Section 13. Section 13-14-303 is amended to read:

13-14-303. Effect of terminating a franchise.

If under Section 13-14-301 the executive director permits a franchisor to terminate or not continue a franchise and prohibits the franchisor from entering into a franchise for the sale of new motor vehicles of a line-make in a relevant market area, the franchisor may not enter into a franchise for the sale of new motor vehicles of that line-make in the specified relevant market area unless the executive director determines[~~, after a recommendation by the advisory board,~~] that there has been a change of circumstances so that the relevant market area at the time of the establishment of the new franchise agreement can reasonably be expected to support the new franchisee.

Section 14. Section 13-14-304 is amended to read:

13-14-304. Hearing regarding termination, relocation, or establishment of franchises.

(ii) A final decision on the challenge shall be made by the executive director no later than 20 days after the day on which the hearing ends.

(b) Failure to comply with the time requirements of Subsection (4)(a) is considered a determination that the franchisor acted with good cause or, in the case of a protest of a proposed establishment or relocation of a dealer, that good cause exists for permitting the proposed additional or relocated new motor vehicle dealer, unless:

(i) the delay is caused by acts of the franchisor or the additional or relocating franchisee; or

(ii) the delay is waived by the parties.

(5) The franchisor has the burden of proof to establish by a preponderance of the evidence that under the provisions of this chapter it should be granted permission to:

(b) enter into a franchise agreement establishing an additional franchise; or

(c) relocate the dealership of an existing franchisee.

(6) Any party to the hearing may appeal the executive director's final decision in accordance with Title 63G, Chapter 4, Administrative Procedures Act, including the franchisor, an existing franchisee of the same line-make whose relevant market area includes the site of the proposed dealership, or an affected municipality.

(c) the fact that the franchisee has justifiably refused or declined to participate in any conduct covered by Section 13-14-201.

(3) For purposes of Subsection (2), "substantially detrimental" includes the failure of any proposed transferee to meet the objective criteria applied by the franchisor in qualifying franchisees at the time of application.

(d) how the new or relocated dealership would impact the distance and time that an individual in the new or relocated dealership's primary market area would have to travel to access a dealership in the same line-make as the new or relocated dealership[~~.~~];

(5) whether the franchisees of the same line-make in that relevant market area are providing adequate service to consumers for the motor vehicles of the line-make, which shall include the adequacy of:

(ii) During the pendency of the hearing, the franchise agreement shall continue in effect in accordance with its terms.

(d) The[~~advisory board and the~~] executive director shall expedite, upon written request, any determination sought under this section.

Section 24. Section 13-35-203 is amended to read:

13-35-203. Succession to franchise.

(1)(a) A successor, including a family member of a deceased or incapacitated franchisee, who is designated by the franchisee may succeed the franchisee in the ownership and operation of the dealership under the existing franchise agreement if:

(i) the designated successor gives the franchisor written notice of an intent to succeed to the rights of the deceased or incapacitated franchisee in the franchise agreement within 180 days after the franchisee's death or incapacity;

(ii) the designated successor agrees to be bound by all of the terms and conditions of the franchise agreement; and

(iii) the designated successor meets the criteria generally applied by the franchisor in qualifying franchisees.

(b) A franchisor may refuse to honor the existing franchise agreement with the designated successor only for good cause.

(2)(a) The franchisor may request in writing from a designated successor the personal and financial data that is reasonably necessary to determine whether the existing franchise agreement should be honored.

(b) The designated successor shall supply the personal and financial data promptly upon the request.

(3)(a) If a franchisor believes that good cause exists for refusing to honor the requested succession, the franchisor shall serve upon the designated successor notice of its refusal to approve the succession, within 60 days after the later of:

(i) receipt of the notice of the designated successor's intent to succeed the franchisee in the ownership and operation of the dealership; or

(ii) the receipt of the requested personal and financial data.

(b) Failure to serve the notice pursuant to Subsection (3)(a) is considered approval of the designated successor and the franchise agreement is considered amended to reflect the approval of the succession the day following the last day the franchisor can serve notice under Subsection (3)(a).

(4) The notice of the franchisor provided in Subsection (3) shall state:

(a) the specific grounds for the refusal to approve the succession; and

(b) that discontinuance of the franchise agreement shall take effect not less than 180 days after the date the notice of refusal is served unless the proposed successor files an application for hearing under Subsection (6).

(5)(a) This section does not prevent a franchisee from designating a person as the successor by written instrument filed with the franchisor.

(b) If a franchisee files an instrument under Subsection (5)(a), the instrument governs the succession rights to the management and operation of the dealership subject to the designated successor satisfying the franchisor's qualification requirements as described in this section.

(6)(a) If a franchisor serves a notice of refusal to a designated successor pursuant to Subsection (3), the designated successor may, within the 180-day period provided in Subsection (4), file with the [~~advisory board~~]executive director an application for a hearing and a determination by the executive director regarding whether good cause exists for the refusal.

(b) If application for a hearing is timely filed, the franchisor shall continue to honor the franchise agreement until after:

(i) the requested hearing has been concluded;

(ii) a decision is rendered by the executive director; and

(iii) the applicable appeal period has expired following a decision by the executive director.

Section 25. Section 13-35-301 is amended to read:

13-35-301. Termination or noncontinuance of franchise.

(1) Except as provided in Subsection (2), a franchisor may not terminate or refuse to continue a franchise agreement unless:

(b) the franchisor has good cause for termination or noncontinuance; and

(c) the franchisor is willing and able to comply with Section 13-35-105.

(2) A franchisor may terminate a franchise, without complying with Subsection (1):

(b) if the franchisee's registration as a new powersport vehicle dealer is revoked under Section 13-35-105; or

(c) upon a mutual written agreement of the franchisor and franchisee.

(3)(a) At any time before the effective date of termination or noncontinuance of the franchise, the franchisee may apply to the [~~advisory board~~]executive director for a hearing on the merits, and following notice to all parties concerned, the hearing shall be promptly held as provided in Section 13-35-304.

(b) A termination or noncontinuance subject to a hearing under Subsection (3)(a) may not become effective until:

(i) final determination of the issue by the executive director; and

(ii) the applicable appeal period has lapsed.

Section 26. Section 13-35-302 is amended to read:

13-35-302. Issuance of additional franchises -- Relocation of existing franchisees.

(1)(a) Except as provided in Subsection (2), a franchisor shall comply with Subsection (1)(b) if the franchisor seeks to:

(i) enter into a franchise establishing a powersport vehicle dealership within a relevant market area where the same line-make is represented by another franchisee; or

(ii) relocate an existing powersport vehicle dealership.

(b)(i) If a franchisor seeks to take an action listed in Subsection (1)(a), prior to taking the action, the franchisor shall in writing notify the [~~advisory board~~]executive director and each franchisee in that line-make in the relevant market area that the franchisor intends to take an action described in Subsection (1)(a).

(ii) The notice required by Subsection (1)(b)(i) shall:

(A) specify the good cause on which it intends to rely for the action; and

(B) be delivered by registered or certified mail or by any form of reliable delivery through which receipt is verifiable.

(c) Within 45 days of receiving notice required by Subsection (1)(b), any franchisee that is required to receive notice under Subsection (1)(b) may protest to the [~~advisory board~~]executive director the establishing or relocating of the dealership. When a protest is filed, the department shall inform the franchisor that:

(i) a timely protest has been filed;

(ii) a hearing is required;

(iii) the franchisor may not establish or relocate the proposed dealership until the [~~advisory board~~]executive director has held a hearing; and

(iv) the franchisor may not establish or relocate a proposed dealership if the executive director determines that there is not good cause for permitting the establishment or relocation of the dealership.

(d) If multiple protests are filed under Subsection (1)(c), hearings may be consolidated to expedite the disposition of the issue.

(2) Subsection (1) does not apply to the relocation of a franchisee's dealership:

(a) less than two miles from the existing location of the franchisee's dealership; or

(b) farther away from all powersport dealerships that are:

(i) of the same line-make as the franchisee's dealership; and

(ii) in the franchisee's existing dealership's relevant market area.

(3) For purposes of this section:

(a) relocation of an existing franchisee's dealership in excess of one mile from its existing location is considered the establishment of an additional franchise in the line-make of the relocating franchise;

(b) the reopening in a relevant market area of a dealership that has not been in operation for one year or more is considered the establishment of an additional powersport vehicle dealership; and

(c)(i) except as provided in Subsection (3)(c)(ii), the establishment of a temporary additional place of business by a powersport vehicle franchisee is considered the establishment of an additional powersport vehicle dealership; and

(ii) the establishment of a temporary additional place of business by a powersport vehicle franchisee is not considered the establishment of an additional powersport vehicle dealership if the powersport vehicle franchisee is participating in a trade show where three or more powersport vehicle dealers are participating.

Section 27. Section 13-35-303 is amended to read:

13-35-303. Effect of terminating a franchise.

If under Section 13-35-301 the executive director permits a franchisor to terminate or not continue a franchise and prohibits the franchisor from entering into a franchise for the sale of new powersport vehicles of a line-make in a relevant market area, the franchisor may not enter into a franchise for the sale of new powersport vehicles of that line-make in the specified relevant market area unless the executive director determines[~~, after a recommendation by the advisory board,~~] that there has been a change of circumstances so that the relevant market area at the time of the establishment of the new franchise agreement can reasonably be expected to support the new franchisee.

Section 28. Section 13-35-305 is amended to read:

13-35-305. Evidence to be considered in determining cause to terminate or discontinue.

(1) In determining whether a franchisor has established good cause for terminating or not continuing a franchise agreement,[~~ the advisory board and~~] the executive director shall consider:

(a) the amount of business transacted by the franchisee, as compared to business available to the franchisee;

(b) the investment necessarily made and obligations incurred by the franchisee in the performance of the franchisee's part of the franchise agreement;

(c) the permanency of the investment;

(d) whether it is injurious or beneficial to the public welfare or public interest for the business of the franchisee to be disrupted;

(e) whether the franchisee has adequate powersport vehicle sales and service facilities, equipment, vehicle parts, and qualified service personnel to reasonably provide for the needs of the consumer for the new powersport vehicles handled by the franchisee and has been and is rendering adequate services to the public;

(f) whether the franchisee refuses to honor warranties of the franchisor under which the warranty service work is to be performed pursuant to the franchise agreement, if the franchisor reimburses the franchisee for the warranty service work;

(g) failure by the franchisee to substantially comply with those requirements of the franchise agreement that are determined by[~~ the advisory board or~~] the executive director to be:

(i) reasonable;

(ii) material; and

(iii) not in violation of this chapter;

(h) evidence of bad faith by the franchisee in complying with those terms of the franchise agreement that are determined by[~~ the advisory board or~~] the executive director to be:

(i) reasonable;

(ii) material; and

(iii) not in violation of this chapter;

(i) prior misrepresentation by the franchisee in applying for the franchise;

(j) transfer of any ownership or interest in the franchise without first obtaining approval from the franchisor or the executive director[~~ after receipt of the advisory board's recommendation~~]; and

(k) any other factor[~~ the advisory board or~~] the executive director [~~consider~~]considers relevant.

(2) Notwithstanding any franchise agreement, the following do not constitute good cause, as used in this chapter for the termination or noncontinuation of a franchise:

(a) the sole fact that the franchisor desires:

(i) greater market penetration; or

(ii) more sales or leases of new powersport vehicles;

(b) the change of ownership of the franchisee's dealership or the change of executive management of the franchisee's dealership unless the franchisor proves that the change of ownership or executive management will be substantially detrimental to the distribution of the franchisor's powersport vehicles; or

(c) the fact that the franchisee has justifiably refused or declined to participate in any conduct covered by Section 13-35-201.

(3) For purposes of Subsection (2), "substantially detrimental" includes the failure of any proposed transferee to meet the objective criteria applied by the franchisor in qualifying franchisees at the time of application.

Section 29. Section 13-35-306 is amended to read:

13-35-306. Evidence to be considered in determining cause to relocate existing franchisee or establish a new franchised dealership.

In determining whether a franchisor has established good cause for relocating an existing franchisee or establishing a new franchised dealership for the same line-make in a given relevant market area,[~~ the advisory board and~~] the executive director shall consider:

(1) the amount of business transacted by other franchisees of the same line-make in that relevant market area, as compared to business available to the franchisees;

(2) the investment necessarily made and obligations incurred by other franchisees of the same line-make in that relevant market area in the performance of their part of their franchisee agreements;

(3) the permanency of the existing and proposed investment;

(4) whether it is injurious or beneficial to the public welfare or public interest for an additional franchise to be established; and

(5) whether the franchisees of the same line-make in that relevant market area are providing adequate service to consumers for the powersport vehicles of the line-make, which shall include the adequacy of:

(a) the powersport vehicle sale and service facilities;

(b) equipment;

(c) supply of vehicle parts; and

(d) qualified service personnel.

CONCURRENT RESOLUTION FOR STATE HEALTH PLAN BENEFIT CHANGES

Chief Sponsor: James A. Dunnigan
Senate Sponsor: Curtis S. Bramble

LONG TITLE

General Description:

This resolution directs the Public Employees' Benefit and Insurance Program to modify certain health insurance benefits for state employees.

Highlighted Provisions:

This bill:

- directs the Public Employees' Benefit and Insurance Program to:
  - increase the deductible for the STAR HSA Plan;
  - add an individual out-of-pocket maximum to the STAR HSA Plan for double and family coverage;
  - increase the total out-of-pocket maximum for the STAR HSA Plan for all levels of coverage;
  - modify the state's HSA contribution for single coverage on the STAR HSA Plan and for the Consumer Plus Plan; and
  - adjust the percentage of premium paid by the employee.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, in accordance with Utah Code Section 49-20-201, the state participates in the Public Employees' Benefit and Insurance Program;

WHEREAS, Utah Code Subsection 49-20-401(1)(g) provides that the program shall "consult with the covered employers to evaluate employee benefit plans and develop recommendations for benefit changes";

WHEREAS, Utah Code Subsection 49-20-401(1)(j) provides that the program shall "submit, in advance, the program's recommended benefit and rate changes for state employees, which may include actuarially substantiated member premium differentials between networks," to the Legislature and the director of the Division of Human Resource Management;

WHEREAS, Utah Code Subsection 49-20-401(1)(l) provides that the program "determine benefits and rates based on the total estimated costs and the employee premium share established by the Legislature, upon approval of the board, for state employees";

WHEREAS, the deductible for the STAR HSA Plan has to increase to $1,600 for single coverage and $3,200 for double and family coverage in 2024 to be compliant with federal law;

WHEREAS, an embedded individual out-of-pocket maximum is currently a benefit feature of the Traditional Plan and the Consumer Plus Plan and adding an embedded individual out-of-pocket maximum to the STAR HSA Plan would make this a standard benefit feature across plans offered;

WHEREAS, some families can be four times more likely than others to reach the current out-of-pocket maximum due to the health status of a single member, making the creation of an embedded individual out-of-pocket maximum of particular benefit to these families;

WHEREAS, the total combined out-of-pocket maximum for the Traditional Plan is $3,000 for single coverage, $6,000 for double coverage, and $9,000 for family coverage, adopting the same out-of-pocket maximums for the STAR HSA Plan would create a standard benefit feature and result in cost neutrality; and

WHEREAS, a material actuarial difference exists between the two networks offered to state employees:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, direct the Public Employees' Benefit and Insurance Program, beginning with the 2025 plan year, to:

(1) increase the deductible for the STAR HSA Plan to $1,600 for single coverage and $3,200 for double and family coverage;

(2) add an embedded individual out-of-pocket maximum of $4,000 to the STAR HSA Plan for double and family coverage;

(3) increase the total out-of-pocket maximum for the STAR HSA Plan to $3,000 for single coverage, $6,000 for double coverage, and $9,000 for family coverage;

(4) add $125 to the state's contribution for single coverage on the STAR HSA Plan;

(5) for the Traditional Plan, add 1% of total premium cost to the employee share for the Advantage Network and subtract 2% of total premium cost from the employee share of the Summit Network;

(6) for the STAR HSA Plan, add 1% of total premium cost to the employee share for the Advantage Network and eliminate the employee premium share for the Summit Network; and

(7) for the Consumer Plus Plan, create an employee share of 1% of total premium cost for the Advantage Network and add the equivalent of 2% of total premium cost to the state's HSA contribution.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Public Employees' Benefit and Insurance Program.

CONCURRENT RESOLUTION REGARDING CHILD SEXUAL ABUSE MATERIAL

Chief Sponsor: Brady Brammer
Senate Sponsor: Kirk A. Cullimore

LONG TITLE

General Description:

This resolution declares child sexual abuse material to be at odds with the standards of the people of Utah.

Highlighted Provisions:

This bill:

- discusses the increased proliferation of child sexual abuse material on the Internet;
- outlines how emerging technologies contribute to the proliferation of these heinous materials;
- describes the damages caused by child sexual abuse material; and
- declares child sexual abuse material, no matter how it is produced, to be at odds with the standards of the people of Utah.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, child sexual abuse material, or CSAM, is any visual depiction of sexually explicit conduct that involves the use of a minor in the production of its visuals;

WHEREAS, the exploitation of children to produce CSAM is a vile form of abuse that can lead to severe and long-lasting psychological harm for the children involved;

WHEREAS, the production and distribution of CSAM on the Internet has reached epidemic levels, with millions of images produced every year that victimize the most vulnerable members of our society;

WHEREAS, in 2018 alone, there were over 18 million reports of CSAM on the Internet, which totaled more than one-third of all such images ever reported;

WHEREAS, the National Center for Missing and Exploited Children has reported a dramatic escalation in the proliferation of CSAM online over the past five years;

WHEREAS, this flood of abuse material has strained law enforcement's ability to identify and prosecute the producers and consumers of these videos and images;

WHEREAS, an inability to counter the production and distribution of CSAM contributes to a culture that normalizes the sexual abuse of minors and perpetuates cycles of abuse;

WHEREAS, these cycles of abuse pose a significant risk to children's safety by creating an environment where predators can more easily target vulnerable individuals for exploitation;

WHEREAS, CSAM also contributes to the desensitization towards sexual exploitation and violence, potentially leading to an increase in related crimes;

WHEREAS, exposure to, or involvement in, CSAM can lead to distorted perceptions of healthy sexuality and relationships, impacting the normal sexual development of both victims and viewers;

WHEREAS, the advent of images produced by artificial intelligence, or AI, and other digital tools has contributed to the rapid saturation of CSAM online;

WHEREAS, recent reports have found that images of child sexual abuse have been identified as part of training datasets for AI image generation, and have likely been used by AI to produce CSAM;

WHEREAS, AI and other digital tools are increasingly capable of creating CSAM indistinguishable from CSAM produced using conventional methods; and

WHEREAS, it is increasingly clear that the advancing technology of AI is facilitating and contributing to the overwhelming amount of CSAM on the Internet:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor

concurring therein, declares child sexual abuse material, whether produced by victimizing recognizable children or by utilizing AI or other digital tools to create composite images, to be patently offensive and a clear violation of the standards of the people of Utah.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, affirms that there is no literary, artistic, political, or scientific value to child sexual abuse material, even if it is produced using AI or other digital tools.

CONCURRENT RESOLUTION ENCOURAGING REPEAL OF THE JONES ACT

Chief Sponsor: Norman K Thurston
Senate Sponsor: Lincoln Fillmore

LONG TITLE

General Description:

This resolution proclaims the Legislature of the state of Utah supports the repeal of the Jones Act by Congress.

Highlighted Provisions:

This bill:

- urges Congress to consider repealing the Jones Act to fully utilize waterborne transport when shipping goods domestically and improve intra-United States commerce and supply chain linkages.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, Section 27 of the Merchant Marine Act of 1920 (P.L. 66-261) (46 U.S.C. 55102), commonly known as the Jones Act, is a federal cabotage law that restricts the surface carriage of cargo by water between coastwise points in the United States to vessels that are built, flagged, owned, and crewed by the United States;

WHEREAS, the requirements of the Jones Act dramatically increase the cost to purchase, staff, and maintain shipping vessels;

WHEREAS, the high cost of constructing shipping vessels in the United States diminishes the size of the United States shipping fleet, increases its age, increases fuel costs due to age, increases maintenance costs due to age, and increases crewing costs due to age and a lack of automation;

WHEREAS, all other modes of domestic transportation in the United States are permitted to use foreign manufactured equipment for commercial operation without restriction including aircraft, railroad cars and locomotives, trucks, automobiles, and mass transit vehicles;

WHEREAS, both the United States commercial shipbuilding industry and domestic shipping fleet have experienced significant declines under Jones Act protectionism;

WHEREAS, a 2013 report issued by the World Economic Forum in collaboration with Bain & Company and the World Bank described the Jones Act as "the most restrictive example" of a cabotage law and that "such barriers actually damage local economies and saddle businesses and consumers with significant costs";

WHEREAS, the Jones Act has been cited as a key factor behind United States refineries purchasing Russian oil instead of domestic supplies due to the high cost of domestic transport;

WHEREAS, New England and Puerto Rico must import liquified natural gas due to the total lack of Jones Act-compliant gas tankers needed to transport it domestically;

WHEREAS, numerous useful types of vessels do not exist in the Jones Act-qualified fleet including gas tankers, livestock carriers, and heavy-lift vessels;

WHEREAS, the high cost of Jones Act transport and lack of appropriate vessel types serve as a barrier to commerce within the United States and discourage domestic supply chains;

WHEREAS, United States trading partners restrict their markets to United States exports in retaliation for United States refusal to modify the Jones Act and open its domestic shipping and shipbuilding markets;

WHEREAS, the high costs associated with the Jones Act have many domestic businesses utilizing the nation's highway and rail systems in order to transport goods to various markets, leading to increased wear and tear on the nation's roadways and railways, increased maintenance costs on roadways and railways, increased fuel consumption, and increased vehicle congestion on the nation's roadways; and

WHEREAS, repealing the Jones Act would allow domestic businesses to realize cost savings by utilizing the nation's waterways as a safer and easier method of transporting goods to market, would reduce the number of vehicles on the nation's highways, and would permit goods to arrive to markets in a more timely fashion:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges the United States Congress to consider repealing the Jones Act.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the President of the United States, the United States Secretary of Transportation, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the members of Utah's congressional delegation.

JOINT RESOLUTION AMENDING COURT RULES OF PROCEDURE AND EVIDENCE REGARDING PRELIMINARY HEARINGS

Chief Sponsor: Tyler Clancy
Senate Sponsor: Michael K. McKell

LONG TITLE

General Description:

This joint resolution amends court rules of procedure and evidence regarding preliminary hearings.

Money Appropriated in this Bill:

None

Highlighted Provisions:

This bill:

- amends Rule 7B of the Utah Rules of Criminal Procedure to address the use of hearsay evidence for a probable cause determination and witness testimony at a preliminary hearing; and
- amends Rule 1102 of the Utah Rules of Evidence to address the admission of reliable hearsay evidence at a preliminary hearing.

Special Clauses:

This resolution provides a special effective date.
Rule 7B, Utah Rules of Criminal Procedure
Rule 1102, Utah Rules of Evidence

Be it resolved by the Legislature of the state of Utah, two-thirds of all members elected to each of the two houses voting in favor thereof:As provided in Utah Constitution Article VIII, Section 4, the Legislature may amend rules of procedure and evidence adopted by the Utah Supreme Court upon a two-thirds vote of all members of both houses of the Legislature:

Section 1. Preliminary Examinations.

(a) Burden of proof. At the preliminary examination, the state has the burden of proof and proceeds first with its case. At the conclusion of the state's case, the defendant may testify under oath, call witnesses, and present evidence. The defendant may also cross-examine adverse witnesses.

(b) Probable cause determination. If from the evidence the magistrate finds probable cause to believe that the crime charged has been committed and that the defendant has committed it, the magistrate must order that the defendant be bound over for trial. The findings of probable cause may be based [~~on hearsay, but may not be based solely on hearsay evidence admitted under Rule 1102(b)(8) of the Utah Rules of Evidence~~], in whole or in part, on reliable hearsay. Objections to evidence on the ground that it was acquired by unlawful means are not properly raised at the preliminary examination.

(c) If no probable cause. If the magistrate does not find probable cause to believe the crime charged has been committed or the defendant committed it, the magistrate must dismiss the information and discharge the defendant. The magistrate may enter findings of fact, conclusions of law, and an order of dismissal. The dismissal and discharge do not preclude the state from instituting a subsequent prosecution for the same offense.

(d) Witnesses.

(d) (1) At a preliminary examination, the magistrate, upon request of either party, may exclude witnesses from the courtroom and may require witnesses not to converse with each other until the preliminary examination is concluded.

(d) (2) A prosecutor may present the testimony of any relevant witness at a preliminary examination, including the testimony of an investigating peace officer. The prosecutor or the defense may introduce, through direct or cross examination, the testimony of an investigating peace officer, including testimony from the investigating peace officer on the totality or details of the investigation of the crime for which the defendant is charged.

(e) Written findings. If the magistrate orders the defendant bound over for trial, the magistrate must execute a bind-over order and include any written findings in the case record.

(f) Assignment on motion to quash. If a defendant files a motion to quash a bind- over order, the motion shall be decided by the judge assigned to the case after bind- over, regardless of whether the judge conducted the preliminary examination in the judge's role as a magistrate.

Section 2. Reliable Hearsay in Criminal Preliminary Examinations.

(a) Statement of the Rule. Reliable hearsay is admissible at criminal preliminary examinations.

(b) Definition of Reliable Hearsay. For purposes of criminal preliminary examinations only, reliable hearsay includes:

(1) hearsay evidence admissible at trial under the Utah Rules of Evidence;

(2) hearsay evidence admissible at trial under Rule 804 of the Utah Rules of Evidence, regardless of the availability of the declarant at the preliminary examination;

(3) evidence establishing the foundation for or the authenticity of any exhibit;

(4) scientific, laboratory, or forensic reports and records;

(5) medical and autopsy reports and records;

(6) a statement of a non- testifying peace officer to a testifying peace officer;

(7) a statement made by a child victim of physical abuse or a sexual offense which is recorded in accordance with Rule 15.5 of the Utah Rules of Criminal Procedure;

(8) a statement of a declarant that is written, recorded, or transcribed verbatim which is:

(A) under oath or affirmation; or

(B) pursuant to a notification to the declarant that a false statement made therein is punishable; and

(9) other hearsay evidence with similar indicia of reliability, regardless of admissibility at trial under Rules 803 and 804 of the Utah Rules of Evidence.

(c) Continuance for Production of Additional Evidence. If hearsay evidence is proffered or admitted in the preliminary examination, a continuance of the hearing may be granted for the purpose of furnishing additional evidence if:

(1) The magistrate finds that the hearsay evidence proffered or admitted is not sufficient and additional evidence is necessary for a bindover; or

(2) The defense establishes that it would be so substantially and unfairly disadvantaged by the use of the hearsay evidence as to outweigh the interests of the declarant and the efficient administration of justice.

(d) (1) Except as provided in paragraph (d)(2), a prosecutor, or any staff for the office of the prosecutor, may transcribe a declarant's statement verbatim or assist a declarant in drafting a statement.

(2) A prosecutor, or any staff for the office of the prosecutor, may not draft a statement for a declarant, or tamper with a witness in violation of Utah Code section 76- 8- 508.

(e) A court may not admit reliable hearsay evidence in accordance with this rule unless there is testimony presented at the preliminary examination as described in Rule 7B(d)(2) of the Utah Rules of Criminal Procedure. The prosecutor is not required to introduce evidence that corroborates the substance of a statement submitted under paragraph (b)(8) for the statement to be admissible at the preliminary examination. The prosecutor may, but is not required to, call the declarant of a statement submitted under paragraph (b)(8) at the preliminary examination. This paragraph (e) does not otherwise limit a defendant's right to call witnesses under Rule 7B of the Utah Rules of Criminal Procedure.

JOINT RESOLUTION ENCOURAGING SUPPORT FOR THE HOUSES ACT

Chief Sponsor: Ken Ivory
Senate Sponsor: Ronald M. Winterton

LONG TITLE

General Description:

This resolution proclaims the Legislature of the state of Utah supports the enactment of the HOUSES Act by the United States Congress.

Highlighted Provisions:

This bill:

- highlights the benefits to Utah's communities and families if, pursuant to the HOUSES Act, the state were able to acquire federally-controlled lands for the development of attainable housing; and
- urges the members of the United States Congress to enact the HOUSES Act so that Utah may solve the state's housing shortage and provide a much needed funding source for Utah's growing communities.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, nearly two-thirds of Utah's land is controlled by the federal government;

WHEREAS, in 1976, the United States Congress established the Payment in Lieu of Taxes Program (PILT) to compensate states for the loss of tax and other revenues that states would generate if Congress had honored an obligation to transfer title of the public lands back to the states;

WHEREAS, the state of Utah received as little as $0.38 per acre in PILT funds in fiscal year 2022, far below the amount those lands would return through value-based taxation if those lands and their facilities were subject to county taxation;

WHEREAS, as a result of having such a minimal amount of lands subject to taxation or other revenues because of federal retention of these lands, Utah's counties are dependent upon the promise of PILT for as much as 40% of the county's total budget to fund education, police, fire, sanitation, social services, and other essential public services;

WHEREAS, as a result of the federal government's unilateral policy change in 1976 to permanently retain nearly two-thirds of Utah's lands under federal control, some counties in Utah have as little as 5% in taxable lands to fund essential public services;

WHEREAS, because the state of Utah cannot develop nor tax federally-controlled public lands, Utah's local governments are unable to secure a sufficient and consistent source of funding to provide essential public services and address critical issues, including funding education and fostering an environment for affordable housing;

WHEREAS, due to skyrocketing inflation and an increase in demand, housing is becoming unattainably expensive for Utah's residents;

WHEREAS, in a 2022 study, the Kem C. Gardner Policy Institute at the University of Utah found that 76% of Utah's households could not afford a median-priced home in the state;

WHEREAS, with Utah rated as the fastest-growing state in the nation over the past ten years, Utah's housing crisis will only worsen unless more attainable housing is made available to Utah's families;

WHEREAS, United States Senator Mike Lee from Utah introduced to Congress the Helping Open Underutilized Space to Ensure Shelter Act of 2023 (HOUSES Act);

WHEREAS, the HOUSES Act will allow Utah to acquire parcels of federally-controlled land to use for the development of attainable housing;

WHEREAS, with greater access to tax revenues, the HOUSES Act will provide Utah's communities with a stable source of funding for vital essential services; and

WHEREAS, with the development of more housing that is affordable and accessible, the HOUSES Act will help alleviate the severe housing shortage impacting Utah's families:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah supports the efforts of United States Senator Mike Lee and looks forward to working with the members of the Utah congressional delegation on the specific parameters of the HOUSES Act.

BE IT FURTHER RESOLVED that the Legislature recognizes the tremendous benefits that the HOUSES Act would provide to Utah's communities and families.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of the United States of America, the Vice President of the United States of America, the Speaker of the United States House of Representatives, the President Pro Tempore of the United States Senate, and the members of the Utah congressional delegation.

HOUSE RESOLUTION REGARDING THE TRADE POLICIES OF THE UNITED STATES

Chief Sponsor: Tyler Clancy

LONG TITLE

General Description:

This resolution urges the United States Congress to take actions to enact trade policy that supports United States' businesses and workers while penalizing global polluters.

Highlighted Provisions:

This bill:

- identifies threats posed to the United States by supply chain dependence on China;
- recognizes the environmental threat of China to the global pollution crisis;
- recognizes how policies that promote domestic extraction and production instead of reliance on China could benefit Utah's rural communities; and
- urges the United States Congress to support trade policies that hold high polluting countries like China and Russia accountable for pollution and bolster cleaner, United States- based extraction and production.

Special Clauses:

None

Be it resolved by the House of Representatives of the state of Utah:

WHEREAS, Chinese government- owned industry is an arm of the Communist Party and strives to increase its influence over the global economy by pursuing predatory, unfair trade practices designed to steal intellectual property and destroy competition from the United States;

WHEREAS, China's dominance of key components of the global supply chain, including those related to critical minerals, represents a threat to United States economic security and economic and social development;

WHEREAS, China is the greatest immediate obstacle to reducing global pollution and accounts for one third of global greenhouse gas emissions, more than the rest of the developed world combined, while it subsidizes its exports by not imposing or enforcing environmental and labor standards comparable to those in other developed nations;

WHEREAS, private sector innovation and American resources have led the United States to eliminate more carbon emissions than any other country in the last fifteen years, and the United States' economy is 44% more carbon efficient than the world average;

WHEREAS, United States' companies are more efficient in nearly every industry and yet are forced to compete with subsidized imports from China and elsewhere that face few limits on how much they pollute;

WHEREAS, environmental policies have blocked resource development on public lands in Utah, inadvertently enriching China by making the United States reliant on China for the development of minerals that could be mined domestically;

WHEREAS, these federal environmental policies have left rural Utahns with fewer opportunities for healthcare, education, and jobs, preventing them from building communities in which their children and families can thrive; and

WHEREAS, holding foreign polluters to the same standards as domestic producers would provide a plethora of benefits to the state of Utah, including:

diversifying supply chains by reducing the United States' dependence on imports from high emitting producers like Russia and China;

decreasing global pollution by holding the biggest polluters accountable to western environmental standards;

boosting steel production in Utah, increasing United States steelmakers' sales by as much as nine percent, grow steelmakers' profitability by as much as 41%, and dropping steel imports by about 50%; and

bolstering domestic manufacturing and generate good paying jobs in rural areas:

NOW, THEREFORE, BE IT RESOLVED that the House of Representatives of the state of Utah urges the United States Congress to support trade policies that hold high polluting countries like China and Russia accountable for pollution and bolster domestic extraction and production.

BE FURTHER RESOLVED that the House of Representatives promotes American economic development and the rebuilding of United States supply chains, particularly in rural communities, including by enacting policies that reward American businesses and workers for their superior environmental performance.

Dear Speaker Schultz and President Adams,

This letter serves to inform you that on March 21, 2024, I signed House Bill 2, *New Fiscal Year Supplemental Appropriations Act,* from the 2024 General Legislative Session, with the following line item vetoes:

- Item 3, lines 90-93. This item of appropriation included a one-time General Fund reduction to a line item that currently does not have any General Fund appropriations in Fiscal Year 2025. It appears the intent was to reduce nonlapsing balances carried over from prior year appropriations. The Legislature will be able to reduce the line item's nonlapsing balances in a 2025 General Session appropriations bill.
- Item 49, lines 865-870. This item of appropriation provided intent language that would have been used to fund provisions in Senate Bill 176, *Child Care Services Amendments*. Senate Bill 176 did not pass.

Sincerely,

DEIDRE M. HENDERSON
LIEUTENANT GOVERNOR

March 21, 2024

The Honorable J. Stuart Adams
President of the Senate

and

The Honorable Mike Schultz
Speaker of the House

Dear President Adams and Speaker Schultz,

Thank you again for your sincere and dedicated efforts during the 2024 General Legislative Session. I hope you have all enjoyed some time off after a very taxing and difficult 45-day session. I'm sure many in your legislative bodies may have forgotten that my session lasts 65 days. So, while you have all been relaxing and reintroducing yourselves to your families, the Lt. Governor and I, along with our great team, have continued toiling at the Capitol to complete our thorough review of every bill and resolution (please forgive the very transparent attempt to gain some sympathy from a fellow branch of government).

Having completed my review, I truly want to commend your collaborative spirit and many productive outcomes. The people of Utah will benefit from your sound fiscal decisions and strategic investments made in our teachers, water resources, homelessness and behavior health, housing, infrastructure and many other priorities. This session was a resounding success. And you and your members deserve credit for making Utah a better place.

If you recall, last year I sent a first-of-its-kind "non-veto" letter. In that letter, I specifically requested that you focus on two issues moving forward: 1) the rapid expansion of boards and commissions and 2) better processes to improve public trust. I want you to know how grateful I am for the meaningful steps that were taken on both issues.

At the beginning of this session, we had more than 400 boards and commissions. Now, thanks to your actions this year, we were able to consolidate 35 into 14, and repeal another 34! I believe this is a huge step in the right direction. While I support citizen involvement through board and

commission service, I'm also a big believer in smaller and more efficient government. Thank you for paring down these unnecessary boards.

Likewise, I was very pleased to see your commitment to process this past session. I heard from members of the public and several legislators (including those from the minority party), that some of the more controversial bills were given much longer committee hearings than normal, some lasting for hours. This allowed citizens an opportunity to be more involved in the process and, I believe, led to better outcomes. I also appreciated the lack of big issues being substituted into bills at the last minute with less public input.

I am also profoundly grateful for the opportunity I have to serve with you. Last year I wrote that, "I doubt that there has ever been better communication and collaboration between the legislative and executive branches." I believe that to be even more true today. Thank you for your willingness to work closely with me to try and resolve concerns before a bill is passed. As in past years, I have signed legislation that I don't love and probably would not have voted for. But that is not the standard.

Now, I know the last thing you want is a lecture from the Executive Branch. But I'm hoping you will permit me just a little bit of constructive feedback. My overarching concern this session was with the sheer number of bills passed. To put things in context, the year I was elected to the Legislature (2012), there were 477 bills passed. This year, you delivered a record 591 bills to my desk – a significant increase over the record of 575 set last year. For comparison purposes, here are the numbers over the past 20 years:

General Session Year	Bills Passed	General Session Year	Bills Passed
2005	370	2015	528
2006	395	2016	474
2007	423	2017	535
2008	436	2018	533
2009	451	2019	574
2010	481	2020	510
2011	504	2021	502
2012	477	2022	512
2013	524	2023	575
2014	486	2024	591

As you can see, we have moved from bill totals in the 300s to almost hitting the 600 mark. While I suppose there is nothing inherently wrong with more bills, I truly believe it makes it more difficult to focus on the quality of legislation. I know how much attention each bill takes to shepherd through the process as you run from committee hearing to stakeholder meetings. The problem is that with each bill a legislator runs, there is significantly less time to pay attention to everyone else's bills. Ultimately, we end up with lots of new laws, but not necessarily the best versions of those laws.

Now, I'm not asking you to be like our dysfunctional Congress, which somehow only passed 27(!) bills last year. While I would love to get back into the 300s, maybe shooting for the high 400s is a more realistic goal. And while I'm not sure the best way to get there, I do have a few vetoes this year that might be instructive.

Just like there are meetings that could be emails, sometimes there are bills that could be phone calls. We try hard to be responsive to legislative requests and I have instructed my cabinet members to do everything they can to help with issues and ideas you might have. And while we probably could have found more bills in this category, I have selected these bills for veto:

1. HB 152 Residential Construction Amendments
   This bill requires the Division of Professional Licensing to create a sample contract for residential construction and remodels. The Division can (and will) do this without a bill directing it.

2. HB 239 State Employee Cybersecurity Training Requirements
   This bill requires the Division of Technology Services to create a cybersecurity training program for executive branch employees, and requires employees to complete the training program each year. However, this training program already exists, and employees are already required to participate. If there are concerns with the existing program, DTS stands ready to make whatever changes are needed.

3. HB 412 Legislative Auditor General Amendments
   This bill seeks to add additional items for an agency to report on as part of the accountable budget process – including an agency's compliance with the Office of the Legislative Auditor General's toolkit. I am very supportive of the toolkit, and expect agencies to use the toolkit as a tool to improve organizational excellence. But we don't need a bill in order for agencies to apply the toolkit to improve operations.

4. SB 244 Professional Licensing Modifications
   The Division of Professional Licensing created criminal history guidelines and placed the guidelines on its website to increase transparency and help potential licensees. DOPL did this *without* being directed to do so by statute. Nevertheless, this bill would put *in* statute specific requirements for DOPL on what it created without a statute. We can address the sponsor's concerns without a bill, and I have directed DOPL to ensure that this happens.

5. SB 274 Administrative Law Judge Amendments
This bill started as an effort to move all ALJs in the state into the Attorney General's Office and was quickly substituted to require state agencies to report information to the Legislature regarding ALJs. Our agencies can provide this information without a bill. I have tasked the Department of Government Operations with gathering the information sought.

As you can see, many concerns can be addressed through conversations with or commitments by agencies *without* the need for more bills that expand our ever-growing state code. And if you ever feel like you aren't accomplishing what you hope to after you talk to an agency, you can always bring your concerns to my office.

Another concern is when a bill starts with a more substantive objective, but is subsequently amended or substituted to a point that it does not effectively accomplish its goal. Sometimes, instead of trying to pass *something*, the best result is to regroup and consider another run at the issue down the road. For this reason, I am vetoing the following bills:

6. HB 144 Vehicle Accident Liability Amendments
This bill started as an effort to clarify liability involving left turns by vehicles in certain circumstances. In response to concerns, some of the language was removed. The language that remains has raised concerns and may not bring the clarity that the original goal intended.

7. SB 190 Higher Education Development Areas Study
While we agree with the initial policy direction of the bill, sometimes a bill changes direction in a substitute and doesn't need formal legislation to accomplish our policy objectives. We'll still work with higher education and Sen. Wilson to explore this idea.

In addition, I am allowing two bills to go into effect without my signature because of the overwhelming legislative support:

1. HB 78 Motion Picture Incentives Amendments
I have expressed my concerns in the past with the amounts of money being spent on film incentives. I believe there are better returns for taxpayer dollars.

2. SB 266 Medical Amendments
I am generally supportive of scientific efforts to discover the benefits of new substances that can relieve suffering. However, we have a task force that was set up specifically to advise the Legislature on the best ways to study Psilocybin and I'm disappointed that their input was ignored.

Finally, there are a few bills that address important topics that need additional work over the interim. These include SB 161 - Energy Security Amendments and SB 273 - Amendments Relating to District Attorney in County of the First Class. We signed these bills with the express understanding that we will work together to address those concerns.

In addition, I will be sending separate letters to you concerning some budget line-item vetoes.

Thanks again for your hard work, sacrifice and dedication on behalf of the people of Utah. I am proud of what you have accomplished and can't wait to start working together to solve new problems (OK, that's not entirely true ... I can wait a few days). Thank you for making Utah the best state in the nation.

Sincerely,

Spencer J. Cox
Governor

(6) The division shall evaluate an application for an alternative permit independently from any pre-existing permit or transition permit based on updated assumptions, modeling, and requirements established in rule by the division and may rely upon the reduction of capacity of the existing electrical generation facility only as necessary to ensure that emissions of the new generating facility do not exceed thresholds established by federal law which would necessitate new source review as a major modification.

LONG TITLE

General Description:

This joint resolution declares that Utah has the sovereign authority and responsibility to safeguard the state's health, safety, and welfare of, and to promote the prosperity of, Utah residents and that the federal government's overreach in regard to the new regulations adopted under Title IX of the Education Amendments of 1972, effective August 1, 2024, infringes upon this authority and responsibility.

Highlighted Provisions:

This bill:

- declares that Utah has the sovereign authority with rights and responsibilities to safeguard Utah's men, women, and children;
- declares through legislative findings that the federal directive under the new regulations promulgated under Title IX of the Education Amendments of 1972, effective August 1, 2024 (New Regulations), constitutes an overreach of federal administrative authority that violates Utah's rights and interests to provide for the health, safety, welfare of, and to promote the prosperity of, Utah residents; and
- makes findings, in accordance with Utah Code Title 63G, Chapter 16, State Sovereignty, that the New Regulations restrict and infringe upon the state's rights and interests.

Special Clauses:

None

Be it resolved by the Legislature of the state of Utah:

WHEREAS, the state of Utah has the sovereign authority and responsibility to safeguard the health, safety, and welfare of the women, men, and children of Utah and ensure the prosperity of all people of the state;

WHEREAS, it is the foremost obligation of the state to protect individuals within its borders and resist unconstitutional overreach by the federal government;

WHEREAS, the U.S. Department of Education adopted new regulations to be codified on August 1, 2024, as 34 C.F.R. Section 106, under Title IX of the Education Amendments of 1972, 89 Fed. Reg. 33474, (New Regulations);

WHEREAS, the New Regulations issued outside of express Congressional authority is an abuse of the U.S. Department of Education's administrative power;

WHEREAS, as adopted, the New Regulations force the public education system and system of higher education to acquiesce to the federal government's ideology on gender and sex;

WHEREAS, the New Regulations' mandates are in direct conflict with Utah laws enacted to ensure personal privacy, safe learning environments, and abortion policies that reflect Utah's values, including:

(1) H.B. 11, Student Eligibility in Interscholastic Activities, (2022 General Session), which requires sex-designated athletic programs and privacy spaces to be accessed or participated in based on biological sex to preserve fairness and equal competitive opportunities;

(2) H.B. 257, Sex-based Designations for Privacy, Anti-bullying, and Women's Opportunities, (2024 General Session), which requires reasonable expectations of privacy, safety, health, and welfare for Utah residents, especially for women and girls;

(3) Utah laws regarding students' rights on college and university campuses, which protect students from harassment and preserve students' rights to free expression and due process, under Utah Code Title 53B, Chapter 27, Campus Individual Rights Act; and

(4) Utah laws regarding abortion, which generally forbid the use of public funds for abortion services, under Utah Code Title 76, Chapter 7, Part 3, Abortion;

WHEREAS, the New Regulations harm Utah's children by mandating that they share locker room facilities, bathroom facilities, changing room

facilities, and shower facilities with the opposite sex;

WHEREAS, the U.S. Department of Education has corrupted the mission of Title IX, which is to promote women's and girl's sports and to protect women and girls from discrimination in education and sports;

WHEREAS, the New Regulations harm students on college and university campuses by dictating the manner in which a student speaks and expresses opinions or thoughts, altering college and university anti-harassment processes and procedures, and interfering with a student's due process rights;

WHEREAS, by requiring government support of abortion services, the U.S. Department of Education's rule is in direct conflict with the abortion "neutrality" provisions adopted by Congress, 20 U.S.C. Section 1688; and

WHEREAS, under Utah Code Title 63G, Chapter 16, State Sovereignty, the Legislature has authority to prohibit a government officer from enforcing a federal directive if the Legislature determines the federal directive violates the state's rights and interests to provide for the health, safety, and welfare of, and promote the prosperity of, the state's residents:

NOW, THEREFORE, BE IT RESOLVED that the Utah Legislature finds that the New Regulations disadvantage women and girls who participate in women's and girl's sports by requiring that they compete against biological males.

BE IT FURTHER RESOLVED that the Utah Legislature finds that the New Regulations harm Utah's women, men, and children by imposing requirements on student speech and due process rights.

BE IT FURTHER RESOLVED that the Utah Legislature finds that the New Regulations usurp the state's laws on abortion.

BE IT FURTHER RESOLVED that the Utah Legislature finds that the New Regulations force Utah's public education system and system of higher education to choose between following Utah law or a federal directive that politicizes education by compelling compliance or risk the loss of federal funds for programs and activities.

BE IT FURTHER RESOLVED that, in accordance with Utah Code Title 63, Chapter 16, State Sovereignty, the Utah Legislature finds that the New Regulations restrict and infringe upon the state's right to provide for the state's health, safety, and welfare and are irreconcilable with the state's sovereign obligation to promote the prosperity of its citizens.
