	If an existing facility has obtained an exemption from the requirement to submit preliminary and working drawings, or other information regarding compliance with applicable construction rules, the Department may conduct a detailed on-site inspection in lieu of the plan review. The fee for this will be \$100.00 per inspection, plus mileage reimbursement at the approved state rate. A facility that uses plans and specifications previously reviewed and approved by the Department will be charged 60 percent of the scheduled plan review fee. Thirty cents per square foot will be charged for review of facility additions or remodels that house special equipment such as CAT scanner or linear accelerator. If a project is terminated or delayed during the plan review process, a fee based on services rendered will be retained as follows: Preliminary drawing review-25% of the total fee. Working drawings and specifications review-80% of the total fee.					
	If the project is delayed beyond 12 months from the date of the State's last review the applicant must re-submit plans and pay a new plan review fee in order to renew the review action.

The Laboratory performs a variety of tests under contract and in volume to other agencies of government. The charge for these services is determined according to the type of services and the test volume, and is based on the cost to the Laboratory and therefore may be lower than the fee schedule. Because of changing needs, the Laboratory receives requests for new tests or services that are impossible to anticipate and list fully in a standard fee schedule. Charges for these services are authorized and are to be based on costs.

1816.	Note:	0.00	0.00	0.00	0	0
	The schedule of charges for Children with Special Health Care Needs services provided by the Division of Community and Family Health Services represents commonly performed procedures by CPT code and is consistent with charges by the private sector. The list is not intended to be comprehensive as the Division is mandated to assign a charge for all services performed and there is potentially an unlimited number of procedures that could be provided. If unlisted services are performed, charges consistent with the private sector will be assigned.

The Division assigns a charge to all services performed regardless of the client's or third party insurer's financial responsibility or the likelihood of receiving payment for the services. Projected numbers of units of services are based on past experiences but are subject to significant variation determined by the actual needs of patients and changes in medical practices. Hence, it is not possible to calculate the change in revenue resulting from a change in the charge for a given service.

	Fees shall be determined on a case-by-case basis by the division, using the estimated fair market value of the property, or other legislatively established fees, whichever is greater, plus the cost of administering the lease, right-of-way, or easement. Fair market value shall be determined by customary market valuation practices.					
2165.	Special Use Permits (for non-depleting land uses of less than one year):	0.00	0.00	0.00	0	0
	A nonrefundable application of \$50 shall be assessed for any commercial use. Fees for approved special uses will be based on the fair market value of the use, determined by customary practices which may include: an assessment of comparable values for similar properties, comparable fees for similar land uses, or fee schedules. If more than one fee determination applies, the highest fee will be selected.

	Discount germination is a non-priority service intended for carry-over seed which is ideal for checking inventories from May through August. The discount service is available during the rest of the year, but delays in testing may result due to high test volume of priority samples. Ten or more samples receive a fifty percent discount off normal germination fees.
