TEQNG IB 4

### **SUMMARY**

During the 2004 General Session, the Legislature amended the Budgetary Procedures Act to direct the appropriations subcommittees to review certain federal funds received by state agencies. The attached spreadsheets detail the federal funds received by the Department of Environmental Quality.

### **LEGISLATIVE ACTION**

Statute requires the Legislative Fiscal Analyst to submit a federal funds request summary to each appropriations subcommittee pursuant to the agencies under their purview. The appropriations subcommittees shall review the federal funds request and may:

1. Recommend that the agency accept the federal funds or participate in the federal program for the fiscal year under consideration.
2. Recommend that the agency not accept the federal funds or not participate in the federal program for the fiscal year under consideration.
3. Submit a recommendation of accepted federal funds to the Executive Appropriations Committee.

The following page details the federal funds compiled by the Governor's Office of Planning and Budget pursuant to 63-38e-201(2)(a). The Analyst submits the federal funds requests for the Department of Environmental Quality.
