**Medical Providers Who Saw Medicaid Clients in FY 2008**

FY 2008 Medicaid billing showed that 3,365 medical doctors or clinics (urgent/instacare, physician groups, emergency rooms, etc.) saw at least 1 Medicaid client. Of those 3,365 providers, 30% or 996 providers saw at least 1 Medicaid client per week (52 per year). This is depicted in the chart below.

The table below illustrates what percentage of the 3,365 medical providers saw 25%, 50%, 75% and 90% of all Medicaid clients. The numbers show the following:

- 22 or 0.7% of all providers saw 25% of all Medicaid clients
- 101 or 3.0% of all providers saw 50% of all Medicaid clients
- 344 or 10.2% of all providers saw 75% of all Medicaid clients
- 830 or 24.7% of all providers saw 90% of all Medicaid clients
- 2,535 or 75.3% of all providers saw the remaining 10% of Medicaid clients
