[410] (11) (a) A governmental entity that owns an intellectual property right and that offers the intellectual property right for sale or license may control by ordinance or policy the duplication and distribution of the material based on terms the governmental entity considers to be in the public interest.

(b) Nothing in this chapter shall be construed to limit or impair the rights or protections granted to the governmental entity under federal copyright or patent law as a result of its ownership of the intellectual property right.

[411] (12) A governmental entity may not use the physical form, electronic or otherwise, in which a record is stored to deny, or unreasonably hinder the rights of a person to inspect and receive a copy of a record under this chapter.

[412] (13) Subject to the requirements of Subsection (8), a governmental entity shall provide access to an electronic copy of a record in lieu of providing access to its paper equivalent if:

(a) the person making the request requests or states a preference for an electronic copy;

(b) the governmental entity currently maintains the record in an electronic format that is reproducible and may be provided without reformattting or conversion; and

(c) the electronic copy of the record:

Section 2. Section 63G-2-204 is amended to read:

63G-2-204. Requests -- Time limit for response and extraordinary circumstances.

(1) A person making a request for a record shall furnish the governmental entity with a written request containing:

(a) the person’s name, mailing address, and daytime telephone number, if available; and

(b) a description of the record requested that identifies the record with reasonable specificity.

(2) (a) Subject to Subsection (2)(b), a person making a request for a record shall submit the request to the governmental entity that prepares, owns, or retains the record.

(b) In response to a request for a record, a governmental entity may not provide a record that it has received under Section 63G-2-206 as a shared record if the record was shared for the purpose of auditing, if the governmental entity is authorized by state statute to conduct an audit.

(c) If a governmental entity is prohibited from providing a record under Subsection (2)(b), it shall:

(i) deny the records request; and

(ii) inform the person making the request that records requests must be submitted to the governmental entity that prepares, owns, or retains the record.

(d) A governmental entity may make rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, specifying where and to whom requests for access shall be directed.

(3) After receiving a request for a record, a governmental entity shall:

(a) review each request that seeks an expedited response and notify, within five business days after receiving the request, each requester that has not demonstrated that their record request benefits the public rather than the person that their response will not be expedited; and

(b) as soon as reasonably possible, but no later than 10 business days after receiving a written request, or five business days after receiving a written request if the requester demonstrates that expedited response to the record request benefits the public rather than the person:

(i) approve the request and provide a copy of the record;

(ii) deny the request in accordance with the procedures and requirements of Section 63G-2-205;

(iii) notify the requester that it does not maintain the record requested and provide, if known, the name and address of the governmental entity that does maintain the record; or

(A) a description of the circumstances that constitute the extraordinary circumstances; and

(B) the date when the records will be available, consistent with the requirements of Subsection (6).

(4) Any person who requests a record to obtain information for a story or report for publication or broadcast to the general public is presumed to be acting to benefit the public rather than a person.

(5) The following circumstances constitute “extraordinary circumstances” that allow a governmental entity to delay approval or denial by an additional period of time as specified in Subsection (6) if the governmental entity determines that due to the extraordinary circumstances it cannot respond within the time limits provided in Subsection (3):

(a) another governmental entity is using the record, in which case the originating governmental entity shall promptly request that the governmental entity currently in possession return the record;

(b) another governmental entity is using the record as part of an audit, and returning the record before the completion of the audit would impair the conduct of the audit;

(c) (i) the request is for a voluminous quantity of records or a record series containing a substantial number of records; or

(ii) the requester seeks a substantial number of records or records series in requests filed within five working days of each other;

(d) the governmental entity is currently processing a large number of records requests;

(e) the request requires the governmental entity to review a large number of records to locate the records requested;

(f) the decision to release a record involves legal issues that require the governmental entity to seek legal counsel for the analysis of statutes, rules, ordinances, regulations, or case law;

(g) segregating information that the requester is entitled to inspect from information that the requester is not entitled to inspect requires extensive editing; or

(h) segregating information that the requester is entitled to inspect from information that the requester is not entitled to inspect requires computer programming.

(ii) the record request is considered denied under Subsection 63G-2-204(8), if that subsection applies.

(b) If a governmental entity claims extraordinary circumstances and specifies the date when the records will be available under Subsection 63G-2-204(3), and, if the requester believes the extraordinary circumstances do not exist or that the date specified is unreasonable, the requester may appeal the governmental entity’s claim of extraordinary circumstances or date for compliance to the chief administrative officer by filing a notice of appeal with the chief administrative officer within 30 days after notification of a claim of extraordinary circumstances by the governmental entity, despite the lack of a “determination” or its equivalent under Subsection 63G-2-204(8).

(5) (a) The chief administrative officer shall make a decision on the appeal within:
(i) (A) 10 business days after the chief administrative officer’s receipt of the notice of appeal; or

(B) five business days after the chief administrative officer’s receipt of the notice of appeal, if the requester or interested party demonstrates that an expedited decision benefits the public rather than the requester or interested party; or

(ii) 12 business days after the governmental entity sends the notice of appeal to a person who submitted a claim of business confidentiality.

(b) (i) If the chief administrative officer fails to make a decision on an appeal of an access denial within the time specified in Subsection (5)(a), the failure is the equivalent of a decision affirming the access denial.

(ii) If the chief administrative officer fails to make a decision on an appeal under Subsection (1)(b) within the time specified in Subsection (5)(a), the failure is the equivalent of a decision affirming the claim of extraordinary circumstances or the reasonableness of the date specified when the records will be available.

(c) The provisions of this section notwithstanding, the parties participating in the proceeding may, by agreement, extend the time periods specified in this section.

(6) Except as provided in Section 63G-2-406, the chief administrative officer may, upon consideration and weighing of the various interests and public policies pertinent to the classification and disclosure or nondisclosure, order the disclosure of information properly classified as private under Subsection 63G-2-302(2) or protected under Section 63G-2-305 if the interests favoring access are greater than or equal to the interests favoring restriction of access.

(A) the executive secretary of the records committee; and

(B) the individual designated as the contact individual for the appeals board, if the governmental entity is a political subdivision that has established an appeals board under Subsection 63G-2-701(5)(c).

(8) A person aggrieved by a governmental entity’s classification or designation determination under this chapter, but who is not requesting access to the records, may appeal that determination using the procedures provided in this section. If a nonrequester is the only appellant, the procedures provided in this section shall apply, except that the decision on the appeal shall be made within 30 days after receiving the notice of appeal.

Section 2. Effective Date.
This bill takes effect on July 1, 2017.
Be it enacted by the Legislature of the state of Utah:

Section 1. Section 16-10a-840 is amended to read:

16-10a-840. General standards of conduct for directors and officers.

(1) Each director shall discharge [his] the director's duties as a director, including duties as a member of a committee, and each officer with discretionary authority shall discharge [his] the officer's duties under that authority:

(a) in good faith;
(b) with the care an ordinarily prudent person in a like position would exercise under similar circumstances; and
(c) in a manner the director or officer reasonably believes to be in the best interests of the corporation.

(2) In discharging [his] the director's or officer's duties, a director or officer is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(a) one or more officers or employees of the corporation, or of any other corporation of which at least 50% of the outstanding shares of stock entitling the holder of the shares to vote in the election of directors is owned directly or indirectly by the corporation, whom the director or officer reasonably believes to be reliable and competent in the matters presented;
(b) legal counsel, public accountants, or other persons as to matters the director or officer reasonably believes are within the person's professional or expert competence; or
(c) in the case of a director, a committee of the board of directors of which [he] the director is not a member,

(i) if the committee is designated in accordance with the articles of incorporation or the bylaws;
(ii) if the information, opinion, report, or statement is within the committee's designated authority;
(iii) if the director reasonably believes the committee merits confidence; and
(iv) subject to Subsection (3), so long as in so relying the director is acting in good faith with the degree of care contemplated by Subsection (1)(b).

(3) A director or officer is not acting in good faith if [he] the director or officer has knowledge concerning the matter in question that makes reliance otherwise permitted by Subsection (2) unwarranted.

(a) the director or officer has breached or failed to perform the duties of the office in compliance with this section; and
(b) the breach or failure to perform constitutes gross negligence, willful misconduct, or intentional infliction of harm on the corporation or the shareholders.

(5) (a) For purposes of this Subsection (5) and notwithstanding Section 16-10a-102, "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of the corporation whether through the ownership of voting stock, by contract, or otherwise.

(b) In taking action, including action that may involve or relate to a change or potential change in the control of the corporation, the director is entitled to consider:

(i) both the long-term and the short-term interests of the corporation and the corporation's shareholders; and
(ii) the effects that the corporation's actions may have in the long-term or short-term on any of the following:
(A) the prospects for potential growth,
development, productivity, and profitability of the
 corporation;

(B) the corporation’s current employees;

(C) the corporation’s retired employees and other
beneficiaries receiving or entitled to receive
retirement, welfare, or similar benefits from or
pursuant to any plan sponsored, or agreement
entered into, by the corporation;

(D) the corporation’s customers and creditors;
and

(E) the ability of the corporation to provide, as a
going concern, goods, services, employment
opportunities, employment benefits, and otherwise
contribute to the communities in which the
 corporation does business.

(c) This Subsection (5) does not create any duty
owed by a director to any person to consider or
afford any particular weight to any factor listed in
Subsection (5)(b) or abrogate any duty of the
director, either statutory or recognized by common
law or court decisions.

(1) Notwithstanding anything to the contrary in this chapter, except Section 16-10a-1804, a domestic corporation may not engage in a business combination with an interested shareholder of the corporation for a period of five years following the interested shareholder’s stock acquisition date unless the business combination or the purchase of stock made by the interested shareholder on the interested shareholder’s stock acquisition date is approved by the board of directors of the corporation before the interested shareholder’s stock acquisition date.

(2) (a) If a good faith proposal is made in writing to the board of directors of the corporation regarding a business combination, the board of directors shall respond in writing, within 30 days or such shorter period, if any, as may be required by the Exchange Act, setting forth the board of directors’ reasons for the board of directors’ decision regarding the proposal.

(b) If a good faith proposal to purchase stock is made in writing to the board of directors of the corporation, unless the board of directors responds affirmatively in writing within 30 days or such shorter period, if any, as may be required by the Exchange Act, the board of directors is considered to have disapproved the proposal.

(3) Notwithstanding anything to the contrary in this chapter, except Subsection (2) and Section 16-10a-1804, a domestic corporation may not engage at any time in any business combination with an interested shareholder of the corporation other than a business combination specified in Subsection (4), (5), or (6).

(4) A domestic corporation may engage in a business combination with an interested shareholder of the corporation if:

(a) the business combination is approved by the board of directors of the corporation before the interested shareholder’s stock acquisition date; or

(b) the purchase of stock made by the interested shareholder on the interested shareholder’s stock acquisition date is approved by the board of directors of the corporation before the interested shareholder’s stock acquisition date.

(6) A domestic corporation may engage in a business combination with an interested shareholder of the corporation if the business combination meets all of the following conditions:

(a) the aggregate amount of the cash and the market value as of the consummation date of consideration, other than cash to be received per share by holders of outstanding shares of common stock of the corporation in the business combination, is at least equal to the higher of the following:

(i) the sum of:

(A) the highest per share price paid by the interested shareholder at any time when the interested shareholder was the beneficial owner, directly or indirectly, of 5% or more of the outstanding voting stock of the corporation, for any shares of common stock of the same class or series acquired by the interested shareholder within the five-year period immediately before the announcement date with respect to the business combination, or within the five-year period immediately before, or in, the transaction in which
the interested shareholder became an interested shareholder, whichever is higher; and

(B) interest compounded annually from the earliest date on which the highest per share acquisition price was paid through the consummation date at the rate for one-year United States treasury obligations from time to time in effect, less the aggregate amount of any cash dividends paid, and the market value of any dividends paid other than in cash, per share of common stock since the earliest date, up to the amount of the interest; and

(ii) the sum of:

(A) the higher of the market value per share of common stock on the announcement date with respect to the business combination or on the interested shareholder’s stock acquisition date; and

(B) interest compounded annually from the acquisition date through the consummation date at the rate for one-year United States treasury obligations from time to time in effect, less the aggregate amount of any cash dividends paid, and the market value of any dividends paid other than in cash, per share of common stock since the acquisition date, up to the amount of the interest;

(b) the aggregate amount of the cash and the market value as of the consummation date of consideration other than cash to be received per share by holders of outstanding shares of any class or series of stock, other than common stock, of the corporation is at least equal to the highest of the following, whether or not the interested shareholder has previously acquired any shares of the class or series of stock:

(i) the sum of:

(A) the higher of the highest per share price paid by the interested shareholder at a time when the interested shareholder was the beneficial owner, directly or indirectly, of 5% or more of the outstanding voting stock of the corporation, for any shares of the class or series of stock acquired by the interested shareholder within the five-year period immediately before the announcement date with respect to the business combination, or within the five-year period immediately before, or in the transaction in which the interested shareholder became an interested shareholder, whichever is higher; and

(B) interest compounded annually from the earliest date on which the highest per share acquisition price was paid through the consummation date at the rate for one-year United States treasury obligations from time to time in effect, less the aggregate amount of any cash dividends paid, and the market value of any dividends paid other than in cash, per share of the class or series of stock since the earliest date, up to the amount of the interest;

(ii) the sum of:

(A) the highest preferential amount per share to which the holders of shares of the class or series of stock are entitled in the event of a voluntary liquidation, dissolution, or winding up of the corporation; and

(B) the aggregate amount of any dividends declared or due as to which the holders are entitled before payment of dividends on some other class or series of stock, unless the aggregate amount of the dividends is included in the preferential amount; and

(iii) the sum of:

(A) the market value per share of the class or series of stock on the announcement date with respect to the business combination or on the interested shareholder’s stock acquisition date, whichever is higher; and

(B) interest compounded annually from the acquisition date through the consummation date at the rate for one-year United States treasury obligations from time to time in effect, less the aggregate amount of any cash dividends paid, and the market value of any dividends paid other than in cash, per share of the class or series of stock since the acquisition date, up to the amount of the interest;

(c) the consideration to be received by holders of a particular class or series of outstanding stock, including common stock of the corporation, in the business combination is in cash or in the same form as the interested shareholder has used to acquire the largest number of shares of the class or series of stock previously acquired by the interested shareholder, and the consideration shall be distributed promptly;

(d) the holders of all outstanding shares of stock of the corporation not beneficially owned by the interested shareholder immediately before the consummation of the business combination are entitled to receive in the business combination cash or other consideration for the shares in compliance with Subsections (6)(a), (b), and (c); and

(e) after the interested shareholder’s stock acquisition date and before the consummation date with respect to the business combination, the interested shareholder has not become the beneficial owner of any additional shares of voting stock of the corporation except:

(i) as part of the transaction that resulted in the interested shareholder becoming an interested shareholder;

(ii) by virtue of proportionate stock splits, stock dividends, or other distributions of stock in respect of stock not constituting a business combination under Subsection 16-10a-1802(5)(e);

(iii) through a business combination meeting the conditions of Subsection (5); or

(iv) through purchase by the interested shareholder at any price that, if the price is paid in an otherwise permissible business combination the announcement date and consummation date of which were the date of the purchase, would have satisfied the requirements of Subsections (4) and (5) and this Subsection (6).
Section 5. Section 16-10a-1804 is enacted to read:

16-10a-1804. Scope of part.

This part does not apply to:

(1) a business combination of a domestic corporation that does not have a class of voting stock registered with the Securities and Exchange Commission pursuant to Exchange Act, Sec. 12, 15 U.S.C. Sec. 78l, unless the articles of incorporation provide otherwise;

(2) a business combination of a domestic corporation whose articles of incorporation are amended to provide that the domestic corporation is subject to this part that:

(c) that adopts an amendment to the corporation’s bylaws, approved by the affirmative vote of a majority of votes of the outstanding voting stock of the corporation, excluding the voting stock of interested shareholders and the interested shareholders’ affiliates and associates, expressly electing not to be governed by this part, provided that the amendment to the bylaws:

(i) may not be effective until 18 months after the vote of the corporation’s shareholders; and

(ii) may not apply to a business combination of the corporation with an interested shareholder whose stock acquisition date is on or before the effective date of the amendment;

(b) would not at any time within the five-year period preceding the announcement date with respect to the business combination have been an interested shareholder but for the inadvertent acquisition; or

Section 1. Section 26-18-503 is amended to read:

26-18-503. Authorization to renew, transfer, or increase Medicaid certified programs -- Reimbursement methodology.

(1) (a) The division may renew Medicaid certification of a certified program if the program, without lapse in service to Medicaid recipients, has its nursing care facility program certified by the division at the same physical facility as long as the licensed and certified bed capacity at the facility has not been expanded, unless the director has approved additional beds in accordance with Subsection (5).

(b) The division may renew Medicaid certification of a nursing care facility program that is not currently certified if:

(i) since the day on which the program last operated with Medicaid certification:

(A) the physical facility where the program operated has functioned solely and continuously as a nursing care facility; and

(B) the owner of the program has not, under this section or Section 26-18-505, transferred to another nursing care facility program the license for any of the Medicaid beds in the program; and

(ii) the number of beds granted renewed Medicaid certification does not exceed the number of beds certified at the time the program last operated with Medicaid certification, excluding a period of time where the program operated with temporary certification under Subsection 26-18-504(4).

(2) (a) The division may issue a Medicaid certification for a new nursing care facility program if a current owner of the Medicaid certified program transfers its ownership of the Medicaid certification to the new nursing care facility program and the new nursing care facility program meets all of the following conditions:

(i) the new nursing care facility program operates at the same physical facility as the previous Medicaid certified program;

(ii) the new nursing care facility program gives a written assurance to the director in accordance with Subsection (4);

(iii) the new nursing care facility program receives the Medicaid certification within one year of the date the previously certified program ceased to provide medical assistance to a Medicaid recipient; and

(iv) the licensed and certified bed capacity at the facility has not been expanded, unless the director has approved additional beds in accordance with Subsection (5).

(b) A nursing care facility program that receives Medicaid certification under the provisions of Subsection (2)(a) does not assume the Medicaid liabilities of the previous nursing care facility program if the new nursing care facility program:

(i) is not owned in whole or in part by the previous nursing care facility program; or

(ii) is not a successor in interest of the previous nursing care facility program.

(3) The division may issue a Medicaid certification to a nursing care facility program that was previously a certified program but now resides in a new or renovated physical facility if the nursing care facility program meets all of the following:

(a) the nursing care facility program met all applicable requirements for Medicaid certification at the time of closure;
(b) the new or renovated physical facility is in the same county or within a five-mile radius of the original physical facility;

(c) the time between which the certified program ceased to operate in the original facility and will begin to operate in the new physical facility is not more than three years;

(d) if Subsection (3)(c) applies, the certified program notifies the department within 90 days after ceasing operations in its original facility, of its intent to retain its Medicaid certification;

(e) the provider gives written assurance to the director in accordance with Subsection (4) that no third party has a legitimate claim to operate a certified program at the previous physical facility; and

(f) the bed capacity in the physical facility has not been expanded unless the director has approved additional beds in accordance with Subsection (5).

(4) (a) The entity requesting Medicaid certification under Subsections (2) and (3) shall give written assurances satisfactory to the director or the director's designee that:

(i) no third party has a legitimate claim to operate the certified program;

(ii) the requesting entity agrees to defend and indemnify the department against any claims by a third party who may assert a right to operate the certified program; and

(iii) if a third party is found, by final agency action of the department after exhaustion of all administrative and judicial appeal rights, to be entitled to operate a certified program at the physical facility the certified program shall voluntarily comply with Subsection (4)(b).

(b) If a finding is made under the provisions of Subsection (4)(a)(iii):

(i) the certified program shall immediately surrender its Medicaid certification and comply with division rules regarding billing for Medicaid and the provision of services to Medicaid patients; and

(ii) the department shall transfer the surrendered Medicaid certification to the third party who prevailed under Subsection (4)(a)(iii).

(5) (a) As provided in Subsection 26-18-502(2)(b), the director may approve additional nursing care facility programs for Medicaid certification, or additional beds for Medicaid certification within an existing nursing care facility program, if a nursing care facility or other interested party requests Medicaid certification for a nursing care facility program or additional beds within an existing nursing care facility program, and the nursing care facility program or other interested party complies with this section.

(b) The nursing care facility or other interested party requesting Medicaid certification for a nursing care facility program or additional beds within an existing nursing care facility program under Subsection (5)(a) shall submit to the director:

(i) proof of the following as reasonable evidence that bed capacity provided by Medicaid certified programs within the county or group of counties impacted by the requested additional Medicaid certification is insufficient:

(A) nursing care facility occupancy levels for all existing and proposed facilities will be at least 90% for the next three years;

(B) current nursing care facility occupancy is 90% or more; or

(C) there is no other nursing care facility within a 35-mile radius of the nursing care facility requesting the additional certification; and

(ii) an independent analysis demonstrating that at projected occupancy rates the nursing care facility’s after-tax net income is sufficient for the facility to be financially viable.

(c) Any request for additional beds as part of a renovation project are limited to the maximum number of beds allowed in Subsection (7).

(d) The director shall determine whether to issue additional Medicaid certification by considering:

(i) whether bed capacity provided by certified programs within the county or group of counties impacted by the requested additional Medicaid certification is insufficient, based on the information submitted to the director under Subsection (5)(b);

(ii) whether the county or group of counties impacted by the requested additional Medicaid certification is underserved by specialized or unique services that would be provided by the nursing care facility;

(iii) whether any Medicaid certified beds are subject to a claim by a previous certified program that may reopen under the provisions of Subsections (2) and (3); and

(iv) how additional bed capacity should be added to the long-term care delivery system to best meet the needs of Medicaid recipients, which may include the renovation of aging nursing care facilities, as permitted by Subsection (7)(A); and

(v) (A) whether the existing certified programs within the county or group of counties have provided services of sufficient quality to merit at least a two-star rating in the Medicare Five-Star Quality Rating System over the previous three-year period; and

(B) information obtained under Subsection (9).

(6) The department shall adopt administrative rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to adjust the Medicaid nursing care facility property reimbursement methodology to:

(B) for a rural nursing care facility, 65% of total bed capacity; and

(b) not allow for increases in reimbursement for property values without major renovation or replacement projects as defined by the department by rule.

(7) (a) Notwithstanding Subsection 26-18-504(4), if a nursing care facility does not seek Medicaid certification for a bed under Subsections (1) through (6), the department shall grant Medicaid certification for additional beds in an existing Medicaid certified nursing care facility that has 90 or fewer licensed beds, including Medicaid certified beds, in the facility if:

(i) the nursing care facility program was previously a certified program for all beds but now resides in a new facility or in a facility that underwent major renovations involving major structural changes, and with 50% or greater facility square footage design changes, requiring review and approval by the department;

(ii) the nursing care facility meets the quality of care regulations issued by the Center for Medicare and Medicaid Services; and

(iii) the total number of additional beds in the facility granted Medicaid certification under this section does not exceed 10% of the number of licensed beds in the facility.

(b) The department may not revoke the Medicaid certification of a bed under this Subsection (7) as long as the provisions of Subsection (7)(a)(ii) are met.

(8) (a) If a nursing care facility or other interested party indicates in its request for additional Medicaid certification under Subsection (5)(a) that the facility will offer specialized or unique services, but the facility does not offer those services after receiving additional Medicaid certification, the director may revoke the additional Medicaid certification.

(b) If a nursing care facility or other interested party obtains Medicaid certification for a nursing care facility program or additional beds within an existing nursing care facility program under Subsection (5), but Medicaid reimbursement is not received for a bed within three years of the date on which Medicaid certification was obtained for the bed under Subsection (5), Medicaid certification for the bed is revoked.

(b) The nursing care facility program shall obtain Medicaid certification for any additional Medicaid beds approved under Subsection (5) or (7) within three years of the date of the director’s approval, or the approval is void.

(9) (a) If the director makes an initial determination that quality standards under Subsection (5)(d)(v) have not been met in a rural county or group of rural counties over the previous three-year period, the director shall, before approving certification of additional Medicaid beds in the rural county or group of counties:

(i) notify the certified program that has not met the quality standards in Subsection (5)(d)(v) that the director intends to certify additional Medicaid beds under the provisions of Subsection (5)(d)(v); and

(ii) consider additional information submitted to the director by the certified program in a rural county that has not met the quality standards under Subsection (5)(d)(v).

(b) The notice under Subsection (9)(a) does not give the certified program that has not met the quality standards under Subsection (5)(d)(v), the right to legally challenge or appeal the director’s decision to certify additional Medicaid beds under Subsection (5)(d)(v).

Section 2. Section 26-18-504 is amended to read:

(1) A decision by the director under this part to deny Medicaid certification for a nursing care facility program or to deny additional bed capacity for an existing certified program is subject to review under the procedures and requirements of Title 63G, Chapter 4, Administrative Procedures Act.

(2) The department shall make rules to administer and enforce this part in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(3) A nursing care facility may receive Medicaid certification under the rules in effect prior to July 1, 2004 if the nursing care facility, prior to May 4, 2004:

(a) (i) paid applicable fees to the department; and

(b) is in a current phase of construction approved by the department.

(b) The department may extend a temporary Medicaid certification granted to a facility under Subsection (4)(a):

(A) for the number of beds in the nursing care facility occupied by a Medicaid recipient; and

(B) for the period of time during which the Medicaid recipient resides at the facility.
(ii) A temporary Medicaid certification granted under this Subsection [(4)](3) is revoked upon:

(A) the discharge of the patient from the facility; or

(B) the patient no longer residing at the facility for any reason.

(c) The department may place conditions on the temporary certification granted under Subsections [(4)](3)(a) and (b), such as:

(iv) if the nursing care facility program for which the license will be transferred or purchased is located in an urban county with a nursing care facility average annual occupancy rate over the previous two years less than or equal to 75%, the nursing care facility program transferring or selling the license demonstrates to the satisfaction of the director that the sale or transfer:

(A) will not result in an excessive number of Medicaid certified beds within the county or group of counties that would be impacted by the transfer or sale; and

(B) best meets the needs of Medicaid recipients.

(b) Except as provided in Subsection (2)(c), a nursing care facility program may transfer or sell one or more of its licenses for Medicaid beds to:

Section 6. Section 78B-9-104 is amended to read:

78B-9-104. Grounds for relief -- Retroactivity of rule.

(1) Unless precluded by Section 78B-9-106 or 78B-9-107, a person who has been convicted and sentenced for a criminal offense may file an action in the district court of original jurisdiction for post-conviction relief to vacate or modify the conviction or sentence upon the following grounds:

(a) the conviction was obtained or the sentence was imposed in violation of the United States Constitution or Utah Constitution;

(b) the conviction was obtained or the sentence was imposed under a statute that is in violation of the United States Constitution or Utah Constitution, or the conduct for which the petitioner was prosecuted is constitutionally protected;

(c) the sentence was imposed or probation was revoked in violation of the controlling statutory provisions;

(d) the petitioner had ineffective assistance of counsel in violation of the United States Constitution or Utah Constitution;

(e) newly discovered material evidence exists that requires the court to vacate the conviction or sentence, because:

(i) neither the petitioner nor petitioner's counsel knew of the evidence at the time of trial or sentencing or in time to include the evidence in any previously filed post-trial motion or post-conviction proceeding, and the evidence could not have been discovered through the exercise of reasonable diligence;

(ii) the material evidence is not merely cumulative of evidence that was known;

(iii) the material evidence is not merely impeachment evidence; and

(iv) viewed with all the other evidence, the newly discovered material evidence demonstrates that no reasonable trier of fact could have found the petitioner guilty of the offense or subject to the sentence received; or

(f) the petitioner can prove entitlement to relief under a rule announced by the United States Supreme Court, the Utah Supreme Court, or the Utah Court of Appeals after conviction and sentence became final on direct appeal, and that:

(i) the rule was dictated by precedent existing at the time the petitioner's conviction or sentence became final; or

(ii) the rule decriminalizes the conduct that comprises the elements of the crime for which the petitioner was convicted.

(g) the petitioner committed any of the following offenses while subject to force, fraud, or coercion, as defined in Section 76-5-308:

(i) Section 58-37-8, possession of a controlled substance;

(ii) Section 76-10-1304, aiding prostitution;

(viii) Section 76-9-702, lewdness;

(ix) Section 76-10-1302, prostitution; or

(x) Section 76-10-1313, sexual solicitation.
(2) The court may not grant relief from a conviction or sentence unless the petitioner establishes that there would be a reasonable likelihood of a more favorable outcome in light of the facts proved in the post-conviction proceeding, viewed with the evidence and facts introduced at trial or during sentencing.

(3) The court may not grant relief from a conviction based on a claim that the petitioner is innocent of the crime for which convicted except as provided in Title 78B, Chapter 9, Part 3, Postconviction Testing of DNA, or Part 4, Postconviction Determination of Factual Innocence. Claims under Part 3, Postconviction Testing of DNA or Part 4, Postconviction Determination of Factual Innocence of this chapter may not be filed as part of a petition under this part, but shall be filed separately and in conformity with the provisions of Part 3, Postconviction Testing of DNA or Part 4, Postconviction Determination of Factual Innocence.

Section 7. Section 78B-9-105 is amended to read:

(1) [The] (a) Except for claims raised under Subsection 78B-9-104(1)(g), the petitioner has the burden of pleading and proving by a preponderance of the evidence the facts necessary to entitle the petitioner to relief.

(b) For claims raised under Subsection 78B-9-104(1)(g), the petitioner has the burden of pleading and proving by clear and convincing evidence the facts necessary to entitle the petitioner to relief.

(c) The court may not grant relief without determining that the petitioner is entitled to relief under the provisions of this chapter and in light of the entire record, including the record from the criminal case under review.

(2) The respondent has the burden of pleading any ground of preclusion under Section 78B-9-106, but once a ground has been pled, the petitioner has the burden to disprove its existence by a preponderance of the evidence.

Section 8. Section 78B-9-106 is amended to read:

78B-9-106. Preclusion of relief -- Exception.

(1) A person is not eligible for relief under this chapter upon any ground that:

(a) may still be raised on direct appeal or by a post–trial motion;

(b) was raised or addressed at trial or on appeal;

(c) could have been but was not raised at trial or on appeal;

(d) was raised or addressed in any previous request for post–conviction relief or could have been, but was not, raised in a previous request for post–conviction relief; or

(e) is barred by the limitation period established in Section 78B-9-107.

(2) (a) The state may raise any of the procedural bars or time bar at any time, including during the state’s appeal from an order granting post–conviction relief, unless the court determines that the state should have raised the time bar or procedural bar at an earlier time.

(b) Any court may raise a procedural bar or time bar on its own motion, provided that it gives the parties notice and an opportunity to be heard.

(3) (a) Notwithstanding Subsection (1)(c), a person may be eligible for relief on a basis that the ground could have been but was not raised at trial or on appeal, if the failure to raise that ground was due to ineffective assistance of counsel;

(b) Notwithstanding Subsections (1)(c) and (1)(d), a person may be eligible for relief on a basis that the ground could have been but was not raised at trial, on appeal, or in a previous request for post–conviction relief, if the failure to raise that ground was due to force, fraud, or coercion as defined in Section 76-5-308.

4) This section authorizes a merits review only to the extent required to address the exception set forth in Subsection (3).

Section 9. Section 78B-9-107 is amended to read:

(1) A petitioner is entitled to relief only if the petition is filed within one year after the cause of action has accrued.

(2) For purposes of this section, the cause of action accrues on the latest of the following dates:

(a) the last day for filing an appeal from the entry of the final judgment of conviction, if no appeal is taken;

(b) the entry of the decision of the appellate court which has jurisdiction over the case, if an appeal is taken;

(c) the last day for filing a petition for writ of certiorari in the Utah Supreme Court or the United States Supreme Court, if no petition for writ of certiorari is filed;

(d) the entry of the denial of the petition for writ of certiorari or the entry of the decision on the petition for certiorari review, if a petition for writ of certiorari is filed;

(e) the date on which petitioner knew or should have known, in the exercise of reasonable diligence, of evidentiary facts on which the petition is based; or

(f) the date on which the new rule described in Subsection 78B-9-104(1)(f) is established.

(3) The limitations period is tolled for any period during which the petitioner was prevented from filing a petition due to state action in violation of the United States Constitution, or due to physical or
mental incapacity, or for claims arising under Subsection 78B-9-104(1)(g), due to force, fraud, or coercion as defined in Section 76-5-308. The petitioner has the burden of proving by a preponderance of the evidence that the petitioner is entitled to relief under this Subsection (3).

(4) The statute of limitations is tolled during the pendency of the outcome of a petition asserting:

(a) exoneration through DNA testing under Section 78B-9-303; or

(b) factual innocence under Section 78B-9-401.

(5) Sections 77-19-8, 78B-2-104, and 78B-2-111 do not extend the limitations period established in this section.

(a) vacate the original conviction and sentence; and

(b) order the petitioner's records expunged pursuant to Section 77-40-108.5.

(3) If an amendment does not propose to enlarge a community reinvestment project area’s geographic area, the board may adopt a resolution approving the amendment after the agency:

(a) if the amendment does not propose to allow the agency to receive a greater amount of project area funds or to extend a project area funds collection period:

(i) gives notice in accordance with Section 17C-1-806; and

(ii) holds a public hearing on the proposed amendment that meets the requirements described in Section 17C-1-808; or

(5) An agency may amend a community reinvestment project area plan without obtaining the consent of a taxing entity or a taxing entity committee and without providing notice or holding a public hearing if the amendment:

(a) makes a minor adjustment in the community reinvestment project area boundary that is requested by a county assessor or county auditor to avoid inconsistent property boundary lines; or

(b) removes a parcel from a community reinvestment project area because the agency determines that the parcel is:

(i) tax exempt;

(ii) no longer blighted; or

(2) If an agency plans to create a community reinvestment project area and adopt a community reinvestment project area plan that provides for the use of eminent domain to acquire property within the community reinvestment project area, the agency shall create a taxing entity committee as described in Section 17C-1-402 and receive tax increment in accordance with Section 17C-5-203.

(3) An agency shall comply with Chapter 5, Part 3, Community Reinvestment Project Area Budget, regardless of whether an agency enters into an interlocal agreement under Subsection (1)(a) or creates a taxing entity committee under Subsection (2).

(c) at the public hearing described in Subsection (2)(a) or at a subsequent board meeting, by resolution, adopt the community reinvestment project area budget amendment.

(3) If an agency proposes a community reinvestment project area budget amendment under which the agency is paid a greater proportion of tax increment from the community reinvestment project area than provided under the community reinvestment project area budget, the notice described in Subsection (2)(a) shall state:

Section 3. FY 2018 Appropriations Limit Formula.

The state appropriations limit for a given fiscal year, FY, shall be calculated by

\[ \text{AppropriationsLimit}_{FY} = \frac{\text{PerCapitaBase}_{1985}}{\text{Infla}_{FY}} \times \text{Infla}_{FY+2} \times \text{SumAdjust}_{FY} \]

where:

(a) \[ \text{Infla}_{FY} = \frac{\text{GNPIndex}_{FY+2}}{\text{GNPIndex}_{FY+2}} = \frac{(100.8 + 101.7 + 102.5 + 103.9)}{4} = 102.075 \]

(b) \[ \text{Infla}_{FY+2} = \frac{\text{GNPIndex}_{FY+2}}{\text{GNPIndex}_{FY+2}} = \frac{734,333,000 - 52,273,100}{1,594,943} = 123,900 \]

(c) \[ \text{PerCapitaBase}_{1985} = \frac{\text{Appropriations}_{1985} - \text{Debt}_{1985}}{\text{Pop}_{1985} \times \text{Infla}_{1985}} = \frac{734,333,000 - 52,273,100}{1,594,943 \times 102.075} = 123,900 \]

(d) \[ \text{SumAdjust}_{FY} = \sum_{i=1}^{i=FY} \left( \text{Adjust} \times \left( \frac{\text{Infla}_{FY-i}}{\text{Infla}_{FY-2}} \times \frac{\text{Pop}_{FY-i}}{\text{Pop}_{FY-2}} \right) \right) \]

(e) as used in the state appropriations limit formula:

(i) \( i \) is a variable representing a given fiscal year;

(ii) \( \text{Adjust} \) is the net adjustments to the state appropriations limit for a given fiscal year due to program or service adjustments, as required under Section 63J-3-203;

(iii) \( \text{Appropriations}_{1985} \) is the state capital and operations appropriations from the General Fund and non-Uniform School Fund in fiscal year 1985;

(iv) \( \text{Debt}_{1985} \) is the amount the state paid in debt payments in fiscal year 1985;

(v) \( \text{GNPIndex}_{FY+2} \) is the average of the quarterly values of the Gross National Product Implicit Price Deflator for the fiscal year two fiscal years before FY, as published by the United States Federal Reserve by January 31 of each year;

(vi) \( \text{GNPIndex}_{FY+2} \) is the average of the quarterly values of the Gross National Product Implicit Price Deflator for a given fiscal year, as measured by the Gross National Product Implicit Price Deflator from the vintage series published by the United States Department of Commerce on January 26, 1990;

(vii) \( \text{Infla}_{FY} \) is the change in the general price level of goods and services nationally from 1983 to two fiscal years before a given fiscal year, as measured by the most current Gross National Product Implicit Price Deflator series published by the United States Federal Reserve, adjusted to a 1989 basis;

(viii) \( \text{PerCapitaBase}_{1985} \) is the amount of real per capita state appropriations for fiscal year 1985; and

(ix) \( \text{Pop}_{FY} \) is:

(A) the population as of July 1 in the fiscal year two fiscal years before a given fiscal year, as estimated by the United States Census Bureau by January 31 of each year; or

(B) if the estimate described in Subsection (3)(e)(ix)(A) is not available, an amount determined by the Governor's Office of Management and Budget, estimated by adjusting an available April 1 decennial census count or by adjusting a fiscal year population estimate available from the United States Census Bureau.

Section 4. Effective Date.

The lab performs a variety of tests for other government agencies. The charges for these tests are determined according to the number of tests, and based on cost to the Laboratory and therefore may be different than the fee schedule. Because of changing needs, the Laboratory may receive requests for test that are impossible to anticipate and list fully in a standard fee schedule. Charges for these tests are authorized and are to be based on costs.

Charges for other tests performed for other government agencies are authorized and are to be based on cost recovery.

Hourly charges may be made on seed treated with Highly Toxic Substances if special handling is necessary for the Analysts safety. Discount germination is a non–priority service intended for carry–over seed which is ideal for checking inventories from May through August. The discount service is available during the rest of the year, but delays in testing may result due to high test volume of priority samples. Ten or more samples receive a fifty percent discount off normal germination fees.

(2) An energy assessment lien under this section:

(a) is superior to the lien of a trust deed, mortgage, mechanic's or materialman's lien, or other encumbrances;

(b) has the same priority as, but is separate and distinct from:

(i) a lien for general property taxes; or

(ii) any other energy assessment lien levied under this chapter;

(c) applies to any reduced payment obligations without interruption, change in priority, or alteration in any manner; and

(d) continues until the assessment and any related reduced payment obligations, interest, penalties, and costs are paid, regardless of:

(i) a sale of the property for or on account of a delinquent general property tax, special tax, or other assessment; or

(ii) the issuance of a tax deed, an assignment of interest by the county, or a sheriff's certificate of sale or deed.

Section 20. Section 11-42a-302 is enacted to read:

(b) A local entity, through the local entity's executive or administrator, as applicable, may assign to the third-party lender described in Subsection (1)(a) the local entity's rights in the energy assessment lien by entering into a written agreement with the third-party lender.

(2) (a) If a local entity assigns the local entity's rights in an energy assessment lien to a third-party lender under Subsection (1), the local entity's executive or administrator, as applicable, may authorize the designation of the energy assessment area and the levying of the assessment in lieu of the adoption of an energy assessment resolution or ordinance by the governing body of the local entity under Section 11-42a-201.

(b) If a local entity assigns the local entity's rights under Subsection (1)(b), the local entity shall ensure that the written agreement with the third-party lender:

(3) If a local entity assigns an energy assessment lien to a third-party lender, in accordance with Subsection (1), except as provided in Subsection 11-42a-303(2), the third-party lender has and possesses the same powers and rights at law or in equity to enforce the lien that the local entity creating the lien would have if the local entity did not assign the lien, including the rights and powers of the local entity under Sections 11-42a-303 and 11-42a-304.

(4) (a) Any financing in connection with the assignment of an energy assessment lien to a third-party lender under this section is not:

(ii) a charge against the general credit or taxing powers of the local entity that assigns the lien.

(b) A local entity may not obligate itself to pay any assessment levied or bond issued under this chapter.

Section 21. Section 11-42a-303 is enacted to read:

(1) If an assessment or an installment of an assessment is not paid when due, the local entity may sell the property on which the assessment has been levied for the amount due plus interest, penalties, and costs:

(b) by judicial foreclosure; or

(c) in the manner provided in Title 57, Chapter 1, Conveyances, as though the property were the subject of a trust deed in favor of the local entity if the owner of record of the property at the time the local entity initiates the process to sell the property in accordance with Title 57, Chapter 1, Conveyances, has executed a property owner’s consent form that:

(i) estimates the total assessment to be levied against the particular parcel of property;

(ii) describes any additional benefits that the local entity expects the assessed property to receive from the improvements;

(iii) designates the date and time by which the fully executed consent form is required to be submitted to the local entity; and

(2) If the local entity has assigned the local entity’s rights to a third-party lender under Section 11-42a-302, the local entity shall provide written instructions to the third-party lender as to which method of enforcement the third-party lender shall pursue.

(3) Except as otherwise provided in this chapter, each tax sale under Subsection (1)(b) is governed by Title 59, Chapter 2, Part 13, Collection of Taxes, to the same extent as if the sale were for the sale of property for delinquent general property taxes.

(4) (a) In a foreclosure under Subsection (1)(c):

(i) the local entity may bid at the sale;

(ii) if no one bids at the sale and pays the local entity the amount due on the assessment, plus interest and costs, the property is considered sold to the local entity for those amounts; and

(iii) the local entity’s chief financial officer may substitute and appoint one or more successor trustees, as provided in Section 57-1-22.

(b) (i) The local entity shall disclose the designation of a trustee under Subsection (4)(a)(ii) in the notice of default that the trustee gives to commence the foreclosure.

(ii) The local entity is not required to disclose the designation of a trustee under Subsection (4)(a)(ii) in an instrument separate from the notice described in Subsection (4)(b)(i).

(5) (a) The redemption of property that is the subject of a tax sale under Subsection (1)(b) is governed by Title 59, Chapter 2, Part 13, Collection of Taxes.

(b) The redemption of property that is the subject of a foreclosure proceeding under Subsection (1)(c) is governed by Title 57, Chapter 1, Conveyances.

(6) The remedies described in this part for the collection of an assessment and the enforcement of an energy assessment lien are cumulative, and the use of one or more of those remedies does not deprive the local entity of any other available remedy, means of collecting the assessment, or means of enforcing the energy assessment lien.

Section 22. Section 11-42a-304 is enacted to read:

11-42a-304. Default in the payment of an installment of an assessment -- Interest and costs -- Restoring the property owner to the right to pay installments.

(a) the local entity may:

(i) declare the delinquent amount to be immediately due and subject to collection as provided in this chapter;

(ii) if the financed improvements are not completed by the completion deadline to which the property owner agreed in the bond or financing documents, then within 60 days after the completion deadline, accelerate payment of the total unpaid balance of the assessment and declare the whole of the unpaid principal and the interest then due to be immediately due and payable; and

(iii) charge and collect all costs of collection, including attorney fees; and

(b) except as provided in Subsection (1)(a)(ii), the local entity may not accelerate payment of the total unpaid balance of the assessment.

(2) Delinquency interest accrues from the date of delinquency on all applicable amounts described in Subsection (1)(a) until the property owner pays the delinquency in full.

(3) A local entity shall ensure that any interest that the local entity assesses under this section and any collection costs that the local entity charges under this section are the same as for delinquent real property taxes for the year in which the balance of the fee or charge becomes delinquent unless the local entity determines otherwise.

(4) Notwithstanding Subsection (1), a property owner may regain the right to pay an assessment in installments as if no default had occurred if the owner pays the amount of all unpaid installments that are past due with interest, collection and
foreclosure costs, and administrative, redemption, and other fees, including attorney fees, before:

(a) the final date that payment may be legally made under a final sale or foreclosure of property to collect delinquent assessment installments, if the governing body enforces collection under Title 59, Chapter 2, Part 13, Collection of Taxes; or

(b) the end of the three-month reinstatement period provided in Section 57-1-31, if the governing body enforces collection through the method of foreclosing trust deeds.

(6) A local entity may only use the proceeds of an energy assessment bond to refinance or reimburse costs of improvements authorized under this chapter if the property owner incurred the costs no earlier than three years before the date of issuance of the energy assessment bond.

Section 25. Section 11-42a-402 is enacted to read:

11-42a-402. Energy assessment bond not a local entity's general obligation -- Liability and responsibility of a local entity issuing an energy assessment bond -- No state liability.

(1) (a) An energy assessment bond that a local entity issues under this chapter:

(i) is a limited obligation of the local entity; and

(ii) does not constitute nor give rise to:

(A) a general obligation or liability of the local entity or the state; or

(B) a charge against the general credit or taxing powers of the local entity or the state.

(b) The local entity shall ensure that the limitation described in Subsection (1)(a) is plainly stated upon the face of the bond.

(c) The assessments and the property upon which the energy assessment lien is recorded are the sole securities for an energy assessment bond.

(2) (a) A local entity that issues an energy assessment bond is not liable and may not obligate itself for payment of the bond, except for a fund that the local entity creates and receives from assessments against which the bond is issued.

(b) Unless otherwise provided in this chapter, a local entity that issues an energy assessment bond is responsible for:

(i) the lawful levy of all assessments; and

Section 26. Section 11-42a-403 is enacted to read:

11-42a-403. Refunding assessment bonds.

(1) A local entity may, by a resolution adopted by the governing body, authorize the issuance of a refunding assessment bond as provided in this section, to repay prior bonds in whole or in part, whether at or before the maturity of the prior bonds, at stated maturity, upon redemption, or upon declaration of maturity.

(2) (a) Subject to Subsection (2)(b), the issuance of a refunding assessment bond is governed by Title 11, Chapter 27, Utah Refunding Bond Act.

(b) If there is a conflict between a provision of Title 11, Chapter 27, Utah Refunding Bond Act, and a provision of this part, the provision of this part governs.

(3) In issuing a refunding assessment bond, the local entity shall require the refunding assessment bond and interest on the bond to be payable from and secured, to the extent the prior bonds were payable from and secured, by:

(a) the same assessments; or

(b) the reduced assessments adopted by the governing body under Section 11-42a-404.

(4) A refunding assessment bond:

(a) is payable solely from the sources described in Subsection (3);

(b) matures no later than one year after the date of final maturity of the prior bonds;

(c) does not mature at a time or bear interest at a rate that will cause the local entity to be unable to pay the bond when due from the sources listed in Subsection (3);

(d) bears interest as the governing body determines and subject to the provisions relating to interest in Section 11-42a-401; and

(e) pays one or more issues of the issuing local entity's prior bonds.

(5) If the bond refunds two or more issues of a local entity's prior bonds, the local entity may issue the bond in one or more series.

Section 27. Section 11-42a-404 is enacted to read:

11-42a-404. Reducing assessments after issuance of refunding assessment bonds -- Retroactive effect.

(1) Each local entity that issues a refunding assessment bond shall adopt a resolution or ordinance amending the previously adopted energy assessment resolution or ordinance that:

(a) reduces, as determined by the local entity's governing body:

(i) the assessments levied under the previous resolution or ordinance;
(ii) the interest payable on the assessments levied under the previous resolution or ordinance; or

(iii) both the assessments levied under the previous resolution or ordinance and the interest payable on those assessments;

(b) allocates the reductions under Subsection (1)(a) so the then unpaid assessments levied against benefitted property within the assessment area and the unpaid interest on those assessments receive a proportionate share of the reductions;

(c) states the amounts of the reduced payment obligation for each property assessed in the prior resolution or ordinance; and

(d) states the effective date of any reduction in the assessment levied in the prior resolution or ordinance.

(2) In a resolution or ordinance described in Subsection (1), the local entity is not required to describe each block, lot, part of a block or lot, tract, or parcel of property assessed.

(3) The local entity shall ensure that each reduction under Subsection (1)(a) is equal to the amount by which the principal, interest, or combined principal and interest payable on the refunding assessment bond, after accounting for incidental refunding costs associated with the refunding assessment bond, is less than the amount of principal, interest, or combined principal and interest payable on the prior bonds.

(4) A reduction under Subsection (1)(a) does not apply to an assessment or interest paid before the reduction.

(5) A resolution or ordinance under Subsection (1) may not become effective before the date when any principal, interest, redemption premium on the prior bonds, and advances under Subsection 11-42-607(5)(a) are fully paid or legally considered to be paid.

(6) Except for the amount of reduction to a prior assessment or interest on a prior assessment, neither the issuance of a refunding assessment bond nor the adoption of a resolution or ordinance under Subsection (1) affects:

(a) the validity or continued enforceability of a prior assessment or interest on the assessment; or

(b) the validity, enforceability, or priority of an energy assessment lien.

(7) Each reduction of a prior assessment and the interest on the assessment continues to exist in favor of the refunding assessment bonds.

(8) Even after payment in full of the prior bonds that a refunding assessment bond refunds, an energy assessment lien continues to exist to secure payment of:

(a) the reduced payment obligations; and

(b) the penalties and costs of collection of those obligations; and

(c) the refunding assessment bond.

(9) A lien securing a reduced payment obligation from which a refunding assessment bond is payable and by which the bond is secured is subordinate to an energy assessment lien that secures the original or prior assessment and prior bonds until the prior bonds are paid in full or legally considered to be paid in full.

(10) Unless prior bonds are paid in full simultaneously with the issuance of a refunding assessment bond, the local entity shall:

(a) irrevocably set aside the proceeds of the refunding assessment bond in an escrow or other separate account; and

(b) pledge the account described in Subsection (10)(a) as security for the payment of the prior bonds, the refunding assessment bond, or both.

(11) This part applies to any refunding assessment bond:

(a) regardless of whether the local entity already issued the bond; and

(b) regardless of whether the local entity issued the prior bonds that the bond refunded under prior law and regardless of whether that law is currently in effect.

Be it enacted by the Legislature of the state of Utah:  

Section 1. Section 32B-1-202 is amended to read:  

32B-1-202. Proximity to community location.  
(1) [For purposes of this section,] “outlet” means:  
(a) (i) “Outlet” means:  
(ω) (A) a state store;  
(ω) (B) a package agency; or  
(ω) (C) a retail licensee, except an airport lounge licensee.  
(ii) “Outlet” does not include:  
(A) an airport lounge licensee; or  
(B) a restaurant.  

(b) “Restaurant” means:  
(i) a full-service restaurant licensee;  
(ii) a limited-service restaurant licensee; or  
(iii) a beer-only restaurant licensee.  

(2) Except as otherwise provided in this section, the premises of an outlet may not be located:  
(a) within 600 feet of a community location, as measured from the nearest entrance of the proposed outlet by following the shortest route of ordinary pedestrian travel to the property boundary of the community location; or  
(b) within 200 feet of a community location, measured in a straight line from the nearest entrance of the proposed outlet to the nearest property boundary of the community location.  

The commission may not issue a license for a restaurant if, on the date the commission takes final action to approve or deny the application, there is a community location:  
(i) within 300 feet of the proposed restaurant, as measured from the nearest entrance of the proposed restaurant by following the shortest route of ordinary pedestrian travel to the property boundary of the community location; or  
(ii) within 200 feet of a community location, measured in a straight line from the nearest entrance of the proposed restaurant to the nearest property boundary of the community location.  

(3) With respect to the location of an outlet, the commission may authorize a variance to reduce the proximity requirement of Subsection (2) if:  
(a) when the variance reduces the proximity requirement of Subsection (2)(b), the community location at issue is:  
(i) a public library; or  
(ii) a public park;  

(b) except with respect to a state store, the local authority gives its written consent to the variance;  
(c) the commission finds that alternative locations for locating that type of outlet in the community are limited;  
(d) a public hearing is held in the city, town, metro township, or county, and when practical in the neighborhood concerned;
(4) (i) the community location governing authority gives its written consent to the variance; or

(ii) if the community location governing authority does not give its written consent to a variance, the commission finds the following for a state store, or if the outlet is a package agency or retail licensee, the commission finds that the applicant establishes the following:

(A) there is substantial unmet public demand to consume an alcoholic product;

(B) there is no reasonably viable alternative for satisfying the substantial unmet demand other than locating that type of outlet in that location; and

(C) there is no reasonably viable alternative location within the geographic boundary of the local authority in which the outlet is to be located for locating that type of outlet to satisfy the unmet demand.

(4) With respect to the premises of a package agency or retail licensee that undergoes a change of ownership, the commission may waive or vary the proximity requirements of Subsection (2) in considering whether to issue the package agency or same type of retail license to the new owner of the premises if:

(a) the premises previously received a variance reducing the proximity requirement of Subsection (2)(a); or

(b) the premises received a variance reducing the proximity requirement of Subsection (2)(b) on or before May 4, 2008; or

(c) a variance from proximity requirements was otherwise allowed under this title.

(3) For an outlet or a restaurant that holds a license on May 9, 2017, and operates under a previously approved variance to one or more proximity requirements in effect before May 9, 2017, subject to the other provisions of this title, that outlet or restaurant, or another outlet or restaurant with the same type of license as that outlet or restaurant, may operate under the previously approved variance regardless of whether:

(a) the outlet or restaurant changes ownership;

(b) the property on which the outlet or restaurant is located changes ownership; or

(c) there is a lapse in the use of the property as an outlet or a restaurant with the same type of license, unless during the lapse, the property is used for a different purpose.

(4) (a) If, after an outlet or a restaurant obtains a license under this title, a person establishes a community location on a property that puts the outlet or restaurant in violation of the proximity requirements in effect at the time the license is issued or a previously approved variance described in Subsection (3), subject to the other provisions of this title, that outlet or restaurant, or an outlet or a restaurant with the same type of license as that outlet or restaurant, may operate at the premises regardless of whether:

(i) the outlet or restaurant changes ownership;

(ii) the property on which the outlet or restaurant is located changes ownership; or

(iii) there is a lapse in the use of the property as an outlet or a restaurant with the same type of license, unless during the lapse the property is used for a different purpose.

(b) The provisions of this Subsection (4) apply regardless of when the outlet’s or restaurant’s license is issued.

(5) Nothing in this section prevents the commission from considering the proximity of an educational, religious, and recreational facility, or any other relevant factor in reaching a decision on a proposed location of an outlet.

Utah Code Sections Affected:
AMENDS:
63J–1–312, as last amended by Laws of Utah 2015, Chapter 214

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 63J–1–312 is amended to read:

63J–1–312. Establishing a General Fund Budget Reserve Account -- Providing for deposits and expenditures from the account -- Providing for interest generated by the account.

(1) As used in this section:

(a) “Education Fund budget deficit” means a situation where appropriations made by the Legislature from the Education Fund for a fiscal year exceed the estimated revenues adopted by the Executive Appropriations Committee of the Legislature for the Education Fund in that fiscal year.

(b) “General Fund appropriations” means the sum of the spending authority for a fiscal year that is:

(i) granted by the Legislature in all appropriation acts and bills; and

(ii) identified as coming from the General Fund.

(c) “General Fund budget deficit” means a situation where General Fund appropriations made by the Legislature for a fiscal year exceed the estimated revenues adopted by the Executive Appropriations Committee of the Legislature for the General Fund in that fiscal year.

(d) “General Fund revenue surplus” means a situation where actual General Fund revenues collected in a completed fiscal year exceed the estimated revenues for the General Fund for that fiscal year that were adopted by the Executive Appropriations Committee of the Legislature.

(e) “Operating deficit” means that, at the end of the fiscal year, the unassigned fund balance in the General Fund is less than zero.

(2) There is created within the General Fund a restricted account to be known as the General Fund Budget Reserve Account, which is designated to receive the legislative appropriations and the surplus revenue required to be deposited into the account by this section.

(3) (a) (i) Except as provided in Subsection (3)(a)(ii), at the end of any fiscal year in which the Division of Finance, in consultation with the Legislative Fiscal Analyst and in conjunction with the completion of the annual audit by the state auditor, determines that there is a General Fund revenue surplus, the Division of Finance shall transfer 25% of the General Fund revenue surplus to the General Fund Budget Reserve Account.

(ii) If the transfer of 25% of the General Fund revenue surplus to the General Fund Budget Reserve Account would cause the balance in the account to exceed 9% of General Fund appropriations for the fiscal year in which the revenue surplus occurred, the Division of Finance shall transfer only those funds necessary to ensure that the balance in the account equals 9% of General Fund appropriations for the fiscal year in which the General Fund revenue surplus occurred.

(iii) The Division of Finance shall calculate the amount to be transferred under this Subsection (3)(a):

(A) after making the transfer of General Fund revenue surplus to the Medicaid Growth Reduction and Budget Stabilization Account, as provided in Section 63J–1–315;

(B) before transferring from the General Fund revenue surplus any other year-end contingency appropriations, year–end set-asides, or other year–end transfers required by law; and

(C) excluding any direct legislative appropriation made to the General Fund Budget Reserve Account for the fiscal year.

(b) (i) Except as provided in Subsection (3)(b)(ii), in addition to Subsection (3)(a)(i), if a General Fund revenue surplus exists and if, within the last 10 years, the Legislature has appropriated any money from the General Fund Budget Reserve Account that has not been replaced by appropriation or as provided in this Subsection (3)(b), the Division of Finance shall transfer up to 25% more of the General Fund revenue surplus to the General Fund Budget Reserve Account to replace the amounts appropriated, until direct legislative appropriations, if any, and transfers from the General Fund revenue surplus under this Subsection (3)(b) have replaced the appropriations from the account.
(ii) If the transfer under Subsection (3)(b)(i) would cause the balance in the account to exceed 9% of General Fund appropriations for the fiscal year in which the revenue surplus occurred, the Division of Finance shall transfer only those funds necessary to ensure that the balance in the account equals 9% of General Fund appropriations for the fiscal year in which the revenue surplus occurred.

(iii) The Division of Finance shall calculate the amount to be transferred under this Subsection (3)(b):

(A) after making the transfer of General Fund revenue surplus to the Medicaid Growth Reduction and Budget Stabilization Account, as provided in Section 63J-1-315;

(B) before transferring from the General Fund revenue surplus any other year-end contingency appropriations, year-end set-asides, or other year-end transfers required by law; and

(C) excluding any direct legislative appropriation made to the General Fund Budget Reserve Account for the fiscal year.

(c) For appropriations made by the Legislature to the General Fund Budget Reserve Account, the Division of Finance shall treat those appropriations, unless otherwise specified in the appropriation, as replacement funds for appropriations made from the account if funds were appropriated from the General Fund Budget Reserve Account within the past 10 years and have not yet been replaced.

(4) The Legislature may appropriate money from the General Fund Budget Reserve Account only to:

(a) resolve a General Fund budget deficit, for the fiscal year in which the General Fund budget deficit occurs;

(b) pay some or all of state settlement agreements approved under Title 63G, Chapter 10, State Settlement Agreements Act;

(c) pay retroactive tax refunds; [or]

(d) resolve an Education Fund budget deficit[.]; or

(e) finance an existing federally funded program or activity when:

(i) the federal funds expected to fund the federal program or activity are not available to fund the program or activity; and

(ii) the Legislature and governor concurrently determine that the program or activity is essential.

(5) Interest generated from investments of money in the General Fund Budget Reserve Account shall be deposited into the General Fund.
Be it enacted by the Legislature of the state of Utah:

Section 1. Section 77-27-5 is amended to read:

77-27-5. Board of Pardons and Parole authority.

(1) (a) The Board of Pardons and Parole shall determine by majority decision when and under what conditions, subject to this chapter and other laws of the state, persons committed to serve sentences in class A misdemeanor cases at penal or correctional facilities which are under the jurisdiction of the Department of Corrections, and all felony cases except treason or impeachment or as otherwise limited by law, may be released upon parole, pardoned, ordered to pay restitution, or have their fines, forfeitures, or restitution remitted, or their sentences commuted or terminated.

(b) The board may sit together or in panels to conduct hearings. The chair shall appoint members to the panels in any combination and in accordance with rules promulgated by the board, except in hearings involving commutation and pardons. The chair may participate on any panel and when doing so is chair of the panel. The chair of the board may designate the chair for any other panel.

(c) No restitution may be ordered, no fine, forfeiture, or restitution remitted, no parole, pardon, or commutation granted or sentence terminated, except after a full hearing before the board or the board's appointed examiner in open session. Any action taken under this subsection other than by a majority of the board shall be affirmed by a majority of the board.

(d) A commutation or pardon may be granted only after a full hearing before the board.

(e) The board may determine restitution as provided in Section 77-27-6 and Subsection 77-38a-302(5)(d)(iii)(A).

(2) (a) In the case of original parole grant hearings, rehearings, and parole revocation hearings, timely prior notice of the time and location of the hearing shall be given to the defendant, the county or district attorney's office responsible for prosecution of the case, the sentencing court, law enforcement officials responsible for the defendant's arrest and conviction, and whenever possible, the victim or the victim's family.

(b) Notice to the victim, [his] the victim's representative, or [his] the victim's family shall include information provided in Section 77-27-9.5, and any related rules made by the board under that section. This information shall be provided in terms that are reasonable for the lay person to understand.

(3) Decisions of the board in cases involving paroles, pardons, commutations or terminations of sentence, restitution, or remission of fines or forfeitures are final and are not subject to judicial review. Nothing in this section prevents the obtaining or enforcement of a civil judgment, including restitution as provided in Section 77-27-6.

(4) This chapter may not be construed as a denial of or limitation of the governor's power to grant respite or reprieves in all cases of convictions for offenses against the state, except treason or conviction on impeachment. However, respites or reprieves may not extend beyond the next session of the Board of Pardons and Parole and the board, at that session, shall continue or terminate the respite or reprieve, or it may commute the punishment, or pardon the offense as provided. In the case of conviction for treason, the governor may suspend execution of the sentence until the case is reported to the Legislature at its next session. The Legislature shall then either pardon or commute the sentence, or direct its execution.

(5) In determining when, where, and under what conditions offenders serving sentences may be paroled, pardoned, have restitution ordered, or have their fines or forfeitures remitted, or their sentences commuted or terminated, the board shall:

(a) consider whether the persons have made or are prepared to make restitution as ascertained in accordance with the standards and procedures of Section 77-38a-302, as a condition of any parole, pardon, remission of fines or forfeitures, or commutation or termination of sentence[.]; and
(b) develop and use a list of criteria for making
determinations under this Subsection (5).

(6) In determining whether parole may be
terminated, the board shall consider the offense
committed by the parolee, the parole period as
provided in Section 76–3–202, and in accordance
with Section 77–27–13.

The Honorable Greg Hughes
Speaker of the House

and

The Honorable Wayne Niederhauser
President of the Senate

Dear Speaker Hughes and President Niederhauser,

As required by Article VII, Section 8 of the Utah Constitution, I am writing to provide you my objections to House Bill 11, STATE BOARDS AND COMMISSIONS AMENDMENTS, and to explain my decision to veto the bill.

As I appoint individuals to boards and commissions, I am sometimes required by statute to consider partisanship in making those appointments. I feel that in most instances, this is contrary to the best interests of the public and public policy. The purpose of this bill was to allow for the appointment of the best and most qualified individuals outside of those partisanship considerations.

However, recognizing that some boards and commissions make decisions that may be viewed as partisan, and wanting to ensure that the public has confidence in their decisions, my office agreed to a negotiated version of this bill. That version of the bill maintained partisan appointments for the Air Quality Board, the Water Quality Board, the Public Service Commission, and the Alcoholic Beverage Control Commission. This agreement was reached with my office, the sponsor of the bill, and other concerned parties. However, the version of the bill we agreed upon was then subsequently amended in the Senate and the final version is now inconsistent with the agreement my office made during negotiations. Accordingly, I now feel obligated to veto this bill in its current form. Whether or not the perception is accurate, I believe that public confidence in these select boards and commissions may be increased through symbolic partisan makeup.
My commitment is to always appoint the best, most qualified person for any position and I expect those individuals, thus appointed, to act in the best interest of the state, in the interest of creating good policy.

For these reasons, I disapprove of and veto House Bill 11, STATE BOARDS AND COMMISSIONS AMENDMENTS, and return it to the House of Representatives.

Sincerely,

Gary R. Herbert

Highlighted Provisions: This resolution:
- states that Utah is a premier public lands state and is committed to remaining a public lands state; and
- asserts that local management responsibility of Utah’s public lands would result in greater opportunities for outdoor recreation, including hunting, fishing, and access, as well as economic opportunities for rural Utah.

Special Clauses: None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the state of Utah is a premier public lands state and is committed to remaining a public lands state;

WHEREAS, Utah’s public lands provide unique opportunities for outdoor recreation, including skiing, camping, hunting, fishing, biking, rock climbing, and spelunking in addition to economic opportunities like responsible timber harvesting, mineral development, wind and solar energy development, and livestock grazing;

WHEREAS, Utah’s leaders are focused on the conservation and improvement of public lands, and the state’s concern over federal management is not an issue of the public lands themselves or the good federal employees who work in this area, but the historic and structural failure of the federal government to manage the public lands properly without meaningful state and local consultation and input;

WHEREAS, federal mismanagement jeopardizes Utah communities, our forests, wildlife, economies, recreational opportunities, and air quality;

WHEREAS, the state of Utah seeks greater management responsibility over the public lands not to sell them, but to protect them in the way that they always should have been protected;

WHEREAS, if given greater management responsibility over the public lands within the state, Utah is devoted to:
- increasing public access for hunting, fishing, and outdoor recreation, as well as increasing public herds of wildlife like elk, deer, bison, bighorn, moose, and mountain goats;
- mitigating conflicts, when they occur, between ranching interests and wildlife interests;
- increasing opportunities for ranching interests, while also ensuring increased wildlife and sporting opportunities; and
- increasing economic opportunities for rural Utah communities;

WHEREAS, the state is committed to retaining public lands in public ownership and in improving the way the public lands are managed in the state;

WHEREAS, the state of Utah is regularly regarded as one of the best-managed states in the country and, because of this proven track record, seeks to obtain greater management responsibility over certain federally controlled public land within its borders; and

WHEREAS, by obtaining greater management responsibility over certain public lands in Utah, the state could ensure appropriate conservation, secure public access, encourage multiple use, grow the economy, and sustain proper land management:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, strongly urges all members of the Utah congressional delegation to work in concert with Utah’s legislative leadership and the Commission for the Stewardship of Public Lands to draft and pass federal legislation creating a framework to ensure the retention of Utah’s public lands in public ownership and to provide for greater state management responsibility over certain public lands.

BE IT FURTHER RESOLVED that the Legislature and the Governor strongly urge the President of the United States, together with the United States Congress, to support all efforts and actions necessary to draft, pass, and sign into law the federal legislative framework to ensure the retention of Utah’s public lands in public ownership and to provide for greater state management responsibility over certain public lands.

CONCURRENT RESOLUTION
RECOGNIZING AND REMEMBERING
THE FORGOTTEN PATIENTS OF THE
UTAH STATE HOSPITAL

Chief Sponsor: Edward H. Redd
Senate Sponsor: Curtis S. Bramble
LONG TITLE

General Description:
This concurrent resolution of the Legislature and the Governor supports efforts by the staff of the Utah State Hospital and individuals and private entities to build and maintain markers and monuments at the grave sites of former Utah State Hospital patients and support ongoing use of evidence-based best practices and interventions to treat Utahns suffering from mental illness and other complex diseases of the brain.

Highlighted Provisions:
This resolution:
- expresses support for current efforts by staff of the Utah State Hospital to partner with individuals and private entities to build and maintain appropriate markers and monuments at the grave sites of former patients of the Utah State Hospital as a tangible effort to appropriately recognize and remember their courageous and often lonely struggle with mental illness during an earlier era when effective treatments and hope for recovery were very limited and long-term institutionalization was often the only viable intervention; and
- honors the lives of these once-forgotten individuals who suffered immensely from mental illness by continuing to support ongoing use of evidence-based best practices and interventions to effectively treat citizens of Utah who are currently suffering from mental illness and other complex diseases of the brain.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:
WHEREAS, the Utah State Hospital in Provo, Utah, began as the Territorial Insane Asylum and admitted its first patients in 1885;
WHEREAS, the Utah State Hospital patient census climbed from 69 in 1886 to 314 in 1900, 1,310 in 1946, and to its peak of 1,500 patients in 1955;
WHEREAS, during the 133 years of its existence, staff and providers at the Utah State Hospital have embraced and used resources and best practices available to do the best they could to address the needs of persons with severe mental illness and other complex disorders of the brain;
WHEREAS, during the 19th and early 20th centuries the science guiding the evaluation and treatment of mental disorders was in its infancy and there was a substantial lack of effective interventions to treat severe mental illness and other brain disorders;
WHEREAS, in the 19th and early 20th centuries the pervasive public perception was that a person diagnosed with a mental illness would never recover;
WHEREAS, due to the severe hardships and challenges inherent in caring for a person with uncontrolled severe mental illness, many families across the United States were encouraged to essentially give up the care of their family members with mental illness and place them in large private or state-run hospitals where most of them remained until they died;
WHEREAS, during the 19th and early 20th centuries, transportation needed to make face-to-face visits was limited and arduous, and because of this, opportunities for personal contact by family members and friends with patients at the Utah State Hospital were very limited and this sometimes resulted in weakening of the emotional bonds that tie people and families together;
WHEREAS, as a result of these insidious and deleterious effects on outside relationships, some long-term institutionalized patients at the Utah State Hospital gradually lost outside support and contact with family and friends and sometimes died while still residing at the Utah State Hospital;
WHEREAS, during the 19th and early 20th centuries 474 such patients at the Utah State Hospital died mostly alone and forgotten and were given paupers’ burials in unmarked graves located at the west end of the Provo City Cemetery;
WHEREAS, the names of these individuals and the locations of most of the graves are currently known, but the graves remain unmarked and unknown to the general public;
WHEREAS, the understanding of mental illness and the ability to effectively treat people with severe mental illness and other complex brain disorders such as epilepsy has progressed immensely during the past 75 years;
WHEREAS, public perception of mental illness has matured to the point where most of the general public see mental illnesses as brain disorders that can be successfully treated;
WHEREAS, with the advancement of science and the availability of effective treatments in the mental health arena, the Utah State Hospital is no longer a place for long-term custodial care of people with mental illness;
WHEREAS, the Utah State Hospital is now an institution dedicated to intensive treatment of individuals with severe mental illness with the goal of healing and integration back into the communities from whence they were referred; and
WHEREAS, had they been able to access and receive treatments and interventions currently available in the 21st century, including improved quality of life and integration back into their respective communities and families, many of the early patients at the Utah State Hospital who were institutionalized until death and largely forgotten by society would have experienced very different outcomes:
NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, representing the citizens of Utah, expresses support for current efforts by staff of the Utah State Hospital to partner with individuals and private entities to build and maintain appropriate markers and monuments at the grave sites of these incredible people as a
tangible effort to appropriately recognize and remember their courageous and often lonely struggles with mental illness during an earlier era when effective treatments and hope for recovery were very limited and long-term institutionalization was often the only viable intervention.

BE IT FURTHER RESOLVED that the Legislature and the Governor honor the lives of these once-forgotten individuals who suffered immensely from mental illness by continuing to support ongoing use of evidence-based best practices and interventions to effectively treat citizens of Utah who are currently suffering from mental illness and other complex diseases of the brain.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Utah State Hospital and the Utah Department of Human Services.

LONG TITLE
General Description:
This concurrent resolution of the Legislature and the Governor supports the dedication of a portion of the funds allocated to the state from the Volkswagen settlement for the purpose of replacing at least a portion of the 433 dirty diesel school buses with clean fuel school buses.
WHEREAS, Utahns rank air quality with a high level of concern – 68% rated it four or five on a five-point scale in a recent survey, Wasatch Front residents had a slightly higher level of concern than rural residents, ranking air quality as their first priority on their top 10 list of priorities;

WHEREAS, Utahns’ major concerns with air quality include ozone and very fine particulate matter, including PM2.5 and nitrogen oxide (NOx) emissions from fossil fuel exhaust that is exposed to high temperatures and sunlight;

WHEREAS, the Wasatch Front and Cache County are known to have some of the worst short-term PM2.5 and NOx pollution in the country;

WHEREAS, the Environmental Protection Agency (EPA) recently reclassified the Wasatch Front and Cache Valley from “moderate” to “serious” nonattainment areas, based on the Clean Air Act’s air quality health standards.

WHEREAS, the Wasatch Front’s and Cache Valley’s unique geography are major contributors to serious air pollution during winter inversions as polluted colder air is trapped by warmer air and hemmed in by Utah’s mountain ranges;

WHEREAS, although vehicles’ contribution to air pollution has been shrinking over time and will continue to decline with the rapidly increasing fuel economy standards and the implementation of Tier III fuel and automobile standards from 2017 to 2025, fossil fuel combustion engines still cause 48% of pollutants;

WHEREAS, as Utah’s population continues to grow, so will the challenges to reducing vehicle pollutants;

WHEREAS, as of the 2015–2016 school year, there are 2,895 school buses among the 41 school districts and public charter schools that travel a combined 31,935,834 miles within a school year;

WHEREAS, although numerous efforts have been undertaken over the past several years to remove dirty diesel school buses from the fleet, there are still 433 buses that are model year 2006 or older;

WHEREAS, the exhaust from diesel engines is made up of two main parts, gases and soot each of these in turn is made up of different substances:

- the gas portion of diesel exhaust is mostly carbon dioxide, carbon monoxide, nitric oxide, nitrogen dioxides, sulfur oxides, and hydrocarbons, including polycyclic aromatic hydrocarbons; and
- the soot (particulate) portion of diesel exhaust is made up of particles such as carbon, organic materials, and traces of metallic compounds;

WHEREAS, exposure to diesel exhaust is widespread in the modern world and diesel exhaust brings a complex mixture of soot and gases to roadways, cities, farms, and other places;

WHEREAS, health concerns about diesel exhaust relate not only to cancer, but also to other health problems such as lung and heart diseases;

WHEREAS, people are exposed to diesel exhaust by breathing in the soot and gases, which then enter the lungs;

WHEREAS, exposure to diesel exhaust may be higher in a vehicle, especially when traveling on roads with heavier truck or bus traffic;

WHEREAS, numerous studies have concluded that the younger a person is the more susceptible he or she is to dangerous diesel exhaust fumes;

WHEREAS, the concentration of numerous idling dirty diesel school buses around schools during early mornings and afternoons is especially harmful to young people and their developing brains and lungs;

WHEREAS, numerous efforts have been made over the past several years to remove older dirty diesel school buses in Utah and replace them with clean fuel alternatives such as compressed natural gas, clean diesel, electric, propane, or hybrid, but significant funding has been unavailable;

WHEREAS, the Utah Division of Air Quality in 2016 calculated that with the replacement of just 119 model year 1996 diesel school buses with the same number of clean fuel school buses, the yearly emissions would be reduced to 6.5 tons from 32.1 tons, an 80% reduction in PM2.5 per year assuming that each bus would travel approximately 10,930 miles per year;

WHEREAS, the EPA filed a complaint against Volkswagen Group of America (Volkswagen) alleging that the defendants violated the Clean Air Act with regard to approximately 580,000 model year 2009–2016 motor vehicles containing 2.0 and 3.0 liter engines;

WHEREAS, Volkswagen agreed to spend up to $14.7 billion to settle allegations that Volkswagen cheated emissions;

WHEREAS, on June 28, 2016, the United States lodged with the court a settlement that partially
resolves allegations that Volkswagen violated the Clean Air Act by the sale of approximately 500,000 vehicles containing 2.0 liter diesel engines equipped with devices designated to circumvent emissions tests;

WHEREAS, the settlement consists of three major components:

(1) buyback or emission modification on at least 85% of the subject vehicles;

(2) $2.7 billion to fully remediate the excess NOx; and

(3) investment of $2 billion to promote the use of zero emission vehicles and infrastructure;

WHEREAS, the $2.7 billion will be placed in the Environmental Mitigation Trust, and will be allocated to beneficiaries, states, tribes, and certain territories based on the number of impacted Volkswagen vehicles in those jurisdictions;

WHEREAS, the Environmental Mitigation Trust will support projects that reduce NOx emissions where the Volkswagen vehicles were, are, or will be operated;

WHEREAS, the state of Utah is projected to receive $32,356,471 of the $2.7 billion;

WHEREAS, after being designated a beneficiary, the state must submit a high-level beneficiary mitigation plan that summarizes the following:

(1) how the funds will be spent, including the state’s overall goal for the use of funds, categories of anticipated eligible mitigation actions, and preliminary assessment of the percentages of funds anticipated to be used for each type of action;

(2) how the proposed actions will impact air quality in areas that bear a disproportionate share of the air pollution burden within its jurisdiction; and

(3) the expected range of emission benefits;

WHEREAS, one category of the Environmental Mitigation Trust includes 2006 model year or older Class 4–8 school buses, shuttles, or transit buses and stipulates that eligible buses must be scrapped and may be repowered or replaced with new diesel, alternative fuel, or all electric engine buses; and

WHEREAS, a beneficiary has up to 10 years to spend 80% of its allocation, and up to 15 years to spend 100% of its allocation, but may request up to one-third of its allocation during the first year, and up to two-thirds of its allocation during the first two years:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, supports the dedication of a portion of the funds, resulting in an initiative to replace all Utah dirty diesel school buses with one of the numerous clean fuel school bus alternatives.

LONG TITLE
General Description:
This concurrent resolution supports the Re-Employment of the States Amendment.

Highlighted Provisions:
This resolution:

- asserts that federalism is an integral part of our American compound republic and is essential to the vitality of the Union; and
- supports the Re-Employment of the States Amendment.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the people of the United States, through their elected state delegates, established the Constitution of the United States, which created the federal government and defined its limited powers;

WHEREAS, the powers delegated to the federal government are “few and defined,” while all other powers are reserved to the states and the people;

WHEREAS, the Constitution separates federal powers among three branches of government: the legislative, the executive, and the judiciary, each with checks on the powers of the others, to prevent the expansion or usurpation of powers by any branch;

WHEREAS, over the past several decades, executive power has expanded through the creation of administrative agencies that enforce expansive federal laws and regulations upon the states and the people;

WHEREAS, the states, particularly since the passage of the 17th Amendment, have no effective check on this expansion of federal executive and regulatory power, resulting in a gradual erosion of the federalist system of government established by the Founders, thereby threatening state sovereignty and individual liberties; and

WHEREAS, restoring the balance of federalism will secure the blessings of liberty to ourselves and our posterity:
NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, reaffirms its position that federalism is an integral part of our American compound republic and is essential to the vitality of the Union.

BE IT FURTHER RESOLVED that the Legislature and the Governor support the Re-Empowerment of the States Amendment, which has been introduced in Congress by Representatives Rob Bishop and Cathy Rodgers as 2017-2018 H.J. Res. 32 and reads: “SECTION 1. The several States may repeal, in whole or in part, any Presidential Executive order, rule, regulation, other regulatory action, or administrative ruling issued by a department, agency, or instrumentality of the United States. Such repeal shall take effect upon approval by the legislatures of two-thirds of the several States of resolutions for this purpose that particularly describe the same whole or part of the Executive order, rule, regulation, other regulatory action, or administrative ruling to be repealed. SECTION 2. Congress shall have power to enforce this article by appropriate legislation.”

BE IT FURTHER RESOLVED that the Legislature and the Governor call upon the legislatures of the several states to adopt similar resolutions in support of this proposed constitutional amendment.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Utah congressional delegation.

(collectively, Porsche) agreed to a second partial consent decree to settle a complaint alleging violations of the federal Clean Air Act from the operation of certain noncompliant Volkswagen, Audi, and Porsche 3.0-liter diesel vehicles that are also equipped with software that results in emissions that exceed EPA-compliant levels for NOx when the vehicles are driven on the road;

WHEREAS, the settlement of federal Clean Air Act violations for noncompliant Volkswagen, Audi, and Porsche 3.0-liter diesel vehicles in the second partial consent decree will offer funds to the state to mitigate the lifetime excess NOx emissions pursuant to the procedures provided in the Volkswagen Partial Consent Decree regarding 2.0-liter diesel vehicles; and

WHEREAS, it is the intention of the Governor to also seek funds to implement actions to mitigate the lifetime excess NOx emissions from noncompliant Volkswagen, Audi, and Porsche 3.0-liter diesel vehicles:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, believes that it is beneficial to the public at large and for the air quality of the state to implement eligible mitigation actions funded by the Volkswagen Environmental Mitigation Trust to mitigate the lifetime NOx emissions from noncompliant Volkswagen, Audi, and Porsche 2.0-liter and 3.0-liter diesel vehicles.

LONG TITLE
General Description:
This concurrent resolution encourages state officers, agencies, and employees to promote interventions and practices to identify and treat child and adult survivors of severe emotional trauma and other adverse childhood experiences using interventions proven to help and develop resiliency in these survivors.

Highlighted Provisions:
This resolution:
Inappropriate labile and aggressive behaviors, or hopelessness, and anger, and may exhibit socially inappropriate emotional detachment and avoidance behaviors;

WHEREAS, these negative coping behaviors and dysfunctional emotions limit a person’s capacity to form healthy stable relationships, foster social capital, learn from experiences and mistakes, set and achieve short and long-term goals, and succeed in educational and vocational pursuits;

WHEREAS, in addition to the above negative outcomes, children and adults are more likely to attempt to self-medicate trauma-related “fight-flight-or-freeze” anxiety and emotional dysfunction by using available substances such as tobacco, alcohol, prescription medications, and street drugs, including heroin, methamphetamine, cocaine, and cannabis;

WHEREAS, because of the cumulative adverse effects of the above negative outcomes on their physical health and emotional and cognitive capabilities, children and adults affected by severe traumatic events, despite their sincere and best efforts to succeed in life, are more likely to:

1. perform poorly in school and other academic pursuits;
2. struggle with work performance and sustainable employment;
3. become chronically unemployed as adults, resulting in financial stress, reduced quality of life, and increased risk of experiencing long-term disability, homelessness, and other personal and family traumatic experiences;
4. become dependent on and addicted to tobacco, alcohol, prescription medications, illicit drugs, and other substances;
5. become directly engaged with law enforcement and the criminal justice system;
6. suffer from significant mental illness including depression, psychosis, and severe anxiety leading to suicides and attempted suicides that otherwise would not have occurred;
7. suffer from serious physical health problems with poor long-term outcomes that otherwise would not have occurred;
8. engage in high-risk sexual behaviors as adolescents and adults, including onset of sexual activity at an early age and multiple sexual partners, resulting in increased risks of adolescent pregnancy and paternity, other unintended pregnancies, and sexually transmitted diseases;
9. experience significant problems and failures in marriage and other intimate partner relationships;
10. become victims or perpetrators of intimate partner violence as adults;
11. struggle, despite their sincere efforts, to provide a stable and nurturing environment for their current and future children, resulting in increased likelihood of intergenerational trauma and intergenerational poverty; and
12. face a life expectancy shortened by as many as 20 years when compared to average life expectancy...
for adults who did not experience severe trauma as children;

WHEREAS, with an increase in understanding about the impacts of trauma has come the development of evidence-based questionnaires that identify behaviors and health-related disorders in children and adults that can be indicative of possible trauma-related exposures;

WHEREAS, using these questionnaires can provide the opportunity to identify and refer a child or adult for appropriate additional evaluation and treatment;

WHEREAS, the mental health profession can effectively diagnose and treat trauma-related disorders following evidence-based approaches that have been proven to be successful;

WHEREAS, one example of a well-studied, highly effective and widely available therapy is trauma-focused cognitive behavior therapy;

WHEREAS, early childhood offers an important window of elevated opportunity to prevent, treat, and heal the impacts of adverse childhood experiences and toxic stress on a child's brain and body;

WHEREAS, a critical factor in buffering a child from the negative effects of toxic stress and adverse childhood experiences is the existence of at least one stable, supportive relationship between the child and a nurturing adult;

WHEREAS, with the increase in scientific understanding and ability to identify, prevent, and treat trauma-related disorders, there is great hope for thousands of Utah children and adults to begin healing from the negative effects of adverse childhood experiences, develop resiliency, and have brighter, more productive futures than was previously possible; and

WHEREAS, in order to maximize the potential for positive outcomes of evidence-based interventions in the treatment of severe trauma, it is imperative that employees of the state of Utah and other people who interface directly with vulnerable children and adults become informed regarding the effects of trauma on the human brain and available screening and assessment tools and treatment interventions that lead to increased resiliency in children and adults who struggle in life as the result of trauma-related disorders:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, encourages all officers, agencies, and employees of the state of Utah whose responsibilities include working with vulnerable children and adults, such as the Utah State Board of Education, the Utah Department of Human Services, the Department of Workforce Services, the Administrative Office of the Courts, and the Utah Department of Corrections, to:

1. become informed regarding well-documented detrimental short-term and long-term impacts to

children and adults from serious traumatic childhood experiences as outlined above; and

2. implement evidence-based interventions and practices that are proven to be successful in developing resiliency in children and adults currently suffering from trauma-related disorders to help them recover from their trauma and function at their full capacity and potential in school, the workplace, and community, family, and interpersonal relationships.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Utah Board of Education, the Utah Department of Human Services, the Department of Workforce Services, the Administrative Office of the Courts, the Utah Department of Corrections, and all political subdivisions of the state of Utah.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to all nonprofit agencies and other entities that contract with the state of Utah to provide services to vulnerable children and adults.

CONCURRENT RESOLUTION URGING THE PRESIDENT TO RESCIND THE BEARS EARS NATIONAL MONUMENT DESIGNATION

Chief Sponsor: Gregory H. Hughes
Senate Sponsor: Wayne L. Niederhauser

LONG TITLE

General Description:
This concurrent resolution urges the President of the United States to rescind the Bears Ears National Monument designation.

Highlighted Provisions:
This resolution:
► expresses strong opposition to the Bears Ears National Monument designation; and
► urges the President of the United States to rescind the Bears Ears National Monument.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the state of Utah is a public lands state, committed to conservation and continued recreational access for hunters, anglers, campers, and other recreationists, as well as allowing for productive uses, including agriculture, timber production, and energy and natural resource development;

WHEREAS, the Legislature and the Governor are committed to the health, protection, preservation, and productivity of, and access to, the public lands within our state;

2991
WHEREAS, roughly 66% of the land within the sovereign state of Utah is presently controlled by the federal government;

WHEREAS, 38 non-western states in the Union govern and exercise their constitutional jurisdiction over virtually all the land within their borders, and the legislatures and the governors of those states tend to the health, safety, and welfare of their citizens;

WHEREAS, on December 28, 2016, President Barack Obama designated the Bears Ears National Monument, limiting public access to 1.35 million acres in San Juan County, Utah;

WHEREAS, every member of Utah’s congressional delegation publically opposed the designation of the Bears Ears National Monument;

WHEREAS, the designation of the Bears Ears National Monument sets a dangerous precedent of allowing special interest groups to unduly influence the monument designation process and silence local voices;

WHEREAS, local Native American groups with historical ties to the area have passed resolutions opposing the designation of the Bears Ears National Monument;

WHEREAS, San Juan County Commissioner Rebecca Bennally, whose constituency includes members of the Navajo Nation who live in San Juan County, and the entire San Juan County Commission, opposed the monument designation and unanimously passed a resolution expressing their opposition;

WHEREAS, every city council in San Juan County has passed a resolution opposing the designation of the Bears Ears National Monument;

WHEREAS, counties across the state have passed resolutions standing unitedly with San Juan County in opposition to the Bears Ears National Monument;

WHEREAS, every member of the Utah State Legislature representing San Juan County opposed the designation of the Bears Ears National Monument;

WHEREAS, the Legislature passed a resolution last summer expressly opposing the creation of the Bears Ears National Monument, with the Governor concurring therein;

WHEREAS, Governor Gary R. Herbert wrote to the President of the United States in August 2015 and in February 2016 urging him not to use the Antiquities Act to designate another national monument in Utah;

WHEREAS, Governor Gary R. Herbert noted that another monument designation would “inflame passion, spur divisiveness, and ensure perpetual opposition”;

WHEREAS, the Antiquities Act limits a presidential monument designation to the “smallest area compatible with proper care and management of the objects to be protected”;

WHEREAS, the Bears Ears National Monument is almost twice the size of the state of Rhode Island;

WHEREAS, once-thriving rural Utah communities and their citizens are suffering economic deprivation at the hand of their own federal government, which a national monument tourism economy fails to alleviate;

WHEREAS, the power granted to the President to designate national monuments under the Antiquities Act has been exploited and abused by presidents of both parties for over a century;

WHEREAS, newly designated monuments averaged 15,573 acres in 1906 when the Antiquities Act was signed into law but, in the year 2016, have averaged 739,305 acres, which is more than 47 times the size of those created 110 years ago;

WHEREAS, because only western states have large areas of federal land within their borders, use of the Antiquities Act by presidents to designate millions of acres of land as national monuments disparately impacts western states;

WHEREAS, Utah is 50th in the nation in per pupil spending due to the large portion of the state that is held as federal land and not subject to property tax;

WHEREAS, considerable funding for the Utah public education system comes from the responsible development of our abundant natural resources and other economic uses of our public lands;

WHEREAS, continued opportunity for multiple uses of our public lands is vital to the economies of San Juan County and the state of Utah, providing tax revenue that supports students’ education statewide;

WHEREAS, within the sweep of President Obama’s Bears Ears National Monument designation is 109,000 acres of school and institutional trust land designated to produce funding for our school children;

WHEREAS, Utah is already home to five national parks and seven national monuments;

WHEREAS, all or part of four national monuments, one national park, and one national recreation area are located in San Juan County;

WHEREAS, San Juan County, despite the presence of these national monuments, parks, and recreation areas, is the poorest county in the state and among the most economically depressed in the nation;

WHEREAS, Navajos in San Juan County experience some of the highest rates of unemployment in the state;

WHEREAS, rural economies depend on multiple uses of our public lands for sustenance and growth;

WHEREAS, the Bears Ears National Monument designation will forever remove the possibility of economic development and decimate the economy of the region with impacts felt around the state;

WHEREAS, citizens in rural Utah deserve the equal opportunity to pursue happiness through the
protection of their life, liberty, property, and right to determine their own destiny unimpeded by their own federal government;

WHEREAS, San Juan County residents, including local Native American tribes, fear that woodcutting, pinion gathering, traditional religious and cultural practices, and a host of other historical uses of the area will be restricted or entirely prohibited;

WHEREAS, San Juan County’s Natural Bridges National Monument prohibits woodcutting, and grazing has declined by almost a third in Grand Staircase–Escalante National Monument despite a presidential promise that grazing would “remain at historical levels”;

WHEREAS, the United States Forest Service and Bureau of Land Management, which are charged with managing the Bears Ears National Monument, have a combined deferred maintenance backlog of almost $6 billion;

WHEREAS, these federal land management agencies clearly do not have the funding to maintain the lands for which they are currently responsible; and

WHEREAS, Utahns are best positioned to care for and manage our public lands:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, strongly urges the President of the United States to rescind the Bears Ears National Monument designation.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, Utah’s congressional delegation, the Secretary of the Department of the Interior, and the Secretary of the United States Department of Agriculture.

LONG TITLE
General Description:
This concurrent resolution urges Utah's congressional delegation to develop and support legislation to improve the federal wildfire funding process and management of the nation's forests.

Highlighted Provisions:
This resolution:
► expresses concern regarding the current federal funding process for wildfire issues and forest management; and
► urges support for federal legislation that would improve the federal wildfire funding process and management of the nation's forests.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, today's fire seasons are, on average, 78 days longer than they were in the 1970s, and are projected to become hotter, more unpredictable, and more expensive;

WHEREAS, over the last few decades, the portion of the United States Forest Service's budget dedicated to fire has increased from under 20% to more than 50% of the United States Forest Service's total budget;

WHEREAS, as wildfire management consumes a significantly larger share of the United States Forest Service's budget, critical funding that supports federal, state, and private forests is reduced;

WHEREAS, compounding the issue is a practice known as “fire borrowing,” which occurs when the United States Forest Service takes money from nonwildfire programs to pay for the current year’s fire suppression needs that exceed appropriated funding;

WHEREAS, fire borrowing has resulted in the cancellation of forest thinning activities, firefighter training, purchases of firefighting equipment, and recreation projects;

WHEREAS, in order to cover wildfire suppression costs in recent years, the United States Forest Service has been forced to dismiss employees early, cancel contracts, and halt plans to fill critical positions that conserve and protect our nation’s public and private forests;

WHEREAS, if the nation does not have healthy and resilient forests, public benefits such as clean air and water, wildlife habitat, places to recreate, and jobs are all at risk; and

WHEREAS, federal legislation is needed to enable more active forest management on all lands, both public and private, through budget process changes and federal forest reforms, including:
► a prohibition on late-season fire borrowing;
► increased funding for nonwildfire suppression programs; and
► significantly increased active, federal forest management, including rewarding collaboration, streamlining the National Environmental Policy Act process and expanding the use of categorical exclusions, and reforestation;

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges Utah's congressional delegation to develop and support federal legislation to improve the federal wildfire funding process and management of the nation's forests.

WHEREAS, water quality research that informs policy should follow standard scientific protocols for study development, data collection and management, modeling, and analyses;

WHEREAS, water quality research should be conducted in a collaborative process among the Division of Water Quality, stakeholders, and local elected officials, and should be conducted using a mutually agreed upon collaborative process; and

WHEREAS, the cost of complying with potential new standards could be high for the publicly owned treatment works and could impact Utah’s communities if compliance requires process upgrades or plant facility rebuilds, making it paramount that Utah’s elected officials understand and participate in the decision-making process as appropriate:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, finds that having the Division of Water Quality work in partnership with the publicly owned treatment works and local elected officials to develop the best available science and research regarding Utah’s unique water systems is of paramount importance.

JOINT RESOLUTION ON MAINTENANCE-OF-EFFORT REQUIREMENTS

Chief Sponsor: Edward H. Redd
Senate Sponsor: Allen M. Christensen

LONG TITLE
General Description:
This joint resolution of the Legislature requests that Utah's congressional delegation submit federal legislation amending federal block grant maintenance-of-effort requirements.

Highlighted Provisions:
This resolution:
- recognizes that federal maintenance-of-effort requirements can severely limit state budget flexibility; and
- requests that Utah's congressional delegation submit federal legislation adding the following language to each maintenance-of-effort statutory requirement: “In nowise shall the state amount obligated as a maintenance-of-effort calculation exceed the amount of federal funding provided through the grant.”

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:
WHEREAS, block grants offered by the federal government often include maintenance-of-effort provisions specifying required state spending levels necessary to receive a grant;

WHEREAS, maintenance-of-effort requirements are intended to prevent supplantation of state efforts using federal funds;

WHEREAS, for some federal grants, calculated maintenance-of-effort requirements increase if states voluntarily increase state spending on budget items that receive block grants;

WHEREAS, over time, maintenance-of-effort requirements can become several times larger than the amount of the federal block grant;

WHEREAS, if a state does not meet its maintenance-of-effort requirements in any fiscal year, the federal government will often reduce the state's federal block grant in the following year by an amount equal to the two-year average of the maintenance-of-effort shortfall;

WHEREAS, this penalty for failing to meet maintenance-of-effort requirements occurs, even when a state spends more than the maintenance-of-effort requirement at the time the grant was originally awarded;

WHEREAS, these maintenance-of-effort requirements can severely limit state legislative budget flexibility, especially during economic downturns, because attempts to reduce state spending to address decreased state revenue can lead to additional decreases in revenue from reductions in federal block grant funds;

WHEREAS, in fiscal year 2015, Utah received a $3.2 million Mental Health Block Grant that required a maintenance-of-effort obligation of $29.3 million;

WHEREAS, in fiscal year 2015, Utah received a $5 million Baby Watch Early Intervention Grant that required a maintenance-of-effort obligation of $12 million;

WHEREAS, in fiscal year 2015, Utah received a $16.5 million Substance Abuse Prevention and Treatment Block Grant that required a maintenance-of-effort obligation of $19.2 million; and

WHEREAS, the state of Utah obligates hundreds of millions of dollars in maintenance-of-effort requirements:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah requests that Utah's congressional delegation submit federal legislation amending federal block grant maintenance-of-effort requirements by adding the following language to each maintenance-of-effort statutory requirement: “In nowise shall the state amount obligated as a maintenance-of-effort calculation exceed the amount of federal funding provided through the grant.”

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah's congressional delegation.

JOINT RESOLUTION SUPPORTING THE RETENTION OF PUBLIC EDUCATORS

Chief Sponsor: Rebecca P. Edwards
Senate Sponsor: Ann Milner
Cosponsor: LaVar Christensen

LONG TITLE
General Description:
This joint resolution supports the retention of public educators by directing revenue generated from public lands towards a fund to increase educator salaries.

Highlighted Provisions:
This resolution:
- recognizes the shortage of credentialed public educators in the state of Utah;
- acknowledges that public education is a critical component of Utah’s prosperity; and
- directs that net revenue generated from the management of public lands that have been transferred to the state of Utah be deposited into a new fund for the purpose of increasing public educator salaries.

Special Clauses:
None
Be it resolved by the Legislature of the state of Utah:

WHEREAS, in all states east of the state of Colorado, the federal government controls 4% of the land;

WHEREAS, the federal government still controls nearly 50% of the land in the states of Alaska, Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming;

WHEREAS, the federal government still controls 66.5% of Utah’s 54.3 million acres of land;

WHEREAS, the scarcity of state and private land in Utah severely constrains the size and diversity of the state’s economy and educational opportunities, including options for funding education;

WHEREAS, in 2012 the Legislature passed H.B. 148, Transfer of Public Lands Act and Related Study, which seeks the transfer to the state of Utah the title of ordinary public lands in the state currently managed by the federal government;

WHEREAS, in Section 63L-6-102, the Transfer of Public Lands Act defines ordinary “public lands” to exclude certain federally controlled lands, such as national parks, national monuments, national historic sites, and federal wilderness areas, as well as tribal lands;

WHEREAS, the movement to assert control and ownership over public lands within the state’s borders is, therefore, focused on ordinary public lands;

WHEREAS, a team of nationally renowned constitutional scholars and legal experts completed an extensive legal analysis in 2015, concluding that federal retention of ordinary public lands in Utah would have been rejected by the Founders, and should be rejected by the United States Supreme Court, as “unfair and unacceptable”;

WHEREAS, the legal analysis concluded that “Utah has been treated as decidedly less than an equal sovereign, a result... the Constitution does not allow”;

WHEREAS, in the event that these federally controlled lands are transferred to the state of Utah, the state would be the recipient of any revenue generated from the lands;

WHEREAS, public education is a critical component of Utah’s prosperity, and state revenue invested in public schools is an investment in Utah’s children and future economic success; and

WHEREAS, the state of Utah is experiencing a growing shortage of credentialed educators while the population of students in the public education system continues to grow:

NOW, THEREFORE, BE IT RESOLVED that 50% of any new, recurring net revenue derived from the management of transferred public lands shall be deposited into a new fund and disbursed for the purpose of increasing public primary and secondary educator salaries.

BE IT FURTHER RESOLVED that the revenue described above continue to be deposited into the fund and disbursed until educators’ starting salaries have increased by a minimum of 25% from the average starting salary in the year in which the state receives control of at least 50% of the ordinary public lands in the state.

Joing Joint Resolution calling for Reform of the International Traffic in Arms Regulations

Chief Sponsor: Karianne Lisonbee
Senate Sponsor: Lincoln Fillmore

LONG TITLE
General Description:
This joint resolution urges that gunsmith operations be removed from being labeled as manufacturing activities.

Highlighted Provisions:
This resolution:
- expresses concern over the Directorate of Defense Trade Controls' interpretation of gunsmith activities as manufacturing activities; and
- urges the President and Congress to take action to cease labeling gunsmithing activities and to define the term "engaged in business" as found in the Gun Control Act of 1968.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:
WHEREAS, the United States Department of State's Directorate of Defense Trade Controls is responsible for the export and temporary import of defense articles and services governed by the Arms Export Control Act and Executive Order 13637;
WHEREAS, the International Traffic in Arms Regulations implements the Arms Export Control Act;
WHEREAS, the Arms Export Control Act requires a person engaged in manufacturing defense articles to register with the Directorate of Defense Trade Controls, pay an exorbitant fee, and be subject to onerous paperwork whether or not they import or export defense-related articles and services;
WHEREAS, gunsmiths have not previously been subject to the types of fees and paperwork required by the Directorate of Defense Trade Controls, such as the guidelines on the applicability of the International Traffic in Arms Regulations registration requirement, which were issued in a Directorate of Defense Trade Controls letter on July 22, 2016, to firearms manufacturers and gunsmiths;
WHEREAS, these guidelines define many common gunsmith operations as "manufacturing" when they clearly are not and subject gun owners to the regulations for performing these same common gunsmith operations on their privately owned guns, including such innocuous activities as drilling into the receiver of their gun to install a new sight;
WHEREAS, the Directorate of Defense Trade Controls began labeling commercial gunsmiths as "manufacturers" for performing relatively simple work such as threading a barrel or fabricating a small custom part for an older firearm;
WHEREAS, under the Arms Export Control Act "manufacturers" are required to register with the Directorate of Defense Trade Controls at significant expense or risk onerous criminal penalties;
WHEREAS, the guidance letter states that the Directorate of Defense Trade Controls applies "the ordinary, contemporary, common meaning for manufacturing," however, it neglects to define manufacturing and instead lists a wide variety of gunsmith activities while declaring arbitrarily that they constitute manufacturing;
WHEREAS, none of these activities are considered manufacturing activities by common definition or by the Bureau of Alcohol, Tobacco, Firearms and Explosives;
WHEREAS, the International Traffic in Arms Regulations state that "deemed export" violations are committed by providing any regulated good or service or any regulated technical information to a "non-US-person," even within the United States, such that a gunsmith doing routine gunsmithing for a "non-US-person" would constitute a violation;
WHEREAS, neither ignorance of nor lack of intention to violate arcane and complicated provisions buried in over 100 pages of legal statute, with ever-changing lists of regulated materials and information, is a defense to any violation;
WHEREAS, violations of the International Traffic in Arms Regulations can result in civil penalties of more than $1,000,000 per incident and criminal penalties of up to $1,000,000 and 20 years in prison, both of which can be levied against individual gunsmithing business employees;
WHEREAS, the International Traffic in Arms Regulations have been applied in a manner not intended, such as regulating information related to general scientific, mathematical, or engineering principles that are commonly taught in schools and colleges or information that is in the public domain; and
WHEREAS, subjecting gunsmithing activities to the International Traffic in Arms Regulations will result in small gunsmith businesses being forced out of business due to regulatory costs and the significant risks of committing technical violations of extremely complex laws and regulations:
NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah urges the United States Congress to enact legislation to remove common gunsmithing activities listed on the July 22, 2016, Directorate of Defense Trade Controls letter as activities that constitute manufacturing under the International Traffic in Arms Regulations.
BE IT FURTHER RESOLVED that the President of the United States is urged to direct the United States Department of State's Directorate of Defense Trade Controls to cease labeling gunsmiths as manufacturers.
BE IT FURTHER RESOLVED that the United States Congress is urged to define the term “engaged in business” under the International Traffic in Arms Regulations as found in the Gun Control Act of 1968, which is “a person who devotes time, attention, and labor to manufacturing firearms as a regular course of trade or business with the principal objective of livelihood and profit through the sale or distribution of the firearms manufactured.”

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah’s congressional delegation.

JOINT RESOLUTION TO RESTORE THE DIVISION OF GOVERNMENTAL RESPONSIBILITIES BETWEEN THE NATIONAL GOVERNMENT AND THE STATES

Chief Sponsor: Ken Ivory
Senate Sponsor: Allen M. Christensen

LONG TITLE

General Description:
This joint resolution of the Legislature urges the President of the United States and Congress to recognize state authority and take action to restore power to the states.

Highlighted Provisions:
This resolution:

► calls upon the President of the United States to reenact President Ronald Reagan’s Executive Order 12612 and to create a national commission on federalism;
► urges Congress to pass and adhere to the Enumerated Powers Act;
► urges Congress to pass the Regulations from the Executive in Need of Scrutiny Act;
► urges Congress to pass the Intergenerational Financial Obligations Reform Act;
► urges Congress to direct the Government Accountability Office to conduct an audit of federal programs, rules, regulations, and laws that have federalism implications;
► demands that all branches of the federal government refrain from any activity that limits the policymaking discretion of the states; and
► encourages other states to join with the state of Utah in documenting issues of federal overreach.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, the genius of the United States of America lies in the liberty of our people to govern ourselves at the most local level, to solve our unique problems, to foster prosperity through our liberty, and to cultivate our unique endowment of human, capital, and natural resources;

WHEREAS, America’s unique structure of government known as federalism, secures the local voice and liberty of the people through clear divisions of responsibility between state and federal governments, as explained in Federalist 51, “the power surrendered by the people is divided between two distinct governments” state and national;

WHEREAS, the Tenth Amendment of the United States Constitution establishes the overarching theory and structure of our constitutional form of government to protect the people’s liberty by stating, “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people”;
WHEREAS, former Utah Governor Scott Matheson stated “Federalism is neither a partisan issue, nor is it an issue dividing liberals and conservatives. It’s a philosophical concept of how the federal governmental system operates, an effort to determine the proper role of state and federal governments”;

WHEREAS, James Madison, the primary author of the Constitution, described these clear and certain constitutional divisions of responsibility most plainly in Federalist 45, saying the powers delegated to the national government are “few and defined,” over primarily “external objects,” and clarified that the powers reserved to the states concern “the lives, liberties, and properties of the people, and the internal order, improvement, and prosperity of the State,” and are “numerous and indefinite” (Federalist 45);

WHEREAS, in Federalist 47, Madison warned the “accumulation of all powers, legislative, executive, and judiciary, in the same hands may justly be pronounced the very definition of tyranny,” and the power delegated through the executive branch to unelected, unaccountable federal bureaucrats who make, enforce, and adjudicate their own rules, as if they were laws, fits the definition of tyranny that Madison described;

WHEREAS, Chief Justice of the Supreme Court John Roberts stated “If no enumerated power authorizes Congress to pass a certain law, that law may not be enacted, even if it would not violate any of the express prohibitions in the Bill of Rights or elsewhere in the Constitution” Nat’l Fed’n of Indep. Bus. v. Sebelius, 132 S. Ct. 2566, 2577 (2012);

WHEREAS, absent a clear and certain division of responsibility between state and national governments, the structure of federalism is undermined and the resulting power vacuum is, by nature, filled by the government with the most accumulated power;

WHEREAS, throughout the 20th and 21st centuries, regulations, laws, executive orders, and court rulings emanating from the federal government have proliferated, and have been met by agreement, acquiescence, or inaction of the states, which has blurred the divisions of responsibility between the federal government and the states, resulting in a power vacuum that has further distorted the constitutional divisions, separations, and limits on the “few and defined” powers constitutionally delegated to the national government;

WHEREAS, James Madison wisely noted, “There are more instances of the abridgement of the freedom of the people by gradual and silent encroachments of those in power than by violent and sudden usurpations”;

WHEREAS, the assumption of power that was never delegated to the federal government under the Constitution undermines the constitutional architecture of federalism instituted to “secure to citizens the liberties that derive from the diffusion of sovereign power” Bond v. United States, 564 U.S. 211, 221 (2011);

WHEREAS, “The structure of our government is central to liberty, and when we destroy it, we place liberty at peril” Nat’l Fed’n of Indep. Bus. v. Sebelius, 132 S. Ct. 2566, 2676–77 (2012) (Scalia, Thomas, Kennedy, and Alito dissenting);

WHEREAS, any activity that undermines the core federalism structure of our government also erodes the voice and liberty of the people in determining the destiny, opportunity, creativity, and dynamism of their own lives and their unique communities and states to the detriment of the nation as a whole;

WHEREAS, on October 26, 1987, President Ronald Reagan signed Executive Order 12612 on federalism “to restore the division of governmental responsibilities between the national government and the States that was intended by the framers of the Constitution and to ensure that the principles of federalism established by the framers guide the executive departments and agencies in the formulation and implementation of policies”;

WHEREAS, President Donald J. Trump declared in his 2017 Inaugural Address, we are not merely transferring power from one administration to another, or from one party to another but we are transferring power from Washington, D.C., and giving it back to you, the American People”;

WHEREAS, Rep. Jason Chaffetz, Chairman of the House Committee on Oversight and Government Reform, has reached out to state legislatures around the country to document their experiences with federal overreach and unfunded mandates with a view to restoring power to the states and to the people;

WHEREAS, in 2013, the Utah Legislature established the Utah Commission on Federalism (the Commission) to: assess overreaching federal actions; respond to actions through a measured dispute resolution process; coordinate with Utah’s congressional delegation and with other states; and report actions and results to the Legislature;

WHEREAS, at the request of Utah Senate President Wayne Niederhauser and Utah Speaker of the House of Representatives Greg Hughes, the Commission convened public hearings throughout the 2017 legislative session to receive reports from the various Senate and House standing and appropriation committee chairs, state officials, staff, and members of the public concerning federal actions that constitute examples of federal overreach, erode the structural guarantees of federalism, or restrain the right and liberty of our people to govern ourselves;

WHEREAS, the Commission received the following summary of federal overreach:

EDUCATION
- Recognize that education is not a power delegated to the federal government under the Constitution, it is reserved to the states;
- Abolish the United States Department of Education and block grant administration costs and federal appropriations to the state;
- Repeal the mandates of the Elementary and Secondary Education Act; and
- Relax the overly expansive interpretation of federal regulations, which increase costs and adversely affects education at all levels;

**PUBLIC LANDS AND NATURAL RESOURCES**
- Recognize and abide by the comprehensive federal study and 1962 General Services Administration Inventory Report on Jurisdictional Status of Federal areas within the States that concluded that the national government has no jurisdiction but merely a proprietorial interest over the vast majority of public lands within Utah;
- Repay to the state the nearly $1 million appropriated by the Utah Legislature in 2013 to reopen the national parks, and forever refrain from closing or withdrawing public lands, without the consent of the Legislature.
- Relinquish control over public lands within the state of Utah consistent with the equal sovereignty and equal footing enjoyed by all other states;
- Acquire no new land within the state without the express consent of a state legislature (United States Constitution, Article I, Section 8, Cl. 17);
- Amend the Antiquities Act, 54 U.S.C. Sec. 320301, to require consent of a state legislature for any national monument designation;
- Recognize, restore, and respect state jurisdiction over free-roaming horses and burros, livestock management, wildlife, and wildlife management within the state, and provide state control over the use of federal funds for these purposes;
- Perform and finalize the maintenance backlog in the national parks, national monuments, national forests, congressionally designated wilderness areas, and congressionally designated wilderness study areas;
- Mitigate catastrophic fire risk on national forests and rangelands.
- Reinvest land use plans, policies, and practices that require public land management for multiple use and sustained yield consistent with local resource management plans.
- Restrict the Secretary of the Interior’s broad discretion over coal, mineral, oil, and gas reservations, deferrals, and moratoriums;
- Revoke the United States Fish and Wildlife Service sage-grouse land use plans in favor of Utah’s sage-grouse management plan that maintains or increases the animal’s population within the state;
- Authorize and conduct a full Government Accountability Office audit of all legal fee awards under the Equal Access to Justice Act and revise the act to require full disclosure and transparency, as was sought in the Open Book on Equal Access to Justice Act, which would require an annual report to Congress from the Chairman of the Administrative Conference of the United States, would describe the number, nature, and amount of the awards and the claims involved, and would be made available to the public;
- Authorize and conduct a full Government Accountability Office audit of the “sue and settle” court decisions that established new management criteria for public lands, and overrule all decisions lacking express ratification by Congress;
- End the federal prosecution of the Revised Statute 2477 road litigation and recognize state and county authority of Revised Statute 2477 roads over public lands as established since 1866 and reaffirmed in the Federal Land Policy and Management Act of 1976; and
- Repeal Bureau of Land Management Planning 2.0 rule, which shifts most public land use and planning decisions to Washington, D.C., and away from local officials and managers on the ground;

**HEALTH AND HUMAN SERVICES**
- Recognize, restore, and respect the jurisdiction of the state over “the conduct of public utilities, of banks, of insurance, of business, of agriculture, of education, of social welfare,” which “have not been surrendered to the national government by the Constitution, or its amendments” Gov. Franklin D. Roosevelt, On State’s Rights and Constitutional Authority, March 2, 1930;
- Restore, where possible, through federal health care reform, state regulatory control over the payment and delivery of health care;
- Reform Medicaid to (1) a block grant program, (2) eliminate the need for upfront federal approval of state innovations that could lead to better health outcomes and improved system performance, and (3) simplify and accelerate the approval process and expand the ability of states to tailor Medicaid benefits and eligibility;
- Revise Medicaid federal participation rate formulas that are biased against states with high performing, low-cost health care systems. Rates should reflect the health care needs of states with diverse populations;
- Remove rules, regulations, or laws that deter states from developing and using health claims data for health care cost and quality improvement initiatives;
- Eliminate unnecessary barriers to telemedicine and other health care reforms, while retaining adequate privacy safeguards for patients and providers by aligning health care information sharing restrictions under 42 C.F.R. with the Health Insurance Portability and Accountability Act of 1996;
- Eliminate rules, regulations, and laws that prohibit states from engaging in credible,
institution-based research on the medical use of cannabis and other Schedule I drugs;

- Restore state powers so that states can address the opioid addiction crisis within their borders, including the revision of U.S. Department of Health and Human Services regulations that prohibit certified outpatient opioid treatment programs from reporting methadone, suboxone, or buprenorphine use to state-run prescription drug monitoring programs; and

- Reform the federal financing of child welfare;

TRANSPORTATION

- Recognize, restore, and respect state and local authority over transportation matters that are not national in scope and provide state control over the use of federal funds for those purposes;

- Consolidate funding categories and block grant federal highway funding to the states;

- Expand nationwide waivers to Buy America requirements for certain commercially available off-the-shelf items;

- Rescind duplicative and overly burdensome rules and regulations, such as:
  - guidance issued by the Federal Highway Administration that prohibits issuance of a Record of Decision under the National Environmental Policy Act (NEPA) until the project sponsor has fully identified project funding; and
  - current rules for performance measures regarding greenhouse gas emissions to establish certain national performance management measures;

- Restore regulatory authority to “grandfather” highway and transit projects that previously demonstrated air conformity;

- Amend Sec. 319 of the Clean Air Act, 42 U.S.C. Sec. 7619(b), to include “stagnation of air masses or meteorological inversions” as an exceptional event for air quality monitoring purposes; and

- Require the Federal Transit Administration, the Federal Highway Administration, and the Federal Aviation Administration to develop the “one NEPA” platform;

LOCAL GOVERNMENT

- Recognize, restore, and respect the jurisdiction of the state over “the conduct of public utilities, of banks, of insurance, of business, of agriculture, of education, of social welfare,” which “have not been surrendered to the national government by the Constitution, or its amendments” Gov. Franklin D. Roosevelt, On State’s Rights and Constitutional Authority, March 2, 1930;

- Respect state authority to administer programs in the most cost-effective manner (e.g., eliminate the Davis–Bacon Act, eliminate the Disadvantaged Business Enterprise, and restore state control over storm water and waste water management, etc.);

- Recognize and respect local zoning and planning authorities and refrain from interfering with local government flexibility to address the housing needs of individuals within their communities;

- Review and restrain federal agencies from interfering in areas of traditional state jurisdiction, such as elections (e.g., the Elections Assistance Commission, originally established to assist states to comply with the Help America Vote Act, should not become a regulatory body in the area of elections); and

- Refrain from coercing state policy through the threat of withholding federal funds.

LAW ENFORCEMENT

- Recognize that the general power of governing, or the “police power,” is “possessed by the States but not by the Federal Government” see, e.g., Nat’l Fed’n of Indep. Bus. v. Sebelius, 132 S. Ct. 2566, 2578 (2012); United States v. Morrison, 529 U.S. 598, 619 (2000);

- Recognize and abide by state jurisdiction related to road closures, patrols, and search and rescue operations and other enforcement activities not specifically under federal jurisdiction;

- Recognize and abide by the sheriff’s authority as the chief law enforcement officer in a county;

- Recognize and abide by the Utah Division of Wildlife Resources’ scope of authority on wildlife and hunting enforcement and protection of various game animals, fowl, or fish;

- Clarify the state versus the federal share of assets resulting from a federal asset seizure within the state;

- Reduce and consolidate federal law enforcement agencies to become more comparable and compatible with state law enforcement agencies;

- Pass and sign the Regulatory Agency Demilitarization Act, which stems the trend of federal regulatory agencies developing SWAT-like teams; and

- Prohibit executive activities that pursue “bulk collection” surveillance of American citizens;

REVENUE AND TAXATION

- Recognize that nonuniform federal tax policy threatens the structure of federalism.

- Enact legislation to solve the remote sales tax issue;

- Maintain the tax-exempt status of municipal bonds;

- Eliminate restrictions that prevent state legislatures from governing the sharing of state income tax return data;

- Fully fund federal mandates or release states from compliance with the federal mandates;

- Recognize all unreported liabilities in the federal financial statements and formally include all obligations in national debt computations;
WHEREAS, the increasing use of federal administrative action and laws consolidated absolute power of the federal government in a manner that the United States Constitution was designed to prevent; and

WHEREAS, the Commission engaged Utah Valley University’s Center for Constitutional Studies to produce a federalism curriculum presented by a national assembly of constitutional experts, including George Washington School of Law Professor Jonathan Turley who warned of the consequences of federal overreach: “People have become reliant on the federal government. The result is that federalism seems like a quaint concept. What's dangerous about that is it’s a protection of individual liberty. The degree to which people become passive about the increasing power of the federal government, they can watch the greatest protection of their individual liberty simply dissipate”.

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah echoes the warning of Justice Anthony Kennedy that the increasing assumption and centralization of power to the national government is destroying the federalism structure of our government and placing the liberty of our people “at peril.”

BE IT FURTHER RESOLVED that the Legislature of the state of Utah calls on President Donald J. Trump to reenact Executive Order 12612 with additional provisions sufficient to ensure and enforce compliance with the order.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah calls upon President Donald J. Trump to create a national commission on federalism, comprised of representatives of the 50 states (chosen by the state legislatures) and representatives of the federal government.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah urges Congress to pass and strictly adhere to the Enumerated Powers Act, which would require any bill introduced in Congress to specify the constitutional authority under which the bill would be enacted.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah urges Congress to direct the Government Accountability Office to conduct an audit of federal programs, rules, regulations, and laws that have federalism implications as provided in Executive Order 12612.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah calls upon Congress to pass, and the President to sign, the Regulations from the Executive in Need of Scrutiny Act, as the first step to restrict administrative agencies from exercising the Article I powers of Congress and the Article III powers of the Judiciary.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah recognizes that the increasing federal debt and unfunded obligations directly imperil the states and our citizens and urges Congress to pass the Intergenerational Financial Obligations Reform Act, which would require the federal government to conduct fiscal gap accounting and generational accounting on an annual basis.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah demands that all branches of the federal government refrain from any action that limits the policymaking discretion of the states without clear and express constitutional authority for the action, and that any such action by the federal government must be necessitated by the presence of a problem of national scope, as provided in Executive Order 12612.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah invites and encourages the legislatures of all other states to join with the Utah Legislature to document the issues of federal overreach, to demand that actions be taken by the federal government to restore the divisions and limits of federal power, and to restore the vibrancy of American federalism for the protection of our people’s liberty.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah recognizes that the restoration of our federalism structure will require extensive cooperation among the 50 states and with our federal counterparts, and calls upon all state and national government leaders to engage toward achieving a new nationwide consensus for decentralizing governmental power in the United States.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah views a restoration of American federalism and decentralization of power and authority from the federal government to states, local communities, neighborhoods, families, and individual citizens, beginning with the actions enumerated in this resolution, as essential to the structural protection of the liberties of our people.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the governor of each state outside of Utah, the Senate President or President Pro Tempore and the Speaker of the House as of March 1, 2017, of each state legislature outside of Utah, and to the members of Utah’s congressional delegation.

CONCURRENT RESOLUTION ON INCREASING PAY FOR CERTAIN PUBLIC SAFETY OFFICERS AND FIREFIGHTERS

Chief Sponsor: Todd Weiler
House Sponsor: Timothy D. Hawkes

LONG TITLE

General Description:

This concurrent resolution encourages a pay increase for the public safety officers and firefighters who are Tier II retirement system members.

Highlighted Provisions:

This resolution:

- recognizes the vital roles of public safety officers and firefighters;
- recognizes the necessity of creating the Tier II retirement system in order to stabilize participating employers’ pension funding obligations and control future retirement benefit costs;
- acknowledges that starting wages for public safety officers and firefighters are below market starting wages;
- acknowledges that the Tier II annual employers’ savings provide the opportunity and means to fund a pay increase; and
- encourages the state of Utah, as well as the other employers of public safety officers and firefighters throughout the state, to provide a pay increase for its public safety officer and firefighter employees who are Tier II members.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, public safety officers, including law enforcement officers, correctional officers, and special function officers, and firefighters perform vital roles in serving and protecting the public and property;

WHEREAS, performing these roles requires specialized training and strenuous activity, and puts officers’ and firefighters’ personal safety and lives at risk;

WHEREAS, retirement systems and plans:

- provide deferred compensation as part of a total employment compensation and benefits package;
- help employers attract and retain the required workforce;
- reward longevity related to years of service; and
- provide an income base for retirees that enhances economic security and income replacement in later years;

WHEREAS, in 2010, the Legislature passed S.B. 63, New Public Employees’ Tier II Contributory Retirement Act, which continued the participation of existing public employees in the Utah Retirement Systems’ Tier I defined benefits systems and plans, but created Tier II retirement systems and plans for public employees beginning employment on or after July 1, 2011, who did not have previous service credit with the Utah Retirement Systems;

WHEREAS, the Tier II retirement systems reduced the retirement benefits offered to new public employees in comparison to the retirement benefits previously offered to public employees, and these Tier II changes affected the retirement benefits for new public safety officers and firefighters;

WHEREAS, the reduction in retirement benefits under the Tier II systems was enacted as an important part of the long-term plan for stabilizing
the pension funding obligations and controlling benefits costs for the participating employers;

WHEREAS, while the total compensation package for public sector employees in Utah was generally considered competitive with the private sector when S.B. 63 passed, starting wages were approximately 30% below market starting wages;

WHEREAS, the concern was raised that a benefit reduction, when combined with lower starting wages, may discourage individuals from choosing public sector employment, and especially public safety and firefighter careers;

WHEREAS, proponents of S.B. 63 argued that controlling pension and future benefits costs would, over time, make more money available to systematically fund pay increases in order to close the public sector wage gap;

WHEREAS, since its implementation, the Tier II retirement systems are accomplishing S.B. 63's objectives and controlling public employers' pension and future benefits costs;

WHEREAS, the total savings for all of Utah's employers resulting from Tier II public safety officers and firefighters in 2015 was $6.8 million, and these annual savings are steadily growing as the workforce shifts from Tier I to Tier II members; and

WHEREAS, the Tier II annual employers' savings provide the opportunity and means to fund a pay increase for the public safety officers and firefighters that are Tier II members:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, encourages the state of Utah, as well as the other employers of public safety officers and firefighters throughout the state, to provide a pay increase for its public safety officer and firefighter employees who are members of the New Public Safety and Firefighter Tier II Contributory Retirement System.

CONCURRENT RESOLUTION
ON AIR AMBULANCE PROVIDERS

Chief Sponsor: Wayne A. Harper
House Sponsor: Paul Ray

LONG TITLE
General Description:
This concurrent resolution of the Legislature and the Governor urges Congress to authorize states to regulate air ambulance billing and collections of patient care costs.

Highlighted Provisions:
This resolution:

- urges the United States Congress to amend the Airline Deregulation Act of 1978 to authorize states to regulate air ambulance billing and collections of patient care costs.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the Airline Deregulation Act of 1978 declared that “States may not enact or enforce a law, regulation, or other provision having the force and effect of law related to a price, route, or service of an air carrier”;

WHEREAS, as many rural hospitals have recently closed, air ambulance services have become increasingly necessary and are being used more frequently to transport patients to faraway hospitals in an emergency;

WHEREAS, over the past decade, many states are reporting that some air ambulance providers are not affiliated with a hospital and refuse to contract with an insurance carrier;

WHEREAS, this creates numerous situations in which air ambulances are being called to airlift individuals in emergency situations and are billing these individuals for out-of-network charges;

WHEREAS, these charges can cost patients tens of thousands of dollars out-of-pocket when companies do not accept a patient’s insurance;

WHEREAS, emergency patients rarely are in a position, or have the capacity, to choose their own air ambulance carrier;

WHEREAS, some air ambulance carriers refuse to reveal actual costs to insurers, and some insurers are unwilling to pay billed charges for the service;

WHEREAS, for ground ambulance services, the Patient Protection and Affordable Care Act protects consumers from higher cost-sharing requirements for out-of-network providers and states can protect consumers from balance billing;

WHEREAS, in the case of air ambulances, however, the federal cost-sharing protections are only applied when the service is affiliated with a hospital and is considered an extension of the emergency room service;

WHEREAS, federal government Medicare reimbursements cover only a small portion of the actual cost of an air ambulance, forcing air ambulance companies to charge patients more;

WHEREAS, although the Airline Deregulation Act of 1978 was intended to increase competition, reduce rates, and improve airline passenger service, competition among air ambulance providers has the opposite effect;

WHEREAS, the air ambulance industry has high fixed costs, including aircraft, pilots, and trained medical staff;

WHEREAS, increased competition forces these costs to be recouped from a smaller number of flights, leading to higher prices;
WHEREAS, various states have attempted to pass laws to protect consumers from out-of-network air ambulance bills, but courts have determined that these laws are preempted by the Airline Deregulation Act of 1978;

WHEREAS, the Airline Deregulation Act of 1978 should be amended to allow states flexibility to protect consumers from excessive out-of-network charges by regulating how air ambulance carriers are reimbursed, participate in networks, balance bill, and make information transparent to consumers; and

WHEREAS, states should be given the authority to regulate air ambulance billing and collections of patient care costs in order to protect patients from overwhelming financial burdens for emergency medical services:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges the United States Congress to amend the Airline Deregulation Act of 1978 to authorize states to regulate air ambulance billing and collections of patient care costs.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge the United States Congress to pass this amendment to protect patients from overwhelming financial burdens for emergency medical services.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the United States Department of Transportation, the Federal Aviation Administration, the National Conference of State Legislatures, and the members of Utah’s congressional delegation.

CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF ENERGY ADEQUATELY FUND THE URANIUM MILL TAILINGS REMEDIAL ACTION PROJECT

Chief Sponsor: David P. Hinkins
House Sponsor: Christine F. Watkins

LONG TITLE
General Description: This concurrent resolution of the Legislature and the Governor requests that the United States Department of Energy allocate adequate funding to complete the Moab Uranium Mill Tailings Remedial Action project by 2025.

Highlighted Provisions: This resolution:

- urges the United States Department of Energy to allocate adequate funding for the expedited removal of the remaining eight million tons of uranium mill tailings from the banks of the Colorado River, formally known as the Moab Uranium Mill Tailings Remedial Action project; and
- urges the United States Department of Energy to allocate adequate funding to ensure that the tailings are safely transported to the Crescent Junction disposal cells by 2025.

Special Clauses: None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, in October 2000, the Floyd D. Spence National Defense Authorization Act of 2001 assigned the United States Department of Energy (DOE) responsibility to establish a remedial action program and stabilize, dispose of, and control uranium mill tailings and other contaminated material at the Moab, Utah, uranium ore processing site and associated properties in the vicinity;

WHEREAS, the project involves the excavation of a 16 million–ton pile of uranium mill tailings from the Moab site near the Colorado River and transportation to and disposal at engineered disposal cells constructed at Crescent Junction, 30 miles north of Moab;

WHEREAS, in 2005, the DOE released the Record of Decision to move the 16 million tons of uranium mill tailings to Crescent Junction;

WHEREAS, remediation of the Moab UMTRA project must be performed in accordance with Title I of the Uranium Mill Tailings Radiation Control Act and related federal cleanup standards;

WHEREAS, the United States Nuclear Regulatory Commission must concur with the remediation plan and sign off on the project when it is completed;

WHEREAS, DOE identified as its strategic goal meeting the challenges of the twenty-first century and the nation’s Manhattan Project and Cold War legacy responsibilities and working aggressively to address cleanup at the Moab site;

WHEREAS, as of January 2016, the Moab UMTRA project had removed eight million tons from the Moab site to the disposal site, marking a 50% completion of the uranium mill tailings removal to Crescent Junction since the project began in 2009;

WHEREAS, this accomplishment elicited praise from a DOE official;

WHEREAS, in 2010 and 2011, the project was adequately funded, in part due to additional
funding provided in 2008 by the American Recovery and Reinvestment Act;

WHEREAS, if 2010 and 2011 funding levels had continued, the 2019 target date set by the National Defense Authorization Act of 2008 would have been met;

WHEREAS, after 2011, funding diminished to the point where the removal of tailings was reduced by half and created inadequate funds for maintenance of equipment and development of disposal cells;

WHEREAS, the fiscal year 2016 budget allocation of $38.6 million is insufficient to keep the project on track;

WHEREAS, if funding continues at this level and the volume of tailings removed remains unchanged from current levels, it is estimated that the project cannot be completed before 2034 and will cost taxpayers an estimated $250 million more than if the project were completed by 2025;

WHEREAS, the fiscal year 2017 reduction cut of $3.86 million for the project exacerbates the problem;

WHEREAS, when funding is adequate, Grand County’s unemployment decreases and cash flow to local businesses and service providers increases;

WHEREAS, cutbacks made in response to proposed funding decreases have already caused a significant impact on Grand County’s rural economy;

WHEREAS, the risk and safety concerns associated with the Moab UMTRA project continue as long as the tailings remain at their current location on the Colorado River;

WHEREAS, major flooding of the Moab UMTRA site has the potential to damage equipment, intrude upon the mill tailings pile, and contaminate water for the 27 million water users downstream;

WHEREAS, in 2011, the Colorado River reached a high water episode of sustained runoff of almost 50,000 cubic feet per second for nearly two weeks, with water at least 10 feet high at the edge of the pile;

WHEREAS, in 2006, an extreme precipitation event occurred when four inches of rain fell directly on top of the Moab UMTRA site causing unexpected erosion and exposure of the tailings;

WHEREAS, each event slowed operations, which added to the project’s cost;

WHEREAS, a portion of the Union Pacific Railroad that the Moab UMTRA project uses to transport and load tailings is located next to a steep slope that is susceptible to rockslides;

WHEREAS, in 2014, a rockslide covered the rail line with thousands of tons of debris, which interrupted tailings shipments for two months;

WHEREAS, mitigation costs of the rockslide reached $1 million and prevented 80,000 tons of tailings from being shipped;

WHEREAS, the geologic hazards associated with the Moab UMTRA site will continue, which will increase the cost of the project to taxpayers;

WHEREAS, 485 acres of prime real estate cannot be used until the pile is removed and the land is remediated;

WHEREAS, until the project is completed, the acreage is a blight, rather than a benefit, to Grand County;

WHEREAS, the longer the project is delayed, the longer the tailings pile will be viewed by the more than one million people who annually visit Arches and Canyonlands National Parks;

WHEREAS, the Legislature and the Governor of the state of Utah are committed to the health, safety, and welfare of the citizens of Grand County, Utah, and all of the 27 million downstream water users of the Moab UMTRA site; and

WHEREAS, there is bipartisan support for prompt project completion from Utah’s congressional delegation as well as congressional delegations from Arizona, California, and Nevada, who are the downstream states:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, joins the states of Arizona, California, and Nevada in urging the United States Department of Energy to expedite and fully fund the removal of the remaining eight million tons of uranium mill tailings from the banks of the Colorado River.

BE IT FURTHER RESOLVED that the Legislature and the Governor urge the United States Department of Energy to allocate adequate funding, estimated at $45 million annually, to ensure that the uranium mill tailings are safely transported to the Crescent Junction disposal cells by 2025.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the United States Department of Energy, the United States Nuclear Regulatory Commission, the Grand County Council, and the congressional delegations of Utah, Arizona, California, and Nevada.

Highlighted Provisions:
This resolution:
- highlights the service of Japanese Americans during World War II; and
- urges the Postmaster General to issue a commemorative postage stamp that would feature the National Japanese American Memorial to Patriotism.

Special Clauses: None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, over 33,000 Nisei (second-generation Japanese Americans), including citizens of Utah, served with honor in the United States Army during World War II;

WHEREAS, as described in the Civil Liberties Act of 1988, “race prejudice, war hysteria, and a failure of political leadership” led to over 120,000 Japanese Americans being forced from their homes in west-coast states and placed into “internment camps” such as the Topaz Relocation Center near Delta, Utah;

WHEREAS, in a show of their American loyalty, 451 individuals who were incarcerated at the Topaz Relocation Center enlisted in the United States Army, leaving family and friends behind barbed wire to serve in the war effort;

WHEREAS, these Americans served in the famed 100th Battalion/442nd Regimental Combat Team in Europe, which became the most decorated American unit of the war and one of the most decorated units in our nation’s history;

WHEREAS, the 100th/442nd fought nobly at Monte Cassino, broke the German “Gothic Line,” liberated French towns such as Bruyères, Biffontaine, and Belvédère, and helped to liberate and aid Holocaust survivors at Dachau;

JOINT RESOLUTION URGING CONGRESS TO PROVIDE THE NECESSARY FUNDING FOR COMPLETION OF THE CENTRAL UTAH PROJECT  
Chief Sponsor: Curtis S. Bramble  
House Sponsor: Kay J. Christofferson

LONG TITLE  
General Description:  
This joint resolution of the Legislature urges that sufficient funding be budgeted to complete the Bonneville Unit of the Central Utah Project, as well as the entire Central Utah Project.

Highlighted Provisions:  
This resolution:

▶ calls upon Utah's congressional delegation to urge the new administration to budget sufficient funds to fund construction of the remaining portions of the Bonneville Unit of the Central Utah Project, including its environmental components; and

▶ urges the United States Congress to appropriate the budgeted funds to enable the Central Utah Project to be completed.

Special Clauses:  
None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, the Central Utah Project (CUP) was authorized as a participating project of the 1956 Colorado River Storage Project Act to enable development of a significant portion of Utah's allocated share of the waters of the Colorado River;

WHEREAS, this water was allocated to Utah under the 1922 Colorado River Compact and the 1948 Upper Colorado River Basin Compact;

WHEREAS, the Central Utah Water Conservancy District (District), was created in 1964 to be the sponsoring entity for the CUP to market the water and to repay the reimbursable costs of the CUP;

WHEREAS, a project repayment contract was entered into in 1965, and amended and supplemented again in 1985, between the District and the United States to construct and pay the reimbursable costs of the CUP;

WHEREAS, the Central Utah Project Completion Act (CUPCA), enacted in 1992, terminated some features and units of the CUP and authorized certain replacement features for construction;

WHEREAS, among other things, CUPCA authorized the District to finish construction and required the District to pay 35% of the costs of construction and the United States to provide the remaining 65% of construction funding, subject to repayment by the District;

WHEREAS, while many of the features of the Bonneville Unit (BU) of the CUP have been completed, lack of federal funding over the past several years has stalled construction of the remaining features of the CUP;

WHEREAS, because the contract purchasers of project water from the District need the CUP water in the immediate future, the District has felt compelled to advance its own funds to meet the unfunded federal cost share to keep some construction advancing;

WHEREAS, because the United States Congress has failed to make up the difference in funding in recent years, as well as not appropriating new construction funding, the CUP features cannot be completed in a timely manner;

WHEREAS, Utah's population is projected to double by the year 2065;

WHEREAS, all of these new residents must have clean water to drink, food to eat, and water to support continued and sustainable economic development within Utah's borders;

WHEREAS, completion of the CUP is critically important to meet the expanding demand for water;

WHEREAS, over $3 billion have been expended for construction of the existing features of the BU so far;

WHEREAS, without completion of the remaining features of the BU the full water supply developed by the BU will not be available for use;

WHEREAS, until the water is available for use, the repayment obligation of the District for this remaining increment of project water does not mature; and

WHEREAS, CUPCA, in addition to construction, also authorized a significant amount of environmental restoration and rehabilitation, some of which has yet to be funded:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah agrees to collaborate with Utah's congressional delegation in urging the new administration to budget sufficient funds to fund construction of the remaining portions of the BU, including its environmental components.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah urges the United States Congress to appropriate the budgeted funds to enable the CUP to be completed.

WHEREAS, all citizens suffering from PTSI deserve compassion and consideration, and those who have received these wounds in action against an enemy of the United States deserve tribute and acknowledgment:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah designates June 27, 2017, as Post-Traumatic Stress Injury Awareness Day in the state of Utah.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah urges the Department of Health and the Department of Veterans and Military Affairs to continue working to educate service members, veterans and their families, and victims of abuse, crime, and natural disaster, as well as the general public, about the causes, symptoms, and treatment of post-traumatic stress injury.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Utah Department of Health and the Utah Department of Veterans and Military Affairs.
earnings and issue debt bearing securities from a
citizen equity fund in which individual citizens
corporations could invest.

Special Clauses:
None

Be it resolved by the Legislature of the state of Utah:
WHEREAS, the infrastructure of the United
States of America is rapidly becoming obsolete;
WHEREAS, independent engineering studies
confirm that, by 2050, it will require $3.65 trillion
for the United States to bring the decaying
infrastructure within the 50 states to a condition
suitable for maintaining the economic strength of
the United States;
WHEREAS, neither the federal budget nor the
several states’ budgets have the resources to
finance the necessary repairs to the current
infrastructure or to finance the creation of new
infrastructure facilities;
WHEREAS, the nation and its several states need
to reduce their current debt levels;
WHEREAS, the aggregated overseas profits of
United States multinational companies is
estimated to be over $2.1 trillion;
WHEREAS, many multinational American
companies with overseas profits are taking legal
steps to preserve profits from the oppressive burden
of excess taxation by merger and acquisition
strategies, which have the result of keeping billions
of dollars outside of the United States;
WHEREAS, these funds could be invested by
multinational American companies in restoring the
nation’s infrastructure;
WHEREAS, present federal and state permitting
processes often cause years of delay in proceeding
with construction of infrastructure improvements
and badly needed new projects;
WHEREAS, the creation of a non-government,
for profit corporate entity, whose securities would
qualify for special tax status, would be an attractive
investment for both individuals and corporations
with overseas profits;
WHEREAS, the investment in upgrading present
infrastructure and the creation of new
infrastructure projects by a citizens equity fund
would produce a significant increase in
employment opportunities and economic benefits
for the citizens of the several states;
WHEREAS, the respective governors and
legislatures of the several states have a more
dependable understanding of the priorities for
infrastructure enhancement in their states than
the federal government;
WHEREAS, the enactment of federal legislation
enabling states to create a corporation using
citizens equity funds under the direct control and
supervision of a board of directors nominated by the
governors and confirmed by the legislatures of the
respective states would make it possible to move
expeditiously forward with projects that will save
the infrastructure from its present decline into
obsolescence; and
WHEREAS, citizens equity funds would not
require supplemental funding from the federal
government or the several states:
NOW, THEREFORE, BE IT RESOLVED that the
Legislature of the state of Utah strongly urges
Utah’s congressional delegation and the Governor
to begin immediately to work with the United
States Congress to authorize the creation of for
profit corporations by the individual states, to be
managed by a board of directors nominated by a
governor and confirmed by the state legislature,
with the governor serving as chair of the board of
directors, and that such corporations be authorized
to pay dividends on earnings and issue debt bearing
securities from a citizens equity fund in which
individual citizens and corporations of a state could
invest, and thereby obtain the same tax benefit
extended to the citizens equity fund, for the creation
and replacement of needed infrastructure in the
several states.

BE IT FURTHER RESOLVED that a copy of this
resolution be sent to the President of the United
States, the Majority Leader of the United States
Senate, the Speaker of the United States House of
Representatives, the leader of each legislative
house in each of the several states, the governor of
each of the several states, and the members of
Utah’s congressional delegation.
