Working in renewable energy the focus of Regeneris Group is to provide logistical and field support to help bring technologies (and companies with energy technologies) to market. This could include oils, gasses, refining technologies, electrical generation, and creating markets for potential by products like carbon black and biochar. This industry included both public and private projects and programs, and Regeneris Group may be involve in both/either from time to time.

**I certify that I believe the information provided in this form is true and accurate to the best of my knowledge.**
