Letter of Transmittal

Retirement and Independent Entities Committee

Dear Committee Members:

In accordance with Section 63E-1-202, the Retirement and Independent Entities Committee advises the Legislature concerning issues involving independent entities. Among other duties, the committee is required to:

- request and hear reports from each independent entity, including a review of the annual audit of each independent entity;
- study the provisions that govern each independent entity, looking for the need for consistency, exemptions, and provided state services;
- determine what entities should be treated as independent entities;
- review proposals to create a new independent entity;
- recommend appropriate methods to change the organizational status of an independent entity, if needed; and
- study concerns related to an entity created by local agreement under Title 11, Chapter 13, Interlocal Cooperation Act, if the state is a party to the agreement creating the entity.

Given these committee duties and at our direction, the committee staff has developed the attached "A Guide to Utah's Independent Entities" which inventories current independent entities, reviews statutory provisions, and provides current information about each entity. This document is intended to be a starting point for further oversight and review of Utah independent entities.

Sen. Todd Weiler

Rep. Don Ipson

Purpose
Manage lands that Congress granted to the state for the support of common schools and other beneficiary institutions (Utah Code §53C-1-201).

History
In 1785, prior to passage of the U.S. Constitution, the Continental Congress reserved one square mile out of every thirty-six square mile township “for the maintenance of public schools.” Beginning in 1850, two square miles were granted to schools. Then, in 1894, with Utah, Arizona, and New Mexico, four square miles per township were granted. Utah accepted the responsibilities of trustee, requiring the state to act with undivided loyalty in the best interest of the schools and other institutions that also received lands. Proceeds from the lands were to be placed in permanent funds to support the schools. (Source: http://trustlands.utah.gov/about/)

Purpose

Assist in providing housing for low- and moderate-income persons who otherwise could not achieve decent, safe, and sanitary housing (Utah Code §35A-8-702).

History

Utah Housing Corporation (UHC) was created by state legislation in 1975 to raise funds to assist in the creation of affordable housing opportunities for lower-income Utah households. UHC does not receive any funding from the state of Utah. It is totally self-supporting and each year raises hundreds of millions of dollars to fund its first-time homebuyer mortgage and multifamily programs and other programs. UHC forms partnerships with private sector banking and lending institutions, developers, real estate agents, and others to bring the maximum amount of expertise together in administering these extremely complex and sophisticated programs.

Financial Statements as of and for the Year Ended June 30, 2010
Purpose
Manage, supervise, and control all activities relating to the state fair and state expositions (Utah Code §63H-6-103).

History
Nine years after the pioneers arrived in the Salt Lake Valley, they held their first state fair in October of 1856, then called the "Deseret Fair". Although the exhibits were described as meager, the public showed keen interest and eagerly sought space to display some of the finest products from their own homes, shops, and fields. In 1902, the Legislature purchased the 65 acres of the Fairpark, originally called "Agriculture Park." The Legislature privatized the Utah State Fair Organization in 1995, giving the gubernatorial-appointed board of directors a mandate to make the fair profitable. The desire was to allow the fair to no longer be subsidized by taxpayers. (Source: http://www.utahstatefair.com/history)

General Information

Purpose
Insure Utah employers against liability for compensation based on job-related accidental injuries and occupational diseases and assure payment of this compensation to Utah employees who are entitled to it (Utah Code §31A-33-102).

(Utah employers can obtain workers’ compensation insurance coverage from WCF, licensed private carriers, or through approved self-insurance.)

History
In 1917, the Utah Legislature passed the Workers’ Compensation Act, requiring all employers to obtain workers' compensation insurance coverage. The Workers Compensation Fund (WCF) was created to provide competitively priced insurance to Utah employers. The 1917 Legislature appropriated $40,000 from the State Treasury for WCF to begin writing insurance. The loan was repaid in four years, and from that time WCF has operated financially independent of the state.

A formal organizational study of WCF was completed in 1987. It recommended autonomy from State administration by establishing a quasi-public corporation with a Board of Directors comprised of policyholders. (Source: https://www.wcfgroup.com/history)

Independent Quasi-Public Corporation - Definition
An artificial person, private in ownership, individually created as a corporation by the state, which has accepted from the state the grant of a franchise or contract involving the performance of a public purpose relating to the state or its citizens (Utah Code §63E-1-102).

Created
It was initially created as an independent quasi-public corporation by statute in 1988 (Utah Code Annotated §31A-33-102).

(WCF has articles of incorporation and bylaws filed with and approved by the Utah Department of Commerce and the Department of Insurance.)

State Involvement
According to the authorizing statute, the state is not liable for the expenses, liabilities, or debts for the WCF, its subsidiaries, or a joint enterprise in which it participates (Utah Code §31A-33-105).

In the 2005 case of Workers’ Compensation Fund v. State of Utah, the Utah Supreme Court ruled that the State had no ownership interest in WCF or its assets other than as a policyholder (Workers’ Compensation Fund v. State, 125 P.3d 852, P31).

(The Utah Department of Insurance and the Utah Labor Commission regulate WCF.)

(WCF has a certificate of authority issued by the Department of Insurance that allows WCF to write workers’ compensation coverage as a licensed property casualty insurer in Utah.)
**Workers Compensation Fund (WCF)**

**Reporting Requirement**

“The Workers' Compensation Fund shall annually obtain an audit...The fund shall provide the audit performed under Subsection (1)(a) to the state auditor within 30 days of its completion” (*Utah Code* §31A-33-110(1)).

“The insurance commissioner shall examine the Injury Fund according to the purposes and procedures provided in Sections 31A-2-203 through 31A-2-205 at least once every five years” (*Utah Code* Subsection 31A-33-110(2)).

This entity is “exempt from the study by the committee under Section 63E-1-202” (*Utah Code* §63E-1-203).
