Section 2. Section 13-43-206 is amended to read:

(1) A request for an advisory opinion under Section 13-43-205 shall be:

(a) filed with the Office of the Property Rights Ombudsman; and

(b) accompanied by a filing fee of $150.

(2) The Office of the Property Rights Ombudsman may establish policies providing for partial fee waivers for a person who is financially unable to pay the entire fee.

(3) A person requesting an advisory opinion need not exhaust administrative remedies, including remedies described under Section 10-9a-801 or 17-27a-801, before requesting an advisory opinion.

(4) The Office of the Property Rights Ombudsman shall:

(a) deliver notice of the request to opposing parties indicated in the request;

(b) inquire of all parties if there are other necessary parties to the dispute; and

(c) deliver notice to all necessary parties.

(5) If a governmental entity is an opposing party, the Office of the Property Rights Ombudsman shall deliver the request in the manner provided for in Section 63G-7-401.

(6) (a) The Office of the Property Rights Ombudsman shall promptly determine if the parties can agree to a neutral third party to issue an advisory opinion.

(b) If no agreement can be reached within four business days after notice is delivered pursuant to Subsections (4) and (5), the Office of the Property Rights Ombudsman shall appoint a neutral third party to issue an advisory opinion.

(7) All parties that are the subject of the request for advisory opinion shall:

(a) share equally in the cost of the advisory opinion; and

(b) investigate and consider all responses; and

(c) issue a written advisory opinion within 15 business days after the appointment of the neutral third party under Subsection (6)(b), unless:

(i) the parties agree to extend the deadline; or

(ii) the neutral third party determines that the matter is complex and requires additional time to render an opinion, which may not exceed 30 calendar days.

(9) An advisory opinion shall include a statement of the facts and law supporting the opinion's conclusions.

(10) (a) Copies of any advisory opinion issued by the Office of the Property Rights Ombudsman shall be delivered as soon as practicable to all necessary parties.

(b) A copy of the advisory opinion shall be delivered to the government entity in the manner provided for in Section 63G-7-401.

(11) An advisory opinion issued by the Office of the Property Rights Ombudsman is not binding on any party to, nor admissible as evidence in, a dispute involving land use law except as provided in Subsection (12).

(12) Subject to Subsection (14), if a dispute involving land use law results in the issuance of an advisory opinion described in this section, if the same issue that is the subject of the advisory opinion is subsequently litigated on the same facts and circumstances at issue in the advisory opinion, and if the relevant issue is resolved consistent with the advisory opinion, the substantially prevailing party on that cause of action may collect:

(a) reasonable attorney fees and court costs pertaining to the development of that cause of action from the date of the delivery of the advisory opinion to the date of the court's resolution; and

(13) (a) Subsection (12) does not apply unless the resolution described in Subsection (12) is final.

(b) A court may not impose a civil penalty under Subsection (12)(b) against or in favor of a party...
other than the land use applicant or a government entity.

(14) In addition to any amounts awarded under Subsection (12), if the dispute described in Subsection (12) in whole or in part concerns an impact fee, and if the result of the litigation requires that the political subdivision or private entity refund the impact fee in accordance with Section 11-36a-603, the political subdivision or private entity shall refund the impact fee in an amount that is based on the difference between the impact fee paid and what the impact fee should have been if the political subdivision or private entity had correctly calculated the impact fee.

(15) Nothing in this section is intended to create any new cause of action under land use law.

(16) Unless filed by the local government, a request for an advisory opinion under Section 13–43–205 does not stay the progress of a land use application, the effect of a land use decision, or the condemning entity’s occupancy of a property.

(c) The inability, failure, or refusal of the victim to provide all or part of the requested information shall result in the probation department determining restitution based on the best information available.

(10) (a) The court’s probation department may not predicate acceptance of an offer of a nonjudicial adjustment on an admission of guilt.

(b) The court’s probation department may not deny a minor an offer of a nonjudicial adjustment due to a minor’s inability to pay a financial penalty under Subsection (8).

(c) The court’s probation department shall base a fee, fine, or the restitution for a nonjudicial adjustment under Subsection (8) upon the ability of the minor’s family to pay as determined by a statewide sliding scale developed in accordance with Section 63M-7-208 on or after July 1, 2018.

(C) the treatment is necessary based on a clinical assessment that is developmentally appropriate for the minor.
(ii) If a juvenile court judge extends a minor’s nonjudicial adjustment under Subsection (10)(e)(i), the judge may extend the nonjudicial adjustment until the minor completes the treatment under this Subsection (10)(e), but the judge may only grant each extension for 90 days at a time.

(f) If a minor violates Section 76-10-105, the minor may be required to pay a fine or penalty and participate in a court-approved tobacco education program with a participation fee.

(11) If a prosecuting attorney is requested to review a referral in accordance with Subsection (5) or (6), a minor fails to substantially comply with a condition agreed upon as part of the nonjudicial adjustment, or a minor is not offered or declines a nonjudicial adjustment in accordance with Subsection (7), the prosecuting attorney shall:

*Be it enacted by the Legislature of the state of Utah:*

**Section 1.** Section 63G-6a-707 is amended to read:

(1) A procurement unit shall appoint an evaluation committee of at least three members to evaluate proposals received in response to a request for proposals issued by the procurement unit.

(2) The evaluation committee shall evaluate proposals in accordance with the process described in the request for proposals.

(3) To determine which proposal provides the best value to the procurement unit, the evaluation committee shall evaluate each responsible offeror's responsive proposal that has not been disqualified from consideration under the provisions of this chapter, using the evaluation criteria described in the request for proposals.

(4) Criteria not described in the request for proposals may not be used to evaluate a proposal.

(5) A procurement unit shall:

(a) appoint evaluation committee members who have at least a general familiarity with or basic understanding of:

(i) the technical requirements relating to the type of procurement item that is the subject of the procurement; or

(ii) the need that the procurement item is intended to address; and

(b) ensure that the evaluation committee and each individual participating in the evaluation committee process:

(i) does not have a conflict of interest with any of the offerors;

(ii) can fairly evaluate each proposal;

(iii) does not contact or communicate with an offeror concerning the procurement outside the official evaluation committee process; and

(iv) conducts or participates in the evaluation in a manner that ensures a fair and competitive process and avoids the appearance of impropriety.

(6) A procurement unit may authorize an evaluation committee to receive assistance from an expert or consultant to better understand a technical issue involved in the procurement.

(7) (a) Except as provided in Subsection (7)(b), an evaluation committee member is prohibited from knowing or having access to information relating to the cost of a proposal until after the evaluation committee submits its recommendation to the procurement unit based on the scores of all criteria other than cost.

(b) A procurement official may waive the prohibition of Subsection (7)(a) by signing a written statement indicating why waiving the prohibition is in the best interests of the procurement unit.

(8) An evaluation committee may not change its final recommended scores after the evaluation committee has submitted those scores to the procurement unit.

(9) (a) The deliberations and other proceedings of an evaluation committee may be held in private.

(b) If the evaluation committee is a public body, as defined in Section 52-4-103, the evaluation committee shall comply with Section 52-4-205 in closing a meeting for its deliberations and other proceedings.

(10) (a) At the conclusion of the evaluation process, an evaluation committee shall prepare and submit to the procurement unit a written statement that:

(i) recommends a proposal for an award of a contract, if the evaluation committee decides to recommend a proposal;

(ii) contains the score awarded to the recommended proposal based on the criteria stated in the request for proposals; and

(iii) explains how the recommended proposal provides the best value to the procurement unit.

(b) A procurement unit is not required to comply with Subsection (10)(a) for a contract with a construction manager/general contractor if the contract is awarded based solely on:

(i) the number of foreign exchange students enrolled in public schools in the state on October 1 of the previous fiscal year; or

(ii) 328 foreign exchange students.

(b) The state board shall make rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to administer the cap on the number of foreign exchange students that may be counted for the purpose of apportioning state money under Subsection (2).

(4) Notwithstanding Section 53F-2-601, weighted pupil units in the grades 1-12 basic program for foreign exchange students, as determined by Subsections (2) and (3), may not be included for the purposes of determining a school district’s state guarantee money under Section 53F-2-601.

(5) This section does not apply to the 2020-2021 academic year.

Section 7. Section 53F-2-304 (Effective 07/01/20) is amended to read:

(a) the amount appropriated for the necessarily existent small schools program in a fiscal year; and

(b) the amount distributed to school districts for

(c) the WPU value rate.

(2) (a) Notwithstanding Section 53F-2-302, foreign exchange students may not be included in average daily membership for the purpose of determining the number of weighted pupil units in the grades 1-12 basic program.

(b) Subject to the limitation in Subsection (3), and except as provided in Subsection (5), the number of weighted pupil units in the grades 1-12 basic program attributed to foreign exchange students shall be equal to the number of foreign exchange students who were:

(i) enrolled in a school district or charter school on October 1 of the previous fiscal year; and

(ii) sponsored by an agency approved by the district’s local school board or charter school’s governing board.

(3) (a) Except as provided in Subsection (5), the total number of foreign exchange students in the state that may be counted for the purpose of apportioning state money under Subsection (2) shall be the lesser of:

(i) the number of foreign exchange students enrolled in public schools in the state on October 1 of the previous fiscal year; or

(ii) 328 foreign exchange students.

(b) An application must be submitted to the state board before April 2, and the state board must report a decision to a local school board before June 2.

(3) The state board shall adopt standards and make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to:

(a) govern the approval of necessarily existent small schools consistent with principles of efficiency and economy that serve the purpose of eliminating schools where consolidation is feasible by participation in special school units; and

(b) ensure that school districts are not building secondary schools in close proximity to one another where economy and efficiency would be better served by one school meeting the needs of secondary students in a designated geographical area.

(4) The state board shall prepare and publish objective standards and guidelines for determining which small schools are necessarily existent after consultation with local school boards.

(5) (a) Additional weighted pupil units for schools classified as necessarily existent small schools shall be computed using distribution formulas adopted by the state board.
(b) The distribution formulas establish the following maximum sizes for funding under the necessarily existent small school program:

(iii) a three-year secondary school 450
(iv) a four-year secondary school 500

(d) A secondary school with fewer than 15 students shall receive the same add-on weighted pupil units as a secondary school with 15 students.

(e) If a necessarily existent small school generates ADM in both elementary and secondary grades, the state board may divide the school’s ADM between an elementary and secondary distribution formula.

(f) The state board shall prepare and distribute an allocation table based on the distribution formula to each school district.

(6) (a) To avoid penalizing a school district financially for consolidating the school district’s small schools, additional weighted pupil units may be allowed a school district each year, not to exceed two years.

(b) The additional weighted pupil units may not exceed the difference between what the school district receives for a consolidated school and what the school district would have received for the small schools had the small schools not been consolidated.

(7) (a) The state board may allocate up to 208 weighted pupil units to support schools that:

(i) have isolating conditions, as defined by the state board, including geographic isolation; and
(ii) do not qualify for necessarily existent small schools funding due to formula limitations.

(b) The state board shall review funding allocations under this Subsection (7) at least once every five calendar years.

(8) If the state board classifies a school as a necessarily existent small school in accordance with this section, the state board shall, subject to legislative appropriation, distribute small district base funding to the relevant school district in the following amounts:

(a) for a district with 250 students or less, 83 additional weighted pupil units;
(b) for a district with 251 to 500 students, 56 additional weighted pupil units;

(10) (a) Subject to Subsection (9)(b) and after a distribution made under Subsection (9), the state board may distribute a portion of necessarily existent small schools funding:

(i) in accordance with a formula adopted by the state board that considers the tax effort of a local school board; or
(ii) to isolated small schools, as identified by the state board.

(b) The amount distributed in accordance with Subsection (10)(a) may not exceed the necessarily existent small schools fund in balance of the prior fiscal year.

(11) A local school board may use the money allocated under this section for maintenance and operation of school programs or for other school purposes as approved by the state board.

Section 8. Section 53F-2-601 is amended to read:

(c) “Local levy increment” means .0001 per dollar of taxable value.

(d) (i) “Voted and board local levy funding balance” means the difference between:

(ii) “Voted and board local levy funding balance” does not include appropriations described in Subsection (2)(b)(i).

(e) “Voted local levy” means a local levy described in Section 53F-8-301.

(2) (a) In addition to the revenue collected from the imposition of a voted local levy or a board local
levy, the state shall guarantee that a school district receives, subject to Subsections (2)(b)(ii)(C) and (3)(a), for each guaranteed local levy increment, an amount sufficient to guarantee for a fiscal year that begins on July 1, 2018, $43.10 per weighted pupil unit.

(ii) Except as provided in Subsection (2)(b)(ii), the number of local levy increments that are subject to the guarantee amount described in Subsection (2)(a)(i) are:

(A) for a board local levy, the first four local levy increments a local school board imposes under the board local levy; and

(B) for a voted local levy, the first 16 local levy increments a local school board imposes under the voted local levy.

(b) (i) Subject to future budget constraints and Subsection (2)(c), the Legislature shall annually appropriate money from the Local Levy Growth Account established in Section 53F-9-305 for purposes described in Subsection (2)(b)(ii).

(ii) The state board shall, for a fiscal year beginning on or after July 1, 2018, and subject to Subsection (2)(c), allocate funds appropriated under Subsection (2)(b)(i) in the following order of priority by increasing:

(C) the guaranteed amount described in Subsection (2)(a)(i).

(c) The number of guaranteed local levy increments under this Subsection (2) for a school district may not exceed 20 guaranteed local levy increments, regardless of whether the guaranteed local levy increments are from the imposition of a voted local levy, a board local levy, or a combination of the two.

(d)(i) As used in this Subsection (2)(d), “cost for the guarantee” means the total cost for the guarantee described in this section, excluding the cost of the adjustments described in Subsection (2)(b)(ii).

(ii) In addition to an appropriation for the adjustment described in Subsection (2)(b)(ii), if the state cost for the guarantee for the upcoming fiscal year is less than the amount appropriated for the cost for the guarantee for the current fiscal year, the Legislature may appropriate an additional amount to fund all or part of the difference.

(iii) The state board shall allocate an appropriation described in Subsection (2)(d)(ii) to increase the guarantee amount for each guaranteed local levy increment.

(3) (a) The guarantee described in Subsection (2)(a)(i) is indexed each year to the value of the weighted pupil unit by making the value of the guarantee equal to .011962 times the value of the prior year’s weighted pupil unit.

(b) The guarantee shall increase by .005 times the value of the prior year’s weighted pupil unit for each year subject to the Legislature appropriating funds for an increase in the guarantee.

(4) (a) The amount of state guarantee money that a school district would otherwise be entitled to receive under this section may not be reduced for the sole reason that the school district’s board local levy or voted local levy is reduced as a consequence of changes in the certified tax rate under Section 59-2-924 pursuant to changes in property valuation.

(b) Subsection (4)(a) applies for a period of five years following a change in the certified tax rate as described in Subsection (4)(a).

(5) The guarantee provided under this section does not apply to the portion of a voted local levy rate that exceeds the voted local levy rate that was in effect for the previous fiscal year, unless an increase in the voted local levy rate was authorized in an election conducted on or after July 1 of the previous fiscal year and before December 2 of the previous fiscal year.

(6) (a) If a voted and board local levy funding balance exists for the prior fiscal year, the state board shall:

(i) use the voted and board local levy funding balance to increase the value of the state guarantee per weighted pupil unit described in Subsection (3)(a) in the current fiscal year; and

(ii) distribute guaranteed local levy increment funds to school districts based on the increased value of the state guarantee per weighted pupil unit described in Subsection (6)(a)(i).

(b) The state board shall report action taken under Subsection (6)(a) to the Office of the Legislative Fiscal Analyst and the Governor’s Office of Management and Budget.

(7) A local school board of a school district that receives funds described in this section shall budget and expend the funds for public education purposes.

35A-4-303, as last amended by Laws of Utah 2013, Chapter 26

Be it enacted by the Legislature of the state of Utah:
Section 1. Section 35A-4-303 is amended to read:

35A-4-303. Determination of contribution rates.
(1) (a) An employer’s basic contribution rate is the same as the employer's benefit ratio and is determined by dividing the total benefit costs charged back to an employer during the immediately preceding four fiscal years by the total taxable wages of the employer for the same time period, calculated to four decimal places, disregarding any remaining fraction.

(b) In calculating the basic contribution rate under Subsection (1)(a), if four fiscal years of data are not available:
(i) the data of the number of complete fiscal years that is available shall be divided by the total taxable wages for the same time period; or
(ii) if the employer is a new employer, the basic contribution rate shall be determined as described in Subsection (5).

(2) (a) Subject to Subsection (2)(b), the division shall determine the social contribution rate by dividing all social costs as defined in Subsection 35A-4-307(1) applicable to the preceding four fiscal years by the total taxable wages of all employers subject to contributions for the same period, calculated to four decimal places, disregarding any remaining fraction, and rounding the result to three decimal places as follows:
(i) if the fourth decimal place is four or less, the third decimal place does not change; or
(ii) if the fourth decimal place is five or more, rounding the third decimal place up.

(b) For calendar years 2012 and 2013 only, if the calculation of the social contribution rate under Subsection (2)(a) is greater than 0.004, the social contribution rate for that calendar year is 0.004.

(c) For calendar year 2021 only, if the calculation of the social contribution rate under Subsection (2)(a) is greater than 0.002, the social contribution rate for that calendar year is 0.002.

(3) (a) The division shall set the reserve factor at a rate that sustains an adequate reserve.

(b) For the purpose of setting the reserve factor:
(i) the adequate reserve is defined as between 18 and 24 months of benefits at the average of the five highest benefit cost rates in the last 25 years;
(ii) the division shall set the reserve factor as described in Subsection (3)(b)(i) if the actual reserve fund balance as of June 30 preceding the computation date is determined to be an adequate reserve;
(iii) the division shall set the reserve factor between 0.5000 and 1.0000 if the actual reserve fund balance as of June 30 preceding the computation date is greater than the adequate reserve;
(iv) the division shall set the reserve factor between 1.0000 and 1.5000 if the actual reserve fund balance as of June 30 prior to the computation date is less than the adequate reserve;
(v) if the actual reserve fund balance as of June 30 preceding the computation date is insolvent or negative or if there is an outstanding loan from the Federal Unemployment Account or other lending institution, the division shall set the reserve factor at 2.0000 until the actual reserve fund balance is greater than the adequate reserve;
(vi) the division shall set the reserve factor on or before January 1 of each year; and
(vii) money made available to the state under Section 903 of the Social Security Act, 42 U.S.C. 1103, as amended, which is received on or after January 1, 2004, may not be considered in establishing the reserve factor under this section for the rate year 2005 or any following rate year;

(4) (a) Beginning January 1, 2009, an employer’s overall contribution rate is:
(i) except as provided in Subsection (4)(a)(ii) or (iii), the employer’s basic contribution rate multiplied by the reserve factor established under
Subsection (3)(b), calculated to four decimal places, disregarding any remaining fraction, plus the social contribution rate established under Subsection (2), and the result calculated to three decimal places, disregarding any remaining fraction;

(ii) if under Subsection (4)(a)(i), the overall contribution rate calculation for an employer is greater than 9% plus the applicable social contribution rate, the overall contribution rate for the employer shall be reduced to 9% plus the applicable social contribution rate; or

(iii) if under Subsection (4)(a)(ii), the overall contribution rate calculation for a new employer is less than 1.1%, the overall contribution rate for the new employer shall be increased to 1.1%.

(b) Beginning January 1, 2012, an employer’s overall contribution rate is:

(i) except as provided in Subsection (4)(b)(ii) or (iii), the employer’s basic contribution rate multiplied by the reserve factor established under Subsection (3)(b), calculated to four decimal places, disregarding any remaining fraction, plus the social contribution rate established under Subsection (2), and the result calculated to three decimal places, disregarding any remaining fraction;

(ii) if under Subsection (4)(b)(i), the overall contribution rate calculation for an employer is greater than 7% plus the applicable social contribution rate, the overall contribution rate for the employer shall be reduced to 7% plus the applicable social contribution rate; or

(iii) if under Subsection (4)(b)(ii), the overall contribution rate calculation for a new employer is less than 1.1%, the overall contribution rate for the new employer shall be increased to 1.1%.

(c) The overall contribution rate described under this Subsection (4) does not include the addition of any penalty applicable to an employer:

(i) as a result of delinquency in the payment of contributions as provided in Subsection (9); or

(ii) that is assessed a penalty rate under Subsection 35A-4-304(5)(a).

(5) (a) Except as otherwise provided in this section, the basic contribution rate for a new employer is based on the average benefit cost rate experienced by employers of the major industry, as defined by department rule, to which the new employer belongs.

(b) Except as provided in Subsection (5)(c), by January 1 of each year, the basic contribution rate to be used in computing a new employer’s overall contribution rate under Subsection (4) is the benefit cost rate that is the greater of:

(i) the amount calculated by dividing the total benefit costs charged back to both active and inactive employers of the same major industry for the last two fiscal years by the total taxable wages paid by those employers that were paid during the same time period, computed to four decimal places, disregarding any remaining fraction; or

(ii) 1%.

(c) If the major industrial classification assigned to a new employer is an industry for which a benefit cost rate does not exist because the industry has not operated in the state or has not been covered under this chapter, the employer’s basic contribution rate is 5.4%. This basic contribution rate is used in computing the employer’s overall contribution rate under Subsection (4).

(6) Notwithstanding any other provision of this chapter, and except as provided in Subsection (7), if an employing unit that moves into this state is declared to be a qualified employer because it has sufficient payroll and benefit cost experience under another state, a rate shall be computed on the same basis as a rate is computed for all other employers subject to this chapter if that unit furnishes adequate records on which to compute the rate.

(7) An employer who begins to operate in this state after having operated in another state shall be assigned the maximum overall contribution rate until the employer acquires sufficient experience in this state to be considered a “qualified employer” if the employer is:

(a) regularly engaged as a contractor in the construction, improvement, or repair of buildings, roads, or other structures on lands;

(b) generally regarded as being a construction contractor or a subcontractor specialized in some aspect of construction; or

(c) required to have a contractor’s license or similar qualification under Title 58, Chapter 55, Utah Construction Trades Licensing Act, or the equivalent in laws of another state.

(8) (a) If an employer acquires the business or all or substantially all the assets of another employer and the other employer had discontinued operations upon the acquisition or transfers its trade or business, or a portion of its trade or business, under Subsection 35A-4-304(3)(c):

(i) for purposes of determining and establishing the acquiring party’s qualifications for an experience rating classification, the payrolls of both employers during the qualifying period shall be jointly considered in determining the period of liability with respect to:

(A) the filing of contribution reports;

(B) the payment of contributions; and

(C) the benefit costs of both employers;

(ii) the transferring employer shall be divested of the transferring employer’s unemployment experience provided the transferring employer had discontinued operations, but only to the extent as defined under Subsection 35A-4-304(5)(c); and

(iii) if an employer transfers its trade or business, or a portion of its trade or business, as defined under Subsection 35A-4-304(3), the transferring employer may not be divested of its employer’s unemployment experience.

(b) An employing unit or prospective employing unit that acquires the unemployment experience of
an employer shall, for all purposes of this chapter, be an employer as of the date of acquisition.

(c) Notwithstanding Section 35A-4-310, when a transferring employer, as provided in Subsection (8)(a), is divested of the employer's unemployment experience by transferring all of the employer's business to another and by ceasing operations as of the date of the transfer, the transferring employer shall cease to be an employer, as defined by this chapter, as of the date of transfer.

(9) (a) A rate of less than the maximum overall contribution rate is effective only for new employers and to those qualified employers who, except for amounts due under division determinations that have not become final, paid all contributions prescribed by the division for the four consecutive calendar quarters in the fiscal year immediately preceding the computation date.

(b) Notwithstanding Subsections (1), (5), (6), and (8), an employer who fails to pay all contributions prescribed by the division for the four consecutive calendar quarters in the fiscal year immediately preceding the computation date, except for amounts due under determinations that have not become final, shall pay a contribution rate equal to the overall contribution rate determined under the experience rating provisions of this chapter, plus a surcharge of 1% of wages.

(c) An employer who pays all required contributions shall, for the current contribution year, be assigned a rate based upon the employer's own experience as provided under the experience rating provisions of this chapter effective the first day of the calendar quarter in which the payment was made.

(d) Delinquency in filing contribution reports may not be the basis for denial of a rate less than the maximum contribution rate.

(10) If an employer makes a contribution payment based on the overall contribution rate in effect at the time the payment was made and a provision of this section retroactively reduces the overall contribution rate for that payment, the division:

(a) may not directly refund the difference between what the employer paid and what the employer would have paid under the new rate; and

(b) shall allow the employer to make an adjustment to a future contribution payment to offset the difference between what the employer paid and what the employer would have paid under the new rate.

Section 2. Effective date.

If approved by two-thirds of all the members elected to each house, this bill takes effect upon approval by the governor, or the day following the constitutional time limit of Utah Constitution, Article VII, Section 8, without the governor's signature, or in the case of a veto, the date of veto override.

(B) based on the assessment described in Subsection (2)(i)(ii)(A), determines that vesting custody of the minor in the division is the least restrictive intervention for the minor that meets the minor’s needs; and

(C) consents to legal custody of the minor being vested in the division.

(j) (i) The court may order a minor to repair, replace, or otherwise make restitution for material loss caused by the minor’s wrongful act or for conduct for which the minor agrees to make restitution.

(ii) A victim of an offense that involves as an element a scheme, a conspiracy, or a pattern of criminal activity, includes any person directly harmed by the minor’s delinquency conduct in the course of the scheme, conspiracy, or pattern.

(B) prioritizes restitution; and

(C) takes into account the minor’s ability to satisfy the order within the presumptive term of supervision.
(v) If the court orders a minor to pay a fine, fee, or other cost, or complete service hours, the cumulative order shall be limited per criminal episode as follows:

(B) if the minor is younger than 18 years old, the desires of the parents or guardian of the minor; and

(iv) The division shall:

(A) take reasonable measures to notify a parent or guardian of any non-emergency health treatment or care scheduled for a child;

(B) include the parent or guardian as fully as possible in making health care decisions for the child; and

(v) The division shall notify the parent or guardian of a child within five business days after a child in the custody of the division receives emergency health care or treatment.
