(b) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a Licensing Authority in a Member State for the attendance and testimony of witnesses or the production of evidence from another Member State shall be enforced in the latter State by any court of competent jurisdiction, according to the practice and procedure applicable to subpoenas issued in proceedings pending before that court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the State in which the witnesses or evidence are located.

(2) Only the Home State shall have the power to take Adverse Action against a Licensee's Home State License.

(3) For purposes of taking Adverse Action, the Home State shall give the same priority and effect to reported conduct received from a Member State as it would if the conduct had occurred within the Home State. In so doing, the Home State shall apply its own State laws to determine appropriate action.

(4) The Home State shall complete any pending investigations of a Licensee who changes Home States during the course of the investigations. The Home State shall also have authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the Data System. The administrator of the Data System shall promptly notify the new Home State of any Adverse Actions.

(5) A Member State, if otherwise permitted by State law, may recover from the affected Licensee the costs of investigations and dispositions of cases resulting from any Adverse Action taken against that Licensee.

(6) A Member State may take Adverse Action based on the factual findings of another Remote State, provided that the Member State follows its own procedures for taking the Adverse Action.

(7) Joint Investigations:

(a) In addition to the authority granted to a Member State by its respective State law, any Member State may participate with other Member States in joint investigations of Licensees.

(b) Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the Compact.

(8) If Adverse Action is taken by the Home State against a Licensee's Home State License resulting in an Encumbrance on the Home State License, the Licensee's Compact Privilege(s) in all other Member States shall be revoked until all Encumbrances have been removed from the Home State License. All Home State disciplinary orders that impose Adverse Action against a Licensee shall include a statement that the Licensee's Compact Privileges are revoked in all Member States during the pendency of the order.

(9) Once an Encumbered License in the Home State is restored to an Unencumbered License (as certified by the Home State's

Licensing Authority), the Licensee must meet the requirements of Subsection 58-89-104(1) and follow the administrative requirements to reapply to obtain a Compact Privilege in any Remote State.

(10) If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the other Member States State of any Adverse Actions.

(11) Nothing in this Compact shall override a Member State's decision that participation in an Alternative Program may be used in lieu of Adverse Action.

58-89-110. Rulemaking.

(1) The Compact Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Compact Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

(2) The Rules of the Compact Commission shall have the force of law in each Member State, provided however that where the Rules conflict with the laws or regulations of a Member State that relate to the procedures, actions, and processes a Licensed Dietitian is permitted to undertake in that State and the circumstances under which they may do so, as held by a court of competent jurisdiction, the Rules of the Compact Commission shall be ineffective in that State to the extent of the conflict.

(3) The Compact Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or as of the date specified in the Rule or amendment, whichever is later.

(4) If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further

force and effect in any Member State.

(5) Rules shall be adopted at a regular or special meeting of the Compact Commission.

(6) Prior to adoption of a proposed Rule, the Compact Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(7) Prior to adoption of a proposed Rule by the Compact Commission, and at least thirty (30) days in advance of the meeting at which the Compact Commission will hold a public hearing on the proposed Rule, the Compact Commission shall provide a Notice of Proposed rulemaking:

(a) On the website of the Compact Commission or other publicly accessible platform;

(b) To persons who have requested notice of the Compact Commission's notices of proposed rulemaking; and

(c) In such other way(s) as the Compact Commission may by Rule specify.

(8) The Notice of Proposed rulemaking shall include:

(a) The time, date, and location of the public hearing at which the Compact Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Compact Commission will consider and vote on the proposed Rule;

(b) If the hearing is held via telecommunication, video conference, or other means of communication, the Compact Commission shall include the mechanism for access to the hearing in the Notice of Proposed rulemaking;

(c) The text of the proposed Rule and the reason therefore;

(d) A request for comments on the proposed Rule from any interested person; and

(e) The manner in which interested persons may submit written comments.

(9) All hearings will be recorded. A copy of the recording and all written comments and documents received by the Compact Commission in response to the proposed Rule shall be available to the public.

(10) Nothing in this Section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Compact Commission at hearings required by this Section.

(11) The Compact Commission shall, by majority vote of all members, take final action on the proposed Rule based on the rulemaking record and the full text of the Rule.

(a) The Compact Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

(b) The Compact Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

(c) The Compact Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Subsection (12), the effective date of the Rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the Rule.

(12) Upon determination that an emergency exists, the Compact Commission may consider and adopt an emergency Rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this Section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

(a) Meet an imminent threat to public health, safety, or welfare;

(b) Prevent a loss of Compact Commission or Member State funds;

(c) Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

(d) Protect public health and safety.

(13) The Compact Commission or an authorized committee of the Compact Commission may direct revision to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision shall be posted on the website of the Compact Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Compact Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Compact Commission.

(14) No Member State's rulemaking requirements shall apply under this Compact.

Section 11. Section 58-89-111 is enacted to read:

58-89-111. Oversight, dispute resolution, and enforcement.

(1) Oversight

(a) The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement this Compact.

(b) Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Compact Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Compact Commission is located. The Compact Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct, or any such similar matter.

(c) The Compact Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Compact Commission service of process shall render a judgment or order void as to the Compact Commission, this Compact, or promulgated Rules.

(2) Default, Technical Assistance, and Termination

(a) If the Compact Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Compact Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Compact Commission may take and shall offer training and specific technical assistance regarding the default.

(b) The Compact Commission shall provide a copy of the notice of default to the other Member States.

(3) If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be

terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

(4) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Compact Commission to the governor, the majority and minority leaders of the defaulting States' legislature, the defaulting State's Licensing Authority, and each of the Member States' Licensing Authority.

(5) A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(6) Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of six months after the date of said notice of termination.

(7) The Compact Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Compact Commission and the defaulting State.

(8) The defaulting State may appeal the action of the Compact Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(9) Dispute Resolution

(a) Upon request by a Member State, the Compact Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

(b) The Compact Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

(10) Enforcement

(a) By supermajority vote, the Compact Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Compact Commission. The Compact Commission may pursue any other remedies available under federal or the defaulting Member State's law.

(b) A Member State may initiate legal action against the Compact Commission in the U.S. District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) No party other than a Member State shall enforce this Compact against the Compact Commission.

Section 12. Section 58-89-112 is enacted to read:

58-89-112. Effective date, withdrawal, and amendment.

(1) The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

(a) On or after the effective date of the Compact, the Compact Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

(i) A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 58-89-111.

(ii) If any Member State is later found to be in default, or is terminated, or withdraws from the Compact, the Compact Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

(b) Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Subsection 58-89-108(3)(u) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

(c) All actions taken for the benefit of the Compact Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Compact Commission coming into existence shall be considered to be actions of the Compact Commission unless specifically repudiated by the Compact Commission.

(d) Any State that joins the Compact subsequent to the Compact Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Compact Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

(2) Any Member State may withdraw from this Compact by enacting a statute repealing the same.

(a) A Member State's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(b) Withdrawal shall not affect the continuing requirement of the withdrawing States Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

(c) Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of 180 days after the date of such notice of withdrawal.

(3) Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

(4) This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

Section 13. Section 58-89-113 is enacted to read:

58-89-113. Construction and severability.

(1) This Compact and the Compact Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Compact Commission's rulemaking authority solely for those purposes.

(2) The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a

court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

(3) Notwithstanding Subsection (2), the Compact Commission may deny a State's participation in the Compact or, in accordance with the requirements of Subsection 58-89-111(2), terminate a Member States participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

Section 14. Section 58-89-114 is enacted to read:

58-89-114. Consistent effect and conflict with other state laws.

(1) Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

(2) Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

(3) All permissible agreements between the Compact Commission and the Member States are binding in accordance with their terms.

Section 15. Effective Date.

This bill takes effect on May 7, 2025.

(ii) A purchaser and a seller may correct the taxability of a transaction if:

(A) after the transaction occurs, the purchaser and the seller discover that the portion of the transaction that is not subject to taxation under this chapter was not separately stated on an invoice, bill of sale, or similar document provided to the purchaser because of an error or ignorance of the law; and

(B) the seller is able to identify by reasonable and verifiable standards, from the books and records the seller keeps in the seller's regular course of business, the portion of the transaction that is not subject to taxation under this chapter.

26B-1-207. Policymaking responsibilities -- Regulations for local health departments prescribed by department -- Local standards not more stringent than federal or state standards -- Consultation with local health departments -- Committee to evaluate health policies and to review federal grants.

(1) In establishing public health policy, the department shall consult with the local health departments established under Title 26A, Chapter 1, Local Health Departments.

(2) (a) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the department may prescribe by administrative rule made in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, reasonable requirements not inconsistent with law for a local health department as defined in Section 26A-1-102.

(b) Except where specifically allowed by federal law or state statute, a local health department, as defined in Section 26A-1-102, may not establish standards or regulations that are more stringent than those established by federal law, state statute, or administrative rule adopted in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act.

(c) Nothing in this Subsection (2), limits the ability of a local health department to make standards and regulations in accordance with Subsection 26A-1-121(1)(a) for:

(i) emergency rules made in accordance with Section 63G-3-304; or

(ii) items not regulated under federal law, state statute, or state administrative rule.

(3) (a) As used in this Subsection (3):

(i) "Committee" means the committee established under Subsection (3)(b).

(v) "Reviewable application" means an application for a federal grant that is not an exempt application.

(b) The department shall establish a committee consisting of:

(ii) evaluate policies and rules that affect local health departments in accordance with Subsection (3)(g);

(iii) consider department policy and rule changes proposed by the department or local health departments;

(iv) establish criteria by which an application for a federal grant may be judged to determine whether it should be exempt from the requirements under Subsection (3)(d); and

(v) establish criteria by which an application for a federal grant may be judged to determine whether committee review under Subsection (3)(d)(i) should be delayed until after the application is submitted because the application is required to be submitted under a timetable that makes committee review before it is submitted impracticable if the submission deadline is to be met.

(d) (i) The committee shall review the goals and budget for each reviewable application:

(A) before the application is submitted, except for an expedited application; and

(B) for an expedited application, after the application is submitted but before funds from the federal grant for which the application was submitted are disbursed or encumbered.

(ii) Funds from a federal grant under a reviewable application may not be disbursed or encumbered before the goals and budget for the federal grant are established by a two-thirds vote of the committee, following the committee review under Subsection (3)(d)(i).

(e) An exempt application is exempt from the requirements of Subsection (3)(d).

(f) The department may use money from a federal grant to pay administrative costs incurred in implementing this Subsection (3).

(b) The office shall attach to a motion under Subsection (7)(a) a statement that the office has in good faith conferred or attempted to confer with the garnishee in an effort to settle the issue without court action.

(iii) deliver the property to the office.

(e) If the office issues a continuing garnishment order during the term of a writ of continuing garnishment issued by a court, the order issued by the office:

maximum portion of disposable earnings described in Subsection (13);

(ii) is collected in the amount of the difference between the maximum portion of disposable earnings described in Subsection (13) and the amount being garnished by an existing writ of continuing garnishment if the maximum portion of disposable earnings exceed the existing writ of garnishment or other income withholding; and

(iii) shall take priority upon the termination of the current term of existing writs.

(13) The maximum portion of disposable earnings of an individual subject to seizure in accordance with this section is the lesser of:

(a) 25% of the defendant's disposable earnings for any other judgment; or

(14) (a) In accordance with the requirements of this Subsection (14), the office may, at its discretion, determine a dollar amount that a garnishee is to withhold from earnings and deliver to the office in a continuing administrative garnishment order issued under this section.

(b) The office may determine the dollar amount that a garnishee is to withhold from earnings under Subsection (14)(a) if the dollar amount determined by the office:

(ii) is based on:

(A) earnings information received by the office directly from the Department of Workforce Services; or

(B) previous garnishments issued to the garnishee by the office where payments were received at a consistent dollar amount.

(15) (a) A garnishee who provides the calculation for withholdings on a defendant's wages in the garnishee's initial response to an interrogatory in an administrative garnishment order under this section is not required to provide the calculation for withholdings after the garnishee's initial response if:

(i) the garnishee's accounting system automates the amount of defendant's wages to be paid under the garnishment; and

(ii) the defendant's wages do not vary by more than five percent from the amount disclosed in the garnishee's initial response.

(b) Notwithstanding Subsection (15)(a), upon request by the office or the defendant, a garnishee shall provide, for the last pay period or other pay period specified by the office or defendant, a calculation of the defendant's wages and withholdings and the amount garnished.

(16) (a) A garnishee under an administrative garnishment order under this section is entitled to receive a garnishee fee, as provided in this Subsection (16), in the amount of:

(i) the garnishee shall notify the office that the amount to be remitted does not exceed the amount of the garnishee fee; and

(ii) (A) the garnishee under a noncontinuing garnishment order shall return the administrative garnishment order to the office, and the office shall pay the garnishee the garnishee fee; or

(B) the garnishee under a continuing garnishment order shall delay remitting to the office until the amount to be remitted exceeds the garnishee fee.

(d) If, upon receiving the administrative garnishment order, the garnishee does not possess or control any property, including money or wages, in which the defendant has an interest:

(i) the garnishee under a continuing or noncontinuing garnishment order shall, except as provided in Subsection (16)(d)(ii), return the administrative garnishment order to the office, and the office shall pay the garnishee the applicable garnishee fee; or

(ii) if the garnishee under a continuing garnishment order believes that the garnishee will, within 90 days after issuance of the continuing garnishment order, come into possession or control of property in which the defendant owns an interest, the garnishee may retain the garnishment order and deduct the garnishee fee for a continuing garnishment once the amount to be remitted exceeds the garnishee fee.

(17) Section 78A-2-216 does not apply to an administrative garnishment order issued under this section.

(18) An administrative garnishment instituted in accordance with this section shall continue to operate and require that a person withhold the nonexempt portion of earnings at each succeeding earning disbursement interval until the total amount due in the garnishment is withheld or the garnishment is released in writing by the court or office.

(19) If the office issues an administrative garnishment order under this section to collect an amount owed on a civil accounts receivable or a civil judgment of restitution, the administrative garnishment order shall be construed as a continuation of the criminal action for which the civil accounts receivable or civil judgment of restitution arises if the amount owed is from a fine, fee, or restitution for the criminal action.

(i) the defendant shall provide notice to the Office of State Debt Collection and the prosecuting attorney within 30 days after the day on which the payment or other transaction is made; and

(ii) the payment may only be credited towards the civil judgment of restitution and does not affect any other amount owed to the Office of State Debt Collection under Section 63A-3-502.

(b) the defendant willfully failed to appear at a required court appearance or has failed to appear at a required court appearance more than once; and

(c) If the court does not create a criminal accounts receivable for a defendant under Subsection (1)(a), the court shall enter an order to establish a criminal accounts receivable for the defendant at the time the court enters an order for restitution under Section 77-38b-205.

(2) [~~After~~]Except as provided in Subsection (7), after establishing a criminal accounts receivable for a defendant, the court shall:

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 17-52a-204 is amended to read:

17-52a-204. Council-manager form of county government -- Establishment of voting districts.

(i) an elected county council;

(ii) a county manager appointed by the council; and

(iii) other officers and employees authorized by law.

(b) The optional plan shall provide for the qualifications, time and manner of appointment subject to Subsections [~~(6)~~](7) and [~~(7)~~](8), term of office, compensation, and removal of the county manager.

[~~(2)~~](3) The county manager is the administrative head of the county government and has the powers, functions, and duties of a county executive, except:

(a) as the county legislative body otherwise provides by ordinance; and

(b) that the county manager may not veto any ordinances enacted by the council.

(b) (i) A member of the county council who violates the provisions of this Subsection [~~(3)~~](4) shall forfeit the member's county council office.

(ii) Nothing in this section shall be construed, however, as prohibiting the council from fully and freely discussing with or suggesting to the manager anything pertaining to county affairs or the interests of the county.

(iii) The county manager may not take part in securing, or contributing any money toward, the nomination or election of any candidate for a county office.

(iv) The optional plan may provide procedures for implementing this Subsection [~~(3)~~](4).

[~~(4)~~](5) In the council-manager form of county government:

(a) the legislative powers of the county are vested in the county council; and

(b) the executive powers of the county are vested in the county manager.

(c) Subsection [~~(6)(b)~~](7)(b) does not apply if all the county council members who held office on the day of the county general election whose term of office was vacant for the election are re-elected to the council for the following term.

[~~(7)~~](8) A county council that appoints a county manager in accordance with this section may not[~~, on or after May 10, 2011,~~] enter into an employment contract that contains an automatic renewal provision with the county manager.

(a) each candidate for that position must reside in the district that the position represents; and

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the United States Department of Energy (DOE) controls and operates a pipeline, several pump stations, and a storage reservoir for the conveyance of water from the Green River to the Moab Uranium Mill Tailings Remedial Action (UMTRA) project site located near Crescent Junction, Utah;

WHEREAS, the DOE holds the rights of way necessary to convey the water to the Moab UMTRA project site using the existing water infrastructure;

WHEREAS, the DOE expects to complete the Moab UMTRA project in the near future and will no longer need the water infrastructure or related rights of way;

WHEREAS, the water infrastructure currently controlled and operated by the DOE, if transferred to the Grand County Water Conservancy District (district), could be used by the district to provide water security to rural residents in and around northern Grand County;

WHEREAS, persistent drought conditions, groundwater depletion, and privately-controlled water delivery systems pose a serious risk to the water security of Utahns living in northern Grand County, including rural towns like Thompson Springs;

WHEREAS, if the water infrastructure currently controlled and operated by the DOE were transferred to the district, the district could continue delivering water to the Moab UMTRA project site until the project's completion and provide water security to rural residents in northern Grand County;

WHEREAS, the district holds approximately 2,500 acre feet annually of unused water rights in the Green River that the district could access if the district operated the water infrastructure currently controlled and operated by the DOE;

WHEREAS, the DOE supports the transfer of the water infrastructure to the district for the benefit of local communities;

WHEREAS, the people of Utah have a long history of successful stewardship over the management and delivery of Utah's water supply;

WHEREAS, the state water policy sets forth that the state "shall pursue adequate, reliable, affordable, sustainable, and clean water resources," as described in Utah Code Subsection 73-1-21(a); and

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, supports the transfer of federal water infrastructure described in this resolution to the Grand County Water Conservancy District.

BE IT FURTHER RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges Congress to transfer the water infrastructure described in this resolution to the Grand County Water Conservancy District.

BE IT FURTHER RESOLVED that a copy of this resolution shall be transmitted to the members of Utah's congressional delegation.

CONCURRENT RESOLUTION DIRECTING PEHP REGARDING PHARMACEUTICAL REBATES

Chief Sponsor: Norman K Thurston
Senate Sponsor: Wayne A. Harper

LONG TITLE

General Description:

This resolution directs the Public Employees' Benefit and Insurance Program to give the estimated value of pharmaceutical rebates to state plan members at the point of sale.

Highlighted Provisions:

This resolution:

► directs the Public Employees' Benefit and Insurance Program to give the estimated value of pharmaceutical rebates to state plan members at the point of sale.

Other Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, in accordance with Utah Code Section 49-20-201, the state participates in the Public Employees' Benefit and Insurance Program (PEHP);

WHEREAS, patients with significant health conditions regularly face high monthly out-of-pocket prescription drug costs that are only made worse by a system of rebates within the pharmaceutical industry;

WHEREAS, rebates constitute a financial incentive that a pharmaceutical company contractually pays to a pharmacy benefit manager (PBM) when a rebate-paying drug has been dispensed by a pharmacy;

WHEREAS, the amount of a rebate can be significant and the total annual value of all rebates in the United States is in the tens of billions of dollars;

WHEREAS, the funding source for rebates comes from charging patients more than the actual cost of a drug at the time of purchase;

WHEREAS, the flow of a rebate goes from the drug manufacturer to the PBM and may also be passed down to the health plan and the sponsoring employer, depending on contractual terms;

WHEREAS, in the case of the state health insurance plan, 100% of rebates flow from the PBM and PEHP to the state risk pool;

WHEREAS, rebates represent an anomaly in health care where a smaller group of people with high-cost health care needs are charged extra to benefit the larger pool of members of the insurance plan;

WHEREAS, the financial burden that rebates place on the small group of members with high-cost health care needs who purchase rebate-paying drugs needs to end;

WHEREAS, this financial burden amounts to about two million dollars in costs for those members that purchase rebate-paying drugs;

WHEREAS, if that financial burden were to be spread across the total membership of the state risk pool, the cost would equal about $2.84 per member per month; and

WHEREAS, this change will provide relief to state employees and their family members who are the sickest among us:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, directs PEHP to give state health plan members the estimated value of rebates at the point of sale in proportion to the member's cost sharing responsibility for the drug, less any confirmed payment assistance that is available for reducing the member's out-of-pocket costs.

BE IT FURTHER RESOLVED that the costs of giving state members the estimated value of rebates remain cost neutral to the state by spreading such costs across all covered state members by increasing the member premium share or reducing the state's health savings account contribution.

BE IT FURTHER RESOLVED that PEHP optimize the total value of PEHP's pharmacy benefit manager contract through monitoring, updating, and rebidding.

BE IT FURTHER RESOLVED that a copy of this resolution be sent to the Public Employees' Benefit and Insurance Program.

HOUSE CONCURRENT RESOLUTION ON PERMITTING REFORM

Chief Sponsor: Melissa G. Ballard
Senate Sponsor: Keven J. Stratton

LONG TITLE

General Description:

This concurrent resolution urges Congress to enact reforms to federal permitting policies to accelerate deployment of new energy infrastructure.

Highlighted Provisions:

This resolution:

- ► recognizes the importance of domestic energy production for national security and economic competitiveness;
- ► highlights issues with current federal permitting processes that delay energy infrastructure development;
- ► details specific problems with current permitting timelines and processes;
- ► emphasizes the need for streamlined permitting while maintaining environmental protection; and
- ► urges Congress to enact specific reforms to federal permitting and environmental review processes.

Money Appropriated in this Bill:

None

Other Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, abundant, resilient, and diversified domestic energy production enhances American national security, economic competitiveness, and energy independence;

WHEREAS, environmental stewardship that protects air, water, public health, biodiversity, species protection, and public lands remains an important goal;

WHEREAS, federal permitting and environmental review processes under the National Environmental Policy Act, the Endangered Species Act, the National Historic Preservation Act, Clean Water Act, and dozens of other federal requirements have become unnecessarily complex and cumbersome;

WHEREAS, energy is produced in the United States at much higher environmental standards than in countries from which energy is imported, making prevention of domestic production counterproductive to environmental stewardship;

WHEREAS, permitting inefficiencies delay construction of essential energy infrastructure components needed to support economic competitiveness, enhance reliability, prevent blackouts, and lower costs;

WHEREAS, electricity demand in the United States is projected to increase dramatically, requiring substantial increases in domestic energy production and more than doubling of transmission capacity;

WHEREAS, over 2,000 gigawatts of energy production and storage are delayed in interconnection queues, and average interconnection times have nearly doubled from approximately two years to nearly four years;

WHEREAS, environmental impact statements under the National Environmental Policy Act now take an average of four-and-a-half years to process;

WHEREAS, the United States relies heavily on foreign nations, particularly China, for critical minerals, with demand projected to increase by more than 40 times by 2040;

WHEREAS, other developed nations with similar environmental goals, such as Canada and Australia, permit new mines within two to three years compared to nearly 10 years in the United States;

WHEREAS, both linear infrastructure and energy generation infrastructure face extraordinary delays due to overlitigation, inappropriate blocking by unrepresentative groups, and excessive use of the court system;

WHEREAS, project delays dramatically increase costs, reduce viability, and burden consumers, businesses, and taxpayers while making our energy system less reliable;

WHEREAS, overlapping federal permitting requirements lack flexibility to allow efforts that reflect the spirit and intent of environmental laws rather than mere procedural compliance;

WHEREAS, inefficient permitting processes increase dependence on energy produced by foreign dictators and authoritarian regimes;

WHEREAS, permitting delays limit infrastructure modernization that would create a more efficient energy system with reduced emissions and environmental impact;

WHEREAS, failure to reform federal permitting laws results in reduced jobs, security, and economic opportunities; and

WHEREAS, failure to reform these laws will result in greater limitations on energy infrastructure, more lost American jobs, higher costs for consumers and businesses, and increased vulnerability to unreliability and blackouts, causing severe harm to the American people:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, urges Congress to enact legislation reforming federal permitting and environmental review processes to promote economic and environmental stewardship by expediting energy infrastructure deployment.

BE IT FURTHER RESOLVED that these reforms should enable faster, lower-cost construction of energy infrastructure of all kinds, without prejudice, by:

(1) limiting excessive use of judicial processes that inappropriately delay projects;

(2) preventing inappropriate usage of environmental and other federal laws to hamstring linear energy infrastructure construction;

(3) reforming processes for planning, permitting, and funding electricity transmission infrastructure to support a more reliable energy grid that lowers costs; and

(4) enabling domestic development of the full array of modern energy technologies, including nuclear, emissions management, hydrogen, critical mineral mining and processing, and all other needs for a modern energy system.

CONCURRENT RESOLUTION URGING CHANGES TO FEDERAL HOMELESSNESS REGULATIONS

Chief Sponsor: Tyler Clancy
Senate Sponsor: Heidi Balderree

LONG TITLE

General Description:

This resolution urges federal government housing and homelessness agencies to implement reforms to housing assistant programs.

Highlighted Provisions:

This resolution:

- ► urges the Department of Housing and Urban Development to implement reforms to certain federal housing assistant programs;
- ► recognizes that:
  - • state and local governments seek to fund and implement programs that are more effective than the current alternatives to reduce the number of people living on the street and include approaches and strategies that are more responsive to local priorities and circumstances;
  - • the Homeless Management Information System is costly, burdensome, and fails to meet the information and data needs of state and local governments; and
  - • block grant funding provides the state with needed discretion on how to use federal funding for direct services to the state's homeless population;
- ► calls on the federal government to reform certain agency rules and federal laws to provide state and local governments greater latitude in administering homelessness; and
- ► provides for copies of the resolution to be distributed among certain federal agencies and other individuals.

Money Appropriated in this Bill:

None

Other Special Clauses:

None

Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:

WHEREAS, the state of Utah is committed to addressing homelessness and housing insecurity by ensuring that housing policies and programs are built around effective strategies that reduce the number of people experiencing unsheltered homelessness;

WHEREAS, the federal government has limited the flexibility of states and local governments with complex compliance measures through the federal government's Continuum of Care Program Interim Rule (Rule), 24 C.F.R. Part 578;

WHEREAS, the federally mandated Homeless Management Information System Rule (HMIS), 24 C.F.R. Sec. 578.57, places an undue administrative burden on state and local agencies that reduces the ability for state and local agencies to focus on direct services to the community due to the substantial data collection and reporting requirements;

WHEREAS, the federal requirements under the Department of Housing and Urban Development's (HUD) Performance Standards and Measures have incentivized a one-size-fits-all approach that may not accurately reflect the unique challenges faced by diverse communities or promote innovative, community-based approaches to reducing homelessness;

WHEREAS, federal policy mandates have limited the ability of local service providers to offer a range of housing and service options, which curbs flexibility and hinders efforts to support clients with varying levels of need and readiness for permanent housing;

WHEREAS, Permanent Supportive Housing (PSH), while essential for many individuals, should not be the sole or primary solution for all experiencing homelessness, and excessive reliance on federal PSH standards has constrained Utah's capacity to develop diverse housing, effective programs, and funding structures; and

WHEREAS, block grant funding would provide Utah with tools to better leverage HUD assistance by granting the state more discretion over the allocation of funds, enabling local agencies to design more effective programs tailored to the specific needs of Utah's homeless and housing-insecure populations:

NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the Governor concurring therein, call upon HUD and the United States Interagency Council on Homelessness to:

(1) grant the state of Utah a waiver of the Rule to provide more flexibility for state and local governments to design housing solutions that are responsive to local conditions, including:

(a) sober living;

(b) adult residential facilities; and

(c) step-down facilities for people with mental illness that need additional assistance after an emergency mental health hold;

(2) amend the HMIS Rule to streamline reporting requirements, reduce administrative burdens, and allow providers to direct more resources toward client services;

(3) grant the state a waiver that would allow the state of Utah to replace HUD system performance measures with state outcomes and measures to provide local governments and agencies the freedom to set performance indicators that more accurately reflect community needs and goals;

(4) rescind housing first policy mandates to permit flexibility for communities to offer a variety of housing options that meet the diverse needs and preferences of individuals and families experiencing homelessness, including:

(a) sobriety;

(b) goal-setting; and

(c) accountability;

(5) reduce federal standards in the Emergency Solutions Grants Program, 24 C.F.R. Part 576, to better align with local priorities, ensuring resources are effectively allocated to maximize community impact;

(6) reduce HUD's role in PSH to provide local agencies more freedom in implementing supportive housing options tailored to the local agencies' specific populations; and

(7) shift HUD funding to block grants rather than direct assistance to enable states to have greater flexibility in allocating funds to areas of greatest need, allowing for a more effective response to homelessness in the state of Utah.

BE IT FURTHER RESOLVED that copies of this resolution be sent to HUD, the United States Interagency Council on Homelessness, each member of Utah's federal congressional delegation, and the Governor of Utah, urging support for these changes to strengthen housing programs and better serve those experiencing homelessness in the state of Utah.
