Section 23. Section 54-17-602 is amended to read:

54-17-602. Target amount of qualifying electricity -- Renewable energy certificate -- Cost-effectiveness -- Cooperatives.

(1)(a) To the extent that it is cost effective to do so, beginning in 2025 the annual retail electric sales in this state of each electrical corporation shall consist of qualifying electricity or renewable energy certificates in an amount equal to at least 20% of adjusted retail electric sales.

(b) The amount under Subsection (1)(a) is computed based upon adjusted retail electric sales for the calendar year commencing 36 months before the first day of the year for which the target calculated under Subsection (1)(a) applies.

(c) Notwithstanding Subsections (1)(a) and (b), an increase in the annual target from one year to the next may not exceed the greater of:

(i) 17,500 megawatt-hours; or

(ii) 20% of the prior year's amount under Subsections (1)(a) and (b).

(2)(a) Cost-effectiveness under Subsection (1) for other than a cooperative association is determined in comparison to other viable resource options using the criteria provided by Subsection 54-17-201(2)(c)(ii).

(b) For an electrical corporation that is a cooperative association, cost-effectiveness is determined using criteria applicable to the cooperative association's acquisition of a significant energy resource established by the cooperative association's board of directors.

(3) This section does not require an electrical corporation to:

(a) substitute qualifying electricity for electricity from a generation source owned or contractually committed, or from a contractual commitment for a power purchase;

(b) enter into any additional electric sales commitment or any other arrangement for the sale or other disposition of electricity that is not already, or would not be, entered into by the electrical corporation; or

(c) acquire qualifying electricity in excess of its adjusted retail electric sales.

(4) For the purpose of Subsection (1), an electrical corporation may combine the following:

(a) qualifying electricity from a renewable energy source owned by the electrical corporation;

(b) qualifying electricity acquired by the electrical corporation through trade, power purchase, or other transfer; and

(c) a bundled or unbundled renewable energy certificate, including a banked renewable energy certificate.

(5) For an electrical corporation whose rates the commission regulates, the following rules concerning renewable energy certificates apply:

(a) a banked renewable energy certificate with an older issuance date shall be used before any other banked renewable energy certificate issued at a later date is used; and

(b) the total of all unbundled renewable energy certificates, including unbundled banked renewable energy certificates, may not exceed 20%

of the amount of the annual target provided for in Subsection (1).

(6) An electrical corporation that is a cooperative association may count towards Subsection (1) any of the following:

(a) electric production allocated to this state from hydroelectric facilities becoming operational after December 31, 2007, if the facilities are located in any state in which the cooperative association, or a generation and transmission cooperative with which the cooperative association has a contract, provides electric service;

(b) qualifying electricity generated or acquired or renewable energy certificates acquired for a program that permits a retail customer to voluntarily contribute to a [~~renewable~~]clean energy source; and

(c) notwithstanding Subsection 54-17-601(7), an unbundled renewable energy certificate purchased from a renewable energy source located outside the geographic boundary of the Western Electricity Coordinating Council if the electricity on which the unbundled renewable energy certificate is based would be considered qualifying electricity if the renewable energy source was located within the geographic boundary of the Western Electricity Coordinating Council.

(7) The use of the renewable attributes associated with qualifying electricity to satisfy any federal renewable energy requirement does not preclude the electricity from being qualifying electricity for the purpose of this chapter.

Section 24. Section 54-17-604 is amended to read:

54-17-604. Plans and reports.

(1) An electrical corporation shall develop and maintain a plan for implementing Subsection 54-17-602(1), consistent with the cost-effectiveness criteria of Subsection 54-17-201(2)(c)(ii).

(a) how Subsection 54-17-602(1) is satisfied for the year 2025; or

(b) the reason why Subsection 54-17-602(1) is not satisfied for the year 2025, if it is not satisfied.

(6) By January 1 of each of the years 2011, 2016, 2021, and 2025, the Division of Public Utilities shall submit to the Legislature a report containing a summary of any progress report filed under Subsections (2) through (5).

(7) The summary required by Subsection (6) shall include any recommendation for legislative changes.

(8)(a) By July 1, 2027, the commission shall submit to the Legislature a report summarizing the final progress reports and recommending any legislative changes.

(b) The 2027 summary may contain a recommendation to the Legislature concerning any action to be taken with respect to an electrical corporation that does not satisfy Subsection 54-17-602(1) for 2025.

(c) The commission shall provide an opportunity for public comment and take evidence before recommending any action to be taken with respect to an electrical corporation that does not satisfy Subsection 54-17-602(1) for 2025.

(9) If a recommendation containing a penalty for failure to satisfy Subsection 54-17-602(1) is made under Subsection (8), the proposal shall require that any amount paid by an electrical corporation as a penalty be utilized to fund demand-side management for the retail customers of the electrical corporation paying the penalty.

(10) A penalty may not be proposed under this section if an electrical corporation's failure to satisfy Subsection 54-17-602(1) is due to:

(a) a lack of cost-effective means to satisfy the requirement; or

(b) force majeure.

(11) By July 1, 2026, an electrical corporation that is a cooperative association shall file a final progress report demonstrating:

(a) how Subsection 54-17-602(1) is satisfied for the year 2025; or

(12) The plan and any progress report file under this section by an electrical corporation that is cooperative association shall be publicly available at the cooperative association's office or posted on the cooperative association's website.

Section 25. Section 54-17-605 is amended to read:

54-17-605. Recovery of costs for clean energy activities.

(1) In accordance with other law, the commission shall include in the retail electric rates of an electrical corporation whose rates the commission regulates the state's share of any of the costs listed in Subsection (2) that are relevant to the proceeding in which the commission is considering the electrical corporation's rates:

(a) if the costs are prudently incurred by the electrical corporation in connection with:

(i) the acquisition of a renewable energy certificate;

(ii) the acquisition of qualifying electricity for which a renewable energy certificate will be issued after the acquisition; and

(iii) the acquisition, construction, and use of a [~~renewable~~]clean energy source; and

(b) to the extent any qualifying electricity or [~~renewable~~]clean energy source under Subsection (1)(a) satisfies the cost-effectiveness criteria of Subsection 54-17-201(2)(c)(ii).

(2) The following are costs that may be recoverable under Subsection (1):

(a) a cost of siting, acquisition of property rights, equipment, design, licensing, permitting, construction, owning, operating, or otherwise acquiring a [~~renewable~~]clean energy source and any associated asset, including transmission;

(b) a cost to acquire qualifying electricity through trade, power purchase, or other transfer;

(c) a cost to acquire a bundled or unbundled renewable energy certificate, if any net revenue from the sale of a renewable energy certificate allocable to this state is also included in rates;

(d) a cost to interconnect a [~~renewable~~]clean energy source to the electrical corporation's transmission and distribution system;

(e) a cost associated with using a physical or financial asset to integrate, firm, or shape a [~~renewable~~]clean energy source on a firm annual basis to meet a retail electricity need; and

(f) any cost associated with transmission and delivery of qualifying electricity to a retail electricity consumer.

(3)(a) The commission may allow an electrical corporation to use an adjustment mechanism or reasonable method other than a rate case under Sections 54-4-4 and 54-7-12 to allow recovery of costs identified in Subsection (2).

(b) If the commission allows the use of an adjustment mechanism, both the costs and any associated benefit shall be reflected in the mechanism, to the extent practicable.

(c) This Subsection (3) creates no presumption for or against the use of an adjustment mechanism.

(4)(a) The commission may permit an electrical corporation to include in its retail electric rates the state's share of costs prudently incurred by the electrical corporation in connection with a [~~renewable~~]clean energy source, whether or not the [~~renewable~~]clean energy source ultimately becomes operational, including costs of:

(i) siting;

(ii) property acquisition;

(iii) equipment;

(iv) design;

(v) licensing;

(vi) permitting; and

(vii) other reasonable items related to the [~~renewable~~]clean energy source.

(b) Subsection (4)(a) creates no presumption concerning the prudence or recoverability of the costs identified.

(c) To the extent deferral is consistent with other applicable law, the commission may allow an electrical corporation to defer costs recoverable under Subsection (4)(a) until the recovery of the deferred costs can be considered in a rate proceeding or an adjustment mechanism created under Subsection (3).

(d) An application to defer costs shall be filed within 60 days after the day on which the electrical corporation determines that the [~~renewable~~]clean energy source project is impaired under generally accepted accounting principles and will not become operational.

(e) Notwithstanding the opportunity to defer costs under Subsection (4)(c), a cost incurred by an electrical corporation for siting, property acquisition, equipment, design, licensing, and permitting of a [~~renewable~~]clean energy source that the electrical corporation proposes to construct shall be included in the electrical corporation's project costs for the purpose of evaluating the project's cost-effectiveness.

(f) A deferred cost under Subsection (4)(a) may not be added to, or otherwise considered in the evaluation of, the cost of a project proposed by any person other than the electrical corporation for the purpose of evaluating that person's proposal.

(c) any other information the commission may require.

(6)(a) Before approving a solicitation process under this section for an energy resource to serve customers of the qualified utility pursuant to Subsection (3)(c) or (d), the commission shall:

(i) hold a public hearing; and

(ii) provide an opportunity for public comment.

(b) The commission may approve a solicitation process under this section only if the commission determines that the solicitation and evaluation processes to be used will create a level playing field in which the qualified utility and other bidders can compete fairly, including with respect to interconnection and transmission requirements imposed on bidders by the solicitation within the control of the commission and the qualified utility, excluding its federally regulated transmission function, and will otherwise serve the public interest.

(7)(a) Upon completion of the solicitation process approved under Subsection (6), the qualified utility may seek approval from the commission to acquire the energy resource identified through the solicitation process as the winning bid.

(b) Before approving acquisition of an energy resource acquired pursuant to this section, the commission shall:

(i) the prices approved by the commission shall constitute competitive market prices for purposes of this section; and

(ii) assets owned by the qualified utility and used to provide service as approved under this section are not public utility property.

(8) If upon completion of a solicitation process approved under Subsection (6) the qualified utility proposes not to acquire an energy resource, the qualified utility shall file with the commission a report explaining its reasons for not acquiring the lowest cost resource bid into the solicitation, along with any other information the commission requires.

(9) Within six months after a competitive market price for a solar energy resource acquired under Subsection (3)(c) or (d) has been identified pursuant to this section, or for such longer period as the commission may determine to be in the public interest, a qualified utility may file an application with the commission seeking approval to acquire another energy resource similar to the energy resource for which a competitive market price was established without going through a new solicitation process. The commission may approve the application if the qualified utility demonstrates a need to acquire the energy resource, that the competitive market price remains reasonable, and that the acquisition is in the public interest.

(10) No later than 180 days before the end of the term approved by the commission for an energy resource acquired under this section and owned by the qualified utility, the qualified utility shall file with the commission a request for determination of an appropriate disposition of the energy resource asset, except that the qualified utility is permitted to retain the benefits or proceeds and shall be required to assume the costs and risks of ownership of the energy resource.

(11) The commission shall adopt rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act:

(a) addressing the content and filing of an application under this section;

(b) to establish the solicitation process and criteria to be used to identify the competitive market price and select an energy resource; and

53C-4-104, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 53C-1-102 is amended to read:

53C-1-102. Purpose.

(1)(a) The purpose of this title is to establish an administration and board to manage lands that Congress granted to the state for the support of common schools and other beneficiary institutions, under the Utah Enabling Act.

(b) This grant was expressly accepted in the Utah Constitution, thereby creating a compact between the federal and state governments which imposes upon the state a perpetual trust obligation to which standard trust principles are applied.

(c) Title to these trust lands is vested in the state as trustee to be administered for the financial support of the trust beneficiaries.

(2)(a) The trust principles referred to in Subsection (1) impose fiduciary duties upon the state, including a duty of undivided loyalty to, and a strict requirement to administer the trust corpus for the exclusive benefit of, the trust beneficiaries.

(b) As trustee, the state [~~must~~]shall manage the lands and revenues generated from the lands in the most prudent and profitable manner possible, and not for any purpose inconsistent with the best interests of the trust beneficiaries.

(c) The trustee [~~must~~]shall be concerned with both income for the current beneficiaries and the preservation of trust assets for future beneficiaries, which requires a balancing of short and long-term interests so that long-term benefits are not lost in an effort to maximize short-term gains.

(d) The beneficiaries do not include other governmental institutions or agencies, the public at large, or the general welfare of this state.

(3) This title shall be liberally construed to enable the board of trustees, the director, and the administration to faithfully fulfill the state's obligations to the trust beneficiaries.

Section 2. Section 53C-4-104 is enacted to read:

53C-4-104. Sale or lease of trust lands to state entities -- Requirements -- Excluded lands -- Fair market value.

(1)(a) The director may sell or lease to the Utah Department of Natural Resources an aggregation of more than 5,000 acres of trust lands, if the Utah Department of Natural Resources pays at least fair market value for the sale or lease.

(b) The director may make an aggregation of more than 5,000 acres of trust lands described in this section by selecting a single, contiguous parcel or combining multiple parcels, with individual parcels no farther apart than two miles.

(c) The director may complete a sale or lease described in this section without complying with the advertising requirements described in Subsection 53C-4-102(3), if the director and the board of trustees:

(i) provide written notice of a proposed sale or lease under this section to an affected beneficiary; and

(ii) present at an open meeting of the board of trustees and take public comment on:

(A) the terms of a proposed sale or lease; and

(B) the director's findings that waiving the advertising provision is in the best interest of the beneficiaries.

(2) The director may not include the following lands in a sale or lease described in this section:

(a) Township 1 South, Range 8 West, USM;

(b) Township 1 South, Range 9 West, USM; or

(c) Township 1 South, Range 10 West, USM.

(3)(a) The director shall make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, for determining the fair market value of trust lands for a sale or lease described in this section.

(b) The rules adopted by the director:

(i) shall establish the procedure for determining the fair market value of the trust lands;

(ii) may provide that an appraisal, as that term is defined in Section 61-2g-102, demonstrates the fair market value of the trust lands;

(iii) shall require the director to obtain at least one third-party appraisal in the procedure established in this Subsection (3); and

(iv) may require that additional appraisals be completed by a state-certified general appraiser, as that term is defined in Section 61-2g-102.

Section 3. Effective date.

This bill takes effect on May 1, 2024.

(b) If, at the end of a fiscal year, there is not a General Fund revenue surplus, the Legislature shall include, to the extent revenue is available, an amount equal to Medicaid growth savings as an appropriation from the General Fund to the account in the base budget for the second fiscal year following the fiscal year for which the reduction was made.

ENACTS:

63L-13-203, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 63L-11-302 is amended to read:

63L-11-302. Principles to be recognized and promoted.

The office shall recognize and promote the following principles when preparing any policies, plans, programs, processes, or desired outcomes relating to federal lands and natural resources on federal lands under Section 63L-11-301:

(1)(a) the citizens of the state are best served by applying multiple-use and sustained-yield principles in public land use planning and management; and

(b) multiple-use and sustained-yield management means that federal agencies should develop and implement management plans and make other resource-use decisions that:

(i) achieve and maintain in perpetuity a high-level annual or regular periodic output of mineral and various renewable resources from public lands;

(ii) support valid existing transportation, mineral, and grazing privileges at the highest reasonably sustainable levels;

(iii) support the specific plans, programs, processes, and policies of state agencies and local governments;

(iv) are designed to produce and provide the desired vegetation for the watersheds, timber, food, fiber, livestock forage, wildlife forage, and minerals that are necessary to meet present needs and future economic growth and community expansion without permanent impairment of the productivity of the land;

(v) meet the recreational needs and the personal and business-related transportation needs of the citizens of the state by providing access throughout the state;

(vi) meet the recreational needs of the citizens of the state;

(vii) meet the needs of wildlife;

(viii) provide for the preservation of cultural resources, both historical and archaeological;

(ix) meet the needs of economic development;

(x) meet the needs of community development; and

(xi) provide for the protection of water rights;

(2) managing public lands for wilderness characteristics circumvents the statutory wilderness process and is inconsistent with the multiple-use and sustained-yield management standard that applies to all Bureau of Land Management and United States. Forest Service lands that are not wilderness areas or wilderness study areas;

(3) all waters of the state are:

(a) owned exclusively by the state in trust for the state's citizens;

(b) are subject to appropriation for beneficial use; and

(c) are essential to the future prosperity of the state and the quality of life within the state;

(4) the state has the right to develop and use the state's entitlement to interstate rivers;

(5) all water rights desired by the federal government must be obtained through the state water appropriation system;

(6) land management and resource-use decisions which affect federal lands should give priority to and support the purposes of the compact between the state and the United States related to school and institutional trust lands;

(7) development of the solid, fluid, and gaseous mineral resources of the state is an important part of the economy of the state, and of local regions within the state;

(8) the state should foster and support industries that take advantage of the state's outstanding opportunities for outdoor recreation;

(9) wildlife constitutes an important resource and provides recreational and economic opportunities for the state's citizens;

(10) proper stewardship of the land and natural resources is necessary to ensure the health of the watersheds, timber, forage, and wildlife resources to provide for a continuous supply of resources for the people of the state and the people of the local communities who depend on these resources for a sustainable economy;

(11) forests, rangelands, timber, and other vegetative resources:

(a) provide forage for livestock;

(b) provide forage and habitat for wildlife;

(c) provide resources for the state's timber and logging industries;

(d) contribute to the state's economic stability and growth; and

(e) are important for a wide variety of recreational pursuits;

(12) management programs and initiatives that improve watersheds and forests and increase forage for the mutual benefit of wildlife species and livestock, logging, and other agricultural industries by utilizing proven techniques and tools are vital to the state's economy and the quality of life in the state; and

(13)(a) land management plans, programs, and initiatives should provide that the amount of domestic livestock forage, expressed in animal unit months, for permitted, active use as well as the wildlife forage included in that amount, be no less than the maximum number of animal unit months sustainable by range conditions in grazing allotments and districts, based on an on-the-ground and scientific analysis;

(b) the state opposes the relinquishment or retirement of grazing animal unit months in favor of conservation, wildlife, and other uses;

(c) the state supports the multiple-use, sustained-yield framework required by federal law for management of public lands and opposes federal prioritization of conservation as a use equal to other productive uses of public lands;

[~~(c)~~](d)(i) the state favors the best management practices that are jointly sponsored by cattlemen, sportsmen, and wildlife management groups such as chaining, logging, seeding, burning, and other direct soil and vegetation prescriptions that are demonstrated to restore forest and rangeland health, increase forage, and improve watersheds in grazing districts and allotments for the benefit of domestic livestock and wildlife;

(ii) when practices described in Subsection [~~(13)(c)(i)~~](13)(d)(i) increase a grazing allotment's forage beyond the total permitted forage use that was allocated to that allotment in the last federal land use plan or allotment management plan still in existence as of January 1, 2005, a reasonable and fair portion of the increase in forage beyond the previously allocated total permitted use should be allocated to wildlife as recommended by a joint, evenly balanced committee of livestock and wildlife representatives that is appointed and constituted by the governor for that purpose; and

(iii) the state favors quickly and effectively adjusting wildlife population goals and population census numbers in response to variations in the amount of available forage caused by drought or other climatic adjustments, and state agencies responsible for managing wildlife population goals and population census numbers will, when making those adjustments, give due regard to both the needs of the livestock industry and the need to prevent the decline of species to a point of listing under the terms of the Endangered Species Act;

[~~(d)~~](e) the state opposes the transfer of grazing animal unit months to wildlife for supposed reasons of rangeland health;

[~~(e)~~](f) reductions in domestic livestock animal unit months must be temporary and scientifically based upon rangeland conditions;

[~~(f)~~](g) policies, plans, programs, initiatives, resource management plans, and forest plans may not allow the placement of grazing animal unit months in a suspended use category unless there is a rational and scientific determination that the condition of the rangeland allotment or district in question will not sustain the animal unit months sought to be placed in suspended use;

[~~(g)~~](h) any grazing animal unit months that are placed in a suspended use category should be returned to active use when range conditions improve;

[~~(h)~~](i) policies, plans, programs, and initiatives related to vegetation management should recognize and uphold the preference for domestic grazing over alternate forage uses in established grazing districts while upholding management practices that optimize and expand forage for grazing and wildlife in conjunction with state wildlife management plans and programs in order to provide maximum available forage for all uses; and

[~~(i)~~](j) in established grazing districts, animal unit months that have been reduced due to rangeland health concerns should be restored to livestock when rangeland conditions improve, and should not be converted to wildlife use.

Section 11. Section 73-5-15 is amended to read:

73-5-15. Groundwater management plan.

(1) As used in this section:

(a) "Critical management area" means a groundwater basin in which the groundwater withdrawals consistently exceed the safe yield.

(b) "Safe yield" means the amount of groundwater that can be withdrawn from a groundwater basin over a period of time without exceeding the long-term recharge of the basin or unreasonably affecting the basin's physical and chemical integrity.

(2)(a) The state engineer may regulate groundwater withdrawals within a specific groundwater basin by adopting a groundwater management plan in accordance with this section for any groundwater basin or aquifer or combination of hydrologically connected groundwater basins or aquifers.

(b) The objectives of a groundwater management plan are to:

(i) limit groundwater withdrawals to safe yield;

(ii) protect the physical integrity of the aquifer; and

(iii) protect water quality.

(c) The state engineer shall adopt a groundwater management plan for a groundwater basin if more than one-third of the water right owners in the groundwater basin request that the state engineer adopt a groundwater management plan.

(3)(a) In developing a groundwater management plan, the state engineer may consider:

(i) the hydrology of the groundwater basin;

(ii) the physical characteristics of the groundwater basin;

(iii) the relationship between surface water and groundwater, including whether the groundwater should be managed in conjunction with hydrologically connected surface waters;

(iv) the conjunctive management of water rights to facilitate and coordinate the lease, purchase, or voluntary use of water rights subject to the groundwater management plan;

(v) the geographic spacing and location of groundwater withdrawals;

(vi) water quality;

(vii) local well interference; and

(viii) other relevant factors.

(b) The state engineer shall base the provisions of a groundwater management plan on the principles of prior appropriation.

(c)(i) The state engineer shall use the best available scientific method to determine safe yield.

(ii) As hydrologic conditions change or additional information becomes available, safe yield determinations made by the state engineer may be revised by following the procedures listed in Subsection (5).

(4)(a)(i) Except as provided in Subsection (4)(b), the withdrawal of water from a groundwater basin shall be limited to the basin's safe yield.

(ii) Before limiting withdrawals in a groundwater basin to safe yield, the state engineer shall:

(A) determine the groundwater basin's safe yield; and

(B) adopt a groundwater management plan for the groundwater basin.

(iii) If the state engineer determines that groundwater withdrawals in a groundwater basin exceed the safe yield, the state engineer shall regulate groundwater rights in that groundwater basin based on the priority date of the water rights under the groundwater management plan, unless a voluntary arrangement exists under Subsection (4)(c) that requires a different distribution.

(iv) A groundwater management plan shall include a list of each groundwater right in the proposed groundwater management area known to the state engineer identifying the water right holder, the land to which the groundwater right is appurtenant, and any identification number the state engineer uses in the administration of water rights.

(b) When adopting a groundwater management plan for a critical management area, the state engineer shall, based on economic and other impacts to an individual water user or a local community caused by the implementation of safe yield limits on withdrawals, allow gradual implementation of the groundwater management plan.

(c)(i) In consultation with the state engineer, water users in a groundwater basin may agree to participate in a voluntary arrangement for managing withdrawals at any time, either before or after a determination that groundwater withdrawals exceed the groundwater basin's safe yield.

(ii) A voluntary arrangement under Subsection (4)(c)(i) shall be consistent with other law.

(iii) The adoption of a voluntary arrangement under this Subsection (4)(c) by less than all of the water users in a groundwater basin does not affect the rights of water users who do not agree to the voluntary arrangement.

(5) To adopt a groundwater management plan, the state engineer shall:

(a) give notice as specified in Subsection (7) at least 30 days before the first public meeting held in accordance with Subsection (5)(b):

(i) that the state engineer proposes to adopt a groundwater management plan;

(ii) describing generally the land area proposed to be included in the groundwater management plan; and

(iii) stating the location, date, and time of each public meeting to be held in accordance with Subsection (5)(b);

(b) hold one or more public meetings in the geographic area proposed to be included within the groundwater management plan to:

(i) address the need for a groundwater management plan;

(ii) present any data, studies, or reports that the state engineer intends to consider in preparing the groundwater management plan;

(iii) address safe yield and any other subject that may be included in the groundwater management plan;

(iv) outline the estimated administrative costs, if any, that groundwater users are likely to incur if the plan is adopted; and

(v) receive any public comments and other information presented at the public meeting, including comments from any of the entities listed in Subsection (7)(a)(iii);

(c) receive and consider written comments concerning the proposed groundwater management plan from any person for a period determined by the state engineer of not less than 60 days after the day on which the notice required by Subsection (5)(a) is given;

(d)(i) at least 60 days prior to final adoption of the groundwater management plan, publish notice:

(A) that a draft of the groundwater management plan has been proposed; and

(B) specifying where a copy of the draft plan may be reviewed; and

(ii) promptly provide a copy of the draft plan in printed or electronic form to each of the entities listed in Subsection (7)(a)(iii) that makes written request for a copy; and

(e) provide notice of the adoption of the groundwater management plan.

(6) A groundwater management plan shall become effective on the date notice of adoption is completed under Subsection (7), or on a later date if specified in the plan.

59-2-503, as last amended by Laws of Utah 2023, Chapter 72
59-2-1703, as last amended by Laws of Utah 2023, Chapter 189

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 59-2-503 is amended to read:

59-2-503. Qualifications for agricultural use assessment.

(1) For general property tax purposes, land may be assessed on the basis of the value that the land has for agricultural use if the land:

(a) is not less than five contiguous acres in area, except that land may be assessed on the basis of the value that the land has for agricultural use:

(i) if:

(A) the land is devoted to agricultural use in conjunction with other eligible acreage; and

(B) the land and the other eligible acreage described in Subsection (1)(a)(i)(A) have identical legal ownership; or

(ii) as provided under Subsections (4) and (5); and

(b) except as provided in Subsection (6) or (7):

(i) is actively devoted to agricultural use; and

(ii) has been actively devoted to agricultural use for at least two successive years immediately preceding the tax year for which the land is being assessed under this part.

(2) In determining whether land is actively devoted to agricultural use, production per acre for a given county or area and a given type of land shall be determined by using the first applicable of the following:

(a) production levels reported in the current publication of the Utah Agricultural Statistics;

(b) current crop budgets developed and published by Utah State University; and

(c) other acceptable standards of agricultural production designated by the commission by rule adopted in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(3) Land may be assessed on the basis of the land's agricultural value if the land:

(a) is subject to the privilege tax imposed by Section 59-4-101;

(b) is owned by the state or any of the state's political subdivisions; and

(c) meets the requirements of Subsection (1).

(4) Notwithstanding Subsection (1)(a), the commission or a county board of equalization may grant a waiver of the acreage limitation for land upon:

(a) appeal by the owner; and

(b) submission of proof that 80% or more of the owner's, purchaser's, or lessee's income is derived from agricultural products produced on the property in question.

(5) Notwithstanding Subsection (1)(a), the commission or a county board of equalization shall grant a waiver of the acreage limitation for land upon:

(a) appeal by the owner; and

(b) submission of proof that:

(i) the failure to meet the acreage requirement arose solely as a result of an acquisition by a public utility or a governmental entity by:

(A) eminent domain; or

(B) the threat or imminence of an eminent domain proceeding; and

(ii) the land is actively devoted to agricultural use.

(6)(a) The commission or a county board of equalization may grant a waiver of the requirement that the land is actively devoted to agricultural use for the tax year for which the land is being assessed under this part upon:

(i) appeal by the owner; and

(ii) submission of proof that:

(A) the land was assessed on the basis of agricultural use for at least two years immediately preceding that tax year; and

(B) the failure to meet the agricultural production requirements for that tax year was due to no fault or act of the owner, purchaser, or lessee.

(b) As used in Subsection (6)(a), "fault" does not include:

(i) intentional planting of crops or trees which, because of the maturation period, do not give the owner, purchaser, or lessee a reasonable opportunity to satisfy the production levels required for land actively devoted to agricultural use; or

(ii) implementation of a bona fide range improvement program, crop rotation program, or other similar accepted cultural practices which do not give the owner, purchaser, or lessee a reasonable opportunity to satisfy the production levels required for land actively devoted to agricultural use.

(7) Land that otherwise qualifies for assessment under this part qualifies for assessment under this part in the first year the land resumes being actively devoted to agricultural use if:

(a) the land becomes ineligible for assessment under this part only as a result of a split estate mineral rights owner exercising the right to extract a mineral; and

(b) the land qualified for assessment under this part in the year immediately preceding the year the land became ineligible for assessment under this part only as a result of a split estate mineral rights owner exercising the right to extract a mineral.

(8) Land that otherwise qualifies under Subsection (1) to be assessed on the basis of the value that the land has for agricultural use does not lose that qualification by becoming subject to a forest stewardship plan developed under Section 65A-8a-106 under which the land is subject to a temporary period of limited use or nonuse.

(9)(a) Notwithstanding Subsection (1) and except as provided in Subsection (9)(d), land in agricultural use that is intentionally allowed to lay fallow for one or more growing seasons qualifies for assessment under this part if the fallowing is conducted:

(i) during periods of limited water supply;

(ii) as part of a prudent farm management practice, including crop rotation, rotational grazing, or soil water management; or

(iii) to facilitate voluntary participation in a water management or agricultural water optimization program.

(b) If the owner of land assessed under this part fallows the land during any period in a calendar year, the owner may, on or before December 31 of the year in which the land is fallowed, provide to the county assessor written notice that:

(i) identifies the land that was fallowed during any period of the year in which the notice is provided, including the acreage of the fallowed land;

(ii) demonstrates how the land qualifies under Subsection (9)(a); and

(iii) specifies whether the owner intends to fallow the land during any period in the following calendar year, and, if so, the intended duration of the fallowing period.

(c)(i) If the written notice under Subsection (9)(b) indicates that the owner intends to fallow the land during any period in the following calendar year, the county assessor may, within 45 days of receiving the written notice, require the owner to submit to the county assessor a land management plan in a form prescribed by the county assessor that:

(A) identifies the owner's objectives in fallowing the land for the intended duration of the fallowing period;

(B) provides adequate assurances to the county assessor that the fallowed land will become actively devoted to agricultural use upon the expiration of the intended fallowing period; and

(C) includes any other information required by the county assessor.

(ii) If the owner submits to the county assessor a land management plan for fallowed land that meets the requirements of Subsection (9)(c)(i), the county assessor may not require the owner to submit a new or additional land management plan for the same land within three years from the day on which the owner submitted the plan.

(d) Fallowed land is withdrawn from this part if:

(i) the county assessor determines that the land does not qualify under Subsection (9)(a);

(ii) the owner fails to return the fallowed land to active agricultural use upon the expiration of the intended fallowing period as specified in the written notice; or

(iii) the owner fails to comply with the requirements of Subsection (9)(c), if a land management plan is required.

Section 2. Section 59-2-1703 is amended to read:

59-2-1703. Qualifications for urban farming assessment.

(1)(a) For general property tax purposes, land may be assessed on the basis of the value that the land has for agricultural use if the land:

(i) is actively devoted to urban farming;

(ii) is at least one contiguous acre, but less than five acres, in size; and

(iii)(A) has been actively devoted to urban farming for at least two successive years immediately preceding the tax year for which the land is assessed under this part; or

(B) was assessed under Part 5, Farmland Assessment Act, for the preceding tax year.

(b) Land that is not actively devoted to urban farming may not be assessed as provided in Subsection (1)(a), even if the land is part of a parcel that includes land actively devoted to urban farming.

(2)(a) In determining whether land is actively devoted to urban farming, production per acre for a given county or area and a given type of land shall be determined by using the first applicable of the following:

(i) production levels reported in the current publication of Utah Agricultural Statistics;

(ii) current crop budgets developed and published by Utah State University; or

(iii) the highest per acre value used for land assessed under the Farmland Assessment Act for the county in which the property is located.

(b) A county assessor may not assess land actively devoted to urban farming on the basis of the value that the land has for agricultural use under this part unless an owner annually files documentation with the county assessor:

(i) on a form provided by the county assessor;

(ii) demonstrating to the satisfaction of the county assessor that the land meets the production levels required under this part; and

(iii) except as provided in Subsection 59-2-1707(2)(c)(i), no later than January 30 for each tax year in which the owner applies for assessment under this part.

(3) Notwithstanding Subsection (1)(a)(ii), a county board of equalization may grant a waiver of the acreage requirements of Subsection (1)(a)(ii):

(a) on appeal by an owner; and

(b) if the owner submits documentation to the county assessor demonstrating to the satisfaction of the county assessor that:

(i) the failure to meet the acreage requirements of Subsection (1)(a)(ii) arose solely as a result of an acquisition by a governmental entity by:

(A) eminent domain; or

(B) the threat or imminence of an eminent domain proceeding;

(ii) the land is actively devoted to urban farming; and

(iii) no change occurs in the ownership of the land.

(4)(a) Notwithstanding Subsection (1) and except as provided in Subsection (4)(d), land for urban farming that is intentionally allowed to lay fallow for one or more growing seasons qualifies for assessment under this part if the fallowing is conducted:

(i) during periods of limited water supply;

(ii) as part of a prudent farm management practice, including crop rotation, rotational grazing, or soil water management; or

(iii) to facilitate voluntary participation in a water management or agricultural water optimization program.

(b) If the owner of land assessed under this part fallows the land during any period in a calendar year, the owner may, on or before December 31 of the year in which the land is fallowed, provide to the county assessor written notice that:

(i) identifies the land that was fallowed during any period of the calendar year in which the notice is provided, including the acreage of the fallowed land;

(ii) demonstrates how the fallowed land qualifies under Subsection (4)(a); and

(iii) specifies whether the owner intends to fallow the land during any period in the following calendar year, and, if so, the intended duration of the fallowing period.

(c)(i) If a written notice under Subsection (4)(b) indicates that the owner intends to fallow the land during any period in the following calendar year, the county assessor may, within 45 days of receiving the written notice, require the owner to submit to the county assessor a land management plan in a form prescribed by the county assessor that:

(A) identifies the owner's objectives in fallowing the land for the intended duration of the fallowing period;

(B) provides adequate assurances to the county assessor that the fallowed land will become actively devoted to urban farming upon the expiration of the intended fallowing period; and

(C) includes any other information required by the county assessor.

(ii) If the owner submits to the county assessor a land management plan for fallowed land that meets the requirements of Subsection (4)(c)(i), the county assessor may not require the owner to submit a new or additional land management plan for the same land within three years from the day on which the owner submitted the plan.

(d) Fallowed land is withdrawn from this part if:

(i) the county assessor determines that the land does not qualify under Subsection (4)(a);

(ii) the owner fails to return the fallowed land to active urban farming upon the expiration of the intended fallowing period as specified in the written notice; or

(iii) the owner fails to comply with the requirements of Subsection (4)(c), if a land management plan is required.

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 17-22-5 is amended to read:

17-22-5. Sheriff's classification of jail inmates -- Classification criteria -- Alternative incarceration programs -- Limitation.

(1) Except as provided in Subsection (4), the sheriff shall adopt and implement written policies for admission of prisoners to the county jail and the classification of persons incarcerated in the jail which shall provide for the separation of prisoners by gender and by such other factors as may reasonably provide for the safety and well-being of inmates and the community. To the extent authorized by law, any written admission policies shall be applied equally to all entities using the county correctional facilities.

(2) Except as provided in Subsection (4), each county sheriff shall assign prisoners to a facility or section of a facility based on classification criteria that the sheriff develops and maintains.

(3)(a) Except as provided in Subsection (4), a county sheriff may develop and implement alternative incarceration programs that may or may not involve housing a prisoner in a jail facility.

(b) A prisoner housed under an alternative incarceration program under Subsection (3)(a) shall be considered to be in the full custody and control of the sheriff for purposes of [~~Section~~]Sections 76-8-309 and 76-8-309.1.

(c) A prisoner may not be placed in an alternative incarceration program under Subsection (3)(a) unless:

(i) the jail facility is at maximum operating capacity, as established under Subsection 17-22-5.5(2); or

(ii) ordered by the court.

(4) This section may not be construed to authorize a sheriff to modify provisions of a contract with the Department of Corrections to house in a county jail persons sentenced to the Department of Corrections.

Section 2. Section 26B-6-205 is amended to read:

26B-6-205. Reporting requirements -- Investigation -- Exceptions -- Immunity -- Penalties -- Nonmedical healing.

(1) Except as provided in Subsection (4), if an individual has reason to believe that a vulnerable adult is, or has been, the subject of abuse, neglect, or exploitation, the individual shall immediately report the suspected abuse, neglect, or exploitation to Adult Protective Services or to the nearest peace officer or law enforcement agency.

(2)(a) If a peace officer or a law enforcement agency receives a report under Subsection (1), the peace officer or the law enforcement agency shall immediately notify Adult Protective Services.

(b) Adult Protective Services and the peace officer or the law enforcement agency shall coordinate, as appropriate, efforts to investigate the report under Subsection (1) and to provide protection to the vulnerable adult.

(3) When a report under Subsection (1), or a subsequent investigation by Adult Protective Services, indicates that a criminal offense may have occurred against a vulnerable adult:

(a) Adult Protective Services shall notify the nearest local law enforcement agency regarding the potential offense; and

(b) the law enforcement agency shall initiate an investigation in cooperation with Adult Protective Services.

(4) Subject to Subsection (5), the reporting requirement described in Subsection (1) does not apply to:

(a) a member of the clergy, with regard to any confession made to the member of the clergy while functioning in the ministerial capacity of the member of the clergy and without the consent of the individual making the confession, if:

(i) the perpetrator made the confession directly to the member of the clergy; and

(ii) the member of the clergy is, under canon law or church doctrine or practice, bound to maintain the confidentiality of that confession; or

(b) an attorney, or an individual employed by the attorney, if knowledge of the suspected abuse, neglect, or exploitation of a vulnerable adult arises from the representation of a client, unless the attorney is permitted to reveal the suspected abuse, neglect, or exploitation of the vulnerable adult to prevent reasonably certain death or substantial bodily harm in accordance with Utah Rules of Professional Conduct, Rule 1.6.

(5)(a) When a member of the clergy receives information about abuse, neglect, or exploitation of

a vulnerable adult from any source other than confession of the perpetrator, the member of the clergy is required to report that information even though the member of the clergy may have also received information about abuse, neglect, or exploitation from the confession of the perpetrator.

(b) Exemption of the reporting requirement for an individual described in Subsection (4) does not exempt the individual from any other efforts required by law to prevent further abuse, neglect, or exploitation of a vulnerable adult by the perpetrator.

(6)(a) As used in this Subsection (6), "physician" means an individual licensed to practice as a physician or osteopath in this state under Title 58, Chapter 67, Utah Medical Practice Act, or Title 58, Chapter 68, Utah Osteopathic Medical Practice Act.

(b) The physician-patient privilege does not:

(i) excuse a physician from reporting suspected abuse, neglect, or exploitation of a vulnerable adult under Subsection (1); or

(ii) constitute grounds for excluding evidence regarding a vulnerable adult's injuries, or the cause of the vulnerable adult's injuries, in any judicial or administrative proceeding resulting from a report under Subsection (1).

(7)(a) An individual who in good faith makes a report under Subsection (1), or who otherwise notifies Adult Protective Services or a peace officer or law enforcement agency, is immune from civil and criminal liability in connection with the report or notification.

(b) A covered provider or covered contractor, as defined in Section 26B-2-238, that knowingly fails to report suspected abuse, neglect, or exploitation of a vulnerable adult to Adult Protective Services, or to the nearest peace officer or law enforcement agency, under Subsection (1), is subject to a private right of action and liability for the abuse, neglect, or exploitation of a vulnerable adult that is committed by the individual who was not reported to Adult Protective Services or to the nearest peace officer or law enforcement agency.

(c) This Subsection (7) does not provide immunity with respect to acts or omissions of a governmental employee except as provided in Title 63G, Chapter 7, Governmental Immunity Act of Utah.

(8) If Adult Protective Services has substantial grounds to believe that an individual has knowingly failed to report suspected abuse, neglect, or exploitation of a vulnerable adult in accordance with this section, Adult Protective Services shall file a complaint with:

(a) the Division of Professional Licensing if the individual is a health care provider, as defined in Section 80-2-603, or a mental health therapist, as defined in Section 58-60-102;

(b) the appropriate law enforcement agency if the individual is a law enforcement officer, as defined in Section 53-13-103; and

(c) the State Board of Education if the individual is an educator, as defined in Section 53E-6-102.

(9)(a) An individual is guilty of a class B misdemeanor if the individual willfully fails to report suspected abuse, neglect, or exploitation of a vulnerable adult to Adult Protective Services, or to the nearest peace officer or law enforcement agency under Subsection (1).

(b) If an individual is convicted under Subsection (9)(a), the court may order the individual, in addition to any other sentence the court imposes, to:

(i) complete community service hours; or

(ii) complete a program on preventing abuse, neglect, and exploitation of vulnerable adults.

(c) In determining whether it would be appropriate to charge an individual with a violation of Subsection (9)(a), the prosecuting attorney shall take into account whether a reasonable individual would not have reported suspected abuse, neglect, or exploitation of a vulnerable adult because reporting would have placed the individual in immediate danger of death or serious bodily injury.

(d) Notwithstanding any contrary provision of law, a prosecuting attorney may not use an individual's violation of Subsection (9)(a) as the basis for charging the individual with another offense.

(e) A prosecution for failure to report under Subsection (9)(a) shall be commenced within two years after the day on which the individual had knowledge of the suspected abuse, neglect, or exploitation and willfully failed to report.

(10) Under circumstances not amounting to a violation of Section 76-8-508 or 76-8-508.7, an individual is guilty of a class B misdemeanor if the individual threatens, intimidates, or attempts to intimidate a vulnerable adult who is the subject of a report under Subsection (1), the individual who made the report under Subsection (1), a witness, or any other person cooperating with an investigation conducted in accordance with this chapter.

(11) An adult is not considered abused, neglected, or a vulnerable adult for the reason that the adult has chosen to rely solely upon religious, nonmedical forms of healing in lieu of medical care.

Section 3. Section 35A-3-603 is amended to read:

35A-3-603. Civil liability for overpayment.

(1) A provider, recipient, or other person who receives an overpayment shall, regardless of fault, return the overpayment or repay its value to the department immediately:

(a) upon receiving written notice of the overpayment from the department; or

(b) upon discovering the overpayment, if that occurs before receiving notice.

(2)(a) Except as provided under Subsection (2)(b), interest on the unreturned balance of the overpayment shall accrue at the rate of 1% a month.

(b) If the overpayment was not the fault of the person receiving it, that person is not liable for interest on the unreturned balance.

(c) In accordance with federal law and rules made by the department in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, an overpayment may be recovered through deductions from cash assistance, General Assistance, SNAP benefits, other cash-related assistance provided to a recipient under this chapter, or other means provided by federal law.

(3) A person who knowingly assists a recipient, provider, or other person in obtaining an overpayment is jointly and severally liable for the overpayment.

(4)(a) In proving civil liability for overpayment under this section, or Section 35A-3-605, when fault is alleged, the department shall prove by clear and convincing evidence that the overpayment was obtained intentionally, knowingly, recklessly as "intentionally, knowingly, and recklessly" are defined in Section 76-2-103, by false statement, misrepresentation, impersonation, or other fraudulent means, including committing any of the acts or omissions described in Sections [~~76-8-1203, 76-8-1204, or 76-8-1205~~]76-8-1203.1, 76-8-1203.3, 76-8-1203.5, or 76-8-1203.7.

(b) If fault is established under Subsection (4)(a), Section 35A-3-605, or Title 76, Chapter 8, Part 12, Public Assistance Fraud, a person who obtained or helped another obtain an overpayment is subject to:

(i) a civil penalty of 10% of the amount of the overpayment, except for overpayments related to assistance for child care services;

(ii) a civil penalty of 50% of the amount of the overpayment for overpayments related to assistance for child care services;

(iii) disqualification from receiving cash assistance from the Family Employment Program created in Section 35A-3-302 and the General Assistance program under Section 35A-3-401, if the overpayment was obtained from either of those programs, for the period described in Subsection (4)(c); and

(iv) disqualification from SNAP, if the overpayment was received from SNAP, for the period described in Subsection (4)(c).

(c) Unless otherwise provided by federal law, the period of a disqualification under Subsections (4)(b)(iii) and (iv) is for:

(i) 12 months for a first offense;

(ii) 24 months for a second offense; and

(iii) permanently for a third offense.

(5)(a) Except as provided under Subsection (5)(b), if an action is filed, the department may recover, in addition to the principal sum plus interest, reasonable attorney fees and costs.

(b) If the repayment obligation arose from an administrative error by the department, the department may not recover attorney fees and costs.

(6) If a court finds that funds or benefits were secured, in whole or part, by fraud by the person from whom repayment is sought, the court shall assess an additional sum as considered appropriate as punitive damages up to the amount of repayment being sought.

(7) A criminal action for public assistance fraud is governed by Title 76, Chapter 8, Part 12, Public Assistance Fraud.

(8) Jurisdiction over benefits is continuous.

(9) This chapter does not preclude the Department of Health and Human Services from carrying out its responsibilities under Title 26B, Chapter 3, Part 10, Medical Benefits Recovery, and Title 26B, Chapter 3, Part 11, Utah False Claims Act.

Section 4. Section 35A-3-604 is amended to read:

35A-3-604. Obligor presumed to have notice of department's rights -- Authority to administer oaths, issue subpoenas, and compel witnesses and production of documents -- Recovery of attorney fees, costs, and interest -- Rulemaking authority -- Administrative procedures.

(1) An obligor is presumed to have received notice of the rights of the department under this part upon engaging in this state in any of the acts described in Subsections 35A-3-603(3) and (4) or Section [~~76-8-1203, 76-8-1204, or 76-8-1205~~] 76-8-1203.1, 76-8-1203.3, 76-8-1203.5, or 76-8-1203.7.

(2) For the purposes of this part, the department may administer oaths and certify official acts, issue subpoenas, and compel witnesses and the production of business records, documents, and evidence.

(3)(a) Except when an overpayment results from administrative error, the department may recover from the obligor:

(i) reasonable [~~attorneys'~~]attorney fees;

(ii) costs incurred in pursuing administrative remedies under this part; and

(iii) interest at the rate of 1% a month accruing from the date an administrative or judicial order is issued determining the amount due under this part.

(b) The department may recover interest, attorney fees, and costs, if notice of the assessment has been included in a notice of agency action issued in compliance with Title 63G, Chapter 4, Administrative Procedures Act.

(4) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the department may make, amend, and enforce rules to carry out the provisions of this part.

(5) Service of all notices and orders under this part shall comply with:

(a) Title 63G, Chapter 4, Administrative Procedures Act;

(b) Utah Rules of Civil Procedure; or

(c) rules made by the department under this part in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, that meet standards required by due process.

Section 5. Section 35A-4-304 is amended to read:

35A-4-304. Special provisions regarding transfers of unemployment experience and assignment rates.

(1) As used in this section:

(a) "Knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

(b) "Person" has the meaning given that term by Section 7701(a)(1) of the Internal Revenue Code of 1986.

(c) "Trade or business" includes the employer's workforce.

(d) "Violate or attempt to violate" includes intent to evade, misrepresentation, or willful nondisclosure.

(2) Notwithstanding any other provision of this chapter, Subsections (3) and (4) shall apply regarding assignment of rates and transfers of unemployment experience.

(3)(a) If an employer transfers its trade or business, or a portion of its trade or business, to another employer and, at the time of the transfer, there is common ownership, management, or control of the employers, then the unemployment experience attributable to each employer shall be combined into a common experience rate calculation.

(b) The contribution rates of the employers shall be recalculated and made effective upon the date of the transfer of trade or business as determined by division rule in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(c)(i) If one or more of the employers is a qualified employer at the time of the transfer, then all employing units that are party to a transfer described in Subsection (3)(a) of this section shall be assigned an overall contribution rate under Subsection 35A-4-303(4), using combined unemployment experience rating factors, for the rate year during which the transfer occurred and for the subsequent three rate years.

(ii) If none of the employing units is a qualified employer at the time of the transfer, then all employing units that are party to the transfer described in Subsection (3)(a) shall be assigned the highest overall contribution rate applicable at the time of the transfer to any employer who is party to the acquisition for the rate year during which the transfer occurred and for subsequent rate years until the time when one or more of the employing units is a qualified employer.

(iii) Once one or more employing units described in Subsection (3)(c)(ii) is a qualified employer, all the employing units shall be assigned an overall rate under Subsection 35A-4-303(4), using combined unemployment experience rating factors for subsequent rate years, not to exceed three years following the year of the transfer.

(d) The transfer of some or all of an employer's workforce to another employer shall be considered a transfer of its trade or business when, as the result of the transfer, the transferring employer no longer performs trade or business with respect to the transferred workforce, and the trade or business is now performed by the employer to whom the workforce is transferred.

(4)(a) Whenever a person is not an employer under this chapter at the time it acquires the trade or business of an employer, the unemployment experience of the acquired business may not be transferred to that person if the division finds that the person acquired the business solely or primarily for the purpose of obtaining a lower rate of contributions.

(b) The person shall be assigned the applicable new employer rate under Subsection 35A-4-303(5).

(c) In determining whether the business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the division shall use objective factors which may include:

(i) the cost of acquiring the business;

(ii) whether the person continued the business enterprise of the acquired business;

(iii) how long the business enterprise was continued; or

(iv) whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

(5)(a) If a person knowingly violates or attempts to violate Subsection (3) or (4) or any other provision of this chapter related to determining the assignment of a contribution rate, or if a person knowingly advises another person in a way that results in a violation of any of those subsections or provisions, the person is subject to the following penalties:

(i)(A) If the person is an employer, then the employer shall be assigned an overall contribution rate of 5.4% for the rate year during which the violation or attempted violation occurred and for the subsequent rate year.

(B) If the person's business is already at 5.4% for any year, or if the amount of increase in the person's rate would be less than 2% for that year, then a penalty surcharge of contributions of 2% of taxable wages shall be imposed for the rate year during which the violation or attempted violation occurred and for the subsequent rate year.

(ii)(A) If the person is not an employer, the person shall be subject to a civil penalty of not more than $5,000.

(B) The fine shall be deposited in the penalty and interest account established under Section 35A-4-506.

(b)(i) In addition to the penalty imposed by Subsection (5)(a), a violation of this section may be prosecuted as unemployment insurance fraud.

(ii) The determination of the degree of an offense shall be measured by the total value of all contributions avoided or reduced or contributions sought to be avoided or reduced by the unlawful conduct as applied to the degrees listed under [~~Subsection 76-8-1301(2)(a)~~]Section 76-8-1302 or 76-8-1303.

(6) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the division shall make rules to identify the transfer or acquisition of a business for purposes of this section.

Section 6. Section 35A-4-305 is amended to read:

35A-4-305. Collection of contributions -- Unpaid contributions to bear interest -- Offer to compromise.

(1)(a) Contributions unpaid on the date on which they are due and payable, as prescribed by the division, shall bear interest at the rate of 1% per month from and after that date until payment plus accrued interest is received by the division.

(b)(i) Contribution reports not made and filed by the date on which they are due as prescribed by the division are subject to a penalty to be assessed and collected in the same manner as contributions due under this section equal to 5% of the contribution due if the failure to file on time was not more than 15 days, with an additional 5% for each additional 15 days or fraction thereof during which the failure continued, but not to exceed 25% in the aggregate and not less than $25 with respect to each reporting period.

(ii) If a report is filed after the required time and it is shown to the satisfaction of the division or its authorized representative that the failure to file was due to a reasonable cause and not to willful neglect, no addition shall be made to the contribution.

(c)(i) If contributions are unpaid after 10 days from the date of the mailing or personal delivery by the division or its authorized representative, of a written demand for payment, there shall attach to the contribution, to be assessed and collected in the same manner as contributions due under this section, a penalty equal to 5% of the contribution due.

(ii) A penalty may not attach if within 10 days after the mailing or personal delivery, arrangements for payment have been made with the division, or its authorized representative, and payment is made in accordance with those arrangements.

(d) The division shall assess as a penalty a service charge, in addition to any other penalties that may apply, in an amount not to exceed the service charge imposed by Section 7-15-1 for dishonored instruments if:

(i) any amount due the division for contributions, interest, other penalties or benefit overpayments is paid by check, draft, order, or other instrument; and

(ii) the instrument is dishonored or not paid by the institution against which it is drawn.

(e) Except for benefit overpayments under Subsection 35A-4-405(5), benefit overpayments, contributions, interest, penalties, and assessed costs, uncollected three years after they become due, may be charged as uncollectible and removed from the records of the division if:

(i) no assets belonging to the liable person and subject to attachment can be found; and

(ii) in the opinion of the division there is no likelihood of collection at a future date.

(f) Interest and penalties collected in accordance with this section shall be paid into the Special Administrative Expense Account created by Section 35A-4-506.

(g) Action required for the collection of sums due under this chapter is subject to the applicable limitations of actions under Title 78B, Chapter 2, Statutes of Limitations.

(2)(a) If an employer fails to file a report when prescribed by the division for the purpose of determining the amount of the employer's contribution due under this chapter, or if the report when filed is incorrect or insufficient or is not satisfactory to the division, the division may determine the amount of wages paid for employment during the period or periods with respect to which the reports were or should have been made and the amount of contribution due from the employer on the basis of any information it may be able to obtain.

(b) The division shall give written notice of the determination to the employer.

(c) The determination is considered correct unless:

(i) the employer, within 10 days after mailing or personal delivery of notice of the determination, applies to the division for a review of the determination as provided in Section 35A-4-508; or

(ii) unless the division or its authorized representative of its own motion reviews the determination.

(d) The amount of contribution determined under Subsection (2)(a) is subject to penalties and interest as provided in Subsection (1).

(3)(a) If, after due notice, an employer defaults in the payment of contributions, interest, or penalties on the contributions, or a claimant defaults in a repayment of benefit overpayments and penalties on the overpayments, the amount due shall be collectible by civil action in the name of the division, and the employer adjudged in default shall pay the costs of the action.

(b) Civil actions brought under this section to collect contributions, interest, or penalties from an employer, or benefit overpayments and penalties from a claimant shall be:

(i) heard by the court at the earliest possible date; and

(ii) entitled to preference upon the calendar of the court over all other civil actions except:

(A) petitions for judicial review under this chapter; and

(B) cases arising under the workers' compensation law of this state.

(c)(i)(A) To collect contributions, interest, or penalties, or benefit overpayments and penalties due from employers or claimants located outside Utah, the division may employ private collectors providing debt collection services outside Utah.

(B) Accounts may be placed with private collectors only after the employer or claimant has been given a final notice that the division intends to place the account with a private collector for further collection action.

(C) The notice shall advise the employer or claimant of the employer's or claimant's rights under this chapter and the applicable rules of the department.

(ii)(A) A private collector may receive as compensation up to 25% of the lesser of the amount collected or the amount due, plus the costs and fees of any civil action or postjudgment remedy instituted by the private collector with the approval of the division.

(B) The employer or claimant shall be liable to pay the compensation of the collector, costs, and fees in addition to the original amount due.

(iii) A private collector is subject to the federal Fair Debt Collection Practices Act, 15 U.S.C. Sec. 1692 et seq.

(iv)(A) A civil action may not be maintained by a private collector without specific prior written approval of the division.

(B) When division approval is given for civil action against an employer or claimant, the division may cooperate with the private collector to the extent necessary to effect the civil action.

(d)(i) Notwithstanding Section 35A-4-312, the division may disclose the contribution, interest, penalties or benefit overpayments and penalties, costs due, the name of the employer or claimant, and the employer's or claimant's address and telephone number when any collection matter is referred to a private collector under Subsection (3)(c).

(ii) A private collector is subject to the confidentiality requirements and penalty provisions provided in [~~Section~~]Sections 35A-4-312 and [~~Subsection 76-8-1301(4)~~] 76-8-1304, except to the extent disclosure is necessary in a civil action to enforce collection of the amounts due.

(e) An action taken by the division under this section may not be construed to be an election to forego other collection procedures by the division.

(4)(a) In the event of a distribution of an employer's assets under an order of a court under the laws of Utah, including a receivership, assignment for benefits of creditors, adjudicated insolvency, composition, or similar proceedings, contributions then or thereafter due shall be paid in full prior to all other claims except taxes and claims for wages of not more than $400 to each claimant, earned within five months of the commencement of the proceeding.

(b) If an employer commences a proceeding in the Federal Bankruptcy Court under a chapter of 11 U.S.C. 101 et seq., as amended by the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, contributions, interest, and penalties then or thereafter due shall be entitled to the priority provided for taxes, interest, and penalties in the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005.

(5)(a) In addition and as an alternative to any other remedy provided by this chapter and provided that no appeal or other proceeding for review provided by this chapter is then pending and the time for taking it has expired, the division may issue a warrant in duplicate, under its official seal, directed to the sheriff of any county of the state, commanding the sheriff to levy upon and sell the real and personal property of a delinquent employer or claimant found within the sheriff's county for the payment of the contributions due, with the added penalties, interest, or benefit overpayment and penalties, and costs, and to return the warrant to the division and pay into the fund the money collected by virtue of the warrant by a time to be specified in the warrant, not more than 60 days from the date of the warrant.

(b)(i) Immediately upon receipt of the warrant in duplicate, the sheriff shall file the duplicate with the clerk of the district court in the sheriff's county.

(ii) The clerk shall enter in the judgment docket, in the column for judgment debtors, the name of the delinquent employer or claimant mentioned in the warrant, and in appropriate columns the amount of the contribution, penalties, interest, or benefit overpayment and penalties, and costs, for which the warrant is issued and the date when the duplicate is filed.

(c) The amount of the docketed warrant shall:

(i) have the force and effect of an execution against all personal property of the delinquent employer; and

(ii) become a lien upon the real property of the delinquent employer or claimant in the same manner and to the same extent as a judgment duly rendered by a district court and docketed in the office of the clerk.

(d) After docketing, the sheriff shall:

(i) proceed in the same manner as is prescribed by law with respect to execution issued against property upon judgments of a court of record; and

(ii) be entitled to the same fees for the sheriff's services in executing the warrant, to be collected in the same manner.

(6)(a) Contributions imposed by this chapter are a lien upon the property of an employer liable for the contribution required to be collected under this section who shall sell out the employer's business or stock of goods or shall quit business, if the employer fails to make a final report and payment on the date subsequent to the date of selling or quitting business on which they are due and payable as prescribed by rule.

(b)(i) An employer's successor, successors, or assigns, if any, are required to withhold sufficient of the purchase money to cover the amount of the contributions and interest or penalties due and payable until the former owner produces a receipt from the division showing that they have been paid or a certificate stating that no amount is due.

(ii) If the purchaser of a business or stock of goods fails to withhold sufficient purchase money, the purchaser is personally liable for the payment of the amount of the contributions required to be paid by the former owner, interest and penalties accrued and unpaid by the former owner, owners, or assignors.

(7)(a) If an employer is delinquent in the payment of a contribution, the division may give notice of the amount of the delinquency by registered mail to all persons having in their possession or under their control, any credits or other personal property belonging to the employer, or owing any debts to the employer at the time of the receipt by them of the notice.

(b) A person notified under Subsection (7)(a) shall neither transfer nor make any other disposition of the credits, other personal property, or debts until:

(i) the division has consented to a transfer or disposition; or

(ii) 20 days after the receipt of the notice.

(c) All persons notified under Subsection (7)(a) shall, within five days after receipt of the notice, advise the division of credits, other personal property, or other debts in their possession, under their control or owing by them, as the case may be.

(8)(a)(i) Each employer shall furnish the division necessary information for the proper administration of this chapter and shall include wage information for each employee, for each calendar quarter.

(ii) The information shall be furnished at a time, in the form, and to those individuals as the department may by rule require.

(b)(i) Each employer shall furnish each individual worker who is separated that information as the department may by rule require, and shall furnish within 48 hours of the receipt of a request from the division a report of the earnings of any individual during the individual's base-period.

(ii) The report shall be on a form prescribed by the division and contain all information prescribed by the division.

(c)(i) For each failure by an employer to conform to this Subsection (8) the division shall, unless good cause is shown, assess a $50 penalty if the filing was not more than 15 days late.

(ii) If the filing is more than 15 days late, the division shall assess an additional penalty of $50 for each 15 days, or a fraction of the 15 days that the filing is late, not to exceed $250 per filing.

(iii) The penalty is to be collected in the same manner as contributions due under this chapter.

(d)(i) The division shall prescribe rules providing standards for determining which contribution reports shall be filed on magnetic or electronic media or in other machine-readable form.

(ii) In prescribing these rules, the division:

(A) may not require an employer to file contribution reports on magnetic or electronic media unless the employer is required to file wage data on at least 250 employees during any calendar quarter or is an authorized employer representative who files quarterly tax reports on behalf of 100 or more employers during any calendar quarter;

(B) shall take into account, among other relevant factors, the ability of the employer to comply at reasonable cost with the requirements of the rules; and

(C) may require an employer to post a bond for failure to comply with the rules required by this Subsection (8)(d).

(9)(a)(i) An employer liable for payments in lieu of contributions shall file Reimbursable Employment and Wage Reports.

(ii) The reports are due on the last day of the month that follows the end of each calendar quarter unless the division, after giving notice, changes the due date.

(iii) A report postmarked on or before the due date is considered timely.

(b)(i) Unless the employer can show good cause, the division shall assess a $50 penalty against an employer who does not file Reimbursable Employment and Wage Reports within the time

limits set out in Subsection (9)(a) if the filing was not more than 15 days late.

(ii) If the filing is more than 15 days late, the division shall assess an additional penalty of $50 for each 15 days, or a fraction of the 15 days that the filing is late, not to exceed $250 per filing.

(iii) The division shall assess and collect the penalties referred to in this Subsection (9)(b) in the same manner as prescribed in Sections 35A-4-309 and 35A-4-311.

(10) If a person liable to pay a contribution or benefit overpayment imposed by this chapter neglects or refuses to pay it after demand, the amount, including any interest, additional amount, addition to contributions, or assessable penalty, together with any additional accruable costs, shall be a lien in favor of the division upon all property and rights to property, whether real or personal belonging to the person.

(11)(a) The lien imposed by Subsection (10) arises at the time the assessment, as defined in the department rules, is made and continues until the liability for the amount assessed, or a judgment against the taxpayer arising out of the liability, is satisfied.

(b)(i) The lien imposed by Subsection (10) is not valid as against a purchaser, holder of a security interest, mechanics' lien holder, or judgment lien creditor until the division files a warrant with the clerk of the district court.

(ii) For the purposes of this Subsection (11)(b):

(A) "Judgment lien creditor" means a person who obtains a valid judgment of a court of record for recovery of specific property or a sum certain of money, and who in the case of a recovery of money, has a perfected lien under the judgment on the property involved. (II) to the extent that, at that time, the holder has parted with money or money's worth.

(12)(a) Except in cases involving a violation of unemployment compensation provisions under Section 76-8-1301, 76-8-1302, 76-8-1303, 76-8-1304, Subsection 35A-4-304(5), or Subsection 35A-4-405(5), and at the discretion of the division, the division may accept an offer in compromise from an employer or claimant to reduce past due debt arising from contributions or benefit overpayments imposed under this chapter.

G. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Commission may accept any and all appropriate revenue sources, as provided in C(13).

3. The Commission may levy on and collect an annual assessment from each Member State and impose fees on licensees of Member States to whom it grants a Multistate License to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Commission shall promulgate by Rule.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the Member States, except by and with the authority of the Member State.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the Commission.

H. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Commission shall defend any member, officer, executive director, employee and representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any

actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Commission.

Section 13. Section 58-60b-111 is enacted to read:

58-60b-111. Section 11 -- Data System.

A. The Commission shall provide for the development, maintenance, operation, and utilization of a coordinated Data System.

B. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the Rules of the Commission.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a license and information related thereto;

4. Non-confidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;

5. Any denial of application for licensure, and the reason(s) for such denial;

6. The presence of Current Significant Investigative Information; and

7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Commission.

D. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Member State.

E. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

1. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the database to determine whether Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

F. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

G. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

Section 14. Section 58-60b-112 is enacted to read:

58-60b-112. Section 12 -- Rulemaking.

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Commission shall have the force of law in each Member State, provided however that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's laws, regulations, and applicable standards that govern the practice of Social Work as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

C. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the Rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow

persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking; and

3. In such other way(s) as the Commission may by Rule specify.

H. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed rule;

2. If the hearing is held via telecommunication, video conference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

3. The text of the proposed Rule and the reason therefor;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

1. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Section 12.L, the effective date of the Rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with 48 hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Member State funds;

3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

N. No Member State's rulemaking requirements shall apply under this compact.

Section 15. Section 58-60b-113 is enacted to read:

58-60b-113. Section 13 -- Oversight, dispute resolution, and enforcement.

A. Oversight

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

G. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

H. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

I. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement

1. By majority vote as provided by Rule, the Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or the defaulting Member State's law.

2. A Member State may initiate legal action against the Commission in the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. No person other than a Member State shall enforce this compact against the Commission.

Section 16. Section 58-60b-114 is enacted to read:

58-60b-114. Section 14 -- Effective date, withdrawal, and amendment.

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 13.

b. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Section 10(C)(21) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

Section 17. Section 58-60b-115 is enacted to read:

58-60b-115. Section 15 -- Construction and severability.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes, and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 13.B, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

Section 18. Section 58-60b-116 is enacted to read:

58-60b-116. Section 16 -- Consistent effect and conflict with other state laws.

A. A Licensee providing services in a Remote State under a Multistate Authorization to Practice shall adhere to the laws and regulations, including laws, regulations, and applicable standards, of the Remote State where the client is located at the time care is rendered.

B. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

C. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

D. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

Section 19. Section 58-60b-201 is enacted to read:

58-60b-201. Rulemaking authority -- State authority over scope of practice.

Part 2. Division Implementation

(1) The division may make rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to implement this chapter.

(2) Notwithstanding any provision in Sections 58-60b-101 through 58-60b-114, Sections 58-60b-101 through 58-60b-114 do not supersede state law related to an individual's scope of practice under this title.

Section 20. Effective date.

This bill takes effect on May 1, 2024.

Section 3. Section 58-1-302 is amended to read:

58-1-302. License by endorsement.

(1) As used in this section[~~,~~]:

(b) "Limited supervised training permit" means a temporary authorization to work in a limited professional capacity that would otherwise require licensure under this title.

(2) Subject to Subsections (4) through (7), the division shall issue a license to an applicant who has been licensed in another state, district, or territory of the United States if:

(6)(a) For an applicant who is or has been licensed in another jurisdiction, but does not satisfy the requirements of Subsection (2) or (3), the division may evaluate and determine whether:

(i) the applicant is eligible for a license under this title because the applicant's education, credentialing examination, or experience obtained in the other jurisdiction is substantially similar to the education, credentialing examination, or experience requirements for the license; or

(ii) in light of the applicant's education or experience obtained in the other jurisdiction, the applicant's education or experience would be substantially similar to the education or experience requirements for a license under this title, if the applicant obtains additional education or experience.

(iii)(A) the division needs additional time to make a determination under Subsection (6)(a)(i); or

(B) the division determines under Subsection (6)(a)(ii) that additional education or experience would make the applicant's education or experience substantially similar to the education or experience requirements for a license under this title, the applicant wishes to pursue the education or experience, and the division establishes a deadline for the applicant to complete the additional education or experience;

(iv) the applicant pays a fee determined by the department under Section 63J-1-504;

(v) the applicant meets the minimum professional standards to work in a supervised environment that the division, in consultation with the applicable board, establishes for the applicable profession;

(17) If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of this chapter shall be given effect without the invalid provision or application.

(18) A legislative body of a political subdivision may not enact an ordinance that is less restrictive than any provision of this chapter.

(ii) Imposition or execution of the sentence may not be suspended, and the person is not eligible for probation.

(c) If the classification that would otherwise have been established would have been less than a first degree felony but for this Subsection (4), a person convicted under this Subsection (4) is guilty of one degree more than the maximum penalty prescribed for that offense.

(A) the person may be sentenced to imprisonment for an indeterminate term as provided by law, and the court shall additionally sentence the person convicted for a term of one year to run consecutively and not concurrently; and

(i) from a separate criminal episode than the current charge; and

(b) In a prosecution alleging violation of this section regarding peyote as defined in Section 58-37-4, it is an affirmative defense that the peyote was used, possessed, or transported by an Indian for bona fide traditional ceremonial purposes in connection with the practice of a traditional Indian religion.

(16)(a) It is an affirmative defense to an allegation of the commission of an offense listed in Subsection (16)(b) that the person or bystander:

(i) reasonably believes that the person or another person is experiencing an overdose event due to the ingestion, injection, inhalation, or other introduction into the human body of a controlled substance or other substance;

(17) If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of this chapter shall be given effect without the invalid provision or application.

(18) A legislative body of a political subdivision may not enact an ordinance that is less restrictive than any provision of this chapter.

(19) If a minor who is under 18 years old is found by a court to have violated this section or Subsection 76-5-102.1(2)(b) or 76-5-207(2)(b), the court may order the minor to complete:

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 31A-38-104 is amended to read:

31A-38-104. Authorization -- Money transferred for reserves.

(1) The Department of Workforce Services may:

35A-4-305. Collection of contributions -- Unpaid contributions to bear interest -- Offer to compromise.

(1)(a) Contributions unpaid on the date on which they are due and payable, as prescribed by the division, shall bear interest at the rate of 1% per month from and after that date until payment plus accrued interest is received by the division.

(b)(i) Contribution reports not made and filed by the date on which they are due as prescribed by the division are subject to a penalty to be assessed and collected in the same manner as contributions due

under this section equal to 5% of the contribution due if the failure to file on time was not more than 15 days, with an additional 5% for each additional 15 days or fraction thereof during which the failure continued, but not to exceed 25% in the aggregate and not less than $25 with respect to each reporting period.

(ii) If a report is filed after the required time and it is shown to the satisfaction of the division or its authorized representative that the failure to file was due to a reasonable cause and not to willful neglect, no addition shall be made to the contribution.

(c)(i) If contributions are unpaid after 10 days from the date of the mailing or personal delivery by the division or its authorized representative, of a written demand for payment, there shall attach to the contribution, to be assessed and collected in the same manner as contributions due under this section, a penalty equal to 5% of the contribution due.

(ii) A penalty may not attach if within 10 days after the mailing or personal delivery, arrangements for payment have been made with the division, or its authorized representative, and payment is made in accordance with those arrangements.

(d) The division shall assess as a penalty a service charge, in addition to any other penalties that may apply, in an amount not to exceed the service charge imposed by Section 7-15-1 for dishonored instruments if:

(i) any amount due the division for contributions, interest, other penalties or benefit overpayments is paid by check, draft, order, or other instrument; and

(ii) the instrument is dishonored or not paid by the institution against which it is drawn.

(e) Except for benefit overpayments under Subsection 35A-4-405(5), benefit overpayments, contributions, interest, penalties, and assessed costs, uncollected three years after they become due, may be charged as uncollectible and removed from the records of the division if:

(i) no assets belonging to the liable person and subject to attachment can be found; and

(ii) in the opinion of the division there is no likelihood of collection at a future date.

(f) Interest and penalties collected in accordance with this section shall be [~~paid~~]deposited into the [~~Special Administrative Expense Account created by~~]Workforce Initiatives Fund created in Section 35A-4-506.

(b) The division shall give written notice of the determination to the employer.

(c) The determination is considered correct unless:

(i) the employer, within 10 days after mailing or personal delivery of notice of the determination, applies to the division for a review of the determination as provided in Section 35A-4-508; or

(ii) unless the division or its authorized representative of its own motion reviews the determination.

(d) The amount of contribution determined under Subsection (2)(a) is subject to penalties and interest as provided in Subsection (1).

(3)(a) If, after due notice, an employer defaults in the payment of contributions, interest, or penalties on the contributions, or a claimant defaults in a repayment of benefit overpayments and penalties on the overpayments, the amount due shall be collectible by civil action in the name of the division, and the employer adjudged in default shall pay the costs of the action.

(b) Civil actions brought under this section to collect contributions, interest, or penalties from an employer, or benefit overpayments and penalties from a claimant shall be:

(i) heard by the court at the earliest possible date; and

(ii) entitled to preference upon the calendar of the court over all other civil actions except:

(A) petitions for judicial review under this chapter; and

(B) cases arising under the workers' compensation law of this state.

(c)(i)(A) To collect contributions, interest, or penalties, or benefit overpayments and penalties due from employers or claimants located outside Utah, the division may employ private collectors providing debt collection services outside Utah.

(C) The notice shall advise the employer or claimant of the employer's or claimant's rights under this chapter and the applicable rules of the department.

(ii)(A) A private collector may receive as compensation up to 25% of the lesser of the amount collected or the amount due, plus the costs and fees

(d)(i) Notwithstanding Section 35A-4-312, the division may disclose the contribution, interest, penalties or benefit overpayments and penalties, costs due, the name of the employer or claimant, and the employer's or claimant's address and telephone number when any collection matter is referred to a private collector under Subsection (3)(c).

(ii) A private collector is subject to the confidentiality requirements and penalty provisions provided in Section 35A-4-312 and Subsection 76-8-1301(4), except to the extent disclosure is necessary in a civil action to enforce collection of the amounts due.

(e) An action taken by the division under this section may not be construed to be an election to forego other collection procedures by the division.

(4)(a) In the event of a distribution of an employer's assets under an order of a court under the laws of Utah, including a receivership, assignment for benefits of creditors, adjudicated insolvency, composition, or similar proceedings, contributions then or thereafter due shall be paid in full prior to all other claims except taxes and claims for wages of not more than $400 to each claimant, earned within five months of the commencement of the proceeding.

(b) If an employer commences a proceeding in the Federal Bankruptcy Court under a chapter of 11 U.S.C. 101 et seq., as amended by the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, contributions, interest, and penalties then or thereafter due shall be entitled to the priority provided for taxes, interest, and penalties in the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005.

(5)(a) In addition and as an alternative to any other remedy provided by this chapter and provided that no appeal or other proceeding for review provided by this chapter is then pending and the time for taking it has expired, the division may issue a warrant in duplicate, under its official seal, directed to the sheriff of any county of the state, commanding the sheriff to levy upon and sell the real and personal property of a delinquent employer or claimant found within the sheriff's county for the payment of the contributions due, with the added penalties, interest, or benefit overpayment and penalties, and costs, and to return the warrant to the division and pay into the fund the money collected by virtue of the warrant by a time to be specified in the warrant, not more than 60 days from the date of the warrant.

(b)(i) Immediately upon receipt of the warrant in duplicate, the sheriff shall file the duplicate with the clerk of the district court in the sheriff's county.

(ii) The clerk shall enter in the judgment docket, in the column for judgment debtors, the name of the delinquent employer or claimant mentioned in the warrant, and in appropriate columns the amount of the contribution, penalties, interest, or benefit overpayment and penalties, and costs, for which the warrant is issued and the date when the duplicate is filed.

(c) The amount of the docketed warrant shall:

(i) have the force and effect of an execution against all personal property of the delinquent employer; and

(ii) become a lien upon the real property of the delinquent employer or claimant in the same manner and to the same extent as a judgment duly rendered by a district court and docketed in the office of the clerk.

(d) After docketing, the sheriff shall:

(i) proceed in the same manner as is prescribed by law with respect to execution issued against property upon judgments of a court of record; and

(ii) be entitled to the same fees for the sheriff's services in executing the warrant, to be collected in the same manner.

(6)(a) Contributions imposed by this chapter are a lien upon the property of an employer liable for the contribution required to be collected under this section who shall sell out the employer's business or stock of goods or shall quit business, if the employer fails to make a final report and payment on the date subsequent to the date of selling or quitting business on which they are due and payable as prescribed by rule.

(b)(i) An employer's successor, successors, or assigns, if any, are required to withhold sufficient of the purchase money to cover the amount of the contributions and interest or penalties due and payable until the former owner produces a receipt from the division showing that they have been paid or a certificate stating that no amount is due.

(ii) If the purchaser of a business or stock of goods fails to withhold sufficient purchase money, the purchaser is personally liable for the payment of the amount of the contributions required to be paid by the former owner, interest and penalties accrued and unpaid by the former owner, owners, or assignors.

(7)(a) If an employer is delinquent in the payment of a contribution, the division may give notice of the amount of the delinquency by registered mail to all

persons having in their possession or under their control, any credits or other personal property belonging to the employer, or owing any debts to the employer at the time of the receipt by them of the notice.

(b) A person notified under Subsection (7)(a) shall neither transfer nor make any other disposition of the credits, other personal property, or debts until:

(i) the division has consented to a transfer or disposition; or

(ii) 20 days after the receipt of the notice.

(c) All persons notified under Subsection (7)(a) shall, within five days after receipt of the notice, advise the division of credits, other personal property, or other debts in their possession, under their control or owing by them, as the case may be.

(8)(a)(i) Each employer shall furnish the division necessary information for the proper administration of this chapter and shall include wage information for each employee, for each calendar quarter.

(ii) The information shall be furnished at a time, in the form, and to those individuals as the department may by rule require.

(b)(i) Each employer shall furnish each individual worker who is separated that information as the department may by rule require, and shall furnish within 48 hours of the receipt of a request from the division a report of the earnings of any individual during the individual's base-period.

(ii) The report shall be on a form prescribed by the division and contain all information prescribed by the division.

(c)(i) For each failure by an employer to conform to this Subsection (8) the division shall, unless good cause is shown, assess a $50 penalty if the filing was not more than 15 days late.

(ii) If the filing is more than 15 days late, the division shall assess an additional penalty of $50 for each 15 days, or a fraction of the 15 days that the filing is late, not to exceed $250 per filing.

(iii) The penalty is to be collected in the same manner as contributions due under this chapter.

(d)(i) The division shall prescribe rules providing standards for determining which contribution reports shall be filed on magnetic or electronic media or in other machine-readable form.

(ii) In prescribing these rules, the division:

(A) may not require an employer to file contribution reports on magnetic or electronic media unless the employer is required to file wage data on at least 250 employees during any calendar quarter or is an authorized employer representative who files quarterly tax reports on behalf of 100 or more employers during any calendar quarter;

(B) shall take into account, among other relevant factors, the ability of the employer to comply at reasonable cost with the requirements of the rules; and

(C) may require an employer to post a bond for failure to comply with the rules required by this Subsection (8)(d).

(9)(a)(i) An employer liable for payments in lieu of contributions shall file Reimbursable Employment and Wage Reports.

(ii) The reports are due on the last day of the month that follows the end of each calendar quarter unless the division, after giving notice, changes the due date.

(iii) A report postmarked on or before the due date is considered timely.

(b)(i) Unless the employer can show good cause, the division shall assess a $50 penalty against an employer who does not file Reimbursable Employment and Wage Reports within the time limits set out in Subsection (9)(a) if the filing was not more than 15 days late.

(ii) If the filing is more than 15 days late, the division shall assess an additional penalty of $50 for each 15 days, or a fraction of the 15 days that the filing is late, not to exceed $250 per filing.

(iii) The division shall assess and collect the penalties referred to in this Subsection (9)(b) in the same manner as prescribed in Sections 35A-4-309 and 35A-4-311.

(10) If a person liable to pay a contribution or benefit overpayment imposed by this chapter neglects or refuses to pay it after demand, the amount, including any interest, additional amount, addition to contributions, or assessable penalty, together with any additional accruable costs, shall be a lien in favor of the division upon all property and rights to property, whether real or personal belonging to the person.

(11)(a) The lien imposed by Subsection (10) arises at the time the assessment, as defined in the department rules, is made and continues until the liability for the amount assessed, or a judgment against the taxpayer arising out of the liability, is satisfied.

(b)(i) The lien imposed by Subsection (10) is not valid as against a purchaser, holder of a security interest, mechanics' lien holder, or judgment lien creditor until the division files a warrant with the clerk of the district court.

(ii) For the purposes of this Subsection (11)(b):

(A) "Judgment lien creditor" means a person who obtains a valid judgment of a court of record for recovery of specific property or a sum certain of money, and who in the case of a recovery of money, has a perfected lien under the judgment on the property involved. A judgment lien does not include inchoate liens such as attachment or garnishment liens until they ripen into a judgment. A judgment lien does not include the determination or assessment of a quasi-judicial authority, such as a state or federal taxing authority.

(B) "Mechanics' lien holder" means any person who has a lien on real property, or on the proceeds of

a contract relating to real property, for services, labor, or materials furnished in connection with the construction or improvement of the property. A person has a lien on the earliest date the lien becomes valid against subsequent purchasers without actual notice, but not before the person begins to furnish the services, labor, or materials.

(C) "Person" means:

(I) an individual;

(II) a trust;

(III) an estate;

(IV) a partnership;

(E) "Security interest" means any interest in property acquired by contract for the purpose of securing payment or performance of an obligation or indemnifying against loss or liability. A security interest exists at any time:

(I) the property is in existence and the interest has become protected under the law against a subsequent judgment lien arising out of an unsecured obligation; and

(II) to the extent that, at that time, the holder has parted with money or money's worth.

(12)(a) Except in cases involving a violation of unemployment compensation provisions under Section 76-8-1301, Subsection 35A-4-304(5), or Subsection 35A-4-405(5), and at the discretion of the division, the division may accept an offer in compromise from an employer or claimant to reduce past due debt arising from contributions or benefit overpayments imposed under this chapter.

(b) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the division shall make rules for allowing an offer in compromise provided under Subsection (12)(a).

Section 3. Section 35A-4-314 is amended to read:

35A-4-314. Disclosure of information for debt collection -- Court order -- Procedures -- Use of information restrictions -- Penalties.

(1) The division shall disclose to a creditor who has obtained judgment against a debtor the name and address of the last known employer of the debtor if:

(a) the judgment creditor obtains a court order requiring disclosure of the information as described in Subsection (2); and

(b) the judgment creditor completes the requirements described in Subsection (3), including entering into a written agreement with the division.

(2)(a) A court shall grant an order to disclose the information described in Subsection (1) if, under the applicable Utah Rules of Civil Procedure:

(i) the judgment creditor files a motion with the court, which includes a copy of the judgment, and serves a copy of the motion to the judgment debtor and the division;

(ii) the judgment debtor and the division have the opportunity to respond to the motion; and

(iii) the court denies or overrules any objection to disclosure in the judgment debtor's and the division's response.

(b) A court may not grant an order to disclose the information described in Subsection (1), if the court finds that the division has established that disclosure will have a negative effect on:

(i) the willingness of employers to report wage and employment information; or

(ii) the willingness of individuals to file claims for unemployment benefits.

(c) The requirements of Subsection 63G-2-202(7) and Section 63G-2-207 do not apply to information sought through a court order as described in this section.

(3) If a court order is granted in accordance with this section, a judgment creditor shall:

(a) provide to the division a copy of the order requiring the disclosure;

(b) enter into a written agreement with the division, in a form approved by the division;
