsection (1) from paying the costs recovered under Subsection 54-7-12.8(3) except the costs of the Utah solar incentive program included in Subsection 54-7-12.8(3)(b).

(3) If an eligible customer that enters into a contract described in Subsection (1) has provided notice to the commission under Subsection 54-3-32(3), the notice is not considered withdrawn under Subsection 54-3-32(4)(c) by the customer entering into the contract.

(4) Notwithstanding Subsection 54-3-32(4)(c), if the commission approves a contract under this section for an eligible customer that states a contract termination date that is after December 31, 2020, the notice described in Subsection 54-3-32(3)(a) is not considered to be withdrawn unless a transfer of service under Section 54-3-32 does not occur before the later of:

(a) the day three years after the termination date stated in the contract; or

(b) 18 months after the intended date of transfer of service described in Subsection 54-3-32(3)(a)(ii).

Section 3. Section 54-7-12.8 is amended to read:

54-7-12.8. Electric energy efficiency, sustainable transportation and energy, and conservation tariff.

(b) “Pilot program period” means a period of five years, beginning on January 1, 2017, during which the sustainable transportation and energy plan is effective.

(c) “Sustainable transportation and energy plan” means the same as that term is defined in Section 54-20-102.

(d) “Utah solar incentive program” means the eligible utility rooftop solar pilot program established by commission order in 2012.

(2) (a) As provided in this section, the commission may approve a tariff under which an electrical corporation includes a line item charge on their customers’ bills to recover costs incurred by the electrical corporation for demand side management.

(b) The commission shall authorize a large-scale electric utility that is allowed to charge a customer for demand side management under Subsection (2)(a) to:

(i) if requested by the large-scale electric utility, capitalize the annual costs incurred for demand side management provided in Subsection (2)(a);

(ii) amortize the annual cost for demand side management over a period of 10 years;

(iii) apply a carrying charge to the unamortized balance that is equal to the large-scale electric utility’s pretax weighted average cost of capital approved by the commission in the large-scale electric utility’s most recent general rate proceeding; and

(iv) recover the amortization cost described in Subsection (2)(b)(ii) and the carrying charge described in Subsection (2)(b)(iii) in customer rates.

(3) The commission shall, before January 1, 2017, authorize a large-scale electric utility to implement a combined line item charge on the large-scale electric utility’s customers’ bills to recover the cost to the large-scale electric utility of:

(b) the sustainable transportation and energy plan; and

(c) the additional expense described in Subsection (5)(a)(i).

(4) On December 31, 2016, the commission shall end the Utah solar incentive program and surcharge tariff and the large-scale electric utility shall stop accepting new applications for solar incentive program incentives.

(5) (a) The commission may authorize a large-scale electric utility that capitalizes demand side management costs under Subsection (2)(b) to:

(i) recognize the difference between the annual revenues the large-scale electric utility collects for demand side management and the annual amount of the large-scale electric utility’s demand side management cost amortization expense as an additional expense;

(ii) establish and fund, via the additional expense described in Subsection (5)(a)(i), a regulatory liability; and
(iii) use the regulatory liability described in Subsection (5)(a)(ii) to depreciate thermal generation plant.

(b) (i) The commission may authorize the large-scale electric utility to use the regulatory liability described in Subsection (5)(a)(ii) to depreciate thermal generation plant for which the commission determines depreciation is in the public interest for compliance with an environmental regulation or another purpose.

(ii) The commission may not consider the existence of the regulatory liability described in Subsection (5)(a)(ii) in a determination to accelerate depreciation under Subsection (5)(b)(i).

(c) The commission shall allow the large-scale electric utility to apply a carrying charge to the regulatory liability described in Subsection (5)(a)(ii) in an amount equal to the large-scale electric utility’s pretax average weighted cost of capital approved by the commission in the large-scale electric utility’s most recent general rate proceeding.

(d) The commission may allow a large-scale electric utility to use the regulatory liability carrying charge described in Subsection (5)(c) to offset the carrying charge described in Subsection (2)(b)(i).

(e) The large-scale electric utility shall apply the carrying charge described in Subsection (5)(c) to funds that a large-scale electric utility is authorized to use to depreciate thermal generation plant under Subsection (5)(a) until the reduction in the large-scale electric utility’s rate base associated with the thermal generation plant depreciation for which the funds are used is reflected in the large-scale electric utility’s customers’ rates.

(f) If the commission determines that funds established in the regulatory liability under Subsection (5)(a) are no longer needed for the purpose of depreciating thermal generation plant, the large-scale electric utility shall use the balance of the funds in the regulatory liability to offset the capitalized demand side management costs described in Subsection (2)(b)(i).

(6) (a) During the pilot program period, of the funds a large-scale electric utility collects via the line item charge described in Subsection (3), the commission shall authorize the large-scale electric utility to allocate on an annual basis:

(i) $10,000,000 to the sustainable transportation and energy plan; and

(ii) the funds not allocated to the sustainable transportation and energy plan to demand side management.

(c) The commission shall authorize a large-scale electric utility to recoup the large-scale electric utility’s unrecovered costs paid through the Utah solar incentive program from the funds allocated under Subsection (6)(a)(i).

(d) The commission may authorize a large-scale electric utility to allocate funds the large-scale electric utility collects via the line item charge described in Subsection (3) not spent under Subsection (6) to a conservation, efficiency, or new technology program if the conservation, efficiency, or new technology program is cost-effective and in the public interest.

(7) A large-scale electric utility shall establish a balancing account that includes:

(a) funds allocated under Subsection (6)(a)(i);

(b) the program expenditures described in Subsection (6)(b);

(c) the unrecovered Utah solar incentive program costs described in Subsection (6)(c); and

(a) requested in writing by the electrical corporation, a customer of the electrical corporation, or any other interested party within 15 days after the tariff filing; or

(b) the commission determines that a hearing is appropriate.

(a) the customer implements or has implemented at the customer’s expense; and

(b) qualify for the credit under criteria established by the commission.

(13) In approving a tariff under this section, the commission may impose whatever conditions or limits it considers appropriate, including a maximum annual cost.

This reduction assumes that the Department of Workforce Services can double its current fraud collection efforts starting in FY 2018 with a 50% increase in collections in FY 2017. Benefits received in 2014 were $317 million for 90,570 households for a fraud collection rate of 0.6 (less than one) percent. Any collections higher/lower than anticipated would impact the General Fund where the collections are deposited. (c) if the division requests, any other information, or copies of any other documents, filed under the Securities Act of 1933; and

(d) an undertaking to forward all future amendments to the disclosure statement promptly and in any event not later than the first working day after the day they are forwarded to or filed with the Securities and Exchange Commission, whichever first occurs.

(7) If the disclosure statement becomes effective before all the conditions in Subsections (3)(b) and (3)(c) are satisfied and they are not waived, the disclosure statement automatically becomes effective as soon as all the conditions are satisfied.

(8) If the registrant advises the division of the date when the disclosure statement is expected to become effective, the division shall promptly advise the registrant in a record, at the registrant's expense, whether all the conditions are satisfied and whether it then contemplates the institution of proceedings under Section 61-1-12, but this advice by the division does not preclude the institution of such a proceeding at any time.
