(g) the defendant did not encourage, aid, allow, or benefit from any act of prostitution or sexual act by the child victim with any other person or sexual performance by the child victim before any other person;

(h) the defendant admits the offense of which he has been convicted and has been accepted for mental health treatment in a residential

(ii) the court accepts the opinion of the professional;

(k) if the offense is committed by a parent, stepparent, adoptive parent, or legal guardian of the child victim, the defendant shall, in addition to establishing all other conditions of this section, establish it is in the child victim's best interest that the defendant not be imprisoned, by presenting evidence provided by a treatment professional who:

(4) Establishment by the defendant of all the criteria of this section does not mandate the granting under this section of probation or modification of the sentence that would otherwise be imposed by Section 76-3-406 regarding sexual offenses against children. The court has discretion to deny the request based upon its consideration of the circumstances of the offense, including:

(a) the nature, frequency, and duration of the conduct;

(b) the effects of the conduct on any child victim involved;

(c) the best interest of the public and any child victim; and

(B) the violation is a part of a continuing series of two or more violations of this chapter, Chapter 37a, Utah Drug Paraphernalia Act, Chapter 37b, Imitation Controlled Substances Act, Chapter 37c, Utah Controlled Substance Precursor Act, or Chapter 37d, Clandestine Drug Lab Act, on separate occasions that are undertaken in concert with five or more persons with respect to whom the person occupies a position of organizer, supervisor, or any other position of management.

(b) A person convicted of violating Subsection (1)(a) with respect to:

(i) a substance or a counterfeit of a substance classified in Schedule I or II, a controlled substance analog, or gammahydroxybutyric acid as listed in Schedule III is guilty of a second degree felony, punishable by imprisonment for not more than 15 years, and upon a second or subsequent conviction is guilty of a first degree felony;

(ii) a substance or a counterfeit of a substance classified in Schedule III or IV, or marijuana, or a substance listed in Section 58-37-4.2 is guilty of a third degree felony, and upon a second or subsequent conviction is guilty of a second degree felony; or

(ii) The court shall impose an indeterminate prison term for a person who has been convicted of a violation of Subsection (1)(a)(ii) or (iii) that is a first degree felony or a second degree felony if the trier of fact finds beyond a reasonable doubt that, during the commission or furtherance of the violation, the person intentionally or knowingly:

(A) used, drew, or exhibited a dangerous weapon, as that term is defined in Section 76-10-501, that is not a firearm, in an angry, threatening, intimidating, or coercive manner;

(ii) to acquire or obtain possession of, to procure or attempt to procure the administration of, to obtain a prescription for, to prescribe or dispense to a person known to be attempting to acquire or obtain possession of, or to procure the administration of a controlled substance by misrepresentation or failure by the person to disclose receiving a controlled substance from another source, fraud, forgery, deception, subterfuge, alteration of a prescription or written order for a controlled substance, or the use of a false name or address;

(4) Prohibited acts D -- Penalties:

(a) Notwithstanding other provisions of this section, a person not authorized under this chapter who commits any act that is unlawful under Subsection (1)(a) or Section 58-37b-4 is upon conviction subject to the penalties and classifications under this Subsection (4) if the trier of fact finds the act is committed:

(i) in a public or private elementary or secondary school or on the grounds of any of those schools during the hours of 6 a.m. through 10 p.m.;

(ii) in a public or private vocational school or postsecondary institution or on the grounds of any of those schools or institutions during the hours of 6 a.m. through 10 p.m.;

(iii) in or on the grounds of a preschool or child-care facility during the preschool's or facility's hours of operation;

(ix) for the purpose of facilitating, arranging, or causing the transport, delivery, or distribution of a substance in violation of this section to an inmate or on the grounds of a correctional facility as defined in Section 76-8-311.3.

(b) (i) A person convicted under this Subsection (4) is guilty of a first degree felony and shall be imprisoned for a term of not less than five years if the penalty that would otherwise have been established but for this Subsection (4) would have been a first degree felony.

(ii) Imposition or execution of the sentence may not be suspended, and the person is not eligible for probation.

(c) If the classification that would otherwise have been established would have been less than a first degree felony but for this Subsection (4), a person convicted under this Subsection (4) is guilty of one degree more than the maximum penalty prescribed for that offense.

(d) (i) If the violation is of Subsection (4)(a)(ix):

(A) the person may be sentenced to imprisonment for an indeterminate term as provided by law, and the court shall additionally

sentence the person convicted for a term of one year to run consecutively and not concurrently; and

(B) the court may additionally sentence the person convicted for an indeterminate term not to exceed five years to run consecutively and not concurrently; and

(ii) the penalties under this Subsection (4)(d) apply also to a person who, acting with the mental state required for the commission of an offense, directly or indirectly solicits, requests, commands, coerces, encourages, or intentionally aids another person to commit a violation of Subsection (4)(a)(ix).

(e) It is not a defense to a prosecution under this Subsection (4) that:

(i) the actor mistakenly believed the individual to be 18 years old or older at the time of the offense or was unaware of the individual's true age; or

(ii) the actor mistakenly believed that the location where the act occurred was not as described in Subsection (4)(a) or was unaware that the location where the act occurred was as described in Subsection (4)(a).

(5) A violation of this chapter for which no penalty is specified is a class B misdemeanor.

(6) (a) For purposes of penalty enhancement under Subsections (1) and (2), a plea of guilty or no contest to a violation or attempted violation of this section or a plea which is held in abeyance under Title 77, Chapter 2a, Pleas in Abeyance, is the equivalent of a conviction, even if the charge has been subsequently reduced or dismissed in accordance with the plea in abeyance agreement.

(b) A prior conviction used for a penalty enhancement under Subsection (2) shall be a conviction that is:

(i) from a separate criminal episode than the current charge; and

(ii) from a conviction that is separate from any other conviction used to enhance the current charge.

(7) A person may be charged and sentenced for a violation of this section, notwithstanding a charge and sentence for a violation of any other section of this chapter.

(8) (a) A penalty imposed for violation of this section is in addition to, and not in lieu of, a civil or administrative penalty or sanction authorized by law.

(b) When a violation of this chapter violates a federal law or the law of another state, conviction or acquittal under federal law or the law of another state for the same act is a bar to prosecution in this state.

(9) In any prosecution for a violation of this chapter, evidence or proof that shows a person or persons produced, manufactured, possessed, distributed, or dispensed a controlled substance or substances, is prima facie evidence that the person or persons did so with knowledge of the character of the substance or substances.

(10) This section does not prohibit a veterinarian, in good faith and in the course of the veterinarian's professional practice only and not for humans, from prescribing, dispensing, or administering controlled substances or from causing the substances to be administered by an assistant or orderly under the veterinarian's direction and supervision.

(11) Civil or criminal liability may not be imposed under this section on:

(a) a person registered under this chapter who manufactures, distributes, or possesses an imitation controlled substance for use as a placebo or investigational new drug by a registered practitioner in the ordinary course of professional practice or research;

(b) a law enforcement officer acting in the course and legitimate scope of the officer's employment; or

(c) a healthcare facility, substance use harm reduction services program, or drug addiction treatment facility that temporarily possesses a controlled or counterfeit substance to conduct a test or analysis on the controlled or counterfeit substance to identify or analyze the strength, effectiveness, or purity of the substance for a public health or safety reason.

(12) (a) Civil or criminal liability may not be imposed under this section on any Indian, as defined in Section 58-37-2, who uses, possesses, or transports peyote for bona fide traditional ceremonial purposes in connection with the practice of a traditional Indian religion as defined in Section 58-37-2.

(b) In a prosecution alleging violation of this section regarding peyote as defined in Section 58-37-4, it is an affirmative defense that the peyote was used, possessed, or transported by an Indian for bona fide traditional ceremonial purposes in connection with the practice of a traditional Indian religion.

(c) (i) The defendant shall provide written notice of intent to claim an affirmative defense under this Subsection (12) as soon as practicable, but not later than 10 days before trial.

(ii) The notice shall include the specific claims of the affirmative defense.

(iii) The court may waive the notice requirement in the interest of justice for good cause shown, if the prosecutor is not unfairly prejudiced by the lack of timely notice.

(d) The defendant shall establish the affirmative defense under this Subsection (12) by a preponderance of the evidence. If the defense is established, it is a complete defense to the charges.

(13) (a) It is an affirmative defense that the person produced, possessed, or administered a controlled substance listed in Section 58-37-4.2 if the person was:

(i) engaged in medical research; and

(ii) a holder of a valid license to possess controlled substances under Section 58-37-6.

(b) It is not a defense under Subsection (13)(a) that the person prescribed or dispensed a controlled substance listed in Section 58-37-4.2.

(14) It is an affirmative defense that the person possessed, in the person's body, a controlled substance listed in Section 58-37-4.2 if:

(a) the person was the subject of medical research conducted by a holder of a valid license to possess controlled substances under Section 58-37-6; and

(b) the substance was administered to the person by the medical researcher.

(15) The application of any increase in penalty under this section to a violation of Subsection (2)(a)(i) may not result in any greater penalty than a second degree felony. This Subsection (15) takes precedence over any conflicting provision of this section.

(16) (a) It is an affirmative defense to an allegation of the commission of an offense listed in Subsection (16)(b) that the person or bystander:

(i) reasonably believes that the person or another person is experiencing an overdose event due to the ingestion, injection, inhalation, or other introduction into the human body of a controlled substance or other substance;

(ii) reports, or assists a person who reports, in good faith the overdose event to a medical provider, an emergency medical service provider as defined in Section 53-2d-101, a law enforcement officer, a 911 emergency call system, or an emergency dispatch system, or the person is the subject of a report made under this Subsection (16);

(iii) provides in the report under Subsection (16)(a)(ii) a functional description of the actual location of the overdose event that facilitates responding to the person experiencing the overdose event;

(iv) remains at the location of the person experiencing the overdose event until a responding law enforcement officer or emergency medical service provider arrives, or remains at the medical care facility where the person experiencing an overdose event is located until a responding law enforcement officer arrives;

(v) cooperates with the responding medical provider, emergency medical service provider, and law enforcement officer, including providing information regarding the person experiencing the overdose event and any substances the person may have injected, inhaled, or otherwise introduced into the person's body; and

(vi) is alleged to have committed the offense in the same course of events from which the reported overdose arose.

(b) The offenses referred to in Subsection (16)(a) are:

(i) the possession or use of less than 16 ounces of marijuana;

(ii) the possession or use of a scheduled or listed controlled substance other than marijuana; and

(iii) any violation of Chapter 37a, Utah Drug Paraphernalia Act, or Chapter 37b, Imitation Controlled Substances Act.

(c) As used in this Subsection (16) and in Section 76-3-203.11, "good faith" does not include seeking medical assistance under this section during the course of a law enforcement agency's execution of a search warrant, execution of an arrest warrant, or other lawful search.

(17) If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of this chapter shall be given effect without the invalid provision or application.

(18) A legislative body of a political subdivision may not enact an ordinance that is less restrictive than any provision of this chapter.

(19) If a minor who is under 18 years old is found by a court to have violated this section or Subsection 76-5-102.1(2)(b) or 76-5-207(2)(b), the court may order the minor to complete:

(a) a screening as defined in Section 41-6a-501;

(b) an assessment as defined in Section 41-6a-501 if the screening indicates an assessment to be appropriate; and

(c) an educational series as defined in Section 41-6a-501 or substance use disorder treatment as indicated by an assessment.

(b) "Trafficking amount of fentanyl or a fentanyl-related substance" means 100 grams or more of any composition or mixture, including pills, that contains any quantity of fentanyl or a fentanyl-related substance.

(2) A person commits trafficking of fentanyl or a fentanyl-related substance if the person intentionally:

(a) produces, manufactures, or dispenses a trafficking amount of fentanyl or a fentanyl-related substance;

(b) distributes a trafficking amount of fentanyl or a fentanyl-related substance;

(c) agrees, consents, offers, or arranges to distribute a trafficking amount of fentanyl or a fentanyl-related substance; or

(d) possesses a trafficking amount of fentanyl or a fentanyl-related substance with the intent to distribute the fentanyl or fentanyl-related substance.

(3) A violation of Subsection (2) is a first degree felony.

(4) Except as provided in Subsection (5) or (6), a court may not grant probation, suspend the execution or imposition of the sentence, order hospitalization, or enter a judgment for a lower category of offense under Section 76-3-402, if the effect of which would in any way shorten the person's required indeterminate prison sentence, when:

(a) sentencing a person for a violation described in Subsection (3);

(b) sentencing a person for a conviction of an attempt to commit trafficking of fentanyl or a fentanyl-related substance in accordance with Section 76-4-102; or

(c) sentencing a person who has had the first degree felony classified in Subsection (3)reduced one degree by a prosecuting attorney in accordance with Section 77-2-2.3.

Section 3. Effective date.

This bill takes effect on May 7, 2025.

(a) under the same circumstances as a peace officer in Subsection (1); or

(b) if the juvenile probation officer has a reasonable suspicion that the minor has violated the conditions of the minor's probation.

(b) If a peace officer or the Division of Child and Family Services takes a minor into protective custody, the provisions of Chapter 2, Child Welfare Services, Chapter 2a, Removal and Protective Custody of a Child, and Chapter 3, Abuse, Neglect, and Dependency Proceedings shall govern.

(ii) If the court awards attorney fees and costs to the injured party as a direct result of the punitive damage award, the state shall have a corresponding credit in a proportionate amount based on the amounts of the party's respective punitive damage judgments. This credit may be applied as an offset against the amount of attorney fees and costs charged to the state for obtaining the punitive damage judgment.

(c) The state shall have all rights due a judgment creditor to collect the full amounts of both punitive damage judgments until the judgments are fully satisfied.

54-17-305, Utah Code Annotated 1953

Be it enacted by the Legislature of the state of Utah:

Section 1. Section 54-17-301 is amended to read:

54-17-301. Review of integrated resource plan action plans.

(1) As used in this part:

(a) "Baseload capacity" means the amount of baseload power that electricity generation resources can reliably produce through continuous or nearly continuous operation.

(b) "Baseload electricity resource" means an electricity generation resource that operates continuously or nearly continuously to maintain a stable power supply at the electricity generation resource's rated capacity.

(c) "Baseload power" means the minimum amount of electric power continuously needed to meet basic system demand.

(d) "Demand management program" means any incentive or technology designed to modify the timing or amount of customer electricity consumption.

(e) "Expected deliverable energy" means the amount of electrical energy that a resource can reliably deliver to the grid based on historical performance data and operational constraints.

(f) "Firming capacity" means the amount of electric power that electricity generation resources can produce, at the system operator's discretion, to reliably meet peak load and balance fluctuations in electrical demand or supply.

(g) "Plant factor" means the same as that term is defined in Section 79-6-303.

(h) "Resource adequacy program" means a program that establishes capacity contribution values for generation resources based on historical performance data.

(i) (i) "Supplemental resource" means a utility asset or operational control required to maintain reliable power delivery when a variable energy resource is not operating at full capacity.

(ii) "Supplemental resource" includes:

(A) generation resources;

(B) transmission resources;

(C) energy balancing measures; and

(D) market purchases.

(j) "Variable capacity" means the amount of electric power that electricity generation resources can produce when operating on a variable basis due to elements outside of operator control.

(k) "Variable energy resource" means an electricity generation facility that cannot consistently deliver power at the facility's rated

capacity due to elements outside of the operator's control.

(l) "Voluntary conservation program" means a program that:

(i) provides customers financial incentives or cost-saving opportunities to reduce energy consumption;

(ii) maintains the customer's control over the customer's energy usage decisions; and

(iii) allows customers to opt out of any offered programs without restrictive penalties or length commitments.

(2) An affected electrical utility shall file with the commission any action plan developed as part of the affected electrical utility's integrated resource plan to enable the commission to review and provide guidance to the affected electrical utility.

(3) An affected electrical utility's action plan shall:

(a) report baseload energy resources as baseload capacity, specifying the expected deliverable energy;

(b) report variable energy resources as variable capacity, specifying the expected deliverable energy;

(c) report energy storage systems, including batteries and other storage devices, as firming capacity;

(d) report variable energy resources paired with energy storage as firming capacity, subject to the energy storage system requirements in Subsection (3)(g)(ii);

(e) separately report any expected curtailment of baseload and variable energy resources resulting from regulations, costs, or demand constraints; and

(f) attribute relevant costs of supplemental resources to the variable energy resources that necessitate the use of supplemental resources;

(g) for generation capacity calculations:

(i) exclude energy conservation measures and demand reduction programs;

(ii) reflect actual delivery capability for energy storage systems, accounting for:

(A) charging requirements;

(B) duration limitations; and

(C) seasonal performance variations in capacity and duration; and

(iii) for variable energy resources, use:

(A) capacity assumptions for long-term planning; and

(B) capacity and plant factor values established by a resource adequacy program in which the affected electrical utility's resource adequacy participates.

[~~(2)~~](4) (a) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the commission shall make rules providing a process for its review of an action plan.

(b) The rules required under Subsection [~~(2)(a)~~](4)(a) shall provide sufficient flexibility to permit changes in an action plan between the periodic filings of the affected electrical utility's integrated resource plan.

Section 2. Section 54-17-305 is enacted to read:

54-17-305. Demand management programs.

(1) An affected electrical utility may not:

(a) implement a demand management program unless:

(i) the consumer voluntarily participates; and

(ii) the consumer provides written or electronic consent; or

(b) count anticipated demand reductions from any demand management program as equivalent to generation capacity in an integrated resource plan.

(2) Notwithstanding Subsection (1), an integrated resource plan may account for load decrease from a demand management program if:

(a) the affected electrical utility demonstrates the load decrease is:

(i) within the utility's sole control; or

(ii) otherwise reliable; and

(b) the load decrease will not result in a supply shortage during the period for which the decrease is anticipated.

(3) This section does not prohibit an affected electrical utility from:

(a) offering voluntary conservation programs that provide customers direct financial benefits; or

(b) implementing emergency procedures necessary to maintain system reliability.

Section 3. Effective Date.

This bill takes effect on May 7, 2025.
