local mental health authority if, upon completion of
the hearing and consideration of the information
presented in accordance with Subsection (15)(d), the
court finds by clear and convincing evidence that:

(a) the proposed patient has a mental illness;

(b) because of the proposed patient’s mental
illness the proposed patient poses a substantial
danger to self or others;

(c) the proposed patient lacks the ability to
engage in a rational decision-making process
regarding the acceptance of mental treatment as
demonstrated by evidence of inability to weigh the
possible risks of accepting or rejecting treatment;

(d) there is no appropriate less-restrictive
alternative to a court order of commitment; and

(e) the local mental health authority can provide
the proposed patient with treatment that is
adequate and appropriate to the proposed patient’s
conditions and needs. In the absence of the required
findings of the court after the hearing, the court
shall dismiss the proceedings.

(17) (a) The order of commitment shall designate
the period for which the patient shall be treated.
When the patient is not under an order of
commitment at the time of the hearing, that period
may not exceed six months without benefit of a
review hearing. Upon such a review hearing, to be
commenced prior to the expiration of the previous
order, an order for commitment may be for an
indeterminate period, if the court finds by clear and
convincing evidence that the required conditions in
Subsection (16) will last for an indeterminate
period.

(b) The court shall maintain a current list of all
patients under its order of commitment. That list
shall be reviewed to determine those patients who
have been under an order of commitment for the
designated period. At least two weeks prior to the
expiration of the designated period of any order of
commitment still in effect, the court that entered
the original order shall inform the appropriate local
mental health authority or its designee. The local
mental health authority or its designee shall
immediately reexamine the reasons upon which the
order of commitment was based. If the local mental
health authority or its designee determines that the
conditions justifying that commitment no longer
exist, it shall discharge the patient from
involuntary commitment and immediately report
the discharge to the court. Otherwise, the court shall immediately appoint two designated examiners and proceed under Subsections (8) through (14).

(c) The local mental health authority or its designee responsible for the care of a patient under an order of commitment for an indeterminate period shall, at six-month intervals, reexamine the reasons upon which the order of indeterminate commitment was based. If the local mental health authority or its designee determines that the conditions justifying that commitment no longer exist, that local mental health authority or its designee shall discharge the patient from its custody and immediately report the discharge to the court. If the local mental health authority or its designee determines that the conditions justifying that commitment continue to exist, the local mental health authority or its designee shall send a written report of those findings to the court. The patient and the patient’s counsel of record shall be notified in writing that the involuntary commitment will be continued, the reasons for that decision, and that the patient has the right to a review hearing by making a request to the court. Upon receiving the request, the court shall immediately appoint two designated examiners and proceed under Subsections (8) through (14).

(18) Any patient committed as a result of an original hearing or a patient’s legally designated representative who is aggrieved by the findings, conclusions, and order of the court entered in the original hearing has the right to a new hearing upon a petition filed with the court within 30 days of the entry of the court order. The petition must allege error or mistake in the findings, in which case the court shall appoint three impartial designated examiners previously unrelated to the case to conduct an additional examination of the patient. The new hearing shall, in all other respects, be conducted in the manner otherwise permitted.

(19) Costs of all proceedings under this section shall be paid by the county in which the proposed patient resides or is found.

Section 8. Section 62A-15-703 is amended to read:

(1) A child may receive services from a local mental health authority in an inpatient or residential setting only after a commitment proceeding, for the purpose of transferring physical custody, has been conducted in accordance with the requirements of this section.

(2) That commitment proceeding shall be initiated by a petition for commitment, and shall be a careful, diagnostic inquiry, conducted by a neutral and detached fact finder, pursuant to the procedures and requirements of this section. If the findings described in Subsection (4) exist, the proceeding shall result in the transfer of physical custody to the appropriate local mental health authority, and the child may be placed in an inpatient or residential setting.

(3) The neutral and detached fact finder who conducts the inquiry:

(a) shall be a designated examiner, as defined in Section 62A-15-602; and

(b) may not profit, financially or otherwise, from the commitment or physical placement of the child in that setting.

(4) Upon determination by a fact finder that the following circumstances clearly exist, the fact finder may order that the child be committed to the physical custody of a local mental health authority:

(a) the child has a mental illness, as defined in Subsection 62A-15-602(12);

(b) the child demonstrates a reasonable fear of the risk of substantial danger to self or others;

(c) the child will benefit from care and treatment by the local mental health authority; and

(d) there is no appropriate less-restrictive alternative.

(5) (a) The commitment proceeding before the neutral and detached fact finder shall be conducted in an informal manner as possible and in a physical setting that is not likely to have a harmful effect on the child.

(b) The child, the child’s parent or legal guardian, the petitioner, and a representative of the appropriate local mental health authority:

(i) shall receive informal notice of the date and time of the proceeding; and

(ii) may appear and address the petition for commitment.

(c) The neutral and detached fact finder may, in the fact finder’s discretion, receive the testimony of any other person.

(d) The fact finder may allow a child to waive the child’s right to be present at the commitment proceeding, for good cause shown. If that right is waived, the purpose of the waiver shall be made a matter of record at the proceeding.

(e) At the time of the commitment proceeding, the appropriate local mental health authority, its designee, or the psychiatrist who has been in charge of the child’s care prior to the commitment proceeding, shall provide the neutral and detached fact finder with the following information, as it relates to the period of current admission:

(i) the petition for commitment;

(ii) the admission notes;

(iii) the child’s diagnosis;

(iv) physicians’ orders;

(v) progress notes;

(vi) nursing notes; and

the discharge to the court. Otherwise, the court shall immediately appoint two designated examiners and proceed under Subsections (8) through (14).

(c) The local mental health authority or its designee responsible for the care of a patient under an order of commitment for an indeterminate period shall, at six-month intervals, reexamine the reasons upon which the order of indeterminate commitment was based. If the local mental health authority or its designee determines that the conditions justifying that commitment no longer exist, that local mental health authority or its designee shall discharge the patient from its custody and immediately report the discharge to the court. If the local mental health authority or its designee determines that the conditions justifying that commitment continue to exist, the local mental health authority or its designee shall send a written report of those findings to the court. The patient and the patient’s counsel of record shall be notified in writing that the involuntary commitment will be continued, the reasons for that decision, and that the patient has the right to a review hearing by making a request to the court. Upon receiving the request, the court shall immediately appoint two designated examiners and proceed under Subsections (8) through (14).

(18) Any patient committed as a result of an original hearing or a patient’s legally designated representative who is aggrieved by the findings, conclusions, and order of the court entered in the original hearing has the right to a new hearing upon a petition filed with the court within 30 days of the entry of the court order. The petition must allege error or mistake in the findings, in which case the court shall appoint three impartial designated examiners previously unrelated to the case to conduct an additional examination of the patient. The new hearing shall, in all other respects, be conducted in the manner otherwise permitted.

(19) Costs of all proceedings under this section shall be paid by the county in which the proposed patient resides or is found.

Section 8. Section 62A-15-703 is amended to read:

(1) A child may receive services from a local mental health authority in an inpatient or residential setting only after a commitment proceeding, for the purpose of transferring physical custody, has been conducted in accordance with the requirements of this section.

(2) That commitment proceeding shall be initiated by a petition for commitment, and shall be a careful, diagnostic inquiry, conducted by a neutral and detached fact finder, pursuant to the procedures and requirements of this section. If the findings described in Subsection (4) exist, the proceeding shall result in the transfer of physical custody to the appropriate local mental health authority, and the child may be placed in an inpatient or residential setting.

(3) The neutral and detached fact finder who conducts the inquiry:

(a) shall be a designated examiner, as defined in Section 62A-15-602; and

(b) may not profit, financially or otherwise, from the commitment or physical placement of the child in that setting.

(4) Upon determination by a fact finder that the following circumstances clearly exist, the fact finder may order that the child be committed to the physical custody of a local mental health authority:

(a) the child has a mental illness, as defined in Subsection 62A-15-602(12);

(b) the child demonstrates a reasonable fear of the risk of substantial danger to self or others;

(c) the child will benefit from care and treatment by the local mental health authority; and

(d) there is no appropriate less-restrictive alternative.

(5) (a) The commitment proceeding before the neutral and detached fact finder shall be conducted in an informal manner as possible and in a physical setting that is not likely to have a harmful effect on the child.

(b) The child, the child’s parent or legal guardian, the petitioner, and a representative of the appropriate local mental health authority:

(i) shall receive informal notice of the date and time of the proceeding; and

(ii) may appear and address the petition for commitment.

(c) The neutral and detached fact finder may, in the fact finder’s discretion, receive the testimony of any other person.

(d) The fact finder may allow a child to waive the child’s right to be present at the commitment proceeding, for good cause shown. If that right is waived, the purpose of the waiver shall be made a matter of record at the proceeding.

(e) At the time of the commitment proceeding, the appropriate local mental health authority, its designee, or the psychiatrist who has been in charge of the child’s care prior to the commitment proceeding, shall provide the neutral and detached fact finder with the following information, as it relates to the period of current admission:

(i) the petition for commitment;

(ii) the admission notes;

(iii) the child’s diagnosis;

(iv) physicians’ orders;

(v) progress notes;

(vi) nursing notes; and...
(vii) medication records.

(f) The information described in Subsection (5)(e) shall also be provided to the child’s parent or legal guardian upon written request.

(g) (i) The neutral and detached fact finder’s decision of commitment shall state the duration of the commitment. Any commitment to the physical custody of a local mental health authority may not exceed 180 days. Prior to expiration of the commitment, and if further commitment is sought, a hearing shall be conducted in the same manner as the initial commitment proceeding, in accordance with the requirements of this section.

(ii) At the conclusion of the hearing and subsequently in writing, when a decision for commitment is made, the neutral and detached fact finder shall inform the child and the child’s parent or legal guardian of that decision and of the reasons for ordering commitment.

(iii) The neutral and detached fact finder shall state in writing the basis of the decision, with specific reference to each of the criteria described in Subsection (4), as a matter of record.

(6) A child may be temporarily committed for a maximum of 72 hours, excluding Saturdays, Sundays, and legal holidays, to the physical custody of a local mental health authority in accordance with the procedures described in Section 62A-15-629 and upon satisfaction of the risk factors described in Subsection (4). A child who is temporarily committed shall be released at the expiration of the 72 hours unless the procedures and findings required by this section for the commitment of a child are satisfied.

(7) A local mental health authority shall have physical custody of each child committed to it under this section. The parent or legal guardian of a child committed to the physical custody of a local mental health authority under this section, retains legal custody of the child, unless legal custody has been otherwise modified by a court of competent jurisdiction. In cases when the Division of Child and Family Services or the Division of Juvenile Justice Services has legal custody of a child, that division shall retain legal custody for purposes of this part.

(8) The cost of caring for and maintaining a child in the physical custody of a local mental health authority shall be assessed to and paid by the child’s parents, according to their ability to pay. For purposes of this section, the Division of Child and Family Services or the Division of Juvenile Justice Services shall be financially responsible, in addition to the child’s parents, if the child is in the legal custody of either of those divisions at the time the child is committed to the physical custody of a local mental health authority under this section, unless Medicaid regulation or contract provisions specify otherwise. The Office of Recovery Services shall assist those divisions in collecting the costs assessed pursuant to this section.

(9) Whenever application is made for commitment of a minor to a local mental health authority under any provision of this section by a person other than the child’s parent or guardian, the local mental health authority or its designee shall notify the child’s parent or guardian. The parents shall be provided sufficient time to prepare and appear at any scheduled proceeding.

(10) (a) Each child committed pursuant to this section is entitled to an appeal within 30 days after any order for commitment. The appeal may be brought on the child’s own petition or on petition of the child’s parent or legal guardian, to the juvenile court in the district where the child resides or is currently physically located. With regard to a child in the custody of the Division of Child and Family Services or the Division of Juvenile Justice Services, the attorney general’s office shall handle the appeal, otherwise the appropriate county attorney’s office is responsible for appeals brought pursuant to this Subsection (10)(a).

(b) Upon receipt of the petition for appeal, the court shall appoint a designated examiner previously unrelated to the case, to conduct an examination of the child in accordance with the criteria described in Subsection (4), and file a written report with the court. The court shall then conduct an appeal hearing to determine whether the findings described in Subsection (4) exist by clear and convincing evidence.

(c) Prior to the time of the appeal hearing, the appropriate local mental health authority, its designee, or the mental health professional who has been in charge of the child’s care prior to commitment, shall provide the court and the designated examiner for the appeal hearing with the following information, as it relates to the period of current admission:

(i) the original petition for commitment;
(ii) admission notes;
(iii) diagnosis;
(iv) physicians’ orders;
(v) progress notes;
(vi) nursing notes; and
(vii) medication records.

(d) Both the neutral and detached fact finder and the designated examiner appointed for the appeal hearing shall be provided with an opportunity to review the most current information described in Subsection (10)(c) prior to the appeal hearing.

(e) The child, the child’s parent or legal guardian, the person who submitted the original petition for commitment, and a representative of the appropriate local mental health authority shall be notified by the court of the date and time of the appeal hearing. Those persons shall be afforded an opportunity to appear at the hearing. In reaching its decision, the court shall review the record and findings of the neutral and detached fact finder, the report of the designated examiner appointed pursuant to Subsection (10)(b), and may, in its discretion, allow or require the testimony of the neutral and detached fact finder, the designated
examiner, the child, the child’s parent or legal guardian, the person who brought the initial petition for commitment, or any other person whose testimony the court deems relevant. The court may allow the child to waive the right to appear at the appeal hearing, for good cause shown. If that waiver is granted, the purpose shall be made a part of the court’s record.

(11) Each local mental health authority has an affirmative duty to conduct periodic evaluations of the mental health and treatment progress of every child committed to its physical custody under this section, and to release any child who has sufficiently improved so that the criteria justifying commitment no longer exist.

(12) (a) A local mental health authority or its designee, in conjunction with the child’s current treating mental health professional may release an improved child to a less restrictive environment, as they determine appropriate. Whenever the local mental health authority or its designee, and the child’s current treating mental health professional, determine that the conditions justifying commitment no longer exist, the child shall be discharged and released to the child’s parent or legal guardian. With regard to a child who is in the physical custody of the State Hospital, the treating psychiatrist or clinical director of the State Hospital shall be the child’s current treating mental health professional.

(b) A local mental health authority or its designee, in conjunction with the child’s current treating mental health professional, is authorized to issue a written order for the immediate placement of a child not previously released from an order of commitment into a more restrictive environment, if the local authority or its designee and the child’s current treating mental health professional has reason to believe that the less restrictive environment in which the child has been placed is exacerbating the child’s mental illness, or increasing the risk of harm to self or others.

(c) The written order described in Subsection (12)(b) shall include the reasons for placement in a more restrictive environment and shall authorize any peace officer to take the child into physical custody and transport the child to a facility designated by the appropriate local mental health authority in conjunction with the child’s current treating mental health professional. Prior to admission to the more restrictive environment, copies of the order shall be personally delivered to the child, the child’s parent or legal guardian, the administrator of the more restrictive environment, or the administrator’s designee, and the child’s former treatment provider or facility.

(d) If the child has been in a less restrictive environment for more than 30 days and is aggrieved by the change to a more restrictive environment, the child or the child’s representative may request a review within 30 days of the change, by a neutral and detached fact finder as described in Subsection (3). The fact finder shall determine whether:

(i) the less restrictive environment in which the child has been placed is exacerbating the child’s mental illness or increasing the risk of harm to self or others; or

(ii) the less restrictive environment in which the child has been placed is not exacerbating the child’s mental illness or increasing the risk of harm to self or others, in which case the fact finder shall designate that the child remain in the less restrictive environment.

(e) Nothing in this section prevents a local mental health authority or its designee, in conjunction with the child’s current mental health professional, from discharging a child from commitment or from placing a child in an environment that is less restrictive than that designated by the neutral and detached fact finder.

(13) Each local mental health authority or its designee, in conjunction with the child’s current treating mental health professional shall discharge any child who, in the opinion of that local authority, or its designee, and the child’s current treating mental health professional, no longer meets the criteria specified in Subsection (4), except as provided by Section 78A-6-120. The local authority and the mental health professional shall assure that any further supportive services required to meet the child’s needs upon release will be provided.

(14) Even though a child has been committed to the physical custody of a local mental health authority under this section, the child is still entitled to additional due process proceedings, in accordance with Section 62A-15-704, before any treatment that may affect a constitutionally protected liberty or privacy interest is administered. Those treatments include, but are not limited to, antipsychotic medication, electroshock therapy, and psychosurgery.

(vi) a dollar amount representing the estimated costs or savings, if any, to state and local government entities under the proposed law; [and]

(vii) a concise explanation, not exceeding 100 words, of the above information and of the estimated fiscal impact, if any, under the proposed law[;] and

(viii) a concise description and analysis titled “Funding Source,” not to exceed 50 words, of the funding source information described in Subsection 20A-7-202(2)(d)(ii).

(b) (i) If the proposed law is estimated to have no fiscal impact, the [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst shall include a summary statement in the initial fiscal impact statement in substantially the following form:

“The [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst estimates that the law proposed by this initiative would have no significant fiscal impact and would not result in either an increase or decrease in taxes or debt.”

(ii) If the proposed law is estimated to have a fiscal impact, the [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst shall include a summary statement in the initial fiscal impact estimate in substantially the following form:

“The [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst estimates that the law proposed by this initiative would result in a total fiscal expense/savings of $______, which includes a (type of tax or taxes) tax increase/decrease of $______ and a $______ increase/decrease in state debt.”

(iii) If the estimated fiscal impact of the proposed law is highly variable or is otherwise difficult to reasonably express in a summary statement, the [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst may include in the summary statement a brief explanation that identifies those factors affecting the variability or difficulty of the estimate.

(iv) If the proposed law imposes a tax increase, the [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst shall include a summary statement in the initial fiscal impact estimate in substantially the following form:

“This initiative petition seeks to increase the current (insert name of tax) rate by (insert the tax percentage increase) percent, resulting in an (n) (insert the tax percentage increase) percent increase in the current tax rate.”

(3) The [Governor’s Office of Management and Budget] Office of the Legislative Fiscal Analyst shall prepare an unbiased, good faith estimate of the cost of printing and distributing information related to the initiative petition in:

(a) the voter information pamphlet as required by Title 20A, Chapter 7, Part 7, Voter Information Pamphlet; or

(b) the newspaper, as required by Section 20A-7-702.

(a) deliver a copy of the initial fiscal impact estimate to the lieutenant governor’s office; and

(b) mail a copy of the initial fiscal impact estimate to the first five sponsors named in the initiative application.
Three or more of the sponsors of the initiative petition may, within 20 calendar days after the date of delivery of the initial fiscal impact estimate to the lieutenant governor, file a petition with the appropriate court, alleging that the initial fiscal impact estimate, taken as a whole, is an inaccurate estimate of the fiscal impact of the initiative.

After receipt of the appeal, the [Supreme Court] court shall direct the lieutenant governor to send notice of the petition to:

(A) any person or group that has filed an argument with the lieutenant governor’s office for or against the measure that is the subject of the challenge; and

(B) any political issues committee established under Section 20A-11-801 that has filed written or electronic notice with the lieutenant governor that identifies the name, mailing or email address, and telephone number of the person designated to receive notice about any issues relating to the initiative.

There is a presumption that the initial fiscal impact estimate prepared by the Governor’s Office of Management and Budget Office of the Legislative Fiscal Analyst is based upon reasonable assumptions, uses reasonable data, and applies accepted analytical methods to present the estimated fiscal impact of the initiative.

The [Supreme Court] court may not revise the contents of, or direct the revision of, the initial fiscal impact estimate unless the plaintiffs rebut the presumption by clear and convincing evidence that establishes that the initial fiscal estimate, taken as a whole, is an inaccurate statement of the estimated fiscal impact of the initiative.

The [Supreme Court] court may refer an issue related to the initial fiscal impact estimate to a master to examine the issue and make a report in accordance with Utah Rules of Civil Procedure, Rule 53.

The [Supreme Court] court shall certify to the lieutenant governor a fiscal impact estimate for the measure that meets the requirements of this section.

(B) the creation of the new school district.

(2) (a) By majority vote of the legislative body, a city of any class, a town, or a county, may, together with one or more other cities, towns, or the county enter into an interlocal agreement, in accordance with Title 11, Chapter 13, Interlocal Cooperation Act, for the purpose of submitting for voter approval a measure to create a new school district.

(iii) An inadequacy of a feasibility study under Subsection (2)(b)(i)(A) may not be the basis of a legal action or other challenge to:

(A) an election for voter approval of the creation of a new school district; or

(B) the creation of the new school district.

(iv) For purposes of determining whether the boundaries of a proposed new school district cross county lines under Subsection (2)(b)(i)(C)(IV):

(A) a municipality located in more than one county and entirely within the boundaries of a single school district is considered to be entirely within the same county as other participants in an interlocal agreement under Subsection (2)(a) if more of the municipality’s land area and population is located in that same county than outside the county; and

(B) a municipality located in more than one county that participates in an interlocal agreement under Subsection (2)(a) with respect to some but not all of the area within the municipality’s boundaries on the basis of the exception stated in Subsection (2)(d)(ii)(B) may not be considered to cross county lines.

(II) The isolated area shall, on July 1 of the second calendar year following the local school board general election date described in Subsection (3)(a)(i), become part of the municipality’s school district.

(III) Unless the isolated area is the only remaining part of the existing district, the process described in Subsection (4) shall be modified to:

(C) considering the child to be a resident of the
district under this Subsection (2)(b)(iv) does not
violate any other law or rule of the [State Board of
Education] state board; or

(v) if the child is married or has been determined
to be an emancipated minor by a court of law or by a
state administrative agency authorized to make
that determination.

(3) A minor child whose custodial parent [or legal
guardian] does not reside in the state is considered
to be a resident of the district in which the child
lives, unless that designation violates any other law
or rule of the [State Board of Education] state board,
if:

(a) the child is married or an emancipated minor
under Subsection (2)(b)(v);

(b) the child lives with a resident of the district
who is a responsible adult and whom the district

state;

(ii) the child’s parent [or guardian] executes a
power of attorney under Section 75–5–103 that:

with whom the child resides;

(iii) the responsible adult described in Subsection

(v) the child is prepared to abide by the [rules and]
policies of the school and school district in which

(vi) the child’s attendance in the school will not be
detrimental to the school or school district.

(4) (a) If admission is sought under Subsection
(2)(b)(iii), (3)(c), or (3)(d), then the district may
require the person with whom the child lives to be
designated as the child’s custodian in a durable
power of attorney, issued by the party who has legal
custody of the child, granting the custodian full
authority to take any appropriate action, including
authorization for educational or medical services,
in the interests of the child.

(b) Both the party granting and the party
empowered by the power of attorney shall agree to:

(i) assume responsibility for any fees or other
charges relating to the child’s education in the
district; and

(ii) if eligibility for fee waivers is claimed under
Section 53G–7–504, provide the school district with
all financial information requested by the district
for purposes of determining eligibility for fee
waivers.

becomes emancipated;

(ii) the expiration date stated in the document; or

(iii) the power of attorney is revoked or rendered
inoperative by the grantor or grantee, or by order of
a court of competent jurisdiction.

(5) A power of attorney does not confer legal
guardianship.

(6) Each school district is responsible for
providing educational services for all children of
school age who are residents of the district.

Section 80. Section 53G–6–303 is amended
to read:

53G–6–303. Guardianship for residency
purposes by responsible adult --
Procedure to obtain -- Termination.

(1) For purposes of this part, “responsible adult”
means a person 21 years of age or older who is a
resident of this state and is willing and able to
provide reasonably adequate food, clothing, shelter,
and supervision for a minor child.
(2) A local school board [of education] may adopt a policy permitting it to designate a responsible adult residing in the school district as legal guardian of a child whose custodial parent [or legal guardian] does not reside within the state upon compliance with the following requirements:

(a) submission to the school district of a signed and notarized affidavit by the child's custodial parent [or legal guardian] stating that:

(i) the child's presence in the district is not for the primary purpose of attending the public schools;

(ii) the child's physical, mental, moral, or emotional health would best be served by a transfer of guardianship to the Utah resident;

(iii) the affiant is aware that designation of a guardian under this section is equivalent to a court-ordered guardianship under Section 75-5-206 and will suspend or terminate any existing parental or guardianship rights in the same manner as would occur under a court-ordered guardianship;

(iv) the affiant consents and submits to any such suspension or termination of parental or guardianship rights;

(v) the affiant consents and submits to the jurisdiction of the state district court in which the school district is located in any action relating to the guardianship or custody of the child in question;

(vi) the affiant designates a named responsible adult as agent, authorized to accept service on behalf of the affiant of any process, notice, or demand required or permitted to be served in connection with any action under Subsection (2)(a)(v); and

(vii) it is the affiant's intent that the child become a permanent resident of the state and reside with and be under the supervision of the named responsible adult;

(b) submission to the school district of a signed and notarized affidavit by the responsible adult stating that:

(i) the affiant is a resident of the school district and desires to become the guardian of the child;

(ii) the affiant consents and submits to the jurisdiction of the state district court in which the school district is located in any action relating to the guardianship or custody of the child in question;

(iii) the affiant will accept the responsibilities of guardianship for the duration, including the responsibility to provide adequate supervision, discipline, food, shelter, educational and emotional support, and medical care for the child if designated as the child's guardian; and

(iv) the affiant accepts the designation as agent under Subsection (2)(a)(vi);

(c) submission to the school district of a signed and notarized affidavit by the child stating that:

(i) the child desires to become a permanent resident of Utah and reside with and be responsible to the named responsible adult; and

(ii) the child will abide by all applicable [rules] policies of any public school which the child may attend after guardianship is awarded; and

(d) if the child's custodial parent [or legal guardian] cannot be found in order to execute the statement required under Subsection (2)(a), the responsible adult must submit an affidavit to that effect to the district. The district shall also submit a copy of the statement to the Criminal Investigations and Technical Services Division of the Department of Public Safety, established in Section 53-10-103.

(3) The district may require the responsible adult, in addition to the documents set forth in Subsection (2), to also submit any other documents which are relevant to the appointment of a guardian of a minor or which the district reasonably believes to be necessary in connection with a given application to substantiate any claim or assertion made in connection with the application for guardianship.

(4) Upon receipt of the information and documentation required under Subsections (2) and (3), and a determination by the local school board that the information is accurate, that the requirements of this section have been met, and that the interests of the child would best be served by granting the requested guardianship, the local school board or its authorized representative may designate the applicant as guardian of the child by issuing a designation of guardianship letter to the applicant.

(5) (a) If a local school board has adopted a policy permitting the local school board to designate a guardian under this section, a denial of an application for appointment of a guardian may be appealed to the district court in which the school district is located.

(b) The court shall uphold the decision of the local school board unless it finds, by clear and convincing evidence, that the local school board's decision was arbitrary and capricious.

(c) An applicant may, rather than appealing the local school board's decision under Subsection (5)(b), file an original Petition for Appointment of Guardian with the district court, which action shall proceed as if no decision had been made by the local school board.

(6) A responsible adult obtaining guardianship under this section has the same rights, authority, and responsibilities as a guardian appointed under Section 75-5-201.

(7) (a) The school district shall deliver the original documents filed with the school district, together with a copy of the designation of guardianship issued by the district, in person or by any form of mail requiring a signed receipt, to the clerk of the state district court in which the school district is located.
(b) The court may not charge the school district a fee for filing guardianship papers under this section.

(8) (a) The authority and responsibility of a custodial parent [or legal guardian] submitting an affidavit under this section may be restored by the district, and the guardianship obtained under this section terminated by the district:

(i) upon submission to the school district in which the guardianship was obtained of a signed and notarized statement by the person who consented to guardianship under Subsection (2)(a) requesting termination of the guardianship; or

(ii) by the person accepting guardianship under Subsection (2)(b) requesting the termination of the guardianship.

(b) If the school district determines that it would not be in the best interests of the child to terminate the guardianship, the district may refer the request for termination to the state district court in which the documents were filed under Subsection (5) for further action consistent with the interests of the child.

(9) The school district shall retain copies of all documents required by this section until the child in question has reached the age of 18 unless directed to surrender the documents by a court of competent jurisdiction.

(10) (a) Intentional submission to a school district of fraudulent or misleading information under this part is punishable under Section 76-8-504.

(b) A school district which has reason to believe that a party has intentionally submitted false or misleading information under this part may, after notice and opportunity for the party to respond to the allegation:

(i) void any guardianship, authorization, or action which was based upon the false or misleading information; and

(ii) recover, from the party submitting the information, the full cost of any benefits received by the child on the basis of the false or misleading information, including tuition, fees, and other unpaid school charges, together with any related costs of recovery.

(c) A student whose guardianship or enrollment has been terminated under this section may, upon payment of all applicable tuition and fees, continue in enrollment until the end of the school year unless excluded from attendance for cause.

Section 81. Section 53G-6-305 is amended to read:

53G-6-305. District paying tuition -- Effect on state aid.

(1) A local school board may by written agreement pay the tuition of a child attending school in a district outside the state. Both districts shall approve the agreement and file it with the [State Board of Education] state board.

(2) The average daily membership of the child may be added to that of other eligible children attending schools within the district of residence for the purpose of apportionment of state funds.

(3) (a) The district of residence shall bear any excess tuition costs over the state’s contribution for attendance in the district of residence unless otherwise approved in advance by the [State Board of Education] state board.

(b) (i) If a child who resides in a Utah school district’s boundaries attends school in a neighboring state under this section, the [State Board of Education] state board may make an out-of-state tuition payment to the Utah school district of residence.

(ii) If the [State Board of Education] state board approves the use of state funds for an out-of-state tuition payment described in Subsection (3)(b)(i), the [State Board of Education] state board shall use funds appropriated by the Legislature for necessarily existent small schools as described in Section 53F-2-304.

Section 82. Section 53G-6-306 is amended to read:

53G-6-306. Permitting attendance by nonresident of the state -- Tuition.

(1) A local school board may permit a child residing outside the state to attend school within the district. With the exception of a child enrolled under Section 53G-6-707, the child is not included for the purpose of apportionment of state funds.

(2) The local school board shall charge the nonresident child tuition at least equal to the per capita cost of the school program in which the child enrolls unless the local school board, in open meeting, determines to waive the charge for that child in whole or in part. The official minutes of the meeting shall reflect the determination.

(b) The [State Board of Education] state board may adopt rules under which nonresident students may be transported to their schools of attendance if:

(ii) the Legislature has granted an adequate specific appropriation for that purpose.

(c) A receiving district shall provide transportation for a nonresident student on the basis of available space on an approved route within the district to the school of attendance if district students would be eligible for transportation to the same school from that point on the bus route and the student’s presence does not increase the cost of the bus route.

(d) Nothing in this section shall be construed as prohibiting the resident district or the receiving district from providing bus transportation on any approved route.

(e) Except as provided in Subsection (3)(b), the district of residence may not claim any state transportation costs for students enrolled in other school districts.

Section 88. Section 53G-6-406 is amended to read:
