- On-site inspections: 90% of total fee
- In the case of complex or unusual hospital plans, the Bureau will negotiate with the provider an appropriate plan review fee at the start of the review process based on the best estimate of the review time involved and the standard hourly review rate.

The lab performs a variety of tests for other government agencies. The charges for these tests are determined according to the number of tests, and based on cost to the Laboratory and therefore may be different than the fee schedule. Because of changing needs, the Laboratory may receive requests for test that are impossible to anticipate and list fully in a standard fee schedule. Charges for these tests are authorized and are to be based on costs. Campylobacter Screen 40.00
