HIGH IMPACT FEDERAL FUNDS REQUEST SUMMARY  
SECTION 6—ENDANGERED SPECIES GRANT  
STATE APPLICATION IDENTIFIER: UTG060410-020

Utah Code 63-38e-204(3):
(3) (a) Before obligating the state to accept or receive new federal funds or to participate in a new federal program under a high impact federal funds request, and no later than three months after submitting a high impact federal funds request, and, where possible, before formally submitting the high impact federal funds request, an agency shall:
   (i) submit the federal funds request summary to the governor or Judicial Council, as appropriate, for approval or rejection; and
   (ii) if the governor or Judicial Council approves the new federal funds request, submit the federal funds request summary to the Legislature for its approval or rejection in an annual general session or a special session.
(b) (i) If the Legislature approves the new federal funds request, the agency may accept the new federal funds or participate in the new federal program.
(ii) If the Legislature fails to approve the new federal funds request, the agency may not accept the new federal funds or participate in the new federal program.
(c) If an agency fails to obtain the Legislature’s approval under this Subsection (3):
   (i) the governor or Judicial Council, as appropriate, may require the agency to withdraw the new federal funds request or refuse or return the new federal funds;
   (ii) the Legislature may, if federal law allows, opt out or decline to participate in the new federal program or decline to receive the new federal funds; or
   (iii) the Legislature may reduce the agency’s General Fund appropriation in an amount less than, equal to, or greater than the amount of federal funds received by the agency.

*Reflects multiple projects/grants under the Endangered Species federal program
**Already obligated funds for multiple projects; reflected in the Federal Funds Request Summary Report (General Session 2006)

This application meets the definition of new federal funds under a high impact federal funds request because:
1) the reauthorization requires the state to increase the amount of state matching funds required to receive the federal funds, thus the funds are classified as new [63-38e-101(1)(f)(iii)(B)], and
2) the request could result in the state receiving total payments of $10 million or more per year from the federal government, thus the request is classified as high impact
