

AGENDA

ECONOMIC DEVELOPMENT TASK FORCE UTAH LEGISLATURE

Thursday, September 19, 2013 • 8:00 a.m. • 325 House Building

8:00 1. Committee Business

- Call to order
- Approval of the minutes of the August 22, 2013, meeting

8:05 2. Air Quality Mitigation by Government Entities

H.B. 168, "Air Quality Mitigation by Government Entities," which passed during the 2013 General Session, required each state agency to report on current efforts and future plans to improve air quality in the state. The final submissions were due on September 1, 2013, and have been summarized in "Air Quality Mitigation by Government Entities." The information in the reports will be discussed by the task force.

- Rep. Patrice M. Arent

8:40 3. Division of Air Quality Recommendations

During the September 20, 2012, task force meeting, the Division of Air Quality was asked to develop recommendations to improve air quality in the state. A representative of the division will present the division's recommendations.

- Bryce Bird, Director, Division of Air Quality

9:00 4. Potential Task Force Recommendations

The chairs have asked task force members to provide ideas for potential task force recommendations to provide continued economic development success for Utah. The task force will discuss possible recommendations for inclusion in the final task force report due to be presented in the November interim meetings.

10:55 5. Other Items/Adjourn
