(1) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted in accordance with this compact, then the action by the Interstate Commission shall be invalid and have no force or effect.

(2) Rules shall be made pursuant to a rulemaking process that substantially conforms to the Model State Administrative Procedure Act, of 1981, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

(3) Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided that, the filing of a petition may not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and may not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

(4) If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then the rule shall have no further force and effect in any compacting state.

Section 74. Section 53E-3-914, which is renumbered from Section 53A-1-1013 is renumbered and amended to read:

(a) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state shall cure its default.

(5) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(6) Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state’s legislature, and each of the other member states.

District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of the litigation including reasonable attorney fees.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

(3) The Interstate Commission may not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

(4) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

(5) The Interstate Commission may not assess, levy, or collect more than $5,000 per year from Utah legislative appropriations. Other funding sources may be accepted and used to offset expenses related to the state's participation in the compact.

The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the compact by all states.

(3) The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

Section 77. Section 53E-3-917, which is renumbered from Section 53A-1-1016 is renumbered and amended to read:

Part 10. Compact for Interstate Qualification of Educational Personnel

[53A-6-201]. 53E-6-1001. Enactment of compact.

The Compact for Interstate Qualification of Educational Personnel is hereby enacted into law and entered into with all other states legally joining therein.

Section 174. Section 53E-6-1002, which is renumbered from Section 53A-6-202 is renumbered and amended to read:

[53A-6-202]. 53E-6-1002. Purpose and intent of compact -- Findings.

(1) The states party to this compact, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational personnel wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this compact to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Section 175. Section 53E-6-1003, which is renumbered from Section 53A-6-203 is renumbered and amended to read:

(4) The word “state” means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

(5) The words “originating state” mean a state, and the subdivision thereof, if any, whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Section [53A-6-204] 53E-6-1004.

(6) The words “receiving state” mean a state, and the subdivisions thereof, which accept educational personnel in accordance with the terms of a contract made under Section [53A-6-204] 53E-6-1004.

Any such contract for the period of its duration shall be applicable to and binding on the state and subdivisions of those states, with the same force and effect as if incorporated in this compact. A designated state official may enter into a contract pursuant to this section only with states in which he finds that there are programs of education, certification standards or other acceptable
qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(2) Any such contract shall provide for:

(a) its duration;

(b) the criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state;

(c) such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards; and

(d) any other necessary matters.

(3) No contract made pursuant to this compact shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this compact shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Section 6. Section 53F-2-103, which is renumbered from Section 53A-17a-102 is renumbered and amended to read:

53F-2-103. Purpose of chapter.

(1) The purpose of this chapter is to provide a minimum school program for the state in accordance with the constitutional mandate. It recognizes that all children of the state are entitled to reasonably equal educational opportunities regardless of their place of residence in the state and of the economic situation of their respective school districts or other agencies.
Section 7. Section 53F-2-201, which is renumbered from Section 53A-17a-136 is renumbered and amended to read:

Part 2. General Administration of the Minimum School Program

(1) The total cost of operation and maintenance of the minimum school program in the state is divided between the state and school districts as follows:

(a) Each school district shall impose a minimum basic tax rate on all taxable, tangible property in the school district and shall contribute the tax proceeds toward the cost of the basic program as provided in this chapter.

(b) Each school district may also impose a levy under Section 53F-8-301 or 53F-8-302 for the purpose of participating in the respective levy programs provided in Section 53F-2-601 or 53F-2-602.

(c) The state shall contribute the balance of the total costs.

(2) The contributions by the school districts and by the state are computed separately for the purpose of determining their respective contributions to the basic program and to the levy programs provided in Section 53F-2-601 or 53F-2-602.

Section 8. Section 53F-2-202, which is renumbered from Section 53A-17a-144 is renumbered and amended to read:

(1) The State Tax Commission shall levy an amount determined by the Legislature on all taxable property of the state.

(a) This amount, together with other funds provided by law, is the state's contribution to the minimum school program.

(b) The statewide levy is set at zero until changed by the Legislature.

(2) During the first week in November, the State Tax Commission shall certify to the State Board of Education the amounts designated as state aid for each school district under Section 59-2-902.

(3) The actual amounts computed under Section 59-2-902 are the state's contribution to the minimum school program of each school district.

(b) The State Board of Education shall provide each local education board with a statement of the amount of state aid.

(4) Before the first day of each month, the state treasurer and the Division of Finance, with the approval of the State Board of Education, shall disburse 1/12 of the state's contribution to the cost of the minimum school program to each school district and each charter school.

(a) The State Board of Education may not make a disbursement to a school district or charter school whose payments have been interrupted under Subsection (4)(d).

(b) Discrepancies between the monthly disbursements and the actual cost of the program shall be adjusted in the final settlement under Subsection (5).

(c) If the monthly distributions overdraw the money in the Uniform School Fund, the Division of Finance is authorized to run this fund in a deficit position.

(d) The State Board of Education may interrupt disbursements to a school district or charter school if, in the judgment of the State Board of Education, the school district or charter school is failing to comply with the minimum school program, is operating programs that are not approved by the State Board of Education, or has not submitted reports required by law or the State Board of Education.

(i) Disbursements shall be resumed upon request of the State Board of Education.

(ii) Back disbursements shall be included in the next regular disbursement, and the amount disbursed certified to the State Division of Finance and state treasurer by the State Board of Education.

(e) The State Board of Education may authorize exceptions to the 1/12 per month disbursement formula for grant funds if the State Board of Education determines that a different disbursement formula would better serve the purposes of the grant.

(5) If money in the Uniform School Fund is insufficient to meet the state's contribution to the minimum school program as appropriated, the amount of the deficiency thus created shall be carried as a deficiency in the Uniform School Fund...
until the next session of the Legislature, at which time the Legislature shall appropriate funds to cover the deficiency.

(b) If there is an operating deficit in public education Uniform School Fund appropriations, the Legislature shall eliminate the deficit by:

(i) budget transfers or other legal means;

(ii) appropriating money from the Education Budget Reserve Account;

(iii) appropriating up to 25% of the balance in the General Fund Budget Reserve Account; or

(iv) some combination of Subsections (5)(b)(i), (ii), and (iii).

(c) Nothing in Subsection (5)(b) precludes the Legislature from appropriating more than 25% of the balance in the General Fund Budget Reserve Account to fund operating deficits in public education appropriations.

Section 9. Section 53F-2-203, which is renumbered from Section 53A-17a-146 is renumbered and amended to read:

53F-2-203. Reduction of local education board allocation based on insufficient revenues.

(1) As used in this section, “Minimum School Program funds” means the total of state and local funds appropriated for the minimum school program, excluding:

(a) the state–supported voted local levy program pursuant to Section 53F-2-601;

(b) the state–supported board local levy program pursuant to Section 53F-2-602; and

(c) the appropriation to charter schools to replace local property tax revenues pursuant to Section 53F-2-704.  

(2) If the Legislature reduces appropriations made to support public schools under this chapter because an Education Fund budget deficit, as defined in Section 63J-1-312, exists, the State Board of Education, after consultation with each local education board, shall allocate the reduction among school districts and charter schools in proportion to each school district’s or charter school’s percentage share of Minimum School Program funds.

(3) Except as provided in Subsection (5) and subject to the requirements of Subsection (7), a local education board shall determine which programs are affected by a reduction pursuant to Subsection (2) and the amount each program is reduced.

(4) Except as provided in Subsections (5) and (6), the requirement to spend a specified amount in any particular program is waived if reductions are made pursuant to Subsection (2).

(5) A local education board may not reduce or reallocate spending of funds distributed to the school district or charter school for the following programs:

(a) educator salary adjustments provided in Section 53F-2-405; 

(b) the Teacher Salary Supplement Program provided in Section 53F-2-504;

(d) USTAR centers provided in Section 53F-2-405; 

(e) the School LAND Trust Program created in Section 53F-2-404; or 

(f) a special education program within the Basic School Program.

(6) A local education board may not reallocate spending of funds distributed to the school district or charter school to a reserve account.

(7) A local education board that reduces or reallocates funds in accordance with this section shall report all transfers into, or out of, Minimum School Program funds to the State Board of Education as part of the school district or charter school’s Annual Financial and Program report.

Section 10. Section 53F-2-204, which is renumbered from Section 53A-17a-147 is renumbered and amended to read:

53F-2-204. Use of funds for approved programs -- Assessment of funded programs.

(1) Funds appropriated under this chapter shall only be used for programs approved by the State Board of Education.

(2) The State Board of Education shall assess the progress and degree of effectiveness of all programs funded under this chapter.

Section 11. Section 53F-2-205, which is renumbered from Section 53A-17a-105 is renumbered and amended to read:

53F-2-205. Powers and duties of State Board of Education to adjust Minimum School Program allocations -- Use of remaining funds at the end of a fiscal year.

(1) For purposes of this section:

(a) “Board” means the State Board of Education.

(c) “Program” means a program or allocation funded by a line item appropriation or other appropriation designated as:

(i) Basic Program; 

(ii) Related to Basic Programs; 

(iii) Voted and Board Levy Programs; or

(iv) Minimum School Program.
(2) Except as provided in Subsection (3) or (5), if the number of weighted pupil units in a program is underestimated, the board shall reduce the value of the weighted pupil unit in that program so that the total amount paid for the program does not exceed the amount appropriated for the program.

(3) If the number of weighted pupil units in a program is overestimated, the board shall spend excess money appropriated for the following purposes giving priority to the purpose described in Subsection (3)(a):

(a) to support the value of the weighted pupil unit in a program within the basic state–supported school program in which the number of weighted pupil units is underestimated;

(b) to support the state guarantee per weighted pupil unit provided under the voted local levy program established in Section [53A-17a-133] 53F-2-601 or the board local levy program established in Section [53A-17a-164] 53F-2-602, if:

(i) local contributions to the voted local levy program or board local levy program are overestimated; or

(ii) the number of weighted pupil units within school districts qualifying for a guarantee is underestimated;

(c) to support the state supplement to local property taxes allocated to charter schools, if the state supplement is less than the amount prescribed by Section [53A-1a-513] 53F-2-704; or

(d) to support a school district with a loss in student enrollment as provided in Section [53A-17a-139] 53F-2-207.

(4) If local contributions from the minimum basic tax rate imposed under Section [53A-17a-135] 53F-2-301 are overestimated, the board shall reduce the value of the weighted pupil unit for all programs within the basic state–supported school program so the total state contribution to the basic state–supported school program does not exceed the amount of state funds appropriated.

(5) If local contributions from the minimum basic tax rate imposed under Section [53A-17a-135] 53F-2-301 are underestimated, the board shall:

(a) spend the excess local contributions for the purposes specified in Subsection (3), giving priority to supporting the value of the weighted pupil unit in programs within the basic state–supported school program in which the number of weighted pupil units is underestimated; and

(b) reduce the state contribution to the basic state–supported school program so the total cost of the basic state–supported school program does not exceed the total state and local funds appropriated to the basic state–supported school program plus the local contributions necessary to support the value of the weighted pupil unit in programs within the basic state–supported school program in which the number of weighted pupil units is underestimated.

(6) Except as provided in Subsection (3) or (5), the board shall reduce the guarantee per weighted pupil unit provided under the voted local levy program established in Section [53A-17a-133] 53F-2-601 or board local levy program established in Section [53A-17a-164] 53F-2-602, if:

(a) local contributions to the voted local levy program or board local levy program are overestimated; or

(b) the number of weighted pupil units within school districts qualifying for a guarantee is underestimated;

(7) Money appropriated to the board is nonlapsing.

(8) The board shall report actions taken by the board under this section to the Office of the Legislative Fiscal Analyst and the Governor’s Office of Management and Budget.

(b) the Enhancement for Accelerated Students Program created in Section [53A-17a-165] 53F-2-408; and

(c) the concurrent enrollment program established in Section [53A-15-1703] 53E-10-302.

(2) If a school district or charter school receives an allocation of state funds for a qualifying program that is less than $10,000, the local education board of the receiving school district or charter school may:

(a) (i) combine the funds with one or more qualifying program fund allocations each of which is less than $10,000; and

(ii) use the combined funds in accordance with the program requirements for any of the qualifying programs that are combined; or

(b) (i) transfer the funds to a qualifying program for which the school district or charter school received an allocation of funds that is greater than or equal to $10,000; and

(ii) use the combined funds in accordance with the program requirements for the qualifying program to which the funds are transferred.

Section 14. Section 53F-2-301, which is renumbered from Section 53A-17a-135 is renumbered and amended to read: Part 3. Basic Program (Weighted Pupil Units)

[53A-17a-135]. 53F-2-301. Minimum basic tax rate -- Certified revenue levy.

(1) As used in this section, “basic levy increment rate” means a tax rate that will generate an amount of revenue equal to $75,000,000.

(2) (a) To qualify for receipt of the state contribution toward the basic program and as a school district’s contribution toward the school district’s costs of the basic program, each local school board shall impose a minimum basic tax rate per dollar of taxable value that generates $399,041,300 in revenues statewide.

(b) The preliminary estimate for the 2017-18 minimum basic tax rate is .001596.

(c) The State Tax Commission shall certify on or before June 22 the rate that generates $399,041,300 in revenues statewide.

(d) If the minimum basic tax rate exceeds the certified revenue levy [as defined in Section 53A-17a-103], the state is subject to the notice requirements of Section 59-2-926.

(3) The state shall contribute to each school district toward the cost of the basic program in the school district that portion that exceeds the proceeds of the difference between:

(a) the minimum basic tax rate to be imposed under Subsection (2); and

(b) the basic levy increment rate.

(4) (a) If the difference described in Subsection (3) equals or exceeds the cost of the basic program in a school district, no state contribution shall be made to the basic program.

(b) The proceeds of the difference described in Subsection (3) that exceed the cost of the basic program shall be paid into the Uniform School Fund as provided by law.

(5) The State Board of Education shall:

(a) deduct from state funds that a school district is authorized to receive under this chapter an amount equal to the proceeds generated within the school district by the basic levy increment rate; and

(b) deposit the money described in Subsection (5)(a) into the Minimum Basic Growth Account created in Section [53A-17a-135.1] 53F-9-302.

Section 15. Section 53F-2-302, which is renumbered from Section 53A-17a-106 is renumbered and amended to read:

The number of weighted pupil units in the minimum school program for each year is the total of the units for each school district and, subject to [Section 53A-1a-513] Subsection (4), charter school, determined as follows:

(1) The number of units is computed by adding the average daily membership of all pupils of the school district or charter school attending schools, other than kindergarten and self-contained classes for children with a disability.

(2) The number of units is computed by adding the average daily membership of all pupils of the school district or charter school enrolled in kindergarten and multiplying the total by .55.

(a) In those school districts or charter schools that do not hold kindergarten for a full nine-month term, the local school board or charter school governing board may approve a shorter term of nine weeks’ duration.

(b) Upon local education board approval, the number of pupils in average daily membership at the short-term kindergarten shall be counted for the purpose of determining the number of units allowed in the same ratio as the number of days the short-term kindergarten is held, not exceeding nine weeks. The total number of days schools are held in that school district or charter school in the regular school year.

(3) (a) The State Board of Education shall use prior year plus growth to determine average daily membership in distributing money under the minimum school program where the distribution is based on kindergarten through grade 12 ADMs or weighted pupil units.

(b) Under prior year plus growth, kindergarten through grade 12 average daily membership for the current year is based on the actual kindergarten through grade 12 ADMs or weighted pupil units.

(4) In distributing funds to charter schools under this section, charter school pupils shall be weighted, where applicable, as follows:

(a) .55 for kindergarten pupils;

(b) .9 for pupils in grades 1 through 6;

(c) .99 for pupils in grades 7 through 8; and

(d) 1.2 for pupils in grades 9 through 12.

Section 16. Section 53F-2-303 is enacted to read:

53F-2-303. Foreign exchange student weighted pupil units.
Section 17. Section 53F-2-304, which is renumbered from Section 53A-17a-109 is renumbered and amended to read:

53A-17a-109. Necessarily existent small schools -- Computing additional weighted pupil units -- Consolidation of small schools.

(1) As used in this section:

(a) “Board” means the State Board of Education.

(b) “Necessarily existent small schools funding balance” means the difference between:

(i) the amount appropriated for the necessarily existent small schools program in a fiscal year; and

(ii) the amount distributed to school districts for the necessarily existent small schools program in the same fiscal year.

(2) (a) Notwithstanding Section 53F-2-302, foreign exchange students may not be included in average daily membership for the purpose of determining the number of weighted pupil units in the grades 1-12 basic program.

(b) Subject to the limitation in Subsection (3), the number of weighted pupil units in the grades 1-12 basic program attributed to foreign exchange students shall be equal to the number of foreign exchange students who were:

(i) enrolled in a school district or charter school on October 1 of the previous fiscal year; and

(ii) sponsored by an agency approved by the district’s local school board or charter school’s governing board.

(3) (a) The total number of foreign exchange students in the state that may be counted for the purpose of apportioning state money under Subsection (2) shall be the lesser of:

(i) the number of foreign exchange students enrolled in public schools in the state on October 1 of the previous fiscal year; or

(ii) 328 foreign exchange students.

(b) The State Board of Education shall make rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to administer the necessarily existent small schools program:

(i) enrolled in a school district or charter school on October 1 of the previous fiscal year; and

(ii) before April 2, and the board must report a decision to a local school board before June 2.

(4) A one or two–year secondary school that has received necessarily existent small school money under this section prior to July 1, 2000, may continue to receive such money in subsequent years.

(5) The board shall prepare and publish objective standards and guidelines for determining which small schools are necessarily existent after consultation with local school boards.

(6) (a) Additional weighted pupil units for schools classified as necessarily existent small schools shall be computed using regression formulas adopted by the board.

(b) The regression formulas establish the following maximum sizes for funding under the necessarily existent small school program:

(i) an elementary school 160

(ii) a one or two–year secondary school 300

(iii) a three–year secondary school 450

(iv) a four–year secondary school 500

(v) a six–year secondary school 600

(c) Schools with fewer than 10 students shall receive the same add–on weighted pupil units as schools with 10 students.

(d) The board shall prepare and distribute an allocation table based on the regression formula to each school district.

(7) (a) To avoid penalizing a school district financially for consolidating the school district’s small schools, additional weighted pupil units may be allowed a school district each year, not to exceed two years.

(b) The additional weighted pupil units may not exceed the difference between what the school district receives for a consolidated school and what
the school district would have received for the small schools had the small schools not been consolidated.

(8) Subject to legislative appropriation, the board shall give first priority from an appropriation made under this section to funding an expense approved by the board as described in Subsection [53A-2-204] 53G-6-305(3)(a).

(9) (a) Subject to Subsection (9)(b) and after a distribution made under Subsection (8), the board may distribute a portion of necessarily existent small schools funding in accordance with a formula adopted by the board that considers the tax effort of a local school board.

(b) The amount distributed in accordance with Subsection (9)(a) may not exceed the necessarily existent small schools fund in balance of the prior fiscal year.

(10) A local school board may use the money allocated under this section for maintenance and operation of school programs or for other school purposes as approved by the board.

(2) (a) Except as provided in Subsection (2)(b), money appropriated to the State Board of Education for charter school administrative costs shall be distributed to charter schools in the amount of $100 for each charter school student in enrollment.
(b) (i) If money appropriated for charter school administrative costs is insufficient to provide the amount per student prescribed in Subsection (2)(a), the appropriation shall be allocated among charter schools in proportion to each charter school's enrollment as a percentage of the total enrollment in charter schools.

(ii) If the State Board of Education makes adjustments to Minimum School Program allocations under Section [53A-17a-105] 53F–2–205, the allocation provided in Subsection (2)(b)(i) shall be determined after adjustments are made under Section [53A-17a-105] 53F–2–205.

(c) Charter school governing boards are encouraged to identify and use cost-effective methods of performing administrative functions, including contracting for administrative services with the State Charter School Board as provided in Section [53A-11a-501.6] 53G–5–202.

(3) Charter schools are not eligible for funds for administrative costs under Subsection (1).

Section 20. Section 53F–2–307, which is renumbered from Section 53A–17a–111 is renumbered and amended to read:

[53A-17a-111]. 53F–2–307. Weighted pupil units for programs for students with disabilities -- Local school board allocation.

(1) The number of weighted pupil units for students with disabilities shall reflect the direct cost of programs for those students conducted in accordance with rules established by the State Board of Education in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(2) Disability program money allocated to school districts or charter schools is restricted and shall be spent for the education of students with disabilities but may include expenditures for approved programs of services conducted for certified instructional personnel who have students with disabilities in their classes.

(3) The State Board of Education shall establish and strictly interpret definitions and provide standards for determining which students have disabilities and shall assist school districts and charter schools in determining the services that should be provided to students with disabilities.

(4) Each year the State Board of Education shall evaluate the standards and guidelines that establish the identifying criteria for disability classifications to assure strict compliance with those standards by the school districts and charter schools.

(5) (a) Money appropriated to the State Board of Education for add-on WPU for students with disabilities enrolled in regular programs shall be allocated to school districts and charter schools as provided in this Subsection (5).

(b) The State Board of Education shall use a school district’s or charter school’s average number of special education add-on weighted pupil units determined by the previous five year’s average daily membership data as a foundation for the special education add-on appropriation.

(c) A school district’s or charter school’s special education add-on WPUs for the current year may not be less than the foundation special education add-on WPUs.

(d) Growth WPUs shall be added to the prior year special education add-on WPUs, and growth WPUs shall be determined as follows:

(i) The special education student growth factor is calculated by comparing S–3 total special education ADM of two years previous to the current year to the S–3 total special education ADM three years previous to the current year, not to exceed the official October total school district growth factor from the prior year.

(ii) When calculating and applying the growth factor, a school district’s S–3 total special education ADM for a given year is limited to 12.18% of the school district’s S–3 total student ADM for the same year.

(iii) Growth ADMs are calculated by applying the growth factor to the S–3 total special education ADM of two years previous to the current year.

(iv) Growth ADMs for each school district or each charter school are multiplied by 1.53 weighted pupil units and added to the prior year special education add-on WPU to determine each school district’s or each charter school’s total allocation.

(6) If money appropriated under this chapter for programs for students with disabilities does not meet the costs of school districts and charter schools for those programs, each school district and each charter school shall first receive the amount generated for each student with a disability under the basic program.

53F-4-301.5. Findings and purpose.

The Legislature finds that:

(1) the state system of public education as established and maintained under the state constitution shall be open to all children of the state;

(2) students with disabilities have special needs that merit educational alternatives which will allow students to learn in an appropriate setting and manner;

(3) those needs may include teachers trained in special teaching methods, small class sizes, and special materials, equipment, and classroom environments;

(4) parents are best equipped to make decisions for their children, including the educational setting that will best serve the interests and educational needs of their children;

(5) the establishment of this scholarship program is justified on the basis of funding the special needs of students with disabilities as with other programs similarly funded by the state for people with disabilities;

(6) children, parents, and families are the primary beneficiaries of the scholarship program authorized in this part and any benefit to private schools, sectarian or otherwise, is purely incidental;

(7) the scholarship program authorized in this part is:

(a) enacted for the valid secular purpose of tailoring a student’s education to that student’s specific needs;

(b) neutral with respect to religion;

(c) provides limited assistance to citizens who are then able to direct their resources to religious and secular schools solely as a result of their genuine and independent private choices; and

(d) in accordance with the best interests of the taxpayers and citizens of the state to encourage educational opportunities; and

(8) nothing in this part shall be construed as a basis for granting vouchers or tuition tax credits for any other students, with or without disabilities.

(c) Each board may refer to this pledge and undertaking by the state in its bonds.

(2) (a) The full faith and credit and unlimited taxing power of the state is pledged to guarantee full and timely payment of the principal of (either at the stated maturity or by any advancement of maturity pursuant to a mandatory sinking fund payment) and interest on, bonds as such payments shall become due (except that in the event of any acceleration of the due date of such principal by reason of mandatory or optional redemption or acceleration resulting from default of otherwise, other than any advancement of maturity pursuant to a mandatory sinking fund payment, the payments guaranteed shall be made in such amounts and at such times as such payments of principal would have been due had there not been any such acceleration).

(c) (i) The board receiving the certificate and all other persons may rely on the certificate as evidencing eligibility for the guaranty for one year from and after the date of the certificate, without making further inquiry of the state treasurer during that year.
(ii) The certificate of eligibility is valid for one year even if the state treasurer later determines that the school board is ineligible.

(2) Any board that chooses to forego the benefits of the guaranty provided by this [chapter part] for a particular issue of bonds may do so by not referring to this [chapter part] on the face of its bonds.

(3) Any board that has bonds, the principal of or interest on which has been paid, in whole or in part, by the state under this [chapter part] may not issue any additional bonds guaranteed by this act until:

(2) (a) The state treasurer shall determine whether or not the financial affairs and condition of a board are such that it would be imprudent for the state to guarantee the bonds of that board.

(b) If the state treasurer determines that the state should not guarantee the bonds of that board, the state treasurer shall:

(i) prepare a determination of ineligibility; and

(ii) keep it on file in the office of the state treasurer.

(c) The state treasurer may remove a board from the status of ineligibility when a subsequent report or other information made available to the state treasurer evidences that it is no longer imprudent for the state to guarantee the bonds of that board.

(3) Nothing in this section affects the state’s guaranty of bonds of a board issued:

(a) before determination of ineligibility;

(b) after the eligibility of the board is restored; or

(a) telephone;

(b) a writing sent by facsimile transmission; and

(c) a writing sent by first-class United States mail.

(3) (a) If sufficient money to pay the scheduled debt service payment has not been transferred to the paying agent, the state treasurer shall, on or before the scheduled payment date, transfer sufficient money to the paying agent to make the scheduled debt service payment.

(b) The payment by the treasurer:

(i) discharges the obligation of the issuing board to its bondholders for the payment; and

(ii) transfers the rights represented by the general obligation of the board from the bondholders to the state.

(c) The board shall pay the transferred obligation to the state as provided in this [chapter part].
Section 75. Section 53G-4-806, which is renumbered from Section 53A-28-302 is renumbered and amended to read:

(i) immediately intercept any payments from the Uniform School Fund or from any other source of operating money provided by the state to the board that issued the bonds that would otherwise be paid to the board by the state; and

(ii) apply the intercepted payments to reimburse the state for payments made pursuant to the state's guaranty until all obligations of the board to the state arising from those payments, including interest and penalties, are paid in full.

(b) The state has no obligation to the board or to any person or entity to replace any money intercepted under authority of Subsection (1)(a).

(2) The board that issued bonds for which the state has made all or part of a debt service payment shall:

(a) reimburse all money drawn by the state treasurer on its behalf;

(b) pay interest to the state on all money paid by the state from the date the money was drawn to the date they are repaid at a rate not less than the average prime rate for national money center banks plus 1%; and

(c) pay all penalties required by this chapter part.

(3) (a) The state treasurer shall establish the reimbursement interest rate after considering the circumstances of any prior draws by the board on the state, market interest and penalty rates, and the cost of funds, if any, that were required to be borrowed by the state to make payment on the bonds.

(b) The state treasurer may, after considering the circumstances giving rise to the failure of the board to make payment on its bonds in a timely manner, impose on the board a penalty of not more than 5% of the amount paid by the state pursuant to its guaranty for each instance in which a payment by the state is made.

(4) (a) If the state treasurer determines that amounts obtained under this section will not reimburse the state in full within one year from the state's payment of a board's scheduled debt service payment, the state treasurer shall pursue any legal action, including mandamus, against the board to compel it to:

(A) levy and provide property tax revenues to pay debt service on its bonds when due as required by

Title 11, Chapter 14, Local Government Bonding Act; and

(B) meet its repayment obligations to the state.

(ii) In pursuing its rights under this Subsection (4)(a), the state shall have the same substantive and procedural rights under Title 11, Chapter 14, Local Government Bonding Act, as would a holder of the bonds of a board.

(b) The attorney general shall assist the state treasurer in these duties.

(c) The board shall pay the attorney's fees, expenses, and costs of the state treasurer and the attorney general.

(5) (a) Except as provided in Subsection (5)(c), any board whose operating funds were intercepted under this section may replace those funds from other board money or from ad valorem property taxes, subject to the limitations provided in this Subsection (5).

(b) A board may use ad valorem property taxes or other money to replace intercepted funds only if the ad valorem property taxes or other money was derived from:

(i) taxes originally levied to make the payment but which were not timely received by the board;

(ii) taxes from a special levy made to make the missed payment or to replace the intercepted money;

(iii) money transferred from the capital outlay fund of the board or the undistributed reserve, if any, of the board; or

(iv) any other source of money on hand and legally available.

(c) Notwithstanding the provisions of Subsections (5)(a) and (b), a board may not replace operating funds intercepted by the state with money collected and held to make payments on bonds if that replacement would divert money from the payment of future debt service on the bonds and increase the risk that the state's guaranty would be called upon a second time.

Section 76. Section 53G-4-807, which is renumbered from Section 53A-28-401 is renumbered and amended to read:

(1) (a) If, at the time the state is required to make a debt service payment under its guaranty on behalf of a board, sufficient money of the state is not on hand and available for that purpose, the state treasurer may:

(b) Nothing in this Subsection (1) requires the Permanent School Fund to lend money to the state treasurer.
(2) (a) The state treasurer may issue state debt in the form of general obligation notes to meet its obligations under this chapter part.

(b) The amount of notes issued may not exceed the amount necessary to make payment on all bonds with respect to which the notes are issued plus all costs of issuance, sale, and delivery of the notes, rounded up to the nearest natural multiple of $5,000.

(c) Each series of notes issued may not mature later than 18 months from the date the notes are issued.

(d) Notes issued may be refunded using the procedures set forth in this chapter part for the issuance of notes, in an amount not more than the amount necessary to pay principal of and accrued but unpaid interest on any refunded notes plus all costs of issuance, sale, and delivery of the refunding notes, rounded up to the nearest natural multiple of $5,000.

(e) Each series of refunding notes may not mature later than 18 months from the date the refunding notes are issued.

(3) (a) Before issuing or selling any general obligation note to other than a state fund or account, the state treasurer shall:

(i) prepare a written plan of financing; and

(ii) file it with the governor.

(b) The plan of financing shall provide for:

(i) the terms and conditions under which the notes will be issued, sold, and delivered;

(ii) the taxes or revenues to be anticipated;

(iii) the maximum amount of notes that may be outstanding at any one time under the plan of financing;

(iv) the sources of payment of the notes;

(v) the rate or rates of interest, if any, on the notes or a method, formula, or index under which the interest rate or rates on the notes may be determined during the time the notes are outstanding; and

(vi) all other details relating to the issuance, sale, and delivery of the notes.

(c) In identifying the taxes or revenues to be anticipated and the sources of payment of the notes in the financing plan, the state treasurer may include:

(ii) the intercepted revenues authorized by Section 53A-28-302 53G-4-806;

(iii) the proceeds of refunding notes; or

(iv) any combination of Subsections (3)(c)(i), (ii), and (iii).

(d) The state treasurer may include in the plan of financing the terms and conditions of arrangements entered into by the state treasurer on behalf of the state with financial and other institutions for letters of credit, standby letters of credit, reimbursement agreements, and remarketing, indexing, and tender agent agreements to secure the notes, including payment from any legally available source of fees, charges, or other amounts coming due under the agreements entered into by the state treasurer.

(e) When issuing the notes, the state treasurer shall issue an order setting forth the interest, form, manner of execution, payment, manner of sale, prices at, above, or below face value, and all details of issuance of the notes.

(f) The order and the details set forth in the order shall conform with any applicable plan of financing and with this chapter part.

(g) (i) Each note shall recite that it is a valid obligation of the state and that the full faith, credit, and resources of the state are pledged for the payment of the principal of and interest on the note from the taxes or revenues identified in accordance with its terms and the constitution and laws of Utah.

(ii) These general obligation notes do not constitute debt of the state for the purposes of the 1.5% debt limitation of the Utah Constitution, Article XIV, Section 1.

(h) Immediately upon the completion of any sale of notes, the state treasurer shall:

(i) make a verified return of the sale to the state auditor, specifying the amount of notes sold, the persons to whom the notes were sold, and the price, terms, and conditions of the sale; and

(ii) credit the proceeds of sale, other than accrued interest and amounts required to pay costs of issuance of the notes, to the General Fund to be applied to the purpose for which the notes were issued.

(b) If money expected to be intercepted under Section 53A-28-302 53G-4-806 is expected to be insufficient to reimburse the state for its payments of school districts' scheduled debt service payments or if it is necessary for the state treasurer to borrow as provided in Section 53A-28-401 53G-4-807 and amounts to be intercepted under Section
are expected to be insufficient to timely pay the general obligation notes issued or other borrowing undertaken under that section, the state treasurer shall certify to and give notice to the state tax commission of the amount of the deficiency.

(c) After receipt of that certified notice from the state treasurer, the state tax commission shall:

(1) For purposes of this part, “responsible adult” means a person 21 years of age or older who is a resident of this state and is willing and able to provide reasonably adequate food, clothing, shelter, and supervision for a minor child.

(2) A local board of education may adopt a policy permitting it to designate a responsible adult residing in the school district as legal guardian of a child whose custodial parent or legal guardian does not reside within the state upon compliance with the following requirements:

(a) submission to the school district of a signed and notarized affidavit by the child’s custodial parent or legal guardian stating that:

(i) the child’s presence in the district is not for the primary purpose of attending the public schools;
(ii) the child’s physical, mental, moral, or emotional health would best be served by a transfer of guardianship to the Utah resident;

(iii) the affiant is aware that designation of a guardian under this section is equivalent to a court-ordered guardianship under Section 75-5-206 and will suspend or terminate any existing parental or guardianship rights in the same manner as would occur under a court-ordered guardianship;

(iv) the affiant consents and submits to any such suspension or termination of parental or guardianship rights;

(v) the affiant consents and submits to the jurisdiction of the state district court in which the school district is located in any action relating to the guardianship or custody of the child in question;

(vi) the affiant designates a named responsible adult as agent, authorized to accept service on behalf of the affiant of any process, notice, or demand required or permitted to be served in connection with any action under Subsection (2)(a)(vi); and

(vii) it is the affiant’s intent that the child become a permanent resident of the state and reside with and be under the supervision of the named responsible adult;

(b) submission to the school district of a signed and notarized affidavit by the responsible adult stating that:

(i) the affiant is a resident of the school district and desires to become the guardian of the child;

The district shall also submit a copy of the statement to the Criminal Investigations and Technical Services Division of the Department of Public Safety, established in Section 53-10-103.

(3) The district may require the responsible adult, in addition to the documents set forth in Subsection (2), to also submit any other documents which are relevant to the appointment of a guardian of a minor or which the district reasonably believes to be necessary in connection with a given application to substantiate any claim or assertion made in connection with the application for guardianship.

(4) Upon receipt of the information and documentation required under Subsections (2) and (3), and a determination by the board that the information is accurate, that the requirements of this section have been met, and that the interests of the child would best be served by granting the requested guardianship, the school board or its authorized representative may designate the applicant as guardian of the child by issuing a designation of guardianship letter to the applicant.

(5) (a) If a local school board has adopted a policy permitting the board to designate a guardian under this section, a denial of an application for appointment of a guardian may be appealed to the district court in which the school district is located.

(b) The court shall uphold the decision of the board unless it finds, by clear and convincing evidence, that the board’s decision was arbitrary and capricious.

(6) A responsible adult obtaining guardianship under this section has the same rights, authority, and responsibilities as a guardian appointed under Section 75-5-201.

(7) (a) The school district shall deliver the original documents filed with the school district, together with a copy of the designation of guardianship issued by the district, in person or by any form of mail requiring a signed receipt, to the clerk of the state district court in which the school district is located.

(b) The court may not charge the school district a fee for filing guardianship papers under this section.

(8) (a) The authority and responsibility of a custodial parent or legal guardian submitting an affidavit under this section may be restored by the district, and the guardianship obtained under this section terminated by the district:

(i) upon submission to the school district in which the guardianship was obtained of a signed and notarized statement by the person who consented to guardianship under Subsection (2)(a) requesting termination of the guardianship; or

(ii) by the person accepting guardianship under Subsection (2)(b) requesting the termination of the guardianship.
(b) If the school district determines that it would not be in the best interests of the child to terminate the guardianship, the district may refer the request for termination to the state district court in which the documents were filed under Subsection (5) for further action consistent with the interests of the child.

(9) The school district shall retain copies of all documents required by this section until the child in question has reached the age of 18 unless directed to surrender the documents by a court of competent jurisdiction.

(10) (a) Intentional submission to a school district of fraudulent or misleading information under this part is punishable under Section 76-8-504.

(b) A school district which has reason to believe that a party has intentionally submitted false or misleading information under this part may, after notice and opportunity for the party to respond to the allegation:

(i) void any guardianship, authorization, or action which was based upon the false or misleading information; and

(ii) recover, from the party submitting the information, the full cost of any benefits received by the child on the basis of the false or misleading information, including tuition, fees, and other unpaid school charges, together with any related costs of recovery.

(c) A student whose guardianship or enrollment has been terminated under this section may, upon payment of all applicable tuition and fees, continue in enrollment until the end of the school year unless excluded from attendance for cause.

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 77-27-5 is amended to read:

77-27-5. Board of Pardons and Parole authority.

(1) (a) The Board of Pardons and Parole shall determine by majority decision when and under what conditions any convictions, except for treason or impeachment, may be pardoned or commuted, subject to this chapter and other laws of the state.

(b) The Board of Pardons and Parole shall determine by majority decision when and under what conditions, subject to this chapter and other laws of the state, persons committed to serve sentences [in class A misdemeanor cases] at penal or correctional facilities [which] are under the jurisdiction of the Department of Corrections, [and all felony cases] except treason or impeachment convictions or as otherwise limited by law, may be released upon parole, [pardoned], ordered to pay restitution, or have their fines, forfeitures, or restitution remitted, or their sentences [commuted or terminated].

(c) The board may sit together or in panels to conduct hearings. The chair shall appoint members to the panels in any combination and in accordance with rules promulgated by the board. [except in hearings involving commutation and pardons] The chair may participate on any panel and when doing so is chair of the panel. The chair of the board may designate the chair for any other panel.

No restitution may be ordered, no fine, forfeiture, or restitution remitted, no parole, pardon, or commutation granted or sentence terminated, except after a full hearing before the board or the board’s appointed examiner in open session. Any action taken under this subsection other than by a majority of the board shall be affirmed by a majority of the board.

A commutation or pardon may be granted only after a full hearing before the board.

The board may determine restitution as provided in Section 77-27-6 and Subsection 77-38a-302(5)(d)(iii)(A).

Nothing in this section prevents the obtaining or enforcement of a civil judgment, including restitution as provided in Section 77-27-6.

(4) This chapter may not be construed as a denial of or limitation of the governor’s power to grant respite or reprieves in all cases of convictions for offenses against the state, except treason or conviction on impeachment. However, respites or reprieves may not extend beyond the next session of the Board of Pardons and Parole and the board, at that session, shall continue or terminate the respite or reprieve, or it may commute the punishment, or pardon the offense as provided. In the case of conviction for treason, the governor may suspend the execution of the sentence until the case is reported to the Legislature at its next session.
